HISTORICAL REVENUES TO SPENDING

GENERAL FUND STRUCTURAL BALANCE

COMPARISON OF REVENUES TO SPENDING

Since inheriting a \$1.0 billion deficit in 2016, Gov. Ducey has turned the State budget around - creating the longest run of structural surpluses ever, peaking at over \$2.7 billion last year.

We look forward to our final budget protecting this legacy with more saving, lower taxes, and continued billion dollar surpluses.

Board of Accountancy

The Arizona State Board of Accountancy consists of five certified public accountants (CPAs) and two public members, all of whom are residents of the state and are appointed by the Governor. The Board also has six advisory committees consisting of 46 members appointed by the Board whose work directly supports the Board's mission. The advisory committees are Accounting and Auditing, Tax Practice, Peer Review, Certification, Continuing Professional Education, and Law Review. The Board and its committees qualify candidates for the Uniform CPA Examination, certify individuals to practice as CPAs, register accounting firms owned by CPAs, and biennially renew certificates for CPAs and registered accounting firms. The Board and its committees also receive and investigate complaints, take enforcement action against licensees for violation of statutes and regulations, monitor compliance with continuing education requirements, and review the work product of CPAs to ensure adherence to professional standards through the Board's peer review program.

Acupuncture Board of Examiners

The Acupuncture Board of Examiners licenses and regulates acupuncturists and certifies auricular (ear) acupuncturists for detoxification or substance abuse programs. The Board also oversees the licensing and certification of acupuncture training, continuing education programs, and visiting professors. The Board evaluates professional competency, investigates complaints, and enforces the standards of practice for the acupuncture profession. The Board regulates the educational, clinical, and clean needle technique programs approved to teach the practice of acupuncture in the State.

The Executive Budget provides a lump-sum appropriation to the agency.

Department of Administration

As the administrative and business operations hub of State government, ADOA provides medical and other health benefits to State employees, administers the State personnel system, protects employees and mitigates hazards, maintains office buildings for employees to work in, purchases goods and services needed to conduct business, provides information technology and telecommunication services for employees, develops statewide accounting policies and procedures, reviews and maintains oversight of regulations, and much more. These centralized support services enable State agencies to focus their efforts on their own unique missions.

Major Executive Budget Initiatives and Funding

HRIS Modernization-NEW

The Executive Budget includes a one-time deposit from the Personnel Division Fund to the Automation Projects Fund to modernize and replace the Department's Human Resource Information System.

The Department manages existing State human resource operations on an online platform that was developed in 2003. The current platform is expected to reach end of life in 2027, and continued use will create security, compliance, and technical challenges.

Replacement of the outdated platform will provide greater efficiency and effectiveness in supporting human resources, payroll, benefits, and time and attendance systems for State employees.

The project is expected to be completed in FY 2026 for a total cost in the range of \$58.0 million to \$68.0 million.

The Personnel Division Fund collects a pro rata charge of 0.86% of payroll from all State agencies, which generates revenues that are \$1.7 million in excess of the Department's current expenditure needs. The Executive Budget therefore applies \$1.7 million toward the project. Additionally, the Executive Budget increases the pro rata to collect an additional \$20.6 million in FY 2023 to be used for the project. Of this amount, \$7.9 million will come from the General Fund.

Transfers and appropriations for this project appear in the Automation Projects section of the Executive Budget. Associated statewide adjustments for the pro rata increase appear in the Statewide Adjustments section.

Business One Stop Phase II

The Executive Budget includes a one-time deposit from the General Fund into the Automation Projects Fund for development of Phase II of the Business One Stop project.

The Arizona Strategic Enterprise Technology Office (ASET) is engaged in the first phase of the project to develop a portal that will provide a single online location to facilitate the completion of tasks and requirements of multiple agencies in planning, starting, growing, and relocating businesses in Arizona.

Phase I, in collaboration with five State agencies, includes development of over 30 functionalities needed to plan and start a business in Arizona.

Phase II will engage several additional agencies to expand the platform to add 35 functions that will allow businesses to register a user, connect to an existing business account, update user information, and register or cancel a license.

The Department expects this project to be completed in FY 2026 for a total cost of \$32.2 million.

Transfers and appropriations for this project appear in the Automation Projects section of the Executive Budget.

Health Insurance Trust Fund Stabilization

The Executive Budget includes an increase in ongoing funding for agency premium increases to the Health Insurance Trust Fund (HITF). This includes a FY 2023 General Fund impact of \$12.1 million (excluding the tuition backfill addressed below).

The HITF supports the State's self-insured medical, pharmacy, and dental insurance for State employees. Expenditures for medical and pharmacy costs continue to outpace revenues, leading to a declining fund balance. The FY 2022 budget included a \$36.8 million increase in ongoing agency premiums to improve the HITF's cash position. The FY 2023 Executive Budget will allow the Department to continue improving benefits and make the HITF financially sustainable.

Additionally, the Executive Budget includes \$20.0 million from the General Fund to backfill tuition costs associated with FY 2023 employer health insurance premium increases. Funding for this item can be found in the Universities detail section.

A detailed breakdown of the agency and fund impact from this premium increase is included in the Statewide Adjustments section of the Executive Budget.

Enterprise Cyber Risk Insurance-NEW

The Executive Budget includes an increase in one-time funding to develop a statewide cybersecurity risk management program.

To establish the program, the Executive Budget makes a one-time deposit of \$24.6 million from the Risk Management Fund into a new Cybersecurity Risk Management Fund. Further details on this new fund can be found in the Legislative Changes section of the Executive Budget. Of this deposit, \$21.6 million will be used to establish the program in FY 2023. The remaining \$3.0 million will be set aside to cover annual operating costs in FY 2024, which allows the program to reach full operational maturity before any costs are allocated to agencies beginning in FY 2025.

The Executive Budget includes two new special line items to establish the program: the Cybersecurity Risk Management Administrative Expenses SLI and the Cybersecurity Risk Management Deductibles and Premiums SLI.

The Cybersecurity Risk Management Administrative Expenses SLI will include \$274,400 to fully fund administrative costs for the program in FY 2023 and FY 2024, including a new Risk Manager position. The Risk Manager, housed in the Department's Risk Management Division, will administer the insurance portion of the program.

The Cybersecurity Risk Management Deductibles and Premiums SLI will include:

- \$20.0 million in reserve to cover the insurance deductible for two catastrophic breaches. Some portion of this funding may be used to cover losses incurred due to smaller breaches that would not exceed the deductible amount.
- \$1.5 million for insurance premiums in the second half of FY 2023. Only partial-year funding is necessary, due to the delay in purchasing insurance coverage while the program is being developed and underwritten.
- \$2.9 million for insurance premiums for FY 2024.

When the program is fully implemented in FY 2024, the Executive Budget contemplates baseline operational funding for this program to be \$3.0 million, including \$2.9 million for insurance premiums and \$137,200 for administrative costs.

Cybersecurity Risk Management Fund	24,624.4

Medical and Pharmacy Cost Containment-NEW

The Executive Budget includes an increase in ongoing funding from the Health Insurance Trust Fund (HITF) to hire a pharmacy specialist at the Department's Benefit Services Division. This funding will also be used to cover costs for the Department to hire outside medical and pharmaceutical consulting services to combat rising medical and pharmacy benefit costs for the State employee health plan.

Currently, Benefit Services does not have a pharmacy specialist to help navigate complexities with pharmaceutical benefits for the State employee health plan, including overseeing claims data analysis and contractual relationships with the State's vendors and suppliers. This position, along with the contracted third-party medical and pharmacy consulting services, would give the Department the expertise to address rising medical and pharmaceutical costs in the HITF.

Funding	FY 2023
Special Employee Health Fund	203.1
Issue Total	203.1

Compression Plan Revenue Effects

The Executive Budget includes two Legislative changes to give the Department authority to collect rent and oversee maintenance and building renewal for several buildings outside of the Capital Outlay Stabilization Fund (COSF) system. The change is recommended as a part of the Statewide Compression Plan adopted by the Arizona Connected Workforce.

The Executive Budget moves 701 and 801 East Jefferson into the COSF system to allow ADOA to collect rent and oversee maintenance. The 701 East Jefferson Street building will be occupied by the Department of Corrections, Rehabilitation & Reentry by July 2022. The Arizona Health Care Cost Containment System currently occupies the 801 East Jefferson Street building. The ongoing adjustments for this issue appear in the Statewide Adjustments section of the Executive Budget.

Additionally, the Executive Budget includes standardizing the practice of bringing buildings under ADOA management to collect rent from tenants after Certificates of Participation are retired and buildings are released as collateral. This issue appears in the Legislative Changes section of the Executive Budget.

Funding	FY 2023
Capital Outlay Stabilization Fund	0.0

AFIS Upgrade Phase II

The Executive Budget includes an increase in one-time funding to complete the second phase of the Arizona Financial Information System (AFIS) renewal and upgrade.

In FY 2022, the Department began the first phase of the renewal and upgrade project. The Department expects this project to be completed in FY 2024 for a total cost of \$9.5 million.

The Arizona Financial Information Systems Collection Fund collects revenue through charges to State agencies based on the number of their respective transactions conducted in AFIS. The Department plans to increase the transaction fee to collect an additional \$1.5 million in FY 2023 and \$500,000 in FY 2024. This will have a FY 2023 General Fund impact of approximately \$760,000.

Associated statewide adjustments for the transaction fee appear in the Statewide Adjustments section.

Executive Budget Baseline Changes

School Facilities Building Renewal Grants

The Executive Budget includes an increase in one-time funding for building renewal.

When combined with the current ongoing appropriation of \$16.7 million, the increased funding will make \$200.0 million available to the Department for building renewal grants in FY 2023.

Funding	FY 2023
General Fund	183,300.0
Issue Total	183,300.0

New School Facilities-Approvals

The Executive Budget includes an increase in one-time funding for three new schools approved by the School Facilities Oversight Board.

The cost of the three schools includes a 6.63% inflator, totaling \$1.6 million, in the square footage calculations to reflect growth in the Rider Levett Bucknall Phoenix construction cost index, as approved by the Joint Budget Legislative Committee in December 2021.

Risk Management Claims-Related Adjustments

The Executive Budget includes an increase in ongoing funding for anticipated insurance claims and premiums.

Each year, actuarial projections are prepared regarding the State's risk exposures and claim history. The Department uses this study to forecast the expenditures needed to address the State's insurance claims.

ADOA Transfer SISPO SLI

The Executive Budget transfers the Statewide Information Security and Privacy Office (SISPO) special line item from the Department of Administration to the Department of Homeland Security.

The Statewide Cybersecurity Division moved to the Department of Homeland Security in April 2021. The SISPO special line item supports the Division's operations.

To fund the ongoing program costs in future fiscal years, the Department of Administration will allocate charges to agencies based on various cyber risk factors, including the number of records maintained, the number of online transactions, agency personnel count, and a cybersecurity rating currently in place for agencies.

Transfer of School Facilities Board to Department of Administration

The Executive Budget includes an increase in ongoing funding for the School Facilities Board to transfer the Board's appropriations to the Department of Administration.

Laws 2021, Chapter 404 transfers the Board effective January 1, 2022. The law repeals the School Facilities Board and adds it as the School Facilities Division within the Department of Administration.

In order to effectuate the intent of both the FY 2022 General Appropriation Act and Laws 2021, Chapter 404, the General Accounting Office (GAO) intends to delay the financial consolidation until the end of the current fiscal year. The operational consolidation occurred on January 1, 2022, as required by law.

General Fund	290,809.5
Issue Total	290,809.5

Transportation Modernization Grants

The Executive Budget includes an increase in one-time funding for the K-12 Transportation Modernization Grants program.

This increase represents funding for the program as agreed upon in the enacted FY 2022 budget's three-year spending plan.

Funding	FY 2023
General Fund	20,000.0
Issue Total	20,000.0

Remove One-Time FY 2022 Appropriations

The Executive Budget removes in FY 2023 the one-time FY 2022 appropriations for various one-time initiatives.

Laws 2021, Chapter 408 provided the following one-time appropriations:

- School Facilities Board: \$262.5 million
- K-12 Transportation Modernization Grants: \$10.0 million
- Hoteling Pilot Program: \$375,900
- Permitting Dashboard: \$100,000
- Enduring Freedom Memorial Repair: \$21,500

The Executive Budget aligns with current law by backing out these appropriations.

Funding	FY 2023

Executive Budget Supplemental Changes

Federal Repayments

The Executive Budget includes an increase in non-lapsing supplemental funding above the enacted FY 2022 appropriation for federal reimbursements that may be due on or before June 30, 2022.

Monies collected from a variety of funding sources at State agencies and used for statewide functions, such as employee health care or general liability insurance, are a key funding mechanism for the State. One funding source for those services is money from the federal government. State agencies receive federal money for use in specific ways and with detailed restrictions.

Federal auditors have notified the State that some uses of federal funds in FY 2021 have been disallowed, and the State will likely be required to reimburse the disallowed costs prior to FY 2023. This reimbursement has occurred for several years.

Funding	FY 2022
Risk Management Fund	1,110.6
Issue Total	1,110.6

Building Renewal Grant Supplemental

The Executive Budget includes supplemental funding for building renewal grants to school districts in FY 2022. This supplemental will make available a total of \$200.6 million for building renewal in FY 2022.

This funding is necessary given the number of school district requests already received and approved by the School Facilities Oversight Board. To date, \$91.4 million, or 85% of the \$107.5 million FY 2022 appropriation, has been awarded to districts for building renewal projects.

Funding	FY 2022
General Fund	93,117.0
Issue Total	93,117.0

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustments section, which is immediately after the Capital section. Statewide Adjustments for FY 2023 include changes for health insurance premiums, retirement contributions, rent charges, accounting system costs, human resources system modernization, state motor vehicle fleet charges, human resources charges, and information technology charges.

There could also be funding for this agency in the capital or the statewide and large automation projects sections, which follow the Department of Water Resources.

As part of the Executive Budget, for some agencies, there are changes to Arizona Revised Statutes and General Appropriations Act footnotes.

Major Executive Budget Initiatives and Funding

Annual Conference

The Executive Budget includes an increase in ongoing funding for the Arizona African American Legislative Conference.

The conference has been held at the State Capitol and surrounding locations since 2003. It provides members of the African American community with an opportunity to present, discuss, and share their concerns in a formal setting with our elected officials. Additionally, this conference provides Black and minority students with an opportunity to visit the State Capitol.

Funding	FY 2023
General Fund	28.0

Workshops and Community Programs

The Executive Budget includes an increase in ongoing funding for outreach programs and workshops in the African American community.

These workshops will address important topics, including economy, law, healthy care, environment and youth engagement.

Funding	FY 2023
General Fund	220.6
Issue Total	220.6

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustments section, which is immediately after the Capital section. Statewide Adjustments for FY 2023 include changes for health insurance premiums, retirement contributions, rent charges, accounting system costs, human resources system modernization, state motor vehicle fleet charges, human resources charges, and information technology charges.

There could also be funding for this agency in the capital or the statewide and large automation projects sections, which follow the Department of Water Resources.

As part of the Executive Budget, for some agencies, there are changes to Arizona Revised Statutes and General Appropriations Act footnotes.

Information Technology / Cloud Migration

The Executive Budget includes a one-time deposit from the General Fund to the Automation Projects Fund for the Department's Enterprise Cloud Migration plan. The Executive Budget also extends the lapsing date of the one-time FY 2022 cloud migration appropriation.

The two provisions continue support of the Department's Enterprise Cloud Migration plan. Funding will be used to continue migrating suitable applications to the new platform and modernizing certain applications to comply with a cloud environment.

Transfers and appropriations for this project appear in the Automation Projects section of the Executive Budget. This issue also appears in the Legislative Changes section of the Executive Budget.

Remove One-Time FY 2022 Appropriations

The Executive Budget removes in FY 2023 one-time FY 2022 appropriations.

Laws 2021, Chapter 408, Section 8 appropriated \$2.5 million and \$2.0 million from the General Fund in FY 2022 for the replacement of State laboratory equipment and for cloud migration costs, respectively.

The Executive Budget aligns with current law by backing out the appropriations.

Arizona Health Care Cost Containment System

The Arizona Health Care Cost Containment System (AHCCCS), the State’s Medicaid Agency, uses federal, State, and county funds to provide health care coverage to eligible enrollees. Since 1982, when it became the first statewide Medicaid managed care system in the nation, AHCCCS has operated under a federal Research and Demonstration 1115 Waiver authority that allows for the operation of a statewide managed care model.

Enterprise Compensation Strategy

The Executive Budget includes an increase in ongoing funding of \$3.5 million to provide salary increases to key positions for which the agency is experiencing difficulty in recruiting and retaining highly qualified staff. Of this amount, \$2.4 million is from non-appropriated funds that will not appear in the fund sourcing below this issue.

The multi-agency Enterprise Compensation Strategy is projected to result in pay increases for over 25,000 State employees.

American Indian Health Program - Serious Mental Illness Integration

The Executive Budget includes an increase in ongoing funding for an additional 7.0 FTE positions to support the transition of behavioral health services for American Indians designated to have a serious mental illness (SMI). The services will transition from contracted regional behavioral health authorities (RBHAs) to AHCCCS's Division of Fee-for-Service Management (DFSM).

Currently, American Indian SMI members receive behavioral health services from RBHAs and physical health services from the AHCCCS American Indian Health Program (AIHP) or AHCCCS Complete Care (ACC). To resolve the fragmentation of service delivery, in October 2022 AHCCCS will transition the behavioral health function from RBHAs to AIHP.

To provide a more intensive medical management that meets the needs of American Indian SMI members, AHCCCS plans to assign 2.0 FTE Nurse Case Manager positions to manage the medical needs of members; 2.0 FTE Prior Authorization Nurse positions to monitor and evaluate medical services for members; 1.0 FTE Supervisor position to provide direct supervision of the nurses; 1.0 FTE Administrative Assistant position to provide administrative support; and 1.0 FTE Clinical Care Specialist position to review receipt and response of cases to ensure timely tracking and processing.

Compliance With Patient Access Final Rule

The Executive Budget includes an increase in one-time and ongoing funding to contract with a vendor to enhance AHCCCS compliance with federal information technology regulations. The regulations require acceleration of health information interoperability and improved patient access to their health data.

One-time funding of \$1.95 million (\$195,000 General Fund and \$1.76 million AHCCCS Fund) is for software development, and ongoing funding of \$300,000 (\$75,000 General Fund and \$225,000 AHCCCS Fund) will support the licensing fees.

On March 9, 2020, the Centers for Medicare and Medicaid Services (CMS) and the Office of the National Coordinator for Health Information Technology (ONC) released complementary final rules for standardized application programming interfaces (API) that the health care industry must adopt, and for implementing information-blocking provisions required by the 21st Century Cures Act.

Purchasing the application and support services from a vendor has been determined to be the most cost-effective option for quickly meeting the rules' requirements. The development costs are eligible for a 90% federal match, and the ongoing operational costs are eligible for a 75% federal match.

Funding	FY 2023
General Fund	270.0
Issue Total	270.0

PMMIS Replacement - System Integration Provider

The Executive Budget includes an increase in one-time funding for a contract with a system integration (SI) provider to integrate modules and provide technical oversight for the Prepaid Medicaid Management Information System (PMMIS) project.

The Executive Budget adds a footnote requiring the Department of Administration to submit, on behalf of AHCCCS, an expenditure plan to the Joint Legislative Budget Committee (JLBC) for review prior to the expenditure of any monies for the replacement of PMMIS. The expenditure plan shall include the project cost, deliverables, timeline for completion, and method of procurement consistent with the Department's prior reports for its appropriations from the Automation Projects Fund.

AHCCCS has begun upgrading the current PMMIS to a new platform that follows the modernization modularity rules and cybersecurity requirements established by the Centers for Medicare and Medicaid Services (CMS). The FY 2022 budget included \$780,000 for a vendor to develop a roadmap for the upgrade.

In FY 2023, an SI provider will be needed to ensure that all modules are integrated and tested end-to-end to ensure successful, timely, and cost-effective completion. The SI provider would also (a) ensure that the modules that have been upgraded and moved to the new system properly communicate with the modules in the current PMMIS; (b) determine the current operating rules that a module must follow; and (c) prepare the infrastructure and standards for purchasing new modules from vendors.

Suicide Prevention Coordinator Position to DHS

The Executive Budget includes a decrease in ongoing funding to move the funding for one Suicide Prevention Coordinator position from AHCCCS to the Department of Health Services (DHS). The Executive Budget moves the footnote in Laws 2021, Chapter 408, Section 8, which appropriates \$100,000 from the operating lump sum budget for a Suicide Prevention Coordinator, from AHCCCS to DHS.

The decision has been made to move the Suicide Prevention Coordinator position from AHCCCS to DHS because suicide prevention is primarily a public health issue for all Arizonans. Shifting the appropriation to DHS would consolidate public resources to support the work efforts within one agency.

AHCCCS has transferred the funds for this position to DHS through an intergovernmental agreement in FY 2022. To avoid the administrative burden, the Executive Budget moves the appropriation and the reporting requirement from AHCCCS to DHS.

Funding	FY 2023

Department of Economic Security Eligibility Determination

The Executive Budget includes an increase in ongoing funding for increased costs of the integrated eligibility system for Medicaid.

The Department of Economic Security (DES) performs eligibility services for critical social safety net programs, including Medicaid, Supplemental Nutrition Assistance Program (SNAP), and Temporary Assistance for Needy Families (TANF) Cash Assistance for the State. DES implemented a new system integrating with the existing system to upgrade the outdated functions for all three programs. However, the new system has not been funded. Additionally, costs are allocated among the three eligibility programs based on random moment sampling (RMS). This methodology has resulted in more employees being found working on SNAP or TANF cases, which require a higher state match than Medicaid cases.

The funding would address the current shortfalls and better support DES in integrating the two systems. It would also avoid the risks of applicants experiencing longer queues and the potential deferral of needed relief services.

Executive Budget Baseline Changes

Traditional Formula Adjustments

The Executive Budget includes an increase in ongoing funding for traditional caseload and capitation increases.

The Executive Budget anticipates a traditional population decrease of (2.00)% in FY 2022 and (6.17)% in FY 2023. Due to the Maintenance of Effort (MOE) requirements included in the federal Families First Coronavirus Response Act, AHCCCS is required to maintain coverage for all members during the current public health emergency, regardless of any loss of regular eligibility status. Therefore, during FY 2021 and FY 2022, member growth in this population was significantly higher than usual.

The Executive Budget anticipates that (a) this MOE requirement will expire on January 31, 2022, and (b) the populations ineligible by law for continued coverage will be removed from the program over the following nine months.

The Executive Budget also anticipates growth in the per-member per-month (PMPM) costs of 3.7% in FY 2022 and 4.6% in FY 2023. The PMPM growth in FY 2023 incorporates the newborn screening fee increase required by Laws 2021, Chapter 409.

The Executive Budget includes the Federal Medical Assistance Percentages (FMAP) of 76.21% in the first three quarters of the SFY 2022, 70.01% in the fourth quarter of the SFY 2022, and 69.56% in FFY 2023.

The traditional program receives its state match from the General Fund, Prescription Drug Rebate funds, Tobacco Tax, and county funds. The Executive Budget anticipates that Tobacco Tax revenues for the Medically Needy account will remain unchanged from the FY 2022 appropriation. The Executive Budget also expects county funds and Prescription Drug Rebate funds to remain unchanged from the FY 2022 appropriation.

Proposition 204 Formula Adjustments

The Executive Budget includes an increase in ongoing funding for Proposition 204 caseload and capitation increases.

The Executive Budget anticipates a Proposition 204 population increase of 0.81% in FY 2022 and decrease of (8.68)% in FY 2023. Due to the Maintenance of Effort (MOE) requirements included in the federal Families First Coronavirus Response Act, AHCCCS is required to maintain coverage for all members during the current public health emergency, regardless of any loss of regular eligibility status. Therefore, during FY 2021 and FY 2022, member growth in this population was significantly higher than usual.

The Executive Budget anticipates that (a) this MOE requirement will expire on January 31, 2022, and (b) the populations ineligible by law for continued coverage will be removed from the program over the following nine months.

The Executive Budget also anticipates growth in the per-member per-month costs of 3.7% in FY 2022 and 4.6% in FY 2023.

Finally, the Executive Budget includes the Federal Medical Assistance Percentages (FMAP) of 76.21% in the first three quarters of the SFY 2022, 70.01% in the fourth quarter of the SFY 2022, and 69.56% in FFY 2023.

Funding	FY 2023
General Fund	9,996.2
Issue Total	9,996.2

Arizona Long Term Care System Formula Adjustments

The Executive Budget includes an increase in ongoing funding for Arizona Long Term Care System (ALTCs) caseload and capitation increases.

The Executive Budget anticipates ALTCs population increases of 3.82% in FY 2022 and 4.31% in FY 2023. The Executive Budget also expects growth in the per-member per-month (PMPM) cost of 3.7% in FY 2022 and 4.6% in FY 2023.

Finally, the Executive Budget includes the Federal Medical Assistance Percentages (FMAP) of 76.21% in the first three quarters of the SFY 2022, 70.01% in the fourth quarter of the SFY 2022, and 69.56% in FFY 2023.

Funding	FY 2023
General Fund	55,661.1
Long Term Care System Fund	54,287.9
Issue Total	109,949.0

Affordable Care Act Newly Eligible Adults Formula Adjustments

The Executive Budget includes a decrease in ongoing funding for Affordable Care Act (ACA) Expansion Newly Eligible Adults caseload and capitation adjustments.

The Executive Budget anticipates ACA Expansion Newly Eligible Adults population decreases of (21.44)% in FY 2022 and (40.82)% in FY 2023. Due to the Maintenance of Effort (MOE) requirements included in the federal Families First Coronavirus Response Act, AHCCCS is required to maintain coverage for all members during the current public health emergency, regardless of any loss of regular eligibility status. Therefore, during FY 2021 and FY 2022, member growth in this population was significantly higher than usual.

The Executive Budget anticipates that (a) this MOE requirement will expire on January 31, 2022, and (b) the populations ineligible by law for continued coverage will be removed from the program over the following nine months.

The Executive Budget also anticipates growth in the per-member per-month costs of 3.7% in FY 2022 and 4.6% in FY 2023.

Finally, the Federal Medical Assistance Percentages (FMAP) projections will remain at 90% through FY 2023.

Funding	FY 2023
General Fund	(9,769.6)
Issue Total	(9,769.6)

KidsCare Formula Adjustments

The Executive Budget includes an increase in ongoing funding for KidsCare caseload and capitation increases.

The Executive Budget anticipates a KidsCare population increase of 4.56% in FY 2022 and a decrease of (11.88)% in FY 2023. Due to the Maintenance of Effort (MOE) requirements included in the federal Families First Coronavirus Response Act, AHCCCS is required to maintain coverage for all members during the current public health emergency, regardless of any loss of regular eligibility status. Therefore, during FY 2021 and FY 2022, member growth in this population was significantly higher than usual.

The Executive Budget anticipates that (a) this MOE requirement will expire on January 31, 2022, and (b) the populations ineligible by law for continued coverage will be removed from the program over the following nine months.

The Executive Budget also anticipates growth in the per-member per-month costs of 3.7% in FY 2022 and 4.6% in FY 2023.

Finally, the Executive Budget includes the Federal Medical Assistance Percentages (FMAP) of 83.35% in the first three quarters of the SFY 2022, 79.01% in the fourth quarter of the SFY 2022, and 78.69% in FFY 2023.

Funding	FY 2023
General Fund	1,741.4
Children's Health Insurance Program Fund	3,446.0
Issue Total	5,187.4

Department of Child Safety Comprehensive Health Plan Formula Adjustments

The Executive Budget includes an increase in ongoing funding for the Department of Child Safety (DCS) Comprehensive Health Plan (CHP, previously CMDP) caseload and capitation increases.

AHCCCS will transfer to DCS the total capitation amount needed to provide medical services for eligible children. The Executive Budget anticipates CHP population increases of 0.09% in FY 2022 and 0.44% in FY 2023. The Executive Budget also expects growth in the per-member per-month costs of 3.7% in FY 2021 and 4.2% in FY 2022.

Finally, the Executive Budget includes the Federal Medical Assistance Percentages (FMAP) of 76.21% in the first three quarters of the SFY 2022, 70.01% in the fourth quarter of the SFY 2022, and 69.56% in FFY 2023.

Funding	FY 2023
General Fund	9,951.0
Issue Total	9,951.0

Technical Adjustments

The Executive Budget includes an increase in both one-time and ongoing funding for minor technical adjustments to three programs, due to decreasing Federal Medical Assistance Percentages (FMAPs).

The FMAP for Disproportionate Share Payments (DSH) will decrease from 70.01% to 69.56% in FY 2023, and \$3,900 will need to be transferred from the AHCCCS Fund to the General Fund.

The FMAP for Rural Hospital Reimbursements will decrease from 70.01% to 69.56% in FY 2023, and \$86,300 will need to be transferred from the AHCCCS Fund to the General Fund.

The FMAP for Critical Access Hospitals will decrease from 70.01% to 69.56% in FY 2023, and \$116,800 will need to be transferred from the AHCCCS Fund to the General Fund.

Funding	FY 2023
General Fund	207.0
Issue Total	207.0

Graduate Medical Education

The Executive Budget includes an increase in ongoing funding of \$3.0 million for Graduate Medical Education (GME) programs.

The three-year spending plan associated with the enacted FY 2020 budget assumed that the General Fund appropriation for Graduate Medical Education program would increase from \$3.0 million in FY 2020 to \$6.0 million in FY 2021, and to \$9.0 million in FY 2022. The FY 2022 budget's three-year spending plan now delays full implementation of the program until FY 2023, as a result of payment lags and delays in implementation.

The \$9.0 million in FY 2023 includes a \$5.0 million allocation for rural GME programs and \$4.0 million for urban GME programs. This funding phase-in assumes that recipient hospitals will increase the number of slots for incoming residents in FY 2021 and each successive class thereafter, but that the number of slots for the cohorts already enrolled in the program (i.e., who started in FY 2020 or before) will remain unchanged. As a result, the full phase-in of the larger number of slots is scheduled to occur in FY 2023.

Funding	FY 2023
General Fund	3,000.0
Issue Total	3,000.0

Remove One-Time FY 2022 Appropriations

The Executive Budget removes in FY 2023 the one-time FY 2022 appropriation for the PMMIS Roadmap development consultant, Health Care Investment Fund (HCIF) increases, and the continuing access to opioid treatment.

Laws 2021, Chapter 408 appropriated a one-time \$78,000 from the Prescription Drug Rebate Fund to develop a roadmap for updating the Pre-Paid Medicaid Management Information System (PMMIS); \$4.0 million for HCIF increases as a result of caseload growth associated with Maintenance of Effort (MOE); and \$6.0 million for substance use disorder treatment services.

The Executive Budget aligns with current law by backing out the appropriation.

Funding	FY 2023
Prescription Drug Rebate Fund	(10,078.0)
Issue Total	(10,078.0)

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustment section, which is immediately after the Department of Water Resources. Statewide Adjustments for FY 2021 include changes for health insurance premiums, retirement contributions, rent charges.

Arts Funding

The Executive Budget includes an increase in one-time funding for grants to arts organizations.

In FY 2022, the Commission will approve \$3.8 million in grant awards for 363 grantees in 14 counties.

Community Investment Grants (262 grants totaling \$3.2 million) provide operating support to nonprofit arts organizations, local arts agencies, and tribal cultural organizations whose missions are to produce, present, teach, or serve the arts.

Youth and Lifelong Arts Engagements Grants (25 grants totaling \$233,317) provide support for projects that foster meaningful arts learning experiences in community settings for adult learners of any age.

Festival Grants (46 grants totaling \$223,323) support organizations in their efforts to provide quality arts and cultural programming through community festival activities.

Research and Development Grants (30 grants totaling \$150,000) provide funding support to Arizona artists as they work to advance their artistic practice, expand their creative horizons, and deepen the impact of their work.

The Executive Budget provides a lump-sum appropriation to the agency.

Attorney General - Department of Law

The Attorney General (AG) is a constitutionally established, elected position and holds office for a four-year term. The Attorney General is the legal advisor to all State agencies, boards, and commissions, except those few exempted by law. Other primary responsibilities include prosecuting and defending proceedings in which the State has an interest and rendering written opinions upon questions of law.

To fulfill these responsibilities, the Department of Law is divided into legal services and administrative operations. The legal divisions are the Child and Family Protection Division, Civil Litigation Division, Criminal Division, Solicitor General's Office Division, and the State Government Division. Each division is further organized into sections that specialize in a particular area of practice.

The Operations Division is responsible for administrative operations.

Legal, policy, administrative, and support functions are coordinated and promoted by the Department of Law Executive Office.

Major Executive Budget Initiatives and Funding

Consumer Protection Settlement Backfill

The Executive Budget includes an increase in ongoing funding to support three FTE positions that were previously supported through one-time legal settlements.

One FTE Attorney position was supported through an opioid settlement. The opioid epidemic continues to be a major area of focus for the Attorney General's Office (AGO). Funding this position will allow the AGO to continue investigating and prosecuting opioid companies that harm Arizona consumers.

One FTE Attorney position and one FTE support position were supported through an automobile fraud settlement. Automobile fraud is the number one category of consumer fraud complaints received by the AGO. Funding these positions will allow the AGO to continue dedicating enough resources to investigate all complaints.

Funding	FY 2023
Consumer Protection - Consumer Fraud Revolving Fund	331.0
Issue Total	331.0

Medicaid Fraud Control Unit Expansion

The Executive Budget includes funding to increase the size of the State's Medicaid Fraud Control Unit (MCFU). Ongoing funding of \$1.3 million (\$321,400 from the Consumer Protection Consumer Fraud Revolving Fund and \$964,100 from federal funds) will support 8.0 FTE Investigator positions. One-time funding of \$52,000 (\$13,000 from the Consumer Protection Consumer Fraud Revolving Fund and \$39,000 from federal funds) will support the purchase of office equipment.

The federal government pays for 75% of MCFU costs. The MCFU helps control Medicaid costs by investigating and prosecuting Medicaid billing fraud cases.

Arizona's MCFU has a rising caseload. Funding the eight positions will help the MCFU keep up with rising caseloads and prevent fraudulent activities from contributing to rising Medicaid costs.

Funding	FY 2023
Consumer Protection - Consumer Fraud Revolving Fund	333.7
Issue Total	333.7

State Fleet: New Additions

The Executive Budget includes an increase in one-time funding from the Consumer Protection - Consumer Fraud Revolving Fund to purchase six vehicles to support new Fraud Investigator positions for the expansion of the Medicaid Fraud Control Unit.

The State funds represent 25% of the cost to purchase the vehicles. The rest is covered by a 75% federal match.

Typically, transfers and appropriations for vehicle procurement appear in the Arizona Department of Transportation (ADOT) section of the Executive Budget as ADOT is the State Fleet manager and has sole authority to procure the vehicles on behalf of the agency. However, due to fund restrictions, this funding has been appropriated to the agency. The agency will transfer the monies to ADOT to perform the purchase.

Funding	FY 2023
Consumer Protection - Consumer Fraud Revolving Fund	63.0
Issue Total	63.0

State Fleet: New Additions - Ongoing Costs

The Executive Budget includes an increase in ongoing funding from the Consumer Protection - Consumer Fraud Revolving Fund for the ongoing costs associated with the vehicle purchases stated above.

Funding	FY 2023
Consumer Protection - Consumer Fraud Revolving Fund	21.7
Issue Total	21.7

Liability Management Section Outside Counsel Reduction and Cost Savings

The Executive Budget includes an increase in funding for FTE positions for the Liability Management Section (LMS), which provides legal representation for risk management cases for the Arizona Department of Administration (ADOA).

ADOA already pays LMS for outside counsel services related to risk management cases. LMS can provide these legal services in-house at a much lower cost. Increasing the FTE position count for the Attorney General will allow them to hire additional Attorneys and legal support staff, reducing outside counsel expenditures and saving ADOA money overall.

Ongoing funding of \$2.5 million will support 17.0 new FTE positions (9.0 Attorneys, 4.0 Paralegals, and 4.0 Legal Secretaries). One-time funding of \$110,500 will purchase equipment to support the FTE positions.

Funding	FY 2023
Risk Management Fund	2,604.2
Issue Total	2,604.2

Victim Services Increased Workload

The Executive Budget includes an increase in ongoing funding to address increased caseload for the Office of Victims Services. The funding will provide 2.0 new FTE Victim Advocate positions, reducing the caseload covered by each position. This will help reduce high employee turnover in the Office of Victims Services.

Funding	FY 2023
General Fund	198.4
Issue Total	198.4

Human Trafficking Prevention Program

The Executive Budget includes an increase in ongoing funding to expand the Human Trafficking Prevention program at the Attorney General's Office. The program seeks to educate the public about human trafficking awareness and prevention.

The funding will support 1.0 new FTE position, to increase the number of attendees at human trafficking prevention education events.

Funding	FY 2023
Consumer Protection - Consumer Fraud Revolving Fund	116.4
Issue Total	116.4

Executive Budget Baseline Changes

Remove One-Time FY 2022 Appropriations

The Executive Budget removes in FY 2023 the one-time FY 2022 appropriations:

- \$2.0 million for Attorney Stipend and Retention (Consumer Protection Consumer Fraud Revolving Fund)
- \$1.2 million for Expert Witness and Outside Counsel (Consumer Protection Consumer Fraud Revolving Fund)
- \$1.0 million for Technology Company Antitrust Enforcement (Antitrust Enforcement Revolving Fund)
- \$500,000 for Child and Family Advocacy Centers (Consumer Protection Consumer Fraud Revolving Fund)
- \$500,000 for Election Litigation Expenses (Risk Management Revolving Fund)
- \$156,300 for New State Fleet Vehicles (Consumer Protection Consumer Fraud Revolving Fund)
- \$40,000 for Study Commission on Missing/Murdered Indigenous Peoples (Consumer Protection Consumer Fraud Revolving Fund)

The Executive Budget aligns with current law by backing out the appropriations.

