**Subject:** Addtional Posts/Reporter in SOS Meeting

Good Day:

Please consider meeting on the BRE to assist with finding additional polling locations. Where do you need additional posts? Now would be a great time to let the FCBRE know.

Yes, we went around the room before the meeting and introduced ourselves. The Jessica everyone knew that there was a reporter in the room. More importantly, please let us know where and how many additional posts the county needs.

**Subject:** RE: FW: Request for a copy of your resume

I attend the internal task force meetings with the county's executive leadership and Chairman Pitts, and now the gentleman that retired from Accenture. I have been involved with the Citizen task Force, thus far. Blake and Raph have attended two meetings for the task force of citizens. We have discussed many items in the internal task force meetings from needing a central location to process absentee ballot applications and received ballots to how we have run out of room in our warehouse. We need to upgrade the work in our warehouse and dedicated training facilities. We have discussed making an absentee application to every registered voter in Fulton County to help drive 80% of voters to vote before Election Day. The registration may make mass making of absentee applications easier, though. We are still going to pursue a Fulton County application for requesting an absentee ballot, along with a portal since the State is undependable. I have let them know that we need a facility that is for elections. We need to be in the same place, a lot of the staff. The County is going to start looking for a place that could house the entire department in an election facility. The Deputy COO went to the warehouse today and took pictures to illustrate to the task force how we are bursting at the seams. We are discussing camera center operations for early voting, absentee by mail and Election Day. We are discussing tech support, early voting, data analytics and Election Day. The task force is discussing the gamut of our operations. They are aware that with absentee ballot operations expanding so greatly that we are far from properly staffed with full-time employees.

I have directed the staff to do many things outside of the task force, as we , including trying to find new polling locations, encouraging old polling locations to return to us with decontamination support. I have directed the staff on supplies for August and November. We do know that polling locations that reported lack of paper for ballot printers failed to find the reams of paper in the carriers, in particular, because the carriers came back with reams of unused paper from precincts that reported running out. In person training should solve most of the issues of where to find supplies with the new system and carriers. The supplies checklist is very detailed. I have directed Nadine to pay to print extra forms and envelopes because the State never gives us the supplies that we request, and we are supposed to order a forms and envelopes from them. The voter education team is going to begin to demo the voting system again, in venues that are safe for them for a limited audience. The webinar to attend virtual events, too. Jessica is going to work with them to get them added to quarterly virtual events that will have an impact.

I have a meeting with the four metro counties and Chris Harvey tomorrow. We will see Chris. The meeting should be productive, but we definitely have certain things we want to get across to him. All four counties had major challenges of varying degrees and different issues. For example, Cobb had systemic failures with the rPads. More than 40 precincts in Cobb had rPad issues on Election Day. Cobb has used them in three elections and has no confidence in the product. We've only used them once. We saw problems with them, but not as many as Cobb and Dekalb. We did see the same issues as them, though.

Legislators are inviting voting system vendors to the Capitol in order to discuss scrapping this voting system in favor of a different one. Two vendors have contacted me that could replace the new system before November who have been invited here by those at the Capitol. Apparently, the SOS is angry that legislators are inviting vendors back to town to discuss scrapping Dominion and purchasing a new system before November. Lots of backroom intrigue is taking place.

Did you also know that a reporter was in your meeting with Secretary Raffensperger on Monday? He covered the meeting and reported on it. Stephen Fowler was there and is a journalist for GPB Radio. Jessica Corbett said that people in the meeting may have been unaware that a reporter sat through the meeting.

Rick,

Do you attend these meetings to help guide the discussions on what you need and what you see are the major issues the department has or is having with conducting elections?

He joined the Task Force on Tuesday, but wasn't introduced formally because I believe the contract was yet to be signed. I'll ask during a meeting on Friday.

All of the sites can print now. They were printing fine yesterday.

The Dominion scanners are shutting down. Dominion is looking into the issue. The State is aware of the matter. This has been happening since Monday.

We are asking people to line up at South Annex once they get to a certain point if they've applied for an absentee application. If so they'll find out online. That will happen at CT Martin today, as well. We have addtional staff starting at Aphareta next week. It's been challenging getting more people who want to work. **Many people have turned Sharon down.** The addtional machines that we wanted at Aphareta are going to be delivered today. DREAM hasn't moved the furniture, yet. **We can't man the extra check-in station until Tuesday.**

Ralph's staff will be done with the absentee applications by Memorial Day.

Ms. Pramus, Thank you for reporting your concerns. I made sure this morning to visit the C.T. Martin Natatorium and to visit with the poll manager. The venue was not crowded and I observed no waiting among voters. The poll manager explained to me that the long waits on Monday and Tuesday were due, in large part, to problems with the EasyVote software that, when operational, eliminates the need for voters to fill out the form required to obtain the electronic ballot. It was not working immediately, and the time required for voters to fill out the forms manually caused long lines, but that was not because the Elections Department did not try to provide the most expedient means for voters to cast their ballots. You suggested that we knew what would happen on the first day of voting and disregarded predictable consequences. To the contrary, we monitored the mass response to the Secretary of State's mailing of absentee ballot applications, and hoped that voters would prefer the safest way to vote. I trust that our accommodation of mail-in ballots was neither thoughtless nor reckless. In determining how to provide election services to the community, we made arrangements to

prevent the spread of the coronavirus, and some of those arrangements, keeping the number of persons in the polling places, and spacing voters six feet apart, resurfaced in long lines, and undoubtedly caused delays. But please give us the benefit of intending to make voting safe for our citizens and our poll workers. I do not doubt that your father wants to vote on the day he chooses. I respect that. I do think hard about how Fulton County's commitment to provide three weeks of sanitized spaces and poll workers willing to risk their own health and safety to ensure the right to vote requires a balance of interests and rights, and I wonder whether voters might consider not only the preference for a day and time to vote, but also an optimum time for safe and convenient voting. Just a thought, but please be assured that we respect that our voters can choose the day and time they vote within the early voting time, and we will do our best to accommodate them. **Subject:** Early Voting Adamsville Recreation Center Monday, May 18th

Mary Carole Cooney,

Good Tuesday morning, this is a follow up to our conversation on the evening on Monday, May 18th.

I called you due to my father's experience as an 81-year-old trying to vote on the first day of early voting.

When I completed that no one came out to ask citizens over 65 or 70 to come forward to vote your response was that he should have been sent home.

Honestly I was shocked at the ignorance of this response. Some of seniors in the line for the first day of early voting were on public transportation. This is a burdensome response from someone who oversees our elections being fair.

I work in the media; this has conditioned me to be a forward-thinking person. I didn't want to get bogged down in what happened but wanted to make sure this didn't happen again. I'm hoping that today there isn't a 3-hour line for early voting at the Adamsville Recreation Center. Ms. Cooney mentioned in our conversation that the lines only exist on the first day of early voting. This means that you know on the first day a crowd shows up. My request was simple, please plan for this to happen again in October on the first day of early voting and make accommodations at the Adamsville Recreation Center where you know senior African American citizens will show up in force.

Ms. Cooney responded that she wants to launch a PR campaign telling people to early vote on the third or fourth day as opposed to the first. Do I need to expound on the ignorance behind this thought?!?!?

We know that from past behavior in the African American community seniors will show up on the first day. I think in 2020 a city like Atlanta should be able to make accommodations for the first day of early voting. Is this too much to ask?

I will be sending this information to you, members of the Regulation and Elections board every month. From now until October 12th - just a reminder of what you need to work on for early voting in five months. My father will want to vote on Oct. 12th at the Adamsville Recreation Center. He will not wait three hours without a chair because you will have done your job.

Thanks in advance for your time and consideration,

**Subject:** Issues for Friday BRE meeting

Dear Fellow BRE members, Before I become unavailable on Thursday, I want to alert you to some pending election issues:

- Four sets of mass voter qualification changes. I received – and passed on to you – four letters, each containing approximately 200 voters' qualifications. My proposed responses would mirror what I sent to Warren Schmitz, Ray Smith, and others, but here is the preview. If you concur, perhaps I can get these out before our meeting. You should already have the bundle of letters from a previous email I sent.
- I saw that Vernetta's name was misspelled on the email sent by Trey Key-hence the additional copy. Although we were copied, the letter was not addressed to us, and properly so, as Raphael Jones is not the BRE's employee. Patricia Hooker can speak to this Friday (Cheryl and David will be in court, so Patricia will staff our meeting).
- I will ask that one of you make the motion to go into executive session so that I can discuss Rick's annual performance evaluation. We will not conduct the evaluation – I believe it would be premature to do so – but I hope we can agree on standards of evaluation and procedures for competition in February. I received – at long last – the election monitor's report concerning staff performance during the election. In addition to this we have Ryan Germany's very brief comment, Brad Raffensperger's report to Congress, and my transmission to you of what the SOS investigator told me about the "suspense of ballots" allegation. If anything else is required, we can discuss that on Friday.

I hope this helps. Please email me if anything I can produce for Friday would also be useful. Mary Carole

**Subject:** BMD Po Worker Training

Hi Richard,  
I hope you are enjoying MLK day.

I received an email from Deb Cox, the Elections Supervisor for Lowndes County, and she has a very different outlook on the GA Po Worker Trainings situation than you do.

At the January 9th 2020 Fulton BRE Meeting, you stated: "One of the most concerning things for us is the Po Worker Manual coming out towards the end of January."  
You then went on to explain that this situation had to do with the SEB rules being developed. And then you said: "I'm not privy to all the decisions that are being made at the state level, but this affects everyone down the line what's going on at the top."

In stark contrast, Deb Cox stated: "Counties that used the old equipment didn't need the full trainings until they completed the elections."

Now that they are done, they have lots of options to be as trained as they wish to be, with the ultimate instruction by Dominion representatives in the counties for hands-on training, for as long as they wish to train. We have posted info on the system, posted videos, webinars, a minimum of two in-person trainings, phone conferences and an immediate assistance number for any questions both to Dominion and SOS. If someone is untrained at this point, it's because they chose to not take part in any of the training options available to a county.

Is Deb Cox privy to information and resources that you as Elections Director for the most populous county in GA are not? Or are you willfully choosing to "not take part in any of the training options available to a county"?

Sincerely,  
George Balbona

### Qualifications, Conduct, and Training

#### O.C.G.A. § 21-2-99(a)

The election superintendent shall provide adequate training to all poll officers and poll workers regarding the use of voting equipment, voting procedures, all aspects of state and federal law applicable to conducting elections, and the poll officers' or poll workers' duties in connection therewith prior to each general primary and general election and each special primary and special election; provided, however, such training shall not be required for a special election held between the date of the general primary and the general election. Upon successful completion of such instruction, the superintendent shall give to each poll officer and poll worker a certificate to the effect that such person has been found qualified to conduct such primary or election with the particular type of voting equipment in use in that jurisdiction. Additionally, the superintendent shall notify the Secretary of State on forms to be provided by the Secretary of State of the date when such instruction was held and the number of persons attending and completing such instruction. For the purpose of giving such instructions, the superintendent shall call such meeting or meetings of poll officers and poll workers as shall be necessary. Each poll officer shall, upon notice, attend such meeting or meetings called for his or her instruction.

### Election Offenses Involving Operation of the Polls

Poll managers must familiarize themselves with the following sections of the Georgia Election Code to ensure that unlawful acts or omissions by poll officers do not occur.

O.C.G.A. § 21-2-584: Refusal or failure of manager to administer oath to poll officer; poll officer acting without being sworn; giving of false certificate as to swear of poll officer.

O.C.G.A. § 21-2-587: Failure to return memory cards.

O.C.G.A. § 21-2-587: Frauds by poll officers.

O.C.G.A. § 21-2-588: Premature counting of votes by poll officer.

O.C.G.A. § 21-2-589: Willful omissions by poll officers.

O.C.G.A. § 21-2-590: Poll officer permitting unregistered or unqualified persons to vote; refusing to permit registered and qualified persons to vote; unlawful rendering of assistance.

O.C.G.A. § 21-2-591: Poll officers permitting unlawful assistance to voters.

O.C.G.A. § 21-2-592: Failure of poll officers to keep record of assisted voters.

## O.C.G.A. § 21-2-267(a)

The governing authority of each county and municipality shall provide and the superintendent shall cause all rooms used as polling places to be provided with suitable heat and light and, in precincts in which ballots are used, with a sufficient number of voting compartments or booths with proper supplies in which the electors may conveniently mark their ballots, with a curtain, screen, or door in the upper part of the front of each compartment or booth so that in the marking thereof they may be screened from the observation of others. A curtain, screen, or door shall not be required, however, for the self-contained units used as voting booths in which direct recording electronic (DRE) voting units or electronic ballot markers are located if such booths have been designed so as to ensure the privacy of the elector. When practicable, every polling place shall consist of a single room, every part of which is within the unobstructed view of those present therein and shall be furnished with a guardrail or barrier closing the inner portion of such room, which guardrail or barrier shall be so constructed and placed that only such persons as are inside such rail or barrier can approach within six feet of the ballot box and voting compartments, or booths, or voting machines, as the case may be. The ballot box and voting compartments or booths shall be so arranged in the voting room within the enclosed space as to be in full view of those persons in the room outside the guardrail or barrier. The voting machine or machines shall be placed in the voting rooms within the enclosed space so that, unless its construction shall otherwise require, the ballot labels on the face of the machine can be plainly seen by the poll officers when the machine is not occupied by an elector. In the case of direct recording electronic (DRE) voting units or electronic ballot markers, the devices shall be arranged in such a manner as to ensure the privacy of the elector while voting on such devices, to allow monitoring of the devices by the poll officers while the polls are open, and to permit the public to observe the voting without affecting the privacy of the electors as they vote.

# Polling Place Preparation Opening the Polls

## O.C.G.A. § § 21-2-328 and 21-2-375

- At least one hour prior to the time set to open the polls, the voting machines and supplies will be delivered to the polling places in each precinct
- The machines will be set up in the proper manner, signs, sample ballots and other instructions will be posted, and other supplies will be distributed

## O.C.G.A. § § 21-2-374, 379.24 and 379.25

- Prior to opening the polls, the manager will break the seal on each voting unit, turn on each unit, certify that each unit is operating properly and set to zero
- A zero tape will be printed from each Polling Place Scanner certifying that no votes are present
- The manager shall keep this tape and record this zero count on the Polling Place Scanner recap sheet
- At least one voting machine will be accessible to disabled electors at each precinct

**IDENTIFICATION REQUIRED TO VOTE AT PRECINCTS**

Georgia Annotated Code Section 21-2-417 requires identification at polls as follows:

(a) Each elector shall present proper identification to a poll worker at or prior to completion of a voter's certificate at any polling place and prior to such person's admission to the enclosed space at such polling place. Proper identification shall consist of any one of the following:

1. A Georgia driver's license which was properly issued by the appropriate state agency;
2. A valid identification card issued by a branch, department, agency, or entity of the State of Georgia, any other state, or the United States authorized by law to issue personal identification, provided that such identification card contains a photograph of the elector;
3. A valid United States passport;
4. A valid employee identification card containing a photograph of the elector and issued by any branch, department, agency, or entity of the United States government, this state, or any county, municipality, board, authority, or other entity of this state;
5. A valid United States military identification card, provided that such identification card contains a photograph of the elector; or
6. A valid tribal identification card containing a photograph of the elector.

Any elector who registered for the first time in Georgia by mail, and did not provide identification at the time of registering, may provide one of the six (6) items of photo identification listed above, or for the elector's first time voting, may provide one of the following forms of identification: copy of a current utility bill, bank statement, government check, paycheck, or other government document that shows the name and address of the elector.

**GEORGIA VOTING INFORMATION**

Polling places in Georgia will be open from 7:00 a.m. until 7:00 p.m. Elections for Federal office take place on the first Tuesday after the first Monday in November in even-numbered years.

**VOTING RIGHTS**

**Right to vote in an election you have registered to vote:**  
Each elector who is duly registered for an election, is listed on the list of registered voters on the official list of voters, and is not subsequently found to be disqualified to vote shall be entitled to vote in any primary or election, provided, however, that an elector voting in the primary is not entitled to a ballot paper for the nomination of candidates to such public offices to be held in the next election. (O.C.G.A. § 21-2-25(a))

**Right to vote a provisional ballot if your name does not appear on the list of voters:**  
If a person presents himself or herself at a polling place - absolute polling place or registration office for the purpose of voting a ballot in a primary or election believing that their or her name is registered to vote in such primary or election and the person's name does not appear on the list of registered voters, the person shall be entitled to a provisional ballot as provided by law. (O.C.G.A. § 21-2-40(a))

**Right to voters with advanced age or disability to vote without waiting to vote:**  
Each elector who is 70 years of age or older or who is disabled and requires assistance in making an entrance to the polling place, or the registration office, or other facilities as provided for in Code Section 21-2-302, shall, upon request to a designated office employee or other individual, be authorized to vote immediately in the most available voting compartment or booth at that polling place. Notice of the provisions of this Code section shall be prominently displayed in the appropriate polling place. (O.C.G.A. § 21-2-302)

**Right to receive assistance if you cannot read English or have a physical disability:**  
An elector who is unable to read the English language or has a physical disability which makes him or her unable to use or mark the ballot or operate the voting equipment may vote under the voting compartment or booth without assistance from another elector unless such assistance is provided by O.C.G.A. § 21-2-40(c).

**Right to be free from harassment as a voter:**  
Any person who attempts to interfere with or obstruct the right of an elector to vote shall be liable for damages. (O.C.G.A. § 21-2-306)

**Right to vote if voters waiting in line to vote before the polls close:**  
When the time for closing the polls shall arrive, all electors who are in the polling place or in line outside the polling place, waiting to vote, shall be permitted to do so if found qualified, but no other person shall be permitted to vote. (O.C.G.A. § 21-2-41(c))

**RESPONSIBILITIES**

**Responsibility to register before to vote:**  
It is the duty of every elector to register by the deadline set forth by law. (O.C.G.A. § 21-2-22)

**Responsibility to present identification:**  
Each elector shall present proper identification at the polling place as required by law. No ID requirement in voting places not specified in O.C.G.A. § 21-2-417. An elector who is required to be first time in this state to vote may be permitted to vote in the absence of identification as stated in O.C.G.A. § 21-2-401 in the case of any registered and who does not have identification at the time of voting for the first time may vote a provisional ballot. Such provisional ballot shall only be counted if the elector can not identify current and valid identification. (O.C.G.A. § 21-2-417)

**Responsibility to obey the law:**  
When more than one elector is in the polling place, the elector shall be permitted to vote in the polling place.

**REGISTER A COMPLAINT OR SUGGESTION**

If you have a general question or comment, please contact your local election official or the State Election Division.

If you have a specific complaint or suggestion to Title II of the Help America Vote Act of 2002 about voting system standards, accessibility for persons with disabilities, or voter registration, or other alleged voting violations, you must submit the complaint in writing. It must be submitted, and it must be signed and sworn by the voter. The complaint must be submitted to the State Election Division. The State Election Division will make a determination regarding the complaint within 90 days after the complaint was received.

**NO PROHIBITION NOTICE**

Pursuant to Georgia Annotated Code Section 21-2-408(d):  
"Without in any way limiting the authority of poll managers, poll watchers are prohibited from talking to voters, checking electors lists, using photographic or other electronic monitoring or recording devices, using cellular telephones, or participating in any form of campaigning while they are behind the enclosed space."

Pursuant to Georgia Annotated Code Section 21-2-413(e):  
"No elector shall use photographic or other electronic monitoring or recording devices or cellular telephones while such elector is within the enclosed space in a polling place."

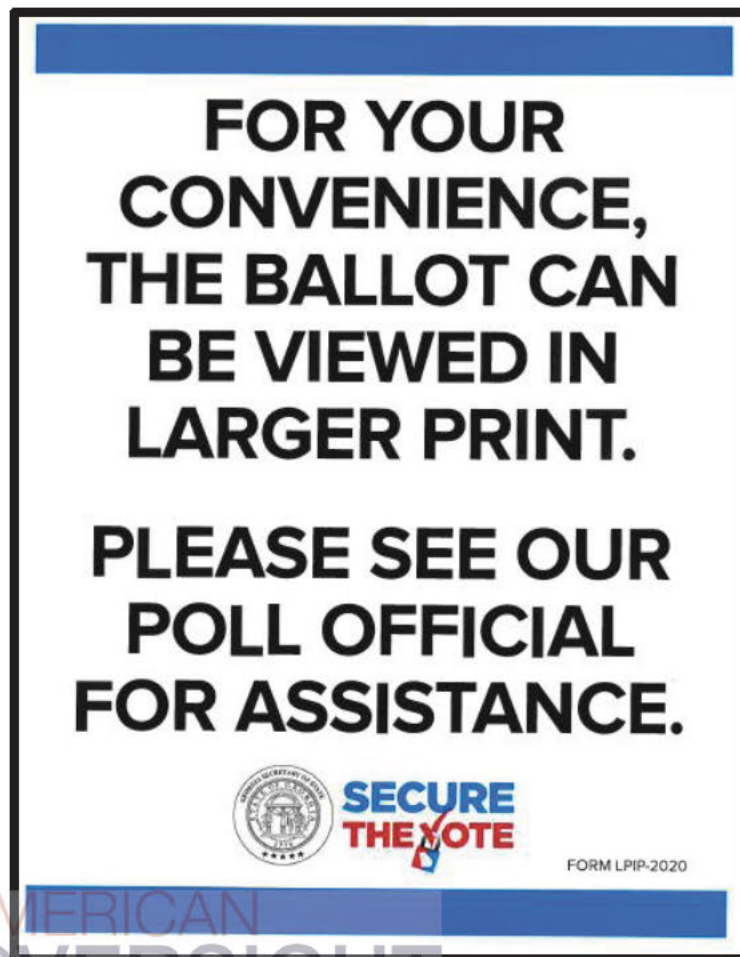

Pursuant to Georgia Annotated Code Section 21-2-414(e):  
"No person shall use a cellular telephone or other electronic communication device once such person has been issued a ballot or, in the case of precincts using voting machines or electronic recording voting systems, once the person has entered the voting machine or voting enclosure or booth. This subsection shall not prohibit the use of cellular telephones by poll officials."

# VOTING ON THE ICX-BMD

**1**

The voter inserts an activated Voter Card into the ICX-BMD.

The Voter Card must remain inserted in the ICX-BMD during the voting session.

**2**

If more than one language is available, the voter will be prompted to choose a language.

**3**

The voter may change the displayed language and/or the size of the text at any time by pressing the **Language** or **Text Size** buttons at the top of the screen.

**4**

The voter navigates the ballot using either the contest tabs at the top of the screen:

- 1) Move forward or backward
- 2) Contest tabs

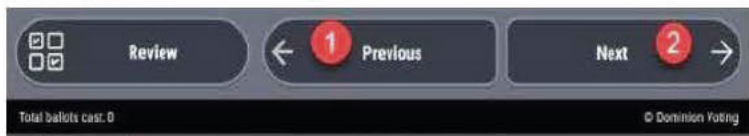

Or the navigation buttons at the bottom of the screen:

- 1) Previous screen
- 2) Next screen

**TOP**

**BOTTOM**

**5**

To vote for a write-in, the voter taps on **Write-in** in the candidate listing. The voter then types in the desired name and presses the **Accept** button at the bottom of the screen.

# VOTING ON THE ICX-BMD

## 6

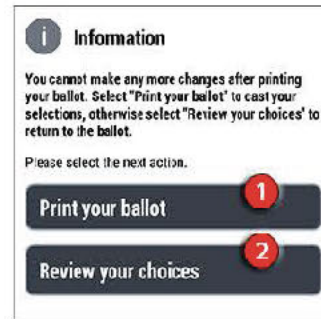

After the last contest or when the **Review** button is pressed, the voter is taken to the **Ballot Review** screen. The voter's selections are displayed and any contests that are blank or undervoted are displayed with warnings. Scroll bars are also displayed as needed to view contests not displayed on the screen.

- The voter reviews their selections and can return to the ballot by tapping on a contest or pressing the **Back to Ballot** button.
- When the voter is satisfied with their selections, they press the **Print Ballot** button.

## 7

Once the voter presses the **Print Ballot** button, they will receive an **Information** message or a **Warning** message. The **Warning** message only appears if one or more contests have been left blank or are undervoted.

At this point, the voter can choose:

- 1) **Print your ballot**
- 2) **Review your choices** (returns to the review screen)

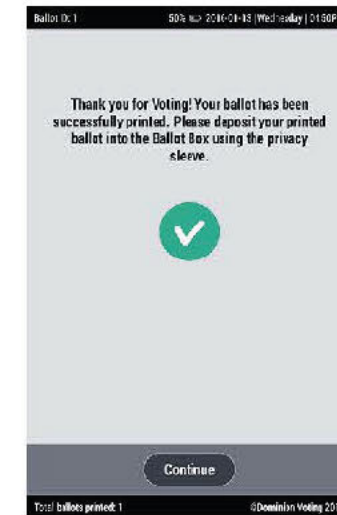

If the voter chooses **Print your ballot** and they have one or more blank or undervoted contests, they will be presented with another message at which point they can confirm ballot printing or return to the ballot.

## 8

Once the ballot has printed, the voter should press the **Continue** button at the bottom of the screen and remove their Voter Card.

The voter must then remove their printed ballot from the printer, review it for accuracy, then insert it into the ICP scanner for tabulation.

**IMPORTANT: The ballot is not considered as cast until it has been inserted into the ICP scanner.**

# ACCESSIBLE VOTING ON THE ICX-BMD

**1**

Before starting the voting session, confirm the following:

- The ATI controller is connected to ICX.
- If the voter requires a different assistive device, connect it to the ATI.
- The voter should be comfortably positioned with the chosen assistive device.

**2**

Insert a Voter Card activated for an accessible voting session into the ICX-BMD.

The Voter Card must remain inserted in the ICX-BMD during the voting session.

**3**

If there is more than one language available, the voter will first be prompted to select the desired language.

Audio guidance is not yet available so the voter may need assistance with language selection.

**4**

The voter will then be prompted to select the preferred accessible device.

Audio guidance is not yet available so the voter may need assistance with the selection.

If enabled, the **Privacy mask** will protect the voter's privacy by making the entire screen appear black.

During the voting session, the voter must listen to instructions through the headset and navigate the ballot using the selected device.

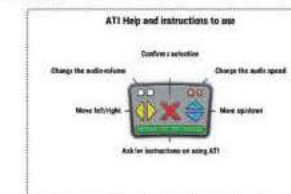

**5**

Audio guidance will start after selection of the preferred accessible device.

The voter will hear instructions based on that selection prior to the start of the ballot.

The voter may need further assistance once they have finished voting and their ballot has printed.

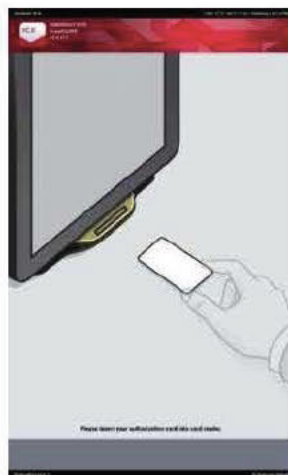

# MANUAL ACTIVATION ON THE ICX-BMD

S.E.B. Rule 183-1-12-.06

# Provisional Ballots

## Provisional Ballot Code Citation

O.C.G.A. § 21-2-418

(a) If a person presents himself or herself at a polling place, absentee polling place, or registration office in his or her county of residence in this state for the purpose of casting a ballot in a primary or election stating a good faith belief that he or she has timely registered to vote in such county of residence in such primary or election and the person's name does not appear on the list of registered electors, the person shall be entitled to cast a provisional ballot in his or her county of residence in this state as provided in this Code section.

(b) Such person voting a provisional ballot shall complete an official voter registration form and a provisional ballot voting certificate which shall include information about the place, manner, and approximate date on which the person registered to vote. The person shall swear or affirm in writing that he or she previously registered to vote in such primary or election, is eligible to vote in such primary or election, has not voted previously in such primary or election, and meets the criteria for registering to vote in such primary or election. The form of the provisional ballot voting certificate shall be prescribed by the Secretary of State. The person shall also present the identification required by Code Section 21-2-417.

(c) When the person has provided the information as required by this Code section, the person shall be issued a provisional ballot and allowed to cast such ballot as any other duly registered elector subject to the provisions of Code Section 21-2-419.

# Provisional Ballot Station

## Provisional Ballot Code Citation

O.C.G.A. § 21-2-418 continued

(d) Notwithstanding any provision of this chapter to the contrary, in primaries and elections in which there is a federal candidate on the ballot, in the event that the time for closing the polls at a polling place or places is extended by court order, all electors who vote during such extended time period shall vote by provisional ballot only. Such ballots shall be separated and held apart from other provisional ballots cast by electors during normal poll hours. Primaries and elections in which there is no federal candidate on the ballot shall not be subject to the provisions of this subsection.

(e) The registrars shall establish a free access system, such as a toll-free telephone number or internet website, by which any elector who casts a provisional ballot in a primary or election, or runoff of either, in which federal candidates are on the ballot may ascertain whether such ballot was counted and, if such ballot was not counted, the reason why such ballot was not counted. The registrars shall establish and maintain reasonable procedures necessary to protect the security, confidentiality, and integrity of personal information collected, stored, or otherwise used by such free access system. Access to such information about an individual provisional ballot shall be restricted to the elector who cast such ballot. At the earliest time possible after the casting of a provisional ballot, the election superintendent shall notify the Secretary of State that an elector cast a provisional ballot, whether such ballot was counted, and, if such ballot was not counted, the reason why such ballot was not counted.

## Provisional Ballot Code Citations

O.C.G.A. § 21-2-418 continued

(f) At the time an elector casts a provisional ballot, the poll officers shall give the elector written information that informs the elector of the existence of the free access system required by subsection (e) of this Code section by which the elector will be able to ascertain if his or her ballot was counted and, if such ballot was not counted, the reason why such ballot was not counted.

(g) Failure to establish such free access system shall subject the registrars and the county by which the registrars are employed to sanctions by the State Election Board.

(h) Notwithstanding any other provision of this chapter to the contrary, in the event that the voting machines or DRE units at a polling place malfunction and cannot be used to cast ballots or some other emergency situation exists which prevents the use of such equipment to cast votes, provisional ballots may be used by the electors at the polling place to cast their ballots. In such event, the ballots cast by electors whose names appear on the electors list for such polling place shall not be considered provisional ballots and shall not require verification as provided by Code Section 21-2-419; provided, however, that persons whose names do not appear on the electors list for such polling place shall vote provisional ballots which shall be subject to verification under Code Section 21-2-419.

## State Election Board Rule

S.E.B. Rule 183-1-12-.06

- (1) This rule shall govern the casting of provisional ballots by voters at primaries and elections in accordance with O.C.G.A. §§ 21-2-418 and 21-2-419.
- (2) In each polling place, there shall be established a location or station in the public area of the polling place for the purpose of issuing and receiving provisional ballots.
- (3) The election superintendent shall provide each polling place with an adequate supply of provisional ballots in each ballot style (district combination) for the precinct and an inner ballot envelope and an outer ballot envelope. The ballot envelopes shall be so designed that the ballot will fit within the inner ballot envelope and the inner ballot envelope will fit within the outer ballot envelope. The inner ballot envelope shall have printed on it the words "Official Provisional Ballot" and nothing else. The outer envelope shall have places for inserting the person's name, precinct, date and name of election, ballot style (district combination), and whether such ballot is a regular provisional ballot, a provisional ballot cast by a voter who registered to vote for the first time in this state by mail and has not provided the identification required by O.C.G.A. §§ 21-2-220 and 21-2-417, or a ballot cast during poll hours extended by a court order, or a combination thereof. Primaries and elections conducted by counties shall use optical scan ballots for provisional voting. Optical scan absentee ballots shall be acceptable for use as provisional ballots. Municipalities shall use the same type of ballots as the municipality uses for mail-in absentee voting. The election superintendent shall also provide a booth for voting provisional ballots in the enclosed space which will provide privacy for a person while voting a provisional ballot and a secure container in which the voted provisional ballots shall be placed.

## SEB Rule

S.E.B. Rule 183-1-12-.06 continued

(4) Voters whose names do not appear on electors list.

(a) When a person arrives at a polling place, completes a voter's certificate, and presents it to the poll workers but the person's name does not appear on the official electors list for the precinct, the poll officers shall immediately direct the person to the provisional ballot station. At the provisional ballot station, if a master list of registered electors is available, the poll workers shall check the list to determine if the person is registered at a different precinct. If the person's name appears on the master list for a different precinct, the poll workers shall direct the person to the correct precinct.

(b) If the person's name is not found on the official list of electors for the precinct or the master list, if available, the poll officers shall immediately contact the registrars and the person shall provide such information as the registrars may request to determine if the person is eligible to vote in the election. The registrars shall promptly review the information provided by the person and shall attempt to determine if the person timely and properly registered to vote.

(c) If the registrars can immediately determine that the person timely and validly registered to vote in the primary or election and should be assigned to the precinct at which the person is present, the registrars shall authorize the poll officers to add the person's name to the official electors list for the precinct and shall permit the person to vote in the same manner as other voters in the precinct vote. When there are multiple ballot styles (district combinations) in use in the precinct, the registrars shall also advise the poll officers which ballot style (district combination) should be issued to the person. The person's name shall then be added to the official electors list for the precinct with a notation of the name of the registrar who authorized such addition. Upon presentation of a properly completed voter's certificate and the identification required by O.C.G.A. § 21-2-417, the person shall be permitted to vote in the same manner as other voters in the precinct.

# Provisional Ballot Station

## SEB Rule

S.E.B. Rule 183-1-12-.06 continued

(d) If the registrars can immediately determine that the person timely and validly registered to vote in the primary or election but should be assigned to a different precinct from the one at which the person is present, the registrars shall direct the poll officers to send the person to the appropriate other precinct and the registrars shall notify the officers of such other precinct to add the person's name to the official electors list for such other precinct. When there are multiple ballot styles (district combinations) in use in such other precinct, the registrars shall also advise the poll officers at such other precinct which ballot style (district combination) should be issued to the person. The person's name shall then be added to the official electors list for the other precinct by the poll officers of the other precinct with a notation of the name of the registrar who authorized such addition. Upon the completion of a voter's certificate and the submission of the identification required by O.C.G.A. § 21-2-417, the person shall be permitted to vote in the same manner as other persons in such other precinct. However, if, in the reasonable exercise of discretion by the registrars or the poll workers, there is insufficient time for such person to go to such other precinct before the polls close, the poll workers may allow such person to vote a provisional ballot at the precinct in which the person is present. In such case, all votes cast by such person for candidates for whom such person is properly entitled to vote shall be counted and all votes cast for candidates for whom such person is not properly entitled to vote shall be void and shall not be counted in accordance with O.C.G.A. § 21-2-419(c).

(e) If the registrars cannot immediately determine that the person timely and validly registered to vote in the primary or election; but, from the information presented by the person, the person, if properly registered, would be assigned to the precinct at which the person is present, the registrars shall authorize the poll officers to permit the person to cast a provisional ballot at such precinct. When there are multiple ballot styles (district combinations) in use in the precinct, the registrars shall also advise the poll officers which ballot style (district combination) should be issued to the person.

## SEB Rule

S.E.B. Rule 183-1-12-.06 continued

(f) If the registrars cannot immediately determine that the person timely and validly registered to vote in the primary or election; but, from the information presented by the person, the person, if registered, would be assigned to a different precinct from the precinct in the county or municipality at which the person is present, the registrars shall direct the poll officers to send the person to the appropriate precinct. The registrars shall notify the officers of such other precinct to permit the person to vote a provisional ballot when such person arrives at such precinct, completes an official voter registration form and a provisional ballot voter's certificate, and submits the appropriate identification required by O.C.G.A. § 21-2-417. When there are multiple ballot styles (district combinations) in use in such other precinct, the registrars shall also advise the poll officers which ballot style (district combination) should be issued to the person. However, if, in the reasonable exercise of discretion by the registrars or the poll workers, there is insufficient time for such person to go to such other precinct before the polls close, the poll workers may allow such person to vote a provisional ballot at the precinct at which such person is present. In such case, all votes cast by such person for candidates for whom such person is properly entitled to vote shall be counted and all votes cast for candidates for whom such person is not properly entitled to vote shall be void and shall not be counted in accordance with O.C.G.A. § 21-2-419(c).

(g) If the person appears at a precinct in a county or municipality in which the person does not reside, the registrars shall instruct the poll officers to direct the person to contact the registrars in the county in which the person resides to determine in which precinct such person should vote.

(h) If the poll officers cannot get in touch with the registrars after making a reasonable effort to do so, the poll officers shall be authorized to permit the person to vote a provisional ballot at the precinct without additional authorization from the registrars. In such case, all votes cast by such person for candidates for whom such person is properly entitled to vote shall be counted and all votes cast for candidates for whom such person is not properly entitled to vote shall be void and shall not be counted in accordance with O.C.G.A. § 21-2-419(c).

## SEB Rule

S.E.B. Rule 183-1-12-.06 continued

(i) Upon receiving authorization to vote a provisional ballot, the person shall complete a provisional ballot voter's certificate and an official voter registration form and submit such completed certificate and form to the poll officers along with the appropriate identification required by O.C.G.A. § 21-2-417. The poll officers shall place the name of the person on the numbered list of provisional ballot voters and issue the person a provisional ballot of the style authorized by the registrars along with an inner ballot envelope and an outer ballot envelope. Before issuing the outer ballot envelope to the person, the poll officers shall enter the person's name, the name of the precinct, the date and name of the election, and the ballot style (district combination) on the outer envelope. The person shall then retire to the provisional ballot voting booth and vote the ballot. Upon completing the ballot, the person shall seal the ballot in the inner ballot envelope and place the inner ballot envelope containing the ballot into the outer ballot envelope and shall seal the outer ballot envelope. The person shall then return the sealed envelope to the poll officers.

