Dear Secretary Ebrard:

I write regarding concerns raised by the Government of Mexico (GOM) during a call with United States Attorney General William Barr on October 26, 2020, concerning the impending prosecution in the United States of Salvador Cienfuegos-Zepeda. I appreciate this opportunity to provide you additional information regarding the investigation that ultimately led to his arrest. I trust that it will afford insight into and understanding of this situation. I also want to assure you that we are committed to working with the Government of Mexico as this matter moves forward.

While Cienfuegos-Zepeda has been indicted in the United States for narcotics related crimes, he was never a direct investigative target of the Drug Enforcement Administration (DEA). The DEA discovered information reflecting his criminal activity in the course of investigating separate significant targets, and ultimately acquired the evidence that led to his prosecution. In this investigation, the DEA did not target any GOM officials directly, conducted no surveillance or investigative activity against Cienfuegos-Zepeda inside Mexico, and took no action to influence Cienfuegos-Zepeda's travel to the United States that led to his arrest.

The DEA initiated an investigation in 2013 targeting Las Vegas, Nevada-based retail-level heroin distributors believed to be supplied by the Juan Francisco Patron-Sanchez drug trafficking organization (DTO) based in Nayarit, Mexico. The investigation relied upon U.S. state court-authorized wire intercepts of communication devices used by members of the Las Vegas distributors.

The investigation continued and in 2015, the DEA established links between the local investigation in the United States and Patron-Sanchez. They later presented this evidence to the U.S. Attorney's Office for the Eastern District of New York (EDNY). EDNY subsequently accepted the investigation for federal prosecution. In 2016, the DEA obtained federal wire intercepts in the United States targeting Daniel Silva-Garate. There were no wire intercepts within Mexico. The interceptions were of telecommunications devices and applications used

Page 2

by Silva-Garate to communicate with Patron-Sanchez about an individual later identified as then-Secretary of National Defense Salvador Cienfuegos-Zepeda.

The DEA did not investigate Cienfuegos-Zepeda affirmatively as a primary target and did not intercept his communications directly. He was charged as a co-conspirator once he was identified personally in the intercept evidence developed against Silva-Garate and Patron-Sanchez.

The Patron-Sanchez evidence included references to Cienfuegos-Zepeda as "Padrino" and "Zepeda" and consisted of screenshots of Cienfuegos-Zepeda's message exchanges with Silva-Garate that were shared between Silva-Garate and Patron-Sanchez. The evidence also contained screenshots of Cienfuegos-Zepeda's communications about DEA meetings with GOM counterparts regarding the investigation targeting the Patron-Sanchez DTO.

The federal wire intercepts also revealed Cienfuegos-Zepeda's role in restricting Mexican military operations in Nayarit to protect Patron-Sanchez's operations from possible intervention.

In June 2019, this investigation was presented to a federal Grand Jury in the EDNY, which indicted Cienfuegos-Zepeda on August 14, 2019, for his role in a drug trafficking and importation scheme with the Patron-Sanchez DTO on the following charges:

- Count 1: International Heroin, Cocaine, Methamphetamine and Marijuana Manufacture and Distribution Conspiracy – 21 U.S.C. §§ 963, 960(b)(1)(A), 960(b)(1)(B)(ii), 960(b)(1)(G), 960(b)(1)(H), and 959(d)
- Count 2: Heroin, Cocaine, Methamphetamine and Marijuana Importation Conspiracy – 21 U.S.C. §§ 963, 960(b)(1)(A), 960(b)(1)(B)(ii), 960(b)(1)(G), and 960(b)(1)(H)
- Count 3: Heroin, Cocaine, Methamphetamine and Marijuana Distribution Conspiracy – 21 U.S.C. §§ 846, 841(b)(1)(A)(i), 841(b)(1)(A)(ii)(II), 841(b)(1)(A)(vii), and 841(b)(1)(A)(viii)
- Count 4: Conspiracy to Launder Narcotics Proceeds – 18 U.S.C. § 1956(h)

In summary, this investigation revealed that, while employed as the Secretary of National Defense in Mexico, Cienfuegos-Zepeda assisted the Patron-Sanchez DTO in furthering their illegal and violent actions. The evidence will show that he received bribes from the Patron-Sanchez organization in exchange for providing protection, safe passage of narcotics and weapons into Mexico City, and information about military and law enforcement operations in Mexico.