Funding	FY 2023
Risk Management Fund	(500.0)
Consumer Protection - Consumer Fraud Revolving Fund	(3,896.3)
Antitrust Enforcement Revolving Fund	(1,000.0)
Issue Total	(5,396.3)

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustments section, which is immediately after the Capital section. Statewide Adjustments for FY 2023 include changes for health insurance premiums, retirement contributions, rent charges, accounting system costs, human resources system modernization, state motor vehicle fleet charges, human resources charges, and information technology charges.

There could also be funding for this agency in the capital or the statewide and large automation projects sections, which follow the Department of Water Resources.

As part of the Executive Budget, for some agencies, there are changes to Arizona Revised Statutes and General Appropriations Act footnotes.

Executive Budget Baseline Changes

Board of Barbers Fund Transfer

The Executive Budget includes a decrease in ongoing funding for the Board of Barbers Fund to transfer Board appropriations to the new Barbering and Cosmetology Fund.

Laws 2021, Chapter 334 consolidates the Board of Cosmetology and Board of Barbers, effective January 1, 2022. The law repeals the Board of Barbers and renames the Board of Cosmetology as the Barbering and Cosmetology Board. The law also repeals the Board of Barbers Fund and transfers unexpended and unencumbered monies to the Barbering and Cosmetology Fund.

In order to effectuate the intent of both the FY 2022 General Appropriation Act and Laws 2021, Chapter 334, the General Accounting Office (GAO) intends to delay the financial consolidation until the end of the current fiscal year. The Executive intends for operational consolidation to occur on January 1, 2022, as required by law.

Barbering and Cosmetology Board

The Barbering and Cosmetology Board issues licenses to salons, schools, and individuals who qualify by Universal Recognition Licensing, reciprocity, or through the administration of a written and practical examination. The Board performs health and safety inspections of barbering and cosmetology establishments, investigates consumer complaints, conducts hearings, and imposes enforcement action when appropriate. The Board also establishes health and safety standards, establishes educational and curriculum standards and oversight, and provides monthly classes on infection control and statutory and regulatory compliance for the licensees.

Additional Full-Time Customer Representative

The Executive Budget includes an increase in ongoing funding for the Board to hire 1.0 new FTE Customer Representative position to support the growing workload.

The board has experienced increased applications, licenses, and call volume for the last five fiscal years. Without additional staff, the board anticipates failures to answer calls and requests on time. The current workload is detrimental to staff retention.

The additional 1.0 FTE Customer Representative will help relieve the burden of answering calls and requests from applicants and assist other administrative staff in processing applications and licenses.

Board of Behavioral Health Examiners

The Board of Behavioral Health Examiners licenses and biennially renews licensure for approximately 14,608 behavioral health professionals, requiring these professionals to meet minimum standards of education, experience, and competency, as measured by examination. The Board also receives and investigates complaints, takes necessary disciplinary action, and responds to inquiries from consumers regarding the licensure status and complaint history of individual behavioral health professionals.

Major Executive Budget Initiatives and Funding

Add FTE Positions to Support Increase in Licensing

The Executive Budget includes an increase in ongoing funding to hire 3.0 FTE positions in response to the Board's increased workload.

Two Administrative Assistants will help relieve the burden of processing applications and renewals. One Investigator will be responsible for the increased complaints and background investigations.

Since FY 2018, the Board has experienced significant increases in applications, renewals, investigations, and telehealth registrations. Without additional staff, the Board will be out of compliance with processing timeframes established in the Board's rules, forcing applicants to experience delays in the issuance of licenses at a time when needs for behavioral health services are escalating.

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustments section, which is immediately after the Capital section. Statewide Adjustments for FY 2023 include changes for health insurance premiums, retirement contributions, rent charges, accounting system costs, human resources system modernization, state motor vehicle fleet charges, human resources charges, and information technology charges.

There could also be funding for this agency in the capital or the statewide and large automation projects sections, which follow the Department of Water Resources.

Major Executive Budget Initiatives and Funding

Assistant Attorney General Legal Services

The Executive Budget includes an increase in ongoing funding for additional Attorney General legal services related to Board operations and responsibilities.

The number of complaints per year received by the Board has increased by 237% since 2016. To ensure proper review of those complaints, the Executive Budget provides funding to allow the Board to elevate the share of a contracted Assistant Attorney General FTE position from 0.19 FTE to 1.0 FTE.

With the increased funding, the Board can continue to ensure that all charter holders and operators maintain current statutory compliance as the share of public school students attending charter schools continues to increase.

Funding	FY 2023
General Fund	106.1
Issue Total	106.1

Increase Staff Capacity

The Executive Budget includes an increase in ongoing funding to increase base salaries for financial oversight staff and other existing appropriated FTE positions, while also adjusting filled staff salaries to comparable salary levels.

The Board is statutorily charged with conducting financial reviews of charter holders and creating a Financial Performance Framework (FPF). The current FPF was drafted by the Board in 2019 and last updated in 2021, with significant changes including standards and documentation requirements for charters placed in intervention status.

Below-market salary levels for Financial Program Managers have made it difficult to hire and retain staff. The Executive Budget increases the salary level for those positions and the salary of the Assistant Director of Operations and Finance, who oversees the unit.

The Board has four unfilled positions on its accountability and educational team, which conducts school site reviews, assists charter holders with charter revision, and ensures statutory compliance. Previous appropriations for those positions were allocated to other areas that the Board determined to be of higher priority. The vacant staff positions are now necessary to provide adequate services and oversight due to an increase in the number and complexity of staff interactions with charter holders.

The funding will also provide salary adjustments to current staff to increase competitiveness in hiring and retention.

IT Platform Modernization - Ongoing Costs

The Executive Budget includes an increase in ongoing funding to support and maintain a ready-built replacement of the Board's online platform.

Replacement of the outdated platform was funded in the FY 2022 budget.

In concert with the Department of Administration's Arizona Strategic Enterprise Technology (ASET) Office, the Board is on track to select a vendor during FY 2022 and have a live system in FY 2023.

Department of Child Safety

The Department of Child Safety (DCS) is Arizona's State-administered child welfare services agency. DCS provides child abuse and neglect investigations; child safety and risk assessments; family support, preservation, and reunification services; family foster care and kinship care services; services to promote the safety, permanence, and well-being of children in foster and adoptive families; adoption promotion and support services; and health care services for children in out-of-home care.

The primary purpose of DCS is to protect children. To achieve this purpose, the Department seeks to accomplish the following in equal priority: (a) investigate reports of child abuse and neglect; (b) assess, promote and support the safety of a child in a safe and stable family or other appropriate placement; (c) work cooperatively with law enforcement regarding reports that include criminal conduct allegations; and (d) without compromising child safety, coordinate services to achieve permanency on behalf of the child, strengthen the family, and provide prevention, intervention, and treatment for abuse and neglected children.

Major Executive Budget Initiatives and Funding

Foster Care and Kinship Support

The Executive Budget includes an increase in ongoing funding to raise the daily stipend for unlicensed kinship care from \$2.47 to \$10.00.

Arizona utilizes kinship care as placement for 52% of all foster children (a rate 20 points higher than the national average), which results in better outcomes for children removed from their home, at a lower overall cost to the State than any other placement type.

The stipend increase will allow greater utilization of kinship placements and help the Department, within 24 months, reach the target of 10.5% of children in congregate care as required by the settlement agreement in B.K. Tinsley v. Faust.

The baseline average number of foster children residing in unlicensed kinship care is expected to reach 6,782 in FY 2023. At this time, roughly 14% of foster children reside in congregate care settings. For the Department to be compliant with the B.K. Tinsley v. Faust settlement agreement within 24 months, the total number of children in congregate care must be reduced by 480 to reach the mandated 10.5% goal. The Executive Budget projects a steady decrease in the congregate care population, or a rate of about 20 per month. As a result of the expanded daily stipend, the Executive expects the kinship population to increase by the same amount when considering no increase in the overall projected average foster care population.

In FY 2022, the enacted budget appropriated \$5.0 million for kinship stipend costs. Increasing the stipend would add \$19.4 million in baseline costs and \$396,000 in forecast population growth costs, for an increase of \$19.8 million and total funding of \$24.8 million.

Funding	FY 2023
General Fund	19,811.2
Issue Total	19,811.2

Daily Stipend Increase

The Executive Budget includes an increase in ongoing funding to raise the average daily allowance for foster children from \$1.41 to \$2.82.

The daily allowance stipend is an amount paid to all caregivers of out-of-home children and is designed to offset daily costs associated with raising a child, such as clothing, school supplies, haircuts, diapers, and extracurricular activities.

This increased allowance stipend is the first since 2008. Since then, the prices for applicable goods and services in Arizona has risen by approximately 26%, which has eroded the purchasing power of the daily allowance and forced foster parents to pay out of pocket to meet the basic needs of the children in their care. This increase in funding would provide needed relief for foster families and allow for children in foster care to achieve a greater sense of normalcy while in State custody.

The Department anticipates that, in FY 2023, the monthly out-of-home child population will average 12,900 and require total increased funding of \$6.6 million.

Funding	FY 2023
General Fund	4,784.0
DCS Expenditure Authority Fund	1,800.0
Issue Total	6,584.0

Healthy Families Arizona Expansion

The Executive Budget includes an increase in ongoing funding to expand the Healthy Families Arizona Program.

This is an evidence-based home visiting program designed to help prevent child abuse and neglect before it happens and has shown to be very successful in Arizona. This program currently serves around 4,000 families annually and has capacity to expand by 1,500 families with the additional funding. Of the funding, \$7.5 million is for program expansion and the remaining \$2.5 million is to replace expiring federal grant money that is unable to be renewed. The Executive Budget includes an additional \$2.5 million in FY 2024 and FY 2025 for a total increase of \$15.0 million. This additional funding in future years is expected to double the number of families served per year from 4,000 to 8,000 by FY 2025.

Funding	FY 2023
General Fund	10,000.0
Issue Total	10,000.0

Visitation Aide Expansion

The Executive Budget includes an increase to the total of number of FTE positions in order to enable the Department to hire an additional 160.0 FTE Visitation Aides and 16.0 FTE new Visitation Leads.

In FY 2020, the Department insourced a number of Visitation Aides to supplement contracted visitation aide services. The insourced team was able to serve families that had been waiting the longest for supervised visitation, many over two months. It also gave the Department greater control over some of the most complex cases and helped ensure that safety concerns were adequately addressed.

The Department expects that expanding the team to 160 Case Aide positions and 16 Visitation Lead positions will allow it to reduce the waitlist by 1,000 families at full capacity without adding any additional cost to the State.

Administration- Aligning Expenditure Authority with Federal Revenue

The Executive Budget includes an increase in ongoing funding to enable the Department to utilize the entirety of its federal funds.

In FY 2017, the Department received \$6.6 million (General Fund) for field staff, field supervisors, program managers, and other critical support staff related to general operations. Due to a structural shortfall in the Investigations and Operations special line item, that funding did not fully cover expenses incurred in FY 2017, and the Department has used the Title IV-E waiver to fund operations since then. The Title IV-E waiver expired in FY 2021.

To address the structural shortfall, the Department has identified three avenues that require additional expenditure authority:

Pass-through CARES/ARP monies: \$4.9 million in FY 2022, \$3.8 million in FY 2023
Random Moment Time Sampling General Fund offset: \$5.2 million in FY 2022, \$6.1 million in FY 2023
Family First Transition Act monies: \$5.0 million in FY 2022, \$5.0 million in FY 2023

The Executive Budget includes a \$15.1 million supplemental appropriation in FY 2022 and a \$14.9 million additional expenditure authority in FY 2023 to cover these federal revenues.

Without the additional expenditure authority, the Department would be forced to reduce functionality and oversight for key functions, including contract, contract compliance, audit, quality improvement, and field support. Further, unclaimed federal funding will expire and revert back to the federal government.

The multi-agency Enterprise Compensation Strategy is projected to result in pay increases for over 25,000 State employees.

Executive Budget Baseline Changes

Continuing to Support Adoption Families

The Executive Budget includes an increase in ongoing funding to cover costs associated with caseload growth in adoption services.

Finalized adoptions are expected to exceed adoption exits, causing the adoptions caseload yearly average to grow by a projected 2.8% in FY 2023, to 34,473.

To sustain the current adoption subsidy level while the adoption caseload grows, the Executive Budget includes additional expenditure authority to utilize \$11.6 million of available federal funding. The current appropriated amount for FY 2022 is \$278.3 million, which is unchanged from the FY 2021 appropriation and does not account for caseload growth despite historical annual growth.

In FY 2022, the Executive Budget called for a \$12.9 million baseline increase in expenditure authority to ensure future years of adequate funding, but the recommendation was not enacted. In FY 2023, the additional expenditure authority will help bolster the second-most secure permanency option (after reunification) for children in the foster care system.

Laws 2020, Chapter 56, Section 8 appropriated \$5.9 million from the State General Fund for Congregate Care Federal Funding Backfill and \$19.2 million from the State General Fund for Higher Congregate Care Provider Rates.

The Executive Budget aligns with current law by backing out these appropriations.

Without the additional expenditure authority, the Department would be forced to reduce functionality and oversight for key functions, including contract, contract compliance, audit, quality improvement, and field support. Further, unclaimed federal funding will expire and revert back to the federal government.

Also included in FY 2022 is \$5.1 million which is related to the enhanced Federal Medical Assistance Percentage (FMAP). The enacted FY 2022 budget assumed the enhanced FMAP would end in December 2021. The Executive Budget assumes the enhanced FMAP will end in March 2022, which will allow for the utilization of \$5.1 million more federal funds for normal operations. The offset General Fund dollars will be reverted.

Board of Chiropractic Examiners

The Board of Chiropractic Examiners conducts examinations and evaluates applications from Chiropractors seeking original licensure and renewal of licensure, and from persons seeking participation in Board-approved preceptorship or chiropractic assistant programs. The Board investigates complaints made against Chiropractors and conducts administrative hearings as required. The Board provides information to the public concerning applicants, licensees, and regulatory actions.

Citizens' Clean Elections Commission

The Citizens Clean Elections Act is a campaign finance reform measure initiated by Arizona citizens and passed by voters in 1998. The Act provides for campaign financing for qualified candidates, enhanced campaign finance enforcement and reports for State and Legislative candidates and independent expenditures. The Act also provides for voter and public education, including sponsorship of debates and publication of the primary and general election candidate statement pamphlets.

Major Executive Budget Initiatives and Funding

Economic Development Marketing and Attraction

The Executive Budget includes an increase in ongoing funding for marketing to attract corporations and aspiring entrepreneurs to Arizona.

The Authority will expand a nationwide marketing campaign in promoting Arizona's welcoming business environment and prosperous economy. The campaign will employ a number of strategies, including mass broadcast outlets, strategic print publications, and digital media.

The Executive Budget creates a Marketing and Attraction special line item for this purpose.

Executive Budget Baseline Changes

Major Events Fund Deposit

The funding will provide, in coordination with the Office of Tourism, grants to local organizing committees for the planning and operation of the competitive bid process for major events.

The Executive and Legislature intend to provide additional deposits of \$7.5 million each in FY 2024 and FY 2025.

During the First Regular Session of the Fifty-Fifth Legislature, the Executive and Legislature agreed to establish the Major Events Fund and provide four deposits of \$7.5 million beginning in FY 2022. The Executive intends for the first deposit in FY 2022 to endure but would address it in FY 2023 if needed.

The Executive Budget establishes the Major Events Fund. This issue appears in the Legislative Changes section of the Executive Budget.

Remove One-Time FY 2022 Appropriations

The Executive Budget removes in FY 2023 the one-time FY 2022 appropriations for various one-time initiatives.

Laws 2021, Chapter 408 provided the following one-time appropriations:

- Arizona Competes Fund Deposit: \$50.0 million
- Major Events Fund Deposit: \$7.5 million
- Blockchain/Wearable Research: \$5.0 million
- Frankfurt, Germany Trade Office: \$250,000

The Executive Budget aligns with current law by backing out these appropriations.

Agency Total	66,645.4	108,904.7	(11,839.7)	97,065.0

Major Executive Budget Initiatives and Funding

Rural Community College Aid

The Executive Budget includes a one-time increase in funding for aid to the ten rural community college districts.

The one-time supplemental aid allows for the community colleges to cover the costs of maintenance, operations, and initiatives. Funding is to be allocated among the rural community college districts based on each district's share of actual FY 2021 enrollment.

Funding	FY 2023
General Fund	7,000.0
Issue Total	7,000.0

STEM Funding Restoration

The Executive Budget includes an increase in ongoing funding for Science, Technology, Engineering, and Mathematics (STEM) and Workforce Program Aid for the Maricopa, Pima, and Pinal community colleges.

The STEM and Workforce Program State Aid is intended to advance community college initiatives related to high-job-growth areas related to STEM.

Since 2009, formula funding has been suspended for Maricopa, Pima, and Pinal counties. This initiative brings those counties to parity with what would typically be appropriated through the outlined formula in A.R.S. § 15-1464.

Funding	FY 2023
General Fund	10,816.1
Issue Total	10,816.1

Executive Budget Baseline Changes

Equalization Aid Adjustments

The Executive Budget includes an increase in ongoing funding for Equalization Aid to Cochise, Graham, Navajo, and Yuma/La Paz counties.

The Equalization Aid formula established in A.R.S. § 15-1468 supports community college districts that have an insufficient property tax base compared to the minimum assessed value as described in A.R.S. § 15-1402.

Funding	FY 2023
General Fund	2,423.5
Issue Total	2,423.5

Operating State Aid Adjustments

The Executive Budget includes a decrease in ongoing funding for Operating State Aid to community colleges.

The Operating State Aid formula established in A.R.S. § 15-1466 is based on each community college district's enrollment change from the previous year. In FY 2021, full-time student enrollment declined by 17,437 students statewide, generating a reduction in Operating State Aid.

Funding	FY 2023
General Fund	(2,604.1)
Issue Total	(2,604.1)

Remove One-Time FY 2022 Appropriations

The Executive Budget removes in FY 2023 the one-time FY 2022 appropriations for the following programs:

- Rural Aid: \$14.0 million
- Urban Aid: \$13.0 million
- Urban STEM Aid: \$2.0 million

The Executive Budget aligns with current law by backing out these appropriations.

Funding	FY 2023
General Fund	(29,000.0)
Issue Total	(29,000.0)

STEM and Workforce Aid Adjustments

The Executive Budget includes an ongoing decrease in Science, Technology, Engineering, and Mathematics (STEM) and Workforce Aid for FY 2023.

The STEM and Workforce Program State Aid formula is based on each community college district's enrollment changes from the previous year. Full-time equivalent student enrollment (FTSE) declined by 17,437 students in FY 2021, generating a reduction in the STEM and Workforce Program State Aid per A.R.S. § 15-1464.

Department of Corrections, Rehabilitation and Reentry

The Department of Corrections, Rehabilitation and Reentry (ADCRR) carries out its mission by incarcerating inmates safely in correctional facilities and providing rehabilitation opportunities and programs designed for successful community re-entry. During incarceration, community standard healthcare services are provided to inmates. Opportunities for vocational skill development, educational attainment from literacy to undergraduate degrees, and substance abuse treatment increase the likelihood of successful and sustained re-entry upon release. ADCRR supervises offenders released to community supervision using a continuum of services and evidence-based programs. ADCRR returns to custody offenders who choose not to engage in their own rehabilitation and continue to present a threat to public safety. ADCRR embraces challenges and successes as opportunities to continuously improve their operations resulting in an exceptional return on investment for the citizens of Arizona, which serves as a national model for corrections.

Major Executive Budget Initiatives and Funding

Health Care Increase

The Executive Budget includes a placeholder for prison health care due to a pending procurement process and current litigation which may impact the level of funding required. There is an anticipated fiscal impact but the magnitude is unknown at the time of publication.

The Executive will inform the Legislature when additional information becomes available.

Funding	FY 2023
General Fund	0.0
Issue Total	0.0

Private Prison Contract Increase

The Executive Budget includes an increase in ongoing funding to provide salary parity for contracted institutional staff.

This funding will circumvent staffing shortages that may have arisen at the private prisons due to the enterprise compensation strategy targeting State correctional personnel. Sufficient staffing is imperative to the safety of staff and inmates.

Funding	FY 2023
General Fund	13,337.9
Issue Total	13,337.9

AZ Correctional Industries Transformative Growth

The Executive Budget includes a one-time increase in funding of \$3.7 million for Arizona Correctional Industries (ACI) to develop an automotive upfitting and repair and maintenance center. The initiative will be funded using non-appropriated funds from the Arizona Correctional Industries Revolving Fund.

The funding will allow the Department to renovate and convert existing space at the Red Rock facility into an automotive center. Part of the space will be turned into a classroom with a training bay and the working part of the facility will include 3 bays to provide a complete range of preventative maintenance and upfitting services. The facility will be equipped to service cars, vans, and buses. The Department will service their own vehicles and create partnerships with other state agencies and local and private entities to service additional vehicles.

ACI, established in 1969, provides valuable work opportunities for inmates which yields income, improves inmate morale, and teaches employable skills. The automotive center will allow the inmates to learn a new trade to assist them in finding employment upon release which is instrumental in reducing recidivism.

Enterprise Compensation Strategy

The Executive Budget includes an increase in ongoing funding of \$129.6 million to provide salary increases to key positions for which the agency is experiencing difficulty in recruiting and retaining highly qualified staff. Of this amount, \$ 2.3 million is from non-appropriated funds that will not appear in the fund sourcing below this issue.

The multi-agency Enterprise Compensation Strategy is projected to result in pay increases for over 25,000 State employees.

ADCRR Fleet Modernization

The Executive Budget includes an increase in one-time and ongoing funding for the Department to modernize the model of fleet operations for the ADCRR Fleet, the size and composition of which is unique in comparison to the State Fleet.

There are 256 Community Corrections FTE positions responsible for the support and direct supervision of over 5,000 offenders, including 119 FTE positions that are assigned to field offices across the state. The one-time funding of \$1.6 million will support the purchase of 50 additional vehicles to allow each field officer to have a designated vehicle to carry out their duties and meet with offenders in the community.

With the purchase of the new vehicles, the ADCRR Fleet will contain 1,743 vehicles and 174 pieces of equipment, 153% of the size of the State Fleet, which consists of approximately 1,000 vehicles across 37 agencies. Due to the significant differences, the Executive Budget refines the structure around the ADCRR Fleet to provide consistency and transparency in how the State manages these assets in the likeness of the State Fleet.

The Executive Budget establishes the ADCRR Fleet Replacement SLI and appropriates ongoing funding of \$7.5 million. The average mileage of the ADCRR Fleet is 115,800, and 239 vehicles exceed 200,000 miles. This ongoing funding will allow the Department to replace approximately 10% of the oldest fleet vehicles annually. A proper replacement schedule will reduce operational costs and create efficiencies in ensuring that the Department has reliable transportation, which is essential for the transport of inmates that occurs statewide on a daily basis. Dependable vehicles mitigate security threats and improve Department operations.

A similar initiative is being contemplated for the Arizona Department of Public Safety and the Arizona Department of Transportation. Including ADCRR, all three agencies have been historically exempted from the State Fleet. The Executive does intend for all exempt agencies except for the Legislative and Judicial branches to be incorporated into the State Fleet. At this time, the Executive and ADOT, State Fleet manager, are not prepared to start onboarding the historic large exempt agency fleets into the State Fleet.

Recidivism Reduction: Substance Abuse

The Executive Budget includes an increase in one-time funding of \$655,300 to launch a second Therapeutic Community Unit and ongoing funding of \$5.4 million to continue contracted substance-abuse treatment, support the operational costs of the Therapeutic Community Unit, and hire a Substance-Abuse Treatment Coordinator.

Of the 17,641 inmates that the Department released during FY 2020, 15,239 (86%) were assessed as needing substance-abuse treatment. Similarly, in FY 2021, 13,604 (86%) of the released inmates were assessed as needing substance-abuse treatment. Current program resources can accommodate only up to 19.5% of the inmates for whom treatment is needed.

In response to the substance-abuse treatment need, the Department is taking a three-pronged approach to increasing substance-abuse treatment capacity and efficacy.

1. Contracted Substance-Abuse Treatment: \$5.0 million

In FY 2022, the Department was appropriated one-time funding to contract with substance-abuse treatment organizations to ensure that each dollar invested resulted in more inmates receiving treatment. The Executive supports the continuation of the contracted treatment as a means to permanently increase treatment capacity. If the Department is able to contract at the projected level, treatment capacity will increase by 85%, to a total treatment capacity of 36.1%. This would allow an additional 2,527 inmates to receive treatment prior to release. Increased treatment capacity will lead to more successful reentry and lower recidivism rates.

2. Therapeutic Community Unit: \$989,100

In FY 2022, the Department was awarded a federal grant to create a Therapeutic Community Program. The program is a national best practice for providing substance-abuse treatment to incarcerated persons. This unique housing unit is specifically designed to be a six-month intensive live-in substance-abuse treatment program that incorporates other impactful programs such as Criminal and Addictive Thinking, healthy family reunification, Triple P-Positive Parenting Program, preparation for reentry, life skills, emotional regulation, trauma informed care, and Medication-Assisted Treatment.

Because the pilot of the first therapeutic community is satisfactory, the Executive Budget includes funding for an expansion of the program to create a second Therapeutic Community Unit. The funding includes start-up expenses, annual operating expenses, and annual personnel expenses. The program requires a Program Manager and a Community Recovery Support Specialist. Two additional FTE positions are required for this package.

While this program does not increase treatment capacity, it is recognized for increasing the efficacy of substance-abuse treatment. The funding will allow more of the inmates who have been assessed with a high treatment need and a high risk to recidivate to participate in this unique and effective program.

3. Substance-Abuse Treatment Coordinator: \$111,600

Substance-abuse treatment is provided across the State-operated complexes and the privately-operated complex by both State and contracted employees. This funding will allow the Department to hire 1.0 FTE Substance-Abuse Treatment Coordinator to monitor and oversee the various substance-abuse treatment programs provided for inmates. Additionally, staff will assist in developing a plan to further increase the Department's substance-abuse treatment capacity.

Substance-abuse issues are prominent among the technical violations that trigger offenders' return to prison. In FY 2020, 34% of warrants issued by Community Corrections Officers for technical violations were due to drug- and alcohol-related violations. A recent study indicated that the recidivism rate among inmates who completed a treatment program was 31.1% lower than for inmates who did not receive treatment. Recidivism reduction impacts the lives of offenders and their families and represents a significant cost savings for the State.

The Department is seeking to further expand substance-abuse programming through offering virtual and accelerated treatment programs to ensure that every inmate needing treatment is given the opportunity.

Security Equipment - Body Scanners

The Executive Budget includes an increase in one-time funding to purchase 58 body scanners to improve contraband detection and the safety of staff and inmates.

When inmates return from work crew, return from offsite appointments, and leave visitation, the Department relies on procedural pat-downs and strip searches to detect contraband. The single- and dual-view scanners allow staff to determine quickly whether an inmate is concealing contraband.

The scanners will expedite the screening process and promote a safer environment.

Florence Deactivation Continuation

The Executive Budget includes an increase in ongoing funding for the continuation of the Florence deactivation plan.

The Florence deactivation project began in FY 2022 and is estimated to be completed by January 2024. As inmates are gradually transferred to private beds, the cost is estimated to increase.

The additional appropriation in the Executive Budget will ensure that the Department has sufficient funding available to contract for the required beds. By the beginning of FY 2023, the majority of the inmates at Florence complex will have been relocated.

Remove One-Time FY 2022 Appropriations

The Executive Budget removes in FY 2023 the one-time FY 2022 appropriations for:

- Radio Replacements: \$17.3 million
- Medical Staffing Augmentation: \$15.0 million
- Substance Abuse Treatment: \$5.0 million
- Ballistic and Stab Vest Replacement: \$3.9 million
- Braille Program Expansion: \$50,000

The Executive Budget aligns with current law by backing out these appropriations.

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustments section, which is immediately after the Capital section. Statewide Adjustments for FY 2023 include changes for health insurance premiums, retirement contributions, rent charges, accounting system costs, human resources system modernization, state motor vehicle fleet charges, human resources charges, and information technology charges.

There could also be funding for this agency in the capital or the statewide and large automation projects sections, which follow the Department of Water Resources.

As part of the Executive Budget, for some agencies, there are changes to Arizona Revised Statutes and General Appropriations Act footnotes.

Board of Cosmetology

The Board of Cosmetology issues licenses to salons, schools, and individuals who qualify by Universal Recognition Licensing, reciprocity or through the administration of a written and practical examination. The Board performs health and safety inspections of salons and schools, investigates consumer complaints, conducts hearings, and imposes enforcement action when appropriate. The Board also establishes health and safety standards, establishes educational and curriculum standards and oversight, and provides monthly classes on infection control and statutory and regulatory compliance for the licensees.

Executive Budget Baseline Changes

Board of Cosmetology Fund Transfer

The Executive Budget includes a decrease in ongoing funding for the Board of Cosmetology Fund to transfer the Board's appropriations to the new Barbering and Cosmetology Fund.

Laws 2021, Chapter 334 consolidates the Board of Cosmetology and Board of Barbers effective January 1, 2022. The law repeals the Board of Barbers and renames the Board of Cosmetology as the Barbering and Cosmetology Board. The law also repeals the Board of Barbers Fund and transfers unexpended and unencumbered monies to the Barbering and Cosmetology Fund.

In order to effectuate the intent of both the FY 2022 General Appropriation Act and Laws 2021, Chapter 334, the General Accounting Office (GAO) intends to delay the financial consolidation until the end of the current fiscal year. The Executive intends operational consolidation to occur on January 1, 2022, as required by law.

Major Executive Budget Initiatives and Funding

Victim Compensation & Assistance Programs

The Executive Budget includes an increase in ongoing funding to increase support for Arizona's crime victims. The Executive Budget also includes a supplemental appropriation for this purpose in FY 2022.

Due to declining revenue in the Victim Compensation and Assistance Fund, the Victim Compensation and Victim Assistance program allocations have been reduced. The reduced expenditures further reduces the program budget since the Victim Compensation program is funded through a 75% federal match of State expenditures. The FY 2022 program allocation is \$3.5 million, which is \$1.8 million less than the FY 2021 program allocation, which happens to be the largest the program has been in the past five years.

A \$1.8 million investment will draw down \$1.3 million in federal funding, starting in FY 2025. The federal government reimburses expenditures from the fiscal year two years prior. This will permit the Commission to increase the size of the programs to ensure that the counties have the funding available to reimburse all victims and award grants to agencies who provide services to victims.

Schools for the Deaf and the Blind

Arizona State Schools for the Deaf and the Blind (ASDB) was founded in 1912. ASDB provides education and support services to over 2,000 children who are blind, visually impaired, deaf, hard of hearing, or deafblind, from birth to grade 12. ASDB operates two site-based campuses, three regional cooperatives, and a statewide distance itinerant program. ASDB also has a birth to age 5 Early Learning Program made of two components: The first component is the birth to age 3 program in which early childhood teachers go into the homes of infants and their caretakers. The second component includes the three preschools located at the Phoenix Day School for the Deaf, the Arizona School for the Deaf, and the Foundation for Blind Children.

ASDB is committed to excellence and innovation in (a) education for all Arizona children who are hard of hearing or deaf or have vision loss; (b) leadership and service; (c) collaboration with families, school districts, communities, and others; and (d) partnership with other agencies that will enable children who are hard of hearing or deaf or have vision loss to succeed now and in the future.

Major Executive Budget Initiatives and Funding

Transportation Support

The Executive Budget includes an increase in one-time funding to expand the Schools' transportation and bus route capacities.

The funding will allow the Schools to increase the route capacity of current bus drivers, at both the Phoenix and Tucson campuses, to reach 95 additional students and provide door-to-door transportation solutions for all students.

Funding	FY 2023
General Fund	1,106.2
Issue Total	1,106.2

Executive Budget Baseline Changes

Special Education Voucher Adjustments

The Executive Budget includes a decrease in ongoing funding for the Schools to address adjustments for special education vouchers.

The agency receives formula funding from a series of vouchers paid out to the Schools to assist in educating students with special needs. The vouchers are expected to change year over year, due to inflation adjustments (as prescribed by the Basic State Aid Formula) and enrollment. For FY 2023, this is expected to decrease from \$14,316,700 to \$14,284,245, resulting in a (\$32,455) reduction in other appropriated funds.

Funding	FY 2023
Schools for the Deaf and the Blind Fund	(32.4)
Issue Total	(32.4)

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustments section, which is immediately after the Capital section. Statewide Adjustments for FY 2023 include changes for health insurance premiums, retirement contributions, rent charges, accounting system costs, human resources system modernization, state motor vehicle fleet charges, human resources charges, and information technology charges.

There could also be funding for this agency in the capital or the statewide and large automation projects sections, which follow the Department of Water Resources.

As part of the Executive Budget, for some agencies, there are changes to Arizona Revised Statutes and General Appropriations Act footnotes.

Commission for the Deaf and the Hard of Hearing

The Arizona Commission for the Deaf and the Hard of Hearing (ACDHH) acts as an information bureau for the deaf, hard of hearing, deafblind, and individuals with speech difficulties. The Commission works with State and local government agencies and other public and private community agencies to educate staff to better provide services to their deaf, hard of hearing, and deafblind consumers. ACDHH administers a telecommunications equipment distribution voucher program that loans equipment to qualified Arizona residents. The Arizona Relay Service (7-1-1), which allows equal accessibility of public telephone service, is also administered by the Commission. The Relay Service is required by the Federal Communications Commission. ACDHH is also mandated to license American Sign Language interpreters and certify American Sign Language Teachers.

Major Executive Budget Initiatives and Funding

Increased Staffing Support

The Executive Budget includes an increase in ongoing FTE positions to allow the Commission to hire 4.0 new FTE positions. These positions include Accounts Payable, Family and Youth Engagement Coordinator, Media Communications Specialist, and Staff Interpreter.

The Accounts Payable position will manage and maintain the Commission's payment process, instead of contracting out those services. Related costs will be offset by a reduction in contracted services.

The Family and Youth Engagement Coordinator position will help develop the Commission's next five-year strategic plan by aligning community stakeholders with Commission resources and objectives.

The Media Communications Specialist position will reduce the Commission's total cost on communications. Additionally, an in-house Media Specialist would become well versed in the communications needs of the deaf or hard of hearing community.

The Staff Interpreter position would facilitate communication between non-American Sign Language (ASL) users and deaf staff for meetings, training, and community engagement. The Commission does not have a full-time ASL Interpreter. The new staff Interpreter would be offset by a reduction in contracted activities.

Board of Dental Examiners

The Board of Dental Examiners examines, licenses, and certifies professionals to practice in the field of dentistry; registers business entities providing dental services; and permits mobile dental facilities. The Board also accepts complaints against licensees, certificate holders, business entities, and mobile dental facilities; investigates allegations; and administratively adjudicates complaints. The Board regulates approximately 9,900 business entities and professionals that are licensed or certified to practice in the State, and serves all Arizona citizens who receive their professional services.

Early Childhood Development and Health Board

The Arizona Early Childhood Development and Health Board seeks to ensure the quality and accessibility of early childhood development and health programs at the community level. A voter-approved initiative, Proposition 203, created the Board, which is commonly known as "First Things First."

First Things First establishes regional partnership councils throughout the state. Each regional council is funded based on the number of children, from birth to age five, living in the area, as well as the number of young children whose family income does not exceed 100% of the federal poverty level. Programs funded through First Things First may be conducted by grantees in the region or by the regional partnership council. First Things First receives revenues from an additional tax levied on tobacco products.

Major Executive Budget Initiatives and Funding

Reducing Recidivism: Second Chance Centers

The Executive Budget includes an increase in ongoing funding to continue the crucial Reentry Program and to continue the CDL Inmate Training Program at Lewis Second Chance Center.

This program is implemented through two distinct avenues: Second Chance Centers (SCCs) and Community Based Reentry Centers (CBRCs). SCCs provide employment assistance services pre-release, while CBRCs provide similar services post-release. Services offered include case management, job search, and interview skills training.

The additional funding will be used to expand operations by assisting in Therapeutic Community (TC) and “Prison in Reach” programs. TC is a Department of Corrections, Rehabilitation and Re-Entry in-prison residential treatment program for justice-involved Arizonans battling addiction. Prison in Reach provides education opportunities on successfully navigating parole.

Of the amount displayed below, \$302,270 will be transferred to the Arizona Department of Transportation (ADOT) to continue the Commercial Drivers License (CDL) Inmate Training Program at the Lewis Second Chance Center, serving inmates at the Lewis Prison and Perryville Prison to have the opportunity to acquire a CDL. The acquisition of a CDL for an inmate provides them a well compensated and stable employment opportunity in a high demand field post incarceration, which reduces their chance of recidivism.

Friends of the Farm

The Executive Budget includes an increase in one-time funding for the Friends of the Farm program.

Friends of the Farm provides locally sourced fresh produce, dairy, eggs, and meat throughout the state. The program creates new markets for small Arizona farmers and growers, and it benefits families in need.

To support Friends of the Farm, the Executive Budget includes \$500,000 that will be allocated by the Arizona Food Bank Network to regional food banks, which, since FY 2020, have purchased 589,622 pounds of food from 16 local farmers.

Funding	FY 2023
General Fund	500.0
Issue Total	500.0

Building System Management Upgrade

The Executive Budget includes an increase in one-time and ongoing funding to provide an upgraded, integrated workplace management solution.

Proper management of the State's building system is crucial in ensuring responsible stewardship of State assets. This solution is a centralized platform capable of performing all of the operational, financial, and environmental performance aspects of managing a large-scale building system. The upgraded version will provide additional user capabilities, additional automated interfaces with existing State systems, and is a cloud-based solution, which will be updated automatically.

This initiative includes the Arizona Department of Transportation, the Department of Economic Security (DES), and the Department of Public Safety. Due to limitations of the existing out-of-date solution, DES will expand their utilization in the upgraded solution providing DES an effective and efficient tool to manage these State assets.