(j) Upon receiving the sealed ballot envelope from a person casting a provisional ballot, the poll officers shall verify that the information requested on the outer ballot envelope is complete, shall mark the appropriate box or boxes to designate the type of provisional ballot enclosed therein, and shall direct the person to place the ballot envelope into the secure container for provisional ballots which shall be located within the enclosed space in the polling place where it can be monitored by the poll officers and observed by the public. The provisional ballot voter's certificate and voter registration form shall be attached together and shall be placed in a separate, distinctively marked envelope which shall be placed in a secure location in the polling place.

## SEB Rule

S.E.B. Rule 183-1-12-.06 continued

(5) Voter who registered for first time by mail but did not provide required identification.

(a) When a person arrives at a polling place, completes a voter's certificate, and presents it to the poll workers but does not have the identification required by O.C.G.A. § 21-2-417 and the person's name appears on the official electors list for the precinct with a designation that the person registered to vote for the first time in this state by mail but has not provided the required identification to the registrars as required by O.C.G.A. § 21-2-220, the poll officers shall immediately direct the person to the provisional ballot station. At the provisional ballot station, the person shall be permitted to cast a provisional ballot at such precinct. When there are multiple ballot styles (district combinations) in use in the precinct, the poll officers shall issue the appropriate ballot style (district combination) to the person as shown on the electors list. The poll officers shall place the name of the person on the numbered list of provisional ballot voters and issue the person a provisional ballot of the style authorized by the registrars along with an inner ballot envelope and an outer ballot envelope. Before issuing the outer ballot envelope to the person, the poll officers shall enter the person's name, the name of the precinct, the date and name of the election, and the ballot style (district combination) on the outer envelope. The person shall then retire to the provisional ballot voting booth and vote the ballot. Upon completing the ballot, the person shall seal the ballot in the inner ballot envelope and place the inner ballot envelope containing the ballot into the outer ballot envelope and shall seal the outer ballot envelope. The person shall then return the sealed envelope to the poll officers.

(b) Upon receiving the sealed ballot envelope from a person casting a provisional ballot, the poll officers shall verify that the information requested on the outer ballot envelope is complete, shall mark the appropriate box or boxes to designate the type of provisional ballot enclosed therein, and shall direct the person to place the ballot envelope into the secure container for provisional ballots which shall be located within the enclosed space in the polling place where it can be monitored by the poll officers and observed by the public.

(c) The provisional ballot shall not be counted unless the voter provides the identification required by O.C.G.A. § 21-2-220 and 21-2-417 to the registrars before the end of the period set by law for the verification of provisional ballots. Such identification may be provided to the registrars in person or by facsimile transmission or, in the case of disabled voters, by delivery by a third party.

## SEB Rule

S.E.B. Rule 183-1-12-.06 continued

(6) Voters voting during extended polling hours in an election in which federal candidates are on the ballot.

(a) In the event that the polling hours for a polling place are extended by a court order beyond the normal closing time for a primary, election, or runoff in which federal candidates are on the ballot, all voters who vote after the normal closing time for the polling place shall vote by provisional ballot.

(b) Voters whose names appear on the electors list and who have the appropriate identification required by O.C.G.A. § 21-2-417 shall complete a provisional voter's certificate and shall be issued a provisional ballot along with an inner ballot envelope and an outer ballot envelope. Such voters shall not be required to complete a voter registration form. It also shall not be necessary to obtain approval from the registrars to issue provisional ballots to such voters. The poll officers shall place the name of the person on the numbered list of provisional ballot voters. Before issuing the outer ballot envelope to the person, the poll officers shall enter the person's name, the name of the precinct, the date and name of the election, and the ballot style (district combination) on the outer envelope. The person shall then retire to a provisional ballot voting booth and vote the ballot. Upon completing the ballot, the person shall seal the ballot in the inner ballot envelope and place the inner ballot envelope containing the ballot into the outer ballot envelope and shall seal the outer ballot envelope. The person shall then return the sealed envelope to the poll officers. Upon receiving the sealed ballot envelope from a person casting a provisional ballot, the poll officers shall verify that the information requested on the outer ballot envelope is complete, shall mark the appropriate box to designate that the ballot is an extended poll hours provisional ballot, and shall direct the person to place the ballot envelope into the secure container for provisional ballots which shall be located within the enclosed space in the polling place where it can be monitored by the poll officers and observed by the public.

## SEB Rule

S.E.B. Rule 183-1-12-.06 continued

- (7) Each voter casting a provisional ballot in a primary, election, or runoff in which federal candidates appear on the ballot shall be given written information explaining how such voter can ascertain if such ballot is counted and, if such ballot is not counted, the reason why such ballot was not counted.
- (8) The provisional ballot voter's certificates and voter registration cards may be picked up during the day by a registrar or deputy registrar for the purpose of beginning the process of determining the eligibility of the persons to cast provisional ballots. Before transferring the voter's certificates and registration cards to the registrars during the day, the poll officers shall note the number of certificates and cards being transferred to the registrars. If such voter's certificates and registration cards are not picked up by the registrars by the time that the polls close and the last voter has voted, the envelope in which the provisional ballot voter's certificates and voter registration cards have been deposited shall be securely sealed and shall be returned to the election superintendent with the other materials from the polling place.

## SEB Rule

S.E.B. Rule 183-1-12-.06 continued

(9) After the close of the polls and the last voter has voted, the poll officers shall account for all voted provisional ballots, cancelled and spoiled provisional ballots, and unused provisional ballots. The ballot stubs and unused and spoiled ballots shall then be securely sealed in the container provided for them by the election superintendent. The poll officers shall then proceed to open the secure container in which the provisional ballots were deposited and count the number of voted provisional ballots contained therein. The poll officers shall then compare the total number of persons voting provisional ballots as shown on the numbered list of provisional ballot voters with the number of ballots issued and the number of ballots voted. If these numbers do not equal one another, the poll officers shall determine the reason for the inconsistency and shall correct the problem before going further. The poll officers shall seal the voted provisional ballots in a container for transfer to the election superintendent. The poll officers shall complete and sign a provisional ballot recap sheet and post one copy of the recap sheet on the door of the polling place with the election results from the precinct. The remaining copies of the provisional ballot recap sheet along with the numbered list of provisional ballot voters shall be returned to the election superintendent with the other election materials from the precinct.

(10) Upon receiving the election materials from the precincts, the election superintendent shall ensure that the envelope containing the provisional ballot voter's certificates and voter registration cards is promptly removed from the other materials and transferred to the registrars for processing. In any event, the voter's certificates and registration cards shall be transferred to the registrars no later than 9:00 a.m. on the day following the day of the primary, election, or runoff. The election superintendent shall also remove the container containing the voted provisional ballots and shall place such container in a secure location within the election superintendent's office.

## Provisional Ballot Codes

- OP - Out of Precinct
- PR - Person believing that he or she has timely registered to vote but whose name does not appear on electors list
- PI - Registered voter who does not have photo ID to present at time of voting
- IR - Voter who registered for first time by mail but did not provide required identification when appearing to vote. These voters can provide additional forms to provide proof of ID.
- EH - Voter who is casting a ballot during extended poll hours as a result of a court order (applies to federal elections only)
- X - Voter who registered for the first time in Georgia but citizenship not verified
- Other
  - V - Person who did not provide missing information to complete application

# Provisional Ballot Station

## Defining the Provisional Ballot Types

### OP – Out of Precinct

Person whose name does not appear on electors list for your precinct. If a person is not on your Electors List but is showing registered in another precinct, inform the voter of their assigned precinct and then let the voter decide if they can go to their assigned precinct, or vote a provisional ballot.

### PR – Not Registered in Your County

Person whose name is not on the Poll Pad, the supplemental list, or the paper back up list If a person is not listed on Poll Pad, the supplemental list, or the paper back up list, they may be issued a provisional ballot

# Provisional Ballot Station

## Defining the Provisional Ballot Types

### IR – ID Required

Voter who registered for the first time by mail but did not provide required identification and does not have ID when voting. If a voter who registered for the first time in Georgia by mail and does not supply the proper identification, they will be listed as an IDR voter on the Electors List. If the voter cannot supply the appropriate identification the voter must be issued a Provisional Ballot. Please note that an IDR voter is allowed to show other forms of identification in addition to the listed forms of photo ID.

### PI – Provide ID

Voter who does not have one of the required forms of photo ID. If a voter does not have the appropriate photo identification, he or she should be issued a provisional ballot and instructed that the ballot will be counted only if the voter provides the proper identification to the registrar's office not later than three days following the day of the primary, election, or runoff.

# Provisional Ballot Station

## Defining the Provisional Ballot Types

### EH – Extended Hours

Voter who is casting a ballot during extended poll hours as a result of a court order (applies to federal elections only). This provision only applies when there is a federal race on the ballot. In the event that the time for closing the polls at a polling place is extended by court order, all electors who vote during such extended time period shall vote by provisional ballot only. The Elections Superintendent will notify you in the event this occurs.

### CHAL – Challenged

If an elector has been challenged and appears at the polls to vote prior to the challenge hearing or decision, the elector shall be permitted to vote by casting a challenged ballot on the same type of ballot used for provisional ballots. Use the code “CHAL.”

# Provisional Ballot Station

## Defining the Provisional Ballot Types

### X – Potential Non-Citizens

If an elector is marked on the electors list as a potential non-citizen and the voter does not have a proof of citizenship document with them, a provisional ballot should be issued. On the Provisional Numbered List of Voters and the salmon outer envelope, CHAL should be recorded.

### Other - V – Pending – Missing Information

If an elector is pending due to an incomplete voter registration, the elector can vote by casting a provisional ballot. This voter type should always complete a provisional voter registration application to complete their registration. This type of provisional ballot should be coded with a V on the Provisional Numbered List of Voters and the salmon outer envelope.

NOTE: If the missing information can be provided and the Registrar at the county office can be contacted, the voter should be allowed to vote on the Touchscreen and a poll change card should be completed.

# Provisional Ballot Station

## Issuing a Provisional Ballot

1. Voter should complete the Provisional section of the paper Voter Certificate (Salmon colored) and if required, a Provisional Voter Registration Application
  - a. Ask voter to provide Photo ID unless reason for voting a provisional ballot is no ID can be provided (IR or PI)
  - b. Initial the form in the proper space
2. Confirm forms are complete
3. Complete the outer Provisional Envelope:
  - a. Print voter's name
  - b. Precinct number and ballot style number
  - c. Date and name of election
  - d. Note appropriate provisional code

# Provisional Ballot Station

## Issuing a Provisional Ballot, continued

4. Write the voter's name on the Provisional Numbered List of Voters, note appropriate provisional code in the PROVISIONAL CODE column and BALLOT STYLE in the appropriate column
5. Record the ballot number on the voter certificate and initial as issued
6. Hand voter the ballot and both Official Provisional Ballot Envelopes. Instruct the voter to go to the Provisional Ballot Booth to vote the ballot by filling in the ovals next to the candidate or answer of his or her choice. When finished voting, the voter will fold and insert the ballot into the inner Provisional Ballot Envelope and seal. The inner envelope will then be inserted into the larger salmon-colored envelope and seal. The voter will then insert the ballot in the Provisional Ballot Container

# Provisional Ballot Station

## Issuing a Provisional Ballot, continued

7. After the voter has cast the provisional ballot, provide the voter with written contact information so the voter will be able to determine whether the ballot was counted and, if the ballot was not counted, the reason why such ballot was not counted. If a federal candidate is on the ballot, the contact information provided to the voter must include a free access system, such as a toll-free telephone number or an internet website, to receive such information.
8. Place all of the VOTED Provisional Ballots in the PROVISIONAL BALLOT CONTAINER. Place the Numbered List of Provisional Voters and Provisional Recap Sheet in the proper envelope.

Remember:

A Provisional Recap Sheet is completed even if there are no provisional voters at your polling place.

# Provisional Ballot Station Challenged – Non-citizen

## Note Regarding Proof of Citizenship

- If a status of Non-Citizen is in the voter's record in the Poll Pad, the poll official is to request proof of citizenship from the voter. A list of acceptable citizenship documents is provided on the next slide.
- If the voter can provide the acceptable documentation, the poll official should tap on the Documentation Provided box on the Poll Pad screen and process the voter to vote on the Touchscreens.
- Your County Office should have a procedure established for reporting this documentation provided to the Registrar
- If the voter cannot provide proof of citizenship, the poll official should allow the individual to cast a provisional ballot and shall provide the individual with written contact information so the individual will be able to determine whether the ballot was counted and, if the ballot was not counted, the reason why such ballot was not counted. The poll officer should notify the poll manager that the individual must cast a provisional ballot.

## Challenged Ballots

O.C.G.A. § 21-2-230

(a) Any elector of the county or municipality may challenge the right of any other elector of the county or municipality, whose name appears on the list of electors, to vote in an election. Such challenge shall be in writing and specify distinctly the grounds of such challenge. Such challenge may be made at any time prior to the elector whose right to vote is being challenged voting at the elector's polling place or, if such elector cast an absentee ballot, prior to 5:00 P.M. on the day before the election; provided, however, that challenges to persons voting by absentee ballot in person at the office of the registrars or the absentee ballot clerk shall be made prior to such person's voting.

(b) Upon the filing of such challenge, the board of registrars shall immediately consider such challenge and determine whether probable cause exists to sustain such challenge. If the registrars do not find probable cause, the challenge shall be denied. If the registrars find probable cause, the registrars shall notify the poll officers of the challenged elector's precinct or, if the challenged elector voted by absentee ballot, notify the poll officers at the absentee ballot precinct and, if practical, notify the challenged elector and afford such elector an opportunity to answer.

(c) If the challenged elector appears at the polling place to vote, such elector shall be given the opportunity to appear before the registrars and answer the grounds of the challenge.

## Challenged Ballots

O.C.G.A. § 21-2-230 continued

- (d) If the challenged elector does not cast an absentee ballot and does not appear at the polling place to vote and if the challenge is based on grounds other than the qualifications of the elector to remain on the list of electors, no further action by the registrars shall be required.
- (e) If the challenged elector cast an absentee ballot and it is not practical to conduct a hearing prior to the close of the polls and the challenge is based upon grounds other than the qualifications of the elector to remain on the list of electors, the absentee ballot shall be treated as a challenged ballot pursuant to subsection (e) of Code Section 21-2-386. No further action by the registrars shall be required.
- (f) If the challenged elector does not cast an absentee ballot and does not appear at the polling place to vote and the challenge is based on the grounds that the elector is not qualified to remain on the list of electors, the board of registrars shall proceed to hear the challenge pursuant to Code Section 21-2-229.
- (g) If the challenged elector cast an absentee ballot and the challenge is based upon grounds that the challenged elector is not qualified to remain on the list of electors, the board of registrars shall proceed to conduct a hearing on the challenge on an expedited basis prior to the certification of the consolidated returns of the election by the election superintendent. The election superintendent shall not certify such consolidated returns until such hearing is complete and the registrars have rendered their decision on the challenge. If the registrars deny the challenge, the superintendent shall proceed to certify the consolidated returns. If the registrars uphold the challenge, the name of the challenged elector shall be removed from the list of electors and the ballot of the challenged elector shall be rejected and not counted and, if necessary, the returns shall be adjusted to remove any votes cast by such elector. The elector making the challenge and the challenged elector may appeal the decision of the registrars in the same manner as provided in subsection (e) of Code Section 21-2-229.

## Challenged Ballots

O.C.G.A. § 21-2-230 continued

(h) If the challenged elector appears at the polls to vote and it is practical to conduct a hearing on the challenge prior to the close of the polls, the registrars shall conduct such hearing and determine the merits of the challenge. If the registrars deny the challenge, the elector shall be permitted to vote in the election notwithstanding the fact that the polls may have closed prior to the time the registrars render their decision and the elector can actually vote, provided that the elector proceeds to vote immediately after the decision of the registrars. If the registrars uphold the challenge, the challenged elector shall not be permitted to vote and, if the challenge is based upon the grounds that the elector is not qualified to remain on the list of electors, the challenged elector's name shall be removed from the list of electors.

(i) If the challenged elector appears at the polls to vote and it is not practical to conduct a hearing prior to the close of the polls or if the registrars begin a hearing and subsequently find that a decision on the challenge cannot be rendered within a reasonable time, the challenged elector shall be permitted to vote by casting a challenged ballot on the same type of ballot that is used by the county or municipality for provisional ballots. Such challenged ballot shall be sealed in double envelopes as provided in subsection (a) of Code Section 21-2-419 and, after having the word "Challenged," the elector's name, and the alleged cause of the challenge written across the back of the outer envelope, the ballot shall be deposited by the person casting such ballot in a secure, sealed ballot box notwithstanding the fact that the polls may have closed prior to the time the registrars make such a determination, provided that the elector proceeds to vote immediately after such determination of the registrars. In such cases, if the challenge is based upon the grounds that the challenged elector is not qualified to remain on the list of electors, the registrars shall proceed to finish the hearing prior to the certification of the consolidated returns of the election by the election superintendent. If the challenge is based on other grounds, no further action shall be required by the registrars. The election superintendent shall not certify such consolidated returns until such hearing is complete and the registrars have rendered their decision on the challenge. If the registrars deny the challenge, the superintendent shall proceed to certify the consolidated returns. If the registrars uphold the challenge, the name of the challenged elector shall be removed from the list of electors and the ballot of the challenged elector shall be rejected and not counted and, if necessary, the returns shall be adjusted to remove any votes cast by such elector. The elector making the challenge and the challenged elector may appeal the decision of the registrars in the same manner as provided in subsection (e) of Code Section 21-2-229.

6. When finished voting, the voter drops the sealed salmon ballot envelope into a secure ballot container or bag
7. Hand the voter the written instructions about the challenged ballot process
8. Hand the Voter an “I’m a Georgia Voter I SECURED MY VOTE” sticker and thank them for voting

# Election Day

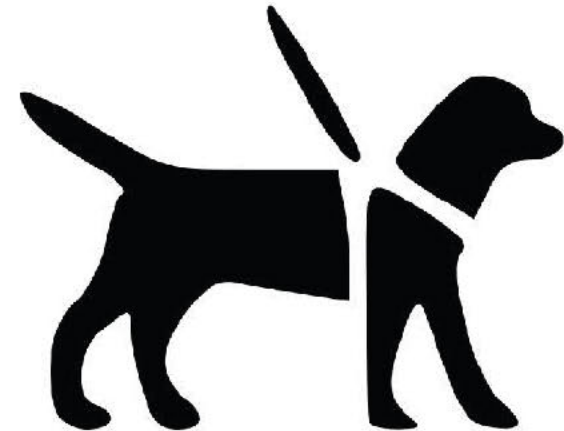

- Although there is no such thing as a typical election day, this section provides information to assist you
- If assigned to a particular station, know your role and make the poll manager aware of any questions or concerns you may have before the polls open
- Poll workers must be aware of a few important things whenever voters begin entering the polling place
  - How should voters with disabilities be accommodated?
  - What happens if a voter is wearing campaign material?
  - Can someone take a picture of their ballot?
  - What are Poll Watchers?

# Election Day

## Accommodating Voters with Disabilities

- Signs are vital
    - Directional signs should designate accessible parking spaces and be visible, especially those designating handicapped parking spaces, as well as the nearest accessible entrance if it is not the main door
    - If the polling place does not have a permanent handicapped parking space, designate a handicapped parking space by placement of a temporary “Handicapped Parking Sign”
  - Make sure there is wheelchair access to the building, the polling place, and the voting booth
  - Always be courteous and respectful
  - Be considerate of extra time it may take for a person who is disabled or elderly to complete the voting process, and give unhurried attention to a person who has difficulty speaking
  - Always speak directly to the voter, and not to a companion, aide, or sign language interpreter
- 
- Animals that assist people with disabilities should be admitted into all buildings. DO NOT pet or distract these Assistance Animals, as they are working animals, not pets.
  - If you observe a voter with a disability who needs assistance, ASK “May I help you in any way?” before rendering assistance. The answer you receive should dictate any further assistance.
  - Place chairs or benches along a waiting area for the convenience and comfort of those who may have difficulty standing in line

# Election Day

## Accommodating Voters with Disabilities

### Voters with Speech or Hearing Impairment

- A voter who cannot speak can give their name and address simply by providing their written name and address to the poll worker
- Follow the voter's cues to determine whether speaking, gestures, or writing is the most effective method of communication
- If speaking, speak calmly, slowly, and directly to the voter. Do not shout. Your facial expressions, gestures, and body movements help in understanding.
- Face the voter at all times and keep your face in full light (not backlit)
- Rephrase, rather than repeat, sentences that the voter does not understand

# Election Day

## Accommodating Voters with Disabilities

### Voters with Mobility Impairment

- Do not push or touch another person's wheelchair or equipment without prior consent
- People using adaptive equipment often consider the equipment as part of their personal space
- You are also more likely to break a wheelchair or piece of equipment with which you are not familiar

## Poll Watchers

O.C.G.A. § 21-2-408

A poll watcher is a person named by a political party, political body, or candidate who is authorized to enter the enclosed space to observe the conduct of an election and the counting and recording of votes.

(d) Notwithstanding any other provisions of this chapter, a poll watcher may be permitted behind the enclosed space for the purpose of observing the conduct of the election and the counting and recording of votes. Such poll watcher shall in no way interfere with the conduct of the election, and the poll manager may make reasonable regulations to avoid such interference. Without in any way limiting the authority of poll managers, poll watchers are prohibited from talking to voters, checking electors lists, using photographic or other electronic monitoring or recording devices, using cellular telephones, or participating in any form of campaigning while they are behind the enclosed space. If a poll watcher persists in interfering with the conduct of the election or in violating any of the provisions of this Code section after being duly warned by the poll manager or superintendent, he or she may be removed by such official. Any infraction or irregularities observed by poll watchers shall be reported directly to the superintendent, not to the poll manager. The superintendent shall furnish a badge to each poll watcher bearing the words "Official Poll Watcher," the name of the poll watcher, the primary or election in which the poll watcher shall serve, and either the precinct or tabulating center in which the poll watcher shall serve or a statement that such poll watcher is a state-wide poll watcher. The poll watcher shall wear such badge at all times while serving as a poll watcher.

OFFICIAL ABSENTEE/PROVISIONAL/CHALLENGED BALLOT  
OFFICIAL GENERAL MUNICIPAL ELECTION BALLOT  
OF THE STATE OF GEORGIA  
NOVEMBER 5, 2013

To vote, mark the Oval  next to the candidate of your choice. There is a provision where some of the ballot, usually written in red or blue, may be written in a different color. If you choose to vote by this method, you must use a different color ink than the corresponding candidate. Do not write or mark anything on the back of the ballot and return envelope. You may return the ballot to the poll pad station or to the County Board of Registrars, and you will be issued another official absentee ballot. Alternatively, you may request the ballot to be mailed to you if you are voting out of the county or the precinct in which you are registered. You will then be permitted to vote a return ballot. A voter may vote in person at a polling place or by mail. If you are voting by mail, you must return the ballot to the County Board of Registrars.

## The Line

The voting line is an important component in all polling places. At each polling place, there should be a plan to deal with a scenario where there is a line that is well out the door. Consider the following questions and options for a well-maintained voting line:

- Do you have room for the voters to line up safely around the building?
- O.C.G.A. § 21-2-414(a)(3) states that there can be no campaigning within 25 feet of anyone waiting in line to vote. Are you prepared to make those measurements?
- At your busier polling locations where you expect a line, have a designated person to manage the line. This person's focus should be to prepare the voters for the check-in and voting process.
- Consider giving poll workers a special nametag that says something like "Have a question about voting? Ask me."

# Election Day

## The Line

- Have the poll workers monitor voters in line to ensure there is no campaigning in line or wearing campaign materials.
- Have the poll worker notify the voters of the required identification needed to vote and to have it ready to present to the poll work at the Poll Pad Station.
- Consider providing that poll worker with an electors list, a portable Poll Pad, or a device that can access MVP to look up voters in line to ensure that they are at the correct polling location.
- If the line is caused by a long ballot or long questions on the ballot, be sure to have extra sample ballots available to pass out to voters in line. The more prepared they are when they get to the voting machine, the quicker you will be able to process them.

FULTON COUNTY  
OFFICIAL ABSENTEE/PROVISIONAL/CHALLENGED BALLOT  
OFFICIAL GENERAL MUNICIPAL ELECTION BALLOT  
OF THE STATE OF GEORGIA  
NOVEMBER 5, 2013

To vote, bubble the Oval  next to the candidate of your choice. To vote for a person whose name is not on the ballot, manually WRITE IN a name in the white or dashed oval next to the Oval  next to the name in spaces, if you choose to vote YES on BALLOT'S PROPOSED QUESTION, bubble the corresponding Oval . Use only blue or black pen or pencil. Do not write for voters candidates that the number allowed for each specific office. Do not cross out or erase. If you erase or make other marks on the ballot or fail to bubble, your vote may not count. If you change your mind or make a mistake, you may reuse the ballot by writing "re-use" across the Oval  next to your choice. You may have only one ballot used back to your county board of elections, and you will be issued another official absentee ballot. Alternatively, you may surrender the ballot to the full manager of an early voting site within your county or the precinct to which you are assigned. You will then be permitted to vote in regular hours.

I understand that the offer or assistance of money or any other valuable consideration for my vote is prohibited under the OFFICIAL ELECTION CODE OF GEORGIA.

- The voter can also provide any of the previous listed photo IDs

# Electors List

## Three Lists at Polling Place

There are three separate lists of voters at each polling location

- Poll Pad - Poll Pad digitally stores registered voter information for each county in Georgia. Poll Pads allows you to search for voters and check their eligibility for the election. If they have not voted during Advanced in Person or by Absentee by Mail, they are issued a voter card to vote. The voter inserts the card into the Touchscreen, makes their selections and prints their ballot and then after reviewing their ballot, inserts it into the Polling Place Scanner to cast their vote. The voter is added to the Numbered List of Voters.
- Supplemental List - The supplemental list contains the voters that met the Voter Registration deadline, but did not meet the deadline for the Poll Pad upload. Anyone that is not on the Poll Pad but is on the supplemental list is allowed to vote on the Touchscreen unit. These voters do not need to vote provisionally. A voter card is manually created for these voters.
- Paper Back Up list - The paper back up list is a list of all the electors in your precinct. If your polling place loses power or your Poll Pads stop working for some reason, you do not have to stop processing voters. This is what the paper list is for.

# Election Day

## Polling Place Stations

### Poll Pad Station

- At this station
  - The voter is searched in the Poll Pad using the voter's ID by scanning or manually entering the voter's name
    - If found, the voter certificate process is started
    - If the voter cannot be verified as eligible to vote, the voter should be escorted to the Provisional Ballot Station
  - Voter completes the electronic voter certificate
  - A voter card is encoded with the ballot and given to the voter
  - The voter's name is electronically added to the Numbered List of Voters
  - The voter is then directed to the Touchscreen and Printer Station

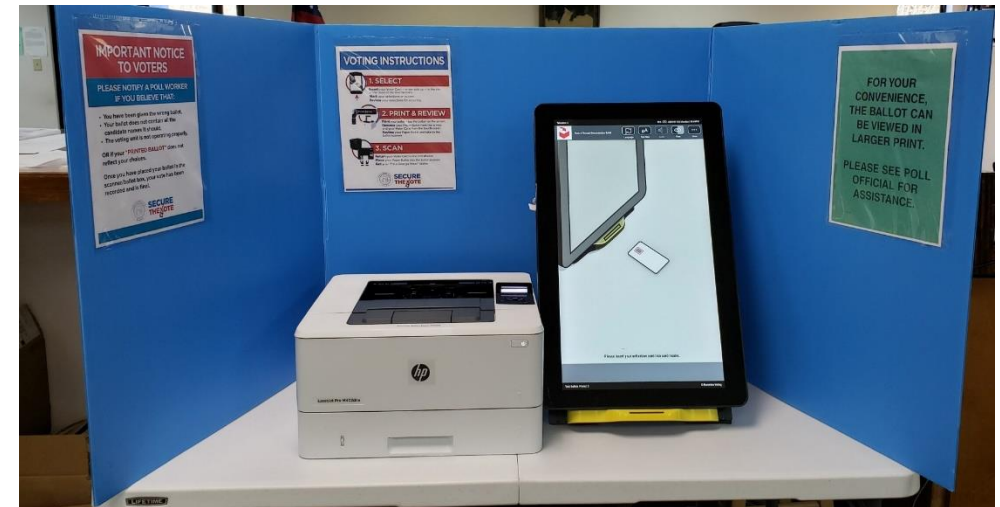

# Election Day

## Polling Place Stations

### Touchscreen and Printer Station

- At this station
  - The voter will insert the voter card into the Touchscreen
  - Make their selections for each election
  - Review their ballot selections on the screen and print their ballot
  - The voter will then review their printed ballot
  - Then the voter will take the paper ballot along with the voter card and advance to the Polling Place Scanner station

# Election Day

## Polling Place Stations

### Polling Place Scanner Station

- At this station,
  - Voter returns voter card
  - Voter is reminded to review their ballot
  - The voter will cast their ballot by inserting into the scanner
  - The screen will confirm that their ballot was cast

### Voter Exits the Enclosed Space

- Voter receives their “I’m a Georgia Voter I SECURED MY VOTE” sticker
- Be sure to thank them for voting

# Closing of Polls Time

- At 7:00 PM, the Poll Manager publicly declares, “The poll is closed.”
- Any voters in line at 7:00 PM must be allowed to vote
- Position a Poll Officer at the end of the line to ensure that anyone arriving after 7:00 PM is NOT allowed to vote
- Poll hours could be extended upon court order. Your County Office will notify your Poll Manager if this occurs.
  - Note: Municipal elections for the City of Atlanta have different hours, pursuant to O.C.G.A. § 21-2-403

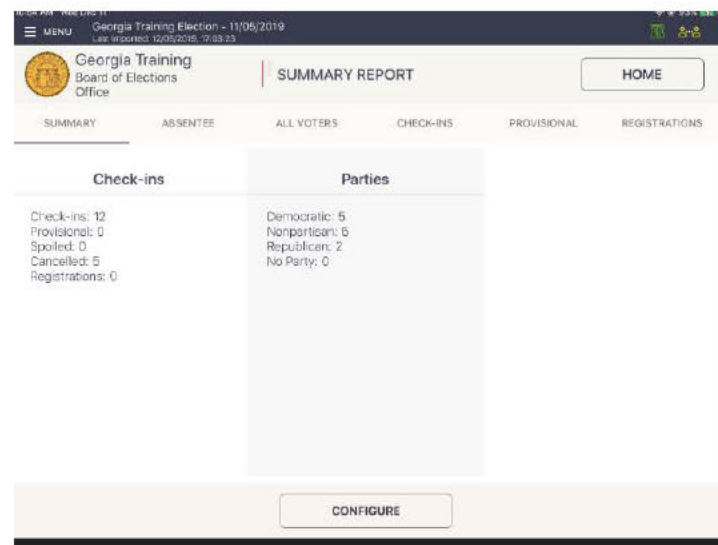

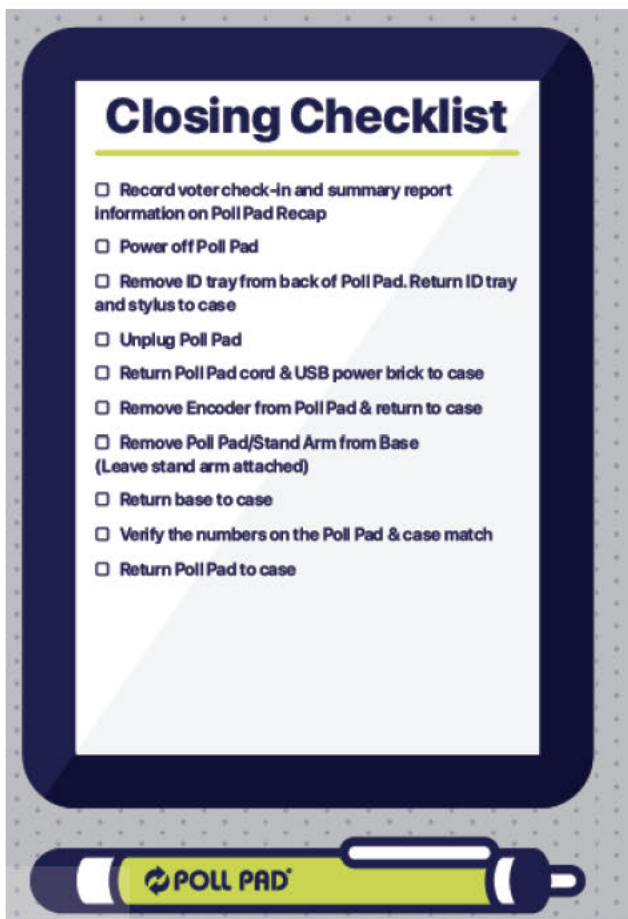

# Closing of Polls

## Closing Equipment, Form Completion and Packing Up

- All duties must be performed in full view of the public
- Potential voters may watch but are not allowed to enter the enclosed space or interfere when preparations for opening the polls are in progress
- At no time are the doors to the polling place to be locked so as to exclude any member of the public from viewing the pre-election preparation, conduct of the election, or the closeout procedures
  - One Poll Official reads the instructions
  - One Poll Official follows the instructions as read to them
  - One Poll Official records the necessary information on the forms

Should we get a tv and broadcast the meeting on Zoom and youtube for public comment. Where can we have a meeting that will allow the BRE, invited staff and the public in a space without having to yell across the room or have special audio set up?

June 9 & 11<sup>th</sup> Special and Regular Meetings will be held virtually.  
June 19<sup>th</sup>, Certification of Results must be in-person utilizing PPE and social distancing, per regulations.

I have identified a couple locations for the June 19<sup>th</sup> meeting and the information will be forthcoming as we get closer to the date. I will also collect PPE to disseminate, if needed.

Please note upon entering the building the public will be scanned to check their temperature

Re:

I just wanted to thank you again for a great meeting on Thursday. The budget reports are detailed and easy to understand. It allows me to speak more intelligently about the costs of running elections in Fulton and provides a deliberate to county and state party leaders. Thank you for your patience as I acclimated to the bureaucracy involved with conducting elections in Fulton.

You were so awesome at the Dems meeting after that day. You were received favorably and presented well. I am still getting to know the Fulton Democratic leaders as I did not rise in rank through the party like Aaron. In fact, initially there was resistance to my appointment since none of them knew me before my appointment including Aaron. I have since earned the favor of the party but it took time. I appreciate you and thought it pertinent to share the positive feedback.

Thank you so much.

**Subject:** Absentee Ballot Filing August 11th Election

Good afternoon,

In June 2020, I mailed absentee ballot applications for myself and my 77 year old mother Caro Skye to the Fulton County Board of Elections. On the Georgia Secretary of State's website it shows that both of our applications were received on July 2, 2020. My ballot was issued to me on July 13 and upon receipt I filed it out and returned it. It was accepted on July 25. My mother's ballot has yet to be issued to her. She emailed and called the Fulton County Board of Elections last week. The email received no response and the woman who answered the phone seemed unconcerned. We are now in August and the ballot has not been issued. The election is in just over a week. Fulton County is going to force a senator to vote during the worst pandemic in a 100 years because of gross negligence and incompetence. And this is on top of the August 11th runoff election....what is going to happen in November? I wanted to bring this to the attention of our local, state, and national representatives as well as the media. This is unacceptable disenfranchisement of a citizen who has worked her entire life and never missed an election.

My mother's information is:  
Caro Skye  
501 Marsh Tra Circle  
Atlanta, GA 30328  
DOB: 9-13-1942

**Subject:** Last minute po ng pace change

Good afternoon,

I am the Executive Director of Cathedra Towers, home to more than 200 elderly Atlantans. I am writing to you today to inquire about the last minute po ng pace change for precinct 08G. Last night I was notified by a resident who was concerned and confused about the change. She notes that less than one week ago, she received her voting card, assigned her to the po ng location at the Cathedra of St. Philip. Then yesterday, she received a letter from Fulton County Department of Registration and Elections notifying her that the po ng pace moved to the Atlanta History Center. We went online to the SOS MVP and verified the change to the Atlanta History Center. This letter is dated Sunday, October 18th and was received Wednesday, October 21, just 13 calendar days before the election. Since her call, we have received calls from other residents with the same issue and concerns.

Residents are requesting a response to the following questions:

- Why was the po ng pace changed so close to the election?
- Why were they moved to a po ng pace more than 1 mile from their homes when the original po ng pace, the Cathedra of St. Philip is next door, and open as a po ng pace?

While we are an independent living community, many of our residents no longer drive. Most of our residents can walk to the church. The ones who cannot are provided with safe, socially distanced transportation on our main bus. We are deeply concerned that this change not only has created great confusion and mistrust among our elders, it has also created a challenge to provide adequate and safe transportation to some of the most vulnerable people in the community. I was unable to find any information about this precinct change on the Fulton County website.

Thank you,

Jane Green

Richard,

I appreciate Mr. Evans' response. Since Mr. Evans will not see the actual ballot sent to the voters before it is sent, please warn against making claims that cannot be readily verified at this time. Rundbeck started mailing ABs to voters last week before the error was caught. Moreover, the fact that Blake knew that an error was made, updated the sample ballots on the website and simply forgot to share any of this with the board is very unsettling. The total lack of accountability is quite disturbing and may have lasting implications.

I purposefully left Mr. Evans off of this strand as he is not accountable to the board, you are. Please Richard, I pray that you encourage your staff to be proactive and transparent about departmental errors especially in this political climate. The more information on the board has the more equipped we are to mitigate public concerns.

As a way, I appreciate you and your time.

This was a sample ballot created by the graphic designer.

The ballots made by Runbeck are proof by at least eight people multiple times. The sources are completely different and unrelated.

We had the sample ballot created from scratch because the new voting system is unable to create one. She created that from a blank page and inserted a of the races. That error was there in the original ballot proof but we estimated that upon first proof that was sent to the State. The processes are wholly unrelated. We found out about it yesterday and immediately corrected it within an hour.

