

State Senator Mike Shower

December 8 at 7:55 AM · 🌐

I'm going to be speaking in favor of a constitutional convention over the next year. I am now convinced it is the only way to solve many of our key issues top among them - if for no other reason than so we stop fighting about it year after year - permanently protecting the Permanent Fund and Permanent Fund Dividend.

I look forward to hearing from you over the months ahead. All power is derived from the people and I've reached the unfortunate conclusion you are going to have to take that power back to do the job the legislature has failed to do - fix the problems we face - many of which were created by the legislature itself - with a lot of help from governors along the way. You will do so by taking matters into your own hands via voting YES for the "con con" in the general election in November 2022 and then electing constitutional convention delegates through a special election who will attend the 30 day convention. That's right - YOU get to elect them and it does not have to be a current or former politician - any citizen will have the opportunity to participate by running for a seat at the convention.

I've heard people say what difference does it make? Well - let's debate it over the next year. Make the arguments and make up your own mind.

Here's a primer article there will be many more. Please ignore the partisan language and focus on the pro's & con's of a con-con. There will be a lot of partisan bickering over it.