The amount displays the portion of funding for the respective agency. Of the total amount displayed below, the ongoing portion is \$147,000.

Funding	FY 2023
General Fund	419.8
Issue Total	419.8

Improving Information Technology Infrastructure and Security

The Executive Budget includes an increase in one-time and ongoing funding for a four-part IT infrastructure and security upgrade at the Department of Economic Security (DES). Ongoing funding of \$2.5 million will support expenses associated with staffing and contracts to support 24-hour monitoring and data loss coverage. One-time funding of \$1.4 million will be used to purchase equipment needed for 24-hour monitoring and other network equipment.

Due to the increased complexity and variety of cyberattacks, especially to public institutions, 24-hour security monitoring is necessary to safeguard sensitive and confidential information. DES will contract with a third party to provide Disaster Recovery as a Service (DRaaS), which would provide DES with data-loss coverage and recovery orchestration.

DES does not have the staff, funding, or infrastructure for data hosting and recovery orchestration. The Department will hire a Senior Security Engineer, a Junior Security Engineer, a Senior Security Architect, and a Senior Information Security Analyst. This staffing increase will prevent missed attacks by cybercriminals.

This funding will allow DES to (a) implement a 24-hour security monitoring system through a contracted agency; (b) contract with a third-party vendor to provide critical data-loss coverage and recovery orchestration; (c) refresh and replace network and firewall equipment; and (d) bolster existing network security staff by 4.0 FTE positions.

Enterprise Compensation Strategy

The Executive Budget includes an increase in ongoing funding of \$47.9 million to provide salary increases to key positions for which the agency is experiencing difficulty in recruiting and retaining highly qualified staff. Of this amount, \$31.7 million is from non-appropriated funds that will not appear in the fund sourcing below this issue.

The multi-agency Enterprise Compensation Strategy is projected to result in pay increases for over 25,000 State employees

Division of Developmental Disabilities Long Term Care System Fund Budget Load

The Executive Budget adds the following footnote to the General Appropriations Act:

"The Department of Economic Security shall enter its Long Term Care System budget in the State financial system in an amount equal to the appropriated General Fund and the appropriated Medicaid expenditure authority for each special line item containing Medicaid funding for the Division of Developmental Disabilities."

The Department of Economic Security lacks the appropriate expenditure authority to load funding for Medicaid-funded developmental disabilities programs in the State's financial system. The inability to load this funding impedes administrative efficiency and results in funding shortages throughout the year.

Advance Appropriations

The Executive Budget includes advance appropriations of the following:

- One-time funding of \$18.6 million in FY 2024 and \$24.5 million in FY 2025 from the State General Fund to replace the Unemployment Insurance systems. This three-year project will utilize available federal funds in FY 2023.

- Ongoing funding of \$4.4 million starting in FY 2024 for the permanent sustainment of provider rate increases in the Arizona Early Intervention Program. The agency will utilize federal funds in FY 2023 for temporary provider rate increases.

Executive Budget Baseline Changes

Department of Developmental Disabilities: Caseload and Capitation Growth

The Executive Budget includes an increase in ongoing funding for projected program cost increases in the Division of Developmental Disabilities (DDD).

In FY 2023, the number of members qualifying for Targeted Case Management (TCM) is expected to grow by 3%; State-Funded Long Term Care (SFLTC) by 3%, State-Only Case Management (SOCM) by 7.8%, and Arizona Long Term Care System (ALTC) by 3.7%.

The capitation rate for the ALTC and TCM populations is expected to increase by 4.6% in FY 2023.

The Executive expects the enhanced FMAP rate to expire in March 2022. Also considered is the reduction in the normal rate from 70% to 69.56% beginning in October 2022.

Due to changes in population, capitation rate, and the FMAP rate, meeting the needs of the ALTC population will require an ongoing General Fund increase of \$130.2 million and an ongoing increase in Title XIX authority of \$29.1 million. The needed increase in Title XIX authority is smaller than a typical year, due to the enhanced FMAP rates in prior years.

The State-Only HCBS appropriation will require an ongoing increase of \$3.0 million due to rising costs and population growth.

Room and board costs, paid from the State-funded Long Term Care Services Fund, will need an ongoing appropriation increase of \$800,000.

Funding	FY 2023
General Fund	133,209.8
Department Long-Term Care System Fund	29,862.6
Issue Total	163,072.4

Adult Protective Services Reporting Growth

The Executive Budget includes an increase in ongoing funding and 67.0 FTE positions to reduce Adult Protective Services (APS) caseloads to a more sustainable level.

APS is mandated to investigate all reports of abuse and neglect of Arizona adults. The year-over-year reporting growth has consistently been at about 15% and is projected to remain the same for FY 2023. With the current funded level of Investigators, this growth would result in an FY 2023 average investigator-to-report caseload reaching 1:90 – nearly four times the recommended average of 1:25.

The breakdown of the new FTE positions provides for 51.0 FTE new Investigator positions, 6.0 FTE Case Aide positions, 6.0 FTE Supervisor positions, 2.0 FTE Customer Service Representative positions, 1.0 FTE Quality Assurance Analyst position, and 1.0 FTE Case Reviewer position. The funding also addresses a \$2.9 million structural shortfall related to new employees hired in FY 2022. These positions are funded at the enhanced salary levels proposed in the Executive's Enterprise Compensation Strategy.

The hiring of 51 new Investigators and associated support staff will allow DES, by the end of FY 2023, to reach the recommended caseload average and achieve more timely and valuable investigations.

Remove One-Time FY 2022 Appropriations

The Executive Budget removes in FY 2023 the one-time FY 2022 appropriations.

- Child Care Development Funds: \$1,086.6 million
- Pandemic Emergency Assistance: \$14.6 million
- Sexual Violence Services: \$8.0 million
- Return to Work Grants: \$7.5 million
- Adult and Aging Services : \$1.5 million
- After School/Summer Youth Program: \$500,00

The Executive Budget aligns with current law by backing out these appropriations.

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustments section, which is immediately after the Capital section. Statewide Adjustments for FY 2023 include changes for health insurance premiums, retirement contributions, rent charges, accounting system costs, human resources system modernization, state motor vehicle fleet charges, human resources charges, and information technology charges.

There could also be funding for this agency in the capital or the statewide and large automation projects sections, which follow the Department of Water Resources.

As part of the Executive Budget, for some agencies, there are changes to Arizona Revised Statutes and General Appropriations Act footnotes.

State Board of Education

The State Board of Education is constitutionally charged with regulating the conduct of the public school system. Arizona law requires the Board to regulate and exercise general supervision over the conduct of the public school system and adopt rules and policies it deems necessary to accomplish this purpose. Regulation and supervision includes the following:

- (a) prescribe a minimum course of study and competency requirements for promotion of students from third and eighth grade as well as for graduation from high school;
- (b) supervise and control the certification of persons engaged in instructional work in a school district;
- (c) approve alternative teacher and administrator preparation programs;
- (d) adopt proficiency exams and passing scores for those exams;
- (e) adopt rules governing the methods for administering proficiency exams;
- (f) impose disciplinary action on all certificate holders who are found to have engaged in immoral conduct;
- (g) serve as the State Board for Vocational and Technological Education; and
- (h) delegate to the Superintendent of Public Instruction the execution of board policies and rules.

Major Executive Budget Initiatives and Funding

Adjudication of Educator Misconduct

The Executive Budget includes an increase in ongoing funding for additional Attorney General legal services, in addition to ongoing funding for anticipated increased hearing costs, and 1.0 FTE position and ongoing funding for administrative support.

Since 2015, the number of complaints filed with the Board by the Investigation Unit has increased by over 70%. Future caseloads are anticipated to continue to increase due to the addition of four Investigators in the Investigative Unit in the FY 2022 Enacted Budget. Additionally, the Board's new authority on the conduct of non-certified school staff is anticipated to result in increased complaints.

To ensure more manageable caseloads, sufficient ongoing funding for contracting 3.0 FTE Assistant Attorney General positions is expected to decrease the average number of open cases per Assistant Attorney General and lead to a more expedient timeline for resolving cases. Funding for hearing costs will enable the Board to conduct additional Professional Practices Advisory Committee hearings to assist in decreasing the time between allegations and Board action being taken. The additional Administrative Assistant will assist with the growing administrative burden attributable to increased complaints and corollary hearings.

Funding	FY 2023
General Fund	536.1
Issue Total	536.1

Restructuring of the Investigations Unit

The Executive Budget includes an increase in ongoing funding for compensation increases for the Investigations Unit, allowing for the promotion of two Investigators to Lead Investigators and elevating beginning salary levels of Investigators on their teams to be comparable with other State agencies.

With increasing caseload and an increase in staff included in the FY 2022 Budget, the Unit is currently not structured in a manner that ensures timely review and investigation of cases. Additional funding will be utilized to elevate two investigators to Lead Investigators, each overseeing a team of three Investigators and reporting to the Chief Investigator. The remainder of the funding will address salary levels for existing Investigators in an effort to retain existing expertise and address compression effects with the restructuring of the Unit.

This new structure for the Unit will allow the Chief Investigator to provide oversight to the increased number of investigators and work with Board staff to optimize initial review of cases and overall efficiency.

ESA Appeals Process Implementation

The Executive Budget includes an increase in ongoing funding and 1.0 FTE position for the Board to hire administrative staff to assist in the Empowerment Scholarship Account (ESA) appeals process.

Beginning in January 2021, the Board has been the receiving entity for all appeals to decisions made by the Department of Education regarding ESAs. Laws 2021, Chapter 404, Section 54 exempted the Board from uniform administrative hearing procedures for contested cases. Previously, the Board utilized the Office of Administrative Hearings, which covered all costs associated with appeals hearings.

This additional position will enable the Board to conduct its own hearings, avoiding delays and decreasing the average appeal wait time from the current 130 days to 100 days.

Policy Development and Implementation

The Executive Budget includes an increase in ongoing funding and 1.0 FTE position for additional staff support for Board policy development and implementation.

Board staff is charged with implementation of legislation, promulgation of new rules, review of past rules, conducting Board committee meetings, and developing Board policy, impacting the State's entire education system.

Current Board staff workload limits their ability to proactively review current rule and draft recommendations, while also ensuring that the Board fulfills new rulemaking mandates. Funding will allow for a Project Director of Policy to assist in this process and maintain the Board's constitutional authority.

Open Enrollment Promotion and Constituent Services

The Executive Budget includes an increase in ongoing funding and 1.0 FTE position for the promotion of open enrollment and to support Arizona's students and their families' utilization of their rights under Arizona law.

Spurred by the impacts of the COVID-19 pandemic, there has been a demonstrated increase in Arizona's students and families being empowered through school choice with the utilization of the State's open enrollment policies. This funding will allow the Board to fulfill its statutory requirements to promote and educate families on the existence of open-enrollment options and how to pursue the best education for their student.

Additionally, this funding will help the Board ensure that the most important education advocates, Arizona's students and their families, have the support and information they need to make the best education decisions.

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustments section, which is immediately after the Capital section. Statewide Adjustments for FY 2023 include changes for health insurance premiums, retirement contributions, rent charges, accounting system costs, human resources system modernization, state motor vehicle fleet charges, human resources charges, and information technology charges.

There could also be funding for this agency in the capital or the statewide and large automation projects sections, which follow the Department of Water Resources.

As part of the Executive Budget, for some agencies, there are changes to Arizona Revised Statutes and General Appropriations Act footnotes.

Department of Education

The Department of Education is administered by the Superintendent of Public Instruction, an elected position. The Superintendent leads the Department of Education in implementation of education laws and regulations. The Superintendent supports direct services to 235 locally governed school districts, including 14 career and technical education districts and eight accommodation districts. The Superintendent, in conjunction with the State Board for Charter Schools, oversees over 550 charter school sites. The Department executes education laws and regulations through evaluation, training, school improvement assistance, dissemination of information, and administration and allocation of funds. The Department also serves as the primary source for information on the status and needs of the public school system.

Major Executive Budget Initiatives and Funding

Statewide Assessments

The Executive Budget includes an increase in ongoing funding to support costs associated with administering statewide assessments.

The total cost to administer mandated statewide assessments in FY 2023 is expected to increase above existing appropriations, resulting in an anticipated funding shortfall.

The Executive Budget includes a funding increase equal to the anticipated FY 2023 shortfall to ensure that assessment requirements outlined in State and federal law continue to be met. The Executive proposes that these annual costs be reviewed annually by the Joint Legislative Budget Committee (JLBC).

Funding	FY 2023
General Fund	4,000.0
Issue Total	4,000.0

Certification Unit

The Executive Budget includes an increase in ongoing funding and 1.0 FTE position for the Department's Certification Unit. Ongoing funding will support the salary for a customer support position that will assist certificate applicants.

As Arizona continues to modernize and limit unnecessary barriers for entry and retention in the teaching profession, the Department has seen an increase in incomplete or improperly filled applications, from 16% of applications in CY 2018 to an estimated 25% in CY 2021. Additionally, as the State has raised the recognition of past certification and teaching experience, the Department has experienced a large increase in correspondence with applicants.

With the funding provided, the Department will decrease both applicant wait time and application abandonment.

Funding	FY 2023
General Fund	71.2
Issue Total	71.2

Literacy Initiative Tracking

The Executive Budget includes an increase in ongoing funding for Read On Arizona, a public/private partnership that assists with the rollout of early literacy initiatives.

During the 2021 Legislative Session, numerous policy measures were implemented to improve and enhance early literacy across the state, including the measures passed in Laws 2021, Chapter 434 that establish a pathway for expanding educator capacity in the science of reading and strengthening new teacher preparation programs.

Additionally, the Legislature approved appropriations in the FY 2022 budget to launch literacy coaches in high-need schools, adopt a State kindergarten entry evaluation tool, and support the implementation of dyslexia training and an educator reading instruction exam.

With the funding provided, the Department will improve its ability to maximize resources and properly roll out FY 2021 early literacy initiatives.

Civics Excellence Incentive Bonus Program

The Executive Budget includes an increase in ongoing funding for the Civics Excellence Incentive Bonus Program, which is aimed at rewarding schools with high-achieving results on Arizona's required civics test.

The Program will provide incentive payments to high schools at which one or more students achieve a score of 95% or higher on the American Civics Act Assessment. Schools at which 50% or more of the student population qualifies for free or reduced-price lunch will receive \$450 per qualifying student, and all other schools will receive \$300 per student.

If the statewide sum of per-student bonuses awarded pursuant to this subsection exceeds the amount of available monies appropriated for incentive bonuses, the bonus monies shall be reduced proportionally to cover all eligible bonus awards.

At least half of funding received by a school as a part of this program must be distributed to the classroom Teacher who instructed the qualifying students on the subject. Other permitted uses of the remaining funding shall be allocated by the School Principal on behalf of students who receive a qualifying score and may be used for teacher professional development or student instructional support, reimbursement of fees, or instructional materials.

General Fund	5,000.0
Issue Total	5,000.0

Arizona Industry Credentials Incentive Program Continuation

The Executive Budget includes an increase in ongoing funding for continuation, with improvements, of the Arizona Industry Credentials Incentive Program.

Following two years of successful program growth, the Program has proven to be impactful to Arizona's students and economy. With 4,382 students from the class of 2020 qualifying to draw down funding and 5,057 credentials earned, the Program has equipped students for success immediately upon graduation.

In response to increased demand for multiple credentials from students and in recognition of industry requirements, the Executive Budget increases the level of funding from the Program's initial two years. The additional funding will be utilized to provide resources for students who qualify for multiple credentials, within an industry of critical need as determined annually by the Office of Economic Opportunity, on a per-student basis.

Funding	FY 2023
General Fund	6,000.0
Issue Total	6,000.0

Results-Based Funding Modernization

The Executive Budget includes an increase in ongoing funding for the resumption of formula-driven Results-Based Funding (RBF), with enhancements focused on rewarding Arizona schools that achieve high success and on encouraging sharing of practices.

With schools working diligently to ensure student success that stagnated during the COVID-19 pandemic, RBF is a powerful incentive tool that should be implemented and enhanced to help Arizona's students get back on track.

The Executive proposes (a) returning to the use of letter grades and (b) placement of this funding in Arizona's funding formula via Group-B Weights, to ensure that the funding amounts continue to reward and spur success, despite inflationary pressures.

The resumption of letter grades will reward all schools that achieve an "A" letter grade as defined annually by the State Board of Education, with two funding levels based on a school's Free and Reduced Price Lunch (FRL) population share, to continue to recognize the barriers to success faced by schools with a high FRL student population. Further, the Executive proposes that schools with an FRL population of 60% or higher and that achieve a "B" letter grade also receive funding as a part of RBF.

Finally, with the incorporation of RBF into the funding formula, the Executive proposes that local education agencies (LEAs) use a portion of the RBF monies received to expand and replicate the practices utilized at school sites that qualify for funding across the LEA.

Operation Excellence

The Executive Budget includes an increase in ongoing funding for Operation Excellence, bringing a renewed focus to closing the achievement gap through an evidence-based approach to chronically failing and underperforming schools.

Modeled off of the highly successful Project Momentum, schools will receive \$150 per pupil every year for three years to help implement high-yield, specific, research-based interventions, to dramatically improve student achievement. There will be real-time data tracking and State oversight, mentorship from Arizona school leaders who have successfully completed a school turnaround, and tangible consequences for those that still miss the mark.

All D-rated and F-rated schools will be designated as "Operation Excellence schools" and will be given multiple pathways and resources to improve. In addition, C-rated schools with 60% or more of students qualifying for free or reduced-price lunch (FRL) will be eligible and encouraged to participate.

After year three of the program, schools that do not make adequate progress and still receive a D or F rating will be subject to action by the State Board of Education. The Board will review and take into account the school's unique situation and select the best course of action. Options will include directing the Achievement District to work with the District to select a partnership school model, or if deemed appropriate, the State Board of Education will take steps to install new, temporary leadership at the school.

Executive Budget Baseline Changes

Inflation Adjustment

The Executive Budget includes an increase in ongoing funding for a 2% inflation adjustment in the FY 2022 base level amount, transportation route-mile factor, and charter school additional assistance.

The 2% inflation adjustment will add \$87.81 to the FY 2022 per-pupil amount of \$4,390.65, for a total of \$4,478.46 in FY 2023.

Funding	FY 2023
General Fund	143,700.0
Issue Total	143,700.0

Enrollment Growth

The Executive Budget includes a rebase in annual funding for anticipated enrollment changes.

The Executive Budget projects an overall increase of 1.64% in Average Daily Membership (ADM) in FY 2023, starting from an estimated FY 2022 population of 1,107,810 unweighted ADM. This growth consists of increases of 1.3% for district schools and 3.0% for charter schools. Enrollment-growth costs are based on the average cost per pupil in FY 2022 for both districts and charters, adjusted for inflation.

When COVID-19 responses sparked significant drops in student enrollment levels in Arizona public schools, initial assumptions held that the declines would be temporary and of short duration. As a consequence, the FY 2021 and FY 2022 enacted budgets did not reflect what ultimately proved to be enduring enrollment declines.

Due to delays in the full return of students to Arizona schools, and to demonstrated permanent shifts to private and homeschool instruction, a large disparity exists between enrollment reported by the Department of Education and the enrollment level that current appropriations can support. This disparity in enrollment is estimated to be approximately 16,000 unweighted ADM, resulting in approximately \$156.9 million in excess appropriations for current-year driven formula-determined funding.

The Executive Budget responds to these factors by proposing a rebase in annual funding for anticipated enrollment changes, with enrollment levels expected to resume pre-pandemic trends beginning in FY 2024.

In an effort to rebase student population forecasts and, effectively, Basic State Aid appropriation levels, the Executive estimate for population growth in FY 2023 begins with 1,107,810 unweighted ADM for FY 2022. The display of ongoing savings for this anticipated growth in actuals is the result of the net of the \$(156.9) million in savings and the anticipated increased annual costs of \$136.9 million for 1.6% growth.

Empowerment Scholarship Account - Basic State Aid Increase

The Executive Budget includes an increase in ongoing funding for Basic State Aid costs related to Empowerment Scholarship Account (ESA) growth.

Due to existing growth and impact of Laws 2021, Chapter 404, the Executive Budget assumes an increase in FY 2023 of approximately 1,400 students: 400 previously enrolled in a charter school, and 1,000 in a district school.

A cost to the General Fund of \$2.4 million in FY 2023 is anticipated, due to offsetting reductions in Basic State Aid payments for anticipated new program students, as these students would have otherwise attended their previous public school.

Increased Permanent Fund Distributions

The Executive Budget includes a decrease in ongoing funding from the General Fund, which is offset by an equivalent increase in ongoing funding from the Public Institution Permanent School Earnings Fund. The Permanent Land Trust is expected to increase distributions in FY 2023 and offset General Fund requirements for Basic State Aid.

In May 2016, Arizona voters approved Proposition 123, which increased from 2.5% to 6.9% the distributions from the Public Institution Permanent School Earnings Fund. The additional 4.4% authorized by Proposition 123 offsets General Fund requirements for Basic State Aid. Distributions from the Fund are made from the five-year average of the Fund's monthly market values.

Property Taxes From New Construction

The Executive Budget includes a decrease in ongoing funding to reflect increases in property taxes from new construction.

The Executive Budget forecasts a 6.0% increase in Primary Net Assessed Value (NAV): 3.6% growth in existing property values, and 2.4% growth from new construction.

The NAV increase for existing property does not affect the General Fund share of formula funding, as Truth in Taxation requires the Qualifying Tax Rate (QTR) to be adjusted each year to offset changes in existing property values. However, the increase in new construction will generate additional local property taxes that offset General Fund requirements for Basic State Aid.

The Executive projects the General Fund offset to decrease by \$(55.4) million. Part of that reduction will be offset by an expected \$14.2 million increase in State requirements for the Homeowner's Rebate on residential new construction. Additionally this reduction is offset by \$27.4 million in new State requirements for existing property due to Laws 2021, Chapter 412 that adjusted the Homeowner's Rebate percentage from 47.9% to 50.0% beginning in Tax Year 2022 (FY 2023) to offset primary property tax adjustments relating to the assessment ratio for commercial property, which begins to phase-in in FY 2023 and is anticipated to have an additional cost of \$5.7 million.

The Homeowner's Rebate for TY 2022 will pay 50% of each homeowner's QTR taxes, pursuant to A.R.S. § 15-972. Article IX, Section 18 of the State Constitution caps residential primary property taxes at no more than 1% of a home's full cash value. The State backfills any primary property tax costs for homeowners that exceed the 1% cap. The \$14.8 million estimate assumes that Class 3 properties will account for 50% of statewide property tax growth from new construction in FY 2023.

1% Cap Cost Revisions – Desegregation Funding

The Executive Budget includes a decrease in ongoing funding for the Additional State Aid program, due to an anticipated decrease in 1% Cap costs to the General Fund.

The Additional State Aid program provides funding for the Homeowner's Rebate and the portion of a homeowner's Class III primary property taxes, for all taxing jurisdictions, that exceeds 1% of the home's full cash value, known as the "1% Cap."

Laws 2018, Chapter 283 requires that a school district's desegregation programs be funded with secondary rather than primary property taxes beginning in FY 2019. The FY 2019 enacted budget anticipated \$18,952,700 in reduced ongoing 1% Cap costs beginning in FY 2019 as result of this requirement, as the 1% Cap does not apply to secondary property taxes. However, at least one school district has continued to fund desegregation programs from primary property taxes through at least Tax Year 2021 (FY 2022), with an estimated \$7,688,800 in 1% Cap costs to the General Fund. These costs are still borne by the Additional State Aid program, demonstrating that the FY 2019 reduction did not fully remove all desegregation program-related 1% Costs.

Additional State Aid Prior Year Base Adjustment

The Executive Budget includes a decrease in ongoing funding to reflect lower-than-budgeted costs for Additional State Aid for FY 2022.

In the FY 2022 Enacted Budget, it was estimated that Additional State Aid would cost \$460,630,300 for FY 2022, accounting for the Homeowner's Rebate and 1% Cap. The actual cost was \$457,866,709, reported by the Department of Revenue in October 2021 pursuant to A.R.S. § 15-972(h), or \$2.8 million below the FY 2022 Enacted Budget.

- Arizona Industry Credential Incentive Program: \$5.0 million
- Extraordinary Special Education Needs Fund deposit: \$5.0 million
- Statewide Assessment costs: \$5.0 million
- Gifted Assessments: \$850,000
- Teacher Professional Development Pilot Program: \$400,000
- Student Level Data Access: \$350,000

The Executive Budget aligns with current law by backing out these appropriations.

Executive Budget Supplemental Changes

Decreased Education Formula Costs

The Executive Budget includes a supplemental decrease in FY 2022 for the projected surplus resulting from formula expenditures below the enacted budget.

The student population for the 2021-2022 School Year is anticipated to be approximately 16,000 below the estimated level for the Enacted Budget, which will generate lower-than-budgeted State funding formula costs. Additionally, for items in the State funding formula that rely on past-year figures, such as District Additional Assistance and District Transportation Funding, the Executive projects a Basic State Aid surplus of \$306.9 million, based on currently available data, and anticipates further changes as the school year progresses.

Funding	FY 2022

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustments section, which is immediately after the Capital section. Statewide Adjustments for FY 2023 include changes for health insurance premiums, retirement contributions, rent charges, accounting system costs, human resources system modernization, state motor vehicle fleet charges, human resources charges, and information technology charges.

There could also be funding for this agency in the capital or the statewide and large automation projects sections, which follow the Department of Water Resources.

The Executive Budget provides a lump-sum appropriation by fund with special lines.

Department of Emergency and Military Affairs

The Arizona Department of Emergency and Military Affairs (DEMA) is administered and controlled by the Governor and headed by the Adjutant General as Military Chief of Staff and agency Director.

The Department consists of the Army National Guard, Air National Guard, Joint Task Force-AZ, Division of Emergency Management, and Division of Administrative Services. Collectively these components provide military and emergency management capabilities and services to the citizens of Arizona in three distinct levels: community, State, and federal.

These components utilize state and federal resources to perform homeland defense and emergency management activities to protect the citizens of Arizona, provide trained military units in support of civil authorities for domestic emergencies, and support federal combatant commanders for national defense and homeland security missions

Major Executive Budget Initiatives and Funding

Border Security Fund Deposit

The Executive Budget includes an increase in one-time funding for a deposit into the Border Security Fund.

Created pursuant to Laws 2021, Chapter 403, the Border Security Fund is used to prevent human trafficking; prevent entry into the U.S. of aliens unlawfully present, terrorists and instruments of terrorism, and contraband; planning, designing, constructing, and maintaining transportation, technology, and commercial vehicle inspection infrastructure near the border; clearing non-indigenous plants; administering and managing the construction and maintenance of a physical border fence; awarding grants to counties to provide housing in secure facilities; and awarding grants to counties for prosecuting individuals who commit crimes related to unlawful entry of individuals or substances.

Funding	FY 2023
General Fund	50,000.0
Issue Total	50,000.0

Pandemic Cost Increases

The Executive Budget includes an increase in one-time funding to cover cost increases resulting from the pandemic.

The contractor for the Tucson Readiness Center has informed the Department that the Center's construction costs have increased since the contract was signed in April 2021. The cost has increased due to unprecedented pandemic-related construction industry cost increases.

Without the additional funding, the quality of the readiness center could be impacted. Stationing soldiers in a readiness center that lacks adequate space and quality can adversely impact morale, retention, and readiness.

Funding	FY 2023
General Fund	1,800.0
Issue Total	1,800.0

Readiness Center Maintenance Backlog

The Executive Budget includes an increase in one-time funding to resolve the deferred-maintenance backlog at the Department's Army National Guard readiness centers and readiness center support facilities.

Due to the gap in available funding and required costs for operations and maintenance, the Guard has deferred some required facility maintenance and consolidated units to maintained facilities. The accumulation of deferred maintenance ultimately leads to the closure of the facility. The Executive Budget seeks to eliminate the backlog to prevent facilities from closing.

Funding	FY 2023
General Fund	10,416.6
Issue Total	10,416.6

State Match for Readiness Center Maintenance

The Executive Budget includes an increase in ongoing funding to reach the state match requirements to support the operational and maintenance needs of the Arizona Army National Guard readiness centers and readiness center support facilities.

The Guard has a total of 60 facilities that are considered either readiness centers or readiness center support facilities, which require either a 25% or 50% state match for their operations and maintenance, with the balance matched by the federal government. The average age of the readiness centers is 38 years; due to the facilities’ age, the maintenance and repairs required to maintain their functionality has steadily increased.

The Department receives \$1.7 million in the National Guard Matching Funds special line item to fund the operations and maintenance of buildings for which the State has a requirement per the Master Cooperative Agreement with the National Guard Bureau.

The Department has been forced to defer maintenance each year, creating a backlog. The Executive Budget seeks to eliminate that backlog and fully fund the state match requirements of the centers and facilities.

Funding	FY 2023
General Fund	1,668.9
Issue Total	1,668.9

State Match to Meet Grantee Requirements

The Executive Budget includes an increase in ongoing funding to meet the grantee requirements of the State’s Master Cooperative Agreement (MCA), Appendix One with the U.S. Department of Defense for employee support to the Arizona Army National Guard for facilities maintenance.

The federal government conducted an audit of Appendix One of the MCA between the National Guard Bureau (NGB) and the State. Per the audit findings, the federal government reimbursed the State for maintenance and engineering design work at a rate higher than was authorized on the Facilities Inventory and Support Plan. Personnel that worked on projects or performed maintenance at facilities listed at less than 100% federal reimbursement had their salaries improperly federally reimbursed at 100%. Per NGR 5-1 National Guard Grants and Cooperative Agreements, the State cannot opt out of paying the state match.

Finalization of the audit and failure to rectify the state match amount will lead to NGB reducing the amount of available federal dollars to fund employee salaries and facility maintenance by their calculated amount, which, either through a reduction in force or reduced maintenance funding, will result in additional maintenance not being performed and facility closures. This funding rectifies the state match amount, eliminating the need for action by the NGB.

Funding	FY 2023

Executive Budget Baseline Changes

Remove One-Time FY 2022 Appropriations

The Executive Budget removes in FY 2023 the one-time FY 2022 appropriations for aircraft communications equipment and the National Guard Cyber Response Revolving Fund Deposit.

Laws 2021, Chapter 408, Section 31 appropriated \$220,500 from the General Fund in FY 2022 for one-time costs associated with aircraft communications equipment and appropriated \$300,000 from the General Fund in FY 2022 for a one-time deposit into the National Guard Cyber Response Revolving Fund Deposit.

The Executive Budget aligns with current law by backing out the appropriations.

FY 2023 Executive Budget

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustments section, which is immediately after the Capital section. Statewide Adjustments for FY 2023 include changes for health insurance premiums, retirement contributions, rent charges, accounting system costs, human resources system modernization, state motor vehicle fleet charges, human resources charges, and information technology charges.

There could also be funding for this agency in the capital or the statewide and large automation projects sections, which follow the Department of Water Resources.

As part of the Executive Budget, for some agencies, there are changes to Arizona Revised Statutes and General Appropriations Act footnotes.

Major Executive Budget Initiatives and Funding

Coal Combustion Residual Program Primacy

The Executive Budget includes an increase in ongoing funding for 2.0 FTE Waste Program positions, in addition to \$85,000 in one-time costs for contractor services, to assume primacy of the Coal Combustion Program from the federal Environmental Protection Agency.

With this funding, 2.0 FTE Environmental Engineer positions will be hired in FY 2023 to administer the permitting program, including reviewing modifications, amendments, and renewals to permits.

Funding	FY 2023
Solid Waste Fee Fund	382.1
Issue Total	382.1

Eliminate Underground Storage Tank Policy Commissions Appropriation

The Executive Budget includes a decrease in ongoing funding for the Underground Storage Tank (UST) Policy Commission and the UST Technical Appeals Panel.

This appropriation was included in the Department's operating lump sum to support these entities. Laws 2015, Chapter 247 repealed the UST Policy Commission and UST Technical Appeals Panel.

Funding	FY 2023
Underground Storage Tank Revolving	(148.8)
Issue Total	(148.8)

Enhance Water Quality

The Executive Budget includes an increase in one-time funding for a General Fund appropriation transfer to, and an accompanying ongoing appropriation from, the Water Quality Fee Fund to support surface water protection, groundwater monitoring (including assuming primacy of the Underground Injection Control (UIC) program), and drinking water quality programs.

The Executive Budget also includes an increase in ongoing funding from the Solid Waste Fee Fund to support additional groundwater monitoring activities.

Funding will be used to hire critical staff and engage contractors to reinstate and improve groundwater monitoring and surface water protection programs, in order to address findings from a recent performance audit by the Auditor General. Funding will also be used to proactively enhance drinking water quality programs.

In conjunction with these efforts, the Department will consult with an economist that will assist with reviewing the fee schedule to ensure that ongoing support is available for all programs.

Funding	FY 2023
General Fund	6,400.0
Solid Waste Fee Fund	380.1
Water Quality Fee Fund	6,400.0
Issue Total	13,180.1

Promote Biomass Recovery for Healthy Forests

The Executive Budget includes an increase in one-time funding for the Department of Environmental Quality to transfer funding from the Recycling Fund to the Department of Forestry and Fire Management to administer grants through existing programs for the purpose of recovering and processing biomass waste.

This funding will support the diversion of biomass waste from forests, which may improve the natural environment and reduce the spread of wildfires.

This issue appears in the Footnote Changes section of the Executive Budget.

Funding	FY 2023
Recycling Fund	1,000.0
Issue Total	1,000.0

Take-Back Program for Aqueous Film Forming Foams containing Polyfluoroalkyl Substances

The Executive Budget includes an increase in one-time funding for eliminating Aqueous Film Forming Foam (AFFF) stockpiles that contain Polyfluoroalkyl Substances (PFAS).

Laws 2019, Chapter 222 prohibits fire districts from using PFAS-containing AFFF to suppress fires, due to the toxicity of PFAS. This funding will be used to eliminate the remaining stockpiles of PFAS-containing AFFF.

Funding	FY 2023
Emergency Response Fund	395.5
Issue Total	395.5

Executive Budget Baseline Changes

Remove One-Time FY 2022 Appropriations

The Executive Budget removes in FY 2023 the one-time FY 2022 appropriations for:

- Surface Water Protection Program startup costs: \$1.2 million
- Hazardous Waste Management Fund structural deficit: \$604,000

The Executive Budget aligns with current law by backing out these appropriations.

Funding	FY 2023
Recycling Fund	(200.0)
Voluntary Vehicle Repair & Retrofit Program Fund	(560.0)
Solid Waste Fee Fund	(604.0)
Safe Drinking Water Program Fund	(400.0)
Issue Total	(1,764.0)

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustments section, which is immediately after the Capital section. Statewide Adjustments for FY 2023 include changes for health insurance premiums, retirement contributions, rent charges, accounting system costs, human resources system modernization, state motor vehicle fleet charges, human resources charges, and information technology charges.

There could also be funding for this agency in the capital or the statewide and large automation projects sections, which follow the Department of Water Resources.

As part of the Executive Budget, for some agencies, there are changes to Arizona Revised Statutes and General Appropriations Act footnotes.

Office of Economic Opportunity

Laws 2016, Chapter 372 created three new governmental entities: The Office of Economic Opportunity (OEO), the Arizona Finance Authority (AFA), and the Arizona Industrial Development Authority (AZIDA). AFA is established in OEO and the AFA board serves as the board of AZIDA. The following agency budget includes all three entities' funding, though each is an operationally unique unit.

The Office of Economic Opportunity coordinates Arizona's workforce planning with economic development, supports the Workforce Arizona Council, and provides economic, demographic, regulatory, and tax research and analysis, at both the state and local levels.

Water Infrastructure Finance Authority finances the acquisition, construction, rehabilitation, and improvement of drinking water, wastewater, wastewater reclamation, and other water projects.

Greater Arizona Development Authority helps lower the costs of financing for local governments and tribal entities on debt incurred for infrastructure development and construction.

AZIDA is a non-profit corporation designated as a political subdivision of the State that issues both taxable and tax-exempt bonds for commercial activities.

Executive Budget Baseline Changes

Remove One-Time FY 2022 Appropriations

The Executive Budget removes in FY 2023 the one-time FY 2022 appropriations for various one-time initiatives.

Laws 2021, Chapter 408 provided the following one-time appropriations:

- Water Supply Development Revolving Fund Deposit: \$6.0 million
- Water Projects Assistance Grants: \$5.0 million
- Small Drinking Water Systems Fund Deposit: \$1.0 million

The Executive Budget aligns with current law by backing out these appropriations.

Funding	FY 2023
General Fund	(12,000.0)
Issue Total	(12,000.0)

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustments section, which is immediately after the Capital section. Statewide Adjustments for FY 2023 include changes for health insurance premiums, retirement contributions, rent charges, accounting system costs, human resources system modernization, state motor vehicle fleet charges, human resources charges, and information technology charges.

There could also be funding for this agency in the capital or the statewide and large automation projects sections, which follow the Department of Water Resources.

As part of the Executive Budget, for some agencies, there are changes to Arizona Revised Statutes and General Appropriations Act footnotes.

Board of Equalization

The State Board of Equalization is comprised of 41 members: 21 (including the chairman) appointed by the Governor and 10 each from Maricopa and Pima counties (appointed by the boards of supervisors of those counties). The Board of Equalization's jurisdiction is primarily over locally assessed real and personal property in Maricopa and Pima counties. Under A.R.S. § 42-14001 et al., the Board's authority extends to centrally assessed property statewide. By statute, the Board also can provide hearing officer services for outlying counties; currently, the Board provides services to Cochise, Mohave, Pinal, Santa Cruz, and Yavapai counties.

Appeals Application Information Technology Costs

The Executive Budget includes an increase in one-time and ongoing funding for costs associated with upgrading the Board's appeals application system.

One-time funding of \$50,000 will support necessary software upgrades for the project. The ongoing funding of \$25,000 will support annual licensing and system server access requirements.