Terr Crawford is a Fulton County Democrat who really wants to work as a poll worker. She mentioned she had been applying to work as a poll worker and had never been called for several years. She is a late 50s white woman with short brown hair. I describe her on my because she has attended a good number of BRE meetings over the years. Please consider the emails on the strand as those interested in being poll workers in Fulton. Just FYI.

**Subject:** AB COUNT

Dear BRE:

I have written a timeline of our ballot by mail processing in order for you to have it on hand if you receive questions. Please refrain from sharing this email outside of the BRE, except to relay it orally. I am sharing this to give you information that you need to answer questions.

We have lost 30 polling locations since the March election. I have okayed the conso dated ones from the losses as the Superintendent after speaking with Mary Carole and Cheryl Ringer. We are under emergency conditions and with the need to make the database final by the end of business today in order to start L&A and inform voters of the changes in the polling locations I have had to approve the changes. Polling places have been dropping by the day the last week and a half. We will brief the BRE at the next meeting. We will post a changes in the Daily Report and we will give a full briefing at the next meeting.

1. We started receiving ballot by mail applications at the beginning of April. We would open one to two bins per day, but then two to three would arrive on some days. On April 9th we received a call from USPS informing us that we had 96 trays of mail or four bins.

2. Beverly died on Thursday, April 9th. No one worked on mail on the afternoon of the 9th or on April 10th.

3. We received the mail on the 13th and began processing eight bins of mail. From the 13th - 20th we had no staff opening and processing mail.

4. Our offices were closed for decontamination on April 16-19.

4. The County provided us with 30 people on the 21st, whom we trained, for opening mail. Between 12-26 showed up each day. We alerted the County that many of the workers from the other departments were failing to show for work each day. The County informed them that it was required for them to work each day or they would receive no administrative pay or even terminated. On the 4th of May the County recruited more workers for us to enter applications. We currently have 30 full-time workers processing applications and another six doing part-time.

5. By the 27th we had opened a lot of the mail in our possession.

6. On the 27th Caryn distributed 1400 batches, totaling 70,000 applications for processing. As of this afternoon we have processed 56,000. That's about 4,000 fewer applications than Gwinnett County, but far less than Cobb and DeKalb counties. We have had about seven fewer processing days than the three other major metro counties, which would have had us close the gap on DeKalb and Cobb counties. Our county has remained closed and seems to have been more concerned with social distancing restrictions than other counties.

7. We have 360 batches or 18,000 applications remaining for distribution to process. Raph and Caryn agree that by Tuesday 12th of May we should be caught up with by mail applications that will total approximately 88,000. We received no mail today. People are working weekends on applications, as we.

8. We have begun to distribute email and fax applications. Many of those are duplicates, but we are unsure how many. Some have emailed and mailed the applications. Others emailed the application multiple times in order to be sure we received it. We have approximately 20,000 email and fax applications to process.

9. We have had a multitude of printer issues with the email and fax applications because people have sent them in .mov files, .hvec files, .jpeg files and .pdf files, and other file formats from other cell phones, tablets and scanners. IT is helping Raph with that. In

addition, the number of emails that we have received have made it difficult for many staff to access the records. IT is working on that matter.

10. With regard to rejected applications Raphael and Caryn feel that other counties may be underreporting rejections. Leaders:

Thank you Mr. Wngate for that feedback. Good to note that no delays are being reported with Early Vote in North Fulton. On the Southside, I have been tagged in photos of long lines. I have received calls from 4 community leaders regarding both polls on Southside. I do expect someone from the department to go to both polls in South Fulton to fix the 2-3 hour delays being reported. MaryCaro e, Mark or Dr. Ruth, if any of you has access to Rick, please ask him to call or have someone call me regarding Adamsville and South Fulton Annex.

I haven't been able to reach Mr. Barron and all the lines in the department go unanswered.

See photos of lines wrapped around building and one photo of 81 yo man how's suppose to be skipped to the front of the line forced to wait 2-3 hours to vote.

I am not sure about everyone else, but I have been getting calls most of the morning about issues at polls.

Specifically, long lines and up to 3 hr waits at South Service Center. Only 2 voters being allowed in at one time.

Issues at C.T. Martin as well.

I can't speak for everyone but I would like a sample update as to what's going on and these issues. I know you may not have time to send something out but we have to be armed with facts. Have someone in the office communicate with us.

And yes, I've already been contacted by Commissioners and a State Rep and I don't have any answers.

This would include what's going on at each location.

Thank you.

Leaders:

I read the email threads but I disagree that Republicans and Democrats who voted in the June 9th elections have an option to vote either the R party or a non-partisan ballot in the Primary Runoff. It seems like there's staff, I am unsure who actually involved, in the DRE who are deliberately misleading the public. The NP races are already on the ballot so no need to offer neither Republican nor Democratic voter, who voted a partisan ballot in June, a NP ballot now. To do so, is dumb and so they hurt Democratic races. That's a fact!!! Informing the leaders involved is all that I can do. And, what those leaders do or don't do is totally up to them. However, none of you can say that you didn't know that it was happening and were informed in real time.

Didn't we just argue last week that we need to give every voter the "matrix" that was created so that they know which ballot choices they have? That matrix says that Dems can get a Dem or a NP ballot? So do we support notifying the voter or not?

If ballots were automatic, then there should be no need for the matrix, right? But unless I don't understand, the ballots are not automatic and the voters, at least Dem and NP voters, have a choice. First we say we want them to be notified and given the options, but now are we saying we shouldn't?

I see Vernetta's point. If you look at the matrix and then the narrative below, it can be confusing.

Here is the narrative below the matrix;

**If a voter cast a Democrat Ballot in June, the voter may only vote a Democrat Ballot in the runoff, which also includes the nonpartisan races.**

If you look at the Democrat row in the matrix, it has YES in the column Eligible to VOTE DEMOCRAT and YES in the column ELIGIBLE TO VOTE NONPARTISAN, but the democrat ballot has both. Therefore, there is no need to give the democrat voter an option to vote nonpartisan. The matrix needs to be **revised ASAP and poll worker needs to be retrained**. Eligible to Vote Nonpartisan in the democrat row should be N/A or NO (to keep it simple).

June 9, 2020 PRIMARY	NO	YES	YES	YES

 If a **voter cast a Republican Ballot in June**, the voter may only vote nonpartisan races.

If a **voter cast a Democrat Ballot in June**, the voter may only vote a Democrat Ballot in the runoff, which also includes the nonpartisan races.

If a voter **cast a Nonpartisan Ballot in June**, the voter may vote either a Republican or Democrat ballot, which also includes the nonpartisan races. The voter may also elect to vote a nonpartisan ballot containing only judicial or municipal races depending upon the voter's precinct of residence.

If a voter **did not cast a ballot in June**, the voter may vote **either** a Republican or Democrat ballot which also includes the nonpartisan races or a stand-alone Nonpartisan ballot.

was an independent contractor hired as technical support for the Diebold machines during the 2002 elections. Diebold contracted out its technical support knowing early on that it needed field tech teams in every county in the state. It was a major undertaking. All the contractors had extensive training by Diebold techs prior to the election. We also had deputy sheriffs and local police transporting the tech support from poll to poll. So there was no need for a technician to be stuck in traffic anywhere.

The 2002 elections were insane. There were still many, many, many issues. I was assigned to Athens-Clarke County. There was a tech assigned to each poll to set up equipment. Poll workers did not set up the machines. I am not sure how it was done in Fulton. I got to Athens-Clarke County at 6:00 AM to start shift and left after midnight, headed back to Atlanta home.

The interesting part of this article is how much training the SOS required for poll workers that Diebold was required to back in 2002 and the number of technicians Diebold had in the field that year to support elections offices compared to this year. No poll worker training by Dominion was given to poll workers this year. We only had two people on Election Day from Dominion to cover Fulton County and one person from Knowlton. The second person from Dominion was assigned to us the weekend before Election Day. According to this article, we probably would have had six to seven techs from Dominion for election support, which would have been valuable for hitting trouble spots and also prior to Election Day it would have been helpful for training our technicians that we put in the field.

I want you to know that I don't disagree with you at all. In fact, I know that what you are saying is true. If it was as simple as being right or wrong, then you would win hands-down! However, please resist the notion that in order for you to be right, then those with differing views must be wrong.

I humbly ask that you reconsider pushing for policies in Senator resolutions with majority poor back Democratic voters. Instead, support the DRE's efforts to beef up its safety measures. I appreciate your time and consideration. See you in a couple weeks.

Mr. Barron,

I know you are gathering more information on those 5 senator resolutions.

It is possible that in the next few days the state could make some decisions.

States and Counties across the country are taking precautions to protect the most vulnerable.

**Governor DeSantis also advised that polling locations inside nursing homes or other living facilities be available to only the residents there, as outside visitors could become a risk.** The Volusia County Supervisor of Elections actually already moved one location because it is an assisted living facility. The official said that the Good Samaritan Society - Florida Lutheran is moving those that come into the facility and will no longer be a polling location. They will move to the Wayne G. Sanborn Activities Center for the election.

**Subject:** Early Vote and Election Day Concerns

Leaders:

In all the years I have served on the BRE, we have asked but never received actual or contingency plans for Early Voting and Election Day. Every time there are emergencies at a polling place, productivity simply stops, delays occur and excuses are proffered. This happened in 2012, 2016 and now 2020. The pandemic worsened the problem but is not the cause of the problems experienced during EV. We owe the electorate much more.

Parenthetically, I recall being advised that a FCBRE bylaw empowers him as the Elections Superintendent for the county and that he may act outside the purview of the BRE. This is not only based on a gross misinterpretation of a SEB rule that says that local BREs (who are the actual county Elections Superintendents/Registrars) can hire a staff member to fulfill the duties of Elections Superintendent. It was misconstrued by our counsel and Charles that the bylaw allows Rick to supplant the BRE. An example of this behavior occurred this election when Rick upon advised of course made changes to over 40 Election Day polls and not cited those changes in the legal organ without the BRE's knowledge nor approval. Despite my best efforts, I could not convince the Director, our counsel nor Charles that this should not have happened and is not in the best interest of the electorate. I also could not convince them that BRE members have influence in the races and communities and could have worked with the DRE to get keep more polls opened. On Tuesday, there will be thousands of Fulton County voters who will show up to a closed poll. The household letters sent to impacted voters look a lot like junk mail and will be missed by many. Since Rick's lengthy response to Mr. Johnson's email below doesn't mention any plans, actual nor contingent, to prevent a recurrence of the problems we saw during EV on Election Day, I can only pray for the best outcome for Fulton County voters.

**Subject:** RE: 6 Hours to Vote

Aaron:

I appreciate your email. I know that I have to do better and that the staff has to do better. I'm unhappy with several things that have happened. We have much room for improvements and conversation.

We asked the county for at least 164 extra staff for Tuesday to have at least one person at each location that can provide voters out of line and process them. We have 90 people lined up, 2 per odd location, to sit at odd locations to send to the new locations. We have had 45 polling place changes, and have 34 fewer polling locations. We have a most 100 technicians assigned to the 164 locations to add with scanner and equipment issues, and those folks can help, as so, to process voters. We are going to instruct poll managers that if voters are wearing masks that they need to put voters next to each other in voting booths without regard to six feet of distance, if they have a line. Happy Faces has recruited 30 spare EDay workers for us to assign. We have more than 1000 poll workers currently, but we are losing workers daily, and in some instances entire precinct teams. We lost one poll manager to COVID yesterday. Johnny and his team are very worried about no shows on Tuesday. No shows have never been an issue for us. We are sending the BMDs used in early voting out to the locations tomorrow to reinforce BMDs at each location. We are asking Happy Faces and Corporate Temps to recruit more people for us.

Many decisions regarding staffing and sites were made at the height of concern regarding the pandemic and social distancing. The most productive site in week three, Garden Hills, had the fewest staff and processors, five total staff. The poll managers and the teamwork has much to do with the success of the polling location. We need to replicate Garden Hills staff countywide. For example, Garden Hills processed 1100 voters on Friday and were done before 11 PM, with only 2.5 processors, as CT Martin had five processors and three times the number of BMDs and saw 955 voters. CT Martin finished minutes after Garden Hills. College Park had one more staff member on Friday than Garden Hills, processed half the voters (545) with the same number of BMDs and 3

check in clerks. Staffing Coege Park and Roswell for week three was difficult because six of seven former early voting workers had said no to working early voting this election. Still, Roswell finished at 9 PM and processed 832 voters. Even with doubling daily hazard pay to \$150 we received declines for workers on Friday.

Happy Faces has given Ralph 40 extra people to process absentee by mail Monday and Tuesday, in addition to the 171 the County is sending to GWCC.

With regard to improvements between weeks one and three in early voting, the staff is ongoing. We added three sites and increased hours from 9-4:30 to 7-7 by week three's start. We added check-in stations at CT Marten, South Annex and Aphareta. At those three sites we expanded into other rooms, too. We added extra BMDs at a lot of the original five locations. We ensured the line managers were working the lines. We sent tents, water and chairs out to every site on the final day. When it was reported that library branch managers refused to let the lines move inside during poor weather, we corrected that situation immediately. One aspect of expansion that was difficult is that six of every seven early voting workers that we asked to work turned us down for COVID concerns. Most of our best people sat this election out. Two of the check-in clerks at Coege Park Blake described as doing more harm than good, which is why we sent two of our office staff to improve service there. On Friday we transferred those two staff to CT Marten and brought one of the four workers we lost to fevers back to work at Coege Park.

Last Sunday we nearly lost a quarter of our early voting staff because they were worried about exposure to COVID with hours being expanded to 7-7. Many expressed that they had signed up for 9-4:30 and that we had expanded to 7-4:30 and then to 7-7 without regard to the health. We had to add \$50 per day to the hazard pay to keep from losing our workforce. Hazard pay was increased from \$34 per day on top of hourly rates the first two weeks to \$84 per day in week three to \$150 on the final day of early voting in a last ditch attempt to attract former experienced staff.

Blake and Sharon made sure all line workers were offered water and reminding people that those 75 and up could move to the front of the line. I spent the bulk of week three ensuring we were processing incoming ballot by mail, getting mail opened, verified and then scanned for Election Day. I wanted to be sure we sent ballot by mail to voters once it became our responsibility. The weakness this election was processing email applications. Therefore, I let Blake and Sharon handle early voting as I tried to concentrate on aspects of the office, including ballot by mail, which had caused many of our issues.

I have attached the final EV results, as well as AB stats. In addition to ballots received, we received an additional 14 trays of ballots this afternoon, which could hold another 7,000 ballots. We have scanned 13,000 ballots, will scan more tomorrow, and move into GWCC at 5:30 tomorrow night. We have verified most of the ballots we have entered credit for voting. Once credits given they are verified and then opened for scanning.

We have more than 210 people ready to work for us at GWCC Monday and Tuesday. That's approximately four to five times the normal number of workers for absentee by mail.

Many sites will receive tents and water on Tuesday.

Rock

Subject: 6 Hours to Vote

Rock,

As much as I had hoped that we would not be in this position, my phone buzzing at 1:00am last night and then beginning at 6:50am reiterated that we are.

While I'm exhausted from yesterday, I know we have to be fully prepared for Tuesday. We have not been fully prepared thus far. We've heard excuse after excuse as to why we can't do better and we can't have that Tuesday.

I had the opportunity to visit a few sites yesterday and what I saw was encouraging and depressing. Encouraging because people had an extra sense of pride in voting and even through the ongoing waits, rain and heat, most people would not be moved.

Depressed because voters had to wait in lines from 2 to 6 hours to vote. Voters at the Coege Park library reported standing in line at 1:00am. The County Attorney and the Chief Operating Officer leaving their homes to help voters get through the line. Voters standing in line in the pouring rain when the facility was open for them, but nobody helped them. The Chairman and the County Manager going from site to site doing whatever they can to make sure facilities had what they needed and the constant refrain "Where's Rock" rings with no answer.

Seeing the same problems from week #1 not corrected by week #3, but we're expected to believe that Tuesday will be fine. Knowing that repeated warnings about turnout and the mistrust in the absentee by mail system seemed to be heard, but not truly believed.

We can't have a repeat of yesterday (Friday) on Tuesday. Friday was an Epic Fail! We knew what the lines would be like. We knew the word was watching Fulton County and with voters in line from 7:00pm to 1:00am, we gave everyone just what they expected.

We can't hear, or rely on, "Things will be better Tuesday, because we'll have more sites." With the social unrest following the George Floyd incident combined with the current political climate, turnout will be high! Not to mention that the Governor has lifted Covid-19

restrictions. People will be out.

We need to do better!

1. More check-in processors are needed. Half of the BMDs were standing unused because people were not being processed fast enough. 200 people in line, but machines go unused. C.T. Martin had 5 processors when they should have had 8 to 10.
2. There needs to be a serious conversation with staff. Simple things can help make people's time in line seem palatable. Smiling, letting them know chairs and water is available, letting sensors and disabled know they can move up in the line. Our customer service needs to improve drastically.
3. Leadership needs to visit problematic sites. It's always one thing to hear about issues, but unless you are there to see it and potentially help with the problems, staff will continue to do the same thing.

There's so much more to say. I'm sure other board members have thoughts, but after hearing from State Reps, State Senators, Commissioners, City Council members and seeing the reports on the news and the AJC, we have to do better. You have to do better.

Aaron Johnson

Sara,

As a follow up to Andrea's phone call after leaving the library, I went to the Apharettalibrary to vote around 1pm today.

I was the only one there to vote and it took the gentleman 7 minutes to find my name holding my drivers license.

I voted and turned in my card. I was not asked to do a survey.

My question: how can we process a line of voters without losing them and the r vote due to the r time/work restraints if it takes 7 minutes to check 1 person in?

A so In follow up: what happened to our NF people registering to be a poll workers? Out of 14-18 people, no one was ever contacted to take the training to be a poll worker.

Can you possibly tell me who I can contact to find out about what happened to the online forms and the r status?

Vernetta, I'm copying you as follow up to our conversation at the last Fulton County meeting.

I wanted to share my experience with early voting this morning:

Just after 9am today-Tuesday October 29th, I went to the Apharettapublic library so I could cast my vote for the 2019 Apharettamunicipalelection. I was the only voter there at the time and after inquiring about how early voting was going, I was told they had 2 people vote earlier that morning at this location. I handed my current drivers license with correct information to one of the 3 workers behind the table and waited while my information was typed into the system. After about 4 minutes this gentleman prints a paper, my voting information and hands it to me to verify, nta and sign. The name on the paper was not my own. The woman on the paper was not

me but a woman named Crysta Westfield. I alerted the worker to the issue - it was obvious they didn't know how the mistake occurred or how to keep it from happening again. I was passed to another worker who typed in my information, printed my voter info sheet-correct this time- which I then signed and initialed.

After using the voting machine I went to a different worker at a separate table by the exit and handed in my yellow voting card. In return I was handed a survey. The worker mumbled something about filling out the form. As I was filling out the form this worker commented on my wedding ring (I thanked him) and started asking me about his own pregnancy, again mumbling/difficult to understand "Do I know what stone this is -can he put more stones in it..." I am not a jeweler. I got the impression that maybe he had a slight impairment of some sort. I finished my survey, handed it to him and left.

As I was leaving there was another elderly voting worker by the front doors and I thought I should share my experience with her about being given the wrong name/information. As I finished talking and was turning to leave the worker I had given my survey to came out and said I needed to return to the polling room to put the survey in the box-that he could not do it for me. Again-he was hard to understand. I returned to put my survey in the correct receptacle and left.

If I had been less informed, less aware, less honest I could've voted twice and negated Crysta's original vote.

Please let me know if you have any questions or if I can help in any way.

Thank you

Great to chat with you as always. Listed below are the concerns I expressed about the delivery process after close out.

1. There are risks to having memory cards delivered by two team members (runners) driving in the same vehicle.
  - a. If an unforeseen event occurs, such as an accident or other unfortunate mishap, delivery will be delayed or even denied. Importance of the items is diminished when two members are assigned to the same vehicle. (25 years of military service taught me to eliminate risks by separating personnel who are performing such important tasks.)
  - b. The present environmental change (COVID-19) exposes both members to risk for potential illness or even death if one member has an undiagnosed case of this disease.
  - c. An additional burden is created for the runners who have to drive back to an often unsecured parking area to retrieve a vehicle. Check-in centers are not located close to many precincts.
2. Some precincts use very organized and efficient close-out methods that make it possible for managers and assistant managers to leave the precincts in time to arrive at the check-in centers at approximately the same time as the runners. Large precincts may need to use advance runners.

Dear BRE:

Here are the results.

I spoke with Mary Caro Cooney regarding some confusion about the results report I provided the last meeting. In addition, I want to explain the figures that I provide on the night of the election at the meeting.

1. When I give an Election Day count at the BRE meeting that night, it is a cumulative result of check-ins at the polling places over an hour-long period in the late afternoon. The calls are made to precincts. Only the precincts in which we make contact during that hour are included in that total. It is a rough estimate of check-ins. We have no capability with this system to see check-ins live. If you share this information it could be off by thousands or ten of thousands depending upon the size of the election. It is meant to be informational at the meeting, but a figure that is far less than exact.
2. Absentee by mail figures on EDay that we give are ballots scanned in the afternoon on EDay.
3. Provisions ballot figures given at the election night meeting are a snapshot in the same vein as item #1 above. A research on EV and EDay provisions ballots begins on Thursday after Election Day. Those ballots are scanned after the research is done, which happened on Monday of this week.
4. Derrick worked with Domonon and the Center for Election System at the SOS to integrate voter registration totals into our primary reports, but CES told us repeatedly that they would make less sense without VR totals. You will see a VR total on the SOVC report, along with a turnout percentage. It is more clear now, as was my request to get overvotes and undervotes added to the totals.

Believe it or not we are on the same side here. However, no Board of Elections can give its power solely to the Elections Supervisor mainly because the Elections Superintendent(s) are tasked with managing and evaluating the Elections Supervisor. Yes Sir, you can serve as our delegate when negotiating municipal and other contracts in preparation for BRE approval but moving, consolidating, closing or noticing polls without the BRE's approval is at best unethical and at worst illegal. Sir, you have been relying on extremely bad legal advice and by doing so, you may have placed yourself and the BRE in an uncompromising position.

So you and Ms. Ringer know the reason why the law references the elections superintendent as a "person" in places and a "body" in other places is because some Georgia counties use probate judges as their elections superintendent and those counties have a separate Board of Registrars. Unlike in Fulton County where we have a combined Board of Registration and Elections, the role of the Board of Elections is clearly defined in the statute and is not subject to interpretation. The county attorneys should know this.

spoke to Mary Carole today about this and agreed to table this matter until a later date.

Good Day,

The roles are clearly written in the law. The Board of Registration and Elections are the Superintendents and Registrars for Fulton County. No county by-law supersedes the state statute. I know that the Chair admitted in an open board meeting that she believes that the Elections by-laws should be regularly amended. I don't agree.

Ms. Nuriddin,

I have made no decision for the BRE. I have noted that the statute conflicts in that in some places it refers to the Superintendent as a person and in other places as a body. However, we did discover that the BRE's by-laws designate Mr. Barron as the Superintendent.

Director Barron

Gentle note that you are not the Elections Superintendent for Fulton County If Mary Carole and Cheryl told you that you are Elections Superintendent they are both misinformed Your statutory title is Elections Supervisor regardless of any self-imposed title You nor Mary Carole nor Cheryl has unilateral authority to finalize any decision about polls in Fulton The expectation is that the BRE continues to blindly approve decisions that the 3 of you make behind closed doors Its unethical and may be illegal

Please provide a complete list of polls that you have consolidated to the BRE

Dear BRE

I have written a timeline of our ballot by mail processing in order for you to have it on hand if you receive questions Please refrain from sharing this email outside of the BRE except to relay it orally I am sharing this to give you information that you need to answer questions

We have lost 30 polling locations since the March election I have okayed the consolidations from the losses as the Superintendent after speaking with Mary Carole and Cheryl Ringer We are under emergency conditions and with the need to make the database final by the end of business today in order to start L&A and inform voters of the changes in their polling locations I have had to approve the changes Polling places have been dropping by the day the last week and a half We will brief the BRE at the next meeting We will post all changes in the Daily Report and we will give a full briefing at the next meeting

1 We started receiving ballot by mail applications at the beginning of April We would open one to two bins per day but then two to three would arrive on some days On April 9th we received a call from USPS informing us that we had 96 trays of mail or four bins

2 Beverly died on Thursday April 9th No one worked on mail on the afternoon of the 9th or on April 10th

3 We received the mail on the 13th and began processing eight bins of mail From the 13th - 20th we had nine staff opening and processing mail

4 Our offices were closed for decontamination April 16-19

4 The County provided us with 30 people on the 21st whom we trained for opening mail Between 12-26 showed up each day We alerted the County that many the workers from the other departments were failing to show for work each day The County informed them that it was required for them to work each day or they would receive no administrative pay or even terminated On the 4th of May the County recruited more workers for us to enter applications We currently have 30 full time workers processing applications and another six doing it part-time

5 By the 27th we had opened all of the mail in our possession

6 On the 27th Caryn distributed 1400 batches totaling 70 000 applications for processing As of this afternoon we have processed 56 000 That is about 4 000 fewer applications than Gwinnett County but far less than Cobb and DeKalb counties We have had about seven fewer processing days than the three other major metro counties which would have had us close the gap on DeKalb and Cobb counties Our county has remained closed and seems to have been more concerned with social distancing restrictions than other counties

7 We have 360 batches or 18 000 applications remaining for distribution to process Ralph and Caryn agree that by Tuesday 12th of May we should be caught up with by mail applications that will total approximately 88 000 We received no mail today People are working weekends on applications as well

8 We have begun to distribute email and fax applications Many of those are duplicates but we are unsure how many Some have emailed and mailed their applications Others emailed their application multiple times in order to be sure we received it We have approximately 20 000 email and fax applications to process

9 We have had a multitude of printer issues with the email and fax applications because people have sent them in mov files hvec files jpeg files and pdf files and other file formats from other cell phones tablets and scanners T is helping Ralph with that in addition the number of emails that we have received have made it difficult for many staff to access their emails T is working on that matter

10 With regard to rejected applications Ralph and Caryn feel that other counties may be underreporting rejections We have had more than 200 rejected applications because they are from other counties The other reasons we reject applications are for missing signature and failing to choose a party if the voter fails to answer our phone call to choose a party we mail the rejection notice and ballot to the voter if a signature is missing we mail the application to the voter with a rejection letter

11 With regard to rejected applications Ralph and Caryn feel that other counties may be underreporting rejections We have had more than 200 rejected applications because they are for other counties We have mailed those applications to other counties for dispensation The other reasons we reject applications are for missing signature and failing to choose a party if the voter fails to answer our phone call to choose a party we mail the rejection notice and ballot to the voter if a signature is missing we mail the application to the voter with a rejection letter

12 We have approximately 400 duplicate applications already

We have reserved space at the Georgia World Congress Center for Election Day to process ballot by mail We will move in on Sunday 7 June and move out on 10 June

Director Barron:

Thank you for your continued efforts with regards to AB by Mail process. I am still getting reports that Fulton County voters' AB by Mail status is not updated for applications sent by email and paper back in early April. Last night, I told a civic leader that Fulton has caught up with AB by Mail applications. She said she has been working with the DRE a week to get the status of voters who reached out to her organization for help weeks ago. Those voters have not seen a status change and the re-applications still not showing up as received by the county on MVP. The only thing I can say was what I was told by the DRE.

I want to fully support the DRE. You tie our hands when you make public statements where you are looking up in the air reporting numbers and not down at a date-stamped tangible report. The moment the reporter asked you yesterday about how could you know for sure if an email application was processed, your response should have been I am looking at a report right here which lists how many applications AB by Mail were mailed to voters, how many were returned undeliverable, received by paper, email or fax, how many processed and rejected. The report should also reflect the number of ABs mailed, received and rejected. This report can be easily created anytime in ElectionNet. This information should automatically come to the BRE.

Remember that the AB by Mail status is public record. I implore you to work with the BRE so that we may better support the department. Thank you for your time.

Good Day:

Thank you for your email. The staff completed with your Application for an Official Absentee Ballot as completed. You indicated by checking the OST box that you are a temporary overseas resident. Since only UOCAVA voters may receive ballots electronically, you are not eligible to receive the absentee ballot via this method. Moving forward, if you are an UOCAVA voter please indicate that by checking the appropriate box on the Application for an Official Absentee Ballot.

Moreover, since you did not provide your temporary overseas address where indicated on the form, our staff correctly mailed your ballot to your local address here in Fulton County.

Last year, please only check one (1) box indicating why you are requesting an Absentee Ballot, on the Application attached you selected two boxes, one box that you are over 65 and the other box stating that you are a temporary overseas resident. Filling this form out incorrectly could delay or prevent processing.

Thank you for reaching out and hopefully this information helps you as Georgia prepares for the Presidential Preference Primary in March 2020. Good luck!

Dear Sante Askn and members of the Fulton County Board of Registration and Elections

Once again I am writing to you concerning my request for an ELECTRONIC absentee ballot. I have requested this ELECTRONIC ballot numerous times since the original request in September (attached) before I left the country. The paper ballot sent to my home cannot be used as I AM IN BRAZIL until December. Please comply with my request for an ELECTRONIC ballot so I can vote on Tuesday.

**Subject:** RE: ABSENTEE BALLOT APPLICATION

Dear Sante Askn.

As I indicated in my original requests back in September for an absentee ballot, I am moving out of the country and will be here until December. You will note that I checked that category on the application. That entitles me to an electronic ballot. The paper ballot you sent to my house is not acceptable. I cannot use it. You cannot just decide that my right to vote be denied simply because you "did not issue electronic ballots this calendar year". You must issue the electronic ballot for me because that is the only means by which I can vote. This is not your decision to make. Your duty is to serve the citizens of the county according to the voting regulations. Please issue the requested electronic ballot that I requested so that I may participate in the municipal elections as requested. Thank you for your timely response to my request so that I can exercise my rights as a citizen.

I was going to send the email below to you but remembered about Covid-19 right before I hit sent. It's still a good idea. If you think it's doable let me know.

ORIGINAL EMAIL-I invite you to consider a Family Voting Day at the Arena perhaps the last Saturday voting day. I don't want to add to anyone's plate so I can definitely volunteer as we can arrange for volunteers to assist your outreach team if you agree.

Either way, I wanted you to see the attached photos of how I have partnered with the FCDRE in the past to facilitate and promote the day. Ms. McCoud did an outstanding job preparing the space for the families with demonstrations, decorations, voting-centered coloring books, activity sheets, pencils, tchotchkes etc. Over 200 families participated during that day at CT Mart.

I snapped a few photos of children and families participating in the demonstrations. My son Isaac, 4 at the time, has on his karate gi. Former Elections Supervisor Barry Garner is the man wearing red shirt. Gosh, that was 10 years ago. It was a super fun day.

Director Barron:

Gentle note that you are not the Elections Superintendent for Fulton County. If Mary Carole and Cheryl told you that you are Elections Superintendent, they are both misinformed. Your statutory title is Elections Supervisor regardless of any self-imposed title. You nor Mary Carole nor Cheryl has unilateral authority to finalize any decision about polls in Fulton. The expectation is that the BRE continues to blindly approve decisions that the 3 of you make behind closed doors. Its unethical and may be illegal.

Please provide a complete list of polls that you have consolidated to the BRE.

Dear BRE:

I have written a timeline of our ballot by mail processing in order for you to have it on hand if you receive questions. Please refrain from sharing this email outside of the BRE, except to relay it orally. I am sharing this to give you information that you need to answer questions.

We have lost 30 polling locations since the March election. I have okayed the consolidations from the losses as the Superintendent after speaking with Mary Carole and Cheryl Ringer. We are under emergency conditions and with the need to make the database final by the end of business today in order to start L&A and inform voters of the changes in their polling locations I have had to approve the changes. Polling places have been dropping by the day the last week and a half. We will brief the BRE at the next meeting. We will post all changes in the Daily Report and we will give a full briefing at the next meeting.

1. We started receiving ballot by mail applications at the beginning of April. We would open one to two bins per day, but then two to three would arrive on some days. On April 9th we received a call from USPS informing us that we had 96 trays of mail or four bins.
2. Beverly died on Thursday, April 9th. No one worked on mail on the afternoon of the 9th or on April 10th.
3. We received the mail on the 13th and began processing eight bins of mail. From the 13th 20th we had nine staff opening and processing mail.
4. Our offices were closed for decontamination April 16 19.
4. The County provided us with 30 people on the 21st, whom we trained, for opening mail. Between 12 26 showed up each day. We alerted the County that many the workers from the other departments were failing to show for work each day. The County informed them that it was required for them to work each day or they would receive no administrative pay or even terminated. On the 4th of May the County recruited more workers for us to enter applications. We currently have 30 full time workers processing applications and another six doing it part time.
5. By the 27th we had opened all of the mail in our possession.
6. On the 27th Caryn distributed 1400 batches, totaling 70,000 applications for processing. As of this afternoon we have processed 56,000. That is about 4,000 fewer applications than Gwinnett County, but far less than Cobb and DeKalb counties. We have had about seven fewer processing days than the three other major metro counties, which would have had us close the gap on DeKalb and Cobb counties. Our county has remained closed and seems to have been more concerned with social distancing restrictions than other counties.
7. We have 360 batches or 18,000 applications remaining for distribution to process. Ralph and Caryn agree that by Tuesday 12th of May we should be caught up with by mail applications that will total approximately 88,000. We received no mail today. People are working weekends on applications, as well.
8. We have begun to distribute email and fax applications. Many of those are duplicates, but we are unsure how many. Some have emailed and mailed their applications. Others emailed their application multiple times in order to be sure we received it. We have approximately 20,000 email and fax applications to process.
9. We have had a multitude of printer issues with the email and fax applications because people have sent them in .mov files, .hvec files, .jpeg files and .pdf files, and other file formats from other cell phones, tablets and scanners. IT is helping Ralph with that. In addition, the number of emails that we have received have made it difficult for many staff to access their emails. IT is working on that matter.
10. With regard to rejected applications Ralph and Caryn feel that other counties may be underreporting rejections. We have had more than 200 rejected applications because they are from other counties. The other reasons we reject applications are for missing signature and failing to choose a party. If the voter fails to answer our phone call to choose a party, we mail the rejection notice and ballot to the voter. If a signature is missing we mail the application to the voter with a rejection letter.
11. With regard to rejected applications Ralph and Caryn feel that other counties may be underreporting rejections. We have had more than 200 rejected applications because they are for other counties. We have mailed those applications to other counties for dispensation. The other reasons we reject applications are for missing signature and failing to choose a party. If the voter fails to answer our phone call to choose a party, we mail the rejection notice and ballot to the voter. If a signature is missing we mail the application to the voter with a rejection letter.
12. We have approximately 400 duplicate applications already.

We have reserved space at the Georgia World Congress Center for Election Day to process ballot by mail. We will move in on Sunday 7 June and move out on 10 June.

Aaron:

Great job on representing the FCBRE on Thursday at the Fulton County Democrats virtual meeting. Gentle note: Please ask the Fulton County Democrats leadership to please **reconsider** using AJC.com or Mark Nessen as the information source for Fulton County or Georgia. Mark's a nice guy but the two articles below that reference elections don't contain nearly all the information that voters need to know and the SOS sums that up in a one pager. See Press Release and Election Timeline attached.

I have attached for your convenience a .pdf of Sec. Raffensperger's April 9th Press Release which explains the June 9th Election decisions, Voter Registration Deadlines, Status of existing Absentee Ballot Requests and new Absentee Ballot issue dates. The press release speaks hands down much better than either of Mark's articles. I apologize if I am overstepping but I'd rather get information from the SOS and FCDRE's designated to Fulton's electorate than any newspaper article. Again, I apologize for any imposition. Take care and good luck on Thursday.

# RAFFENSPERGER ANNOUNCES POSTPONEMENT OF PRIMARY ELECTION UNTIL JUNE 9

(ATLANTA) Today, Secretary of State Brad Raffensperger announced that, pursuant to the authority vested in him by O.C.G.A. § 21-2-50.1, he is postponing the Statewide General Primary/Residential Preference Primary Election until June 9, 2020.

Yesterday, Governor Brian Kemp extended the current public health state of emergency until May 13, 2020. Earlier today, Governor Geoff Duncan and Speaker of the House David Ralston concurred in the Governor's extension of the state of emergency.

"Due to the Governor's extension of the state of emergency through a time period that includes almost every day of in-person voting or an election on May 19, and after careful consideration, I am now comfortable exercising the authority vested in me by Georgia law to postpone the primary election until June 9," said Secretary Raffensperger. "This decision allows our office and county election officials to continue to put in place contingency plans to ensure that voting can be safe and secure when in-person voting begins and prioritizes the health and safety of voters, county election officials, and poll workers."

Throughout this crisis, the Secretary of State's office has been in close contact with county election officials across the state. Over the past week, he reports mounting difficulties from county election officials, particularly in Southwestern Georgia, grew to a point where county election officials could no longer overcome the challenges brought on by COVID-19 in-person voting to begin on April 27. Additionally, current modeling by the U.S. Centers for Disease Control and Prevention and by the Institute of Health Metrics and Evaluation projects the COVID-19 pandemic in Georgia will peak around April 24, only days before in-person voting was scheduled to begin. While challenges will certainly remain on June 9, these additional three weeks will give the Secretary of State's office and counties time to shore up contingency plans, find and train additional poll workers, and procure supplies and equipment necessary to clean equipment and protect poll workers.

"Emergency authority is something that should be exercised carefully, and moving an election should only take place in the rarest of circumstances. While Secretary Raffensperger previously expressed concern that he did not have the authority to move the primary election again, the Governor's extension of the state of emergency at a time that includes almost every day of in-person voting or a May 19 election is sufficient to allow the Secretary to exercise the emergency authority given to him by O.C.G.A. § 21-2-50.1 and move the primary election to June 9.

