Dear Jessica Morton,

This pertains to your above-referenced Freedom of Information Act request, seeking records concerning the January 13, 2021 Department of Justice publication entitled "United States Department of Justice Statement on the PCAST Report: Forensic Science in Criminal Courts: Ensuring Scientific Validity of Feature-Comparison Methods" from January 20, 2017, to January 19, 2021.

Please be advised a search has been conducted of the Departmental Executive Secretariat, which is the official records repository for the Office of the Deputy Attorney General (ODAG), and records that may be responsive to your request were located. Please note that we are currently reviewing these records and estimate that it could take six to seven more weeks to complete our review and consultation with other entities.

We sincerely apologize for the delay.

Best Regards,

Nadege Delake