In FY 2021, the Board began working with the Arizona Strategic Enterprise Technology (ASET) Office at the Department of Administration to transition the Board's outdated appeals application system to Salesforce. The system upgrade was to be implemented in phases and funded through vacancy and other savings. During the initial phase of development, the Board and ASET identified additional costs that necessitate greater funding.

The Board anticipates that this project will be completed by FY 2024.

Board of Executive Clemency

The Board of Executive Clemency is a five-member board appointed by the Governor and is statutorily empowered to make decisions regarding:

- (a) discretionary release of those inmates who are eligible for parole and/or home arrest (inmates whose crimes were committed on or before December 31, 1993);
- (b) revocation of parole (or community supervision for crimes committed on or after January 1, 1994) for offenders found to be in violation of the terms and conditions of their release;
- (c) absolute discharge from parole; and
- (d) modification of release conditions and release rescissions.

The Board also makes clemency recommendations to the Governor on requests for commutation of sentence, including death penalty sentences, reprieves in matters related to death penalty cases, and pardons.

Chief Operating Officer Position

The Executive Budget includes an increase in ongoing funding for the Board to hire 1.0 FTE Chief Operating Officer position.

The Executive Director and the new Chief Operating Officer will share various administrative and executive roles, such as Legislative liaison, human resources officer, IT liaison, public records coordinator and redactor, Arizona Management System and process improvement expert, inventory and surplus manager, report producer, policy and procedure manager, budget director, legal advisor, and stakeholder engager. The funding will address leadership capacity concerns, improve employee retention, and improve government operations.

The Board will convert 1.0 vacant FTE position and use existing budget capacity to offset the request. No additional FTE position is required.

Department of Forestry and Fire Management

The Arizona Department of Forestry and Fire Management (DFFM), in partnership with local, county, State, and federal agencies, protects Arizona's people and lands by: providing coordination and resource response for the suppression and management of wildland fire; delivering education to aid in the prevention of wildland fire; providing information, education, technical assistance, and integrated management strategies through forestry programs; collaborating in forest restoration; and ensuring fire and life safety through regular building inspections, permitting, and plan reviews.

Agency Total	76,686.7	115,112.0	67,549.8	182,661.8

Major Executive Budget Initiatives and Funding

Fire Suppression Funding

The Executive Budget includes an increase in ongoing funding for fire suppression.

The rise in wildland firefighting costs is not isolated to Arizona, as the western U.S. is experiencing drier, warmer climates, with forests that have not been adequately maintained, resulting in an increase in State spending on multi-jurisdictional wildfires that did not correlate to a proportional increase in the Department's suppression fund budget.

The Fire Suppression special line item (SLI) has been appropriated \$4.0 million: \$3.0 million from A.R.S. § 37-1305; \$200,000 from Laws 2021, Chapter 408; and \$800,000 from an interagency service agreement (ISA) with the State Land Department. Those amounts are insufficient to cover average Arizona wildfire costs.

The Executive Budget increases the SLI's appropriation to a total of \$20.0 million by increasing the statutory appropriation by \$17.0 million, providing an ongoing decrease of \$200,000 to the feed bill, and terminating the \$800,000 ISA with the State Land Department.

The Executive Budget also provides the following Legislative change:

"As permanent law, require that the General Fund appropriation for Wildland fire suppression or other unplanned all-risk emergency liabilities be reduced each fiscal year by the amount of unexpended and unobligated monies in the Fire Suppression Revolving Fund from the prior fiscal year.

"On or before August 1 of each fiscal year, the State General Fund appropriation for Wildland fire suppression or other unplanned all-risk emergency liabilities for the current fiscal year shall be reduced by the amount of unexpended and unobligated monies remaining in the Fire Suppression Revolving Fund at the end of the prior fiscal year.

"On or before March 1, 2023, and each year thereafter, the Department of Forestry and Fire Management shall report to the Joint Legislative Budget Committee and the Governor's Office of Strategic Planning and Budgeting non-reimbursable wildfire suppression costs by providing audited invoices for the previous fiscal year."

This proposed language can be found in the Executive Budget Legislative Changes section.

Funding	FY 2023
General Fund	16,800.0
Issue Total	16,800.0

Arizona Healthy Forest Initiative

The Executive Budget includes an increase in ongoing funding and a \$3.0 million increase in one-time funding for the second year of the Arizona Healthy Forest Initiative (AZHFI).

AZHFI is estimated to reduce the threat of wildfire in Arizona – particularly on the lands for which the Department is responsible (i.e., State Trust Land and unincorporated private lands) – by a five-fold increase in the amount of Hazardous Vegetation Removal treated land, to over 20,000 acres per year. This increase in the pace of wildfire fuel removal reflects a strategic shift in reducing statewide wildfire risks, decreasing reliance on the U.S. Forest Service, and sharply increasing the State’s role.

After the first year saw partial completion, the second year of the initiative will bring AZHFI to full capacity. All 122.0 FTE positions will be hired; all vehicles will be purchased; grant funding will reach \$4.5 million; contract mechanized crews will be at full capacity; and all inmate teams will be deployed.

Funding	FY 2023
General Fund	32,457.0
Issue Total	32,457.0

Additional Fire Marshals

The Executive Budget includes an increase in ongoing funding for 5.5 FTE Deputy Fire Marshal positions and an increase in one-time funding of \$23,843 for equipment costs.

The Office of the State Fire Marshal (OSFM) is responsible for inspecting 15,000 State- and county-owned buildings, including schools. The State is taking additional steps to ensure adequate fire safety systems.

Inspections and plan reviews have not been conducted at an acceptable rate, which the Executive seeks to increase. In contrast to the FY 2022 budget, which targeted school inspections, the FY 2023 Executive Budget encompasses all inspections and plan reviews conducted by OSFM.

Funding	FY 2023
General Fund	491.4
Issue Total	491.4

Good Neighbor Authority

The Executive Budget includes an increase in ongoing funding for 17.0 new FTE positions.

The new FTE positions will expand the Department’s capacity to administer more Good Neighbor Authority (GNA) projects with the U.S. Forest Service (USFS) and other stakeholders.

As part of the Arizona Healthy Forest Initiative, the Department is engaging with the USFS in thinning and other restoration projects, focused primarily in and around communities. The GNA initiative would expand that scope to target further into the forests, into high-risk areas that have the potential for devastating forest fires.

In September 2021, the U.S. Forest Service canceled the solicitation for a 20-year contract that would have treated over 450,000 acres of National Forest land. The Forest Service is willing to give Arizona more acres to treat under State control, if the State can provide additional funds.

The new FTE positions and funding can implement GNA projects around the state, expanding the acres treated each year to 28,000.

GNA funding can cover more acres at a smaller cost to the State compared to the Arizona Healthy Forest Initiative (AZHFI). With AZHFI, DFFM is responsible for the project from steps zero to ten (project inception to completion). With GNA, DFFM is involved with project implementation from around steps eight to ten. This is because the USFS has already completed a majority of the project planning. DFFM is essentially developing the GNA agreement, ensuring compliance with State and federal law, and overseeing all aspects of on the ground project implementation.

State Fleet: New Additions

The Executive Budget includes a one-time deposit from the General Fund into the State Fleet Replacement Fund to purchase vehicles.

- The Arizona Healthy Forest Initiative requires the Department to purchase 56 vehicles for supervisors to drive the 72 inmate crews to work sites.
- The Additional Fire Marshals initiative requires the Department to purchase six vehicles for the 5.5 new FTE positions. The new personnel will use the vehicles for transportation to inspections.
- The Good Neighbor Authority initiative requires the Department to purchase 14 vehicles for new FTE positions. The new FTE positions will use the vehicles for transportation as they perform their job duties.

Transfers and appropriations for this project appear in the Arizona Department of Transportation (ADOT) section of the Executive Budget. ADOT is the State Fleet manager and has sole statutory authority to procure vehicles on behalf of agencies within the State Fleet.

State Fleet: New Additions – Ongoing Costs

The Executive Budget includes an increase in ongoing funding from the General Fund for the ongoing costs associated with the vehicle purchases stated above.

Executive Budget Baseline Changes

Remove One-Time FY 2022 Appropriations

The Executive Budget removes in FY 2023 the one-time FY 2022 appropriations for equipment costs associated with hiring three new State Fire Marshals and one-time rural fire district reimbursements.

Laws 2021, Chapter 408, Section 37 appropriated \$116,650 from the General Fund in FY 2022 one-time for equipment costs associated with hiring three new State Fire Marshals and appropriated \$2.5 million from the General Fund in FY 2022 one-time to the Department to reimburse rural fire districts.

The Executive Budget aligns with current law by backing out these appropriations.

Funding	FY 2023
General Fund	(2,616.7)
Issue Total	(2,616.7)

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustments section, which is immediately after the Capital section. Statewide Adjustments for FY 2023 include changes for health insurance premiums, retirement contributions, rent charges, accounting system costs, human resources system modernization, state motor vehicle fleet charges, human resources charges, and information technology charges.

There could also be funding for this agency in the capital or the statewide and large automation projects sections, which follow the Department of Water Resources.

Major Executive Budget Initiatives and Funding

eLicensing Upgrade

The Executive Budget includes an increase in one-time funding for the costs associated with migrating to and maintaining the eLicensing platform. The process of reviewing applications and issuing licenses at many State boards, including the Board of Funeral Directors & Embalmers, calls for further modernization.

Funding	FY 2023
Funeral Directors & Embalmers Fund	18.0
Issue Total	18.0

Salary Enhancements

The Executive Budget includes an increase in ongoing funding for salary enhancements for 3.5 FTE positions.

In FY 2022, the Board has experienced 100% employee turnover. Feedback from exit interviews indicates that the primary reasons that employees left the Board were low compensation rates and workloads in excess of stated responsibilities.

The compensation increase, which will increase salaries at the Board to match statewide median compensation, applies to the following positions: Executive Director, Investigations Manager, Licensing Administrator, and Administrative Assistant III.

Funding	FY 2023
Funeral Directors & Embalmers Fund	39.0
Issue Total	39.0

Interagency Service Agreement with Attorney General

The Executive Budget includes an increase in ongoing funding for the Board to establish an interagency service agreement (ISA) with the Attorney General's Office (AG).

The AG provides services to the Board in the form of board meeting attendance, advisory services on various legal matters, and feedback on proposed changes at the Board. However, because the Board does not have a standing ISA with the AG, the Board experiences high turnover among the AG representatives assigned to it.

In FY 2021, the AG spent 660 hours working with the Board, for an average of 12.7 hours per week. The funding increase will cover a quarter-time AG representative, which should be sufficient to cover the Board's needs.

Executive Budget Baseline Changes

The Executive Budget removes in FY 2023 the one-time FY 2022 appropriation for technology updates.

The Executive Budget aligns with current law by backing out the appropriation.

Major Executive Budget Initiatives and Funding

State Fleet Modernization Phase 2: AGFD Fleet Funds - NEW

The Executive Budget establishes the AGFD Fleet Replacement Fund and the AGFD Fleet Operations Fund.

The Game and Fish Department (AGFD) is under the State Fleet umbrella, which is managed by the Arizona Department of Transportation (ADOT). Due to federal funding restrictions, Department monies cannot be transferred to ADOT’s State Fleet Operations Fund or State Fleet Replacement Fund.

To resolve that situation, ADOT and the Department have entered into an intergovernmental agreement, under ADOT’s statutory authority as the Fleet Manager, to allow the Department to manage its vehicle allocation within the State Fleet under ADOT’s oversight.

The two new non-appropriated funds will provide to ADOT, the Joint Legislative Budget Committee, and the Governor's Office of Strategic Planning and Budgeting a high level of transparency and accountability in the Department’s management of its vehicle allocation.

This issue appears in the Legislative Changes section of the Executive Budget.

Funding	FY 2023
AGFD Fleet Vehicle Replacement Fund - NEW	0.0
AGFD Fleet Operations Fund - NEW	0.0
Issue Total	0.0

Statewide Drought Response & Mitigation

The Executive Budget includes an increase in one-time funding to mitigate drought conditions that have affected wildlife conservation and sportfish production.

The funding will be used to redevelop critical water catchments, replace critical regional water hauling equipment, and purchase sportfish.

Funding	FY 2023
Game and Fish Fund	1,490.4
Issue Total	1,490.4

Executive Budget Supplemental Changes

Pension Liability Deposit

The Executive Budget includes an increase in one-time funding to reduce unfunded pension liabilities at the Department.

The Executive Budget includes this one-time appropriation as a new special line item.

This one-time appropriation is in addition to the increase in funding for pension liability in the Public Safety Personnel Retirement System section of the Executive Budget.

Funding	FY 2022
Game and Fish Fund	15,000.0
Issue Total	15,000.0

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustments section, which is immediately after the Capital section. Statewide Adjustments for FY 2023 include changes for health insurance premiums, retirement contributions, rent charges, accounting system costs, human resources system modernization, state motor vehicle fleet charges, human resources charges, and information technology charges.

There could also be funding for this agency in the capital or the statewide and large automation projects sections, which follow the Department of Water Resources.

As part of the Executive Budget, for some agencies, there are changes to Arizona Revised Statutes and General Appropriations Act footnotes.

Major Executive Budget Initiatives and Funding

Accelerated Nursing Program

The Executive Budget includes an increase in one-time funding to engage in a public-private partnership with Creighton University that will allow for the instruction of an additional accelerated nursing cohort as well as scholarship opportunities for nursing students.

Creighton University currently has two accelerated nursing programs at their Phoenix campus. These accelerated nursing academy cohorts consist of roughly 50-60 nursing students. Unlike traditional nursing programs that take roughly 48 months to complete, the accelerated program can complete instruction in 12-18 months with a 93% or greater graduation rate.

The program will also assist to provide scholarships to students on the condition that they commit to nursing in an Arizona hospital for at least four years after graduation. By 2030, it is estimated that this will result in 300 additional nurses working in Arizona.

Funding	FY 2023
General Fund	25,700.0
Issue Total	25,700.0

Enterprise Compensation Strategy

The Executive Budget includes an increase in ongoing funding of \$5.0 million to provide salary increases to key positions for which the agency is experiencing difficulty in recruiting and retaining highly qualified staff. Of this amount, \$129,800 is from non-appropriated funds that will not appear in the fund sourcing below this issue.

This multi-agency Enterprise Compensation Strategy is projected to result in pay increases for over 25,000 State employees.

Arizona State Hospital Operating Initiative

The Executive Budget includes an increase in ongoing funding to address a shortfall in the Arizona State Hospital (ASH) Operating special line item and ongoing costs associated with various campus-wide projects that were started in FY 2022.

In FY 2023, the Executive projects a \$6.6 million shortfall on the ASH Operating SLI. The shortfall is primarily related to higher staffing levels at the Hospital, as well as contracted pharmaceutical, dietary, Attorney General, and maintenance cost increases.

In addition, the Executive Budget includes an ongoing \$262,100 increase in the ASH Fund for costs associated with IT projects on the ASH campus that were started in FY 2022. Costs include operating licenses for a new medication barcode scanning system; an ongoing replacement schedule for IT hardware; and Wi-Fi costs associated with the expansion of Wi-Fi in areas of the Hospital impacted by expansion.

Funding	FY 2023
General Fund	6,665.3
The Arizona State Hospital Fund	262.1
Issue Total	6,927.4

Arizona State Hospital Surveillance System Upgrade

The Executive Budget includes an increase in one-time funding to complete replacement of the camera surveillance system at the Arizona State Hospital (ASH) and an increase in ongoing funding for audio and visual storage costs associated with the upgrade.

ASH utilizes two surveillance systems on campus. One covers the Forensics Unit, Civil, Dietary, Warehouse, General Services, Hunt Building, and Psychiatric Security Review Board (PSRB), and the other covers the Arizona Community Protection and Treatment Center (ACPTC).

The video surveillance equipment is outdated for both systems. The upgrade would incorporate all facilities on campus under one integrated surveillance system and update all video surveillance equipment, fiber optics, cabling, and network infrastructure to ensure that cameras work cohesively and consistently.

In addition, the Hospital requires funding to implement 24-month storage for both audio and visual footage, which is projected to cost \$2.0 million per year.

Funding	FY 2023
General Fund	4,772.3
Issue Total	4,772.3

Alzheimer's Disease Research Funding

The Executive Budget continues one-time funding for Alzheimer's disease research.

The Department provides grant funding to the Arizona Alzheimer's Consortium (AAC), which provides dollar-for-dollar matching grants to universities, hospitals, and research centers for research on the causes of Alzheimer's disease.

The FY 2023 appropriation continues a three-year commitment to supporting the AAC and Alzheimer's disease research.

Funding	FY 2023
Prescription Drug Rebate Fund	3,625.0
Issue Total	3,625.0

Vital Records Appropriation Extension

The Executive Budget includes the extension of a one-time FY 2022 appropriation of \$1.0 million to upgrade the Department's Vital Records Electronic System.

Laws 2021, Chapter 384 required that the Department update its adoption records system, which would allow the Department to release birth records that were previously sealed due to an adoption. The law also appropriated \$1.0 million in FY 2022 for the one-time upgrade.

The Department has recognized the new law as an opportunity to update the larger Vital Records system to make it more cohesive. The Department has been working with an Arizona Strategic Enterprise Technology approved vendor, and estimates the project will be completed in August 2024. Only 5% of the project is expected to be completed in FY 2022.

In order to maximize agency resources and ensure completion of this project, the Executive Budget includes a one year extension for the \$1.0 million appropriation.

Funding	FY 2023
General Fund	0.0
Issue Total	0.0

Hiring Incentives for State Hospital Staff

The Executive Budget includes an increase in ongoing funding for hiring bonuses for new employees.

The Arizona State Hospital (ASH) operates a 260-bed facility in Phoenix and provides long-term inpatient psychiatric care to Arizonans who have a serious mental illness and are undergoing court-ordered treatment.

Safe and efficient operation at ASH requires skilled nursing staff. The Department has faced challenges in hiring and retaining Nurses, Behavioral Health Technicians, and Therapy Specialists.

The hiring bonus amounts to \$5,000 disbursed over one year of continued employment after hire.

Funding	FY 2023
General Fund	705.0
Issue Total	705.0

Nursing Care Institution Resident Protection Fund

The Executive Budget includes an increase in ongoing funding for projects, training, and equipment purchases that have been approved by the Centers for Medicare and Medicaid (CMS) and are used to enhance care and services provided at nursing care facilities statewide.

The Nursing Care Institution Resident Protection Fund has an appropriation of \$100,000 set aside for special projects in nursing facilities. The cost of projects since FY 2021 has exceeded the appropriation to the Fund by between \$41,500 and \$95,000. In order to provide flexibility for the Department to implement special projects in skilled nursing facilities statewide, the Executive Budget includes an ongoing increase of \$100,000 to cover anticipated costs of projects in future years.

In FY 2023, projects will include senior caregiver and dementia awareness training for staff at skilled nursing facilities; staff training for best practices in physician services; and funds for skilled nursing facilities to purchase visitation safety equipment, including plexiglass barriers and outdoor shelters for in-person visitation.

Funding	FY 2023
Nursing Care Institution Resident Protection Revolving Fund	100.0
Issue Total	100.0

Suicide Prevention Coordinator Position

The Executive Budget includes an increase in ongoing funding to move the funding for 1.0 FTE Suicide Prevention Coordinator position to the Department from the Arizona Health Care Cost Containment System (AHCCCS).

The Executive Budget moves the footnote in Laws 2021, Chapter 408, Section 8, which appropriates \$100,000 from the operating lump sum budget for a Suicide Prevention Coordinator moving from AHCCCS to DHS.

AHCCCS transferred the funds for this position to the Department through an intergovernmental service agreement in FY 2022. To avoid this administrative burden, the Executive Budget moves the appropriation and the reporting requirement from AHCCCS to DHS.

Funding	FY 2023
General Fund	100.0
Issue Total	100.0

Lease-Purchase Payment

The Executive Budget includes an increase in ongoing funding for lease-purchase payments for the Department's main office at 150 North 18th Avenue in Phoenix.

In FY 2023, rent costs are expected to increase by \$134,700.

The building is not included under the Capital Outlay Stabilization Fund; therefore, rising rental costs are not covered by annual statewide adjustments as they would be for other buildings in the Department of Administration building system.

Executive Budget Baseline Changes

Remove One-Time FY 2022 Appropriations

The Executive Budget removes in FY 2023 the following one-time FY 2022 appropriations:

- \$2.5 million for a dollar-for-dollar match to hospitals, universities, and research centers to study the causes of Alzheimer's Disease
- \$2.0 million for the Medical Student Loan Fund to provide financial aid to medical students who agree to serve in underserved areas of the state
- \$1.5 million for the implementation of the Family Health Pilot Program
- \$1.0 million for development costs to update the child care services licensing system
- \$1.0 million to upgrade the Vital Records Electronic System to ensure that the Department can release birth records in alignment with Laws 2021, Chapter 384
- \$942,000 for equipment purchases that will be used to expand the Newborn Screening Program
- \$160,000 for Cognitive Decline and Caregiver Modules for the Behavioral Risk Factor Surveillance System
- \$100,000 for Homeless Pregnant Women Services

The Executive Budget aligns with current law by backing out these appropriations.

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustments section, which is immediately after the Capital section. Statewide Adjustments for FY 2023 include changes for health insurance premiums, retirement contributions, rent charges, accounting system costs, human resources system modernization, state motor vehicle fleet charges, human resources charges, and information technology charges.

There could also be funding for this agency in the capital or the statewide and large automation projects sections, which follow the Department of Water Resources.

As part of the Executive Budget, for some agencies, there are changes to Arizona Revised Statutes and General Appropriations Act footnotes.

Governor's Office of Highway Safety

The Governor's Office of Highway Safety (GOHS) funds programs that target speed reduction, decrease impaired driving, reduce wrong way driving incidents, increase seat belt and child safety seat usage as well as motorcycle safety awareness and driver distractions that result in traffic fatalities and injuries on Arizona's streets and highways. GOHS provides grant funding to law enforcement agencies, fire departments, fire districts and non-profit organizations throughout Arizona, including other State agencies.

Prescott Historical Society of Arizona

The Prescott Historical Society operates the Sharlot Hall Museum, which was founded in 1928 and is located on the grounds of the first territorial Governor's residence and offices. The nearly four-acre landscaped campus features 11 exhibit buildings, including four restored historic structures: the territorial Governor's Mansion (1864), Fort Misery (1864), the Fremont House (1875), and the Victorian-era Bashford House (1877). The Lawler Exhibit Center (1977) hosts both permanent and changing exhibits, an historic theater, and storage of extensive historic and prehistoric objects. A large Archive Library (2008) houses a 10,000 book library and hundreds of thousands of images, documents, maps and oral histories.

In March 2013, a new support facility constructed with non-State funds was completed. In April 2014, a new admissions building, also privately financed, was added. A 10,000 square foot Education Center, financed entirely by the non-profit Sharlot Hall Historical Society, was completed in the summer of 2020. The Bob Stump VA Medical Center hosts a branch museum that interprets the history of Fort Whipple. Public programs include the annual Folk Arts Fair, Prescott Indian Art Market, Folk Music Festival, Frontier Christmas, Western History Symposium, musical and theatrical historical productions, living history interpretations in both indoor and outdoor settings, heritage gardens, lecture series, education tours, and outreach opportunities for children and adults.

Major Executive Budget Initiatives and Funding

Increase Cyber Security Funding

The Executive Budget includes an increase in ongoing funding to enhance cyber security.

Cyber Command has seen an unprecedented increase in State and local government ransomware attacks. At the same time, the State is struggling to address vulnerabilities in a timely manner.

To enhance the safety of the State's cyber infrastructure, the Executive Budget includes funding for software and an increase of 4.0 FTE positions. The FTE positions will support deployment of the software and tools needed to maximize cyber security.

In order to cover the costs of enhanced cyber security, the Executive Budget increases the Information Technology pro rata charge from 0.43% to 0.61%. Of this amount, \$1.6 million will come from the General Fund. These adjustments are displayed in the Statewide Adjustments section of the Executive Budget.

Funding	FY 2023
Information Technology Fund	4,200.0
Issue Total	4,200.0

Special Line Item Transfer

The Executive Budget includes an increase in ongoing funding to correspond with the shift of the Statewide Information Security and Privacy Operations and Controls special line item to the Department of Homeland Security from the Arizona Department of Administration (ADOA).

In 2021, the Governor appointed a new Homeland Security Director. In addition to the change in leadership, cyber security operations were moved to the Department from ADOA. The funding reflects the pro rata cyber security funding.

Funding	FY 2023
Information Technology Fund	6,366.7
Issue Total	6,366.7

Statewide Cyber Readiness Grant Program

The Executive Budget includes an increase in ongoing funding for 2.0 new FTE positions and to provide statewide cyber grants.

With cyberattacks rising, local governments and school districts are at a major disadvantage and lack resources to defend themselves.

In partnership with the Arizona Department of Administration (ADOA), the Department will provide the following cybersecurity tools to local governments and school districts as part of the grant program:

1. Security Awareness and Anti-Phishing Training

- 2. Advanced Endpoint Protection
- 3. Multi-Factor Authentication
- 4. Web Application Firewall
- 5. Inventory Management/Remote Patching
- 6. Penetration Testing

By utilizing State contracts, the funding will arm local governments with the tools they need and improve election security in all 15 counties. Funding will include 1.0 FTE position at the Department to oversee the technical requirements, and 1.0 FTE position at ADOA to manage the grant.

Funding	FY 2023
General Fund	10,000.0
Issue Total	10,000.0

Strategic Cyber Security Investments

The Executive Budget includes an increase in one-time funding to enhance cyber security.

With increased teleworking due to COVID-19, the State faces increased cyber security threats. The funding will help mitigate those threats through risk assessment, penetration testing, training, and professional services.

The one-time funding does not require an adjustment in the Information Technology pro rata charge.

Funding	FY 2023
Information Technology Fund	1,190.5
Issue Total	1,190.5

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustments section, which is immediately after the Capital section. Independent Redistricting Commission

The Independent Redistricting Commission was established with the approval of Proposition 106 by voters in November 2000. The Commission has five members, four of whom are selected by the House and Senate majority and minority leadership. The final member is selected by the other four members and cannot be registered with a political party already represented on the Commission. The five-member Commission is responsible for redrawing Arizona's congressional and legislative district boundaries based on the decennial census.

Executive Budget Baseline Changes

Remove One-Time FY 2022 Appropriations

The Executive Budget removes in FY 2023 the one-time FY 2022 appropriation for convening the Independent Redistricting Commission.

Laws 2021, Chapter 408, Section 48 provided a one-time non-lapsing appropriation of \$7.9 million to establish the Commission. The appropriation was intended to address the Commission's operational needs for FY 2022 and FY 2023, based on 2011 Commission expenditures.

The Executive Budget contemplates a one-time non-lapsing appropriation of \$4.5 million in FY 2024 to address the Commission's remaining operational needs, also based on 2011 Commission expenditures.

The Executive Budget aligns with current law by backing out the appropriation.

Executive Budget Baseline Changes

Remove One-Time FY 2022 Appropriations

The Executive Budget removes in FY 2023 the one-time FY 2022 appropriation for purchasing equipment for the new administrator of the Municipal Firefighter Cancer Reimbursement Fund.

Laws 2021, Chapter 411, established the Municipal Firefighter Cancer Reimbursement Fund to collect from municipalities monies that are proportionately distributed statewide to provide reimbursement to municipalities supporting firefighters with cancer.

The Executive Budget aligns with current law by backing out the appropriation.

Major Executive Budget Initiatives and Funding

Agency Consolidation - Appropriation Restructure

The Executive Budget includes an increase in ongoing funding to restructure the Department's operating budget.

The restructuring will increase the Financial Services Fund appropriation in order to free up capacity from the General Fund appropriation to pay for additional staff, increase salaries, and support other operating expenses.

The Department was officially consolidated on July 1, 2020. Part of the process included restructuring the operating budget of the formerly separate agencies in order to more effectively allocate resources for the consolidated agency.

The increased appropriation will be used to shift financial institutions-related professional and outside services and other operating expenses from the General Fund to the Financial Services Fund. The freed-up General Fund appropriation will be used to pay for costs associated with a Mental Health Parity Administrator position and an Insurance Actuary position, raising salaries of targeted positions, and supporting additional operating expenses.

Adult/Juvenile Probation Salary Raises FY 2023

The Executive Budget includes an increase in ongoing funding for Adult Probation and Juvenile Probation Officer salaries and employee-related expense (ERE).

Per A.R.S. § 12-252, counties have the authority to set the salary of Probation Officers. Due to the State funding a portion of the salaries and ERE for Adult Probation and Juvenile Probation Officers, the Executive Budget increases appropriations for Probation special line items to meet projected county salary levels.

Executive Budget Baseline Changes

Remove One-Time FY 2022 Appropriations

The Executive Budget removes in FY 2023 the following one-time FY 2022 appropriation: \$187,500 for Probation Officer vehicle purchases.

The Executive Budget aligns with current law by backing out the appropriation.

Funding	FY 2023
General Fund	(187.5)
Issue Total	(187.5)

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustments section, which is immediately after the Capital section. Statewide Adjustments for FY 2023 include changes for health insurance premiums, retirement contributions, rent charges, accounting system costs, human resources system modernization, state motor vehicle fleet charges, human resources charges, and information technology charges.

There could also be funding for this agency in the capital or the statewide and large automation projects sections, which follow the Department of Water Resources.

As part of the Executive Budget, for some agencies, there are changes to Arizona Revised Statutes and General Appropriations Act footnotes.

Major Executive Budget Initiatives and Funding

Court Appointed Special Advocate Volunteer Retention Initiatives

The Executive Budget includes an increase in ongoing funding to strengthen retention of volunteers to the Court Appointed Special Advocate (CASA) program.

It is vital to keep experienced volunteers involved in the CASA program to achieve the best outcomes for children.

This funding will support the following initiatives:

- \$854,000 for 14.0 FTE Volunteer Coordinator positions, which would reduce the ratio of volunteers to coordinators from 40:1 to 30:1;
- \$75,000 for 1.0 FTE Volunteer Retention Specialist position, who would provide trauma mitigation efforts and training for volunteers, as well as recruiting new or previous volunteers; and
- \$30,000 for other volunteer retention efforts.

Funding	FY 2023
Court Appointed Special Advocate Fund	959.0
Issue Total	959.0

Court Automation Costs

The Executive Budget includes an increase in one-time funding to help cover a shortfall in revenues supporting court automation costs.

Most court processes are automated and can be accessed online. This funding will ensure continued smooth operations of court processes and allow time to monitor revenues and develop a long-term plan.

Funding	FY 2023
General Fund	1,000.0
Issue Total	1,000.0

Enterprise Compensation Strategy - Judges

The Executive Budget includes an ongoing increase of \$184,800 to provide salary increases to key positions that for which the agency is experiencing difficulty in recruiting and retaining highly qualified staff.

The multi-agency Enterprise Compensation Strategy is projected to result in pay increases for over 25,000 state employees.

Department of Juvenile Corrections

The Arizona Department of Juvenile Corrections (ADJC) is responsible for youth committed to its jurisdiction by the county juvenile courts. ADJC is accountable to the citizens of Arizona for the promotion of public safety through the evidence-based treatment, supervision, rehabilitation, and education of the youth committed to its care and the continuum of programs and services provided to the youth transitioning from the State's secure care facility back to their communities. ADJC also facilitates the administration of the Interstate Commission for Juveniles and serves youth with significant mental health needs.

Land Department

The Arizona State Land Department (ASLD) manages more than 9 million acres of State Trust land and resources on behalf of 13 Beneficiaries. To ensure the Trust is a viable and productive asset for Beneficiaries today and for generations to come, ASLD exercises sound stewardship principles. As a fiduciary, ASLD generates revenue for the Beneficiaries through the sale and leasing of State Trust land.

Major Executive Budget Initiatives and Funding

Central Arizona Project Water Rights Fees

The Executive Budget includes an increase in ongoing funding for projected Central Arizona Project (CAP) fees.

The Department holds rights to an allocation of 32,076 acre-feet of CAP water that benefits State Trust lands. The Department is required to pay annual fees for those rights. The Department may assign a portion of its water rights to specific parcels of Trust land, which can greatly increase the value of the land when sold or leased. When a portion of the CAP allocation is transferred to a lessee or purchaser, the General Fund is reimbursed for all previous costs, including interest and administrative fees.

Historically, the CAP releases by the preceding June a provisional rate for the upcoming year, but it does not set the firm rate until early June of the year in question, typically after the budget has already been passed. Consequently, the Department has regularly been forced to seek a supplemental appropriation, which results in a late payment to the CAP.

The provisional rate for FY 2023, set by CAP in June 2021, is 12% higher than the FY 2022 firm rate. The Executive Budget includes additional funding to meet the higher provisional rate. This additional funding will help avoid a future supplemental process and costly late fees.

Failure to pay the annual fee would result in the Department forfeiting all or part of its CAP allocation and all capital fees paid thus far, totaling over \$24.0 million.

Enterprise Compensation Strategy

The Executive Budget includes an increase in ongoing funding of \$185,000 to provide salary increases to key positions for which the agency is experiencing difficulty in recruiting and retaining highly qualified staff.

The multi-agency Enterprise Compensation Strategy is projected to result in pay increases for over 25,000 State employees.

Remove Fire Suppression Special Line Item

The Executive Budget includes a decrease in ongoing funding to remove the Fire Suppression special line item (SLI).

The rise in wildland firefighting costs is not isolated to Arizona, as the western U.S. is experiencing drier, warmer climates, with forests that have not been adequately maintained, resulting in an increase in State spending on multi-jurisdictional wildfires.

The FY 2022 enacted budget includes a \$3.2 million SLI appropriation to the Department of Forestry and Fire Management (DFFM) for fire suppression. DFFM also receives \$800,000 from the Trust Land Management Fund (TLMF) from an interagency service agreement (ISA) with the Department. This is insufficient to cover average Arizona wildfire costs.

The Executive Budget increases DFFM's fire suppression SLI's appropriation to a total of \$20.0 million and terminates the \$800,000 ISA with the Department. This will provide DFFM with the resources needed to address wildfire costs, while avoiding placing a strain on the TLMF (revenues into which are volatile during times of economic uncertainty).

Workflow Digitization

The Executive Budget includes an increase in one-time funding to complete workflow digitization that began in FY 2017.

Prior to digitization, the majority of workflows for submitting use applications, billing defaults, cancellations, and purchase orders were on a paper-based system.

The Department will use the funding to migrate the remaining workflows onto the digital platform in FY 2023.

Executive Budget Baseline Changes

Due Diligence Fund Deposit

The Executive Budget includes an increase in one-time funding for due diligence studies on land that is being prepared for auction.

The enacted FY 2022 budget included an appropriation transfer of \$1.5 million from the General Fund to the Due Diligence Fund. This appropriation transfer is intended to occur again in FY 2023 and be backed out in FY 2024.

Remove One-Time FY 2022 Appropriations

The Executive Budget removes in FY 2023 the one-time FY 2022 appropriation for an appropriation transfer from the General Fund to the Due Diligence Fund.

Laws 2021, Chapter 408, Section 53 advance appropriated \$1.5 million from the General Fund in FY 2022 for due diligence studies on land that is being prepared for auction.

The Executive Budget aligns with current law by backing out the appropriation.

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustments section, which is immediately after the Capital section. Statewide Adjustments for FY 2023 include changes for health insurance premiums, retirement contributions, rent charges, accounting system costs, human resources system modernization, state motor vehicle fleet charges, human resources charges, and information technology charges.

There could also be funding for this agency in the capital or the statewide and large automation projects sections, which follow the Department of Water Resources.

As part of the Executive Budget, for some agencies, there are changes to Arizona Revised Statutes and General Appropriations Act footnotes.

Auditor General

The Auditor General is appointed by the Joint Legislative Audit Committee and approved by a concurrent resolution of the Legislature. By law, the Auditor General is required to express an opinion on the financial statements of audited entities, determine compliance with applicable federal and Arizona laws, and conduct comprehensive performance audits (or reviews) of State agencies and the programs they administer. In addition, the Auditor General is required to conduct performance audits of school districts and monitor the percentage of dollars spent in the classroom.

Executive Budget Baseline Changes

Remove One-Time FY 2022 Appropriations

The Executive Budget removes in FY 2023 the following one-time FY 2022 appropriations:

- \$250,000 to compile information on how district schools, charter schools, and the Arizona Department of Education plan to spend discretionary monies received from federal COVID-19 stimulus bills. The three-year approved budget plan also allocates \$200,000 (one-time) in FY 2023 for this purpose. The FY 2023 appropriation is thus \$50,000 less than the FY 2022 appropriation.
- \$165,000 for a financial audit of private, non-governmental grant monies for Arizona's 2020 elections and Maricopa County's procurement of voting systems.

The Executive Budget aligns with current law by backing out these appropriations.

Department of Liquor Licenses and Control

The Department of Liquor Licenses and Control licenses and regulates the production, distribution, and sale of alcoholic beverages throughout the State of Arizona. In instances involving allegations against licensees, the Department investigates complaints, develops police reports, and enforces civil and criminal laws. State liquor laws are in Arizona Revised Statutes, Title 4 with supporting rules in Arizona Administrative Code, Title 19. The Department maintains key partnerships in and outside government with emphasis on youth education and outreach addressing underage drinking.

Major Executive Budget Initiatives and Funding

Law Enforcement Equipment

The Executive Budget includes an increase in one-time funding for the purchase of radios for sworn personnel.

The Department uses borrowed radios that, in many cases, cannot be updated or repaired. The 14 new radios will provide personnel with reliable equipment in the field, which will help with qualifying applicants, providing support at large public events, and investigating compliance.

Funding	FY 2023
Liquor Licenses Fund	126.0
Issue Total	126.0

Agency Operational Enhancements

The Executive Budget includes an increase in ongoing funding to purchase ammunition, implement a training regimen, and support overtime expenses.

The Department's sworn personnel must complete an annual AZPOST firearm qualification. Prior to CY 2020, the Department used donated ammunition, which has since ceased. Of the funding, \$2,500 will provide ammunition for regular firearm training and the annual firearm qualification.