"I can only realize that every difficulty will not be completely solved by the time in-person voting begins on the June 9 election, but elections must happen even in less than ideal circumstances," said Raffensperger. "Just like our brave healthcare workers and first responders, our county election officials and poll workers are undertaking work critical to our democracy, and they will continue to do their critical work with all the challenges that the current crisis has brought on. This postponement allows us to provide additional protection and safety resources to county election officials, poll workers, and voters while awaiting the November election."

The voter registration deadline for the June 9, 2020 election will be May 11, 2020. Early voting will begin on May 18, 2020. Pursuant to O.C.G.A. § 21-2-501, moving the primary election to June 9, 2020 will move the primary runoff to August 11, 2020. Pushing back the primary to June 9 gives Georgia election officials additional time to put in place contingency plans to allow for safe and secure voting, but pushing back the primary election anywhere could potentially have negative consequences on preparation for the November 3, 2020 General Election. Given existing deadlines to prepare and send ballots for the November election, particularly for military voters, moving forward on June 9 is the best way to ensure a successful election year in Georgia.

Absentee ballot applications for the upcoming primary election will continue to be accepted and processed by counties even if the application is dated May 19. Once county election officials properly verify the signature on the application, the voter will be sent an absentee ballot for the primary election to be held on June 9.

**Subject:** absentee by mail and provisions

I just received word from DeKalb and Gwinnett that they each have approximately 55,000 absentee by mail to scan for this election and they are also starting voting credentialed for several thousand, which occurs before verification. They will be scanning through the weekend. Macon-Bibb has been unable to scan 50% of its ballots successfully because of the new system's issues.

We have approximately 1,000 timely ballots from the drop boxes for June that we are scanning today to which we have given credit for voting and verified. In addition, ballots that failed to read in the scanners that the duplicate on teams fixed are being scanned right now.

We are going to begin scanning March's PPP absentee ballots today once Dominion programs the scanners to accept them.

Next Friday's certification gives us more time for provisions. We have 21 precincts on which we are awaiting the provision bags. Two of those have been picked up today and are en route to the warehouse. The other nine have not been picked up, yet, some of which are scheduled for Monday pickup. We are going to scan all of the provisions once we have them all here rather than doing it piecemeal. We have more time now that certification is next Friday.

We received 1,083 ballots by mail that were unmet.

Dear BRE:

I want to update you on the Department of External Affairs before the BRE meeting. They are down four people, three to departures and one to surgery, and also the new website's the responsibility. The rollout of the new website was supposed to debut near the end of August. It's currently 6-7 weeks behind schedule. This week was supposed to see the rollout to the departments in an offline manner, but nothing's going according to plan with the vendor. Interns from Georgia State are doing much of the heavy lifting now.

April's departure one month ago has impacted us. Service from the office will return to form, but right now we are exercising patience as they try to hire replacements and finish the website.

Regards,  
Rick

**Subject:** Fulton County Ga- Sept 2019 Unapproved Minutes-Amendment on Page 5

Good Day:

Gentle note that on page 5, there is a bit of missing information. Please see highlighted excerpt below. Unfortunately, I wasn't able to find the video stream of this meeting to support either my version or your Chair's version of the meeting below. Please include Director Barron's statement that he could not bring the rejected ballots to the board meeting because of safety reasons. Mr. Jones did not dispute Mr. Barron's statement nor Mr. Jones did not mention nor provide for review any rejected application for AB nor rejected Absentee Ballots during nor after the September Board meeting. Parenthetically, these documents were not made available prior nor during the subsequent Certification Meeting for the Sept 17th elections.

After the meeting, I did ask Mr. Jones how I could see the rejected AB, he informed that I can come back to the department. I asked him if I should send him an email or call, he insisted that I would not be meeting with him and gave me a name of one of his clerks whom I was unfamiliar. In the past, the chair has been quite honest about her belief that she has autonomy to modify the minutes at will, I think that her summarization below may have unintentionally misrepresented the facts.

Ms. Nuriddin expressed a previous request made to Mr. Barron to inform Mr. Jones to present the Voter Registration rejected Absentee Application for examination. Mr. Jones mentioned the documents are available for review

Madam Chair, I respectfully submit the below amendment to the September Minutes.

Ms. Nuriddin expressed a previous request made to Mr. Barron to inform Mr. Jones to present the Voter Registration rejected Absentee Applications for Absentee Ballots as well as any rejected Absentee Ballots for examination. Mr. Jones mentioned the documents are available for review. Director Barron stated that because of safety reasons, the rejected AB were not made available for inspection at the Board meeting.

I apologize if I am speaking out of turn but the absentee ballot process is the fiduciary responsibility of this board. Further, the BRE is accountable and legally liable for this process. Thank you for considering amending the minutes as suggested. Also, please let this email serve as another request that all rejected applications for absentee ballots as well as a rejected absentee and provisional ballots be made available for inspection at every elections certification meeting of this Board. I do appreciate the one time that the rejected absentee ballots were made available to this board. During that time, we inspected many rejected ballots which appeared to have been written in the same handwriting. After that election, no other rejected ballots have been presented to this board for inspection. Thank you for your time.

p.s. The reason for my request is that during the September elections there were inconsistencies in the rejected AB ballots reported to the board and what appeared on the Absentee Ballot log downloaded from SOS state's office.

Gosh, I cannot tell you when and where Director Barron will provide for review the information I requested. He just said that he didn't want to bring the documents to the BOC Conference Room. He never said where or if he would provide the documents. Regarding reading the elections results at the BRE meeting, I only asked Mr. Barron to read the unofficial results because he didn't provide the results to the board prior to the meeting. He read to page 60 of 89 which only took about 10 minutes before you started texting asking that he be allowed to stop reading. 10 minutes! However, you voiced no concerns nor gave any direction to Mr. Barron when elderly and disabled voters stood in the hot sun and/or pouring rain for five hours to vote! Please see my request below again.

Please provide for review all rejected AB by Mail Applications, rejected Absentee Ballots and Rejected Provisional Ballots. In addition, please provide copies per poll the following:

Vernetta, I sent you two separate emails yesterday about two entirely separate matters. The first was about how we could accommodate your review of rejected ballots. The second was whether you would call for someone to read aloud the results of every contest and number of votes recorded for every candidate and ballot at the duration of our certification meeting, as you did last Thursday. Please let me know about your second request. I may suggest an alternative publication of results.

**Subject:** Mary Carole's Confusion about Rejected Ballots & Copies of Certain Recap Sheets

Good Day:

I am unsure of what Mary Carole is asking. Rick when you ask Mary Carole questions about this request, it only confuses her and makes my request seem unreasonable to her. The documents I requested should be made readily available to any County Elections Superintendent and County Registrar. The fact that you asked if I would certify the election first then review the requested documents was a bit unsettling. Also, I will not stop the certification if you are unable to fulfill my request or provide documents that I didn't request or simply ignore this request.

I think that my colleagues will probably continue to sign their names on anything placed in front of them even though I will not be able to continue the practice. I remain hopeful that county leaders will jumpstart the DRE and, if not already, it will start maintaining the appropriate Elections and Registration records that it is required to do by law. See you Friday at 9am. I will be in the Assembly Hall.

Please see my request below.

Please provide for review all rejected AB by Mail Applications, rejected Absentee Ballots and Rejected Provisional Ballots. In addition, please provide copies **per poll** the following:

- o Ballot Recap Sheet
- o Provisional Ballot Recap Sheet
- o Absentee Ballot Recap Sheet

Vernetta, This has a bearing on what's on the agenda and how much time we have. Are you going to ask that a staff person read every race and ballot in that vote result? I will, of course, ask that we get the official results in writing and in hand before the meeting, and those will be made part of the record. I got some blowback on Thursday about that. Mary Carole

Good Day:

I maintain that Director Barron cannot lawfully serve as both the Elections Supervisor and the Elections Superintendent for Fulton County as he alleges below and in an email sent to the BRE earlier this week.

Mr. Barron alleges that the county attorney Chery Ringer and the Elections Chair support his authority as both the Elections Supervisor and Elections Superintendent and that he alone can lawfully change, close or consolidate polls without the knowledge or approval of the entire board.

His decision to wait to share these poll changes with the entire board ensures that if the poll changes are not equitable, the BRE is powerless to do anything to resolve it. The entire BRE has been shepherding in place for weeks and we were available at a moment's notice to approve the poll changes he admits he made weeks ago.

Thank you for your time.

I have attached the change document for the polling places that I had to approve for the upcoming election. Of the 25 changes since the last BRE meeting on April 23rd, a majority of them are due to COVID concerns of one or the other. Blake, Nadene and Sharon will explain each one at the BRE meeting. The old and new locations are in one document. The changes are a ongoing in another one.

These changes had to be approved by me and made in order to notify voters as soon as possible, which is going to be very tight, and also in order for L&A to restart. We had to start it on Tuesday and then stop it and then restart it today once everything was made final.

We've lost more than 125 poll workers in the last two days, too, with more getting ready to back out. We will probably have about 1,000 poll workers to man our 168 sites, down from 198 that we had planned for March's election. We've had entire precinct teams quit because of COVID fears.

If more polling places drop, which is possible, we are going to have to move them to locations that can handle more than one polling place within the building with separate check-in and voting rooms. The database is set. It can no longer be altered.

**Subject:** Fulton County Pool Changes

Good Day Leaders:

I have been on BRE for four years and have reported my concerns to the Chair personally, in open BRE meetings, emails to the BRE, Mr. Barron, county attys, Chairman Potts, Mr. Barron's annual evaluation and in executive sessions to no avail. As so, I have not filed any official complaint with any agency regarding this matter.

To name a some of the concerns that I have addressed over the past four years...

- (1) Continued delays in processing voter registration applications and AB by mail and failure to improve any of these processes despite training the voter registration staff,
- (2) Refusal to provide for BRE review rejected Applications for Absentee Ballot, rejected AB by Mail and rejected Provisional ballots prior to every Elections Certification,
- (3) Blocking a USPS mail directed to the BRE,
- (4) Not cancelling and cancelling Logc and Accuracy testings as late as the day of testing,
- (5) Disregarding requests for an independent audit of DRE processes,
- (6) The investment of Raphael Jones' alleged 2017 malfeasance in which Mr. Barron's merely reported in a BRE meeting that his independent investigation on careered Mr. Jones without producing an investigator nor a tangible report,
- (7) His insistence that he is empowered by allegedly flawed 2014 BRE by-law which makes him both Elections Supervisor and the Elections Superintendent for the county and therefore can act independently of BRE regarding pool changes, closures and consolidations,
- (8) Allowng elected officials to influence pool locations with the most recent being the opening of Garden Hills ES as a June 9th pool which Mr. Barron states in an email to the BRE that he opened in response to a legislator. A legislator who happens to be Republican and a candidate on the June 9th ballot,
- (9) The lengthy continued excuses explaining away recurrent problems. Now, he has a long explanation for delays in processing AB by Mail despite the fact that Cobb and Gwinnett have processed twice as many AB by Mail apps to date than Fulton with a fifth of the staff as the DRE. It is the DRE's process causing the delays nothing more.

Further, Mr. Barron sent an email to this board many weeks ago stating that County Manager Dick Anderson agreed to provide the use of 800 county employees to assist Fulton with the elections which more than makes up for the loss of 125 pool workers. Plus, in a statewide elections official's call this week, State Elections Director Harvey urged all counties to reach out to his office if pool workers are an issue for them. No mention of either in Mr. Barron's response to my email last night. I maintain that Covid-19 is the reason why Mr. Barron should communicate MORE with the BRE not less.

Bottom line, I am here to represent the Democratic Party of Fulton County and I have an obligation to share my concerns with its leaders. Parenthetically, I am the only FCBRE member who has obtained the Georgia Elections Official certification and who has spent nearly 2 decades monitoring elections in Fulton County and throughout Georgia. My information is not based on conjecture. If my colleagues agree with Mr. Barron's assertion that he is in fact the Elections Superintendent and has the authority to change/close/consolidate pools without BRE knowledge, then God help us all. Thank you.

At the board meeting, you said that the FC portal would be what called a "modern-day telegraph" which would be the same as your department receiving a request or AB by mail. Further, that each request or AB which would then be printed and entered into ElectionNet. As long as you don't advise any voter in Fulton County to use any other portal other than the SOS portal, I am ok with whatever internal process you have developed to improve the process. You did get advice from the state to create a separate portal; it was only an attempt to help you manage your department.

Regarding the eud comment, I asked MCC directly; I believe that you and Secretary Ransberger could find a common ground to build a productive working relationship. She said no in my opinion; if you cannot work with the state elections officials, then you are working against Fulton County voters.

Very good.  
Did I understand correctly that you have or will have specific managers and appropriate staff to manage the 3 areas of AB applications to include direct mail in paper, fax and electronic portals? Is there a separate manager staff to manage the ballot fulfillment process? Once an application is accepted and approved, will the ballot mailing date be QID into N? And, will we have an AB application cut off date we will communicate to the voters?

It seems to me that—and perhaps others are trapped in terminology. You are calling this a portal, thus I am sizing that to the SOS portal version I am thinking what you are developing is a GUI that functionally provides for input management for the various forms you will receive AB applications and after ballot distribution, is this correct? Again, we should not get any email applications as we decided not to continue that practice and yes, voters must be pointed to the SOS portal.

On Wed, Sep 2, 2020 at 1:01 PM, Barron, Richard <Richard.Barron@ Fulton County Ga.gov> wrote

We have no need to advertise our portal. We will promote the SOS portal. Regardless, paper applications from third-party organizations will continue to go out and are being disseminated. Those are coming into our office outside of the SOS portal. This will allow us to track and process those applications.

We need not keep mechanisms that the desktop methods currently use or submissions on email. Our portal will allow voters to upload photos or her paper printout to us. It will allow us to scan paper applications through the mail into our system and to do the same with faxes. That will give us a central place from where we can process non-digital applications from a central spreadsheet with links to each application.

Without doing our own portal, we will be subject to various methods of submission without an easy tracking method. This simplifies the administrative aspect for us, the voters will know no difference when they fax or mail an application. In the future, it will allow us to add text updates to them once that future phase is completed.

Met with other counties this morning. They are all interested in the USDR portal that we are building because they are all in the same situation. Ballot by mail is here to stay in a major way. We have to adapt and have an intake method from which to easily process applications that we receive outside of the SOS portal.

must have missed the point that the SOS said to continue with our County portal. So you will communicate the SOS portal once? When what do you communicate, the Fulton portal? How do you not advertise the SOS portal? See this as another communication failure, confusion, duplicate processing, leading to voter outrage and another round of voter complaints. Perhaps what you are describing would be better named something other than portal or one recommend the SOS method given we're on 6 days from November.

You misunderstand the portal has zero to do with the SOS. We receive applications outside of the SOS portal and will continue in that way. The SOS recommended to us to continue to develop our own portal which have said in our meetings. Our volume outside of the portal will continue into the future because, as have stated, third party organizations send paper applications to voters. Until they do it with the SOS portal on there we will get paper applications back in one or three weeks. We plan to promote the SOS portal but we're doing it in one month after Voters reprocessed the purposes, again, is to make our department more organized in terms of how paper, fax and emailed applications are received and processed. We need a logical intake mechanism to receive these applications. Have no feud with the SOS.

Yes, we have a meeting scheduled with USPS soon. Pam was working with our liaison to schedule it.

Subject USPS

Several months ago the DR was working on a plan to be able to track the mailing of ABM ballots with the USPS. We were presented possible options with the envelope envelope window size and coding.

Are you working with USPS to manage the potential impact of AB applications and ballots for November?

Richard:

You remember Richard. We had reports of this after the Mid-term elections. One was a mom with a daughter studying abroad who made public comment about her daughter's ballot coming here to the former home address. Another was a man working overseas who complained in an email to this board of the same issue. Stateside, we have had numerous reports of college students and folks working temporarily in other states alleging that their ballots were sent to their permanent address and not their school or temporary addresses. I am pretty sure that the majority of those instances were due to voter error but since COVID-19 makes in-person voter education/outreach impossible, my goal is sending you the emails to hopefully mitigate any recurrences. The Request for ABs is 10x better than the old one and much easier to read.

Richard your department is going to have dozens of inexperienced workers processing tens of thousands of requests for AB next week. I pray that you consider my recommendation to include a process for verifying the destination address of a AB. I know a lot is going on right now and your job is not an easy one. I do appreciate what you do and I am truly sorry for the loss of Ms. Walker. Thanks.

I've never heard of UOCAVA voters receiving ballots here because those voters give us their overseas addresses. We mailed 50 UOCAVA ballots overseas on the 4th.

Richard:

I see that UOCAVA voters were mailed AB this week. In the past UOCAVA voters' ABs were mailed to their Fulton address when they actually lived overseas. Would you please check that none of those sent to UOCAVA voters went to their Fulton address?

It seems like a dumb question but overseas voters alleging that their AB was mailed to their US address has happened nearly every federal election. This is mainly due to voter error in completing the request but we must be so cautious when handling overseas requests for AB. Thanks.

DEAR VOTER:

**YOUR COUNTY BOARD OF REGISTRARS IS UPDATING ITS VOTER REGISTRATION LIST**

The attached confirmation notice has been sent in response to one of the following:

- 1) You have filed a change of address form with the U.S. Postal Service;
- 2) You have not voted or updated your voter registration in at least 3 years; or
- 3) Official election mail has been returned when sent to the address on your voter registration record.

**PLEASE NOTE:** This confirmation notice was sent to the current mailing address on your voter registration record. **The county you are currently registered in is shown in both the mailer portion of this notice and return portion of this notice.**

- (1) If you still live at the same address as shown on the current voter registration file, complete the attached card and return within 30 days.
- (2) If you have moved to an address within the county that is different from the address currently on file, complete the attached card and return within 30 days. A new precinct card will be mailed showing your new voting location.
- (3) If you have moved from the county in which you are currently registered to an address outside such county, please complete and return the form below within 30 days. If your new residence address is within Georgia but outside the county where you are currently registered, your voter registration file shall be transferred to the county of your new address. If your residence address is outside the State of Georgia, your name will be removed from the list of electors.

**(4) If you do not return the attached card within 30 days, you will be moved to an inactive status. Your voter registration will be canceled if you DO NOT update your voter registration or vote in an election up to and including the second November General Election held after you are placed on the inactive list.**

If you have questions, please contact your County Board of Registrars at the address shown on the outside of this mailer or the Secretary of State's office at 404-656-2871. Visit our website at [www.sos.ga.gov/elections](http://www.sos.ga.gov/elections) for information on elections and voter registration.

If you have moved out of state, please visit [www.eac.gov/voter\\_resources/contact\\_your\\_state.aspx](http://www.eac.gov/voter_resources/contact_your_state.aspx) to find out how to register to vote in your new state.

To confirm or update your voter registration information, please fill out the card below in ink.

**Subject:** Fulton Democrats issued NP Absentee Ballots

Director Barron and Fellow Board members:

I got an inquiry this morning that an FCBRE member has told voters that the SOS is to blame for the erroneous issuance of incorrect absentee ballots in Fulton. I was asked what was I going to do about it. I didn't throw my colleague nor the SOS under the bus but I did ask the individual to advise voters to reach out to Chief Jones to cancel any erroneous AB and to have correct AB issued. Further, that the DRE is working diligently to find source of error and to resolve. To date, only six voters have been confirmed to have received a NP AB instead of a Dem AB. When a voter believes that they are disenfranchised, they only want to hear resolutions and not, "It's not our fault!"

The purpose of this email is to get support that nurtures a positive relationship with the state elections office which I believe we need. I do not support the continued divisive dialogue publicly nor behind closed doors. Thank you for your time.

Good Day Leaders:

Just received this. See below. This is a report generated from the massive SOS file maintained by the State Elections office this morning. Rick on the reports you sent me this morning which were a bit ambiguous, it states that less than 100 ballots total were rejected. On this report it shows that 115 Absentee Ballots alone were returned by USPS to the county as undeliverable. That figure is not present in your reports.

See attached and see below.

Please see attached Democratic voter unawfully (for lack of better word) purged from voting rolls. She said DRE told her to disregard. She is not confident that if she goes to vote on ED that she would be allowed to vote.

How many voters were purged in Fulton? Please forward purge list that Ralph sent to voters board as soon as possible.

**Subject:** Executive session minutes--Addendum to Executive Session Minutes.

Please insert the highlighted below at the end of your Executive Minutes...

Madam Chair called an executive session to discuss the issues raised in my email and never once did she intend on addressing any person's concerns during May the 14th executive session. She showed frustration regarding the recipients of my email and believed that she must write a letter addressing the email's recipients. *The entire executive session was out of order.* When I attempted to discuss the availability of county workers for use in the June 9th election with Mr. Barron, Ms. Ringer insisted on answering for Mr. Barron. She became combative and began interrogating me. I am not sure why and honestly I don't care. I did not entertain Ms. Ringer's interrogatories. When I attempted to ask Mr. Barron a question about his lack of communication regarding policy changes for the June 9th elections, Madam Chair interrupted me. Ms. Cooney did not call this executive session to address any person's concerns. Although the attorneys were on the line, no one stopped this insane effort to undermine an email.

Secondly, Madam Chair and at least one other board member denied any knowledge of individual, civic, lawyers, civic groups, auxiliaries, political parties and local governments use of USPS to communicate with the FCBRE. Madam Chair seemed totally confused about the topic altogether. She stated that, in her capacity as Chair or personally, she never expected to receive USPS mail from the public, the electorate or any civic entity sent USPS to the board's physical address of record. Director Barron remained silent. He did not confirm or deny that the public uses USPS mail to communicate with the FCBRE. The newest board members nor the current board secretary were on the board when USPS mail directed to the FCBRE was routinely date-stamped and placed in our monthly meeting folders. This body stopped receiving USPS mail around 2017 or 18.

Hey guys, the last thing I want is to be about the point. I know that the pandemic has negatively impacted this process. Plus, I want more than ever to have a more productive working relationship with Mary Caroline, Cheryl and Rick. **I won't, however, be bullied and if I must stand alone in reaching a resolution here, I will.** Once I learned that other boards of elections do not operate the way FCBRE does, the board's practice of rubber stamping documents that it receives the same day and without consideration became increasingly difficult for me. I know that we can conduct elections better in Fulton. I pray that you are willing to help make that a reality.

Mr. Aaron Johnson

Mr. Mark Wngate

To Members of the Registration and Elections Board,

I am perplexed. I wanted to write to the Department of Registration and Elections but I could not find an email address on the website pages. So I am writing to this esteemed body.

This is my issue. My wife and I are out-of-town and have been since early July. We wanted to participate in the last runoff election so we completed and mailed in Applications for Absentee Ballots in a timely fashion. We each indicated our "out-of-town" address as the place to send the ballots. But, to our dismay, the Ballots were sent to our permanent address - the one we were "away" from. Luckily we had someone get our mail and forward it to us. But if we hadn't, we would have missed the opportunity to vote just because the Absentee Ballots were sent to the wrong address.

Please forward this information to the folks who look after the process. This should not have happened.

Thank you for your efforts for overseeing this process.

At the best,

Lawrence K. Menter and Ruth P. Menter

Dear Ms Cooney,

I'm a BBC journalist on the Today Programme on BBC Radio 4, we are the main news and current affairs programme in the UK, broadcasting from London. <https://www.bbc.co.uk/programmes/b006qj9z>

Our anchor James Naughtie is in the States covering the US elections. He will head to Fulton County HQ this afternoon to cover the dramatic results coming in Georgia. We would very much like to feature an interview with a member of the Board of Elections and Registration for an expert view on the results coming in and the process this year. Might you or one of your fellow members of the board be able to spare some time to speak to us? We can conduct a socially distanced interview in person at Fulton County HQ or remotely via facetime audio/skype.

We are hoping to record an interview at 5pm (ET) this evening - might this be possible?

Very best,  
Olivia Beazley

**FULTON COUNTY CHAIRMAN CALLS ON CRITICS OF FULTON ELECTIONS TO SHOW PROOF**

In response to ongoing assaults on the integrity of the recent election in Fulton County, Georgia, Fulton County Commissioner Chairman Robb Pitts has called on President Donald Trump and Georgia Secretary of State Brad Raffensperger to produce any concrete information they have that supports allegations of wrongdoing with the election process in Fulton County.

"To continue to malign and suggest that the election in Fulton County was rigged or mishandled is without any merit whatsoever. If so, evidence exists where is it? I say as loudly and clearly as I can, it's time to put up or shut up," said Chairman Pitts.

"I cannot speak for the other 158 counties in Georgia, but I can say, beyond a shadow of a doubt, that there was no intentional or funny business with the elections in Fulton County," continued Pitts.

Representatives of both President Donald Trump and Secretary of State Brad Raffensperger have been critical of how elections have been handled in Fulton County.

All ballots cast in Fulton County have been counted twice, once by machine and another by hand. The difference between the two counts of the 528,777 ballots cast was only 752.

A third count, another manual one, is underway and is scheduled to be completed by midnight on December 2. "I am confident that the results of this third count will not differ substantially from the first two," said Pitts.

## Early Voting for Senate District 39

Voters who participate in early voting for the 5th Congressional District race from November 9 – 21 may participate in the Senate District 39 during early voting from November 23 – 25 or on Election Day December 1.

Voters may report to any available early voting location, or to their assigned Election Day voting location. Voters will check in separately for the Congressional District 5 and the Senate District 39 elections.

## Absentee Voting for December 1 Runoff Election

---

Voters who wish to vote by mail for the 5th Congressional District must request a ballot. No ballots will be automatically mailed to any voters.

Absentee ballots for the Senate District 39 race will be automatically mailed to voters over age 65 or those with a disability. All others must request their absentee ballot. Absentee ballots will not be available to be mailed until mid-November.

There are two ways to request an absentee ballot for the December 1 Special Runoff Election.

Residents can [download an Absentee Ballot Application](#) and upload it through the [Fulton Absentee Portal](#) as a .pdf or .jpg between 1MB and 5 MB. Each submission must have only one application.

Residents can also return an absentee ballot application (e.g., by email, fax, postal mail, or dropbox) or make a written request.

## MISSION ACCOMPLISHED! Risk Limiting Audit Completed

Fulton County concluded a risk limiting audit of the November 3, 2020 General Election, in accordance with guidelines established by the Georgia Secretary of State. The audit took place in the Georgia World Congress Center and audit began on Saturday, November 14, ending one day later.

As Georgia's largest county, more than 528,000 ballots were cast in Fulton County for the race for President of the United States. This audit included a hand review of each of those ballots. Fulton County had nearly 300 County workers engaged in the audit process over the two day period. Georgia counties are responsible for the cost of conducting a risk limiting audit.

**Subject:** Gentle Note about the Bylaws amendments (Fulton County, Georgia)

Madam Char and Atty Lowman:

Thank you Mary Carole for your time and efforts. Mr. Lowman, I appreciate your candor as to your role here. Gentle Note that HB316 L ne#40-43 amends Ga Code Section 21-2-493K and extends the deadline to certify elections in Georgia to 5pm the 2nd Friday after the Election. If Fulton amends its bylaws that sets a hard date and time to the Monday after the Election at 10am, it will be in direct conflict with the law. I don't want to offend anyone nor be perceived as disagreeable as Mr. Lowman's email suggests. It was the Legislature that extended the time to certify elections in Georgia to 5pm the 2nd Friday after the Election not me. The BRE needs legal precedence or SEB rule supports moving the time to certify elections in Fulton to the Monday after the election at 10am.

The new Elections Code is 435 pp and HB316 is only a few pages. I invite everyone on this strand to take an afternoon or weekend to read both. I am not a lawyer but I read it. My advice is to start first with statutes referenced in HB316 then read the code section. Thank you for your time and courtesy with regards to this matter.

**Subject:** Bylaws amendments

Vernetta, I am in the process of responding to the issues you raised about amendment of the bylaws, and I wanted to respond to you first. I wanted to let you know that I consulted our legal counsel about the proposals to be discussed on Thursday and received the response below to my submission of your proposed amendments and mine. I gather from his response that he would decline "to interject" himself in our discussion because he thinks we're basically okay. As to your first comment concerning the vagueness of the present provisions authorizing the chairperson to change the date and time of any singing meeting – please see O.C.G.A. §50-14-1(d). The statute covers a variety of circumstances and ends by saying that if there are "special circumstances" we can give "such notice . . . as is reasonable." I don't think we can be more specific than that – which is why the present bylaws state simply that we comply with the statute. Your second comment concerns not factoring in meeting times to each BRE member. I think the point of this provision is not the time and pace for regular meetings, which should be obvious without any special election communication, but getting the agenda and supporting documents to Board members, which used to be a real problem before Richard Mariska (who is, by far, the best secretary I've experienced with the DRE) but which Mariska and I have worked hard to accomplish more time (and she really works at it and pushes me to accomplish my reviews and approvals). I do have to add that sometimes we can't meet in the BOC space, but in one or another of our spaces, which changes occasionally at the last minute. I recall a few occasions when Mr. Burge did not realize we'd been consigned to that HR conference room across the street, and was quite vocally annoyed during the meetings – that, as best I recall, is the history of this provision. If you want to propose an amendment, allow for some language that allows for emergency changes. As to your third comment about responding to public comments during BRE meetings – we're on the same page for that one. As I can say that a previous Board member resigned on time – and subsequently had a dismal attendance record. As to the date of certification meetings, your fourth comment, I do want something other than what we have now, which will be incorrect for each meeting going forward. Mr. Wngate has asked me for language tracking HR 316, which I will set out in a subsequent email to everyone. We can vote it up or down. Our agenda has expanded since the initial draft, but I'm hopeful that we can get through that efficiently. Mary Carole

**Subject:** RE: First legal issues of the new year

- 1) You are correct that the bylaws issue is not one for executive session.
- 2) I have reviewed your two (2) proposed changes and I believe they are fine: (1) Moving the certification from Saturday to Monday is proper; and (2) It is a good practice to not respond to public comments during the meeting.

As far as any disagreement or suggestion by other board members, I do not feel that the Office of the County Attorney's place to interject itself into these matters as long as the changes suggested are legal and are in line with any statutory or judicial requirements, which your proposed changes are. Thus, it is for the board to hash out and discuss these changes as it prefers. Let me know if you have any more questions. Thanks.

Such information shall be available to the general public and a notice containing such information shall be posted at least one week in advance and maintained in a conspicuous place available to the public at the regular place of an agency or committee meeting subject to this chapter as well as on the agency's website, if any. Meetings shall be held in accordance with a regular schedule, but nothing in this subsection shall preclude an agency from canceling or postponing any regularly scheduled meeting.*

*(2) For any meeting, other than a regularly scheduled meeting of the agency for which notice has already been provided pursuant to this chapter, written or oral notice shall be given at least 24 hours in advance of the meeting to the legal organ in which notices of sheriff's sales are published in the county where regular meetings are held or at the option of the agency to a newspaper having a general circulation in such county at least equal to that of the legal organ; provided, however, that, in counties where the legal organ is published less often than four times weekly, sufficient notice shall be the posting of a written notice for at least 24 hours at the place of regular meetings and, upon written request from any local broadcast or print media outlet whose place of business and physical facilities are located in the county, notice by telephone, facsimile, or e-mail to that requesting media outlet at least 24 hours in advance of the called meeting. Whenever notice is given to a legal organ or other newspaper, that publication shall immediately or as soon as practicable make the information available upon inquiry to any member of the public. Upon written request from any local broadcast or print media outlet, a copy of the meeting's agenda shall be provided by facsimile, e-mail, or mail through a self-addressed, stamped envelope provided by the requestor.*

*(3) When special circumstances occur and are so declared by an agency, that agency may hold a meeting with less than 24 hours' notice upon giving such notice of the meeting and subjects expected to be considered at the meeting as is reasonable under the circumstances, including notice to the county legal organ or a newspaper having a general circulation in the county at least equal to that of the legal organ, in which event the reason for holding the meeting within 24 hours and the nature of the notice shall be recorded in the minutes. Such reasonable notice shall also include, upon written request within the previous calendar year from any local broadcast or print media outlet whose place of business and physical facilities are located in the county, notice by telephone, facsimile, or e-mail to that requesting media outlet.*

*(e)(1) Prior to any meeting, the agency or committee holding such meeting shall make available an agenda of all matters expected to come before the agency or committee at such meeting. The agenda shall be available upon request and shall be posted at the meeting site as far in advance of the meeting as reasonably possible, but shall not be required to be available more than two weeks prior to the meeting and shall be posted, at a minimum, at some time during the two-week period immediately prior to the meeting. Failure to include on the agenda an item which becomes necessary to address during the course of a meeting shall not preclude considering and acting upon such item.*

Thank you Alexandra for setting up demonstrations for our event next Tuesday. I'd hoped that the machines can be set up by 8:25 a.m. in the lobby area of the annex. I want the attendees to complete a demonstration after they sign in and pick up their registration packets. For those coming late, they can complete a demonstration immediately following the event which will be around 10:45 am. Thank you. If you have any questions, please don't hesitate to call or text. 404-437-2122

Vernetta, Please be assured that I do not consider that I have autonomy to modify minutes at will. Our unapproved draft minutes are presented to the BRE several days before our meetings, for your personal review, and they do not become our minutes (that is to say, our official record) until the BRE votes to approve with whatever amendment are made, or as presented, by majority vote, at the beginning of our meetings. A copy of what I do with Mariska as preliminary work is attached to this email. Mariska makes an initial draft using her audio or video, and I go over it – all of my corrections are yellow highlighted for her convenience, and I think you won't find any proposed change that is not spelling or grammatical or someone's name, etc. I do this for two reasons. One is that my experience is that a lot of time is consumed during board meetings making minor corrections to minutes and voting on each – I think I save the rest of you some bother. The other reason is that I want to go over the minutes anyway to determine if as chairperson I need to expand or otherwise change the agenda for our next meeting to deal with some issue raised during the previous meeting (in this particular review I realized that we need to approve additional minutes for an executive session on September 23). Each of you has the opportunity to ask for additions or corrections to be made when we get to the approval-of-minutes item on the agenda. I will prepare in writing the correction you would like and ask you for it at the appropriate time next Thursday. Mary Carole

**Subject:** Fulton County Ga- Sept 2019 Unapproved Minutes-Amendment on Page 5

Good Day:

Gentle note that on page 5, there is a bit of misinformation. Please see highlighted excerpt below. Unfortunately, I wasn't able to find the video stream of this meeting to support either my version or your Chair's version of the meeting below. Please include Director Barron statement that he could not bring the rejected ballots to the board meeting because of safety reasons. Mr. Jones did not dispute Mr. Barron's statement nor Mr. Jones did not mention nor provide for review any rejected application for AB nor rejected Absentee Ballots during nor after the September Board meeting. Parenthetically, these documents were not made available prior nor during the subsequent Certification Meeting for the Sept 17th elections.

After the meeting, I did ask Mr. Jones how I could see the rejected AB, he informed that I can come back to the department. I asked him if I should send him an email or call, he insisted that I would not be meeting with him and gave me a name of one of his clerks whom I was

unfamiliar. In the past, the chair has been quite honest about her belief that she has autonomy to modify the minutes at will, I think that her summarization below may have unintentionally misrepresented the facts.

Ms. Nuriddin expressed a previous request made to Mr. Barron to inform Mr. Jones to present the Voter Registration rejected Absentee Application for examination. Mr. Jones mentioned the documents are available for review

Madam Chair, I respectfully submit the below amendment to the September Minutes.

Ms. Nuriddin expressed a previous request made to Mr. Barron to inform Mr. Jones to present the Voter Registration rejected Absentee Applications for Absentee Ballots as well as any rejected Absentee Ballots for examination. Mr. Jones mentioned the documents are available for review. Director Barron stated that because of safety reasons, the rejected AB were not made available for inspection at the Board meeting.

I apologize if I am speaking out of turn but the absentee ballot process is the fiduciary responsibility of this board. Further, the BRE is accountable and legally liable for this process. Thank you for considering amending the minutes as suggested. Also, please let this email serve as another request that all rejected applications for absentee ballots as well as all rejected absentee and provisional ballots be made available for inspection at every elections certification meeting of this Board. I do appreciate the one time that the rejected absentee ballots were made available to this board. During that time, we inspected many rejected ballots which appeared to all been written in the same handwriting. After that election, no other rejected ballots have been presented to this board for inspection. Thank you for your time.

p.s. The reason for my request is that during the September elections there were inconsistencies in the rejected AB ballots reported to the board and what appeared on the Absentee Ballot log downloaded from SOS state's office.

Subject: Our four station BMD, printer and UPS carrier/vote center

Hi everyone:

If anyone wants to come see this, please feel free. We have our four station carrier-vote center and our 2-station ADA BMD, printer and paper precinct scanner in our office. I have attached photos of the prototype Election Works designed specifically for us with BMDs and printers. We will place equipment in the carriers, connect everything, conduct L&A from it, deliver it sealed and voters will vote from it. We are buying 500 4-station carriers and 300 2-station carriers with the scanner. We'll be fully outfitted for May and partially outfitted for the PPP. You can get four BMDs and printers into the same space as a table with two BMDs and two printers. The carriers also hold UPS units.

The great thing is that poll workers will have no role in connecting and setting up the equipment. They will break seals and turn everything on. You use one cord to plug into the unit that powers everything. Our purchase price is close to \$2.6 million.

I also attached pictures of the 2 station with the scanner. It is an older model from Cook County. But, we have one here. The four station footprint is 29" x 54 1/2" and it stands about 70". The hinges for the wings are adjustable and they have tension that can be adjusted in order for the voter to be able to move them for comfort.

Regards,  
Rick

These are talking points I gave to Mary Carole for public comment on Wednesday before the Board of Commissioners. Our request for thirteen additional full-time staff will go in front of the BOC on Wednesday. I know that David Ross is going to speak at public comment. If you have connections with the BOC and feel as though you can influence them, you can use these talking points for an email and also look at the attachments for more information.

