

OVERVIEW

The study was conducted for CNN via web and telephone on the SSRS Opinion Panel, a nationally representative panel of U.S. adults ages 18 or older recruited using probability-based sampling techniques. SSRS is an independent research company. Surveys were obtained **January 13-18, 2022** with a representative sample of **n=1,000** respondents. The margin of sampling error for total respondents is +/- **4.0** at the 95% confidence level. The design effect is **1.69**. More information about SSRS can be obtained by visiting www.ssrs.com.

EMBARGOED FOR RELEASE: Friday, January 21 at 12:00 p.m.

NOTE ABOUT RESULTS

Unless otherwise noted, results beginning with the August 3-6, 2017 survey and ending with the April 21-26, 2021 survey are from polls conducted by SSRS via telephone only. Results beginning with the March 31-April 2, 2006 survey and ending with the April 22-25, 2017 survey are from telephone surveys conducted by ORC International. Results before March 31, 2006 are from telephone surveys conducted by Gallup.

Question text noted in parentheses was rotated or randomized. Values less than 0.5 percent are indicated by an asterisk (*).

NOTE ABOUT CROSTABS

Surveys were conducted among a representative sample of the adult population, age 18 or older, of the United States. Members of demographic groups not shown in the published crosstabs are represented in the results for each question in the poll. Crosstabs on the pages that follow only include results for subgroups with a minimum N=125 unweighted cases. Results for subgroups with fewer than N=125 unweighted cases are not displayed and instead are denoted with "**SN**" because samples of that size carry larger margins of sampling error and can be too small to be projectable with confidence to their true values in the population.

Q1. The 1973 Roe vs. Wade decision established a woman's constitutional right to an abortion, at least in the first three months of pregnancy. Would you like to see the Supreme Court completely overturn its Roe vs. Wade decision, or not?

	Yes, overturn	No, not overturn	No opinion
January 13-18, 2022	30%	69%	1%

CNN/ORC TRENDS FOR COMPARISON

	<u>Yes, overturn</u>	<u>No, not overturn</u>	<u>No opinion</u>
2009 May 14-17	30%	68%	1%

CNN/USA TODAY/GALLUP TRENDS FOR COMPARISON

	<u>Yes, overturn</u>	<u>No, not overturn</u>	<u>No opinion</u>
2005 Jul 7-10*	29%	68%	3%
2002 Mar 22-24	36%	60%	4%
1992 Aug 13-14	34%	60%	6%
1989 Oct 5-8	33%	61%	6%
1989 Jul 6-7	31%	58%	11%

*Asked of a half sample.

Q2. If the U.S. Supreme Court completely overturned its Roe vs. Wade decision, how do you think that would affect the availability of abortions in the area where you live? **[FIRST THREE RESPONSES ROTATED IN ORDER FOR HALF/IN REVERSE ORDER FOR HALF]**

	Abortions would likely be banned completely in the area where you live	Abortions would likely become harder to get, but not completely banned, in the area where you live	Abortions would likely not become any harder to get in the area where you live	Not sure how the availability of abortions would be affected	No opinion
January 13-18, 2022	23%	32%	14%	30%	*

Q3. If the U.S. Supreme Court completely overturned its Roe vs. Wade decision, would you feel: **[FIRST FOUR RESPONSES ROTATED IN ORDER FOR HALF/IN REVERSE ORDER FOR HALF]**

	Happy	Satisfied, but not happy	Dissatisfied, but not angry	Angry	Wouldn't care either way	No opinion
January 13-18, 2022	14%	12%	25%	35%	14%	*

Q4. If Roe vs. Wade were overturned, each state could set its own laws on abortion to be as (restrictive) or as (permissive) as they wanted. If this happens, would you prefer that your state set laws which are more (restrictive) toward abortion or more (permissive) toward abortion?

	More restrictive	More permissive	No opinion
January 13-18, 2022	40%	59%	1%

(Respondents who would prefer their state set laws that are more restrictive toward abortion, n=383)

Q5a. Would you want your state to ban abortions completely, or not?

	Yes, ban abortion completely	No, do not ban abortion completely	No opinion
January 13-18, 2022	50%	50%	0%

(Respondents who would prefer their state set laws that are more permissive toward abortion, n=611)

Q5b. Would you want your state to become a safe haven for women who want abortions but cannot get them where they live, or not?

	Yes, become a safe haven for women who want abortions	No, do not become a safe haven for women who want abortions	No opinion
January 13-18, 2022	89%	11%	0%

Q4. If Roe vs. Wade were overturned, each state could set its own laws on abortion to be as (restrictive) or as (permissive) as they wanted. If this happens, would you prefer that your state set laws which are more (restrictive) toward abortion or more (permissive) toward abortion?

Q5a. Would you want your state to ban abortions completely, or not?

Q5b. Would you want your state to become a safe haven for women who want abortions but cannot get them where they live, or not?

Q4/Q5A/Q5B COMBO TABLE

MORE ON METHODOLOGY

A total of n=1,000 adults were surveyed via web and phone on the SSRS Opinion Panel, a nationally representative panel of U.S. adults ages 18 or older recruited using probability-based sampling techniques. Surveys were conducted in English and Spanish.

Among the entire sample, **36%** described themselves as Democrats, **28%** described themselves as Republicans, and **36%** described themselves as independents or members of another party.

The entire sample was weighted to reflect national Census figures for gender, race, age, education, region of country, population density, and civic engagement, and Pew Research Center's NPORS figures for religious affiliation and frequency of internet use. The sample was also weighted for self-reported party identification. The benchmark for party identification was taken from CNN's national poll conducted by SSRS via web and phone from August 3-September 7, 2021, which implemented a full probability design via Address-Based Sampling (ABS).

Results for the full sample have a margin of sampling error of +/- 4.0 percentage points.

Surveys were conducted among a representative sample of the adult population, age 18 or older, of the United States. Members of demographic groups not shown in the published crosstabs are represented in the results for each question in the poll. Crosstabs on the pages that follow only include results for subgroups with a minimum n=125 unweighted cases. Results for subgroups with fewer than n=125 unweighted cases are not displayed and instead are denoted with "**SN**" because samples of that size carry larger margins of sampling error and can be too small to be projectable with confidence to their true values in the population.
