Over the next five years, MassDOT expects to invest over \$3 billion repairing the Commonwealth's Bridges. This includes \$816 million already programmed in the STIP using BIL's reauthorization of existing programs, \$1.1 billion under BIL's new Bridge Formula Program, and \$1.25 billion in bonding authority under the Commonwealth's Next Generation Bridge Program. The 146 projects below (representing 181 structures) constitutes approximately \$1.74 billion of that investment.