1. Per registered voter we have the smallest staff of the four Georgia metro counties, including Gwinnett County who chooses to conduct no municipal elections
2. Cobb County has 722 more man-hours worked per week than Fulton County during non-election cycle weeks, whereas Gwinnett totals 200 more man-hours per week than Fulton County
3. We have the smallest staff per registered of thirteen counties we surveyed nationwide. Orange County, FL has one full time staff per 16,922 registered voters versus one per 39,501 for Fulton County
4. We have the largest early voting program of the counties surveyed
5. From 2003-2015 we averaged 9,540 registration applications per month. Since then we have averaged almost 26,000 per month.
6. The new voting system will see us receive more than twice as much equipment as we have currently, and require many more supplies to be maintained.

100	265	2651	<b>Funding for 2020 Elections</b>	We need these funds to administer the following elections: March 2020 Presidential Preference Primary, May 2020 Primary, July 2020 Primary Runoff, November 2020 General Election, December 2020 General Runoff Election, and a Federal Runoff Election in early January 2021. These elections will cost more than previous years because we will be implementing a new voting system that consists of thousands more pieces of equipment than the older system. We will need additional personnel to manage the equipment and to deploy it throughout the county. Additionally, this system will require us to purchase hundreds of thousands of pages of ballot stock since every voter in every election will cast a paper ballot.		\$12,934,956		Operating
100	265	2651	<b>Amended Contract Increase</b>	Annual Maintenance contracts have been increased		\$2,575		Operating

100	265	2651	<b>Ballot Boxes</b>	We will need secure ballot boxes to transport voted ballots from polling locations and early voting locations to our office. Since we have had DREs for more than a decade, we need to change procedures to securely transport large quantities of paper ballots. Secure ballot boxes will help us do that. FORM E

**Hospitality Definition:** Hospitality is considered an expense incurred to entertain dignitaries or clients to promote the County's business, programs or support the County's objectives. As a cost to promote the County, it may include meals (food and beverage - no alcohol), tickets, sponsorships, accommodation, and other amenities at taxpayer expense. Hospitality may be extended in an economical manner when it can facilitate government business and/or is considered desirable as a matter of courtesy or protocol when engaging in discussion of official public matters with or sponsoring formal conference for representatives from other governments, business and industry, providing people from national, international or charitable organizations with an understanding or appreciation of Fulton County and the workings of its government. Hospitality may be used to make purchases for departmental meetings, except social events, retirement and holiday events. Generally, hospitality is restricted in its use and must have the County Manager's authorization before the occurrence of the event, but definitely before the document is processed for payment. Hospitality requests exceeding \$2500 per event will require a minimum of three quotes with a purchase order to be issued for the vendor with the lowest quote. Upon request for payment, the following information must be submitted: itemized invoice identifying the name of the establishment, description of purchase or service, and cost. In addition, the specific business purpose/justification of the meeting or event including the names of all attendees and a copy of the meeting agenda must be attached. Fulton County does not make advance payments to vendors. It is a reimbursable item to the vendor or to the employee. Please note that tax is not allowable and therefore is not a reimbursable expense.

## INTEROFFICE MEMORANDUM

**TO:** Board of Commissioners  
**THROUGH:** Dick Anderson, County Manager  
**FROM:** *Richard Barron, Reg. & Elections*  
**DATE:** January 16, 2019  
**SUBJECT:** *New Voting System Update*

*Include the CFO or  
COO on the  
THROUGH line if  
your department  
reports to the County  
Manager*

The contractor for the Secretary of State is picking up the last batch of pallets containing our old voting system today. The contractor began picking up the old equipment at the end of December. The State, after months of stating that they would take all of our old equipment, including the inventory of DREs on federal litigation hold, informed us recently that we have to maintain control over those DREs under the jurisdiction of federal court. DREAM is working diligently on a solution for us regarding where to store those 694 units.

The shelving in our warehouse was dismantled this week. Some of it was reinstalled elsewhere in the warehouse as the rest is going to be reused by the County elsewhere. The vendor finished that project yesterday.

Another vendor is going to be rewiring the warehouse. That project has begun, and will continue into February.

The carriers that we ordered for storage, delivery, testing and voting will begin arriving in February. We will have a full inventory of them for the General Primary in May and a partial inventory for the March Presidential Primary.

The State will begin delivering our new voting equipment on Monday. It should take three days to complete delivery.

We are awaiting the State's poll worker manual. They plan on releasing it at the end of January. We were told by the State's election director last Friday that they would release it on Tuesday the 14<sup>th</sup> of January after I gave them a polite nudge during my appearance on A Closer Look with Rose Scott on WABE. Since, they have backtracked and are sticking to the end of January goal. We will begin training in early February.

Within one month of the BOC's approval of 13 new positions in the department we had everyone interviewed and on board. The official start date for the new staff was December 11<sup>th</sup>. We are grateful to the BOC for the additional staff.

We meet with the County Manager and his staff every other Friday to make sure matters are on course and that we have the necessary support.

We have a mock election planned for February 18<sup>th</sup>. We will provide more details about it in the coming days. It will be an exercise for us to hold a mini-election with the new equipment as also we introduce it to the citizens of Fulton County.

Currently, we have 37 voting system demos scheduled for this quarter. Most of the demonstrations are requests from county departments, municipalities, churches and also a few elected officials. We have contacted many civic organizations and we have received either no response or no interest in voting system demonstrations. If any of you have an interest in setting up a demonstration in your district or know of any organizations or churches that would like a demo, please contact Simone Price, Voter Outreach Coordinator, at x28284.

**Mr. Barron** informed **BRE** that testing began on August 15, 2019

**Dr. Ruth** inquired if the number of incoming supplemental staff would be sufficient for the department's needs

**Mr. Barron** informed the **BRE** that with the incoming additional staff **DRE** would be adequately staffed

**Mr. Wingate** mentioned a complaint received regarding the Commission District 6 race being two pages on the ballot

**Mr. Barron** informed the **BRE** that the department had not heard this complaint. However, it is possible for the ballot to be two pages with the number of candidates and screen magnification. **Mr. Barron** noted that you are unable to cast a ballot without viewing the entire ballot

**Chairperson Cooney** asked about the Felon numbers on the Monthly Operations Report

**Mr. Jones** responded that the number indicates the number of felons identified that have been mailed letters but have not been removed, that number is zero

**Chairperson Cooney** inquired about out of County transfers

**Mr. Jones** informed the **BRE** that there are several reasons for removal from the voter roll in Georgia:

- Felons
- Voter request to be removed
- Transfers out of County
- Moved out of State
- Vital Records
- Duplication
- Mental Incompetency
- Error
- Inactive to Deletion
- Not Verified Deletion

**Mr. Barron** said yes, CT Martin Natatorium Center is open on Election Day for voters assigned to one of the two precincts in this polling location

## NEW BUSINESS

## #6- UPDATE ON AMENDED CONTRACTS

**Mr. Evans** mentioned the delay of contracts returning due to Amendment I being added to the contracts in August 2019; Amendments I, IGA contracts, and payment should be received by September 18<sup>th</sup> from all municipalities.

**Chairperson Cooney** asked if the **BRE** is required to take any action once amended contracts are received

**Mr. Evans** stated yes, the Amendments will require **BRE** action

## #7- UPDATE ON NEW VOTING SYSTEM

**Mr. Barron** informed **BRE** that **SOS** disseminated the initial training schedule and **DRE** is scheduled for October 8 – 9, 2019. **Mr. Barron** is unable to attend training due to mandatory Budget Hearing for 2020 on the listed dates.

- 5 Personnel will attend training: Elections Division and Voter Education and Outreach staff
- **DRE** will receive Full allocation from RFP
- Demo equipment will arrive before mid-October
- Requesting more equipment to be adequately equipped for future elections
  
- Training equipment still pending from vendor

Dr. Ruth inquired about DRE visiting Pilot Counties

Mr. Barron mentioned that the SOS posted a bulletin stating that visiting pilot counties is discouraged because there should not be any disturbances to Election Day operations. Pilot counties are encouraged to share experiences post-election

Dr. Ruth requested an update on the voter education and outreach plan

Mr. Barron mentioned the meetings with DRE and External Affairs to discuss Outreach plans, and he informed the BRE of the departure of Ms. April Majors, Public Affairs Manager, from Fulton County

Ms. Corbitt addressed the Board's inquiry on Voter Education and Outreach. Ms. Corbitt assured the BRE that voters will have an opportunity to gain accessible information on the new equipment through videos, live demonstrations, brochures, and social media. The plan is to get the information out to every voter

Mr. Barron mentioned that a possible challenge on Election Day for future elections will be ensuring that each voter retrieves their ballot and scans it into the scanning system. Mr. Barron believes additional staff will be required until voters become accustomed to the new system

Mr. Wingate requested a calendar of upcoming events to share with all Fulton County Voters.

Mr. Barron expressed DRE will have a series of events and this information will be easily accessible as soon as the new website is online. The scheduled date for new Fulton County Website is October 2019

## #8- ABSENTEE BY MAIL OVERVIEW

Mr. Jones explained:

- A request to obtain a ballot is submitted by the voter
- The voter registration division has 2 days to make a decision whether to mail a ballot, or reject the request
- The ballot is mailed or a rejection letter is sent
- The ballot is then returned and once received, the Voter Registration Division has 2 additional days to determine whether or not the ballot will be counted or rejected

### An absentee request must include the following:

- Name as registered
- Date of election
- Type of election
- Address as registered
- Signature
- Address where ballot is to be mailed
- Date of birth and phone number are not required, but preferred

### To obtain an absentee request application:

- Website: [www.fultonelections.com](http://www.fultonelections.com)
- Call Absentee Division: (404) 612-7060
- In person: Downtown, North or South Annex

### To send a completed absentee request application:

- Email: [elections.absentee@fultoncountyga.gov](mailto:elections.absentee@fultoncountyga.gov)
- Fax: (404) 612-3697
- Mail: Fulton County Voter Registration, Attn: Absentee Ballot Division, 130 Peachtree Street SW, Suite 2186, Atlanta, GA 30303
- In person: Downtown, North or South Annex

**Absentee Application Rejection:**

- Address on the request does not match the voter registration application on file, unless disabled
- Application was not signed: Voter Registration will mail an application to complete with rejection letter
- Cannot be identified as a registered voter
- Registered in another county: Voter Registration will fax application to county registered
- Registration cancelled
- Party affiliation is not indicated: Voter Registration will mail an application to complete with rejection letter

**Timeline:**

- Request can be submitted 180 days prior to an election
- The deadline to send ballot requested is COB the Friday before an election

**Mailing Deadline:**

- Municipal Election: 22 days prior
- Countywide/Special Election: 45 days prior
- Runoff Election: as soon as possible

**To Return Absentee Ballot:**

- Must be received by close of polls on Election Day (downtown, North or South Annex)
- Ballot must be signed

**Absentee Ballot Rejection:**

- Ballot envelope (Oath of Elector) not signed
- Signature does not match the signature on file (**No Rejection, Ballot becomes a provisional ballot**)
- Ballot late
- Ballot dropped off at poll and it should have been delivered to one of the VR offices

**Ms. Nuriddin** expressed a previous request made to **Mr. Barron** to inform **Mr. Jones** to present the Voter Registration rejected Absentee Application for examination

**Mr. Jones** mentioned the documents are available for review

**Chairperson Cooney** inquired about previous issues concerning the mailing system regarding Absentee By Mail

**Mr. Jones** explained that each mailing issue varies; however, most concerns involve the mailing system and the ability to track ballots

**Mr. Wingate** asked about the tracking system **DRE** discussed months ago

**Mr. Jones** mentioned Pitney Bowes has given **DRE** the ability to track the outgoing mail

**Mr. Wingate** inquired about the details of the tracking system that Pitney Bowes have implemented

**Mr. Barron** explained the tracking system is similar to a UPS tracking system; however, **DRE** can provide the **BRE** with more information

**Mr. Jones** expressed **DRE** is still working with Pitney Bowes to further assist Fulton County voters

**Ms. Nuriddin** requested an explanation of why a previous request was not fulfilled

**Mr. Barron** informed **Ms. Nuriddin** those documents can be viewed in the office

**Chairperson Cooney** inquired about rejected Absentee Ballots due to signature match and Exact Match

**Mr. Jones** declared that most of their rejections are for late return or no signature; however, VRD's staff makes every effort to contact the voter to ensure their ballot is cast. Furthermore, due to HB 316, Exact Match is no longer mandated

## #9- FINANCE, SOUNDINGS REQUEST

**Mr. Barron** informed the **BRE** of efforts by **DRE** to adequately staff the department, purchase extra equipment, other necessities for the new voting equipment and for the 2020 Elections Cycle. **Mr. Barron** informed the **BRE** of the surveys completed regarding staff, and found that the **DRE** has the smallest staff of all the metro counties; however, the largest number of registered voters. Currently **DRE**'s staff ratio per registered voter is the lowest of all the metro counties and several like size counties throughout the United States.

- Fulton County: One Fulltime staff per 39, 501 voters
- Cobb County: One Fulltime staff per 21,072 voters
- Gwinnett County: One Fulltime staff per 22,976 voters
- DeKalb County: One Fulltime staff per 35,175 voters
- Hillsborough, FL: One Fulltime staff per 20,511 voters

**Mr. Barron** listed a few items from his Soundings request being presented to the County Manager, Finance Department, and the Board of Commissioners

- 10-15 Personnel (Permanent & Long-term Supplemental Staff)
- Forklift
- Secure Carriers for the new voting system
- Central Scanner
- Precinct Paper Scanners
- Poll Books
- Mobile Voting

**Chairperson Cooney** expressed the Board's willingness to assist **DRE**

## 10- EARLY VOTING DISCUSSION FOR NOVEMBER 2019 GENERAL/SPECIAL MUNICIPAL ELECTION

- Alpharetta Branch Library
- College Park Historical Bldg.
- East Point Library
- East Roswell Branch Library
- Fairburn Library
- Milton Library
- Park Place at Newton
- Roswell City Hall
- South Fulton Service Center
- Wolf Creek Library

**CT Martin Natatorium and Recreation Center** will not be utilized as an early voting location during the General/ Special Election as there are no elections in the City of Atlanta or close proximity to this facility

**Chairperson Cooney** reminded the Board of the Special Called Meeting on August 23, 2019 to address the concerns of the citizens regarding early voting locations for the September 17<sup>th</sup> Special Election

**Mr. Wingate** asked about the early voting schedule for the Special Runoff Election held on October 15<sup>th</sup>

**Mr. Barron** informed **BRE** that early voting for the Runoff election will be held at the same five locations, from October 7<sup>th</sup>- 11<sup>th</sup> at 8:30 a.m. - 6:00 p.m.

- **C.T Martin Natatorium & Recreation Center**
- **East Point Library**
- **Fairburn Library**
- **Government Center**
- **South Fulton Service Center**

**Ms. Nuriddin** expressed gratitude to **Sharon Benjamin** and **DRE** staff for successfully coordinating and opening two additional early voting locations on short notice.

## **EXECUTIVE SESSION**

The Board did not convene into executive session.

## **ADJOURNMENT**

With no other items requiring the Board's action, **Chairperson Cooney entertained a motion to adjourn. Mr. Wingate moved to adjourn the meeting. Dr. Ruth seconded the motion.** Collectively, the Board agreed to adjourn at 11:29 a.m.

The meeting adjourned.

#### #3- DISCUSSION OF SEPTEMBER 17, 2019, SPECIAL ELECTION

- Fulton County Board of Commissioners, **District 6**
- Atlanta Board of Education, **District 2**

**Mr. Barron** recapped the Special Election cycle for the listed election.

**Barron** mentioned;

- A snake disrupted opening the doorway of a poll located at Southwest Arts Center, poll did open on time
- Two Express Polls (EP) stolen from the Grove Park Recreation Center
  - Alarm rang after midnight, police responded
  - No concerns found
  - Poll manager detected the theft and police were notified, investigation pending
  - SOS, Atlanta Police Department and Fulton County Police were notified; reports filed

**Chairperson Cooney** inquired about the **DRE** having enough equipment for Election Day

**Mr. Barron** stated yes.

Mr. Barron listed the information the Express Polls (**EP**) contains for the State of Georgia, not just Fulton County

- Name
- Address
- Date Of Birth
- Driver Licenses embedded in file
- **EP** are password protected and passwords are change every election

**Mr. Barron** expressed that the County has never had a break-in to occur at polling facilities

**Mr. Barron** informed **BRE** that

- 2,396 voters voted early and
- 95 Absentee By Mail, with 3 rejections.
  - 35 Absentee By Mail for Commission **District 6**

**Vice Chairperson Wingate** asked **Mr. Barron** to attest and affirm that the election results presented were a true and accurate count of all the eligible votes cast in the Special Election for **Fulton County Board of Commission, District 6** held on September 17, 2019.

**Mr. Barron** answered yes.

**Vice Chairperson Wingate entertained a motion to certify the election results. The motion was made by Mr. Johnson, seconded by Ms. Nuriddin and carried by a unanimous vote of 4-0.**

**Mr. Johnson** inquired about the action plan for the **DRE** regarding South Fulton Voters and the overlap at Wolf Creek Library for the Runoff Election and the beginning of Early Voting for the General and Special Municipal Elections

**Mr. Barron** explained which tools **DRE** will utilize to ensure voters are informed: press releases, website posting, extra personnel on staff (line monitors), and signs

**Mr. Johnson** asked if External Affairs has drafted a press release to disseminate to community leaders and neighborhoods

**Ms. Church** mentioned she will follow up with **Jessica Corbitt** to provide the Board with further information

**Mr. Johnson** mentioned that voters in Commission District 6 (South Fulton) are being given incorrect information regarding receiving provisional ballots on October 15. If you wish to vote in Fulton County Commission, District 6 you must go to your **ASSIGNED PRECINCT** on Election Day. October 15<sup>th</sup> is also the first day of Early Voting for the November 5<sup>th</sup> Election, in which there will be ten locations available for voters to cast their ballots.

**Mr. Barron** mentioned **DRE** wanted to send a Head of Household mailer; however, there are no funds available under this amended contract to cover the cost of mailers

**Vice Chairperson Wingate** asked is there an opportunity to educate the public regarding the overlapping elections

**Mr. Barron** mentioned this could occur every year if there is a Special Election in September Election and a runoff

**Ms. Nuriddin** clarified the dismissal of her request for head of household mailers to be mailed; however, due to recent resolution passing by BOC, it has negatively impacted **DRE** processes

**Mr. Jones** explained that the cost to mail Head of Household letters could be around \$50,000.

**Vice Chairperson Wingate** asked **Mr. Barron** to attest and affirm that the election results presented were a true and accurate count of all the eligible votes cast in the Special Election for **Atlanta Board of Education, District 2** held on September 17, 2019.

**Mr. Barron** answered yes.

**Vice Chairperson Wingate entertained a motion to certify the election results. The motion was made by Mr. Johnson, seconded by Dr. Ruth and carried by a unanimous vote of 4-0.**

## EXECUTIVE SESSION

Vice Chairperson Wingate entertained a motion to close the regular session and convene into executive session to discuss pending administrative proceedings. The motion was made by Ms. Nuriddin, seconded by Mr. Johnson and carried by a unanimous vote of 4-0.

After executive session, Vice Chairperson Wingate entertained a motion to resume into regular session. The motion was made by Mr. Johnson, seconded by Dr. Ruth and carried by a unanimous vote of 4-0.

## ADJOURNMENT

With no other items requiring the Board's action, Vice Chairperson Wingate entertained a motion to adjourn. Ms. Nuriddin moved to adjourn the meeting. Mr. Johnson seconded the motion. Collectively, the Board agreed to adjourn at 1:51 p.m.

The meeting adjourned.

## BYLAWS

# BOARD OF REGISTRATION AND ELECTIONS FULTON COUNTY, GEORGIA

## ARTICLE I

### Purpose

These Bylaws are adopted by the Board of Registration and Elections of Fulton County, Georgia (the "Board"), to provide operational and ethical guidance to assist the Board and its members in the accomplishment of the following duties and responsibilities:

- To carry out the Board's obligations under state and local law;
- To select, support and periodically assess the performance of the executive director (the "Director") of the Department of Registration and Elections of Fulton County (the "Department");
- To provide financial oversight for the Department, and to advocate for resources sufficient to carry out the Department's obligations;
- To ensure that elections administered by the Department comply with applicable federal and state law and are worthy of the public's trust;
- To articulate the Department's goals and accomplishments to the public and to the elected bodies to which the Department answers so that the public and elected officials maintain confidence in elections administered by the Department.

## ARTICLE II

### Officers

Section 1. The officers of the Board shall be a chairperson and a vice chairperson.

Section 2. The chairperson shall be appointed in the manner prescribed by law and shall serve for a term as provided by such law until his/her successor is duly appointed and qualified. The chairperson:

- Shall convene and conduct all Board meetings, and shall call special Board meetings when necessary or advisable;
- Shall prepare and distribute the agenda for Board meetings;
- Shall work in partnership with the Director to ensure that Board policies and directives are carried out;
- Shall act as spokesperson for the Board consistent with Board policies and directives, and shall convey the Board's policies and directives to the Director;
- Shall coordinate an annual performance evaluation of the Director;
- May vote on any matter presented to the Board membership, but shall not be authorized to present a main motion at a meeting of the Board.

two minutes (or such longer period as the Board may approve). The Board shall respond to any question or request by a citizen made during the public comment section of a meeting either during that meeting or no later than the following regularly scheduled Board meeting.

Section 5. Three members of the Board shall constitute a quorum for the transaction of business at any meeting of the Board.

Section 6. All actions of the Board shall require a vote of the majority of the members present and voting at any meeting.

Section 7. Meetings shall be conducted in accordance with the most recent edition of Robert's Rules of Order, Newly Revised, which shall govern the Board in all cases to which such rules are applicable, and not inconsistent with these by-laws, the Constitution of the State of Georgia of 1983, the United States Constitution, general or special acts of the legislature or any other applicable law, which shall take precedence over such rules.

Section 8. The ability of this Board to discharge its duties and responsibilities depending on a sufficient number of members to constitute a quorum at its meetings, the Board reserves the right to seek the removal of any member whose nonattendance prevents a quorum at regular meetings.

Section 9. The Board shall designate a secretary of the Board, who may be an employee of the Department, to keep a journal of all decisions of the Board and minutes of its meetings. Such records, once approved by the Board, shall constitute the official records of Board decisions.

#### Article IV

##### Training

Each Board member is obligated, in cooperation with other members, to ensure that at least one member of the Board obtains the annual training required by state law codified at O.C.G.A. § 21-2-100. In addition, each Board member is obligated to make his or her best efforts to obtain such training each year on an individual basis.

#### Article V

##### Political Activities

The Board and its members have the responsibility to administer all elections in which Fulton County voters cast ballots in an impartial and fair manner, and to avoid any appearance of conflict and/or impropriety. All Board members shall comply with the limitations of political activities set forth in O.C.G.A. Section 21-2-214(c), which prohibits their engagement in any political activity on behalf of a candidate, political party or body,

Article VII

Amendments

The Bylaws may be amended at any time by an affirmative vote of no fewer than three members of the Board at any regular or special meeting, provided that any such amendment shall have first been presented in writing to each member at least fifteen days prior to the meeting at which the amending vote is taken. These bylaws shall be amended at any time necessary to conform to applicable law.

Article VIII

Resolution of Conflicting Provisions

To the extent that any rule within these Bylaws conflicts with any applicable provision of state or county law, the Board acknowledges that such law supersedes any provision herein.

Amended and restated by the Fulton County Board of Registrations and Elections the 10th day of May, 2018.

## MEMORANDUM

**TO:** Fulton County Board of Registration and Elections  
Richard Barron, Director of Registration and Elections

**FROM:** Cheryl Ringer, Senior Assistant County Attorney 

**DATE:** July 11, 2019

**RE:** Fulton County Board of Registration and Elections  
Duties

*THIS DOCUMENT AND ANY ATTACHMENT(S) ARE PROTECTED BY THE ATTORNEY-CLIENT PRIVILEGE AND THE ATTORNEY WORK PRODUCT RULE. IT IS NOT SUBJECT TO PUBLIC DISCLOSURE OR TO RELEASE IN RESPONSE TO AN OPEN RECORDS ACT REQUEST. IT IS NOT SUBJECT TO RELEASE DURING LITIGATION OR DISCOVERY, AND IT IS NOT TO BE PRESENTED AS EVIDENCE IN ANY JUDICIAL OR ADMINISTRATIVE PROCEEDING.*

---

You have asked this office to provide a memorandum that outlines the responsibilities of the Fulton County Board of Registration and Elections (“BRE”) pursuant to the requisite governing law.

O.C.G.A. § 21-2-70 lists the general powers and duties of election superintendents. These duties include, but are not limited to: altering precincts, qualifying candidates, equipping polling places, maintaining election equipment, instructing poll officers and others in their election duties, and preparing an annual budget. Specifically, the Board of Registration and Elections is authorized:

- (1) To receive and act upon all petitions presented by electors, the board of registrars, or the county executive committee of a political party for the division, redivision, alteration, change, or consolidation of precincts;
- (2) To receive and determine the sufficiency of nomination petitions of candidates filing notice of their candidacy with him or her in accordance with this chapter;
- (3) To prepare and publish, in the manner provided by this chapter, all notices and advertisements, in connection with the conduct of elections, which may be required by law, and to transmit immediately to the Secretary of State a copy of any publication in which a call for a special primary, election, or runoff is issued;
- (4) To select and equip polling places for use in primaries and elections in accordance with this chapter<sup>1</sup>;

---

<sup>1</sup> Pursuant to O.C.G.A. § 21-2-262(c), “the superintendent shall not make any final order for the division, redivision, alteration, formation or consolidation of precincts until at least ten days after notice of such change shall have been advertised in the legal organ of the county. Such notice shall state briefly the [action] recommended by the board... and the date upon which the same will be considered by the superintendent....” However, O.C.G.A. § 21-2-262(d) provides that in any county having a population of more than 250,000 according to the United States decennial census of 1970 or any future census, the powers and duties conferred upon the superintendent by this code section and Code Sections 21-2-261 and 21-2-261.1 shall be exercised and performed by the governing authority of the county.” In order to comply with these Code sections, the BRE places the advertisement in the legal organ, discusses the recommended change during its meeting and allows the public to comment regarding recommended

and such returns shall be immediately transmitted to the Secretary of State.” O.C.G.A. § 21-2-493(k).

The BRE should also be prepared to hear Election Day challenges of an elector’s right to vote. O.C.G.A. § 21-2-230. The Fulton County Code (“FCC”) also provides information on the duties of the BRE. Section 14-39 of FCC states as follows regarding the responsibilities of the BRE:

The board shall be responsible for the registration of electors of Fulton County; the preparing, equipping, and furnishing of polling places; the counting of all ballots, both absentee and those regularly cast; and for the selection, appointment, and training of poll workers. Such poll workers shall be appointed, insofar as practicable, from a list provided to the board by the county executive committee of each political party.

FCC § 14-40 provides that the duties and powers of the BRE are as follows:

- (a) The board shall:
  - (1) With regard to the preparation for the conduct and administration of elections, succeed to and exercise all duties and powers granted to and incumbent upon the probate judge under O.C.G.A. tit. 21, Ch. 2 (O.C.G.A. § 21-2-1 et seq.) the "Georgia Election Code," or any other provision of law;
  - (2) With regard to the preparation for and conduct of primaries:
    - a. Succeed to all duties and powers granted to and incumbent upon the probate judge under O.C.G.A. tit. 21, Ch. 2 (O.C.G.A. § 21-2-1 et seq.) the "Georgia Election Code";
    - b. Formulate, adopt, and promulgate rules and regulations consistent with law and the rules and regulations of the state executive committee of each political party governing the conduct of primaries to the end that, insofar as practicable, all primaries shall be uniformly conducted by the county executive committee of each political party, poll workers shall be properly trained, and voters shall be adequately informed and instructed; and
    - c. Consistent with the provisions of O.C.G.A. tit. 21, ch. 2 (O.C.G.A. § 21-2-101 et seq.), the "Georgia Election Code," supervise the registration of electors in Fulton County; cooperate with the various municipalities of Fulton

The National Voter Registration Act caused a record 116,857 registration applications in 1996, a 34% increase over the previous record of 87,012 set in 1992 and a record 429,679 voters, a 17% increase over the previous record of 367,153 in 1992. We set a record number of registration applications during 8 months of 2004 and a new record of 168,147 for the year with a total 447,522 active voters. An unprecedented record was set during 2008 with 238,552 registration applications for the year, a 42% increase over 2004. We currently have **545,027** active and **95,551** inactive voters. This chart shows the number of applications received in the previous eighteen years. Record breaking numbers are highlighted.

In 2016 Online Registration contributed to the increase in registration applications.  
In Feb 2016 DDS went to the Opt Out registrations

Dear Fulton County Board of Commissioners:

We have worked with Election Works and with Purchasing to make final a request to purchase 800 voting equipment Election Supply Carriers (ESC) / Vote Centers. We received the final quote from Election Works on Friday. They came to Atlanta and then had to design the prototypes in order to give us quotes on the two models we want to purchase. In addition, they needed the dimensions and weights in order to determine shipping costs. Also, we had to decide between shipping by rail or truck. The following quote is for 800 steel carriers. They will last more than 15 years based on the City of Chicago's experience. Cook County originally went with a different vendor at the same time Cook County purchased from Election Works, but they had to spend additional money over the years to reinforce all wheel casings and casters, but Chicago never had to do that. Now Cook County uses Election Works.

The Patent Pending application number is 62/799.894 for the Election Works Election Supply Carriers (ESC) / Vote Centers. Montgomery County, OH in Dayton used the patent pending to sole source the purchase.

Montgomery County, OH purchased these on a sole source contract based on the patent pending. Cook County purchased these through their contract with Dominion Voting Systems, as a subcontractor. Dominion is the vendor chosen to supply the State of Georgia with new voting equipment. Election Works has no patent on their carriers, but they have a patent on the vote center / carrier that we wish to purchase. We are asking to sole source this equipment.

Montgomery County, OH used to have the same voting system that we are still using. They have a larger carrier/vote center design than we will have, but they have found that the total footprint in the polling places is either the same or less with the carriers versus the touchscreen DREs.

The two models we designed will be 54.75" in length x 29.25" wide x 70.50" tall. One will contain four BMDs, four printers, two uninterruptible power

supplies and ancillary supplies. The other model will have two ADA-BMDs, two printers and one paper precinct scanner.

We have to deliver equipment up to one week before Election Day, oftentimes to locations without adequate storage areas that are secure. These Election Supply Carriers (ESC) / Vote Centers will allow us to deliver and store our equipment safely and to securely store it at polling locations ahead of Election Day.

In addition, set up the equipment in the storage carriers, store the equipment, conduct logic and accuracy tests on the equipment in the carriers, lock it inside with any required supplies and then to seal the doors before delivery. When poll workers arrive to the polling location they only have to power the unit, unseal the unit, open the wings for voting and to turn the equipment on to prepare it for the day. At the end of Election Day or at the end of each early voting day, the carriers will be locked and sealed by poll workers after conducting normal procedures to end early voting each day or to close down at the end of Election Day.

It is an efficient way for us to store, to test and to deploy this new, more administratively demanding voting system as we make it simpler for poll workers to operate and easy for voters to vote and then to scan their ballots.

Please see the quote and captioned pictures below.

# FULTON COUNTY

# FULTON COUNTY

1. Before June 2013 the Fulton County Department of Registration and Elections conducted an average of 3.3 elections per year. Since then, the department has administered 5.9 elections per year. When we conduct six elections per year that means we have voters casting ballots more than half the year due to the administration of early voting and absentee by mail prior to Election Day.
2. Since the beginning of 2016 we have entered an average of 25,137 voter registration applications per month. From the implementation of the Help America Vote Act in 2003 through 2015 we entered an average of 9,540 voter registration applications per month. Since February 2016 the Department of Driver Services began sending to us a voter registration application for every person that visited DDS. Before February 2016 visitors to DDS had to indicate whether they wanted to register to vote. Now registration is automatic. Since 2013 Fulton County's net voter registration total has increased by more than 160,000 voters.
3. Through 2012 Fulton County employed only three to six early voting locations per major elections, whereas since 2013 Fulton County has employed between 13 and 37 early voting locations for major elections beginning with the 2013 City of Atlanta Mayoral election and General Municipal election. In 2020 we plan to offer 40-plus locations for the Presidential Election in November. If we add a mobile voting precinct(s) (MVP) we would better serve voters because we could increase our number of early voting outreach locations by 14 - 38 locations by switching to new locations each day. That would make casting a ballot more convenient for thousands of Fulton County voters. As Georgia's flagship county we need to continue to lead Fulton County's voters in new directions by making voting easier to access and by making it more convenient. Additionally, the MVP(s) would allow us easily move from site to site each day without the delivery issues with which we contend at other outreach early voting locations.
4. The approximate expense of a new MVP is \$230,000 - \$250,000. The expense of an early voting site for major elections is approximately \$25,000 per election. If we reduced permanent early voting locations by one or two per election, Fulton County could invest in an MVP(s) and pay for the it(them) over 9-10 elections or within a midterm, municipal, presidential election cycle, or three years. The MVP(s) would last ten years or more.
5. An MVP can accommodate one to two check-in tables and from eight to 12 voting stations.
6. An MVP(s) can be on stand-by on Election Day for a site that has to close for emergency purposes, enabling us to send it to the polling location for emergency voting. In addition, it is possible, if we have a polling place that has an inordinately long line on Election Day, we could permanently assign an MVP to succor that site for the day.
7. DRE FTE was 24 in 2009, but had been reduced to only 18 in 2013. It currently sits at 21, the lowest of the four major Georgia metro counties, and also the lowest of 13 counties compared inside and outside of Georgia in terms of FTE per registered voters. Our staffing levels are significantly lower than every county that we surveyed. Please see attached spreadsheet and graphs for detailed information. The graphs illustrate how few FTE Fulton County has compared to other similar sized counties.

8. We are receiving more than twice as much equipment with the new voting system than we had for the current system. It will require more supplies and maintenance upkeep. It is unrealistic to continue operating our warehouse with only two individuals in our warehouse for such a big responsibility. We need an assistant to the Systems Specialist Manager in the warehouse to help implement and maintain the new voting system. In addition, with the responsibility of maintaining more than double the amount of equipment with this new voting system on a regular schedule, and also for prepping it before supplemental contract staff comes on board before each election cycle, we need regular Systems Specialists on staff to help the current manager. In addition, the amount of supplies are going to increase because of the paper and toner this system will require, in addition to the myriad task of organizing, deploying and storing the new forms.
9. Our voter registration staff has had to focus on data entry since 2016, almost exclusively. The numbers since 2016 have forced this focus. When we have no supplemental contract staff we fall behind, especially on paper voter registration applications. With the focus on data entry, many other regular duties fall down the priority list, such as scanning and indexing absentee ballot applications, scanning and indexing voter registration applications, cross training, data entry verification, which allows us to quality check our entries, maintaining the Letriever on paper application records, cleaning up old files and applications that are past retention and finally responding to the many open records requests that we receive.
10. Gwinnett County conducts no municipal elections, yet has a bigger staff than we do, in spite of serving 230,000 fewer voters. Our early voting program dwarfs Gwinnett County's program. It is probable that the BOC in Gwinnett County will approve seven new positions for 2020. If they add seven new positions in 2020 and three to four more in 2021, as is the plan, we will still have a smaller staff even if Fulton County's BOC approves our soundings request for more permanent staff. Please see the article from the AJC concerning Gwinnett County.
11. Permanent staff have a greater interest in the success of the department. Supplemental staff can perform well, and do perform well for us in a variety of positions. We want to continue using supplemental or Happy Faces staff, but certain adding certain positions as permanent staff would give us the advantage of permanent staff that has a vested interest in the performance of the department. We could reduce the number of supplemental staff in some instances if we have permanent staff that is available to do work year round. We could operate much more efficiently with a larger year-round workforce. Morale is higher with permanent staff versus employing supplemental staff that have no benefits and who are always looking for a permanent job as they work for us. Hiring permanent staff increases the likelihood that we will be able to keep experienced employees from election to election.
12. We need to purchase secure voting stations for our new ballot marking devices, printers, uninterruptible power supplies, supplies and paper precinct scanner. The advantages to employing secure carriers are myriad. First, the carriers serve as a permanent home for equipment and also double as voting stations. The equipment is fitted permanently into the carriers and then our staff would connect the BMDs,

printers and UPS's in the warehouse. Second, we can seal and lock the entire unit in our warehouse after conducting logic and accuracy testing with the equipment in the carrier before delivery, ensuring that no one will have access to the equipment. In lawsuit after lawsuit counties are accused of failing to secure equipment in tamper proof facilities before Election Day. Fulton County is often asked to testify in court because we are the exemplar county for Georgia, and our procedures must be able to withstand severe scrutiny. The carriers will allow us to keep our equipment secure as we begin delivery to more than 207 polling sites one week ahead of Election Day. Third, poll workers will only need to open the voting station windows of the carriers and provide power to the entire unit. This reduces poll worker interaction with the equipment and eliminates the necessity of having poll workers connect the printers to BMDs and UPS's. Fourth, the paper precinct scanners are also secured in a carrier, protecting the paper ballots from being accessed. Fifth, post-election, the carriers provide us with a secure manner to protect equipment until they are retrieved from polling locations.

13. Our forklift in the warehouse died and we had to begin leasing one in August. We are paying more than \$1,500 per month to lease the forklift.
14. The State of Georgia's allocation of paper precinct scanners (PPS) is short of what Fulton County needs to adequately serve the voters of this county in 2020. The State has allocated 287 paper precinct scanners to Fulton County, which is enough for us to service early voting with extra units and spares, and to outfit Election Day without spares or to service our larger Election Day precincts without an extra units. We have calculated that for 2020 we need 406 units. For 2021, because runoffs occur within 30 days of regular election days, probably we will need to add more PPS's to our inventory
15. We have alerted the SOS that the State allocated more poll book check in computers to Cobb County than to Fulton County. We are set to receive 663 Know Ink poll books. In large elections our current inventory of 663 Express Polls left us with few spares and few options to alleviate lines. We need flexibility to shift resources to manage challenges that arise. In addition, we need a larger inventory to allot more poll books on Election Day.