Additionally, \$15,000 will allow the Department to increase training opportunities for sworn employees and include undercover operations, instructor development, firearms training, defensive tactics training, investigative courses, and the required AZPOST training.

Investigators and licensing staff occasionally work overtime to complete investigations and manage the fluctuation in license applications. Without an overtime budget, the Department limits overtime, adjusts schedules, and books compensatory time. Funding in the amount of \$93,500 will give the Department additional capacity to pay overtime, thus reducing compensatory time liabilities. This provides budget capacity for 0.6 hours of overtime, per week, for the licensing and investigation personnel.

Funding	FY 2023
Liquor Licenses Fund	111.0
Issue Total	111.0

Investigations Unit Operational Enhancements

The Executive Budget includes increases in ongoing and one-time funding for additional FTE Investigator positions, to decrease the Investigator-to-license ratio.

With 12.0 FTE Investigator positions responsible for the oversight of over 14,000 license holders, the Investigator-to-license ratio is approximately 1:1,175 – more than double the national average of 1:550 as reported in a 2019 National Liquor Law Enforcement Association survey.

Ongoing funding of \$1.1 million will support staff salaries and related ongoing costs. One-time funding of \$159,600 will pay for the uniforms, equipment, and onboarding costs to support the implementation of the initiative. The ongoing and one-time vehicle-related costs for the staff are listed separately.

This funding will allow the Department to expand the Investigations Unit by 6.0 FTE Investigator positions and 1.0 FTE Investigator Sergeant position. Increasing the total number of Investigators from 12 to 18 will reduce the ratio to approximately 1:784. No additional FTE authority is required.

The Department's Investigations Unit is composed of 12.0 FTE sworn Investigator positions, 2.0 FTE sworn Investigator Sergeant positions, and 1.0 FTE Administrative Assistant position. Investigations personnel conduct liquor law enforcement through education, prevention, and investigations and are responsible for performing background investigations on liquor license applicants, conducting site inspections for new restaurant applicants, completing routine liquor law compliance inspections, and ensuring that institutions with expired licenses have ceased operations. Additionally, Investigators focus on complaints of over-service, sales to minors, and acts of violence. They also engage in covert underage buyer investigations.

As part of their duties, Investigators develop written reports that summarize the outcomes of liquor establishment investigations and recommend civil and criminal penalties to prosecutors for perceived violations.

Reducing the Investigators' caseload will help ensure better service to Arizona's liquor license vendors. The four priorities of the unit will continue to be underage drinking, over-service, violent acts, and wrong-way driving.

Information Technology Improvements

The Executive Budget includes increases in ongoing and one-time funding for various information technology improvements.

The funding will be used to achieve compliance with the federal Criminal Justice Information System (CJIS) security requirements, increase the Department's RiskSense Score, and maintain operational efficacy.

Ongoing funding of \$82,200 will support the annual cloud server costs, CJIS encryption, Justice Web Interface licenses for CJIS, two-factor authentication for CJIS, Adobe licenses, the e-licensing software tax, and a computer replacement lifecycle.

One-time funding of \$20,300 will allow the Department to replace the AZNet phones and CJIS computer to comply with federal CJIS requirements.

Enterprise Compensation Strategy

The Executive Budget includes an increase in ongoing funding of \$649,500 to provide salary increases to key positions for which the agency is experiencing difficulty in recruiting and retaining highly qualified staff. Of this amount, \$12,400 is from non-appropriated funds that will not appear in the fund sourcing below this issue.

The multi-agency Enterprise Compensation Strategy is projected to result in pay increases for over 25,000 State employees.

State Fleet: New Additions

The Executive Budget includes an increase in one-time funding for a deposit from the Liquor Licenses Fund into the State Fleet Replacement Fund to purchase vehicles.

The Investigations Unit Expansion initiative calls for the Department to purchase seven vehicles for the new staff to complete their investigations work, visiting liquor license establishments to qualify applicants and check for compliance.

Transfers and appropriations for this project appear in the Arizona Department of Transportation (ADOT) section of the Executive Budget. ADOT is the State Fleet manager and has sole authority to procure the vehicles on behalf of the agency.

Underfunded Administrative Costs

The Executive Budget includes an increase in ongoing funding to correct a rent-reduction budget error, correct a risk-reduction budget error, and support the liquor license lottery.

In FY 2019, the Department relocated its Tucson office and saved \$10,000 in rent. The savings were realized by reducing the Department’s budget. However, the budget reduction was erroneously made twice: once in the agency section and again in the statewide adjustments section. The \$10,000 in funding corrects the error.

Every two years, the Budget includes a risk-charge adjustment. From FY 2016 to FY 2020, the Department did not receive budget adjustments. When the FY 2020 risk adjustment was made, it was assumed that the Department was receiving the correct amount. That was not the case, and the error put the Department’s risk appropriation below the cost. The \$17,600 funding adjusts the risk appropriation to align with the current risk charge.

There are valuation and random-selection vendor costs associated with the administration of the liquor license lottery. The funding will increase the Department’s budget by \$40,000 to account for these costs.

Keno Implementation - NEW

The Executive Budget includes an increase in ongoing funding to contract with a third-party to develop and implement an electronic Keno game at approximately 184 retailers.

Laws 2021, Chapter 234 authorized the Commission to establish and operate a single electronic Keno game within authorized locations. The increased funding will pay for three personnel and vehicle rentals to ensure retailer compliance with State Keno guidelines.

When implemented, the new Keno game is expected to generate \$4.0 million per year in new revenue, which would be shared with the third-party partner, the State General Fund, and other Lottery beneficiaries. The Executive projects the General Fund's share of this revenue will be between \$320,000 and \$430,000.

Executive Budget Baseline Changes

Special Line Item Baseline Revenue Adjustments

The Executive Budget includes an increase in ongoing funding due to higher-than-forecast Lottery revenues.

FY 2022 sales growth is projected to increase by 10.2% relative to the level contemplated in the FY 2022 budget.

The Executive Budget does not include supplemental adjustments to the FY 2022 appropriations for the agency, as the existing levels provide sufficient flexibility.

Appropriations for the Charitable Commissions, Instant Tickets, Online Vendor Fees, and Retailer Commissions special line items (SLIs) depend on actual ticket sales volume and are adjusted annually. Adjustments for FY 2023 are outlined as follows:

Charitable Commissions (20.0% of actual tab ticket sales): The Executive Budget provides an increase of \$266,989.

Instant Tickets (3.6% of actual instant ticket sales): The Executive Budget provides for an increase of \$2,469,295.

Online Vendor Fees (4.256% of actual online ticket sales): The Executive Budget provides an increase of \$2,321,297.

Retailer Commissions (6.5% of gross lottery game sales minus charitable tab tickets, with an additional amount up to 0.5% of gross game sales for performance payments to retailers [this combined percentage is currently 6.7% of total ticket sales]): The Executive Budget provides an

increase of \$8,160,500.

Mine Inspector

The State Mine Inspector is a statewide elected constitutional officer and Director of the Office of the State Mine Inspector. The Office enforces laws and regulations applicable to mine safety, health, explosives, and land reclamation. The Office inspects the health and safety conditions and practices at active mining operations; investigates mine accidents and employee and public complaints; and conducts federally certified miner and instructor safety training.

The Office administers reclamation financial assurance and enforces the mined land reclamation laws and regulations for the restoration of disturbed lands to a safe and stable environmental condition. The Office promotes public safety regarding abandoned mines. The Office conducts complaint investigations; issues mine-owner compliance notifications; and identifies, assesses, and secures mine safety hazards. The Office also issues permits, licenses, and certificates for elevators and electrical connections and monitors the manufacturing, storing, selling, transferring, and disposal of all explosives or blasting agents.

Board of Nursing

The State Board of Nursing protects the public by assuring that standards of practice are defined and that persons engaged in the practice of nursing are competent. It approves individuals for licensure, registration, and certification; approves educational programs for Nurses and Nursing Assistants; investigates complaints concerning licensee and certificate holder compliance with the law; and determines and administers disciplinary actions in the event of proven violations of the Nurse Practice Act.

Major Executive Budget Initiatives and Funding

Education Program Administrator

The Executive Budget includes an increase in ongoing funding to make one part-time (0.75 FTE) Education Program Administrator (EPA) position a full-time (1.0 FTE) position.

EPAs are responsible for overseeing nursing education programs statewide, including reviewing nursing school curriculums, accreditation, and investigating complaints against nursing programs and faculty as they arise. This includes lawsuits against nursing education programs, which require EPAs to perform interviews, inspect facilities, draft legal documents, and consult with the Board's Chief Counsel on open issues.

In FY 2018, the Board oversaw 184 programs; in FY 2021, the number had increased to 262. Because complaints have become more complex, fewer cases are being resolved each year.

The transition from a part-time to a full-time EPA will help address backlog and ensure more time is given to resolve complex cases.

Funding	FY 2023
Nursing Board Fund	21.0
Issue Total	21.0

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustments section, which is immediately after the Capital section. Statewide Adjustments for FY 2023 include changes for health insurance premiums, retirement contributions, rent charges, accounting system costs, human resources system modernization, state motor vehicle fleet charges, human resources charges, and information technology charges.

There could also be funding for this agency in the capital or the statewide and large automation projects sections, which follow the Department of Water Resources.

As part of the Executive Budget, for some agencies, there are changes to Arizona Revised Statutes and General Appropriations Act footnotes.

Nursing Care Ins. Admin. Examiners

The Board of Nursing Care Institution Administrators and Assisted Living Facilities Managers evaluates and processes initial applications and renewals from individuals seeking nursing home administrator licenses and assisted living facility manager certificates. As administrators and managers are required by law to meet continuing education requirements, the Board also approves continuing education programs. In addition, the Board approves, renews, and regulates assisted living facility manager and caregiver training programs, and investigates complaints received from the public or the Department of Health Services and imposes disciplinary action on licensees or certificate holders when necessary. All Board functions are accomplished through a fee-financed program of examination, licensure, and regulation.

Major Executive Budget Initiatives and Funding

State Park Investment for Future Generations - NEW

The Executive Budget includes a one-time transfer of \$38.2 million in transaction privilege tax (TPT) revenue to the State Park Revenue Fund in FY 2022.

The \$38.2 million transfer is part of a \$176.7 million, 44-project investment in the State Parks System. Of the 44 projects, 15 are contemplated in the Executive Budget.

The remaining \$138.5 million consists of \$20.5 million from existing monies in the State Park Revenue Fund and \$118 million from the Coronavirus State and Local Fiscal Recovery Fund, which is part of the American Rescue Plan Act. In addition, the Executive Budget has included 3% additional funding for each project for administrative needs.

Projects include, but are not limited to, upgrading campsites, renovating historic structures, strengthening water conservation, improving the physical and digital access to the Park System, and addressing all of the wastewater issues throughout the entire Park System.

To ensure project completion and to ease the burden on the agency, the Executive has taken a multi-prong approach by allocating specific projects to the departments of Administration and Transportation.

In the onset of the COVID-19 Pandemic, outdoor recreation became a welcome refuge for individuals and families. This investment will serve as a catalyst in modernizing and advancing the Parks System for the benefit of visitors in the near term and ensuring that those State assets are available for enjoyment by future generations.

ASPT Smart Phone Application - NEW

The Executive Budget includes a one-time deposit from the State Parks Revenue Fund to the Automation Projects Fund.

The funding will be used to develop a smart phone application that will provide enhance the visitor experience by providing a centralized point to access up-to-date park information. The agency expects the application to provide visitors with a digital park pass, information on closures and park visitor levels, trail information, and more.

Transfers and appropriations for this project appear in the Automation Projects Fund section of the Executive Budget.

Remove One-Time FY 2022 Appropriations

The Executive Budget removes in FY 2023 the one-time FY 2022 appropriations for various one-time initiatives.

Laws 2021, Chapter 408 provided the following one-time appropriations:

- Heritage Fund Deposit: \$5.0 million
- State Lake Improvement Fund Deposit: \$4.0 million
- Waste Water Mitigation and Assessments: \$1.1 million
- State Parks Store Deposit: \$1.0 million
- Cabin Debt Payoff: \$528,400
- Arizona Trail Maintenance: \$250,000

The Executive Budget aligns with current law by backing out these appropriations.

Funding	FY 2023
General Fund	(9,000.0)
State Parks Revenue Fund	(2,894.4)
Issue Total	(11,894.4)

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustments section, which is immediately after the Capital section. Statewide Adjustments for FY 2023 include changes for health insurance premiums, retirement contributions, rent charges, accounting system costs, human resources system modernization, state motor vehicle fleet charges, human resources charges, and information technology charges.

There could also be funding for this agency in the capital or the statewide and large automation projects sections, which follow the Department of Water Resources.

As part of the Executive Budget, for some agencies, there are changes to Arizona Revised Statutes and General Appropriations Act footnotes.

Personnel Board

The State Personnel Board is responsible for hearing and reviewing, via an administrative hearing process, appeals filed by covered State employees who have been dismissed from State service, suspended for more than 80 working hours, or involuntarily demoted resulting from disciplinary action. The Board also hears and reviews complaints filed under the whistleblower statute. Under the direction of the presiding hearing officer, the proceedings are conducted on an informal basis through the taking of direct testimony, the cross examination of witnesses, and the admission of evidence. A record of the proceedings is taken and made available, upon request, to hearing officers, board members, and parties to the appeal. The hearing officer determines the facts based on the evidence presented and makes a recommendation regarding discipline to the Board. Board members are subsequently provided with case information so they may determine whether proper discipline has been imposed.

Board of Pharmacy

The Board of Pharmacy has four primary functions. The first is to issue licenses to pharmacists, pharmacy interns, and pharmacy technicians. Additionally, it is responsible for issuing permits to pharmacies, manufacturers, wholesalers, and distributors. The Board also conducts compliance inspections of permitted facilities and investigates complaints and adjudicates violations of applicable State and federal laws and rules. The Board promulgates and reviews State rules and regulations in regard to the industry. The Board oversees the Controlled Substance Prescription Monitoring Program (CSPMP), which is a tool that enables practitioners to prescribe appropriately.

Pioneers' Home

The Arizona Pioneers' Home was established in 1909 by the territorial government of Arizona as a home for the aged and infirm to repay the faithful and longtime Arizona residents who helped pioneer and build the state. It opened its doors in 1911. In 1929, the scope of the home was broadened to serve also as Arizona's hospital for disabled miners. The Arizona Pioneers' Home is a continuing care retirement home that serves 105 Arizona pioneers and disabled miners. Pioneers' Home employees provide direct nursing care, food service, activities, social services, housekeeping, laundry, maintenance, and business and administrative services and support to the residents, and strive to meet Department of Health Services residential facilities licensing standards through modeling best practices. The Home is surveyed periodically by the Department of Health Services.

Staffing Needs

The Executive Budget includes an increase in ongoing funding and 1.0 FTE position for an overnight Building Maintenance Tech I and ongoing funding for a contracted Medical Director.

The Pioneers' Home is requesting new FTE position to serve primarily as an overnight observer to help ensure resident safety and normal function of the Home at the night. The position's responsibilities will also include communicating with the overnight staff for increased awareness and coordination of events that occur in the 24/7 facility, and performing necessary utility work throughout the Home, including plumbing, electrical, elevator services, various repairs, and snow removal.

The Medical Director is contracted via a third-party agency that handles and oversees the medical insurance and liability coverage requirements. During the last two years, the third-party agency has increased the insurance and coverage requirements, causing the Medical Director to increase the personal coverage to accommodate the requirements.

Commission for Postsecondary Education

The Arizona Commission for Postsecondary Education (ACPE) is composed of 16 Commissioners, 14 of whom are appointed by the Governor. Commissioners represent public and private postsecondary education and its constituencies. Core responsibilities of the ACPE are related to student financial assistance programs, including administration of State grants, scholarships, and forgivable loans. The Commission provides timely and effective communication and programs to help students and their families plan, transition, and succeed in postsecondary education. The Commission offers the single forum where all sectors of postsecondary education dialogue, collaborate, and problem-solve issues of common interest.

Executive Budget Baseline Changes

Transfer of Postsecondary Education Board to the Board of Regents

The Executive Budget includes a decrease in ongoing funding for the merger of the Commission with the Board of Regents.

Laws 2021, Chapter 410 revised A.R.S. § 15-1781 to enact the merger, which is effective January 1, 2022.

The Board of Regents will retain the Commission's statutory requirements and will have full authority over the Commission's functions, operations, and funding. The merger incorporates the Postsecondary Education General Fund and the Postsecondary Education Fund into the Board of Regents.

Major Executive Budget Initiatives and Funding

Helicopter Replacement – NEW

The Executive Budget includes an increase in one-time and ongoing funding for a helicopter replacement cycle for law enforcement and search-and-rescue missions. Of this amount, \$2.6 million is one-time.

The Executive provided federal funding in 2021 to the Department to replace the oldest helicopter, which is 22 years old. Federal funding will not cover upfitting costs, which have been included as one-time costs.

The Department operates a fleet of five helicopters: four single-engine Bell 407s and one twin-engine Bell 429. Per industry standards, helicopters should be replaced every 10 years or 10,000 flight hours, whichever occurs first. As of September 2021, four of the five helicopters exceed the replacement age.

The Executive Budget further creates a "DPS Fleet Replacement" special line item to provide a constant lifetime replacement cycle budget for the Department's helicopter fleet. Under the replacement cycle, every two years the Department's oldest helicopter will be traded in and a new helicopter will be lease-purchased. As a result of the lifetime replacement cycle, the Department's entire helicopter fleet will operate within recommended replacement standards by FY 2029.

DPS Fleet Modernization – NEW

The Executive Budget includes an increase in ongoing funding to replace the Department's sworn and civilian vehicle fleet to better meet the recommended replacement cycle for Department vehicles by modernizing the model of fleet operations for the DPS Fleet, the size and composition of which is unique in comparison to the State Fleet.

The DPS Fleet contains around 2,000 vehicles, double the size of the State Fleet, which consists of approximately 1,000 light-duty vehicles across 37 agencies. Due to these significant differences, the Executive Budget refines the structures around the DPS Fleet to provide consistency and transparency in how the State manages these assets in the likeness of the State Fleet.

The Department's replacement needs include 276 vehicles each year for 2,046.0 FTE positions. The vehicle-replacement total consists of 187 for Highway Patrol functions and 89 for criminal investigations, Gang and Immigration Intelligence Team Enforcement Mission, and other agency support functions.

The Department's \$5.5 million budget for vehicle replacement is not sufficient to meet the recommended replacement benchmark of 150,000 miles, or six years for Highway Patrol vehicles and eight years for other vehicle uses.

The Executive Budget further creates a "DPS Fleet Replacement" special line item to provide a constant lifetime replacement cycle budget for the Department's vehicle fleet. This cycle will allow the Department's entire vehicle fleet to be replaced every six to eight years, within recommended replacement benchmarks based on the specific program.

The dedicated funding will decrease the Department's reliance on vacancy savings and reductions in critical services in order to meet its vehicle needs.

A similar initiative is being contemplated for the Arizona Department of Transportation and Arizona Department of Correction, Rehabilitation, and Reentry. Including DPS, all three agencies have been historically exempted from the State Fleet. The Executive does intend for all exempt agencies except for the Legislative and Judicial branches to be incorporated into the State Fleet. At this time, the Executive and ADOT, State Fleet manager, are not prepared to start onboarding the historic large exempt agency fleets into the State Fleet.

Inflation and Equipment Funding

The Executive Budget includes an increase in one-time and ongoing funding for inflation and equipment costs. Of this amount, \$450,000 is one-time for phones.

Several Department programs are affected by inflationary costs that have not been addressed for many years. Inflation has impacted software and equipment funding for multiple programs, and federal and grant funding has either decreased or been eliminated for several programs.

To compensate for the decreased funding and increased costs, the Department has used payroll costs by leaving positions vacant. With the requested funding, the Department will be able to fill approximately 57.0 FTE State Trooper positions and 12.0 FTE Forensic Scientist positions. Actual positions filled would vary with a host of factors and would likely include some support positions.

Communications Costs for Body Worn Camera Project

The Executive Budget includes an increase in ongoing funding for replacement equipment for in-car access points used for the body-worn camera (BWC) project.

The enacted FY 2022 budget included \$6.9 million in ongoing funding for a new BWC program. The Department has completed the testing and evaluation phase of the BWC project. In the deployment phase, replacement equipment will be needed to provide adequate upload speeds of BWC footage. Without the equipment, the system will degrade and lose usefulness.

Cadet Housing Costs

The Executive Budget includes an increase in ongoing funding to pay for seven months of housing for 34 Cadets while training at Phoenix Regional Police Academy (PRPA).

For many years, the Arizona Peace Officer Standards and Training Board (AZPOST) paid for Cadet and Lateral Trooper housing costs while at the Academy and reimbursed PRPA (or its predecessors) for partial housing costs. However, AZPOST can no longer afford to pay housing costs.

Most Arizona law enforcement agencies send their Cadets to local academies and do not incur housing costs. Because the Department is a statewide agency, approximately 30% of its Cadets live outside of the Phoenix area and must maintain a separate residence for up to seven months while at the Academy.

The dedicated funding will enable Department Cadets to train at PRPA without incurring extensive housing costs.

Public Services Portal - Phase 2

The Executive Budget includes an increase in one-time and ongoing funding to extend Public Service Portal (PSP) services to appropriated funded units and implement the Federal Bureau of Investigation (FBI)'s Rap Back program for all Department fingerprint-based criminal history check-driven services. Of this amount, \$368,500 is ongoing for annual maintenance costs.

The funding will extend the PSP to the Applicant Processing Team, 30-Day Impounds, Criminal History Records Unit, and Student Transportation. Extending the PSP will save time for customers, as there will be no manual application entry for the work units. The Portal will eliminate the need to enter paper applications, which will reduce clerical errors and backlog associated with application processing. Additionally, customers will create personal accounts that will store their information and more easily automates future licensure renewals. It will also provide for such additional functions as checking the status of a card, Rap Back, requesting a background check, messaging capabilities, administrative user dashboard, and the ability to pay for the transaction online.

Under the FBI's Rap Back program, the Department will provide an instant notification if any enrolled individual engages in any criminal activity where fingerprints are taken and submitted to the FBI's Next Generation Identification system. This will speed up the process to remove violators from entrusted roles.

General Fund	3,000.0

DNA Testing Enhancements

The Executive Budget includes an increase in ongoing funding for 2.0 FTE Familial DNA positions and Familial DNA supplies.

A Familial DNA analysis consists of a search of Arizona Convicted Offender and Arrestee DNA profiles to identify potential close biological relatives of an unknown perpetrator. Familial DNA is conducted for cold-case violent crimes for which all investigative leads have been exhausted and there is a full DNA profile of an unknown perpetrator. Since the start of the program in 2017, 33 cases have been analyzed, with an investigative lead provided in 52% of the cases.

To accommodate the increased caseload, an additional 2.0 FTE Familial DNA positions are needed. Each case takes four to six weeks to analyze. For each case where a lead is not initially provided, the familial program does a yearly search on that case and performs additional work for new leads. Each year, more cases are being subjected to an annual search, in addition to the new cases being worked. Supplies are needed to increase the amount of casework conducted.

Building System Management Upgrade – NEW

The Executive Budget includes an increase in one-time and ongoing funding to provide an upgraded, integrated workplace management solution.

Proper management of the State’s building system is crucial in ensuring responsible stewardship of State assets. This solution is a centralized platform capable of performing all of the operational, financial, and environmental performance aspects of managing a large-scale building system. The upgraded version will provide additional user capabilities, additional automated interfaces with existing State systems, and is a cloud base solution, which will be updated automatically.

This initiative includes the Arizona Department of Transportation, the Department of Economic Security, and the Department of Public Safety (DPS). Due to limitations of the existing out-of-date solution, DPS will expand their utilization in the upgraded solution providing DPS an effective and efficient tool to manage these State assets. To ensure successful implementation, utilization, and to maximize the efficiencies gained from the upgraded solution, the Executive Budget includes ongoing funding for 1.0 FTE position at DPS.

The amount displays the portion of funding for DPS. Of the total amount displayed below, the ongoing portion is \$214,600.

Funding	FY 2023
General Fund	419.2
Issue Total	419.2

Commercial Vehicle Enforcement Task Force

The Executive Budget includes an increase in ongoing funding to create a Commercial Vehicle Enforcement (CVE) task force between the Department of Public Safety (DPS) and the Arizona Department of Transportation (ADOT).

Until January 2022, DPS CVE and the ADOT Enforcement and Compliance Division Enforcement Security Bureau (ESB) were operated and managed separately by two State agencies. This funding will help consolidate DPS CVE and ADOT ESB under a single management structure. The two agencies have entered into an interagency service agreement (ISA) to facilitate the consolidation.

The Executive Budget creates a CVE Task Force special line item to oversee the consolidation.

The consolidation includes an additional 3.0 FTE management positions at DPS to oversee ESB and CVE.

The alignment of responsibilities under a single management structure will result in enhanced officer safety, more efficient use of personnel, and increased operational consistency. Increased cooperation between ADOT and DPS will more effectively serve the public and enable the State to better coordinate inter-agency efforts related to border enforcement.

The Executive Budget includes an increase in ongoing funding of \$30.8 million to provide salary increases to key positions for which the agency is experiencing difficulty in recruiting and retaining highly qualified staff.

The multi-agency Enterprise Compensation Strategy is projected to result in pay increases for over 25,000 State employees.

Grapplers for Department Vehicles

The Executive Budget includes an increase in one-time funding for grapplers for Department vehicles.

Grapplers enable the Highway Patrol or other Department units to launch a fabric band at the rear wheel of a fleeing vehicle to safely bring a pursuit to an end. The grappler immobilizes the suspect vehicle in a position ahead of the trooper vehicle. The system causes minimal damage, and usually no damage, to the suspect vehicle.

The Executive included federal funding in 2021 for a portion of the grapplers, but the federal funding does not cover all the grapplers needed by the Department.

Funding	FY 2023
General Fund	1,800.0
Issue Total	1,800.0

Border Strike Task Force Expansion

The Executive Budget includes an increase in ongoing funding and 21.5 FTE positions for the Border Strike Task Force (BSTF).

The BSTF uses collaboration and technology to secure the Arizona-Mexico border and effectively address and combat transnational organized crime. BSTF results are primarily measured through illicit drug and currency seizures, stolen vehicle recoveries, arrests, and investigations conducted by collaboration of bureau personnel and other agency partnerships.

Governor Ducey created the BSTF in 2015, which has been conducting monthly border security operations since September 2015. In the first two months of its existence, the BSTF seized money, drugs (including 19 pounds of heroin), and stolen vehicles having a total estimated criminal value of \$5.5 million. In comparison, in the entire previous year, DPS seized only 14 pounds of heroin. In FY 2020, the Force seized 1,300 pounds of marijuana, 13 pounds of heroin, 2,469 pounds of methamphetamine, 117 pounds of cocaine, 81 pounds of Fentanyl, 145 firearms, 45,126 rounds of ammunition, \$504,095 in currency, and 93 vehicles. The force also recovered 25 stolen vehicles and made 515 custodial arrests.

Considering these impressive results, it is reasonable to expect that an expanded operation would significantly reduce the volume of human trafficking, drug smuggling, and other criminal activity that occurs near and across the Arizona-Mexico border, thus warranting doubling the size of the Border Strike Task Force and tripling the investment in local grants. This will provide funding for several initiatives:

- 1) Overtime for Troopers and partner agencies to investigate long-term, transnational criminal organizations and unlawful activity surrounding illegal crossings including trespassing, vehicle theft, smuggling, and trafficking.
- 2) Partnerships with other states for a Southern States Border Strike Force to share intelligence, strengthen cyber security efforts, and strengthen humanitarian efforts to protect children and families.
- 3) Recruitment and Retention bonuses for Troopers assigned to Southern Arizona.
- 4) Expansion of Trooper coverage and K-9s working close to the border.
- 5) Additional monitoring/surveillance equipment.

In addition to the funding, 21.5 FTE positions are needed to carry out the listed initiatives. The new FTE positions will include 6.0 Analyst FTE positions, 4.0 Trooper FTE positions, 3.0 Paramedic FTE positions, 3.0 IT Staff FTE positions, 2.0 Forensic Scientist FTE positions, 1.0 Pilot FTE position, 1.0 Mechanic FTE position, 1.0 Sergeant FTE Position, and 0.5 Administrative Support FTE position.

To expand the BSTF, the FY 2023 Executive Budget recommends \$11.6 million from the General Fund. This includes \$9.0 million for DPS operations and \$2.5 million for local support.

Executive Budget Baseline Changes

Technical Corrections

The Executive Budget includes a funding shift and an increase of 3.0 FTE positions to address issues from the FY 2022 budget.

The Microwave Backbone Statewide Communication System special line item (SLI) did not include any FTE positions in the appropriation; however, 3.0 FTE positions are needed for project management. No additional funding is required for the positions.

Also, in the enacted FY 2022 budget, the Pharmaceutical Diversion and Drug Theft Task Force SLI received an appropriation of \$455,700, which is insufficient to sustain the program.

The Executive Budget includes an FY 2023 shift of \$238,100 from the operating budget to this SLI, for total funding of \$693,800. This has no net cost, as the funding cut for the SLI went to the operating budget in FY 2022.

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustments section, which is immediately after the Capital section. Statewide Adjustments for FY 2023 include changes for health insurance premiums, retirement contributions, rent charges, accounting system costs, human resources system modernization, state motor vehicle fleet charges, human resources charges, and information technology charges.

There could also be funding for this agency in the capital or the statewide and large automation projects sections, which follow the Department of Water Resources.

As part of the Executive Budget, for some agencies, there are changes to Arizona Revised Statutes and General Appropriations Act footnotes.

Public Safety Personnel Retirement System

The Public Safety Personnel Retirement System (PSPRS) manages the retirement systems for most Law Enforcement Officers, Correctional Officers, and Elected Officials in Arizona. The PSPRS system consists of three separate retirement plans for Public Safety Personnel, Elected Officials, and Correctional Officers. The system provides pension payments and retirement benefits to over 59,000 active and retired members, and surviving beneficiaries, from more than 300 employers groups (municipalities, agencies, and districts) statewide. The three systems are comprised of defined benefit and defined contribution plans. The system is governed by a nine-member Board of Trustees. Membership of the Board of Trustees is split between members of the system - law enforcement and fire department - and trustees representing employers and taxpayers.

Previously Enacted Appropriations

The Executive Budget includes \$6.0 million for previously enacted appropriations.

The increase consists of \$1.0 million for the pension liability of the Prescott Fire Department, originally enacted by Laws 2019, Chapter 263, and mandated each year through FY 2026, and \$5.0 million for the Elected Officials' Retirement Plan, which is statutorily appropriated by A.R.S. § 38-810.

Pension Liability Deposit

The Executive Budget includes an increase in one-time funding to pay off the FY 2021 Tier 1 & 2 Public Safety Personnel Retirement System unfunded pension liability. This deposit, combined with the Department of Game and Fish deposit of \$15.0 million, is estimated to generate approximately \$740.0 million in savings over 20 years, 55% for the General Fund and 45% for Other Funds.

The Executive Budget also implements reforms to protect the investment and increase transparency.

Major Executive Budget Initiatives and Funding

95/110 Budget Model

The Executive Budget includes a \$0 funding issue to address an ongoing concern with the Department of Real Estate's operating budget structure.

Currently, the Department operates using a 95/110 budget structure, which requires that fees be set to generate revenues that are between 95% and 110% of the Department’s appropriation. Since 2014, the Department has collected revenues in excess of the 110% limit.

Current statute sets basement levels for fees collected by the Department. The Executive recommends a Legislative change to eliminate basement fees set in statute, which will provide more flexibility for the Department to collect fees within the allowable range.

In addition, the Executive supports new statutory language clarifying that development fees are not to be included in the Department’s revenue calculation. These fees have not historically been included as part of revenues calculations, and the change will formalize a policy already in place at the Department.

Board of Respiratory Care Examiners

The Board of Respiratory Care Examiners regulates the practice of respiratory care in Arizona. Respiratory care practitioners work in therapeutic, surgical, and/or clinical settings to monitor respiration and lung health, as well as to diagnose and treat disorders. The Board examines and licenses respiratory care practitioners based on minimum competence standards set by the Legislature. Additionally, the Board enforces State laws, rules, and regulations set forth to ensure public safety and investigates complaints filed against members of the respiratory care community.

Major Executive Budget Initiatives and Funding

Information Technology Department Enhancement

The Executive Budget includes an increase in ongoing funding to enhance the Department's IT capabilities. This funding will support salaries for 12 additional personnel and provide necessary equipment and software.

Changes to tax legislation at the state and federal level often require that the Department implement complex changes to its tax system. The recent pace of such changes has placed significant stress on the Department's IT staff.

The Executive Budget seeks to remedy this situation by enhancing the Department's IT capabilities to ensure timely and efficient implementation of current and future tax legislation.

Funding	FY 2023
General Fund	3,513.0
Issue Total	3,513.0

Integrated Tax System Modernization Project

The Executive Budget includes a one-time deposit from the General Fund and the Integrated Tax System Project Fund to the Automation Projects Fund to develop and implement the Department's outdated tax system.

The Department's Business Reengineering/Integrated Tax System (BRITS) was implemented in 2002 and lacks much of the functionality required for efficient operations.

Its replacement will address the current system's functionality issues and enhance the Department's customer-facing modules to help ensure that Arizona remains a business and tax-friendly state.

The project is expected to be completed by the end of FY 2028 for a total cost of \$104.8 million. Of that amount, \$61.3 million will be contributed by the State General Fund and \$43.5 million will be contributed by other beneficiaries of the Department's improved tax collection capabilities, including cities, towns, counties, the Smart and Safe Arizona Fund, and the Student Support and Safety Fund.

Transfers and appropriations for this project appear in the Automation Projects Fund section of the Executive Budget.

Remove One-Time FY 2022 Appropriations

The Executive Budget removes in FY 2023 the one-time FY 2022 appropriation for income tax information technology (IT) costs.

Laws 2021, Chapter 408, Section 82 appropriated \$466,300 from the State General Fund to the Department of Revenue to implement changes to their income tax IT systems.

The Executive Budget aligns with current law by backing out the appropriation.

Funding	FY 2023
General Fund	(466.3)
Issue Total	(466.3)

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustments section, which is immediately after the Capital section. Statewide Adjustments for FY 2023 include changes for health insurance premiums, retirement contributions, rent charges, accounting system costs, human resources system modernization, state motor vehicle fleet charges, human resources charges, and information technology charges.

There could also be funding for this agency in the capital or the statewide and large automation projects sections, which follow the Department of Water Resources.

As part of the Executive Budget, for some agencies, there are changes to Arizona Revised Statutes and General Appropriations Act footnotes.

Executive Budget Baseline Changes

Transfer of School Facilities Board to Department of Administration

The Executive Budget includes a decrease in ongoing funding for the School Facilities Board to transfer the Board's appropriations to the Department of Administration.

Laws 2021, Chapter 404 transfers the effective January 1, 2022. The law repeals the Board of School Facilities Board and adds it in as the School Facilities Division within the Department of Administration.

In order to effectuate the intent of both the FY 2022 General Appropriation Act and Laws 2021, Chapter 404, the General Accounting Office (GAO) intends to delay the financial consolidation until the end of the current fiscal year. The operational consolidation occurred on January 1, 2022, as required by law.

Department of State - Secretary of State

The Department of State is headed by a publicly elected Secretary of State, who serves as Acting Governor in the absence of the Governor and succeeds the Governor should a vacancy occur. The Secretary of State is the keeper of the Great Seal of the State of Arizona and is also the Chief State Election Officer, who administers election functions, including canvass and certification of statewide elections, and coordinates statewide voter registration. The Secretary of State's office receives and records various filings, including Uniform Commercial Code transactions, trademark and trade name registrations, and limited partnership and limited liability partnership filings. The office also registers lobbyists and accepts periodic lobbyist and campaign finance filings; publishes all official acts of the State of Arizona including laws, the Arizona Administrative Code, and the Arizona administrative Register; files the notices of the Governor's appointments to State boards and commissions; appoints notaries public; and applies apostilles to all international transactions.

The Arizona State Library, Archives and Public Records Division provides general information services as well as research and reference services in the subject areas of law, government, public policy, genealogy, and Arizona. The Division administers State and federal grants for public libraries and offers consultant services to both public libraries and government agencies. The Division also offers special library and information services for anyone who is unable to read or use standard printed materials as a result of temporary or permanent visual or physical limitations, manages public record archival retention programs, and creates exhibits to educate the public regarding governmental and Arizona history and the legislative process.

Major Executive Budget Initiatives and Funding

Primary and General Election - NEW

The Executive Budget includes an increase in one-time funding to fulfill statutory responsibilities associated with the 2022 primary and general elections.

State law requires the Secretary of State to (a) reimburse counties for the costs of producing and mailing sample ballots to every household with a registered voter; (b) reimburse counties for the costs of certifying petition and referendum signatures; © print and mail a publicity pamphlet to every household with a registered voter for any initiative or referendum; and (d) review and process initiative and referendum signatures.

In addition, the Executive Budget anticipates costs of \$6.0 million in FY 2024 related to the Presidential Preference election and \$5.7 million in FY 2025 related to the national and state election.

Funding	FY 2023
General Fund	5,696.2
Issue Total	5,696.2

Electronic Record Storage Feasibility Study - NEW

The Executive Budget includes a one-time transfer from the Record Services Fund to the Automation Projects Fund.

The funding will be used to conduct a feasibility study on how the Secretary of State shall preserve electronic, born-digital records on behalf of the State in a self-sustaining manner similar to physical record storage.

Laws 2019, Chapter 275 notes that the Secretary of State is responsible for the preservation of born-digital records.

The cost of the feasibility study is estimated to be \$300,000, based on similar studies conducted at the Arizona Department of Transportation and Arizona Department of Agriculture.

Transfers and appropriations for this project appear in the Automation Projects Fund section of the Executive Budget.

