

CONVENTION of STATES ACTION

END WASHINGTON'S OVERREACH

Washington, D.C., will never voluntarily relinquish power. Article V of the Constitution offers the single best remedy for the crisis our nation is facing. The most important thing you can do to be a part of the solution is to tell your elected state legislators your position. *Please act now and sign the petition below.*

Thank you for your commitment to restore constitutional government.

Dear [State Representative],

Almost everyone knows that our federal government is on a dangerous course. The unsustainable debt, combined with crushing regulations on states and businesses, is a recipe for disaster. What is less known is that the Founders have state legislatures the power to act as a final check on abuses of power in Washington, D.C. Article V of the U.S. Constitution authorizes the state legislatures to call a convention for proposing needed amendments to the Constitution.

The Convention of States Project seeks to call an Article V convention to propose only amendments that would impose fiscal restraints on the federal government, limit its power and jurisdiction, and impose term limits on its officials and members of Congress. I support the approach. I want our state to be one of the necessary 34 states to pass a resolution calling for this kind of Article V Convention. You can find a copy of the model resolution and the Article V Pocket Guide (which explains the process and answers many questions) here: https://conventionofstates.com/handbook_pdf

I ask that you support the Convention of States Project and consider becoming a co-sponsor of the resolution. Please respond to my request by informing the national COS team of your position, or sending them any questions you may have: info@conventionofstates.com or (540) 441-7227.

Thank you for your service to the people of our district.

Respectfully,

LEARN ABOUT ARTICLE V

The Founders gave us Article V in the Constitution for a reason. Learn from leading thinkers and Constitutional scholars at conventionofstates.com/resources

HOW IT WORKS:

Thirty-four states submit applications for a convention dealing with the same subject.

Congress must set the date and time for the start of the convention. It has no other discretion.

The convention drafts language for proposed amendments on the topics specified by the state applications. One state, one vote.

When 38 states ratify an amendment proposal, it becomes part of the Constitution.

Our Plan:

Remember when “we, the people” had the power? Well, thanks to Article V, we still do. We are currently appointing district captains from 75% of the state house legislative districts in at least 40 states to each recruit 100 people from their respective districts. In turn, these 100 individuals will call or write their state legislators, voicing their support for the COS Project.

In other words, we have more than a general philosophy. We have a well-organized strategy. Together, we can preserve liberty for future generations.

Plus, this plan is safe! To find out why, visit ConventionOfStates.com/responses_to_convention_of_states_opposition.

“On the application of the legislatures of two-thirds of the several states, [Congress] shall call a convention for proposing amendments.”

— Article V, U.S. Constitution

Washington is Broken.

Unelected bureaucrats have stripped states of their rightful decision-making authority. Consequently, the debt is out of control, regulations crush free enterprise, and our freedoms have been stolen.

But We Have a Solution as Big as the Problem.

Article V of the Constitution allows the states to call a Convention of States to propose constitutional amendments to limit federal spending, debt, and regulations. Amendments can also create better checks on the judiciary and restore the Constitution-as-written rather than the Constitution-as-interpreted by activist judges.

IS IT SAFE?

"I am joined in this effort by many well-known constitutional conservatives... All of us have carefully studied the original meaning of Article V, and not one of us would support an Article V Convention if we believed it would pose a significant threat to our Second Amendment rights or any of our constitutional freedoms."

- CHARLES J. COOPER

“[O]ur nation is undergoing a period of great turmoil, and our federal government... has greatly overstepped its constitutional boundaries in so many respects; it is truly time for the state governments to take action and return the federal government to its limited powers specified in our Constitution. [O]ur nation is currently in a domestic war which we as veterans cannot afford to stand by and watch. We need to help win this war for the benefit of not only ourselves but also our posterity.”