#### **#1– APPROVAL OF AGENDA**

**Chairperson Cooney entertained a motion to approve the agenda. The motion was made by Mr. Wingate, seconded by Dr. Ruth and carried by a unanimous vote of 4-0.**

#### **#2– COMMUNICATIONS AND PUBLIC RESPONSE**

**George Balbona** referenced a previous **BRE** meeting with regards to the Secretary of State's My Voter Page failing to update voter status during the 2018 General Election. Also, **Mr. Balbona** welcomed the Board's newest member, **Dr. Kathleen Ruth**

### **OLD BUSINESS**

#### **#3– APPROVAL OF MINUTES**

- Regular Meeting – August 8, 2019
- Special Meeting – August 23, 2019

**Chairperson Cooney entertained a motion to approve the meeting minutes from the Regular Meeting on August 8, 2019 and Special Meeting from August 23, 2019. The motion was made by Mr. Wingate, seconded by Dr. Ruth and carried by a unanimous vote of 4-0.**

## #4- MONTHLY OPERATIONS REPORT FOR AUGUST 2019

- Early Voting (EV) began August 26, 2019
- Five EV Locations:
  - C.T Martin Natatorium & Recreation Center**
  - East Point Library**
  - Fairburn Library**
  - Government Center**
  - South Fulton Service Center**
- Poll Worker Training is ongoing
- A legal hold remains on the DRE voting units from the April 18, 2017 and June 20, 2017 6<sup>th</sup> Congressional Special Election and Runoff Special Election
- August 25 L&A Testing will begin for the November General Election
- An overlap between the Special Runoff Election in October and the start of early voting for the November General and Special Election
  - Early Voting for the November General and Special election begins October 15, 2019
  - The Special Election Runoff is October 15, 2019
  - One Early Voting Location and Election Day Poll will be impacted, **Wolf Creek Library**
- Total voter registration applications received in 2019: **215,0670**
- 50,028** voter registration applications received in August including NCOA's, confirmation letters
- As of September 1<sup>st</sup>, **830,334** (717,639 active and 94,479 inactive) registered voters reside in Fulton County
- Preparing for National Voter Registration Day on September 24, 2019
- VEO Team actively attending events around the County

**Ms. Nuriddin** inquired about L&A testing for the current election

**Mr. Barron** informed **BRE** that testing began on August 15, 2019

**Dr. Ruth** inquired if the number of incoming supplemental staff would be sufficient for the department's needs

**Mr. Barron** informed the **BRE** that with the incoming additional staff **DRE** would be adequately staffed

**Mr. Wingate** mentioned a complaint received regarding the Commission District 6 race being two pages on the ballot

**Mr. Barron** informed the **BRE** that the department had not heard this complaint. However, it is possible for the ballot to be two pages with the amount number of candidates and screen magnification magnification.

**Mr. Barron** noted that you are unable to cast a ballot without viewing the entire ballot

**Chairperson Cooney** asked about the Felon numbers on the Monthly Operations Report

**Mr. Jones** responded that the number indicates the number of felons identified that have been mailed letters but have not been removed, that number is zero

**Chairperson Cooney** inquired about out of County transfers

GA-FULTON-21-0888-A-001599

**Mr. Jones** informed the **BRE** that there are several reasons for removal from the voter roll in Georgia:

- Felons
- Voter request to be removed
- Transfers out of County
- Moved out of State
- Vital Records
- Duplication
- Mental Incompetency
- Error
- Inactive to Deletion
- Not Verified Deletion

    - Early Voting for the November General **and Special** election begins October 15, 2019
    - The **Special Runoff Election Runoff** is October 15, 2019
    - One Early Voting Location and Election Day Poll will be impacted, **Wolf Creek Library**

**Chairperson Cooney** inquired about CT Martin Natatorium Center being utilized as a polling location

**Mr. Barron** said yes, CT Martin Natatorium Center is open on Election Day for voters assigned to one of the two precincts in this polling location

## NEW BUSINESS

## #6- UPDATE ON AMENDED CONTRACTS

**Mr. Evans** mentioned the delay of contracts returning due to Amendment I being added to the contracts in August 2019; Amendments I, IGA contracts, and Payment should be received by September 18<sup>th</sup> from all municipalities.

**Chairperson Cooney** asked if the BRE is required to take any action once amended contracts are received

**Mr. Evans** stated yes, the Amendments will require BRE action **taken**

## #7- UPDATE ON NEW VOTING SYSTEM

**Mr. Barron** informed **BRE** that **SOS** disseminated the initial training schedule and **DRE** is scheduled for October 8 – 9, 2019. **Mr. Barron** is unable to attend training due to mandatory Budget Hearing for 2020 on the listed dates.

- 5 Personnel will attend training: Elections Division and Voter Education and Outreach staff
- **DRE** will receive Full allocation from RFP
- Demo equipment will arrive before mid-October

- Requesting more equipment to be adequately equipped for future elections
- Training equipment still pending from vendor

**Dr. Ruth** inquired about **DRE** visiting Pilot Counties

**Mr. Barron** mentioned that the **SOS** posted a bulletin stating that visiting pilot counties is discouraged because there should not be any disturbances to Election Day operations. Pilot counties are encouraged to share experiences post-election

**Dr. Ruth** requested an update on the voter education and outreach plan

**Mr. Barron** mentioned the meetings with **DRE** and **External Affairs** to discuss Outreach plans, and he informed the **BRE** of the departure of **Ms. April Majors**, Public Affairs Manager, from Fulton County

**Ms. Corbitt** addressed the Board's inquiry on Voter Education and Outreach. **Ms. Corbitt** assured the **BRE** that voters will have an opportunity to gain accessible information on the new equipment through videos, live demonstrations, brochures, and social media. The plan is to get the information out to every voter

**Mr. Barron** mentioned that a possible challenge on Election Day for future elections will be ensuring **the that each** voter retrieves their ballot and scans it into the scanning system. **Mr. Barron** believes additional staff will be required until voters become accustomed to the new system

**Mr. Wingate** requested a calendar of upcoming events to share with all Fulton County Voters.

**Mr. Barron** expressed **DRE** will have a series of events and this information will be easily accessible as soon as the new website is online. The scheduled date for new Fulton County Website is October 2019

## #8- ABSENTEE BY MAIL OVERVIEW

**Mr. Jones** explained:

- A request to obtain a ballot is submitted by the voter
- The voter registration division has 2 days to make a decision whether to mail a ballot, or reject the request
- The ballot is mailed or a rejection letter is sent
- The ballot is then returned and once received, the Voter Registration Division has 2 additional days to determine whether or not the ballot will be counted or rejected

### An absentee request must include the following:

- Name as registered
- Date of election
- Type of election
- Address as registered
- Signature
- Address where ballot is to be mailed
- Date of birth and phone number are not required, but preferred

### To obtain an absentee request application:

- Website: [www.fultonelections.com](http://www.fultonelections.com)
- Call Absentee Division: (404) 612-7060

- In person: Downtown, North or South Annex

**To send a completed absentee request application:**

**\*Voter Registration prefers electronic submissions for tracking purposes**

- Email: [elections.absentee@fultoncountyga.gov](mailto:elections.absentee@fultoncountyga.gov)
- Fax: (404) 612-3697
- Mail: Fulton County Voter Registration, Attn: Absentee Ballot Division, 130 Peachtree Street SW, Suite 2186, Atlanta, GA 30303
- In person: Downtown, North or South Annex

**Absentee Application Rejection:**

- Address on the request does not match the voter registration application on file, unless disabled
- Application was not signed: Voter Registration will mail an application to complete with rejection letter
- Cannot be identified as a registered voter
- Registered in another county: Voter Registration will fax application to county registered
- Registration cancelled
- Party affiliation is not indicated: Voter Registration will mail an application to complete with rejection letter

**Timeline:**

- Request can be submitted 180 days prior to an election
- The deadline to send ballot requested is COB the Friday before an election

**Mailing Deadline:**

- Municipal Election: 22 days prior
- Countywide/Special Election: 45 days prior
- Runoff Election: as soon as possible

**To Return Absentee Ballot:**

- Mail: Fulton County Voter Registration, Attn: Absentee Ballot Division, 130 Peachtree Street SW, Suite 2186, Atlanta, GA 30303
- Must be received by close of polls on Election Day (downtown, North or South Annex)
- Ballot must be signed

**Absentee Ballot Rejection:**

- Ballot envelope (Oath of Elector) not signed
- Signature does not match the signature on file (**No Rejection, Ballot becomes a provisional ballot**)
- Ballot late
- Ballot dropped off at poll and it should have been delivered to one of the VR offices

**Ms. Nuriddin** expressed a previous request made to **Mr. Barron** to inform **Mr. Jones** to present the Voter Registration rejected Absentee Application for examination

**Mr. Jones** mentioned the documents are available for review

**Chairperson Cooney** inquired about previous issues concerning the mailing system regarding Absentee By Mail

**Mr. Jones** explained that each mailing issue varies; however, most concerns involve the mailing system and the ability to track ballots

**Mr. Wingate** asked about the tracking system **DRE** discussed months ago

**Mr. Jones** mentioned Pitney Bowes has given **DRE** the ability to track the outgoing mail

**Mr. Wingate** inquired about the details of the tracking system that Pitney Bowes have implemented

**Mr. Barron** explained the tracking system is similar to a UPS tracking system; however, **DRE** can provide the **BRE** with more information

**Mr. Jones** expressed **DRE** is still working with Pitney Bowes to further assist Fulton County voters

**Ms. Nuriddin** requested an explanation of why a previous request was not fulfilled

**Mr. Barron** informed **Ms. Nuriddin** those documents can be viewed in the office

**Chairperson Cooney** inquired about rejected Absentee Ballots due to signature match and Exact Match

**Mr. Jones** declared that most of their rejections are for no signature or late signature but and due to VR's staff makes making every effort to contact the voter to ensure their ballot is cast. Furthermore, due to HB 316, Exact Match is no longer mandated

## #9- FINANCE, SOUNDINGS REQUEST

**Mr. Barron** informed the **BRE** of efforts by **DRE** to adequately staff the department, purchase extra equipment, other necessities for the new voting equipment and for the 2020 Elections Cycle. **Mr. Barron** informed the **BRE** of the surveys completed regarding staff, and found that the **DRE** has the smallest staff of all the metro counties; however, the largest number of registered voters. Currently DRE's staff ratio per registered voter is the lowest highest of all the metro counties and several like size counties throughout the United States.

- Fulton County: One Fulltime staff per 39, 501 voters
- Cobb County: One Fulltime staff per 21,072 voters
- Gwinnett County: One Fulltime staff per 22,976 voters
- DeKalb County: One Fulltime staff per 35,175 voters
- Hillsborough, FL: One Fulltime staff per 20,511 voters

**Mr. Barron** listed a few items from his Soundings request being presented to the County Manager, Finance Department, and the Board of Commissioners

- 10-15 Personnel (Permanent & Long-term Supplemental Staff)
- Forklift
- Secure Carriers for the new voting system
- Central Scanner
- Precinct Paper Scanners
- Poll Books
- Mobile Voting

**Chairperson Cooney** expressed the Board's willingness to assist **DRE**

This has been a polling location for a long time and voters are accustomed to voting at this precinct; however, the current address **according to used with GPS would** direct voters to the President's Office. **DRE** is currently seeking a permanent alternative to prevent confusion. **DRE** will provide this location with additional signs to ensure voters are informed.

### #7- UPDATE ON NEW VOTING SYSTEM AND TRAINING

## Unapproved Minutes

Regular Meeting- October 10, 2019

4 | Page

**Mr. Barron** mentioned that of the 159 counties, 41 of those counties have been trained on the new voting system.

Fulton County currently has 11% of the registered voters in Georgia

Allocation percentage:

- 10.2%                      Ballot Marking Devices (**BMD**)
- 8.2%                      Poll Book
- 8.6%                      Paper Precinct Scanners

**Mr. Barron** mentioned sending a letter to the Secretary of State (**SOS**), **SOS** Liaison, and the (**SOS**) Elections Director regarding the allotment and proposed **that SOS** increase the assigned allotment to **DRE**.

**Mr. Barron** also will be requesting **additional** funds from the County ~~to cover additional funds needed to~~ purchase more equipment

**Mr. Evans** presented an overview:

Items displayed:

- Ballot Marking Device
- HP Printer
- Precinct Paper Scanner
- Poll Pad was not available for the presentation** (training will be provided at a later date)

On Election Day:

- No Voter Certificate
- Poll Pad (**Replacing the Express Polls**)
- Voter verifies their information and sign using a stylus
- Voter ballot card is created
- Voter selects their options, review their options, and then print the summary of selections with QR Code

**THE VOTER WILL REMOVE THEIR PRINTED BALLOT FROM THE PRINTER**

**THE VOTER WILL PROCEED TO THE PRECINCT SCANNER**

**INSERT BALLOT IN SCANNER AND THE BALLOT WILL DROP INTO A SECURE BALLOT BOX/ BIN**

**Mr. Kelvin Jones** assisted with the presentation by going through the sample demonstration on the **BMD** as **Mr. Evans** presented and responded to inquiries

**Ms. Nuriddin** referenced a challenge with the old system with magnifying the screen and voters not seeing all their candidates on one page

**Mr. Webb** inquired about calibration issues with the new voting system

**Mr. Evans** stated the system will not have calibration issues

**Ms. Nuriddin** asked how the voter can verify that what they scan in the system matches their selection, and mentioned the QR code and a voter's ability to read

**Mr. Evans** informed the **BRE** that **SOS** will be providing all counties with secure paper and the QR code

can only be read by the precinct scanners. Also, a voter could not take their ballot summary to another precinct and attempt to defraud the election process

**Chairperson Cooney** reiterated that once the voter scans their ballot summary, the ballot summary will drop into a locked compartment and the voter will be unable to retrieve the ballot summary

**Mr. Wingate** asked are the votes captured in the scanner

**Mr. Evans** stated yes and stated that votes are captured in two places and then audited after an election

**Chairperson Cooney** inquired about the amount of precinct scanners per polling location

**Mr. Evans** stated that it will vary by size. Smaller locations will have one, and larger locations will have multiple

**Chairperson Cooney** inquired about the reliability of the printers

**Mr. Evans** explained that the DRE intends to have more technicians in the field to assist with issues and the **BMD** has a reprint option, in the case of a paper jammed or printer issues.

**Mr. Webb** asked how the voter will be assured that their options from the reprint are accurate

**Mr. Barron** responded that the **BMD** has no stored memory and only the current voter information will be displayed

**Ms. Nuriddin** suggested that the **DRE** test the scanners before the Presidential Preference Primary (**PPP**) for durability

**Mr. Johnson** asked had this system been used in any other county similar in size to Fulton

**Mr. Evans** mentioned that **DRE** has communicated with Cook County, Illinois (Chicago) that uses this system

**Mr. Evans** mentioned the **BMD** and the **Precinct Scanners** have uninterruptable batteries that extends operation time in case of power outages by 2-4 hours

**Dr. Ruth** inquired about obtaining feedback from the six pilot counties who will be using the new machines

**Mr. Barron** stated that **SOS** will provide that information at the December Conference, Georgia Voter Registration and Elections Officials (**GAVREO**)

## **#8- BUDGET REPORT**

**Mr. Barron** provided the Board with an overview of the 2020 Budget presentation. The overall request to fund the department was 12 Million. **DRE** requested the County to fund six elections for 2020:

- Presidential Preference Primary and Special Election

**March 24, 2020**

- Special Election Runoff

**April 21, 2020**

- General Primary Election, Nonpartisan General Election, and Special Election

**May 19, 2020**

- General Primary Election, Nonpartisan General Election, and Special Runoff Elections

**July 21, 2020**

- Federal, State, & Local Offices
- General Election and Special Election

**November 3, 2020**

- General Election and Special Election Runoffs for State & Local

**December 1, 2020**

- General Election Runoffs for Federal Offices

**January 5, 2021**

**Mr. Barron** mentioned other items in the proposed budget request:

- Staffing Needs ( Permanent, Supplemental, & Poll Workers)
- Funds for more new voting equipment
- Cost increase to conduct elections

**Chairperson Cooney** asked if the **BRE** can assist with the requested budget by communicating with the Board of Commissioners (**BOC**)

**Mr. Barron** said yes and informed the Board of the next **BOC** meeting held on October 16, 2019 at 10AM

**Chairperson Cooney** encouraged **BRE** to use their contacts to speak on behalf of the need of the department

## #9- REVIEW OF BYLAWS

**Chairperson Cooney** requested a review of the By Laws. According to new or amended legislature, **BRE** may be required to amend their By Laws to ensure **BRE** is adhering to all applicable laws. **Chairperson Cooney** requested Mr. Barron expound on the changes that have and will occur

**Mr. Barron** explained that according to **HB 316** an absentee/ provisional voter has until 5pm on the Friday after an election to cure their ballot. This will restrict certification of the election to occurring before the Monday after the Election. Also, with the new voting system, all elections will require auditing and certification will be occur by the second Friday after the Election.

**Chairperson Cooney** expressed that this item will be reviewed again in 2020; however, the goal is to review and to amend the items that are currently required. **Chairperson Cooney** requested that all members review and propose any changes, so the Board can amend and affirm the amended By Laws by January 2020

## EXECUTIVE SESSION

The Board did not convene into executive session.

## **ADJOURNMENT**

With no other items requiring the Board's action, **Chairperson Cooney entertained a motion to adjourn. Mr. Wingate moved to adjourn the meeting. Mr. Johnson seconded the motion.** Collectively, the Board agreed to adjourn at 11:05 a.m.

#### **#3- DISCUSSION OF ADDITIONAL EV LOCATION REQUEST IN JOHNS CREEK**

**Mr. Barron** informed the Board of the request that came from the Mayor's office to add an early voting location in Johns Creek for the General Municipal and Special Runoff Election of December 3<sup>rd</sup>.

**Mr. Barron** informed Mayor's staff, that the **BRE** would be informed of the request to discuss at a meeting to open an additional location in Johns Creek at the Johns Creek City Hall

**Mr. Barron** referenced several concerns:

- Compensation is a barrier, due to the August 2019 Resolution passed by **BOC**, that permitted a flat rate fee to all Municipalities limiting funds available
- Mayor's Staff requested funds from one of the other cities to cover their request
- Best practice is not to alter the locations unless it is absolutely necessary, from an Election to the Runoff Election in the same cycle,
- The request is untimely

**Ms. Nuriddin** requested a recommendation from **Director Barron** with regards to considering adding an additional EV location for the December General Municipal and Special Runoff Election in Johns Creek

**Mr. Barron** informed the **BRE** that Johns Creek currently has an EV location: , there is a limitation with f ding; and the proposed location has never been used since his tenure with the department. Johns Creek City Hall would require additional efforts to become an EV location. **Mr. Barron** recommended not using Johns Creek City Hall at this time. However, **DRE** will complete an assessment for future elections in 2020

**Chairperson Cooney entertained a motion to accept the recommendation of Director Barron, to not add an additional EV Location in Johns Creek. The motion was made by Ms. Nuriddin seconded by Mr. Johnson and carried by a unanimous vote of 3-0.**

#### **#4- REVIEW OF THE SPECIAL RUNOFF ELECTION**

- Fulton County Board of Commissioners (BOC), **District 6**

- 2.9%** Voter Turnout on Election Day
- Mr. Joe Carn** won **BOC, D6**
- Ms. Andrea Baldon** won **ABOE, D2**

#### **#5- CERTIFICATION OF RESULTS: SPECIAL RUNOFF ELECTION ON OCTOBER 15, 2019**

**Chairperson Cooney** advised **Mr. Barron** to review the summary of results. **Chairperson Cooney** asked **Mr. Barron** is the election summary a true and correct count of all votes cast for the Special Runoff Election held on October 15, 2019 and does this constitutes ~~s as~~ all votes cast for the qualified candidates for the **BOC District 6 election**.

- Fulton County Board of Commissioners, **District 6**

**Mr. Barron** answered yes.

**Ms. Nuriddin** questioned the totals of Absentee By Mail (**ABM**) results

**Mr. Barron** read the results to include 56 absentee ballots cast for **BOC, D6** and 22 absentee ballots cast for **ABOE, D2**

**Chairperson Cooney entertained a motion to certify the election results. The motion was made by Mr. Johnson, seconded by Ms. Nuriddin and carried by a unanimous vote of 3-0**

**Chairperson Cooney** advised **Mr. Barron** to review the summary of results. **Chairperson Cooney asked Mr. Barron** is the election summary a true and correct count of all votes cast for the Special Runoff Election held on October 15, 2019 and does this constitute **s-as** all votes cast for the qualified candidates **for the BOE District 2 election.**

Atlanta Board of Education, **District 2**

The letter was sent out by the Voter Registration Division (**VRD**) to notify voters of a recent polling location change that was approved at the **BRE's** June 13 meeting to remove voters from Commission District 5 out Clifftondale Community House to Clifftondale Church

**Ms. Nuriddin** mentioned a recurring reoccurring issue with letters that contain incorrect information from the Voter Registration Division, and requested a resolution regarding the issue

**Dr. Ruth** requested information on how the letters are generated

**Mr. Jones** explained the intention behind the letters being generated and took responsibility for the error.

**Mr. Barron** stated that he will convene with management in the **VRD** to create better procedures for proofing letters or approving the file

**Ms. Nuriddin** implored the **DRE** to ensure they are doing their due diligence, because errors have an effect on the department and Board

#### **#4- CONSIDERATION OF FORMAT CHANGE TO BRE AGENDA**

**Chairperson Cooney** advised the Board to review agenda drafts in their packets. All present members reviewed the drafts and the Board decided on Draft 1. No motion needed and the agenda format will be revised at the upcoming Special Meeting on September 23, 2019.

#### **#5- CONFIRM DATE TO CERTIFY ELECTION RESULTS**

**Chairperson Cooney** inquired about provisional ballots with the PI code. PI code gives the voter until 5:00 p.m. on the Friday after the election to submit an acceptable form of government issued identification.

**Chairperson Cooney** discussed the available dates and times for the certification meeting to be held. With the exception of Chairperson Cooney, **who will be absent**, the Board agreed for the meeting to be held Monday, September 23, 2019 at 1:00PM to certify the Special Election of September 17<sup>th</sup>.

## **EXECUTIVE SESSION**

The Board did not convene into executive session.

## **ADJOURNMENT**

With no other items requiring the Board's action, **Chairperson Cooney entertained a motion to adjourn. Ms. Nuriddin made a motion to adjourn the meeting. Mr. Johnson seconded the motion.** Collectively, the Board agreed to adjourn at 7:10 p.m.

The meeting adjourned.

**Vice Chairperson Wingate** asked Mr. Barron if all municipalities agreed to Amendment I

**Mr. Barron** stated yes and explained that this Amendment I was due to Board Of Commissioners' (BOC) resolution to amend all contracts, and charge a flat fee per voter.

**Vice Chairperson Wingate entertained a motion to approve the Amendment I of the contract agreement from the listed municipalities. The motion was made by Ms. Nuriddin, seconded by Mr. Johnson and carried by a unanimous vote of 4-0.**

## NEW BUSINESS

### **#4- CERTIFICATION OF RESULTS: SPECIAL ELECTION ON SEPTEMBER 17, 2019**

- Fulton County Board of Commissioners, **District 6**
- Atlanta Board of Education, **District 2**

**Vice Chairperson Wingate** asked **Mr. Barron** to attest and affirm that the election results presented were a true and accurate count of all the eligible votes cast in the Special Election for **Fulton County Board of Commission, District 6** held on September 17, 2019.

**Mr. Barron** answered yes.

**Vice Chairperson Wingate entertained a motion to certify the election results. The motion was made by Mr. Johnson, seconded by Ms. Nuriddin and carried by a unanimous vote of 4-0.**

**Mr. Johnson** inquired about the action plan for the **DRE** regarding South Fulton Voters and the overlap at Wolf Creek Library for the Runoff Election and the beginning of Early Voting for the General and Special Municipal Elections

**Mr. Barron** explained which tools **DRE** will utilize to ensure voters are informed; : press releases, website posting, extra personnel on staff (line monitors), and signs

**Mr. Johnson** asked if External Affairs has drafted a press release to disseminate to community leaders and neighborhoods

**Ms. Church** mentioned she will follow up with **Jessica Corbitt** to provide the Board with further information

**Mr. Johnson** mentioned that voters in Commission District 6 (South Fulton) are being given incorrect information regarding receiving provisional ballots on October 15. If you wish to vote in Fulton County Commission, District 6 you must go to your **ASSIGNED PRECINCT** on Election Day. October 15<sup>th</sup> is also the first day of Early Voting for the November 5<sup>th</sup> Election, in which there will be ten locations available for voters to cast their ballots.

**Mr. Barron** mentioned **DRE** wanted to send a Head of Household mailer; however, there are no funds available under this amended contract to cover the cost of mailers

**Vice Chairperson Wingate** asked is there an opportunity to educate the public regarding the overlapping elections

**Mr. Barron** mentioned this could occur every year if there is a Special Election in September Election and a runoff

**Ms. Nuriddin** clarified the dismissal of her request for head of household mailers to be mailed; however, due to recent resolution passing by BOC, it has negatively impacted **DRE** processes

**Mr. Jones** explained that the cost to mail Head of Household letters could be around \$50,000.

**Vice Chairperson Wingate** asked **Mr. Barron** to attest and affirm that the election results presented were a true and accurate count of all the eligible votes cast in the Special Election for **Atlanta Board of Education, District 2** held on September 17, 2019.

**Mr. Barron** answered yes.

**Vice Chairperson Wingate entertained a motion to certify the election results. The motion was made by Mr. Johnson, seconded by Dr. Ruth and carried by a unanimous vote of 4-0.**

## EXECUTIVE SESSION

Vice Chairperson Wingate entertained a motion to close the regular session and convene into executive session to discuss pending litigation administrative proceedings. The motion was made by Ms. Nuriddin, seconded by Mr. Johnson and carried by a unanimous vote of 4-0.

**Agenda Item Summary**

**BOC Meeting Date**  
 11/6/2019

**Requesting Agency**  
 Registration and Elections

**Commission Districts Affected**  
 All Districts

**Requested Action** *(Identify appropriate Action or Motion, purpose, cost, timeframe, etc.)*  
 Request approval of award without competition – Registration and Elections, 19SS412047C-BKJ, Voting System Stations with Election Works (Geneva, IL), in an amount not to exceed \$2,600,000.00 to provide secure steel voting system carriers and voting stations. Effective upon BOC Approval.

**Requirement for Board Action** *(Cite specific Board policy, statute or code requirement)*  
 In accordance with Purchasing Code Section 102-384, after conducting a good faith review, the Purchasing Department has determined only one source is available for the required supply, service, or construction item, thus the request shall be forwarded to the Board of Commissioners for approval. Election Works has a patent pending with the United States Patent and Trademark Office.

**Is this Item related to a Strategic Priority Area?** *(If yes, note strategic priority area below)*  
 Yes, All people are trust that government is efficient, effective and fiscally sound.

**Is this a purchasing item?**  
 Yes

**Summary & Background** *(First sentence includes Agency recommendation. Provide an executive summary of the action that gives an overview of the relevant details for the item.)*

**Scope of Work:** To purchase 800 secure steel voting system stations/carriers which include ballot marking devices, printers, scanners and uninterruptible power supply batteries mounted within the cabinets. All equipment will be connected and tested within the carriers. The new voting system requires voters to (1) vote electronically on touch screen; (2) print ballot on a printer in order to review and to ensure their vote was recorded accurately; and (3) scan their printed ballot on a scanner.

These units will provide the following benefits:

- Allowing for warehouse staff to test the logic and accuracy of the voting system from the carriers
- Efficiency in set-up by decreasing the set up time and demands on Poll Workers
- Security, units can be locked and sealed
- Durability (15 year lifespan)
- Ease of delivery of equipment

The carriers can be sealed and delivered to polling places. On Election Day poll workers power the carriers. Once the voting system has power, the Poll Workers open wings to allow voters access to vote.

The carriers can be sealed each night through Early Voting and also on Election Day after voting concludes.

**Community Impact:**

Secure storage in durable, long lasting steel units and secure, stable delivery of sensitive election equipment increases confidence in citizens in the voting process. We believe this product will give us the most secure voting delivery method to voters of any county in the State of Georgia.

**Department Recommendation:** Approval

**Project Implications:**

Implementation of the new voting system comes with many opportunities and pitfalls. This is an opportunity to make the job of a poll worker easier as it also streamlines behind the scenes administrative processes.

**Community Issues/Concerns:**

We need to address community concerns regarding secure storage of our voting equipment once it leaves our warehouse. Pairing voting units in secure storage containers that double as voting stations increases our control over voting delivery to the citizens of Fulton County. It reduces access to bad actors in a way that will lead the State of Georgia forward.

**Department Issues/Concerns:**

We are concerned about activist lawsuits continuing to use Fulton County as the Exemplar County in Georgia. We feel that purchasing these secure carriers will reduce access by bad actors and reduce the target painted by lawsuits against Fulton County because of the added security for our equipment.

**History of BOC Agenda Item:** This is a new request.

We are doing that.

They've had a year to prepare eNet for this election. On Friday and Saturday just running reports bogged the system down to a crawl. They need to go to the Texas mode and allow us to go offline and get our own VR system that can update the state's VR nightly. We never had VR issues in Texas with that mode.

Just got this. Seems like useful advice. See below.

If you encounter sluggish ENET performance, try instructing your poll workers to look up voters via driver license number, if possible. The less data the system has to search, the faster ENET will operate.

We are looking at other ways to optimize performance, and would let you know if there's more news.

- If the person is not registered, the absentee ballot clerk shall immediately mail a voter registration application to the person.
- **No absentee ballot shall be mailed to an address other than the permanent mailing address provided on the elector's registration record or a temporary out of county or out of municipality address, except in the case of:**
  - **A physically disabled elector; or**
  - **Electors in custody in a jail or other detention facility in the county or municipality**
- Enter date received on the application
- In order to be found eligible to vote an absentee ballot by mail, the registrar or absentee ballot clerk shall compare the identifying information on the application with the information on file in the registrar's office and, if the application is signed by the elector, compare the signature or mark of the elector on the application with the signature or mark of the elector on the elector's voter registration card
- Municipal Election Superintendents must provide a copy of the absentee ballot application to the county registrar immediately so that the signature on the absentee ballot application can be compared to the signature on the voter registration application.

# Processing By Mail Absentee Ballot

## O.C.G.A. § 21-2-381, O.C.G.A. § 21-2-384

- If found eligible, the absentee ballot shall be mailed to the elector, including a mailing envelope for the absentee ballot, and the uniform instructions for the specific voting system used.
- The voter's name and registration number is to be provided on the return mailing envelope.
- If additional information is needed, a letter should be written immediately.
- If the eligible elector is listed as IDR, in addition to mailing the ballot, a letter should be sent requesting the voter provide a copy of HAVA id by the provisional ballot deadline which is three days after the date of the election pursuant to O.C.G.A. §§ 21-2-386(a)(1)(D) and 21-2-419.
- If a person is found ineligible for any reason other than signature issue, he or she must be notified in writing immediately of the rejection of the application and the reason for the rejection. A copy must be retained for at least one year.
- If the signature on an application is not consistent with the voter's signature on file, a provisional absentee ballot must be issued along with instructions on how the voter may confirm his or her identity when the ballot is received. The outer envelope shall be marked as provisional and have the voter's name and registration number.

## What happens when a voted absentee ballot is returned?

### O.C.G.A. § 21-2-386

- Record date and time received on the oath envelope
- The registrar compares the identifying information on the oath with information on file in the office; shall compare the signature or mark on the oath with the signature or mark on the voter registration card and the absentee ballot application or facsimile for validity.
- If validated, sign below the elector's oath and add to Absentee Numbered List of Voters.
- If the signature of the voter on the oath envelope is missing or not consistent with the voter's signature on file, the ballot should be deemed provisional and held separate and apart from the other absentee ballots in accordance with State Election Board Rule 183-1-14-.03(2). A notice shall be sent via first-class mail and also electronic means, if the voter's email address is known, to the voter to provide requested documentation to resolve the signature issue.

## What happens when a voted absentee ballot is returned?

### O.C.G.A. § 21-2-386

- All ballots, certified and rejected, shall be kept safely and unopened prior to the closing of the polls on the day of the election unless prior notice has been provided.
- For provisional absentee ballots due to signature issues, the voter has until the provisional deadline which is three days after the date of the election to return the completed affidavit with a copy of HAVA id.
- If a ballot is rejected, write 'rejected' on the envelope along with the reason for the rejection. The board of registrars or absentee ballot clerk shall promptly notify the elector of such rejection, a copy of which notification shall be retained in the files of the board of registrars or absentee ballot clerk for at least two years.

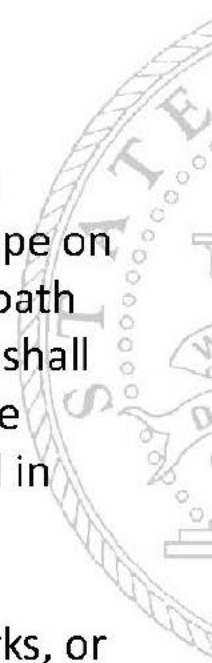

# Processing By Mail Absentee Ballot

## When can ballots be opened?

### O.C.G.A. § 21-2-386(a)(2)

- After the opening of the polls on the day of the primary, election, or runoff, the registrars or absentee ballot clerks shall be authorized to open the outer envelope on which is printed the oath of the elector in such a manner as not to destroy the oath printed thereon; provided, however, that the registrars or absentee ballot clerk shall not be authorized to remove the contents of such outer envelope or to open the inner envelope marked "Official Absentee Ballot," except as otherwise provided in this Code section. **O.C.G.A. § 21-2-386(a)(2)**
- At least three persons who are registrars, deputy registrars, absentee ballot clerks, or poll workers must be present before commencing.

## When can ballots be opened?

### O.C.G.A. § § 21-2-386(a)(3) and 21-2-386(a)(4)

- With prior notice, county election superintendents may begin tabulating ballots after 7:00am on Election.
- Notice must be provided to the Secretary of State's Election Division no later than 7 days prior to the Election. The notice must also be published in the Election Superintendent's Office and the legal organ of the county at least 1 week prior to the election.
- The county executive committee or, if there is no organized county executive committee, the state executive committee of each political party and political body having candidates whose names appear on the ballot for such election in such county shall have the right to designate two persons and each independent and nonpartisan candidate whose name appears on the ballot for such election in such county shall have the right to designate one person to act as monitors for such process. In the event that the only issue to be voted upon in an election is a referendum question, the superintendent shall also notify in writing the chief judge of the superior court of the county who shall appoint two electors of the county to monitor such process O.C.G.A. § 21-2-386(a)(3).

## How are by mail absentee ballots tabulated on Election Day?

### O.C.G.A. § § 21-2-386 (c) and 21-2-386(d)

- The manager and two assistant managers, appointed by the election superintendent, shall count the absentee ballots in the same manner as counting other ballots.
- In the event that an outer envelope is found to contain an absentee ballot that is not in an inner envelope, the ballot shall be sealed in an inner envelope, initialed and dated by the person sealing the inner envelope and deposited in the ballot box and counted in the same manner as other absentee ballots, provided that the ballot is otherwise proper.
- The managers shall prepare an election return showing the results of the absentee ballots casts.
- Absentee ballot returns must be tabulated or counted and reported by precinct.

## Processing By Mail Absentee Ballot: Exception for By Mail Absentee Ballots Received after the Polls Close

O.C.G.A. § 21-2-386 (a)(1)(G)

Notwithstanding any provision of this chapter to the contrary, until the United States Department of Defense notifies the Secretary of State that the Department of Defense has implemented a system of expedited absentee voting for those electors covered by this subparagraph, absentee ballots cast in a primary, election, or runoff by eligible absentee electors who reside outside the county or municipality in which the primary, election, or runoff is held and are members of the armed forces of the United States, members of the merchant marine of the United States, spouses or dependents of members of the armed forces or merchant marine residing with or accompanying such members, or overseas citizens that are postmarked by the date of such primary, election, or runoff and are received within the three-day period following such primary, election, or runoff, if proper in all other respects, shall be valid ballots and shall be counted and included in the certified election results.

# Advance In Person Voting

## O.C.G.A. § 21-2-385 (d)(1)

- Must have the same minimum staffing as an Election Day polling place
- **Begins on the 4<sup>th</sup> Monday prior to an election or a runoff with a federal candidate on the ballot and as soon as practicable before runoff elections with no federal candidates on the ballot**
- Notice must be provided to the Secretary of State's Election Division and electors of the dates, times and locations for advance in-person voting.
- If after making an application for a ballot and the voter is found eligible, their ballot must be issued and they must be allowed to vote their ballot in the office of the Registrar or the Absentee Ballot Clerk.
- Voter must present the required identification in order to cast an advance in person ballot.

## Advance In-Person Voting

- If the voter is found ineligible or does not have the required identification he/she must cast a provisional ballot.
- During the period of advance in person voting hours may be extended beyond normal business and additional locations may be added. O.C.G.A. § 21-2-385 (d)(2)
- All advance in person ballots must be kept secured until the close of the polls on Election Day.
- Ballots cast during the advance in person voting period cannot be counted/tabulated until after the polls close on Election Day.
- If DRE units are used on Election Day, they must also be used during the advance in person voting period. O.C.G.A. § 21-2-383 (b)

# Absentee By Mail and Advance In-Person Identification Requirements

O.C.G.A. § 21-2-385

- **If the person voting absentee or voting in person cannot produce identification, then the person must be allowed to cast a provisional ballot.**
- A person who registered by mail for the first time and has not previously shown identification (IDR) is still on the electors' list – the person must provide identification within the three days after the election for the ballot to be counted.
- Any voter, who casts a provisional absentee ballot for the reason of not having ID, must provide identification within the three days after the election for the ballot to be counted.

# Absentee Provisional Voting: Votes Without Proper Identification

An elector who registered by mail (IDR) for the first time in Georgia and returned an absentee by mail ballot WITHOUT providing appropriate identification must cast an absentee provisional ballot.