Executive Budget Baseline Changes

Ongoing Cost - Arizona Voter Information Database

The Executive Budget includes an increase in one-time funding to address the State's responsibility for the Arizona Voter Information Database.

The total annual cost is \$1.0 million. The State is responsible for half that amount, while the counties collectively are responsible for the remaining half.

Funding	FY 2023
Election Systems Improvement Fund	483.5
Issue Total	483.5

Remove One-Time FY 2022 Appropriations

The Executive Budget removes in FY 2023 the one-time FY 2022 appropriation for the ongoing cost of Arizona Voter Information Database.

Laws 2021, Chapter 408 provided \$192,500 from the Election Systems Improvement Fund to address the ongoing cost of Arizona Voter Information Database.

The Executive Budget aligns with current law by backing out the appropriation.

Funding	FY 2023
Election Systems Improvement Fund	(192.5)
Issue Total	(192.5)

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustments section, which is immediately after the Capital section. Statewide Adjustments for FY 2023 include changes for health insurance premiums, retirement contributions, rent charges, accounting system costs, human resources system modernization, state motor vehicle fleet charges, human resources charges, and information technology charges.

Remove One-Time FY 2022 Appropriations

The Executive Budget removes in FY 2023 the one-time FY 2022 appropriation for a study, evaluating the impact of creating a Southern Arizona regional sports authority.

Laws 2021, Chapter 408, Section 48 appropriated \$250,000 from the State general fund for the study.

The Executive Budget aligns with current law by backing out the appropriation.

Major Executive Budget Initiatives and Funding

Interstate 10 Expansion - New

The Executive Budget includes a one-time transfer of \$400.0 million in transaction privilege tax (TPT) revenue to the State Highway Fund in FY 2022.

In the current fiscal year, transportation funding has been robust; with the combination of (a) FY 2022 State Budget appropriations and (b) federal Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA) funding directed by the Governor, the Department is performing pavement preservation and rehabilitation on nearly 1,000 lane-miles statewide.

In addition, the Governor allocated CRRSA monies to close the funding gap in replacing the Gila River Bridge on Interstate 10 between Phoenix and Tucson, accelerating the expansion of I-10 from two lanes to three in both directions between Phoenix and Casa Grande.

The FY 2022 Budget appropriated \$50.0 million for the northbound portion of that expansion project. Due to the late passage of the Investment in Infrastructure Jobs Act by the federal government and slow-moving securement of right-of-way, the Executive Budget extends by one year the lapsing date of that funding.

In addition to the \$50.0 million provided in FY 2022 and the \$90.0 million for the Gila River Bridge, the Executive Budget includes a massive \$400.0 million investment that will further position the State to receive federal monies to fully fund the aforementioned I-10 expansion between Phoenix and Casa Grande.

The total \$540.0 million of State dedicated funds allocated to the project is anticipated to cover 20 miles of the 25-mile segment and the Gila River Bridge replacement. Upon securement of right-of-way and environmental clearance, the expansion project is anticipated to be completed in three to four years.

This historic investment in the vital transportation and commerce corridor that connects Phoenix and Tucson will ease congestion, improve public safety, and enhance economic development opportunities in central Arizona and the Gila River Indian Community.

If the Department secures additional federal monies that offset the State-funded portion, the Executive intends for the offset portion to be utilized toward other transportation projects that are critical to the State's continued economic growth, such as expanding the I-17 flex lane and expansion project to Cordes Junction. This expansion would address much of the traffic congestion on I-17, which would reduce commute time, improve public safety, and enhance economic development opportunities within this area.

The appropriation for this project appears in the Capital section of the Executive Budget.

State Match Advantage for Rural Transportation (SMART) Fund - NEW

The Executive Budget includes a one-time transfer of \$50.0 million in transaction privilege tax (TPT) revenue to the newly created State Match Advantage for Rural Transportation (SMART) Fund in FY 2022.

Passage of the federal Investment in Infrastructure Jobs Act has produced numerous competitive transportation grant programs from the federal government.

The \$50.0 million transfer into the SMART Fund will result in grants to rural communities and the Department for costs associated with applying for and securing federal transportation grants for transportation projects outside of Maricopa and Pima counties.

The Department will administer the fund and grant program, with the State Transportation Board approving the final awards.

Monies within the SMART Fund are available only to political subdivisions outside of Maricopa and Pima counties, as follows:

- 40% to counties, with half going to counties with populations of more than 100,000 and half to smaller counties;
- 40% to municipalities, with half going to municipalities with populations of more than 10,000 persons and half to smaller municipalities;
- 20% to the Department for projects outside of Maricopa and Pima counties.

The Department may utilize 1% of its portion for administrative costs to manage the grant program.

Grants can be utilized for one of the following: (1) shovel-ready costs for a project that meets federal requirements; (2) application fees to apply for the competitive grant; and (3) the matching portion to draw down the competitive federal funding.

The Department is authorized to further prescribe the process to receive funding and how it will be distributed to ensure equity, which includes but is not limited to setting the maximum grant awards for each category. A locality's ability to provide matching funds will be a positive factor in evaluating their application.

Enterprise Compensation Strategy

The Executive Budget includes an ongoing increase in funding of \$6.4 million to provide salary increases to key agency positions that are currently experiencing difficulty in recruiting and retaining highly qualified staff.

Of that amount, \$206,500 is from non-appropriated funds that will not appear in the fund sourcing below this issue.

This initiative is projected to result in increases for over 25,000 State employees.

ADOT Fleet Modernization - NEW

The Executive Budget includes an increase in ongoing funding and revisions to the fund and special line item (SLI) name.

The funding will continue the momentum established in FY 2022 by modernizing the model of fleet operations for the ADOT Fleet, the size and composition of which are unique in comparison to the State Fleet.

The ADOT Fleet contains approximately 4,650 units, ranging from light-duty vehicles to heavy-duty construction equipment, more than quadruple the size of the State Fleet, which consists of approximately 1,000 light-duty vehicles across 37 agencies.

Due to these significant differences, the Executive Budget refines the structures around the ADOT Fleet to provide consistency and transparency in how the State manages these assets in the likeness of the State Fleet.

First, the Executive Budget changes the name "Transportation and Equipment Fund" to "ADOT Fleet Operations Fund." This issue appears in the Legislative Changes section of the Executive Budget.

Second, the Executive Budget renames the "Vehicle Replacement" SLI as the "ADOT Fleet Replacement" SLI and increases the SLI to \$22.4 million from the State Highway Fund. This increase will allow for a proper replacement schedule of 11 years, which will address the backlog of 1,400 vehicles and equipment that are in need of replacement. A proper replacement schedule will reduce operational cost and create efficiencies in ensuring that the State Highway System remains safe and open to travelers.

A similar initiative is being contemplated for the Department of Public Safety and Department of Correction, Rehabilitation & Reentry. Those two agencies and ADOT have historically been exempted from the State Fleet.

The Executive does intend for all exempt agencies except for the Legislative and Judicial branches to be incorporated into the State Fleet. At this time, the Executive and ADOT, as State Fleet manager, are not prepared to start onboarding the historic large exempt agency fleets into the State Fleet.

State Fleet Modernization Phase 2: Onboarding of the Non-Managed State Fleet

The Executive Budget includes an increase in ongoing funding to accommodate the onboarding of non-managed vehicles.

In FY 2022, management of the State Fleet was transferred from the Department of Administration to the Arizona Department of Transportation. During the transition, it was discovered that there was a group of 296 vehicles that belonged to agencies within the State Fleet but were not being managed by the Fleet Manager.

The funding amounts represent the increase in appropriation authority needed for ADOT to address the onboarding of the non-managed fleet in FY 2023. Associated statewide adjustments for the anticipated agency cost appear in the Statewide Adjustments section for the impacted agencies.

Funding	FY 2023
State Fleet Operations Fund	987.5
State Fleet Vehicle Replacement Fund	1,834.8
Issue Total	2,822.3

State Fleet: New Additions - NEW

The Executive Budget provides an increase in one-time funding to the State Fleet Vehicle Replacement Fund to purchase vehicles for the Department of Fire and Forestry Management and the Department of Liquor Licenses and Control.

As the Fleet Manager, ADOT has sole statutory authority to procure vehicles on behalf of agencies within the State Fleet. This centralized role helps ensure maximum utilization of the Fleet, fully leverage procurement, and streamline Fleet operations.

The Executive Budget also contemplates vehicle purchases for the Office of the Attorney General. Due to fund restrictions, this appropriation is displayed within the appropriate agency section and will be transferred to ADOT by the agency upon appropriation.

The ongoing costs for these new additions will be represented in the affected agencies' sections within the Executive Budget. The Executive Budget provides an increase in appropriation authority for the State Fleet Operations Fund for ADOT to address the operational needs of these new vehicles.

Funding	FY 2023
State Fleet Operations Fund	1,340.1
State Fleet Vehicle Replacement Fund	4,146.0
Issue Total	5,486.1

State Fleet: New Additions – One-Time Deposit - NEW

The Executive Budget includes an increase in one-time funding for deposits from various funds into the State Fleet Replacement Fund.

Funding will support vehicle purchases for the Department of Fire and Forestry Management and the Department of Liquor Licenses and Control.

The Executive Budget also contemplates vehicle purchases for the Office of the Attorney General. Due to fund restrictions, this appropriation is displayed within the appropriate agency section and will be transferred to ADOT by the agency upon appropriation.

Funding	FY 2023
General Fund	3,600.0
Liquor Licenses Fund	294.0
Issue Total	3,894.0

Building System Management Upgrade - NEW

The Executive Budget includes increases in one-time and ongoing funding to provide an upgraded, integrated workplace management solution.

Proper management of the State's building system is crucial in ensuring responsible stewardship of State assets. The solution is a centralized platform capable of performing all of the operational, financial, and environmental performance aspects of managing a large-scale building system. The upgraded version is a cloud-based solution that will be updated automatically and provide additional user capabilities and additional automated interfaces with existing State systems.

This initiative includes the Arizona Department of Transportation (ADOT), Department of Economic Security, and Department of Public Safety. Due to ADOT's historic utilization of the existing out-of-date solution, the Department will experience a higher one-time cost to transition to the upgraded solution.

The amount displays the portion of funding for each agency. Of the total amount displayed below, the ongoing portion is \$147,000.

Funding	FY 2023
State Highway Fund	1,175.3
Issue Total	1,175.3

Motor Vehicle Division Security Modernization Phase 1 - NEW

The Executive Budget includes an increase in one-time funding to modernize the security systems at 11 Motor Vehicle Division offices.

This is the first phase of a five-phase initiative to modernize security systems at all 42 Division offices.

This funding will allow for the replacement of security systems that have exceeded their expected useful life. It represents a necessary investment in security infrastructure to maintain a safe environment for Department employees and the public.

Funding	FY 2023
Motor Vehicle Liability Insurance Enforcement Fund	931.9
Issue Total	931.9

Construction Management System Replacement Phase 1 – NEW

The Executive Budget includes an increase in one-time funding to hire a consultant to develop the scope of work for a new construction management system.

The new system will replace the Department's 30-year-old, end-of-life system.

In the early 1990s, the Department developed in-house the Field Office Automated System (FAST), which performs three key construction management functions: contract initiation, construction administration, and material management.

The three-decade-old system handles approximately 125 construction projects and processes approximately \$1.0 billion in payments per year, but it no longer meets the Department's construction management needs.

Replacement of FAST will allow the Department to more efficiently fulfill its mandate to provide safe and reliable transportation infrastructure.

Funding for Phase Two will pertain to the costs of system development.

Funding	FY 2023
State Highway Fund	300.0
Issue Total	300.0

Driver License Security Software Upgrade

The Executive Budget includes increases in one-time and ongoing funding to upgrade the Department's driver license security software.

Identity fraud and theft are often detected in the driver license credential process. The Department's Office of Inspector General (OIG) conducts case investigations and audits designed to prevent and deter fraud, abuse, and misconduct in Department programs. The OIG uses driver license security software to detect and prevent fraud against Arizona citizens.

The Department expects this project to be completed in FY 2023 and is gathering more information to secure an estimated cost. The Executive will inform the Legislature when the cost estimate is finalized.

Funding	FY 2023
Motor Vehicle Liability Insurance Enforcement Fund	0.0
Issue Total	0.0

Travel ID Implementation

The Executive Budget includes an increase in one-time funding to address Travel ID implementation.

Beginning May 3, 2023, every air traveler will need either a Real ID-compliant license or a passport for domestic air travel, per the REAL ID Act of 2005. The law prohibits federal agencies from accepting any forms of identification that do not meet the REAL ID Act standards.

The Department has issued about 1.7 million Arizona Travel IDs and anticipates issuing three million more. Given the close proximity of the deadline and the inability to acquire a Travel ID online, the Department is expecting a surge of applicants during FY 2023.

This funding is intended to cover costs associated with additional FTE positions, advertising, and credential volume increases. In addition, the funding will cover the deployment of a mobile unit to assist issuance in remote areas of the state.

Funding	FY 2023
State Highway Fund	6,013.2
Issue Total	6,013.2

Vehicle Inspection and Title Enforcement Fund Deposit - NEW

The Executive Budget includes an increase in one-time funding for a deposit from the Motor Vehicle Liability Insurance Enforcement Fund to the Vehicle Inspection and Certificate of Title Enforcement Fund.

Due to COVID-19, the latter fund has experienced a revenue decline and not yet returned to pre-pandemic levels. The transfer will ensure that the fund does not experience a shortfall in FY 2023 while revenues recover.

Funding	FY 2023
Motor Vehicle Liability Insurance Enforcement Fund	350.0
Issue Total	350.0

Executive Budget Baseline Changes

Highway Maintenance - New Lane Miles

The Executive Budget includes an increase in ongoing funding for maintenance of new highway lane-miles.

The cost to properly maintain the State highway system increases as the system expands. The system is anticipated to expand by 52 new urban lane-miles and 41 new rural lane-miles in FY 2022.

Major costs include roadside and shoulder maintenance, landscaping, surface treatments, and traffic signals.

Funding	FY 2023
State Highway Fund	1,399.9
Issue Total	1,399.9

Highway Maintenance - South Mountain Freeway

The Executive Budget includes an increase in ongoing funding for the maintenance of 176 lane-miles within the South Mountain Loop 202 Freeway.

The Department entered into a public-private partnership to design, build, and maintain that stretch of Arizona freeway. The developer is responsible for specific maintenance functions for 30 years, and ADOT will make annual inflation-adjusted payments for those services.

Funding	FY 2023
State Highway Fund	16.9
Issue Total	16.9

Driver License and License Plate Volume Increase

The Executive Budget includes an increase in ongoing funding for driver license, ID card, and license plate production.

Arizona drivers pay fees to receive license plates, ID cards, and driver licenses. Those revenues are deposited into the Highway User Revenue Fund. As the number of Arizona drivers and vehicles increases, so do the costs to produce the plates and identification credentials.

The Department has a base funding to issue 1.88 million driver licenses and ID cards and 1.84 million license plates. Due to normal population growth, the Department expects the volume of credentials to increase to 1.94 million driver licenses and ID cards and 2.11 million license plates.

The additional funding addresses that increase.

Funding	FY 2023
State Highway Fund	1,035.7
Issue Total	1,035.7

State Fleet: Statewide Adjustment - NEW

The Executive Budget includes adjustments for agencies within the State Fleet to address anticipated changes to the State Fleet during FY 2022 and the implementation of the annually updated State Fleet fee schedule in FY 2023.

The associated adjustments for the anticipated changes and fee schedule appear in the Statewide Adjustments section for the respective agencies.

ADOT has sufficient existing appropriation authority to address these anticipated changes.

The statewide Fleet adjustment considers only agencies within the State Fleet and their respective vehicles that were included as part of the FY 2022 State Fleet modernization and transition initiative. Additionally, the FY 2023 statewide adjustment includes the onboarding of the non-managed vehicles. The Executive intends for this addition to be exclusive to FY 2023.

Funding	FY 2023
State Fleet Operations Fund	0.0
Issue Total	0.0

State Fleet: Exempt Fleet Adjustment - NEW

The Executive Budget includes an increase in ongoing funding to address anticipated changes to fleet service charges for agencies that are exempted from the State Fleet.

Per A.R.S. § 28-472, certain agencies are exempt from the State Fleet. However, those agencies often receive specific Fleet services for all or a portion of their fleets.

Due to annual adjustments in its fee schedule, the Department must receive an increase in appropriation authority to address the anticipated changes for those impacted agencies.

Funding	FY 2023
State Fleet Operations Fund	1,244.8
Issue Total	1,244.8

Remove One-Time FY 2022 Appropriations

The Executive Budget removes in FY 2023 the one-time FY 2022 appropriation for the one-time Vehicle License Tax deposit.

Laws 2021, Chapter 408 provided \$3.3 million from the General Fund to the Department to offset the loss of 2021 excess rental surcharge revenues. That loss was due to Laws 2021, Chapter 413 allowing for businesses engaged in renting vehicles to use monies collected from their 2021 rental vehicle surcharge to reimburse the amount of vehicle license tax imposed on rental vehicles in 2020 and 2021.

The Executive Budget aligns with current law by backing out the appropriation.

Funding	FY 2023
General Fund	(3,300.0)
Issue Total	(3,300.0)

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustments section, which is immediately after the Capital section. Statewide Adjustments for FY 2023 include changes for health insurance premiums, retirement contributions, rent charges, accounting system costs, human resources system modernization, state motor vehicle fleet charges, human resources charges, and information technology charges.

There could also be funding for this agency in the capital or the statewide and large automation projects sections, which follow the Department of Water Resources.

As part of the Executive Budget, for some agencies, there are changes to Arizona Revised Statutes and General Appropriations Act footnotes.

The Executive Budget provides a lump-sum appropriation by program with special lines.

Treasurer

The primary responsibilities of the elected State Treasurer are to receive and keep custody over all monies belonging to the State that are not required to be kept by some other entity; to pay warrants of the Department of Administration; and to keep an account of all monies received and disbursed. The Office also invests State monies and operates the local government investment pool for public entities throughout Arizona.

Major Executive Budget Initiatives and Funding

Justice of the Peace Salary Increases

The Executive Budget includes an increase in ongoing funding to increase Judges' salaries by 20%.

The funding will keep State judicial salaries competitive with local governments, the federal government, and private practice attorneys.

A.R.S. § 22-117 requires the State to pay 19.25% of the salary for each Justice of the Peace, with the county paying the remainder. This provision does not apply to Maricopa County, which pays 100% of its Justice salaries.

Executive Budget Baseline Changes

Remove One-Time FY 2022 Appropriations

The Executive Budget removes in FY 2023 the one-time FY 2022 appropriation for the following programs:

- Election Integrity Deposit: \$12.0 million
- School Safety Interoperability: \$1.5 million

The Executive Budget aligns with current law by backing out these appropriations.

Funding	FY 2023
General Fund	(12,000.0)
School Safety Interoperability Fund	(1,500.0)
Issue Total	(13,500.0)

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustments section, which is immediately after the Capital section. Statewide Adjustments for FY 2023 include changes for health insurance premiums, retirement contributions, rent charges, accounting system costs, human resources system modernization, state motor vehicle fleet charges, human resources charges, and information technology charges.

There could also be funding for this agency in the capital or the statewide and large automation projects sections, which follow the Department of Water Resources.

As part of the Executive Budget, for some agencies, there are changes to Arizona Revised Statutes and General Appropriations Act footnotes.

Arizona State University

Arizona State University (ASU) is “one university in many places” - four distinctive campuses throughout metropolitan Phoenix that create a federation of unique colleges and schools. They are all ASU, providing access to all the University’s strength and innovation, yet each offers attributes and focuses to meet the needs of any learner. ASU at the Tempe Campus, which includes the Downtown Phoenix campus, is a major public research university offering programs from the baccalaureate through the doctorate. ASU at the West Campus is a comprehensive campus that balances the traditions of liberal arts education with responsiveness to the dynamics of workforce requirements. ASU at the Polytechnic Campus is a nexus for studies in interdisciplinary sciences, engineering, management, technology, and education. Industry partnerships are key to the campus' distinctive course offerings, which provide opportunities for project-based learning within advanced laboratory spaces.

Major Executive Budget Initiatives and Funding

Freedom School Funding

The Executive Budget includes an increase in ongoing funding for Arizona State University’s Freedom School.

Arizona State University’s School for Civic and Economic Thought (SCETL), combines philosophy, history, economics, and political science to teach students how to examine great ideas and solve contemporary problems. SCETL conducts research, produces community events, and administers undergraduate and graduate degrees.

The additional appropriation is intended to support SCETL’s recent expansion and growth, including the addition of graduate degree programming.

Funding	FY 2023
General Fund	2,804.1
Issue Total	2,804.1

Health Insurance Trust Fund Tuition Backfill

The Executive Budget includes an increase in ongoing funding to backfill tuition costs associated with FY 2023 employer health insurance premium increases. The proposed language for this issue can be found in the “Major Executive Budget Footnote Changes” section.

The Executive intends that any future employer health insurance premium increases continue to be allocated using the overall allocation of State General Fund and appropriated tuition monies.

Funding	FY 2023
General Fund	8,253.8
Issue Total	8,253.8

New Economy Initiatives

The Executive Budget includes an increase in ongoing funding for New Economy Initiatives to assist Arizona State University in supporting and expanding initiatives related to the ASU School of Engineering.

New Economy Initiatives are intended to increase post-secondary attainment; increase the number of graduates in critical high-demand areas such as coding, artificial intelligence awareness, and entrepreneurship; and reduce the time required to obtain a degree by modernizing curriculums and programs.

In FY 2022, Arizona State University received \$21.2 million in one-time funding for New Economy Initiatives.

Funding	FY 2023
General Fund	21,200.0
Issue Total	21,200.0

Executive Budget Baseline Changes

2003 Research Infrastructure Refinancing

The Executive Budget includes an increase in ongoing funding for lease-purchase capital financing of research infrastructure projects for scientific growth and technological research activities.

Pursuant to A.R.S. § 15-1670, Arizona State University was appropriated \$13,451,900 in FY 2022 for lease-purchase capital financing for research infrastructure projects. This amount increases to \$13,462,100 in FY 2023.

Funding	FY 2023
General Fund	10.2
Issue Total	10.2

2017 University Capital Infrastructure Financing

The Executive Budget includes an increase in ongoing funding for capital-related expenditures.

Laws 2017, Chapter 328 provides General Fund appropriations to the universities for new research facilities, building renewal, and other capital construction projects. The law appropriated \$27.0 million in FY 2019, of which Arizona State University received \$11.9 million, and increases this amount annually by 2.0% or the rate of inflation, whichever is less.

In FY 2022, Arizona State University received \$12.5 million. The Executive Budget increases the FY 2023 amount by 2%.

Funding	FY 2023
General Fund	250.7
Issue Total	250.7

Remove One-Time FY 2022 Appropriations

The Executive Budget removes in FY 2023 the one-time FY 2022 appropriations for the following programs:

- Operating Funding: \$18.8 million
- The School for Civic and Economic Thought and Leadership: \$2.7 million
- Eastern European Cultural Collaborative: \$250,000
- Political History and Leadership Program: \$250,000

The Executive Budget aligns with current law by backing out these appropriations.

Funding	FY 2023
General Fund	(22,081.3)
Issue Total	(22,081.3)

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustments section, which is immediately after the Capital section. Statewide Adjustments for FY 2023 include changes for health insurance premiums, retirement contributions, rent charges, accounting system costs, human resources system modernization, state motor vehicle fleet charges, human resources charges, and information technology charges.

There could also be funding for this agency in the capital or the statewide and large automation projects sections, which follow the Department of Water Resources.

As part of the Executive Budget, for some agencies, there are changes to Arizona Revised Statutes and General Appropriations Act footnotes.

Northern Arizona University

Founded in 1899, Northern Arizona University (NAU) is a vibrant university committed to teaching as learning, research as innovation, and service as shared leadership. In 2021, Dr. José Luis Cruz Rivera became the 17th President of NAU, following the retirement of the previous President, Dr. Rita Cheng.

With an estimated enrollment in fall 2021 of approximately 28,800 students, NAU engages students on the Flagstaff campus and reaches students regionally with statewide campuses and opportunities for distance learning. From its inception, NAU has implemented innovative and accountable teaching practices, including the effective use of technology.

Accredited by the Higher Learning Commission, the University embraces diversity and promotes inclusion across the University community as a means to prepare graduates to contribute to the social, economic, and environmental needs of a culturally rich society. It inspires students to become active citizens, leaders, visionaries, and problem solvers with an understanding of global issues. Reaffirmation of the University's accreditation occurred in 2017-2018 and extends through 2027-2028.

The University's commitment to diversity continues, with the University's first 2020 Diversity Strategic Plan completed. The first group of Diversity Fellows was announced in March 2021 to play a key role in implementing the new plan. Further, reflecting the diversity of Arizona and the University's commitment to access and attainment for under-represented students, NAU was designated as meeting the criteria of a Hispanic Serving Institution (HSI) by the U. S. Department of Education in March 2021. The NAU Yuma campus has had HSI designation since 2007. Further, NAU ranks in the top one percent of all four-year public universities with the highest Native American enrollment and is highly ranked for awarding degrees to Indigenous students.

In addition to integrating sustainability themes across its curriculum, NAU's 829-acre campus models sustainable operations through multi-modal transportation, environmentally responsible waste disposal, energy-efficient green construction, and sustainability in food procurement. In September 2020, the University maintained a gold rating from the Sustainability, Tracking, Assessment, and Rating System (STARS) of the Association for the Advancement of Sustainability in Higher Education, a rating initially achieved in 2014.

Health Insurance Trust Fund Tuition Backfill

The Executive Budget includes an increase in ongoing funding to backfill tuition costs associated with FY 2023 employer health insurance premium increases. The proposed language for this issue can be found in the "Major Executive Budget Footnote Changes" section.

The Executive intends that any future employer health insurance premium increases continue to be allocated using the overall allocation of State General Fund and appropriated tuition monies.

Funding	FY 2023
General Fund	11,698.2
Issue Total	11,698.2

New Economy Initiatives

The Executive Budget includes an increase in ongoing funding for New Economy initiatives to assist the University in supporting and expanding development of health, mining, and space and defense programs.

The New Economy initiatives are intended to increase post-secondary attainment; increase the number of graduates in critical high-demand areas such as coding, artificial intelligence awareness, and entrepreneurship; and reduce the time required to obtain a degree by modernizing curriculums and programs.

In FY 2022, University of Arizona received \$14.7 million in one-time funding for New Economy initiatives.

Funding	FY 2023
General Fund	14,700.0
Issue Total	14,700.0

Executive Budget Baseline Changes

2003 Research Infrastructure Refinancing

The Executive Budget includes an increase in ongoing funding for lease-purchase capital financing of research infrastructure projects for scientific growth and technological research activities.

Pursuant to A.R.S. § 15-1670, the University of Arizona was appropriated \$14,248,900 in FY 2022 for lease-purchase capital financing for research infrastructure projects. This amount increases to \$14,252,500 in FY 2023.

Funding	FY 2023
General Fund	3.6
Issue Total	3.6

2017 University Capital Infrastructure Financing

The Executive Budget includes an increase in ongoing funding for capital-related expenditures.

Laws 2017, Chapter 328 provides General Fund appropriations to the universities for new research facilities, building renewal, and other capital construction projects. The law appropriated \$27.0 million in FY 2019, of which the University of Arizona received \$10.6 million, and increases that amount annually by 2.0% or the rate of inflation, whichever is less.

In FY 2022, the University of Arizona received \$11.1 million. The Executive Budget increases the FY 2023 amount by 2.0%.

Funding	FY 2023
General Fund	221.8
Issue Total	221.8

Agricultural Workforce Program

The Executive Budget includes an increase in one-time funding for the Agricultural Workforce Development Program.

Laws 2021, Chapter 410 established the Agricultural Workforce Development Program to reimburse food-producing organizations for the costs of hiring apprentices.

Funding	FY 2023
General Fund	500.0
Issue Total	500.0

Remove One-Time FY 2022 Appropriations

The Executive Budget removes in FY 2023 the one-time FY 2022 appropriations for the following programs:

- Operating Funding: \$9.6 million
- Wind Tunnel Funding: \$3.5 million
- Center for the Philosophy of Freedom: \$1.3 million
- Agricultural Workforce Program: \$500,000
- Kazakhstan Studies Program: \$250,000

The Executive Budget aligns with current law by backing out these appropriations.

Funding	FY 2023
General Fund	(15,100.0)
Issue Total	(15,100.0)

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustments section, which is immediately after the Capital section. Statewide Adjustments for FY 2023 include changes for health insurance premiums, retirement contributions, rent charges, accounting system costs, human resources system modernization, state motor vehicle fleet charges, human resources charges, and information technology charges.

There could also be funding for this agency in the capital or the statewide and large automation projects sections, which follow the Department of Water Resources.

As part of the Executive Budget, for some agencies, there are changes to Arizona Revised Statutes and General Appropriations Act footnotes.

Department of Veterans' Services

The Arizona Department of Veterans' Services (ADVS) assists Veterans, Service Members and their dependents with obtaining federal and State earned benefits. Veteran Benefit Counselors assist Veterans with a variety of Veterans Affairs (VA) disability claims, appeals, and referrals. The Department operates State Homes for Veterans (ASVH) and Veterans' Memorial Cemeteries (AVMC) throughout Arizona. The homes are self-funded, skilled-nursing facilities that provide short- and long term-care services to Veterans, their spouses, and Gold Star Family Members. The Department manages the State Approving Agency (SAA) that approves schools to offer curriculum to Veterans under the GI Bill. The Department also administers the Military Family Relief Fund (MFRF), the Veterans' Donation Fund (VDF), coordinates statewide services to eliminate homelessness among Veterans, decrease Veteran suicides, and increase employment opportunities for Arizona Veterans.

Major Executive Budget Initiatives and Funding

Enterprise Compensation Strategy

The Executive Budget includes an increase in ongoing funding of \$1.9 million to provide salary increases to key positions for which the agency is experiencing difficulty in recruiting and retaining highly qualified staff.

The multi-agency Enterprise Compensation Strategy is projected to result in pay increases for over 25,000 State employees.

Funding	FY 2023

Free In-State Tuition for GI Spouses - NEW

The Executive Budget includes an increase in ongoing funding for a new program that last-dollar reimbursements for in-state tuition for spouses of military veterans. The Veteran must have 50% or above service-connected disability. The Veteran and spouse have lived in Arizona for at least one year. The Veteran must have honorably served at least 90 days of continuous active military service.

Funding	FY 2023
General Fund	10,000.0
Issue Total	10,000.0

Hiring Incentives for Nursing

The Executive Budget includes an increase in ongoing funding for hiring and retention bonuses for new and current FTE positions.

The Department operates two skilled nursing homes – a 200-bed facility in Phoenix and a 120-bed facility in Tucson – and is completing two new 80-bed facilities in Flagstaff and Yuma.

Each facility requires skilled nursing staff to operate safely and efficiently, and the Department has faced challenges in hiring and retaining nurses.

The hiring bonus amounts to \$5,000 disbursed over one year of continued employment after hire, and the retention bonus amounts to \$6,000 paid in increments through the end of FY 2023 with continuous employment with the Department.

Funding	FY 2023
State Home for Veterans Trust Fund	731.3
Issue Total	731.3

New Homes Operations

The Executive Budget includes an increase in ongoing funding for operating costs associated with new veterans' homes in Flagstaff and Yuma.

Veterans' homes provide nursing and rehabilitative care for geriatric and chronically ill veterans and dependent or surviving spouses.

Construction of the Flagstaff and Yuma homes began in June 2019 and, following delays, is scheduled to be completed by spring 2022.

Funding of operating costs will help the two homes complete the six-month process to certification. The Department cannot collect revenues from the federal government for services until the homes reach 25% occupancy.

Veterinary Medical Examining Board

The Veterinary Medical Examining Board is responsible for licensing Veterinarians, certifying veterinary Technicians, licensing veterinary medical premises, and licensing animal crematories. The Board administers examinations for Veterinarians and veterinary Technicians, inspects all fixed locations for veterinary medical premises and animal crematories, investigates complaints and violations, and takes appropriate regulatory disciplinary action to ensure the public's protection.

Major Executive Budget Initiatives and Funding

Compliance Inspector

The Executive Budget includes an increase in ongoing funding for a 1.0 FTE Compliance Inspector position.

Currently, this Board has 1.0 FTE Compliance Inspector position for the 1,006 licensed premises and 50 yearly premise license applications. This Board aims to randomly inspect a premise once every 5 years in order to determine compliance standards. There are 232 premises that were last inspected between 2008 and 2016. This additional Compliance Inspector position would allow the Board to clear the backlog by 2026.

Funding	FY 2023
Veterinary Medical Examiners Board Fund	88.0
Issue Total	88.0

eLicensing Upgrade

The Executive Budget includes an increase in ongoing funding for the costs associated with migrating to and maintaining the eLicensing platform. The process of reviewing applications and issuing licenses at many State boards, including the Veterinary Medical Examining Board, calls for further modernization.

Funding	FY 2023
Veterinary Medical Examiners Board Fund	24.8
Issue Total	24.8

In addition to the funding amounts for this agency shown in this section, the Executive Budget also includes funding changes for this agency in the Statewide Adjustments section, which is immediately after the Capital section. Statewide Adjustments for FY 2023 include changes for health insurance premiums, retirement contributions, rent charges, accounting system costs, human resources system modernization, state motor vehicle fleet charges, human resources charges, and information technology charges.

There could also be funding for this agency in the capital or the statewide and large automation projects sections, which follow the Department of Water Resources.

As part of the Executive Budget, for some agencies, there are changes to Arizona Revised Statutes and General Appropriations Act footnotes.

Department of Water Resources

The Department of Water Resources (DWR) administers the State’s water laws through the compilation and analysis of water supply and demand data, coordination of research to augment water supplies for future demand, and development of policies that promote conservation and water availability.

DWR defends the integrity of the State water supply by overseeing surface water, groundwater, and Colorado River water supplies. As the technical experts for the State, DWR represents and supports the General Stream Adjudication proceedings and negotiates with national and international partners.

DWR protects Arizona against the loss of life and property through the implementation of the dam safety, flood warning, and floodplain management programs.

Major Executive Budget Initiatives and Funding

Arizona Water Resilience Strategy

The Executive Budget includes an increase in one-time funding to make a deposit from the General Fund into the Drought Mitigation Revolving Fund.

The Executive intends to deposit \$1.0 billion into the Fund over the next three fiscal years, and this deposit represents the first 33% of that amount.

This is an historic investment in the future of Arizona's water resources and will help the State continue to adapt and thrive despite the ongoing Colorado River drought. Funding will give the Drought Mitigation Board the resources to pursue large-scale solutions to increase long-term water supplies and water-use efficiency. These investments will enhance the water resilience of all Arizona communities, protect future economic growth, and directly address drought challenges.

Additionally, to effect these policy goals, the Executive Budget includes changes to the structure and authority of the Revolving Fund and the Drought Mitigation Board.

Funding	FY 2023
General Fund	334,000.0
Issue Total	334,000.0

Application Modernization Integration Costs

The Executive Budget includes a one-time deposit from the Water Resources Fund to the Automation Projects Fund.

The deposit will allow the Department to modernize its customer application systems and will support integration of the Department's IT systems into one consolidated Salesforce-based system.

The Department conducts many programs that interact with businesses and the public and has 15 separate application systems that run on an outdated programming language. Modernization will consolidate all of the application systems into one platform, creating efficiencies within the Department and providing a simpler customer experience.

All IT initiatives are expected to be completed by the end of FY 2024 at a total cost of \$1.7 million.

Transfers and appropriations for this project appear in the Automation Projects Fund section of the Executive Budget.

Funding	FY 2023
Water Resources Fund	0.0
Issue Total	0.0

Application Modernization Systems Ongoing Costs

The Executive Budget includes an increase in ongoing funding to support annual software licensing fees for the Department's new Salesforce-based customer application online platform.

One-time implementation and data integration costs are reflected in the Automation Projects Fund section of the Executive Budget.

Funding	FY 2023
Water Resources Fund	526.0
Issue Total	526.0

Water Resources Staffing Increase

The Executive Budget includes an increase in ongoing funding for 4.0 FTE positions to address program needs.

3.0 FTE positions will support the Assured and Adequate Water Supply Program, which has seen an increase in workload.

1.0 FTE position will support important floodplain management activities, including evaluation and maintenance of the statewide flood warning system, post-wildfire floodplain management assistance to rural communities, and assistance for floodplain insurance studies.

Funding	FY 2023
General Fund	408.8
Issue Total	408.8

Strengthen Arizona Water Bank

The Executive Budget includes an increase in ongoing funding from the General Fund and a corresponding decrease in ongoing funding from the Arizona Water Banking Fund.

This funding shift will provide the Arizona Water Bank (AWB) with more resources to help address the long-term drought situation.

Under the Drought Contingency Plan and other agreements, AWB is obligated to replace lost water supplies from the Colorado River for Indian Tribes and other municipal and industrial water users. This replacement of water supplies is called "firming."

As the Colorado River flow decreases, Arizona is susceptible to reductions in its water allocation from the river. At a certain point, these reductions could affect Indian Tribe and municipal and industrial water supplies. To prepare to meet firming obligations for those water users, AWB uses its resources to purchase water credits.

A water credit means that a water user agrees to forgo the delivery of water from the Colorado River in exchange for payment from AWB. That amount of water is credited to the AWB. The forgone water is stored in Lake Mead or another lake or underground storage site. In the future, AWB can withdraw the banked water to meet its firming obligations.

Two factors are increasing the urgency for AWB to purchase water credits. First, hydrologic models show worse water flow in the Colorado River each year. Second, as the drought worsens, the market rate for water increases.

This funding will replace the Arizona Water Banking Fund appropriation with a General Fund appropriation to the Department, freeing up the associated Water Banking Fund dollars for use by the Arizona Water Bank.

Arizona Water Banking Fund	(1,219.1)

Storage Area Network Replacement

The Executive Budget includes an increase in ongoing funding to replace the Department's storage area network (SAN) with a cloud-based system.