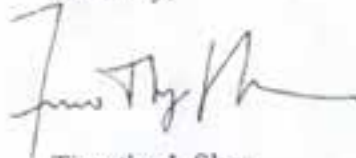

The evidence, gathered in the United States, consists primarily of judicial wiretap communications, but also includes physical seizures of drug evidence and several cooperating

Page 3

witnesses who can provide details about the Patron-Sanchez DTO's illicit activities. I have attached to this letter copies of evidence that was central to the indictment of Cienfuegos-Zepeda. We are continuing to assess this evidence as it may relate to others as well, and would be glad to consult with the GOM in this regard. Should the GOM seek to rely on any of this material for law enforcement or any other purposes, I am happy to refer a request for evidence under the Mutual Legal Assistance Treaty in Criminal Matters to appropriate Department of Justice officials.

Again, I hope that this letter provides you helpful information and insight, and I look forward to continuing the important law enforcement collaboration between our governments.

Sincerely,

A handwritten signature in black ink, appearing to read "Timothy J. Shea". The signature is fluid and cursive, with a prominent initial "T" and a long, sweeping underline.

Estimado Secretario Ebrard:

El motivo de la presente carta es para tratar unos asuntos que el gobierno de México planteó durante una llamada telefónica con el Procurador General de los Estados Unidos William Barr el 26 de octubre de 2020, sobre el enjuiciamiento inminente al General Salvador Cienfuegos Zepeda en los Estados Unidos. A la vez, agradezco de la manera más atenta esta valiosa oportunidad para brindarle información adicional con respecto a la investigación que al final nos llevó al arresto de Cienfuegos Zepeda. Confío en que ésta información permitirá mayor comprensión sobre este asunto, así como un mejor entendimiento de la situación. También, me permito asegurarle nuestro compromiso para seguir trabajando con el gobierno de México a medida que este asunto vaya avanzando.

Entre tanto que Cienfuegos Zepeda ha sido acusado en los Estados Unidos por unos delitos relacionados con narcotráfico, él nunca fue el objetivo central de una investigación de la Agencia Antidrogas de los Estados Unidos (DEA, por sus siglas en inglés). La DEA descubrió información que reflejaba su actividad delictiva durante el curso de unas investigaciones independientes de gran relevancia y, al final, se obtuvieron las pruebas que condujeron a la acusación que se ha presentado en su contra. En esta investigación, la DEA nunca tuvo como objetivo directo a ningún funcionario del gobierno de México, tampoco estuvo vigilando o investigando las actividades de Cienfuegos Zepeda dentro de territorio nacional mexicano, ni influyó en la decisión de viajar de Cienfuegos Zepeda a los Estados Unidos, siendo esto último lo que condujo a su arresto.

En 2013, la DEA empezó una investigación teniendo como objetivo a unos distribuidores minoristas de heroína situados en Las Vegas, Nevada, de quienes se creía eran abastecidos por la organización de tráfico de drogas de Juan Francisco Patrón Sánchez, situada en el estado de Nayarit, México. La investigación se basó en unas interceptaciones electrónicas, autorizadas previamente por una corte estadounidense, a unos dispositivos de comunicación utilizados por los distribuidores de Las Vegas.

La investigación siguió su curso y en 2015, la DEA estableció que había algunos vínculos entre Patrón Sánchez y la investigación local que se estaba realizando en los Estados Unidos. Posteriormente, la DEA presentó estas pruebas a la Fiscalía del Distrito Este de Nueva York y, a su vez, esta oficina aceptó la investigación con fines de un enjuiciamiento federal. En 2016, la DEA obtuvo el permiso para realizar

unas interceptaciones electrónicas del fuero federal en los Estados Unidos, cuyo objetivo principal era Daniel Silva Garate. No hubo interceptaciones electrónicas hechas en territorio nacional mexicano. Las interceptaciones fueron hechas a unos dispositivos de comunicaciones y aplicaciones que Silva Garate usaba para comunicarse con Patrón Sánchez sobre una persona, quien fue identificada más adelante como el entonces Secretario de la Defensa Nacional, el General Cienfuegos Zepeda.

La DEA no investigó a Cienfuegos Zepeda como un objetivo principal y tampoco interceptó directamente sus comunicaciones. Él fue acusado como un coconspirador después de haber sido identificado personalmente en las pruebas interceptadas que se desarrollaron en contra de Silva Garate y Patrón Sánchez.

Las pruebas sobre Patrón Sánchez incluían unas referencias a Cienfuegos Zepeda como "Padrino" y "Zepeda" y consistieron en unas capturas de pantalla de unos mensajes que Cienfuegos Zepeda intercambió con Silva Garate y mismos que fueron compartidos entre Silva Garate y Patrón Sánchez. Asimismo, las pruebas incluían unas capturas de pantalla de unas comunicaciones de Cienfuegos Zepeda sobre unas reuniones de la DEA con sus homólogos del gobierno mexicano acerca de una investigación que tenía como objetivo a la organización de tráfico de drogas de Patrón Sánchez.

