Mr. Zeskind,  
If you look at the report it is checked as being only from me.

The forms provided by the Court were followed.

For the record, I attempted to confer with you before the deadline, but you were not responsive and willing to cooperate in good faith before the deadline passed. You refused to provide input. Based on your history of failing to confer in good faith I cannot say I am the least bit surprised.

Unless the court asks me to file another amendment what is filed is what is filed.

Regards,

Dr. James Eric McDonough

Dr. McDonough,

This should not have been submitted as a "Joint" case management report. It should indicate that it is only your report. Because this was submitted without our input, we will be submitting a report on behalf of the City as well. Please file a further amended report indicating that it is being submitted solely on behalf of the Plaintiff.