The SAN houses all of the Department's files on a shared computer network. Starting in 2023, the SAN will no longer be supported by the vendor.

The cloud-based system will be more secure and is in alignment with the Arizona Strategic Enterprise Technology Office's cloud policy.

Executive Budget Baseline Changes

Remove One-Time FY 2022 Appropriations

The Executive Budget removes in FY 2023 the following one-time FY 2022 appropriations:

\$1.0 million for a deposit into the Arizona Water Protection Fund

\$350,000 for an insurance study of the Agua Fria River

The Executive Budget aligns with current law by backing out these appropriations.

Major Executive Budget Initiatives and Funding

Administration - Business One Stop Phase II

The Executive Budget includes a one-time deposit from the General Fund into the Automation Projects Fund for development of Phase II of the Business One Stop project.

The Arizona Strategic Enterprise Technology Office (ASET) is engaged in the first phase of the project to develop a portal to provide a single online location to help citizens complete all tasks and requirements of multiple agencies needed to plan, start, grow, and relocate businesses in Arizona.

Phase I, in collaboration with five State agencies, includes development of over 30 functionalities needed to plan and start a business in Arizona.

Phase II will engage several additional agencies to expand the platform to add 35 functionalities that will allow businesses to register a user, connect to an existing business, update user information, and register or cancel a license.

This project is expected to be completed in FY 2026 for a total cost of \$32.2 million.

Funding	FY 2023
General Fund	15,614.3
Issue Total	15,614.3

Administration - Human Resource Information System Modernization-NEW

The Executive Budget includes a one-time deposit from the Personnel Division Fund to the Automation Projects Fund to modernize and replace the Human Resource Information System (HRIS) at the Department of Administration.

The Personnel Division Fund collects a pro rata charge of 0.86% of payroll from all State agencies. The Executive collects excess revenue, in the amount of \$1.7 million, that will be applied toward the project. Additionally, the Executive recommends increasing the pro rata charge to collect an additional \$20.6 million in FY 2023.

The Department manages existing State human resource operations on an online platform that was developed in 2003. The current platform is expected to reach end of life in 2027, and continued use will create security, compliance, and technical issues.

Replacement of the outdated platform will allow the Department to more efficiently and effectively support human resources, payroll, benefits, and time and attendance systems for State employees.

The project is expected to be completed in FY 2026 for a total cost in the range of \$58.0 million to \$68.0 million.

Associated statewide adjustments for the pro rata increase appear in the Statewide Adjustments section.

Funding	FY 2023
Personnel Division Fund	22,397.8
Issue Total	22,397.8

Agriculture - Information Technology / Cloud Migration

The Executive Budget includes a one-time deposit from the General Fund into the Department's Automation Projects Fund Subaccount for the Department's Enterprise Cloud Migration plan. The Executive Budget also extends the lapsing date of the one-time FY 2022 cloud migration appropriation.

The two provisions continue support of the Department's Enterprise Cloud Migration plan. Funding will be used to continue migrating suitable applications to the new platform and modernizing certain applications to comply with a cloud environment.

This issue appears in the Legislative Changes section of the Executive Budget.

Funding	FY 2023
General Fund	2,000.0
Issue Total	2,000.0

Revenue - Integrated Tax System Modernization-NEW

The Executive Budget includes one-time deposits from the General Fund and the Integrated Tax System Project Fund to the Automation Projects Fund to develop and implement the Department of Revenue's outdated tax system.

The Department's Business Reengineering/Integrated Tax System (BRITS) was implemented in 2002 and now lacks much of the functionality required for the Department to operate efficiently. The new Arizona Tax Liability System, or ATLAS, will address all of the functionality issues of the current system and enhance the Department's customer-facing modules to ensure that Arizona remains a business- and tax-friendly state.

The project is expected to be completed by the end of FY 2028 for a total cost of \$104.8 million. Of that total, \$61.3 million will be contributed by the State General Fund, and \$43.5 million will be contributed by other beneficiaries of the Department's improved tax collection capabilities, including cities, towns, counties, the Smart and Safe Arizona Fund, and the Student Support and Safety Fund.

Secretary of State - Electronic Record Storage Feasibility Study - NEW

The Executive Budget includes a one-time deposit from the Record Services Fund to the Automation Projects Fund.

The funding will be used to conduct a feasibility study on how the Secretary of State shall preserve electronic, born-digital records on behalf of the State in a self-sustaining manner similar to physical record storage.

Laws 2019, Chapter 275 notes that the Secretary of State is responsible for the preservation of born-digital records.

The cost of the feasibility study is estimated to be \$300,000, based on similar studies conducted at the Arizona Department of Transportation and Arizona Department of Agriculture.

Funding	FY 2023
Records Services Fund	300.0
Issue Total	300.0

State Parks - Smart Phone Application – NEW

The Executive Budget includes a one-time deposit from the State Parks Revenue Fund to the Automation Projects Fund.

The funding will be used to develop a smart phone application that will provide enhance the visitor experience by providing a centralized point to access up-to-date park information. The agency expects the application to provide visitors with a digital park pass, information on closures and park visitor levels, trail information, and more.

Funding	FY 2023
State Parks Revenue Fund	535.6
Issue Total	535.6

Water Resources - Application Modernization Integration Costs-NEW

The Executive Budget includes a one-time deposit from the Water Resources Fund to the Automation Projects Fund to modernize and consolidate the Department of Water Resources' business applications, customer applications, and data access systems.

This project will consolidate all systems into one Salesforce cloud-based platform, make agency processes more efficient, and provide a more positive customer experience.

The integration of all systems into the new platform is expected to be completed by the end of FY 2024 at a total cost of \$1.7 million.

Funding	FY 2023
Water Resources Fund	1,700.0
Issue Total	1,700.0

Major Executive Budget Initiatives and Funding

Administration - Building Renewal

The Executive Budget includes an increase in one-time funding for Department of Administration building renewal.

As the building components and structural systems of many of the State's buildings have exceeded their expected useful lives, building renewal money is an increasingly important investment in the State's infrastructure. These funds support a variety of projects, including fire and life safety and targeted infrastructure repair, replacement, and renovation.

Administration - West Adams Renovation Project-NEW

The Executive Budget includes an increase in one-time funding for the Department of Administration to renovate West Adams Street portions of the Capitol Mall as part of Arizona's Connected Workforce's State Compression Plan.

This initiative includes three projects: renovation of 1616 West Adams, renovation and restoration of 1688 West Adams, and demolition of 1624 West Adams and construction of a courtyard in its place.

Built in 1961, 1616 West Adams has over \$11.0 million in deferred maintenance costs. The building is scheduled to be vacant by the end of FY 2022. Funding will be used to renovate the facility to allow one or more agencies to occupy the space.

Built in 1927, 1688 West Adams has over \$3.0 million in deferred maintenance costs. The building is scheduled to be vacant by the end of FY 2022. Funding will be used to restore the historic façade and interior public spaces, replace the HVAC unit, and renovate other parts of the facility.

Built in 1961, 1624 West Adams has over \$7.3 million in deferred maintenance costs. The building has been vacant since the FY 2021 relocation of the Department of Juvenile Corrections. Funding will be used to demolish the building and construct a public plaza to connect the two newly renovated buildings at 1616 and 1688 West Adams.

Administration - Demolition of 1818 W Adams, 1850 W Jackson, and 1720 W Madison-NEW

The Executive Budget includes an increase in one-time funding for demolition of buildings at 1818 West Adams Street, 1850 West Jackson Street, and 1720 West Madison Street. These buildings will be vacant by the end of FY 2022.

The Executive recommends demolishing the buildings to reduce nuisance hazards associated with deteriorating conditions and to improve safety for surrounding buildings and businesses.

1818 West Adams houses the Department of Health Services (DHS) Vital Records Division, which will be consolidated with the main DHS building at 150 North 18th Avenue. Due to deteriorating conditions, funding will be used to demolish the building.

1850 West Jackson has been vacant for over five years due to unsound structural conditions. The facility will be demolished, and the Department of Administration Facilities Operations and Maintenance (FOAM) expanded maintenance yard will occupy the space.

1720 West Madison was built in 1953. It most recently housed the Department of Economic Security Data Center, which was relocated in 2016. Due to the building's age and condition, funding will be used for demolition.

Arizona State Schools for the Deaf and the Blind - Food Service Equipment-NEW

The Executive Budget includes an increase in one-time funding for the Arizona Schools for the Deaf and the Blind to purchase food service equipment.

The Schools provide breakfast and lunch for the deaf, hearing impaired, blind, visually impaired, and multiply disabled student population, which ranges from preschool age to 12th grade. The School's food service equipment at both locations is beyond its useful life, ranging from 20 to 30 years of age.

This funding will allow for new refrigeration equipment, stoves, ovens, dishwashing stations, and minor renovation.

Arizona State Schools for the Deaf and the Blind - Security Upgrades-NEW

The Executive Budget includes an increase in one-time funding for the Arizona Schools for the Deaf and the Blind (ASDB) to purchase and install security upgrades across their campuses.

This funding will result in the addition of 70 proxy card electronic locks across all facilities, creating a more secure campus for the students and staff.

The security system needs to allow for text and audio notifications and will function for daily activities as well as emergency notifications. By replacing the notification system, ASDB will be better able to provide real-time communication to its disabled population, control a bell system to time class releases more effectively, and improve student rotation between classes.

Arizona State Schools for the Deaf and the Blind - Classroom Notification Replacement-NEW

The Executive Budget includes an increase in one-time funding for the Arizona School for the Deaf and the Blind (ASDB) to purchase and install a classroom notification system at the Phoenix campus.

The notification system is an essential building function that allows classrooms to quickly and effectively communicate with the Schools' deaf, hard of hearing, blind, visually impaired, and multiply disabled severe sensory impacted (MDSSI) students and staff. The system will allow for text and audio notifications and will function for daily activities as well as emergency notifications.

This funding will allow ASDB to add 20 sign boards, 100 televisions, and significant cabling installations, ultimately creating a better and safer learning environment.

Department of Corrections, Rehabilitation & Reentry - Building Renewal

The Executive Budget includes an increase in one-time funding for Department of Corrections, Rehabilitation & Reentry (ADCRR) building renewal, fully funding the Department's building renewal formula.

ADCRR maintains 1,518 structures with a total area of 8.8 million square feet and a replacement value estimated at \$2.3 billion.

The Executive Budget includes base funding of \$5.5 million, plus initiative funding of \$27.0 million for the Department to address high-need capital projects and mitigate deferred-maintenance issues. Priority is given to fire and life safety projects.

Department of Corrections, Rehabilitation & Reentry - Fire and Life Safety Projects

The Executive Budget includes an increase in one-time funding for the Department of Corrections, Rehabilitation & Reentry (ADCRR) to complete critical fire and life safety projects at the Lewis, Eyman, Tucson, and Perryville complexes.

Replacement of doors, locks, and fire alarm and suppression systems will enhance the safety and security of the prison complexes, at a projected total cost of \$18.0 million.

Funding	FY 2023
General Fund	18,000.0

Department of Corrections, Rehabilitation & Reentry - HVAC Replacement Projects-NEW

The Executive Budget includes an increase in one-time funding that will allow the Department of Corrections, Rehabilitation & Reentry (ADCRR) to ensure that all State-owned complexes have functioning air conditioning systems.

Of the 12 State-owned complexes, 11 utilize evaporative cooling systems in some capacity, and Arizona's extreme heat and monsoons impede their effectiveness. Moisture from the evaporative coolers causes deterioration and damages the facilities' technological infrastructure.

The project will span four years. Funding consists of \$42.3 million in FY 2023, and advance appropriations of \$31.4 million in FY 2024, \$29.8 million in FY 2025, and \$23.7 million in FY 2026, for a total project cost of \$127.2 million.

Emergency and Military Affairs - Fire Suppression

The Executive Budget includes an increase in one-time funding for Department of Emergency and Military Affairs (DEMA) building renewal.

Funding will allow DEMA to perform fire-suppression updates at six readiness centers throughout the state. The funding amount displayed represents the State's 50% share of the total project cost. The Department will leverage this State funding to draw down \$1.2 million in federal funding, which represents the remaining 50% of the total project cost.

Game and Fish - Dam Maintenance

The Executive Budget includes an increase in one-time funding for the Department of Game and Fish to conduct renovations at Department-owned dams.

Game and Fish operates and maintains 38 dams, which support aquatic habitat and provide an array of recreational opportunities, including fishing, boating, camping, and wildlife viewing. Many of the dams require ongoing maintenance, including vegetation removal, erosion control, seepage monitoring, concrete restoration, exercising control structures/valves, clearing debris from spillways, removing animal burrows, and Automated Local Evaluation in Real Time (ALERT) system maintenance.

The funding will allow the Department to make critical repairs to its dams to maintain safety.

Public Safety - New South Mountain District Office-NEW

The Executive Budget includes an increase in one-time funding for the Department of Public Safety (DPS) to build a district office that will cover the new portion of the Loop 202 South Mountain Freeway.

Although many troopers spend most working hours in patrol vehicles, office space is necessary for various administrative functions and briefings. Currently, troopers assigned to patrol the new section of freeway are stationed at various facilities, which is not feasible as a permanent solution. Existing office and storage spaces are beyond capacity and located at a considerable distance. Emergency response times from the nearest facility (Knutson District Office) are estimated to be over 30 minutes.

Funding will allow DPS to construct a 9,000-square-foot office near the new section of freeway, which will allow for better working conditions for troopers, safer storage of equipment, and improved emergency response times.

Public Safety - Property and Evidence Vehicle Storage-NEW

The Executive Budget includes an increase in one-time funding for the Department of Public Safety (DPS) to purchase Phoenix land near Grand Avenue.

This funding will allow DPS to purchase a facility that meets the growing demand for evidentiary vehicles stored in Maricopa County; is close to DPS headquarters; and includes a secure fence, improved lighting, and security system with cameras.

The current property and evidence vehicle storage unit are at their maximum capacity, storing over 410 vehicles required to be maintained as evidence for criminal cases by the Maricopa County Attorney's Office. Because of population growth, larger evidence storage facilities are needed. In addition, the surface of the current storage facility has numerous sinkholes that make it difficult to move vehicles efficiently and safely.

Public Safety- Remote Housing-NEW

The Executive Budget includes an increase in one-time funding for the Department of Public Safety (DPS) to replace remote housing units.

DPS provides law-enforcement coverage to urban and rural highways throughout the state and maintains 58 housing units in remote areas far from population centers, where it is impractical for troopers to commute for each shift. Many of the units are well beyond their expected useful life and have rapidly deteriorating building systems.

Funding will allow for replacement of 19 units statewide that have exceeded their useful lives. Additionally, \$2.0 million will be used to develop five new housing units at San Simon.

The Executive advance appropriates \$1.9 million in FY 2025 to fund the replacement of six units that require replacement in FY 2025 and FY 2026.

State Parks - Statewide: Upgrades to Campground Sites - NEW

The Executive Budget includes an increase in one-time funding to upgrade campgrounds at multiple State parks.

The overall goal of this initiative is to enhance the camper's experience with a focus on upgrading recreational vehicle (RV) electrical hook-ups. Having adequate electricity is critical in attracting and maintaining RV visitors. This project involves upgrading more than 1,500 electrical hook-ups across the state.

The first group of parks receiving upgrades will include Alamo, Cattail Cove, Buckskin, and River island.

This statewide project is anticipated to be completed in five years.

State Parks - Jerome State Historic Park: Fire Suppression System Replacement – NEW

The Executive Budget includes an increase in one-time in funding to replace the 40-year-old fire-suppression system in the Jerome Mansion and Carriage House at the Jerome State Historic Park.

The historic Jerome Mansion and Carriage House provides a panoramic view of the Verde Valley and is devoted to the history of the Jerome area and the Douglas family. The museum features photographs, artifacts, minerals, and a video presentation and a 3-D model of the town and its underground mines.

To ensure the safekeeping of this Arizona showpiece, this project will replace the inadequate fire-suppression system by installing a larger water tank and replacing the piping and sprinkler system.

State Parks - Catalina State Park: Bridge – New

The Executive Budget includes an increase in one-time funding to construct a bridge in Catalina State Park.

The new bridge will be located on the Park’s main entrance road. The road goes through a wash that, when flooded, requires the Park’s closure, blocking visitor egress. The bridge will reduce park closures and allow access to the park’s camping and hiking opportunities regardless of weather conditions.

The Executive intends for State Parks to enter into an interagency service agreement with the Arizona Department of Transportation to perform the construction. The project is anticipated to be completed in three years.

Supreme Court - Air Handler and Sewer Replacement

The Executive Budget includes an increase in one-time funding to replace the air handler units and sewer system at the Supreme Court building.

Air handler units are a critical component of a building's air conditioning system. Units at the Supreme Court building have exceeded their useful life, and the manufacturer has discontinued parts. The poor condition of these units leads to higher utility costs, less effective cooling of buildings, and the threat of failure.

In addition, the Supreme Court building’s sewer system is failing. Numerous leaks have occurred, and the Department of Administration has allocated building renewal dollars for partial repairs. This funding would be used in part to complete the replacement of the old sewer system.

Transportation- Interstate 10 Expansion - NEW

The Executive Budget includes a one-time transfer of \$400.0 million in transaction privilege tax (TPT) revenue to the State Highway Fund in FY 2022.

In the current fiscal year, transportation funding has been robust; with the combination of (a) FY 2022 State Budget appropriations and (b) federal Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA) funding directed by the Governor, the Department is performing pavement preservation and rehabilitation on nearly 1,000 lane-miles statewide.

In addition, the Governor allocated CRRSA monies to close the funding gap in replacing the Gila River Bridge on Interstate 10 between Phoenix and Tucson, accelerating the expansion of I-10 from two lanes to three in both directions between Phoenix and Casa Grande.

The FY 2022 Budget appropriated \$50.0 million for the northbound portion of that expansion project. Due to the late passage of the Investment in Infrastructure Jobs Act by the federal government and slow-moving securement of right-of-way, the Executive Budget extends by one year the lapsing date of that funding.

In addition to the \$50.0 million provided in FY 2022 and the \$90.0 million for the Gila River Bridge, the Executive Budget includes a massive \$400.0 million investment that will further position the State to receive federal monies to fully fund the aforementioned I-10 expansion between Phoenix and Casa Grande.

The total \$540.0 million of State dedicated funds allocated to the project is anticipated to cover 20 miles of the 25-mile segment and the Gila River Bridge replacement. Upon securement of right-of-way and environmental clearance, the expansion project is anticipated to be completed in three to four years.

This historic investment in the vital transportation and commerce corridor that connects Phoenix and Tucson will ease congestion, improve public safety, and enhance economic development opportunities in central Arizona and the Gila River Indian Community.

If the Department secures additional federal monies that offset the State-funded portion, the Executive intends for the offset portion to be utilized toward other transportation projects that are critical to the State's continued economic growth, such as expanding the I-17 flex lane and expansion project to Cordes Junction. This expansion would address much of the traffic congestion on I-17, which would reduce commute time, improve public safety, and enhance economic development opportunities within this area.

Transportation - Renovate 206 Annex Building

The Executive Budget includes an increase in one-time funding for the Arizona Department of Transportation (ADOT) to complete the renovation of its 206 Annex building in Phoenix.

ADOT's three-story office building located at 206 South 17th Avenue was occupied by three ADOT divisions and formerly housed the Department's data center. In 2019, it was discovered during asbestos abatement that the floor slab contained extensive spider-web cracking and is structurally compromised. The second and third floors of the building cannot properly support the weight requirements of an office building. ADOT must complete structural remediation before renovation can be completed.

ADOT will utilize \$7.5 million from its FY 2022 Building Renewal to initiate the project. Once completed, the building is anticipated to have an extended life of 50 years and is estimated to save \$17.5 million in private lease costs.

Transportation - Tucson Signal Equipment Repair Shop – NEW

The Executive Budget includes an increase in one-time funding to relocate the Tucson Signal Equipment Repair Shop from the Grant Road Maintenance Yard to an existing Arizona Department of Transportation (ADOT) warehouse facility located at the I-10 and I-19 freeway interchange area.

The repair shop occupies a building constructed in the 1950s that was not designed for this purpose and is prone to regular flooding, causing recurring damage. The existing facility will be demolished and further decrease the physical footprint of the State.

The project is anticipated to be completed in three years.

Transportation - Replace Vehicle Fueling Facilities: Phase 2

The Executive Budget includes an increase in one-time funding for the Arizona Department of Transportation (ADOT) to continue the replacement of aging vehicle fueling facilities.

ADOT recently performed an evaluation of its 108 aboveground and underground storage tanks and associated piping systems. ADOT has 16 fuel facilities with equipment beyond their useful life. The FY 2022 Enacted Budget addresses three of the 16 stations, and the Executive Budget continues the effort by replacing four additional stations, at Tucson, St. David, Wilcox, and Three Points.

The existing fuel system operation does not receive funds for replacement or upgrades of equipment after the total lifecycle has been depleted. ADOT's fueling network supports a majority of the Department's daily operations.

The project is anticipated to be completed in three years.

Executive Budget Legislative Changes

The following Legislative changes are needed to implement the FY 2023 Executive Budget.

Administration, Department of

Reallocate AFIS Charges

As session law, continue to allow charges for the Arizona Financial Information System to be reallocated among State agencies based on transactions within the accounting system.

Rent Exemption

As session law, the Department of Administration may approve whole or partial rent exemptions without recommendation from the Joint Committee on Capital Review. ADOA is required to report each proposed rent exemption to The Joint Legislative Budget Committee staff before approval.

Settlement Authority

As session law, continue to allow the Department to use the Risk Management Fund to settle any debts owed to the federal government due to disallowed costs.

Surplus Property Sales Proceeds

As session law, continue to allow Surplus Property to expend revenues it receives in excess of its appropriation.

Create Cybersecurity Risk Management Fund

As permanent law, create the Cybersecurity Risk Management Fund for costs associated with a Cybersecurity Risk Management program.

Cybersecurity Risk Management Fund Transfers

As session law, transfer \$24.6 million from the Risk Management Fund into the newly created Cybersecurity Risk Management Fund.

Authority to Procure Assessment Services

As permanent law, authorize the Director of the Department of Administration to procure professional services to assess, and determine a scope of work to address, building deficiencies for the Building Renewal and Emergency Deficiency Corrections programs.

New School Construction Square Foot Rates Adjustment

As permanent law, amend A.R.S. § 15-2041 to increase, consistent with the funding levels included in the Executive Budget, the cost per square foot for new school construction.

IT Pro Rata Increase

As permanent law, amend A.R.S. § 18-401 to increase the information technology pro rata from 0.43% to 0.61%.

K-12 Transportation Grant Report

As session law, require the Department of Administration to work with the selected vendor for the K-12 Transportation Grant program to produce a detailed report on the final outcomes of programs awarded funding and recommendations of reform to Arizona's school transportation funding. By September 31, 2022, this report shall be delivered to the Speaker of the House, Presidents of the Senate, and the Governor.

Agriculture, Department of

Continue Authority to Raise Fees

As session law, continue to allow the Director to increase or decrease fees and exempt from rulemaking any changes to those fees.

FY 2022 Appropriation Extension & Deposit

As session law, notwithstanding A.R.S. § 35-190, extend by one fiscal year any unexpended monies from the \$2.0 million appropriation to the Department of Agriculture, made by Laws 2021, Chapter 408, Section 8, and deposit the funds into the Department of Agriculture Automation Projects Fund subaccount to continue modernizing the information technology infrastructure.

AHCCCS

Arizona Health Care Cost Containment System

County Acute Care Contributions

As session law, require counties to contribute \$45.6 million, through county acute care contributions, for the AHCCCS Acute Care program.

County ALTCS Contributions

As session law, require counties to contribute a total of \$334.9 million for the AHCCCS Arizona Long Term Care System.

County Expenditure Limitations

As session law, continue to exempt from the county expenditure limitations all county payments that are deposited into the Budget Neutrality Compliance Fund for Proposition 204 administration.

County Transfer

As session law, continue to avoid violation of the federal Patient Protection and Affordable Care Act's maintenance-of-effort provisions, and transfer back to counties any monies that exceed the county portion of AHCCCS funding in place in March 2010.

Disproportionate Share Hospital

As session law, the Disproportionate Share Hospital payments for FY 2022 shall not exceed \$113,818,500 for the Maricopa Special Healthcare District and \$28,474,900 for the Arizona State Hospital. The private hospital DSH program shall be \$884,800.

Graduate Medical Education Indirect Costs

As permanent law, allow AHCCCS to use graduate medical education funding to cover indirect costs of hospitals participating in the program.

Managed Care Organization Risk Contingency and Administrative Funding

As session law, continue the reduction in the capitation rates paid to health plans, from 2% to 1% in risk contingency and from 8.5% to 8% in administrative allowance, imposed annually since contract year 2011.

Arizona Commerce Authority

Major Events Fund

As permanent law, the Major Events Fund is established consisting of monies appropriated to the fund by the Legislature and private donations. The authority shall administer the fund. Monies in the fund are continuously appropriated and are exempt from the provisions of section 35-190 relating to lapsing of appropriations. Monies in the fund may be used:

1. To support the planning and operation of the competitive bid process for major events in coordination with the Office of Tourism, destination marketing organizations, and local organizing committees.
2. To negotiate and make grants to local organizing committees or equivalent organizations for the operating costs of major events. Monies may not be used to supplant routine operating expenses of any political subdivision of this State. The grant for an event may not be more than twenty-five percent of the operating expenditures required under the event support contract between the host organization and the local organizing committee or equivalent organization.
3. For other economic development activities associated with major event operations.

Before awarding a grant pursuant to subsection a, paragraph 2 of this section, the Authority shall prepare a written statement signed by the Chief Executive Officer that assesses the direct economic impact of the grant and contains a finding that the award of the grant is in the best interest of this State.

The Authority shall submit a semiannual report to the Joint Legislative Budget Committee and the Governor's Office of Strategic Planning and Budgeting on, or before, July 15 and December 15 of each year. Each report shall include, at a minimum, the amount of actual expenditures from the fund by

purpose and an expenditure plan for all remaining monies by purpose.

Capital Outlay

Capitol Mall Consolidation Fund Deposit

As session law, direct sale proceeds from the properties at 519 Beale Street in Kingman and 1919 West Jefferson in Phoenix, be deposited into the Capitol Mall Consolidation Fund.

Bring Buildings into COSF

As permanent law, amend A.R.S. § 41-791 to provide the Department of Administration the authority for the allocation of space, operation, alteration, renovation, and security for 701 East Jefferson in Phoenix and 801 East Jefferson in Phoenix.

Certificates of Participation: State Buildings

As permanent law, amend A.R.S. §41-791 to provide the Department of Administration the authority for allocation of space, operation, alteration, renovation, and security of the following buildings once the certificates of participation are retired and the buildings released as collateral. This excludes the following certificates related to State prisons:

- COP2016 (Kingman Prison)
- COP2017 (4,000 Prison Beds, Prison Wastewater)

Capital Expenditure Reporting Requirement

As permanent law, require all agencies to provide quarterly reports to the Joint Legislative Budget Committee staff and the Governor's Office of Strategic Planning and Budgeting on the status of all capital projects and capital expenditures through the life of a project.

Economic Security, Department of

Division of Child Support Enforcement

As permanent law, replace all mentions of the "Division of Child Support Enforcement" (DCSE) with the "Division of Child Support Services" (DCSS).

Long-Term Care System Fund Budget Load

The Department of Economic Security shall enter its long term care system budget in the State financial system in an amount equal to the appropriated General Fund and the appropriated Medicaid expenditure authority for each special line item containing Medicaid funding for the Division of Developmental Disabilities.

Long-Term Care System Fund Balance

As permanent law, amend A.R.S. § 36-2953 to ensure that interest earnings are included in the amounts deposited to the General Fund at the end of each fiscal year.

TANF Cash Benefits Drug Testing

As session law, continue to require Temporary Assistance for Needy Families (TANF) Cash Benefits recipients to pass a drug test in order to be eligible for benefits, if the Department has reasonable cause to believe that the recipient uses illegal drugs.

Education, Department of

Additional State Aid – Desegregation Funding

As permanent law, amend A.R.S. § 15-972(h) to require The Department of Revenue to exclude any applications for credits against primary property taxes in excess of the constitutional 1% cap if the requesting county has enacted a desegregation levy as a primary property tax for the previous tax year.

Deferral of State Aid

As session law, continue the deferral of school district State Aid in the amount of \$865,727,700.

Inflation Adjustment

As permanent law, increase by 2.00% the base level amount prescribed in A.R.S. § 15-901(B)(2), the transportation funding levels prescribed in A.R.S. § 15-945(A)(5), and the charter school Additional Assistance amounts prescribed in A.R.S. § 15-185(B)(4).

Results-Based Funding

As permanent law, amend A.R.S. §15-901 to define the following:

- “RBF-A I’ means a pupil that attends a school that achieve a letter grade designation of “a” pursuant to 15-241 from the prior school year and fewer than sixty percent of the pupils who are enrolled in the school meet the eligibility requirements established under the national school lunch and child nutrition acts (42 United States code sections 1751 through 1785) for free or reduced-price lunches, or an equivalent measure recognized for participating in the federal free and reduced-price lunch program and other school programs dependent on a poverty measure, including the community eligibility provision in which free and reduced-price lunch data is not available.
- “RBF-A II’ means a pupil that attends a school that achieve a letter grade designation of “a” pursuant to 15-241 from the prior school year and sixty percent or more of the pupils who are enrolled in the school meet the eligibility requirements established under the national school lunch and child nutrition acts (42 United States code sections 1751 through 1785) for free or reduced-price lunches, or an equivalent measure recognized for participating in the federal free and reduced-price lunch program and other school programs dependent on a poverty measure, including the community eligibility provision in which free and reduced-price lunch data is not available.
- “RBF-B’ means a pupil that attends a school that achieve a letter grade designation of “b” pursuant to 15-241 from the prior school year and sixty percent or more of the pupils who are enrolled in the school meet the eligibility requirements established under the national school lunch and child nutrition acts (42

United States code sections 1751 through 1785) for free or reduced-price lunches, or an equivalent measure recognized for participating in the federal free and reduced-price lunch program and other school programs dependent on a poverty measure, including the community eligibility provision in which free and reduced-price lunch data is not available.

As permanent law, amend A.R.S. §15-943, paragraph 2, section b to the following weights:

- RBF-A I with the support level weight of 0.054
- RBF-A II with the support level weight of 0.096
- RBF-B with the support level weight of 0.096

As permanent law, remove A.R.S. §15-249.08.

As permanent law, require that the department of education to provide an annual report on the distribution of all RBF funding via group-b weight, on a school site level basis.

As session law state that base funding generated via RBF weights is intended to be provided to and expended by schools within an area that generated the funding for the weights

Use of the Empowerment Scholarship Account Fund

As session law, continue to notwithstanding A.R.S. § 15-2402 to allow the Department to use monies in the Empowerment Scholarship Account Fund for school finance system replacement.

Emergency and Military Affairs, Department of

Tuition Reimbursement Appropriation 90-Day Extension

As permanent law, allow a 90-day extension of the lapsing of any appropriation to the National Guard Tuition Reimbursement Program prescribed in A.R.S. § 26-179.

Environmental Quality, Department of

Underground Storage Tank (UST) Fund Cap

As session law, continue to allow the Department to use up to \$6,531,000 from the UST Fund for administrative costs.

Forestry and Fire Management, Department of

Fire Suppression Revolving Fund

As permanent law, require that the General Fund appropriation for wildland fire suppression or other unplanned all-risk emergency liabilities be reduced each fiscal year by the amount of unexpended and unobligated monies in the fire suppression revolving fund from the prior fiscal year.

On or before August 1 of each fiscal year, the State General Fund appropriation for wildland fire suppression or other unplanned all-risk emergency liabilities for the current fiscal year shall be reduced by the amount of unexpended and unobligated monies remaining in the Fire Suppression Revolving

Fund at the end of the prior fiscal year.

On or before March 1, 2023, and each year thereafter, the Department of Forestry and Fire Management shall report to the Joint Legislative Budget Committee and the Governor's Office of Strategic Planning and Budgeting non-reimbursable wildfire suppression costs by providing audited invoices for the previous fiscal year.

Game and Fish, Department of

AGFD Fleet Vehicle Replacement Fund

As permanent law, the AGFD Fleet Vehicle Replacement Fund is established, consisting of monies deposited pursuant to the fee schedule set by the Department to systematically charge the agency's vehicles for replacing and purchasing vehicles and equipment. The Department has the authority to set the fee schedule. Monies in the fund are continuously appropriated to the Department for the purposes of operating and maintaining the motor fleet, and monies in the fund are exempt from the provisions in A.R.S. § 35-190 relating to lapsing appropriations.

AGFD Fleet Operations Fund

As permanent law, the AGFD Fleet Operations Fund is established, consisting of monies deposited pursuant to the fee schedule set by the Department to systematically charge the agency's vehicles for maintenance and operations of their vehicles and equipment. The Department has the authority to set the fee schedule. Monies in the fund are continuously appropriated to the Department for the purposes of operating and maintaining the motor fleet, and monies in the fund are exempt from the provisions in A.R.S. § 35-190 relating to lapsing appropriations.

Gaming, Department of

Event Wagering Fund

As permanent law, amend A.R.S. § 5-1318 to transfer 90% of the monies deposited into the Event Wagering Fund to the State General Fund.

Health Services, Department of

Vital Records Appropriation Extension

As session law, allow a one year extension for the Department to utilize a \$1.0 million General Fund appropriation to upgrade its Vital Records Electronic System to comply with requirements outlined in Laws 2021, Ch. 384.

Judiciary

Appellate Case Management System Authority Extension

As session law, extend into FY 2023 the authority authorized in FY 2019 to utilize \$2.6 million from the Juvenile Probation Services Fund, Alternative Dispute Resolution Fund, Drug Treatment and Education Fund, and Arizona Lengthy Trial Fund to design, implement, and upgrade a new appellate case management system.

Suspension of County Non-Supplanting Requirements

As session law, continue to suspend county non-supplanting requirements associated with funding for probation services, criminal case processing, and alternative dispute resolution programs, and require the counties to report on reductions in county funding as a result of the non-supplanting provisions.

Suspension of County Reimbursement Requirements for Certain Court-Related Expenses

As session law, continue to suspend the requirement of 50% reimbursement to counties for grand jury expenses and for State-funded representation of indigent defendants in first-time capital post-conviction relief proceedings, and reimburse only the amount provided in the General Appropriation Act.

Liquor Licenses & Control, Department of

Fund Statute Revision

As permanent law, revise the Department's statutes to resolve conflicting statutes, simplify the Department's accounting, and increase funding transparency.

Navigable Stream Adjudication Commission

Water Banking Fund Appropriation

As session law, continue to provide Arizona Water Banking Fund monies to pay for Attorney fees.

Parks & Trails, State

TPT Revenue Diversion

As session law, \$38,237,100 in transaction privilege tax revenue is diverted during FY 2022 to the State Park Revenue Fund for various improvements across the State Park System.

Lapsing FY 2019 CIP Appropriation

As permanent law, reduce the non-lapsing appropriation of \$1.0 million from the State Lake Improvement Fund in FY 2018 for Buckskin Mountain State Park redevelopment to \$500,000.

The Governor's Office has allocated monies from the Coronavirus State and Local Fiscal Recovery Fund, which is part of the American Rescue Plan Act, to address the wastewater portion of the redevelopment project. Arizona Department of Administration will be administering the project. The Executive intends for the difference to be redirected towards issuing grants.

Lapsing FY 2018 CIP Appropriation

As permanent law, lapse the non-lapsing appropriation of \$250,000 from the State Lake Improvement Fund in FY 2019 for Roper Lake State Park Wastewater System Improvements.

The Governor's Office has allocated monies from the Coronavirus State and Local Fiscal Recovery Fund, which is part of the American Rescue Plan Act to address the wastewater needs of

this park. Arizona Department of Administration will be administering the project. The Executive intends for the difference to be redirected towards issuing grants.

Public Safety Retirement System (PSPRS)

Pension System Reforms

As permanent law, implement pension reforms to address the following areas - accountability, actuarial assumptions, stress testing, and transparency.

Real Estate, Department of

Statutory Fee Change

As permanent law, eliminate basement fees established by A.R.S. § 32-2132 to ensure the Department has sufficient flexibility to reduce fees to remain within its 95/110 budget structure requirements.

Regents, Board of

Arizona Financial Aid Trust

As session law, continue to suspend the requirement to provide a General Fund match of two dollars for every one dollar raised by a surcharge on resident undergraduate tuition to provide need-based financial aid to resident students.

LEAP Institutional Match

As session law, continue to require that institutions participating in the Leveraging Educational Assistance Partnership (LEAP) are to match State LEAP funds, and that LEAP's administrative expenses are to be paid from the institutional match.

Retirement System, Arizona State

Pension System Reforms

As permanent law, implement pension reforms to address the following areas - accountability, actuarial assumptions, stress testing, and transparency.

Secretary of State

Procurement Exemption

As permanent law, the procurement exemption for the Library, Archives and Public Records Division is capped at \$150,000.

FY 2020 HAVA Appropriations Extension

As session law, extend by one fiscal year the \$5.4 million FY 2020 appropriation from the Election Systems Improvement Fund for the county allocation of 2020 the help America Vote Act Election Security Grant.

STATEWIDE AND LARGE AUTOMATION PROJECTS

Automation Projects Fund

As permanent law, unexpended and unencumbered monies remaining in an agency's Automation Projects Fund subaccount

are transferred to their fund of origin upon completion of a project.

As permanent law, require the Department of Administration to report on each reversion made in the prior fiscal year to the Joint Legislative Budget Committee and the Governor's Office of Strategic Planning & Budgeting.

School Finance Replacement Extension

As session law, extend by one fiscal year the \$7.2 million FY 2022 appropriation from the Department of Education Automation Projects Fund subaccount for the replacement of the school finance system.