Las interceptaciones electrónicas del fuero federal revelaron también el papel que desempeñaba Cienfuegos Zepeda al restringir los operativos militares en Nayarit con la finalidad de proteger las operaciones de Patrón Sánchez para que no fueran intervenidas.

En junio de 2019, esta investigación fue presentada ante un gran jurado federal en el Distrito Este de Nueva York, mismo que acusó a Cienfuegos Zepeda el 14 de agosto de 2019 de participar en un plan de importación y tráfico de drogas con la organización de tráfico de drogas de Patrón Sánchez, y los cargos son los siguientes:

*Cargo 1: una asociación delictuosa internacional para fabricar y distribuir heroína, cocaína, metanfetamina y marihuana, en violación a las secciones 963, 960(b)(1)(A), 960(b)(1)(B)(ii), 960(b)(1)(G), 960(b)(1)(H) y 959(d) del Título 21 del Código de los Estados Unidos.

*Cargo 2: una asociación delictuosa para importar cocaína, metanfetamina, marihuana y heroína, en violación a las secciones 963, 960(b)(1)(A), 960(b)(1)(B)(ii), 960(b)(1)(G) y 960(b)(1)(H) del Título 21 del Código de los Estados Unidos.

*Cargo 3: una asociación delictuosa para distribuir heroína, cocaína, metanfetamina y marihuana, en violación a las secciones 846, 841(b)(1)(A)(i), 841(b)(1)(A)(ii)(II), 841(b)(1)(A)(vii) y 841(b)(1)(A)(viii) del Título 21 del Código de los Estados Unidos.

*Cargo 4: una asociación delictuosa para cometer lavado de dinero proveniente de la venta de drogas, en violación a la sección 1956(h) del Título 18 del Código de los Estados Unidos.

En resumen, esta investigación reveló que mientras Cienfuegos Zepeda ostentaba el cargo de Secretario de Defensa Nacional, él ayudó a la organización de tráfico de drogas Patrón Sánchez a fomentar sus acciones violentas e ilegales. Las pruebas acreditarán que él recibió sobornos de la organización Patrón Sánchez a cambio de protección, brindó rutas seguras para el paso de las drogas y armas a la Ciudad de México y dio información sobre los operativos militares y policíacos en México.

Las pruebas recabadas en los Estados Unidos consisten principalmente en unas comunicaciones interceptadas, en decomisos físicos de drogas y en testigos cooperantes, quienes dieron detalles sobre las actividades ilícitas de la organización de tráfico de drogas de Patrón Sánchez. Anexo a la presente carta, se encuentran unas copias de las pruebas claves que fueron usadas para acusar a Cienfuegos Zepeda. Seguimos evaluando las pruebas en virtud de que podrían estar relacionadas con otras personas también y con gusto haremos las consultas pertinentes al gobierno de México. En caso de que el gobierno de México tenga interés en utilizar estas pruebas para los fines legales que se requieran, estoy en la mejor disposición de hacer llegar una solicitud, de conformidad con el Tratado de Asistencia Legal Mutua en Materia Penal a las autoridades correspondientes del Departamento de Justicia.

De nueva cuenta, espero que esta carta le haya sido de utilidad y reitero mi compromiso en seguir estrechando nuestros lazos de cooperación entre nuestros gobiernos.

Sinceramente,

Timothy J. Shea
Administrador Interino

Haha, I stayed asleep, I was very tired. I am very sad, my God child abandoned me. Truthfully, he didn't remember me anymore. At the end what happened I was going to ask him for help and you already saw the bad thing that happened. I sent him a communication with my friend.

Zepeda – Available

Good morning, how are you? Look, I'll get straight to the point, you know how you told me yesterday that the other week I told you that it was fine, that there was no problem but the truth is I have to give a few things to personnel. Tell him to please, for the love of God and the friendship there is, to help me out tomorrow or early Saturday.

This is what is going to happen to all the kidnapers, extortionist, rapists and the ones that are collecting money from business owners and all the ones who work for LACO. Eulaquio Vargas Garay, Saul Loya and for you, Pano, who went to visit us. You gave your word that you were going to going to get away and yet you have not done it. You have your people here and they will run the same destiny.

To the people we ask that you do not be afraid, this is a war between cartels.

Yes, as of today, because we are not going to bear arms and because of some details that they are suggesting, but for him not to be alarmed. It's nothing that can't be solved. ZEPEDA:

Major-General graduate of the staff college, Javier Cruz Rivas, commander of the fourth military region, Monterrey, Nuevo Leon. Those are the ones. Tell him to help me out, what he sent me was not enough. I know you said he was going to help me out with more in 8 days and on Sunday is the 8 days, but I am facing this problem. Tell him to not leave me alone, to help me out early Friday, please.