- This applies to ALL elections, including municipal
- The code for this type of voter is IR.

If an elector listed as IDR does not provide appropriate identification by Election Day, his/her ballot will be treated as a provisional ballot and the following steps will be taken:

1. Place these ballots on an absentee provisional numbered list of voters.
  2. At the close of the polls, the Registrar or absentee ballot clerk will deliver these ballots to the Election Superintendent.
  3. The Election Superintendent will note the number of ballots on the absentee ballot recap form.
  4. The Election Superintendent will maintain these ballots in a secure container.
  5. If the Registrar or absentee ballot clerk receives the requested HAVA id from the elector within the time frame specified by law the ballot will be counted. The Registrar or absentee ballot clerk will provide the Superintendent with a list noting which ballots are to be counted and which have been rejected.
  6. The Superintendent will count the accepted absentee provisional ballots.
- An IDR voter is permitted to return their identification in the outer envelope of the absentee ballot.

**What happens if an absentee voter dies after casting ballot?**

- **If it is found to be a valid ballot, the ballot shall be counted.**

## What happens if the voter is in the precinct on Election Day?

### O.C.G.A. § 21-2-388

When an absentee ballot which has been voted shall be returned to and received by the board of registrars, it shall be deemed to have been voted then and there; and no other ballot shall be issued to the same elector. If an elector has requested to vote by absentee ballot and has not received such absentee ballot, has such ballot in his or her possession, or has returned such ballot but the registrars have not received such ballot, such elector may have the absentee ballot canceled and vote in person on the day of the primary, election, or runoff in one of the following ways: (1) If the elector is in possession of the ballot, by surrendering the absentee ballot to the poll manager of the precinct in which the elector's name appears on the electors list and then being permitted to vote the regular ballot. The poll manager shall mark "**Canceled**" and the date and time across the face of the absentee ballot and shall initial same. The poll manager shall also make appropriate notations beside the name of the elector on the electors list. All such canceled absentee ballots shall be returned with other ballots to the superintendent;

or (2) If the elector has not received the ballot or if the elector has returned the ballot but the registrars have not received the ballot, by appearing in person before the registrars or the absentee ballot clerk and requesting in writing that the envelope containing the elector's absentee ballot be marked "**Canceled.**" After having satisfied themselves as to the identity of such elector, the registrars or the absentee ballot clerk shall grant the request and shall notify the managers of the elector's precinct as to such action so as to permit the elector to vote in person in that precinct. If the absentee ballot is in the mail or its exact location is unknown, the registrar or the absentee ballot clerk shall write "**Canceled**" beside the elector's name on the master list of absentee voters and shall cancel the ballot itself as soon as it is received. Canceled absentee ballots shall be disposed of in the same manner as provided in subsection (a) of Code Section 21-2-386 for absentee ballots returned too late to be cast.

## What happens if the ballot is challenged?

**O.C.G.A. § 21-2-230 discusses the process of challenging a person whose name appears on the electors list.**

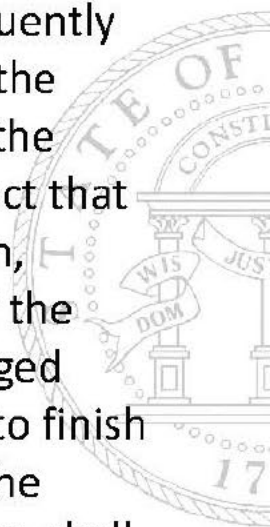

Challenge of persons on list of electors by other electors; procedure; hearing; right of appeal (a) Any elector of the county or municipality may challenge the right of any other elector of the county or municipality, whose name appears on the list of electors, to vote in an election. Such challenge shall be in writing and specify distinctly the grounds of such challenge. Such challenge may be made at any time prior to the elector whose right to vote is being challenged voting at the elector's polling place or, if such elector cast an absentee ballot, prior to 5:00 P.M. on the day before the election; provided, however, that challenges to persons voting by absentee ballot in person at the office of the registrars or the absentee ballot clerk whose vote is cast on a DRE unit must be made prior to such person's voting. (b) Upon the filing of such challenge, the board of registrars shall immediately consider such challenge and determine whether probable cause exists to sustain such challenge. If the registrars do not find probable cause, the challenge shall be denied. If the registrars find probable cause, the registrars shall notify the poll officers of the challenged elector's precinct or, if the challenged elector voted by absentee ballot, notify the poll officers at the absentee ballot precinct and, if practical, notify the challenged elector and afford such elector an opportunity to answer.

(c) If the challenged elector appears at the polling place to vote, such elector shall be given the opportunity to appear before the registrars and answer the grounds of the challenge. (d) If the challenged elector does not cast an absentee ballot and does not appear at the polling place to vote and if the challenge is based on grounds other than the qualifications of the elector to remain on the list of electors, no further action by the registrars shall be required. (e) If the challenged elector cast an absentee ballot and it is not practical to conduct a hearing prior to the close of the polls and the challenge is based upon grounds other than the qualifications of the elector to remain on the list of electors, the absentee ballot shall be treated as a challenged ballot pursuant to subsection (e) of Code Section 21-2-386. No further action by the registrars shall be required. (f) If the challenged elector does not cast an absentee ballot and does not appear at the polling place to vote and the challenge is based on the grounds that the elector is not qualified to remain on the list of electors, the board of registrars shall proceed to hear the challenge pursuant to Code Section 21-2-229.

(g) If the challenged elector cast an absentee ballot and the challenge is based upon grounds that the challenged elector is not qualified to remain on the list of electors, the board of<sup>29</sup> registrars shall proceed to conduct a hearing on the challenge on an expedited basis prior to the certification of the consolidated returns of the election by the election superintendent. The election superintendent shall not certify such consolidated returns until such hearing is complete and the registrars have rendered their decision on the challenge. If the registrars deny the challenge, the superintendent shall proceed to certify the consolidated returns. If the registrars uphold the challenge, the name of the challenged elector shall be removed from the list of electors and the ballot of the challenged elector shall be rejected and not counted and, if necessary, the returns shall be adjusted to remove any votes cast by such elector. The elector making the challenge and the challenged elector may appeal the decision of the registrars in the same manner as provided in subsection (e) of Code Section 21-2-229. (h) If the challenged elector appears at the polls to vote and it is practical to conduct a hearing on the challenge prior to the close of the polls, the registrars shall conduct such hearing and determine the merits of the challenge. If the registrars deny the challenge, the elector shall be permitted to vote in the election notwithstanding the fact that the polls may have closed prior to the time the registrars render their decision and the elector can actually vote, provided that the elector proceeds to vote immediately after the decision of the registrars. If the registrars uphold the challenge, the challenged elector shall not be permitted to vote and, if the challenge is based upon the grounds that the elector is not qualified to remain on the list of electors, the challenged elector's name shall be removed from the list of electors.

i) If the challenged elector appears at the polls to vote and it is not practical to conduct a hearing prior to the close of the polls or if the registrars begin a hearing and subsequently find that a decision on the challenge cannot be rendered within a reasonable time, the challenged elector shall be permitted to vote by having the word "Challenged" and the elector's name written across the back of the elector's ballot notwithstanding the fact that the polls may have closed prior to the time the registrars make such a determination, provided that the elector proceeds to vote immediately after such determination of the registrars. In such cases, if the challenge is based upon the grounds that the challenged elector is not qualified to remain on the list of electors, the registrars shall proceed to finish the hearing prior to the certification of the consolidated returns of the election by the election superintendent. If the challenge is based on other grounds, no further action shall be required by the registrars. The election superintendent shall not certify such consolidated returns until such hearing is complete and the registrars have rendered their decision on the challenge. If the registrars deny the challenge, the superintendent shall proceed to certify the consolidated returns. If the registrars uphold the challenge, the name of the challenged elector shall be removed from the list of electors and the ballot of the challenged elector shall be rejected and not counted and, if necessary, the returns shall be adjusted to remove any votes cast by such elector. The elector making the challenge and the challenged elector may appeal the decision of the registrars in the same manner as provided in subsection (e) of Code Section 21-2-229.

**O.C.G.A. § 21-2-386 (7)(e)**

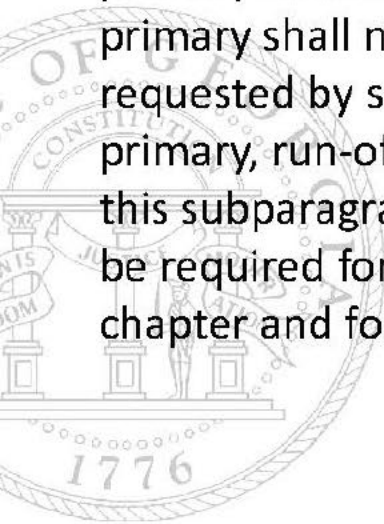

(e) If an absentee elector's right to vote has been challenged for cause, a poll officer shall open the envelopes and write "Challenged," the elector's name, and the alleged cause of challenge on the back of the ballot, without disclosing the markings on the face thereof, and shall deposit the ballot in the box; and it shall be counted as other challenged ballots are counted. Where direct recording electronic voting systems are used for absentee balloting and a challenge to an elector's right to vote is made prior to the time that the elector votes, the elector shall vote on a paper or optical scanning ballot and such ballot shall be handled as provided in this subsection. The board of registrars or absentee ballot clerk shall promptly notify the elector of such challenge.

## Are voters required to submit a separate application for an absentee by mail ballot prior to each election?

O.C.G.A. § 21-2-381(a)(1) (G)

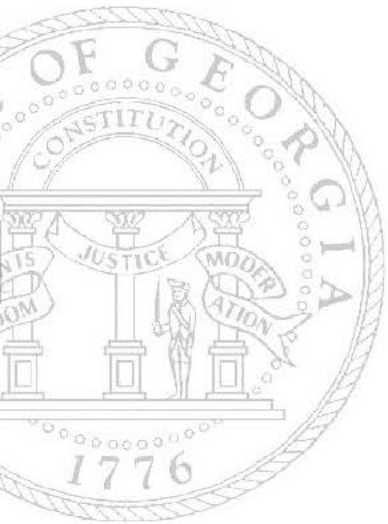

Any elector meeting criteria of advanced age or disability specified by rule or regulation of the State Election Board or any elector who is entitled to vote by absentee ballot under the federal Uniformed and Overseas Citizens Absentee Voting Act, 42 U.S.C. Section 1973ff, et seq., as amended, may request in writing on one application a ballot for a primary as well as for any runoffs resulting therefrom and for the election for which such primary shall nominate candidates as well as any runoffs resulting therefrom. If not so requested by such person, a separate and distinct application shall be required for each primary, run-off primary, election, and run-off election. Except as otherwise provided in this subparagraph, a separate and distinct application for an absentee ballot shall always be required for the presidential preference primary held pursuant to Article 5 of this chapter and for any special election or special primary.

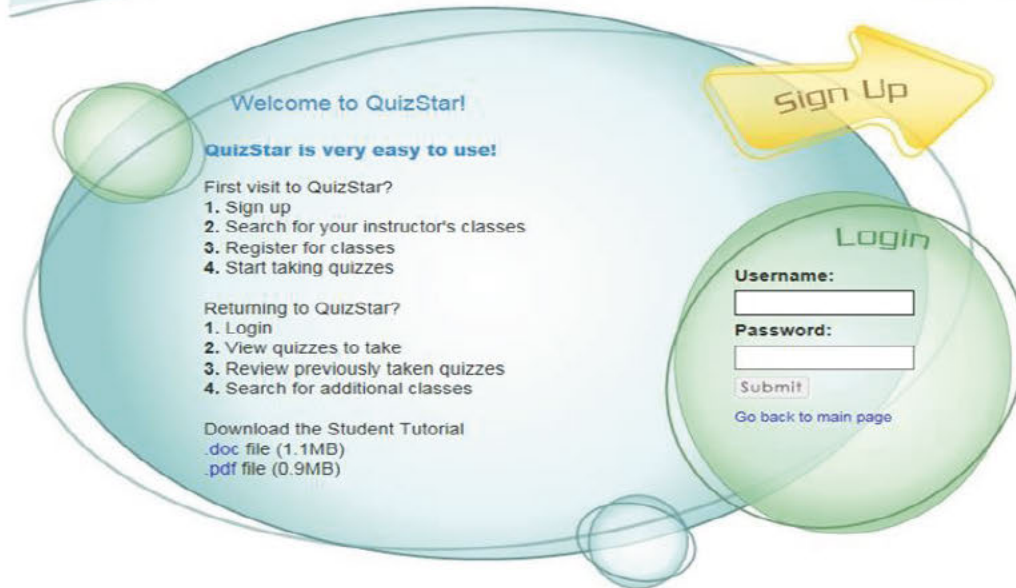

## What happens if the elector is in the hospital?

### O.C.G.A. § 21-2-381(b)(2)(C)

If found eligible, the registrar or absentee ballot clerk shall certify by signing in the proper place on the application and the registrar or absentee ballot clerk shall issue the ballot to the elector to be voted within the confines of the registrar's or absentee ballot clerk's office or may deliver the ballot in person to the elector if such elector is confined to a hospital.

Thanks Diane for reaching out. I have copied departmental leaders to address your concerns. There have been intermittent system outages causing delays in processing some early votes at JC Environmental. Please send your husband and son's names, address and DOB to Sharon Benjamin who's copied here.

I sincerely apologize for any inconvenience any of this may have caused. Thank you so much for reaching out to me.

hi!

So, hubby, Son#2 and I all did early voting at the same time on Friday at the Johns Creek Environmental Center.

In checking the MVP, my absentee ballot is showing up, but hubby and Son#2's votes aren't appearing as being requested, issued, received, or accepted.

How long does it take the SOS's page to show the data and what should they do?

Thanks!

**PETITION TO CONTEST THE RESULTS OF THE JUNE 9, 2020  
PRIMARY ELECTION FOR DISTRICT 6  
OF THE FULTON COUNTY BOARD OF COMMISSIONERS**

COMES NOW, the above-named Petitioner, a duly eligible contestant under O.C.G.A. § 21-2-521 and hereby contests the results of the District 6 race for the Fulton County Board of Commissioners June 9, 2020 Election, showing the Court the following:

The Parties

1.

Petitioner, JOE CARN was a qualified candidate on the June 9, 2020 ballot for the District 6 seat on the Fulton County Board of Commissioners was an authorized contestant under O.C.G.A. § 21- 2- 521.

2.

Defendant, KHADIJAH ABDUR-RAHMAN, was a candidate for the District 6 seat on the Fulton County Board of Commissioners.

3.

Defendant, RICHARD BARRON, serves in the official capacity as chief administrative officer, with the title of Director, of the FULTON COUNTY BOARD OF REGISTRATION AND ELECTIONS.

4.

Defendant, FULTON COUNTY BOARD OF REGISTRATION AND ELECTIONS, is the Supervisor of Elections for Fulton County, Georgia.

Jurisdiction and Venue

5.

Jurisdiction and venue over this matter is in the Fulton County Superior Court.

Factual Background

6.

The Defendant, FULTON COUNTY BOARD OF REGISTRATION AND ELECTIONS, has jurisdiction over the registration of voters and the conduct of elections for Fulton County, Georgia.

7.

The Petitioner desires to contest the results of the June 9, 2020 primary election for the District 6 seat on the Fulton County Board of Commissioners based upon the fact that KHADIJAH ABDUR-RAHMAN was an ineligible candidate. O.C.G.A. § 5-2-522(2).

8.

Additionally, Petitioner desires to contest the results of the June 9, 2020 primary election for the District 6 seat on the grounds that:

2

- a) Misconduct, fraud, or irregularity by any primary or election official or officials sufficient to change or place in doubt the result, O.C.G.A. § 5-2-522(1);
- (b) illegal votes have been received or legal votes rejected at the polls sufficient to change or place in doubt the result O.C.G.A. § 5-2-522(3);
- (c) there were errors in counting the votes or declaring the result of the primary or election where such error would change the result, O.C.G.A. § 5-2-522(4); and
- (d) other causes show that Petitioner was the person legally nominated and elected, in the primary election of June 9, 2020.

9.

The candidates for the District 6 seat on the Fulton County Board of Commissioners in the election on June 9, 2020 were JOE CARN and KHADIJAH ABDUR-RAHMAN.

10.

Upon information and belief, the results of the June 9, 2020 election have not yet been certified.

11.

Defendant, KHADIJAH ABDUR-RAHMAN, qualified as a candidate in the June 9, 2020 election for the District 6 seat on the Fulton County Board of Commissioners by filing a Notice of Candidacy and Affidavit on March 5, 2020, as is required by O.C.G.A. § 21-2-132(d). (See Exhibit “A”).

12.

Defendant, KHADIJAH ABDUR-RAHMAN, falsely swore in said affidavit that she was

3

a resident of District 6, residing at 373 Cativo Drive, S.W., Atlanta, GA 30311. (See Exhibit “A”).

13.

Defendant, KHADIJAH ABDUR-RAHMAN, is in fact not a resident of District 6 and resides in the City of Atlanta at 213 Linkwood Rd. N.W., at which location she has applied for and been granted a homestead exemption. (See Attached Exhibit “B”).

14.

Defendant, KHADIJAH ABDUR-RAHMAN’s, true residency is outside of District 6 and she is therefore ineligible to seek the District 6 seat on the Fulton County Board of Commissioners.

15.

Defendant, KHADIJAH ABDUR-RAHMAN, was deeded the property at 213 Linkwood Rd. N.W. Atlanta, Georgia, by Quit Claim Deed recorded in the records of the Fulton County Superior Court Clerk on February 3, 2006. (See Attached Exhibit “C”).

16.

The residence located at 373 Cativo Drive, Atlanta, Georgia 30310 was deeded by Defendant, KHADIJAH ABDUR-RAHMAN, formerly known as, Beverly Blanche Jackson, to Audraine Jackson by Quit Claim Deed recorded in the records of the Fulton County Superior Court Clerk on September 9, 2014. (See Attached Exhibit “D”).

17.

In order to qualify as a candidate for the Fulton County Board of Commissioners a candidate is required to reside in the district for which the candidate seeks to run for a period of

one year before taking office. (See Attached Exhibit “E”, at Section 1-72(e)).

18.

Under the charter and enabling legislation for the Fulton County Board of Commissioners, at Section 1-72(e), Defendant, KHADIJAH ABDUR-RAHMAN, was ineligible to qualify as a candidate for the District 6 seat because she will not have been a resident of the district for a period of time equal to one year from the date of taking office.

19.

Defendant KHADIJAH ABDUR-RAHMAN should be disqualified from being certified as the winner of the District 6 race by virtue of the fact that she has not met the residency requirement and the requirement to have resided in the district for the appropriate length of time prior to the time she would otherwise take office.

20.

Petitioner, JOE CARN, should be declared the winner of the District 6 race.

**WHEREFORE** Petitioner prays that the court enter an order declaring the following:

- a) That Notice and process issue as provided by law;
- b) That a hearing be held in order to receive evidence and testimony concerning the allegations of this Petition;
- c) That the official election results be declared null and void and that the Defendant, KHADIJAH ABDUR-RAHMAN, be enjoined from taking office until such time as the court can inquire into and receive evidence on the allegations set forth in this Petition;
- d) That the Court use its authority under O.C.G.A. § 21-2-527 to find that this Petitioner, JOE CARN, should be declared the winner of the District 6 race as the only qualified

(770) 716-2439 (fax) candidate with the highest vote count in the District 6 race; and,

e) That Petitioner have such further relief as the Court may deem just and equitable.

This \_\_\_\_ day of June 2020.

Respectfully Submitted

Ms. Ringer, Director Barron and Mr. Lowman:

First, I agree with the order 100%. Secondly, great job Rick!! The petition reminded me of the person I met 8 years ago at Brandon and Cindy Strawn's house in the Roswell Country Club community. We spoke for over an hour about the impact you wanted to make in Fulton County most of which came to fruition. I saw a glimpse of him during this election cycle and it made me smile. Rick, I see you trying to communicate more with the BRE and I appreciate that. Keeping the BRE in the loop protects you. Thirdly, Mr. Lowman you presented well in the meeting yesterday. Thank you for your leadership and all that you do for the FCBRE.

Last y, Ms. Ringer I only wish that the FCBRE would have been told of the order prior to Judge Hathaway signing it. Hopefully, Judge Hathaway didn't sign the order knowing that you created the petition and filed it without the FCBRE's knowledge. Either way, I cannot imagine any attorney who would even be comfortable doing that. A *though need ess y reck ess, that took rea GUTS* ady! Moving forward, Rick I pray you send an email, a smoke signal or somehow communicate with this board prior to standing in front of any judge on the FCBRE's behalf. I spoke to the Chair about this this morning.

Ms. Ringer had you included the FCBRE in the petition you created on our behalf, we may have encouraged you to also ask for relief to allow the DRE to accept AB by Mail post-marked June 9th up until this Friday. A federal judge supported expanding the time to receive AB by Mail in CD6 a couple years back so it was not inconceivable. With the pandemic, delays in processing applications for AB by Mail, Covid-19 related death in the DRE, any judge may have allowed it. We never know now. Obviously, I am personally powerless from preventing Ms. Ringer from doing whatever it is she wants in the legal department and can only pray that lines of communication improve. Cheryl, I hope to have stronger working relationships with you and will work hard to make that a reality. I pray that you will do the same. Thank you for your time.

Hey Rick, is there anything I can do to help re-open some of the polls? If you are cool with my trying, please send me the list of any critical precincts. The night before the April 23rd meeting, your constituents were spot on to send the email regarding the COA precincts which by all accounts was right after you found out, that gave me enough time to wake up several city officials in the COA at an ungodly hour to help facilitate the polls reopening before our meeting. For some reason I didn't answer my call which was on my mind to help out of professional courtesy. By the time Fors was reached about 7:15am, the polls had already been reopened. My colleagues on the BRE will never know my role the morning of the 23rd and that's how I prefer it! All that to say, I do have real concerns that may be useful here. If I can help get one poll reopened, I will give it my best efforts. Let me know.

**I am preparing a legislative update for Georgia PTA Council and District PTA leaders next week. Today was Day 4 of the General Assembly. Day 5 will be January 26th. Here are the bills that dropped impacting Elections....it's only just beginning. Just FYI.**

## HB 62

**Elections; boards and superintendents accept and expend private funds; prohibit**

A BILL to be entitled an Act to amend Chapter 2 of Title 21 of the Official Code of Georgia Annotated, relating to primaries and elections generally, so as to prohibit boards of elections, boards of registration and elections, local elections superintendents, and county boards of registrars from accepting or expending private funds; to provide that such local elections officials can only accept lawful appropriations of public funds or authorized fees; to provide for related matters; to repeal conflicting laws; and for other purposes

## HB 64

**Elections; manner of handling the death of a candidate prior to a nonpartisan election; provide**

A BILL to be entitled an Act to amend Chapter 2 of Title 21 of the Official Code of Georgia Annotated, relating to primaries and elections generally, so as to provide for the manner of handling the death of a candidate prior to a nonpartisan election; to provide that no candidate shall take or be sworn into any elected public office unless such candidate has received a majority of the votes cast for such office except as otherwise provided by law; to provide for related matters; to provide for an effective date; to repeal conflicting laws; and for other purposes.

## HB 65

**Elections; date of nonpartisan general elections for certain offices; change**

A BILL to be entitled an Act to amend Chapter 2 of Title 21 of the Official Code of Georgia Annotated, relating to primaries and elections generally, so as to change the date of the nonpartisan general election for certain offices; to provide for related matters; to repeal conflicting laws; and for other purposes.

Subject: Voting system implementation - Time for Plan B?

Dear Fulton County Board of Elections members,

I am a Fulton County voter actively advocating for secure elections. I am forwarding an attached letter regarding the difficult challenges I recognize your Election Director and most of Georgia's other hardworking election officials are facing in implementing the new voting system. The recommendation was created by a team of non-partisan and political parties (Coalition for Good Governance, Libertarian Party of Georgia, Constitution Party of Georgia, and National Election Defense Coalition) to offer suggestions for feasible options to improve the administration of the upcoming March primary. We call it "Plan B."

Please see the attached Letter and Reference Guide. And please feel free to reach out to me or any of the other contacts listed in the attached letter.

Director Barron:

I appreciate your honesty. You mentioned the need for water and chairs and also that Happy Faces and Sharon cannot find additional pole workers to replace the 4 workers with fevers. There is no mention of any plan to resolve the problem of the poles and long wait times today. Have you communicated your need for additional staff with the SOS or any of the Fulton leadership? I don't think we have the privilege of giving up. I have gotten reports that folks are leaving the poles at Coe Park Library without voting.

We know tomorrow will likely be the same long lines and wait times as this is the last day of EV. Based on your email, there is no plan to address the long wait times today. Please have a viable plan to address the long lines tomorrow? I am able to volunteer at any point Atlanta and South of Atlanta. Let me know how or if I can help.

We have lines at a fairly voting sites today. If you haven't received it, yet, Mariska should be sending the EV stats from yesterday. We were awaiting the AB count to be run by Caryn and Raph, but they are swamped. We have the information now.

We have lost four EV staff to fevers now.

We have been unable to recruit more staff to help at the EV sites. We pulled two staff from our office to go to Coe Park. Sharon and Happy Faces have exhausted the experienced EV worker list of more than 300 and Happy Faces has tried to get bodies for us but no go. Coronavirus has people scared.

Bake has been to Coe Park. He is on his way to CT Marten. We got a report of 200 lines at CT Marten but when it was counted it was between 50-70. We have 30 chairs at Coe Park, but more are on the way.

**Subject:** Mary Carole's Confusion about Rejected Ballots & Copies of Certain Recap Sheets

Good Day:

I am unsure of what Mary Carole is asking. Recall when you ask Mary Carole questions about this request, it only confuses her and makes my request seem unreasonable to her. The documents I requested should be made readily available to any County Elections Superintendent and County Registrar. The fact that you asked if I would certify the election first then review the requested documents was a bit unsettling. As so, I will not stop the certification if you are unable to fulfill my request or provide documents that I didn't request or simply ignore this request.

I think that my colleagues will probably continue to sign their names on anything placed in front of them even though I will not be able to continue the practice. I remain hopeful that county leaders will jumpstart the DRE and, if not a ready, it will start maintaining the appropriate Elections and Registrar records that this is required to do by law. See you Friday at 9am. I will be in the Assembly Hall.

Please see my request below.

Please provide for review all rejected AB by Mail Applications, rejected Absentee Ballots and Rejected Provisional Ballots. In addition, please provide copies per poll the following:

- o Ballot Recap Sheet
- o Provisional Ballot Recap Sheet
- o Absentee Ballot Recap Sheet

Conspiracy Theories..... and you will feed the Board a report coming out of the AJC, no bias there..... I want to see Frances Watson and Carter Jones sworn reports as well as the testimonies of all the people we had there on ED into the early morning hours. Yes, there are numerous questions still outstanding so at the very least we need responses to all of these questions. Dismissing this as a "conspiracy" in itself is an insult to all of the voters who are asking for investigations and answers.

This Board must demand that all of these issues be addressed and investigated otherwise this Board has not performed its job for the voters of Fulton County.

And BTW, I would demand this if it was the Biden campaign challenging. Our jobs are to protect the voting population of this County across the board.

Hi Vernetta,

I think your assessment is honest and addresses the issues that are most important. The big ones for us is communication (about processes and issues) and preparation for the inevitable problems that will arise around elections. I would urge the Director to be more transparent, especially when it comes to needs and resources. (The example I'm thinking of involves the hundreds of voting machines that were sequestered due to a lawsuit--in hindsight, it's obvious that having fewer voting machines will cause a big issue during an election with large turnout. But why not get out in front of the fallout and let it be known that this is an issue?)

**Also, we loved, loved, loved the satellite voting locations and mobile voting buses.** The commitment to making voting accessible to everyone is clear, and I look forward to further expanding programs like these!

Thank you for giving us a chance to add our input!

Re:

Thank you for your response. Gosh, it seems like you and I are getting hung up on semantics. I nor anyone thought that Fulton County had an actual bus that people got on and off to vote but a "mobile" pool that moved around from one physical place to another. i.e. set up a pool for a specified # of days at sites not regularly used for voting (assisted voting facilities, colleges etc) after which the mobile pool would pop up somewhere else.

I initially thought that your request for an additional \$637K was for more vehicles to expand the aforementioned mobile efforts for the 2020 General Elections. Now, I see the source of the confusion. After re-reading your response, I see that you are requesting the funds to pay for 2 buses for which voters will actually get on, vote and get off.

***I humbly ask again, will Fulton County be providing mobile voting for the June 9th Elections?***

That refers to outreach operations. I call them mobile voting a lot because that's what we called them in Texas.

Re:

In your response to Lauren's Feb 2019 email which I cut and pasted below, you say that you were glad that the satellite voting and the mobile voting program were a hit (referencing the 2018 Elections). At the time, you never said that Fulton didn't have mobile voting buses, you said that you were glad that the mobile voting program was a hit. Lauren made a clear distinction between the satellite voting operations and the mobile voting buses. Your email response from yesterday (as below) says that no mobile voting program ever existed. Thank you for taking the time to clarify.

I apologize for any imposition this inquiry may cause but my goals to make voting easier and accessible as possible to all of Fulton County's electorate and not to put anyone on the defense. I appreciate your time.

Vernetta and Aaron:

I appreciate the feedback. Thank you for gathering our input. I confirmed with Mariska that I mentioned the budget on hold on the DREs in BRE meetings and in media interviews. It did fail on deaf ears with media until Election Day. In hindsight, I should have started harping on it during early voting when the media was ripe for a story. Closer to the November election I think it'd be a great idea to speak to your monthly meeting regarding election matters.

It's great to hear that our early voting and mobile voting programs are a hit.

Do you know a group called Sandy Springs Democrats or Down with Dems in Sandy Springs? They sent out a Facebook invite to advocate for my term nation on Thursday during public comment. I think Rosa and Zee, a frequent speaker at our meetings, is the protagonist behind it. They are asking for people to come speak at the BRE meeting that had issues in November and December.

See you Thursday!! ☺

We've never had mobile voting buses in Fulton County. I'm unsure what someone thinks that they saw. We've never owned any or rented any.

We've had outreach sites, which is what the buses we are purchasing will be. Of course they will be in use all over the county.

We bought two for the reason that one will be assigned midtown south and one will be midtown north. They are costing the department 673K.

Hopefully, you remember the mobile voting buses that the department used in previous elections. If not, see email below. When you set up your routes, please consider including routes through the poorest underserved communities in the city in Fulton. The mobile voting buses Lauren's referencing were seen in Sandy Springs and Roswell which are two of five of Fulton's most affluent Republican cities. Before meeting Lauren of the North Fulton Dems in January of 2019, I had no idea that Fulton had mobile voting buses in North Fulton. I invite you to consider sharing the mobile voting experience with all races and the entire county. Thank you for your time.

H Vernetta,

I think your assessment is honest and addresses the issues that are most important. The big ones for us is communication (about processes and issues) and preparation for the inevitable problems that will arise around elections. I would urge the Director to be more transparent, especially when it comes to needs and resources. (The example I'm thinking of involves the hundreds of voting machines that were sequestered due to a lawsuit--in hindsight, it's obvious that having fewer voting machines will cause a big issue during an election with large turnout. **Subject:** Mobile voting units 6-9 and BRE last Thursday

I was in a virtual community meeting on Monday and folks there said that on Thursday, Rick you mentioned us regarding mobile units for June 9th elections. Leaders on the call wanted to know the path of mobile units and why haven't the mobile voting units ever been visible or used before in poor underserved voting districts in Atlanta nor cities south of Atlanta. I told them that I didn't want to speak out of turn and that I would reach out to you for clarity. Also, Rick let me know the best way for me to communicate with you and to receive responses from you during regular business hours?

MaryCarole, regarding BRE mtg, I was late on call on Thursday after receiving a bad link. I still have email of the bad link sent to me. After attempting to call you and the only numbers I have for Rick and Mariska for the first 15 minutes of meeting, I reached out to Jessica who immediately sent me the correct link. I have always been conscientious about arriving to a BRE meetings on time or texting you in advance whenever I have had an occasional conflict. I am rarely if ever late to BRE meeting. MC on you know why you started the meeting without me but I hope you strive to be equitable with all board members moving forward. Plus, I know this pandemic is forcing everyone to accept a new normal and having to do so is challenging.

I implore you both to remain earnest in this important work and remember that I am on your side. Rick I hope to hear from you about the mobile voting units.

I know you have a tough job representing the minority party on the Elections Board and I truly appreciate your work on our behalf. My comments about the election cycle are not targeted to you, but to Rick Barron and the staff.

The response from Vernetta is truly disappointing. I suspect I may not be the only one complaining about Fulton County's management of the current election. The least she and Rick could do is prepare a more detailed and insightful message for Fulton County residents who have grave concerns about this election.

Good luck,

To: Fulton County Registration and Elections Board

Fulton County's management of the current primary election cycle is extremely disappointing. I submitted an absentee ballot application by email on April 30<sup>h</sup>, but the ballot was never received. Given I could not vote by mail, I voted yesterday at the Alpharetta Public Library and waited nearly 3 hours in line before I could vote. I saw dozens of people walk into the library who wanted to vote, but turned around and left the library because of the long line. They may never vote because many people with jobs and families can't spend 2 or 3 hours standing in voting lines.

I remember when Richard Barron was hired with great fanfare and I listened to his presentations at joint Board of Commissioners and Mayors meetings. He made lots of promises that have not been fulfilled. It's time for Rick to be replaced. The results of this current election cycle are completely unacceptable. The Elections Board should not sit back and accept substandard results.

Fulton County has incredible talent and tremendous resources. We can easily find someone better than Rick.

Thank you,

Steve Broadbent

Board Members,

Please find attached correspondence issued by our elections staff to a poll worker essentially terminating the services as a long-term poll worker. In this instance, the poll worker previously has received written commendation about her good work as well and by appearances from the correspondence previously received by staff has been a valued and competent poll worker.

What changed? This poll worker provided testimony at recent state hearings on elections about concerns she saw in her service as a poll worker. She was asked to appear. She provided statements in good faith at the hearings that she was asked to appear at by state officials. Certain of the commentary was critical of what she saw when it came to Fulton elections procedures and processes. What happens next? She receives this letter. On its face, this can only be interpreted as retaliation on by our Elections Department management for the whistleblowers type testimony provided, plain and simple.

Board members, I learned of this type of action by our County Manager or a Department Manager which reported into the County Manager, I would be on the phone reading him the report for the egregious poor judgment and key legal behavior and would be demanding some clear action and accountability. You all have responsibility for managing Elections and I hope that either collectively as a body or through your Board Chair that you will deal with this particular issue swiftly and decisively. By doing nothing, you will open up the County to legal exposure and will also continue to perpetuate a well-earned negative narrative around Fulton elections.

Sincerely,

Vernetta,

First of all, please don't doubt that I am as transparent as possible but I am facing several big deadlines and time demands this week. That Zoom call with South Fulton elected officials was informative and went well until the last person who wanted to ask a question turned it contentious. The first of three hearings before the State Elections Board will begin tomorrow morning. I have been working with outside counsel on a daily basis to get ready for that. I have also been obliged to oversee our responses to discovery in the Donna Curran case in which the plaintiffs' lawyers have been going through our scanners and requesting documents at the warehouse. The attorneys for Ms. Curran and the attorneys for Coalition for Good Governance do not want to combine their work. They are working separately and we have to respond to each set. I understood that the Zoom call in the midst of this was just to state our preparations for November, but Commissioner Joe Carn took over the call, in my opinion, and wanted me to justify a four-week work in June and August as well as for November.

If the poll pads didn't save on those days then what can your staff audit? The voting certificates are stored in the poll pads. There's no identifying information on the actual ballot so what's your staff reconciling?

I don't want to unintentionally mislead voters by convincing them their vote counted even if MVP doesn't reflect that their AB was never received and accepted. I won't perpetuate anything untruthful.

**Subject:** RE: My Ballot Hasn't Been Counted

Your ballot was counted if it was scanned. The scanner has no tie to the My Voter Page. Monday through Wednesday of the first week of EV last week saw eNet, the State voter registration system, have difficulties saving check-in information. We are auditing the applications for those days in order to make sure everyone gets credit for checking in to vote. Sharon Benjamin's cc'd here and will check for your application.

**Subject:** My Ballot Hasn't Been Counted

Good Afternoon,

My friend Terr Crawford suggested that I contact you regarding my ballot not registering on the My Voter Page website.

I took my absentee ballot with me when I voted in person on Monday, October 12 at the Roswell Library. My absentee was spoiled. The poll manager verified my spoiled ballot allowing me to vote on the Ballot Marking Device which I did and then scanned my paper ballot. The problem is my vote is not showing up as being counted when I log into My Voter Page at [mvp.sos.ga.gov](http://mvp.sos.ga.gov). I'm hoping you might assist me in finding out why. Most importantly, I want to assure that my vote is counted.

My personal information is as follows:

Vernetta,

It isn't your place to include the State on your correspondence to the the BRE and me. That was inadvisable.

Raph had a crew do the research today. The State mailed out 620 Democrat ballots incorrectly. Those voters received Democrat ballots in June and should have received the same ballots for August automatically. Instead, they were sent non-partisan ballots.

After internal discussions I am going to write them a formal letter and have Patrice Perkins-Hooker send it to put them on notice to fix the form stake and to mail voters the correct ballots.

I am going to request a public statement on the part of the State to take responsibility or tell them that they need contact each voter by letter to tell each voter what happened.

The State needs to resend these ballots, not us.

Rick

Further, that the DREs working diligently to find source of error and to resolve. To date, onyx voters have been confirmed to have received a NP AB instead of a Dem AB. Good Day

The roles are clearly written in the law. The Board of Registration and Elections are the Superintendents and Registrars for Fulton County. No county by-law supersedes the state statute. I know that the Chair admitted in an open board meeting that she believes that the Elections by-laws should be regularly amended. I don't agree.