Technical Registration, Board of

IT Consultant Reporting

As session law, require the Board's IT consultant to report monthly to Arizona Strategic Enterprise Technology (ASET) on the consultant's activities, including the Board's legacy licensing system's readiness to move to the enterprise eLicensing platform.

Transportation, Department of

TPT Revenue Diversion

As session law, \$400.0 million in transaction privilege tax revenue is diverted during FY 2022 to the State Highway Fund for Interstate 10 expansion.

As session law, \$50.0 million in transaction privilege tax revenue is diverted during FY 2022 to the newly created State Match Advantage for Rural Transportation Fund for the purposes of assisting political subdivisions outside of Maricopa and Pima counties and the Arizona Department of Transportation with costs associated with applying for and securing federal transportation grants for projects outside of Maricopa and Pima counties..

State Match Advantage for Rural Transportation Fund

As permanent law, the State Match Advantage for Rural Transportation Fund is established, consisting of monies appropriated to the fund by the Legislature for the purposes of assisting political subdivisions outside of Maricopa and Pima counties and the Arizona Department of Transportation with costs associated with applying for and securing federal transportation grants for projects outside of Maricopa and Pima counties. The fund will allocate available monies as follows:

- 40% to counties, with half going to counties larger than 100,000 persons, half to smaller
- 40% to municipalities, with half going to municipalities larger than 10,000 persons, half to smaller
- 20% to ADOT for projects on the system outside of Maricopa and Pima counties

ADOT may utilize 1% of the total funding from the ADOT portion for administrative costs to manage the grant program.

These grants can be utilized for one of the following:

- 1) Shovel ready costs for a project that meets federal requirements,
- 2) Application fee to apply for the competitive grant, and
- 3) The matching portion to draw down the competitive federal funding.

ADOT has the authority to further prescribe the process to receive funding and how this funding will be distributed to ensure an equitable process for entities receiving the grant funding, which includes but is not limited to setting the maximum grant awards for each category. If the locality can provide matching funds, a positive factor will be taken into consideration in evaluating their application.

Monies in the fund are continuously appropriated to ADOT for the purposes provided for in the fund sources, and monies in the fund are exempt from the provisions of A.R.S. § 35-190 relating to lapsing of appropriations.

FY 2022 Capital Appropriation Extension

As permanent law, the FY 2022 appropriation of \$50.0 million to ADOT related to Interstate 10 widening between Phoenix and Casa Grande will be extended by one year due to the late passage of the Investment in Infrastructure Jobs Act by the federal government and slow moving securement of right-of-way.

FY 2017 Invoice Payment

As session law, the Department is allowed to use \$37,954.04 from their FY 2023 State Highway Fund appropriation to pay a FY 2017 invoice.

Rename Transportation and Equipment Fund

As permanent law, the ADOT "Transportation and Equipment Fund" is renamed "ADOT Fleet Operations Fund" in alignment

with the State's Fleet modernization efforts.

Correct ADOT State Fleet Exemption Status

As permanent law, the Arizona Department of Transportation (ADOT) is exempt from the State Fleet.

Laws 2021, 1st Regular Session, Chapter 408 accidentally removed ADOT from the group of agencies exempt from the State Fleet. This has created operational and legal issues as statute is currently conflicting with regards to ADOT fleet and the State Fleet.

The Executive does intend for all exempt agencies except for the legislative and judicial branches to be incorporated into the State Fleet. At this time, the Executive and ADOT, Fleet Manager, are not prepared to start onboarding the historic large exempt agency fleets into the State Fleet.

Relabel FY 2022 Jerome Capital Appropriation

As permanent law, the FY 2022 appropriation of \$560,000 to "improve Main Street in Jerome" should be relabeled to "Center Avenue in Jerome."

Water Resources, Department of

Water Fees

As permanent law, allow the Director to raise fees of up to \$100,200 annually and exempt from rulemaking any changes to those fees.

Water Protection Fund

As session law, continue to allow the Arizona Water Protection Fund Commission to grant to the Department up to \$336,000 to be used for administrative costs.

Major Budget Footnote Changes

This section contains the Executive's major additions, deletions, or modifications to the FY 2023 General Appropriation Act. The Executive remains neutral on all footnotes expected to continue unless they are one-time in nature or modified below.

Administration, Department of

Building Renewal Transfer and Report

Add a footnote that mandates the Department of Administration (ADOA) to transfer building renewal grant SLI funding to the Building Renewal Grants Fund.

Add a footnote mandating ADOA report any unobligated funding for the SLI appropriation be reported by June 30th of each fiscal year.

AHCCCS

Arizona Health Care Cost Containment System

Nursing Facility Assessment

Modify the footnote to set Nursing Facility supplemental payments at \$109.9 million and continue to stipulate that any supplemental payments received that exceed that amount be appropriated.

PMMIS Replacement System Integrator

Add footnote requiring the ASET Office to submit an expenditure plan on behalf of the Department to the JLBC for review prior to the expenditure of any monies for the replacement of prepaid Medicaid management information system. The expenditure plan shall include the project cost, deliverables, and timeline for completion and method of procurement consistent with the Department's prior reports for its appropriations from the Automation Projects Fund.

Capital Outlay

Project Management Support

Add a footnote allowing the Department of Administration to use up to five percent of all capital outlay appropriations to the Department for project management-related expenses. This footnote should not apply to appropriations for distribution to non-State entities.

Building Renewal Uses

Delete the footnote allowing the Department of Administration to use monies appropriated for building renewal for building demolition.

Add a footnote allowing the Department of Administration to use monies appropriated for building renewal to retrofit facilities for space consolidation initiatives.

Child Safety, Department of

Out-of-Home Population Benchmark

Delete the footnote that sets a quarterly benchmark for a reduction in the number of children in out-of-home care.

Dental Examiners, Board of

IT Roadmap

Add a footnote indicating the Executive's intent that the one-time funding increase for the IT Roadmap is to be used to contract with a vendor to help develop a plan for the Board's IT infrastructure in moving to a new eLicensing solution.

Economic Security, Department of

Child Support Enforcement Fund

Continue the footnote to allow the Department to expend Child Support Enforcement Fund retained earnings, fees, and federal incentives in excess of \$17.1 million.

Domestic Violence Prevention Fund

Continue the footnote to allow the Department to expend Domestic Violence Prevention Fund revenues in excess of \$4.0 million.

Education, Department of

Results-Based Funding

Remove a footnote that permits the Superintendent of Public Instruction to transfer monies from the General Fund appropriation for Basic State Aid, up to \$5.0 million for FY 2022, to the Results-Based Funding program for FY 2022 without review by the Joint Legislative Budget Committee. Any amount transferred to the Results-Based Funding program under this section that exceeds the amount needed to address a funding shortfall for the Results-Based Funding program for FY 2022 reverts to the General Fund on June 30, 2022.

Remove the Results-Based Funding special line item and all funding associated with the line shall be transferred to the Basic State Aid special line item.

Statewide Assessments

Add a footnote that all expenses related to the development or enhancement of information technology systems to implement statewide assessment standards pursuant to A.R.S. § 15-741 be subject to review and approval by the Department of Administration pursuant to A.R.S. § 18-104.

Environmental Quality, Department of

Promote Biomass Recovery for Healthy Forests

Add a footnote that mandates that the Department of Environmental Quality establish an interagency service agreement with the Department of Forestry and Fire Management to transfer \$1.0 million from the Recycling Fund to the Department of Forestry and Fire Management to administer grants to businesses for the purpose of recovering and processing biomass waste.

Forestry and Fire Management, Department of

Hazardous Vegetation

Continue the footnote to make the FY 2023 appropriation for the Hazardous Vegetation Removal special line item non-lapsing through June 30, 2024.

Health Services, Department of

Suicide Prevention Coordinator Position

Move the footnote that appropriates \$100,000 from AHCCS operating lump sum for a Suicide Prevention Coordinator to assist school districts and charter schools in suicide prevention efforts to the Department of Health Services.

Judiciary

Automation Projects Report

Continue the footnote that requires the Courts, by September 1, 2022, to report to the Joint Legislative Budget Committee and the Governor's Office of Strategic Planning & Budgeting on current and future automation projects coordinated by the Administrative Office of the Courts. The report shall include a list of court automation projects that receive or are anticipated to receive State monies in the current or two succeeding fiscal years, as well as a description of each project, the number of FTE positions, the entities involved, and the goals and anticipated results of each automation project.

Further, the report shall be submitted in one summary document and indicate each project's total multi-year cost by fund source and budget line item, including any prior-year, current-year, and future-year expenditures.

County Probation Caseload and Expenses Report

Continue the footnote that requires the Courts, by November 1, 2022, to report to the Joint Legislative Budget Committee and the Governor's Office of Strategic Planning & Budgeting on the FY 2021 actual, FY 2022 estimated, and FY 2023 requested amounts for each of the following:

- On a county-by-county basis, the number of authorized and filled case-carrying probation positions and non-case-carrying probation positions, distinguishing among Adult Standard, Adult Intensive, Juvenile Standard, and Juvenile Intensive Probation. The report shall indicate the level of State probation funding, other State funding, county funding, and probation surcharge funding for those positions.
- Total receipts and expenditures by county and fund source for the Adult Standard, Adult Intensive, Juvenile Standard, and Juvenile Intensive Probation line items, including the amount of Personal Services spent from each revenue source of each account.

Parks & Trails, State

Land and Water Conservation Funding

Require Arizona State Parks and Trails (ASPT) to notify the Joint Committee on Capital Review and Governor's Office of Strategic Planning & Budgeting of revised expenditure plans should ASPT receive any Land and Water Conservation Fund grant funding for the respective capital projects included in the budget.

Secretary of State

Presidential Preference Election Reporting

Add a footnote that requires all counties to provide to the Secretary of State an expenditure plan for costs associated with executing the Presidential Preference Election (PPE). The Secretary of State must transmit that report to the directors of the Joint Legislative Budget Committee and the Governor's Office of Strategic Planning & Budgeting at least 30 days before the date of the PPE.

Primary and General Election Reporting

Add a footnote that, prior to the expenditure of monies in the Election Services special line item, the Secretary of State must submit an expenditure plan to the Joint Legislative Budget Committee for review.

Universities

Backfill HITF Tuition Costs

As session law, add a footnote appropriating funding to backfill tuition costs associated with the fiscal year 2022-2023 employer health insurance premium increases at the Universities. The following amounts are appropriated for each university:

- \$8,253,800 to Arizona State University
- \$388,900 to Northern Arizona University
- \$11,698,200 to the University of Arizona

The Executive intends that any future employer health insurance premium increases continue to be allocated using the overall allocation of state general fund and appropriated tuition monies.

*Other Appropriated Funds Revenues include all revenues for funds which may only be partially subject to statutory or legislative appropriation. The expenditures shown in the "Other Funds Budget Summary" are for the appropriated portion of these funds only and may represent only a small portion of the funds' total expenditures. There are several funds where a General Fund appropriation is deposited into an "Other Appropriated Fund" and these deposits are reflected in the figures above; as such General and Other Fund Revenues may not sum to total State revenue.

Assumptions and Methodology for Developing the Executive Budget

Preparing the State budget is a 12-month process that influences the size and scope of government for the State of Arizona.

A.R.S. § 35-125 requires that the General Appropriations Act include revenue and expenditure estimates for the three subsequent years. The Executive Budget provides those estimates for FY 2021, FY 2022, and FY 2023.

Budget Process

The budget process begins on or before July 1, when the Governor's Office of Strategic Planning & Budgeting (OSPB) provides the instructions and software required for agencies to submit their budget information. By statute, agency information must be submitted to OSPB by September 1. Copies of the agencies' budget submissions are also provided to the Joint Legislative Budget Committee (JLBC) Staff and made available on State agency and OSPB websites.

Annually, from September 1 to no later than five days after the opening of the Legislative session, the Governor's Office reviews budget submissions and prepares the Executive Budget, which contains operating and capital outlay expenditure plans and estimated revenues for all State funding sources. It also contains any Legislative changes necessary for implementation.

Review of agency requests by the Legislative staff occurs during the fall. Legislative deliberation of the Executive Budget typically begins shortly after the regular session convenes and culminates in budget negotiations between the Legislature and the Governor. Public hearings for the appropriations of some State agencies are held by the Senate and House Appropriations committees. The committees may recommend adoption of the Executive Budget or elect to recommend a budget containing other elements. Committee recommendations may become part of floor discussions in both chambers. Legislative leadership must assemble an appropriation package acceptable to a majority of members in each chamber.

Before July 1, the Legislature enacts appropriations through the passage of General Appropriations and Capital Outlay acts and any Legislative changes necessary for the implementation of the adopted budget. Once adopted by the House of Representatives and the Senate, the bills are then presented to the Governor for consideration.

Upon presentation, the Governor has five days to sign the bills into law, veto them in their entirety, line-item veto individual items of appropriation, or allow the bills to become law without a signature.

The Legislature may, with a two-thirds majority vote of each house, override a veto or line-item veto.

The operating budget is prepared and enacted using a cash basis of accounting, which recognizes expenditures when paid and revenues when received by the Treasurer.

Budgetary control is maintained by appropriation, including expenditure limits for each item of appropriation and by funding source. The allocation of an appropriation over the course of the year is also controlled.

Unless specific exemptions are enacted, operating appropriations lapse at the end of the fiscal year, and the cash becomes available for appropriation in the future. Capital outlay appropriations do not lapse until the end of the fiscal year following the fiscal year for which the money was appropriated. Unspent cash reverts to its fund source.

Information Technology Request Guidelines

Funding requests for information technology projects in excess of \$25,000 must have prior approval by the Strategic Enterprise Technology Office at the Department of Administration.

Incremental Budgeting

The starting point in building the budget – the base appropriation and expenditure levels – are the amounts appropriated for FY 2022. For non-appropriated funds, the starting point is the planned expenditure amounts for FY 2022. The incremental changes in the Executive Budget for FY 2023 are the changes from the FY 2022 appropriations and expenditure plans.

Types of Changes in the Executive Budget

The Executive Budget provides three basic types of changes to agency appropriations: baseline changes, standard adjustments, and Executive initiatives.

Baseline changes are comprised of caseload changes, changes due to legal mandates from a court, or actions needed for continued efficient operations. Caseload increases or decreases generally require funding changes, assuming the agency's mandates for services are unchanged.

Standard adjustments are a special type of baseline change that addresses technical changes to fundamental operating costs, such as annual changes for rent in State-operated buildings;

retirement contributions; health, dental, and life insurance premiums; and risk management (liability insurance) premiums.

Standard adjustments are displayed and calculated separately from the rest of each agency's budget. The itemization of each standard adjustment for each agency and fund is located in the Statewide Adjustment section of the *State Agency Budgets* book, immediately following the section for the Department of Water Resources.

Finally, *Governor's Initiatives* include all funding items beyond standard or baseline adjustments and are designed to improve or change what the State does or how an activity is performed or funded.

Standard and Statewide Adjustments

The FY 2023 Executive Budget contains three technical adjustments.

- Retirement rates change for all retirement systems
- Health insurance premium changes
- Rent adjustments
- Fleet adjustments
- Information technology changes
- Accounting system changes
- Human resources system changes

The amounts of these adjustments, by agency and by fund, are listed in the *State Agency Budgets* book immediately following the Department of Water Resources.

Calculation of Employee-Related Expenditures

When changing the number of positions or personal services, the Executive Budget uses the following methodology.

ERE. Two separate rates are used in calculating Employee-Related Expenditures (ERE) funding requirements for changes to the number of employees or personal services:

- A health, dental, and life insurance premium rate calculates, by agency, the costs per full-time-equivalent (FTE) employee based on specific rates of participation in the State's insurance programs.
- Any changes to personal services are multiplied by the rates for FICA, workers' compensation, unemployment insurance, a DOA pro rata charge for personnel costs, an information technology pro rata charge, long-term disability insurance, retirement sick leave pro rata, and retirement contributions.

The following rates are used for the development of each of the ERE components:

FICA. The rate is comprised of a 6.2% Social Security tax on the first \$142,800 of an employee's personal services and a 1.45%

Medicare tax on the full amount of an employee's personal services.

Workers' Compensation. Every two years, the Department of Administration's Risk Management Division develops workers' compensation rates based on agency loss histories, program budget needs, and data provided by the National Council on Compensation Insurance (NCCI). There are no changes in the estimated rates from FY 2022 to FY 2023.

Unemployment Insurance. The rate is estimated at 0.1% for FY 2023.

DOA Personnel Division Pro Rata. The rate of 0.86% of personal services is assessed on the payroll of the majority of State agencies to fund the operations of the Personnel Division.

Information Technology Pro Rata. The rate of 0.61% of personal services is assessed on all agencies (except the universities and community colleges) to fund the operations of the Strategic Enterprise Technology Office at the Department of Administration.

Disability Insurance. Most State employees are covered by long-term disability insurance through the State Retirement System. A rate of 0.24% is charged against personal services paid to employees not in the State Retirement System and is used for disability coverage for those employees.

Funding for retirement rates changes for FY 2023 is included in the Statewide Adjustments section of the *State Agency Budgets* book.

Retirement Accumulated Sick Leave Fund. Funding continues at the 0.4% pro rata assessment against personal services that is used to compensate retiring employees for a portion of unused sick leave.

Budgeting by Government Function

Budget information is also available in a format that shows expenditures by agency programs and subprograms, which are based on each of the mandated functions for each agency as enacted by the Legislature.

For example, in the General Appropriations Act the Game and Fish Department is funded largely by a lump-sum appropriation for the entire agency. In the *Master List of State Government Programs*, funding is identified for each specific program, such as Sportfishing or Wildlife Conservation.

Other Items in the Executive Budget

Appropriation Format. The appropriation format is located at the end of each agency's section.

Legislative Changes. Implementation of some Executive Budget provisions requires Legislative changes. Those required changes are addressed in the *Executive Budget State Agency Budgets* book.

Expenditures for FY 2021

By law, the Executive Budget contains a reporting of the amounts expended from the immediately preceding fiscal year's appropriations, by accounting object category. The expenditures reported are provided by each agency, with subsequent reconciliation by OSPB to the State Annual Financial Report.

Budget Performance Measures

The Executive Budget contains agency descriptions and budget performance measures.

In accordance with A.R.S. § 35-115, the Executive Budget includes selected performance measures for the budget unit for the previous fiscal year, the current year, and the next year.

OSPB has selected a series of performance measures that will most accurately communicate how well an agency is performing its mandated functions. The intent is to offer decision makers and citizens a better understanding of agencies and their operations with a continuity of data, as the performance measures published will remain largely consistent from year to year.

In addition to the performance measures displayed in the Executive Budget, the full array of agency performance measures is published in the *Master List of State Government Programs*. This reference document also contains a comprehensive inventory of all State programs and subprograms, including descriptions, expenditure data, and performance measures for every function of State government.

Administrative Costs

To comply with A.R.S. § 35-115, each agency reports administrative costs as a percent of its total funds budget. The definition of what constitutes an administrative cost is unique to each agency. The calculations provided are strictly for compliance with A.R.S. § 35-115 and are not meaningful for any other purpose.

* The costs are esimated independently by each agency and include all funding sources. These administrative costs are estimated for the express purpose of satisfying A.R.S. § 35-115.5 and should not be used for any other purpose. The administrative costs for the Universities represent funds subject to legislative appropriation only.

Glossary

Part 1: Budget Terms

90/10 Professional and occupational regulatory agencies funded through the collection of fees and the issuance of licenses. These agencies retain 90% of the fees collected annually in separate agency fund accounts and deposit 10% of the fees collected into the *General Fund*.¹

A

accountability Monitoring, measuring, and evaluating the performance and progress of policies, plans and programs to ensure that results are achieved.

actual expenditure An expenditure made in the prior *fiscal year* as reported in the State of Arizona Annual Financial Report, including *Personal Services, Employee-Related Expenditures, All Other Operating Expenditures* and all *below-the-line items* as authorized by the Legislature.

administrative adjustment Adjustments made to reflect expenditures made by an agency after the close of the *fiscal year*. Administrative adjustments include the time period from the close of the 13th month to June 30 of the next fiscal year.

administrative cost An expense associated with the support, management and oversight of services delivered pursuant to the agency or program *mission*. Typical administrative costs include those associated with accounting, human resources, budgeting, strategic planning, public information, auditing, executive management, etc.

AFIS The Arizona Financial Information System is the statewide accounting system maintained by the Department of Administration.

AHCCCS The Arizona Health Care Cost Containment System is the State's Medicaid program designed to deliver quality managed healthcare to qualifying individuals.

All Other Operating Expenditures (AOOE) Category of expenditure accounts that include Professional and Outside Services, In-State Travel, Out-of-State Travel, Food, *Other Operating Expenditures*, and *Equipment*.

ALTCS The Arizona Long Term Care System is a single federally defined program providing services through two State agencies: AHCCCS, which serves the elderly and physically disabled, and the Department of Economic Security (DES), which serves the developmentally disabled.

annualization An adjustment, made to the current year funding base, that will allow a partially funded program to operate for a full year or accounts for a full-year of budget savings due to mid-year reductions.

appropriated fund The Legislatively mandated segregation of funds. It is used and monitored by the *General Accounting Office* as a separate self-balancing set of accounts.

Arizona Administrative Code (AAC) State agency rules of practice setting forth the nature and requirements of all formal procedures available to the public.

Arizona Revised Statutes (A.R.S.) The laws governing the State of Arizona.

B

base budget An adjusted budget base that reflects the current year appropriation, amended to include changes for *standard operating adjustments*.

below-the-line item A specific expenditure or budgetary account that has been singled out through the appropriation process to provide high visibility of expenditure. Also known as "special line item."

biennial budgeting A process that estimates revenues and appropriates funding for a two-year period.

block grant Allocations of federal money to a state or its subdivisions in accordance with a distribution formula prescribed by law or administrative regulation, for activities of a continuing nature within a restricted subject area (e.g., social services, maternal and child health, and childcare).

budget A financial plan that estimates the revenues and expenditures for a given period of time. (SEE ALSO: *capital outlay* and *operating budget*).

budget program Functions and activities of a *budget unit* or within a budget unit that are pre-planned to fulfill a distinct *mission*.

budget reform legislation Refers to the provisions contained in Laws 1993, Chapter 252; Laws 1994, Chapter 218; Laws 1995, Chapter 283; Laws 1996, Chapter 339; Laws 1997, Chapter 210, and Laws 2002, Chapter 210.

budget unit A department, commission, board, institution or other State organization receiving, expending, disbursing or incurring obligations against State funds.

C

capital outlay Expenditures for upkeep, preservation, development, improvement or acquisition of lands, buildings or certain associated equipment.

Capital Outlay Stabilization Fund (COSF) A fund into which rent monies collected from agencies occupying State-owned rental space are deposited. The monies partially offset building operating and maintenance costs.

Career and Technical Education Districts (CTEDs) Formerly known as "Joint Technical Education Districts (JTEDs)," school districts that offer high school career and technical education programs to partner school districts.

¹ Italicized terms are defined in this Glossary.

categorical eligibility Automatic eligibility for certain federal-State matched public assistance programs, based on criteria established in federal law. Admission to a program (e.g., Medicaid) is mandatory to certain groups of beneficiaries who meet the legal criteria for eligibility to the specified program.

categorical program A broad category of joint federal-State public assistance programs that provide financial assistance to individuals or that may subsidize a particular activity (e.g., Medicaid pays for medical services on behalf of certain groups of low-income persons).

certificate of participation (COP) A financing tool used by the State for the acquisition and construction of State facilities.

comptroller object An obsolete identifier that was formerly used in the statewide accounting system to identify the detailed revenue or expenditure account affected by a transaction; replaced in the new accounting system by *object*.

continuing appropriation An appropriation that is automatically renewed without further Legislative action, period after period, until altered, revoked or liquidated by expenditure.

current services budget A financial plan that incorporates the *base budget* needs of an agency and the addition of funding to support demographic growth in client caseloads and workload functions.

D

decision package A funding request made by State agencies.

defined contribution A predetermined contribution amount set aside for an employee's future retirement.

defined benefit plan A retirement plan in which contributions over time will provide a retiree with a predetermined amount of retirement income.

detail fund A fund designation used in the statewide accounting system to segregate agency-specific activity. The balance of an *appropriated fund* is comprised of the sum of all of its detail funds.

Drought Mitigation Board Established in FY 2022, a board comprised of members appointed by the Governor, Legislature, and Director of the Department of Water Resources. The DMB was established to guide the expenditure of funds from the Drought Mitigation Revolving Fund.

Drought Mitigation Revolving Fund Established in FY 2022, a fund created to provide financial assistance for drought mitigation efforts and water supply development.

Disproportionate Share Hospital (DSH) A hospital that serves a disproportionate share of low-income and Medicaid patients, thereby qualifying for federal aid pursuant to Section 1923 of the Social Security Act. The federal basis for payments is either a reflection of a hospital's number of Title XIX in-patient days or a "low-income" utilization rate. States may also establish optional payment categories. Arizona has established optional groups that include county, State and private hospitals.

E

Employee-Related Expenditures (ERE) The State's contribution to an employee's benefit package. ERE include FICA; retirement; Worker's Compensation; health, dental, and life insurance; unemployment insurance; Personnel Division charges; Government Information Technology Agency charges; and uniforms for certain classes of employees.

entitlement program A broad category of *categorical* public assistance programs that provide services (e.g., cash assistance, medical services, etc.) to certain population groups (e.g., low-income families with minor children). Admission is often mandatory for qualified individuals who meet the legal eligibility criteria (e.g., individuals who are low-income and aged, blind or disabled), hence the reference "entitlement."

Equipment In the operating budget, a specific item of expenditure divided into capitalized equipment (purchased for \$5,000 or more) and non-capitalized equipment (usually between \$300 and \$4,999).

ERE rate The quotient of *Employee-Related Expenditures* and *Personal Services* expressed as a percentage.

Executive Issue An adjustment to the prior-year appropriation to change the scope of current programs or service levels.

expenditures See *actual expenditures*.

F

federal funds Amounts collected and made available to the State by the federal government, usually in the form of categorical or block grants and entitlement programs.

Federal Insurance Contribution Act (FICA) Requires employees and employers to make matching contributions into the Social Security fund.

Federal Waiver Program Experimental, pilot or demonstration projects that, in the judgment of the Secretary of the U.S. Department of Health and Human Services, are likely to assist in promoting the objectives of the Medicaid Statute. Projects approved under this authority are referred to as "waiver" programs.

fiscal year The State's yearly accounting period beginning July 1 and ending June 30. (The federal fiscal year begins October 1 and ends September 30.)

FPL (Federal Poverty Level) Refers to the poverty guidelines, in relation to income standards, as updated annually in the FEDERAL REGISTER by the U.S. Department of Health and Human Services.

free and reduced lunch (FRL) Meals provided at no cost or low-cost to public and nonprofit private schools and residential child care institutions through the federal meal assistance program known as the National School Lunch Program.

full-time equivalent (FTE) position A position budgeted at 2,080 hours per year.

fund An independent fiscal and accounting entity with a self-balancing set of accounts recording cash and/or other resources together with all related liabilities, obligations, reserves and equities, which are segregated for the purpose of carrying on specific activities in accordance with limitations, restrictions or regulations.

fund balance The excess of the assets of a fund over its liabilities and reserves.

G

General Accounting Office (GAO) A division of the Department of Administration that provides diverse statewide financial services and ensures compliance with related *statutes* and rules.

General Fund The primary State account into which monies are collected for the general purposes of government. The primary sources of revenues for the General Fund include sales taxes, income taxes and other taxes and transfers. The General Fund is

also the major expenditure source from which agencies make payments for specified purposes.

I

inflation An allowance made for an increase in price levels of operating expenditures from one *fiscal year* to the next.

input A *performance measure* that identifies the amount of resources needed to provide particular products or services.

J

JLBC Staff The Legislative counterpart to the Governor's *Office of Strategic Planning and Budgeting (OSPB)*. The Joint Legislative Budget Committee Staff is often referred to as the JLBC but should not be confused with the Legislative committee of the same name. The JLBC Staff prepares an analysis of the Executive Budget as soon as it is presented to the Legislature. The analysis includes the JLBC Staff's recommendations for revisions in expenditures.

Joint Committee on Capital Review (JCCR) A Legislative committee created by Laws 1986, Chapter 85, to establish the Building Renewal Formula, approve the creation of Building Systems, and review the State Capital Improvement Plan. The JCCR is also responsible for reviewing all construction projects before commencement of the project. The JCCR consists of the following 14 members of the Legislature: Chairs of the House and Senate Appropriations Committees, majority and minority leaders from the House and Senate, four members of the House Appropriations Committee, and four members of the Senate Appropriations Committee.

Joint Legislative Budget Committee (JLBC) A Legislative committee consisting of the following 16 members of the Legislature: Majority Leaders of both the House and Senate; Chairs of both the House and Senate Appropriations Committees; Chair of the Senate Finance Committee; Chair of the House Ways and Means Committee; five members of the House Appropriations Committee; and five members of the Senate Appropriations Committee. The JLBC meets as often as is necessary to transact business related to fiscal management of the State's resources.

Joint Substance Abuse Treatment Program (JSAT) Also known as "Arizona Families First," JSAT is a substance abuse program jointly administered by the Department of Child Safety and the Department of Health Services. The program pays for services to parents, guardians or custodians whose substance abuse is a significant barrier to preserving the family. Services can also be provided to federal Temporary Assistance for Needy Families (TANF) Block Grant recipients whose substance abuse is a significant barrier to obtaining or maintaining employment.

L

lapsing appropriation An appropriation that terminates automatically. Except for a *continuing appropriation*, an appropriation is made for a certain period of time, generally one year. At the end of this period (including an *administrative adjustment* period), unexpended or unencumbered balances revert to the fund from which the appropriation was made. Also known as a "reverting appropriation."

line item appropriation A method of appropriation that separates the budget into specific objects of expenditure. The specific items include *Personal Services*, *ERE*, Professional and Outside Services, In-State Travel, Out-of-State Travel, Food, *Other Operating Expenditures*, and *Equipment*.

lump-sum appropriation An appropriation made for a stated purpose, or for a named department, without specifying further the amounts that may be spent for specific activities or for particular objects of expenditure.

M

Master List of State Government Programs *Budget reform legislation* requires *OSPB* to publish a "Master List" of programs run by or overseen by State government. Laws 2002, Chapter 210 slightly changed the format of the Master List and designated this annual submittal as the operational plan for State agencies and conformed to the budget cycles. Required information for each agency, program and subprogram includes the agency description, *mission* statement, strategic issues, and financial and *FTE* position information, as well as the description, *mission* statements, goals, and *performance measures* for all programs and subprograms.

means-tested program Eligibility to a public assistance program restricted by an applicant's income or other resources specified by law. Resources include bank accounts and similar liquid assets as well as real estate, automobiles and other personal property whose value exceeds specified financial limits.

mission A brief, comprehensive statement of purpose of an agency, program, or subprogram.

modified lump-sum appropriation A method of appropriation in which *Personal Services*, *Employee-Related Expenditures*, *All Other Operating Expenditures* and *below-the-line items* are specified in the appropriations bill.

modified standard adjustment The difference, as calculated by the agency, between the actual *Personal Services* base and the amount allocated for *Personal Services* by the agency in its expenditure plan. Any amount identified as a modified standard adjustment must be explained by the agency requesting the adjustment.

N

non-appropriated funds Generally, funds set up as Enterprise or revolving funds. These funds are considered statutorily appropriated and are not subject to the annual or biennial appropriation process.

non-lapsing appropriation An appropriation that does not revert to the fund from which it was appropriated at the end of the *fiscal year*, as provided by law. (SEE *continuing appropriation*).

O

object The unit used in the State accounting system to identify, categorize and group governmental expenditures.

object category The aggregation of similar objects of expenditure or revenue in the State accounting system.

objective A specific and measurable target for accomplishing goals.

one-time adjustment A budget adjustment that must be made because of a one-time circumstance that is not continued through the next *fiscal year*. The end of a project would bring about a one-time decrease the following year.

operating budget A plan of all proposed expenditures other than capital expenditures (SEE *capital outlay*). An operating budget is composed of various objects of expenditure, such as *Personal Services*, *Employee-Related Expenditures*, In-State Travel, etc.

operational plan A practical, action-oriented guide that directs goal-setting to achieve meaningful results with the existing resources through the shorter budget cycle period. The operational plan should provide incremental steps towards achieving the strategic long-range plan. See also: *Master List*

OSPB (Office of Strategic Planning and Budgeting) A State agency charged with preparing the Governor's budget guidelines and the Executive Budget recommendation for review by the Governor. The Office also facilitates a strategic planning process for State government and is responsible for implementing many of the provisions of *budget reform legislation*. The OSPB staff is the Executive counterpart to the *JLBC Staff*.

other appropriated funds All amounts, excluding *General Fund* amounts, appropriated by the Legislature for predetermined uses. These include Special Revenue Funds, revolving funds, etc.

other operating expenditure According to the ARIZONA ACCOUNTING MANUAL, everything using an object code of 7000. This refers to operating expenditures necessary to operate a budget unit, e.g., office supplies, utilities, communication, etc.

privatization The opening of government markets allowing for equitable competition between the private and public sectors for the privilege of delivering services to the public.

program budgeting A budget system that focuses on program *missions*, program achievements, and program cost effectiveness. Pursuant to *statute*, the *program structure* for program budgeting is governed by the *Master List* structure. Program budgeting is linked to planning and *accountability* through alignment of the structures and merging of the planning and budget information.

program enhancement An upward revision in the funding level of a specific program in order to enhance the level of services being provided by that program.

program structure An orderly, logical arrangement of an organization's programs and subprograms. This structure provides the framework for planning, budgeting and strategic program authorization review.

Proposition 105 Voter Protection Act A 1998 voter-approved constitutional amendment that prohibits the Legislature from amending or repealing voter-approved referendums except under certain circumstances. Amendments to voter-approved language may only be passed by a three-fourths vote of the Legislature and must further the original intent of the voter-approved measure.

Proposition 108 A 1992 voter-approved constitutional amendment that requires a two-thirds vote of the Legislature to increase state revenues through taxation.

Proposition 123 Arizona Education Finance Amendment A 2016 voter-approved constitutional amendment that increased the total state land trust distribution contribution to the Permanent State School Fund from 2.5% to 6.9% to pay for new school construction debt service, school maintenance and operations, and Classroom Site Fund distributions.

Proposition 204 Medical Program A 2000 voter-approved AHCCCS program that expands eligibility to include individuals whose annual incomes are at or below 100% of the *FPL*. The program is funded through monies received by the State from the tobacco litigation settlement, tobacco tax funds, and the Hospital Assessment Fund.

Proposition 206 A 2016 voter-approved initiative that provides a series of increases in the Arizona minimum wage for private-sector employees and entitles most Arizona wage earners and salaried employees to paid sick leave.

Proposition 301 A 2000 voter-approved initiative that dedicates a six-tenths of a cent sales tax to Arizona education programs. The original Proposition 301 was set to expire in 2021; it was renewed legislatively until June 30, 2041, by Laws 2018, Chapter 74.

Proposition 207 A 2020 voter-approved initiative that allowed the legalization, taxation, and recreational use of cannabis for adults age 21 and older.

Proposition 208 A 2020 voter-approved initiative that imposed a 3.5% tax on incomes exceeding \$250,000. Tax revenues would be distributed to teacher and classroom support-staff salaries, teacher mentoring and retention programs, career and technical education programs, and the Arizona Teachers Academy.

Q

quality A *performance measure* that reflects the effectiveness in meeting the expectations of customers and stakeholders.

R

receipt Unless otherwise defined, cash received. There are five general categories of receipts: taxes, licenses and permits, charges for services, fines and forfeitures, and other receipts that do not fall into another category.

resource allocation Determination and allotment of resources or assets necessary to carry out strategies within the priority framework established in the goal-setting process.

results-based funding An incentive program that rewards top performing public schools with funding for teacher salary increases, teacher professional development, and replication.

revenue Additions to assets that do not increase any liability, do not represent the recovery of an expenditure, do not represent the cancellation of certain liabilities without a corresponding increase in other liabilities or a decrease in assets, or do not represent contributions of fund capital in Enterprise and Intergovernmental Service Funds.

revenue source The tax, fee or fine that generates income to a fund.

risk management The charges assessed by the Department of Administration to guard against the risk of loss by an employee or agency acting on behalf of the State of Arizona.

S

special line item See *below-the-line item*

standard adjustment Change to the current year's appropriation to arrive at the new year's base budget. Examples include annualization of programs partially funded during the current year, annualization of the pay package, restoration of vacancy savings, and one-time increases and decreases.

standard operating adjustment An adjustment to the base budget that includes annualization of programs partially funded by the Legislative appropriation during the current year; a one-time increase or decrease to the operating budget.

State service All offices and positions of employment in State government except offices and positions specifically exempted by law from the State personnel system.

statute A written law, either new or revised, enacted by the Legislature and signed by the Governor.

strategic management Process of positioning an organization so it can prosper in the future. The overall framework within which policy development, strategic, operational, quality planning, budgeting,

capital outlay planning, information technology planning, program implementation, and evaluation and accountability take place.

strategic plan A visionary guide, based on an examination of internal and external environmental and political factors, that directs goal-setting and future resource requirements to achieve meaningful results over time. Strategic projections are long-range and usually cover a five-year period.

subprogram An integral component of a program that can be separately analyzed to gain a better understanding of the larger program.

subtask In AFIS, the element used to represent each of the subprograms of an agency as established by the Governor's Office and Legislature.

supplemental appropriation An appropriation granted for the current fiscal year. Agencies request a supplemental appropriation when the need for funding is urgent and cannot wait for the passage of the next regular appropriations act.

T

task In AFIS, the element used to represent each of the programs of an agency as established by the Governor's Office and Legislature.

tracking system A system that monitors progress, compiles management information and keeps goals on track.

U

uniform allowance An amount budgeted for specific agencies for the cost of uniforms required by the agency.

V

vacancy savings Savings generated by not filling vacant positions, by not filling newly authorized positions, or by filling a vacant position at a lower grade or step.
