Hi Chief ... just to get this all down in one place, Here's what happened earlier. I was called to the Chambers by Ms Dembowski where she directed me to cut the video feed to GCI and YouTube while continuing to record the meeting in the background. I refused her request and when asked why, I replied that I did not work for her, rather I take my orders from my Chief, Alex Boyd. Subsequently, we had a phone conversation about the request when you received directive from Fire Chief Schrage to leave the video feed up. Which is what is happening now.

Thanks  
JC
