Dear Mr. Zacarias Moussaoui

Hello. My name is Azeiz Washington.
I'm from Birmingham, Alabama. I'm 42 years old,
African-American Male, born June 23, 1996.

My reason for contacting you is that I've watched
documentaries and read about you having said that you
cannot go by what others say at least I don't I like
to hear it from the person so you know it's true.

I read that you was born May 30, 1968. so that
makes you about 50? And you were born in saint-sean-
de-luz, Pyrenées-Altaïques, France. I've been to paris
and strasbourg. Man when I say the people are friendly
and cool. with some good food like coq-au-vin,
beef bourgignon, and sôner webos.
What are some foods you eat?

I read you also have a master's degree in International Business from South Bank University in London.

How was that?:-

How was the Brixton Mosque?

Where you able to learn a lot from our Muslim brothers?

I read you attend flight training courses at Airman Flight school in Norman, Oklahoma in February 26 to May 29 2001. Is it hard to get your Pilot licenses or fly a plane?

Because I've bought some plane simulators and I fly drones I just started last summer in 2018 I had bought my first drone which is FPV to fly especially FPV - (First person view).

I watched the documentary about you and your mother Aicha el-Wafi talked highly about you.

I seen your brother Abd Samad Moussaoui wrote

A Book which I'm going to order
do you still play Handball?

* Hope to hear from you soon.
