

# MEMORANDUM

TO: County Commissioners  
Jim Doar, County Administrator

FROM: Justine Swanson, Chief Financial Officer

RE: December 2021 (50.00% of year)

DATE: Thursday, February 3, 2022

---

Attached is my review of financial activities through December 2021.

For my quarterly report, I have highlighted funds that are outside a 4% variance for expenses/revenues or have negative cash balances. I have listed the funds with negative cash balances along with explanations of the cause below.

## Highlights - Tax Supported Funds:

### ○ REVENUES:

#### ○ Taxes –

- County Tax Supported Funds - Property Taxes are coming in at 60.90% versus 69.40% in FY 2021 and 59.68% in FY 2020, through December 31. Collections are a below last year's rates but are still strong.
- All Funds – Overall taxes are at 59.59% this year, down 5.55% from last year.

#### ○ Non Tax Revenues- Most Operating funds are above **50%** for non-tax revenues.

- Land use Fees - Clerk & Recorder recording fees are 21.8% above projections (\$371,000 by year end if continues), Zoning & Subdivision fees are also above estimates by 27.63% with projections showing a total of \$375,000 over by year end. Charges for Services in total should be \$800,000 above projections.
- State or Federal payments AT budget – this is from State Entitlement which should end the year slightly above estimates.
- Fines and Forfeitures from Justice Court are running slightly below projections.
- Investment Earnings are up down from previous years because of historic low interest rates.
- The majority of tax-supported funds should have non-tax revenues slightly above projections by year-end. **Exception is Rest Home. I am very concerned about the Rest Home cash balance by end of year.**

### ○ EXPENSES:

#### ○ Personnel – The first six months of Tax Supported funds finds expenses at 43.65% of Budget.

- Our 24/7 operations like Sheriff, Dispatch, Detention Center and Rest Home continue to highly effected by vacancies forcing the use of overtime budgets. These expenses are somewhat offset by vacancy savings but long term vacancies are not sustainable.

#### ○ Operations – This area of the budget is showing very low expenses at 34.18%. Areas of Concern are:

- Commission – Expenses are at 73.89% for the first half of the year.
- Human Resources – Expenses are at 73.11% after only 6 months.
- Dispatch and Records – Already at 61.73% of budget.
- Rest Home – expenses for contract employees is causing problems. **Contributing to significant decrease in cash balance by end of year.**
- Most other departments are at or below expectations for expenses. I will monitor the budgets above and make corrections as necessary.

**Debt Service** – Expenses are within expectations and will be within budgeted amounts.

**Capital Projects / Outlay** – Actual expenses for all areas are within expected parameters. Year-end will see the continuation of significant cash on hand, with Core Equipment, Bridge Replacement/Repair and ongoing projects being minimal.

- **Miscellaneous and Grant Funds** – Expenses are high and will be low through year-end related to the receipt of additional grants and task orders related to the COVID-19 pandemic. Expenses are at 69.83% of the original budget for all these funds with Revenues received at 28.49% of the budget. This is normal as 2<sup>nd</sup> quarter reimbursements have not yet been processed by granting agencies. There are seven (7) grant funds with negative cash on hand totaling \$643,985. These funds will be cash positive by year end through grant revenues. Any shortfalls will be covered from the General and Public Safety funds.
- **Enterprise/Interdepartmental Activity** – All funds are significantly below budgeted expenses with most revenues received being higher than budgeted for the first 6 months.
- **Fire Districts / Fire Areas** – Expenses and Revenues are within expectations
- **Other Districts, RID's** – Expenses – Water and Sewer Districts are not required to follow County Budget process. Therefore, the Adopted Budget will be amended by year-end to account for actual expenses and revenues. RID Maintenance and Bond Funds are doing well. An error in the tax billing process last year resulted in the Riverside Water and Sewer District being billed double in FY 2022, which is why their tax collections have already exceeded their budget.

The information on the next 2 pages shows activity as of December 31, FY 2022, FY 2021 and FY 2020.

I will be using the actual first six months revenues and expenses to project year-end expenses, revenues and cash. I will be meeting with a number of departments over the next month to provide them with my synopsis for their departments/funds and to receive their input into year-end balances. As always, if you have any questions don't hesitate to ask me.