Why would Rick care to insist on that responsibility anyway? Mary Carole please call me.

Ms Nuriddin

I have made no decision for the BRE. I have noted that the statute conflicts in that in some places it refers to the Superintendent as a person and in other places as a body. However, we did discover that the BRE's by-laws designate Mr. Barron as the Superintendent.

Dear BRE

I have written a timeline of our ballot by mail processing in order for you to have it on hand if you receive questions Please refrain from sharing this email outside of the BRE except to relay it orally I am sharing this to give you information that you need to answer questions

We have lost 30 polling locations since the March election I have okayed the consolidations from the losses as the Superintendent after speaking with Mary Carole and Cheryl Ringer We are under emergency conditions and with the need to make the database final by the end of business today in order to start L&A and inform voters of the changes in their polling locations I have had to approve the changes Polling places have been dropping by the day the last week and a half We will brief the BRE at the next meeting We will post all changes in the Daily Report and we will give a full briefing at the next meeting

1 We started receiving ballot by mail applications at the beginning of April We would open one to two bins per day but then two to three would arrive on some days On April 9th we received a call from USPS informing us that we had 96 trays of mail or four bins

2 Beverly died on Thursday April 9th No one worked on mail on the afternoon of the 9th or on April 10th

3 We received the mail on the 13th and began processing eight bins of mail From the 13th - 20th we had nine staff opening and processing mail

4 Our offices were closed for decontamination April 16-19

4 The County provided us with 30 people on the 21st whom we trained for opening mail Between 12-26 showed up each day We alerted the County that many the workers from the other departments were failing to show for work each day The County informed them that it was required for them to work each day or they would receive no administrative pay or even terminated On the 4th of May the County recruited more workers for us to enter applications We currently have 30 full time workers processing applications and another six doing it part-time

5 By the 27th we had opened all of the mail in our possession

6 On the 27th Caryn distributed 1400 batches totaling 70 000 applications for processing As of this afternoon we have processed 56 000 That is about 4 000 fewer applications than Gwinnett County but far less than Cobb and DeKalb counties We have had about seven fewer processing days than the three other major metro counties which would have had us close the gap on DeKalb and Cobb counties Our county has remained closed and seems to have been more concerned with social distancing restrictions than other counties

7 We have 360 batches or 18 000 applications remaining for distribution to process Ralph and Caryn agree that by Tuesday 12th of May we should be caught up with by mail applications that will total approximately 88 000 We received no mail today People are working weekends on applications as well

8 We have begun to distribute email and fax applications Many of those are duplicates but we are unsure how many Some have emailed and mailed their applications Others emailed their application multiple times in order to be sure we received it We have approximately 20 000 email and fax applications to process

9 We have had a multitude of printer issues with the email and fax applications because people have sent them in .mov files .hvec files .jpeg files and .pdf files and other file formats from other cell phones tablets and scanners T is helping Ralph with that in addition the number of emails that we have received have made it difficult for many staff to access their emails T is working on that matter

10 With regard to rejected applications Ralph and Caryn feel that other counties may be underreporting rejections We have had more than 200 rejected applications because they are from other counties The other reasons we reject applications are for missing signature and failing to choose a party if the voter fails to answer our phone call to choose a party we mail the rejection notice and ballot to the voter if a signature is missing we mail the application to the voter with a rejection letter

11 With regard to rejected applications Ralph and Caryn feel that other counties may be underreporting rejections We have had more than 200 rejected applications because they are for other counties We have mailed those applications to other counties for dispensation The other reasons we reject applications are for missing signature and failing to choose a party if the voter fails to answer our phone call to choose a party we mail the rejection notice and ballot to the voter if a signature is missing we mail the application to the voter with a rejection letter

12 We have approximately 400 duplicate applications already

We have reserved space at the Georgia World Congress Center for Election Day to process ballot by mail We will move in on Sunday 7 June and move out on 10 June

## OFFICIAL ELECTION BULLETIN

March 17, 2020

---

**TO: County Election Officials and County Registrars**  
**FROM: Chris Harvey, Elections Division Director**  
**RE: Postponement of Presidential Preference Primary Election**

---

Under the authority of O.C.G.A. § 21-2-50.1 and after careful consideration and consultation with county election officials, political party leadership, and state elected officials, Secretary of State Brad Raffensperger suspended in-person voting for the March 24, 2020 Presidential Preference Primary (“PPP”) as of March 15, 2020. In-person voting will resume on April 27, 2020 to coincide with the May 19, 2020 statewide General Primary Election. Secretary Raffensperger made this change because of the escalating threat and spread of the Covid-19 virus and out of concern for the safety and welfare of election officials, poll workers, voters, and public welfare.

In-person voting was suspended on March 15, 2020 and will re-open as planned on April 27, 2020. Absentee by mail ballots will begin to go out as planned on March 31, 2020. Ballots that have already been cast in the PPP will be counted, and those ballots and memory cards should be securely stored. Ballot builders are building the May 19, 2020 ballots so that voters who have not yet voted in PPP will have both the PPP and the statewide primary election contests. Voters who have already voted in the PPP will receive a General Primary ballot without the PPP races/questions. Any voter who registers up until the April 20, 2020 voter registration deadline for the May 19<sup>th</sup> statewide general primary will be eligible to vote in both the general primary and the PPP. You should begin preparations now for a significant increase in absentee by mail ballots as well as ensuring that you have a sufficient number of backup poll workers and polling locations for in-person voting. The Secretary of State’s office will send further guidance on specifics regarding these issues.

The Secretary of State’s Office will continue to work with the 159 county election officials to clarify any necessary changes in procedures in order to continue to provide Georgians with safe, secure and accessible elections.

Elections Board Members

I don't know who to contact about this concern, so I am sending this to all of you.

I learned this week from a neighbor that our **polling place has been changed with NO notification** to us! Previously when the location has changed, I have received a postcard or letter in the mail. For instance, I got a letter in early March that the location had changed from the previous year. This time, nothing! I had no idea until my neighbor mentioned it. She and I both looked online at the Secretary of State website and found the change to be true.

With less than 3 weeks till the election and NO notification, consider this **serious voter suppression!** Whether or not it was by accident, without notification, voters in my precinct (SS13A) will go to our last known location, wait in line for hours, and then be turned away by a poll worker. What a fiasco that would be! I'd be MIGHTY MAD if that happened to me!

Please find a way to notify the voters in my precinct between now and November 3rd!

Thank you

Jane

Director Harvey:

First, I would like to say that I respect you, the SOS and the entire state elections department. I commend your office for doing the right thing by putting the SD39 race on a absentee ballots by making your office made to enable voters residing in SD39. However, your requirement that during Early Vote and on Election Day Fulton voters residing in SD39 must correctly answer a posttest question before being allowed to vote in SD39 is cumbersome, unduly burdensome and may violate the RCVRights.

Fulton County polling staff shouldn't have to figure out how to respond to voters who may not understand or need clarity on your test question. I suspect common questions will be, "Do I want to vote in SD39?" or "Should I vote in SD39?" All registered voters residing in SD39 are legally able to vote in SD39. Successfully answering a posttest question should not be required to receive a ballot with the SD39 race on it.

This is a good faith attempt to urge you not to require a posttest question for eligible voters voting in SD39 on November 3rd. Thank you for your time.

Ms. Nuriddin,

You are correct that a absentee ballots contain the SD 39 special primary race.

On election day, every SD 39-eligible voter will be asked if they want to vote in that election. If they say yes, they will be on the ballot on the BMD. If they say no, they will not.

Some voters may prefer not to vote in the Democratic Special Primary, and thus way, they can exercise that option.

Voters will not have to "declare a party" but will simply have to answer if they want to vote in the special primary if they are in SD 39.

Mr. Barron:

I pray this email finds you in good spirits. A recurring public concern is public notification of po changes. I am thankful that the DRE's compact meant me you not changing po changes with the Daily Report. I am not implying otherwise. Respectfully, I submit that receiving 219 pages of documents to consider days before the Board meeting seems a bit impractical. It's crucial that more than seventy-two hours notice is given to BRE regarding po changes that include moving or dividing po's. Finally, having more time to consider this information will allow the BRE to better frame more meaningful questions at our BRE meetings.

As a way, thank you for your continued service and commitment to the residents of Fulton County. See you Thursday.

Thank you for your email.

I have contacted my staff and they reminded me that we had to process the September election ballots by hand because of the voter registration system not being able to enter applications for two different elections (Sept/Nov). The workers had to copy your name from the absentee application. Sorry if this caused any problems for you. The remaining ballots issued will have the correct name.

Yes, it was mass confusion that day. COVID keeping poll workers away, another precinct added to mine because of that, & new machines, all conspiring to make a perfect storm at some precincts. The poll workers were very nice, very helpful once I got to the Pad. I asked what training they had on the new machines, and she said none because the training session was inconvenient for many poll workers to attend. Whatever, I'm sure it will all be sorted out.

**Subject:** Voting

Vernetta, I was pleasantly surprised to see you are on the Fulton County Board of Elections. How's that going, and how are you?

I voted in the June primary at the Morris Brandon location on Margaret Mitchell where the wait times in the morning were in excess of 3 hours, and in the afternoon about 2 hours. Along with a neighbor I filled out the online form to be a poll worker, but I never got a reply. My neighbor did, went to training, and worked the polls at the run-off.

Did I get lost in the chaos?

Dear Leaders:

Happy New Year! I wanted to share recent feedback received from community leader Penn Payne. See excerpt from email below. The public comments made during our BRE meetings rarely represent how the community sees the Director or the DRE. I agree with Ms. Penn's statements below. Great job Rick! See you Thursday!

Rick is the best and most knowledgeable Registration and Elections Director in the state, and he administers elections in the most challenging county in the state, given the number of voters, the number of municipalities, the non-compact geography of the county necessitating so many polls and early vote sites, and the inefficiencies of the US postal system, which seems to be particularly inefficient in urban counties like Fulton.

Good Morning:

I received a verbal question last night regarding suggested polling location. A candidate (I don't know her personally) is running in one of the municipal elections in 2021. I think city council in CPK or another SF city. She wants her mega-church to be an EV polling location in her race. I asked her to email you both directly at the first of the year. I did not tell her that it was or was not a possibility. I only told her to reach out to Director Barron and copy you. Just wanted to give both you a heads up.

Thanks for the update. I am trying to educate my folks on peak voting hours and warn against going during those times at Adamsville. I forgot that APS has national guard district but no breakfast and lunch at Adamsville to APS children.

Trying to think of any type of work around. Can voter cancel the receipt prior to going to the polls. Can we have a dedicated space just for folks who have submitted apps for AB but haven't received ballot. Any advice would be greatly appreciated.

They feed school children at CT Marten. The facility has asked us not to wrap voters around. They don't want us to have voters waiting outside the facility near to the school children. Therefore, we are unable to expand there. Bakes trying to get help from Fors, but the facilities people there are in control for now.

Bakes a ready on his way to South Annex, but we think it can be done. We have to do people that lines are to be expected this election. Every interview I've done

Seniors are to notate the ask for moving up line. Many seniors are uncomfortable moving up and some get offended when you ask.

The facility at CT Marten was prohibiting anyone from going to the bathroom, but the City of Atlanta reentered on that.

It's untrue that they are allowing only two at a time at the South Annex. Four voters at a time are allowed there. That's the same as Aphareta.

The line had formed at 8 am at South Annex, one hour before we opened. The ballot is long. The six foot rule meets us. This is a pandemic situation.

People that have had absentee ballots put into the mail issued are cancelling them at the locations, which causes poll workers to call the office, and then the voters have to sign extra paperwork.

No one in line at Sandy Springs. Over one hour wait at Aphareta. CT Marten and South Annex had long lines before opening. Forty people in line at South Annex, down from 80 at its peak. They are going to allow a fifth person in to vote there in spite of the space restrictions. Garden Hills has no line now.

Can you send electronic copies or have physical copies tomorrow at the meeting? I got the "How much does it cost the county to run a Presidential Election?" at a local HOA gathering last night. Sight correct on to Vernetta's good news, the bottom line of which was appreciated here. The distinct notion of the ruling being without prejudice means that the plaintiff is free to bring the lawsuit again in January, and the bad news is that if and when that happens the BRE is going to have to sit down for many, many days of hearings. Oh well. Mary Carole

**Subject:** FW: 3 EV Options for BRE

Dear BRE:

On Thursday we will need the BRE to vote on an early voting plan. I am recommending option 1. Ballot-by-mail applications are coming into the office fast and furious. It seems doubtful that many people will choose to vote in person. It is inadvisable to me to open more than three locations for many reasons.

First, we have enough hand sanitizer to outfit three locations. Second, we have enough gloves to outfit three locations for three weeks. We will be getting more, but many will come during early voting and before Election Day. We can get enough masks, but more sanitizers proving to be difficult. Third, wipes for the BMD screens are going to be coming, but we have a limited supply.

Fourth, and most important, the more locations we open the greater the risk to poll workers. I am against opening more locations for the reason that anyone that gets sick from this is our responsibility from a human perspective rather than legally. I have zero interest in putting people at risk. The mortality rate is the US is going up daily as determined from the fatality count. This virus is contagious. I have already had one staff member and his wife contract it, and one of our contract workers as a so-called "tooth" who worked as a permanent employee in the department for years before retiring in 2012.

I think we should avoid being influenced by elected officials who are on the ballot when making these decisions. Our poll workers' health and the health of the DRE staff comes ahead of considering the wants of elected officials who want us to open more locations. Ballot by mail will suffice in this environment, and everyone should understand that.

Election Day is going to be a risky enough endeavor without exposing more EV staff than necessary to the general populace.

We are going to buy no contact thermometers to scan employees and voters for EV. We are only going to put three BMDs in each early voting location and allow no more than three voters to vote at a time. A line manager will monitor the line and no more than two people will be allowed check in at a time.

We have to consider space in each site and voter flow, additionally.

Option 1:

Three early voting sites. Apr 27-May 15 Open 9 AM - 4:30 PM One Saturday 9 May 9 AM - 4:30 PM Sandy Springs Library, South Annex, SE Atlanta Library

Option 2:

Six early voting sites. Apr 27-May 15 Open 9 AM - 4:30 PM One Saturday 9 May 9 AM - 4:30 PM Sandy Springs Library, South Annex, SE Atlanta Library, CT Martin, Roswell Library, E Roswell Library

Option 3:

Three early voting sites weeks one and two. Apr 27-May 8 Open 9 AM - 4:30 PM Saturday 9 May 9 AM - 4:30 PM Sandy Springs Library, South Annex, SE Atlanta Library

Week three. Three sites above plus these. Apr 11-15. Open 9 AM - 4:30 PM CT Mart n, Roswe L brary, E Roswe L brary, Apharetta L brary, M ton L brary, Fa rburn L brary, Co ege Park L brary, Wo f Creek L brary, Johns Creek Env ronmenta Campus

A happy voter in Inman Park sent this message to her friends and neighbors this morning.

Hi neighbors,

I took MARTA to the State Farm Arena this morning (one stop past Five Points). The trip was uneventful – trains are running every 6 minutes and the State Farm station exit is practically in front of the doors where you enter to vote. Signage is great so there's no way to get lost. If Fulton County was trying to correct the problems with crazy long lines and technology from the primary vote, I'd say they did a very good job. There were tons of voting pods, dozens of staff, at least six check in kiosks, and no one was there to vote except me. Everything went flawlessly and I was in and out in 5 minutes. Everything was spaced at least 6 feet apart and the path in and out is one way. It was safe and well-organized. I agree with those who think the Ponce Library is closer to vote but I wanted to check out State Farm Arena for future voting potential and I'd say it's a good one. They emphasized as I exited that this venue would be open for voting this November.

Please Reckean on the SOS for support because this monster is the creation.

The department shouldn't be expected to figure out what to do next. Under no circumstance would the FCDRE have mailed 800k requests at once because we know that it could result in the dept receiving 50-75K apps at once.

The SOS's intent was noble but the plan is dumb af. 12 days to enter in the ones today and however many more will receive in the next week or so. Thanks Reck for trying to keep this beast on the road. I appreciate you.

We received 4 bins from USPS today with 24 trays in each bin. Each bin can hold up to 1,500 absentee ballot app cat on envelopes. Other mail will be mixed in as well as returned mail, but we had to have received at least 75,000 ballots by mail app cat ons today, minimum, for all trays are full. I don't think anyone is going to vote in person at this rate. Raph, Pam and Caryn are meeting to determine how many staff we will need to process mail.

Everyone is working hard, but the whole process still makes me nervous because the volume is so great. Southern Poverty Law Center is readying its ballot to all voters in Fulton, but we are ready for a barrage. We want 300,000 to apply, at least.

My concerns remain as noted, however, in light of the context you shared below it seems we simply do not have the time to propose significant changes into the election. While I wouldn't support bringing this to a vote at this point, I do believe it would be helpful and incumbent upon us to communicate this information to the elected officials and candidates who are on the ballot.

The SOS gave many counties names of poll workers from the ACLU and it has been public knowledge since August. Even Gabe Sterling from the SOS said this on a panel on which he and I appeared for WABE radio two weeks ago. The SOS never should have permitted the ACLU names onto the list of poll workers if he is going to backtrack on support for them, which is what I am hearing is happening.

>

> The deputy registrar volunteers managing the canceled ballot stations, required by the SEB Consent Order, were not in our budget. They are unpaid and have been trained as deputy registrars. The duties are limited. The administrative privileges in eNet submitted to that duty. With the SOS sending lists of poll workers, including the ACLU, I thought that would be no issue having them manage these stations since we have ACLU volunteers stationed at every precinct in the county as poll managers, assistant managers, monitors and clerks, as well as the deputy registrars. They have taken an oath and have been trained to report to the poll manager and to work for the poll manager as part of the entire team.

If a voter checks in and has an application outstanding that person will be given an affidavit and sent to the canceled ballot station, unless the monitor catches the individual and sends them directly to the canceled ballot station. The deputy registrars will cancel the application and then the poll clerk will issue them an activation card to vote. All duties are under the poll managers. The deputy registrars are trained to know the poll managers run the show. Even if they have to take a break, they have been trained to ask permission from the poll manager. No question has been left as to who is in charge in the polling location.

>

> We need competent individuals to operate a laptop in eNet. This is a duty we entrust to only select experienced early voting staff. I have had lawsuit issues with the ACLU during my tenure here, but that isn't preventing me from trusting them with this duty. The remark, from my contact with them, seems to address having a good election. Ralph has said these are the most professional group of poll workers he has ever trained.

>

> If the BRE wants me to remove ACLU affiliated workers, we can. That will take more than 600 workers two days before an election. If poll tabulation is the new measure for working at the polls, then a people associated with a political biased organization also should be removed. We have never had a ballot test for poll worker recruitment before. We have recruited those going to work.

>

> One poll worker position is no different than the other in terms of who reports to the poll manager. I reiterate that we will lose approximately 1/6 of all poll workers two days before an election if the BRE directs me to remove them. Upon a BRE meeting to vote on this, I will remove anyone affiliated with the ACLU as directed by the BRE spanning all positions in all precincts.

>

> We cannot train anyone new for this canceled ballot station duty and assign them laptops at this point. We have a ready assigned laptops and put all of them through deputy registrar training as well as training in eNet. Perhaps we do need to start weaning our way from the Fulton school system. Have heard some legislators say they thought Fulton wanted to stop hosting elections. It does present a questionable environment to put the kids in these days.

Thanks,

PS - If anyone has connections with the APS or if the mayor of Atlanta can pressure APS, we need them to pressure them to get us into the rerun elections for August 11. As I said earlier in the week, APS has told us they are unavailable for the August and January elections. Losing 22 more elections for August is going to hurt. We fear that Fulton County Schools may decide something similar once they hear what APS is doing. I have asked Chairman Pitts and Dick Anderson to speak to APS.

forward this as an example of the trouble we are going to have on Election Day staffing our polling locations, and what we may face during early voting. Only three of 13 will commit to working as of now in RW13. By the time early voting starts we are supposed to see more than 100 people per day die in Georgia according to the models. A deluge of infections and deaths is coming, unfortunately.

Beverly Walker, a 20+ year veteran of the department who retired in 2012, but works as supplemental staff has corona. That is number two on my staff, plus Ralph's wife, that has contracted the disease. Beverly is in the hospital on a ventilator. Ralph is recovering from pneumonia.

The numbers of people willing to work will surely go down over the next two weeks.

Mr. Harris & Chief Blake,

Thank you for today's email.

I am deeply concerned mainly because as of now, it looks like we are going to have a problem finding poll workers who are willing to risk being exposed to the CORV D-19 Coronavirus, as the availability list below depicts.

Even our dedicated long standing service poll workers who have served for years, are not prepared to risk being exposed to CORV D-19's deadly Coronavirus

Here are typical reactions

- "while the elections are important, voters in Georgia have the option to vote by mail, as my wife and I are going to do in light of the viral environment I don't feel it is in our best interest to work the upcoming election, think it is too risky I will not be working the upcoming May election however keep my availability open for upcoming elections depending on our comfort level in accordance with health concerns..."
- "I am going to decline this time not knowing what the status of the virus is going to be next time. My husband has chronic bronchitis so I can't risk contracting it and bring it home. Keep my name in the hat if the virus has run its course"
- "I already took the online and face to face training class and did not even get paid for those trainings..."
- "I am currently back home in Augusta (with my parent) right now while everything is going on with Corona I am not sure that I will be able to make this one"

So it's highly impossible for any manager to run such a high turnout dual precinct with only 3 poll workers

In addition Governor Kemp also just made a state wide announcement at 4pm this afternoon extending the Public Health State of Emergency to March 3 and Georgia State Shelter in Place to April 30

With the CORV D-19 Coronavirus deaths rising sharply in Georgia and the public health risks being so in flux, don't know this is going to impact the proposed May 19 election. Given Gov Kemp's state announcement minutes ago, our GA Secretary of State may postpone the May 19 again so we may want to connect again with our GA Secretary of State

Greetings Poll Officials,

I hope this message finds you and your family in good health

"Due to concerns about COVID-19, our office has decided to cancel all in-person training classes for Election Day poll workers leading up to the May 19th election

Our office is developing online training that will be mandatory for all Election Day poll workers. We are hoping to have that training available by Wednesday, April 22nd. You will be notified as soon as the mandatory online training becomes available.

Additionally, we want to let you know that we are seeking guidance from public health officials about items that we should provide on Election Day for your safety and for the safety of voters. We are working diligently to acquire hand sanitizer, alcohol cleaning wipe, masks among other items suggested by health officials.

We will continue to monitor recommendations from officials. If opportunities arise for us to safely hold voluntary hands-on classes, we will let you know. Thank you for your commitment to serving Fulton County voters."

Remain safe and sound everyone

To whom it may concern:

My husband and I accidentally placed our Dekalb County absentee ballots in the ballot box at the Ponce de Leon public library (which I suppose is Fulton County). What should we do? Will those ballots be discarded, so we should go vote early at one of the Dekalb locations? We do not want to improperly vote twice, but certainly want our votes to be counted.

Please advise.

Please add more machines to Adamsville. Facilities too large for only 2 people to vote at a time. Like you said, you expected a larger turnout at Adamsville. You can use both the game room with a separate location in the auditorium with separate entrances/exits for both. There is at least 150 feet between the game room and auditorium.

Doing nothing should not be an option.

As I said in my text we can only allow four people into that space at a time. The same is true at Aphareta Library. More people are allowed at CT Martin and Sandy Springs Library, as the rooms are bigger. With physical distance restrictions and room size we are unable to accommodate more voters at a time. More people are lining up at South Annex and CT Martin than at the other sites.

This is the draft EV plan, but substitute State Farm Arena for the Government Center. In November State Farm Arena is going to be a mega early voting site that should draw people from all over the county. We are trying to get the senior center (it's closed) in Fairburn rather than the library. The senior center is a county facility. It's highlighted in green.

The Hawks management is offering up 300 employees for us, too.

Hi Harriet:

Mr. Grant's concerns are valid, but Buckhead Library is under renovation, Northside Library is under renovation and Ponce Library is under renovation. We tried to secure several other sites without success, including Morningside Recreation Center, Morningside Baptist Church, Hammond Park Gym, Bitsy Grant Tennis Center and Sandy Spring City Hall. Sandy Springs City Hall agreed to be an outreach site for two days.

Registration and Elections were not consulted or considered when the renovation schedule was created for the libraries. We have 21 early voting locations, though, in Fulton County, plus 13 outreach locations. If you compare our offerings to the paltry early voting offerings in Cobb County (2 locations), DeKalb County (4 locations) and Gwinnett County (1 location), Fulton County is outperforming and enfranchising voters three times more than the rest of the large metro area counties put together.

The Presidential Preference Primary in 2012 had three early voting locations, prior to my arrival as Director. In 2016, we offered 24 locations with no outreach sites, but we also had no libraries under renovation to restrict our ability to cover all of the county.

Sincerely,  
Rick

Dear City Council Members and County Commissioners,

It has come to my attention that registered voters in your districts may face inconvenience when attempting to avail themselves of Early Voting for this March 2020 election.

It appears residents of Northwest & Northeast City of Atlanta no longer have a centrally located Early Voting location. Voters with transportation or mobility challenges will be less able to vote. If nothing else, the current map of locations certainly makes it much less convenient for everyone interested in participating.

GA-FULTON-21-0888-A-001770

I have been in contact with Director of Elections Chris Harvey at the Secretary of State who advised I send the communication to the Fulton County Director of Elections, Mr. Rick Barron, and copy the letter to his Board of Elections members.

The communication to the Fulton County Department of Elections is provided below for your review and information.

If you have any questions, please let me know.

Dear Mr. Barron,

I wish to bring to your attention a situation I discovered concerning the distribution of Early Voting polling stations for the March 2020 election.. It appears residents of Northwest & Northeast City of Atlanta no longer have a centrally located Early Voting location. Voters with transportation or mobility challenges will be less able to vote. If nothing else, the current map of locations certainly makes it less convenient.

Today, I hashed the entire early voting polling station list from the Secretary of State website-  
<https://elections.sos.ga.gov/Elections/countyelectionoffices.do>

To wit, I could not find any locations convenient to NW or NE City of Atlanta voters. A custom list, sorted by distance, is given as a Post Scriptum, below, and attached as a txt file.

Northwest City of Atlanta used to have an Early Voting location at the Northside Drive Library. From 285 at Bolton all the way over to the other side of Chastain Park from Riverwood High School all the way to North Atlanta High School to 10th Street , from 10th Street over to From Lil 5 Points to Lenox Mall, there are no polling stations. That's a huge slice of the City of Atlanta without convenient Early Voting locations.

I spent a considerable amount of time scrutinizing the locations. I hope have not made a huge error in missing a location on the list. Eventually I also found the Fulton County page, which I must say is *very well done*. I wish I had found it before I did all of this manually!

<https://www.fultoncountyga.gov/inside-fulton-county/fulton-county-departments/registration-and-elections/early-voting-locations>

In the spirit of improving convenience for voters to express their will for this election, I hope Fulton County can quickly remedy this situation.

Thank you for your consideration!

Warm regards,

All signature verification is done manually by humans. We have been working to get signature verification automated. Automated signature verification will estimate 30% of signature verification from human verification. We will, however, always have a large percentage being done by humans.

Vernetta:

We are happy to have you review any rejected applications or rejected ballots in the office before or after any BRE meeting or at any other time. That's consistent with our policy for any citizen that submits an open records request. If you want us to copy anything for you examine the documents, Sante Askin can help you. I feel it's a bad practice to remove absentee applications and envelopes containing ballots from the office for perusal at BRE meetings. I consulted with Mr. Jones and he feels the same in order to avoid losing something and also for appearances sake with regard to Fulton County citizens.

We added a column to our early voting report at your request after the last BRE meeting but Mr. Jones is unaware of any inconsistencies between what appeared on early voting report versus what's available on the SOS site. That information was entered into E ect oNet before we placed it on the early voting summary spreadsheet.

Rick

Subject: Fulton County Ga- Sept 2019 Unapproved Minutes-Amendment on Page 5

Good Day:

Generate note that on page 5, there is a bit of missing information. Please see highlighted excerpt below. Unfortunately, I wasn't able to find the video stream of this meeting to support either my version or your Chair's version of the meeting below. Please include Director Barron statement that he could not bring the rejected ballots to the board meeting because of safety reasons. Mr. Jones did not dispute Mr. Barron's statement nor Mr. Jones did not mention nor provide for review any rejected application for AB nor rejected Absentee Ballots during nor after the September Board meeting. Parenthetically, these documents were not made available prior nor during the subsequent Certification Meeting for the Sept 17th elections.

After the meeting, I did ask Mr. Jones how I could see the rejected AB, he informed that I can come back to the department. I asked him if I should send him an email or call, he insisted that I would not be meeting with him and gave me a name of one of his clerks whom I was unfamiliar. In the past, the chair has been quite honest about her belief that she has autonomy to modify the minutes at will, I think that her summarization below may have unintentionally misrepresented the facts.

Ms. Nurddin expressed a previous request made to Mr. Barron to inform Mr. Jones to present the Voter Registration rejected Absentee Application for examination. Mr. Jones mentioned the documents are available for review

Madam Chair, I respectfully submit the below amendment to the September Minutes.

Ms. Nurddin expressed a previous request made to Mr. Barron to inform Mr. Jones to present the Voter Registration rejected Absentee Applications for Absentee Ballots as well as any rejected Absentee Ballots for examination. Mr. Jones mentioned the documents are available for review. Director Barron stated that because of safety reasons, the rejected AB were not made available for inspection at the Board meeting.

I apologize if I am speaking out of turn but the absentee ballot process is the fiduciary responsibility of this board. Further, the BRE is accountable and legally liable for this process. Thank you for considering amending the minutes as suggested. Also, please let this email serve as another request that a rejected application for absentee ballots as well as a rejected absentee and provisions ballots be made available for inspection at every election certification meeting of this Board. I do appreciate the one time that the rejected absentee ballots were made available to this board. During that time, we inspected many rejected ballots which appeared to have been written in the same handwriting. After that election, no other rejected ballots have been presented to this board for

GA-FULTON-21-0888-A-001776

inspect on. Thank you for your time.

p.s. The reason for my request is that during the September elections there were inconsistencies in the rejected AB ballots reported to the board and what appeared on the Absentee Ballot log downloaded from SOS state's office.

Vernetta,

It's not your place to include the State on your correspondence to the BRE and me. That was inadvisable.

Raph had a crew do the research today. The State mailed out 620 Democrat ballots incorrectly. Those voters received Democrat ballots in June and should have received the same ballots for August automatically. Instead, they were sent non-partisan ballots.

After internal discussions I am going to write them a formal letter and have Patrice Perkins-Hooker send it to put them on notice to fix the form stake and to mail voters the correct ballots.

I am going to request a public statement on the part of the State to take responsibility or tell them that they need contact each voter by letter to tell each voter what happened.

The State needs to resend these ballots, not us.

The purpose of this email is to get support that nurtures a positive relationship with the state elections office which I believe we need. I do not support the continued divisive dialogue publicly nor behind closed doors. Thank you for your time.

I hope this email finds you well.

Just a few quick questions today:

Rick has gone on several globe-trotting adventures to Observe Elections in other countries. Has Fulton County ever picked up the tab for these activities? And if so, has Rick ever shared any of the pearls of wisdom he has gathered with the Fulton County BRE?

Thanks a million!!! :)

G

P.S.— Does Rick have to disclose where he is traveling when he takes a vacation? JIC the BRE needs to contact him in case of emergency. If so, could I ORR that information?

P.P.S.— Before David Burge left, he stated that the Fulton County BRE had been “busted” many times over the years. Any idea what he was referring to with this comment? I could send you a link to the video if you’d like.

We are surveying poll workers as to whether they are 100% committed to working. We've had good responses so far. About 1/4 have responded and 94% are committed to working. We've visited two churches and five assisted living centers. We anticipate opening more, but for now sites are holding in pace.

Early voting workers committing is another story. We have 90 that are willing to work, but we'll see how that number holds over the next several days. We can staff 14-15 sites with that number if the turnout is mostly by mail.

I think it's wishful thinking that early voting opens on time, or at least with more than three sites for weeks one and two (the two annexes and the Government Center), and as a result seems fanciful to think that we have a normal Election Day.

Having physical EV and fingerprint polling workers have a fairly profound effect on having enough poll workers if we must protect those that are classified as essential which I think comprises many of our workers.

No mention of May 28th date not being "set" in stone on call this morning. Elections officials were told that May 28th is the last day for Runbeck to mail out AB by mail. The rationale being that after May 28th, Runbeck could not guarantee timely delivery of the AB to the voter from Arizona in enough time for the voter to then mail the ballot to the appropriate county elections office. I just want you all to work from most truthful information.

Cynthia,  
The OEB is an expansion of OCGA 21-2-406.

This is not an arbitrary decision of the Secretary of State, but a direct one to follow the law. There is no reason any PII needs to be compromised. Envelope examiners can sit in a public room with the monitors turned away from the public and handle the envelopes and compare signatures without revealing any PII. Online applications would not have a signature to compare, but the VR record would still need to be examined. There is a wide variety of ways to situate this process to allow the public to observe the process. Public viewing does not require observers to stand over shoulders and critique or comment on the comparisons made by your

teams.

Finally, OCGA 21-2-406 does not need a mandate:

21-2-406. Public performance of duties by officers

Superintendents, police officers, and other officers engaged in the conducting of primaries and elections held under this chapter shall perform the duties in public.

As a way, I encourage you to seek the advice of your county attorney if you are unsure about compliance with laws or SEB Rules. In addition, you can call and we can discuss other details if you would like,

**Good Day Everyone and Happy Thursday!**

**Chris, I am in total agreement with Janine on this matter. In addition, the Rockdale Board of Elections is concerned about maintaining the confidentiality of voters protected confidential information (PII) as required under O.C.G.A. §21-2-225. Also, O.C.G.A. §21-2-406 further includes an Opinion of the Attorney General which states "Inspection of returned absentee ballots prior to poll closing not required – Board of Registrars are not required to make returned absentee ballots subject to inspection prior to the closing of polls. 1990 Op. Att'y Gen." Does this opinion still not stand?**

**Keep in mind, many of the Absentee Requests are received online, which has no signature and when the ballot is returned the Ballot Signature must be compared to the Voter Registration Application rather than the Absentee Application. How can we do this with monitors observing the process and not expose PII? In my 31 years in elections, we have never opened the process of signature verification to the public, why now?**

**According to the attached letter received for the State GOP, Secretary Raffensperger made the following statement which the Rockdale Board of Elections is in disagreement. The process of verifying signatures has never been open to the public partly due to O.C.G.A. §21-2-225. We must keep in mind that we owe it to the voter to be responsible for the confidentiality of their PII.**

On November 24, 2020, Georgia Secretary of State Brad Raffensperger spoke to the Georgia State Republican Executive Committee, on the Zoom video conference call. Secretary of State Brad Raffensperger stated that we would have access to observe the absentee ballot signature matching process for the January 5, 2021 Senate Runoff Election, which would be included in the Official Election Bulletin for the January Senate Runoff.

**It is the Board of Elections' responsibility to protect the confidential information of its voters. There are no processes in place to allow public access. If we are mandated to follow this OEB, the Rockdale Board of Elections is prepared to seek legal advice on the matter.**

**I am asking Chris, is this a mandate?**

Chris,

I do not understand how the early processing protocols will, in any way, protect the voter's PII if a similar process were in place for signature matching. During early processing, no PII is present, unlike the signature process. Any “meaningful access” would deprive the voter's future of birth, prior to displaying the signature. To protect that information we will have to place observers at a distance that will make it impossible for them to see if the signature does match. They don't just want to verify that matching is taking place, they want to validate the match themselves.

*“The elections superintendent must ensure that any public viewing area or video feed offers meaningful access to view the process, but the superintendent should also put in place reasonable regulations to protect the voter's/applicant's personal identification information (PII) and/or non-public data from public view and to ensure that no observer interferes with the verification process. A good template may be the processes you have put in place for the early processing of absentee ballots, which is also publicly viewable but has protections in place to protect confidential information and prevent interference with official duties.”*

I'll have to see which ones we favor in Election Day. If we do use any, the BRE would have to convene for a special meeting to move them, which could cause controversy. It would have to be a conversation for Thursday.

**Subject:** Re: Polling locations at senior voting centers

Thanks Rick! Regarding closing polling stations senior facilities, it seems to me that we are creating a problem to fix. The seniors regulatory have health aides, senior activities, family visits, medical supply and prescription deliveries. There is more of a chance that they will be exposed to the virus from those contacts than from polling activities. Once a voter votes, there is no reason why they would reenter the polling room through the senior facility. Voters definitely do not have unfettered access to the seniors residences. We should follow the appropriate protocol and definitely stay the course. No disrespect to anyone else's perspective, this is only my personal view point.

Heads up! I am currently in Washington, D.C. advocating on Capitol Hill for, among other things, in support of Rebuilding America's Schools Act and the Re-authorization of the National School Lunch Program. Therefore, I will not be there tomorrow. Thanks again for all that you do.

**Subject:** Polling locations at senior voting centers

Dear BRE:

Here are the attachments in one email. All the contingency locations are already polling locations, so we have space reserved already for voting. We can move the locations, but I'm unqualified to make the call. In my view, as an Director, my advice is to go forward as we are undirected by someone with authority who knows what to do. I have contacted the Public Health Director. I have been in touch with the County Manager, who has let the Director of Senior Services know of the concerns.

Another important point to consider, the database is already set. If we consolidate locations, we will have to have completely separate check-ins, BMDs, and scanners. We do have electronic concerns at two of the alternate locations.

In addition, please see below from the County Attorney.

Rick,

You are correct that this is too close in proximity to the election to relocate polling precincts. I would encourage you and Dr. Roshe to look at canceling senior activities at the centers on that day, if the elections are not being held in a stand-alone, separate entrance area that cannot be cleaned and sanitized frequently. We can look at alternate sites for the November election and maybe the runoffs, but for the Primary on the 24th it is too late to make a change. I would encourage you to work with the centers to see what could be done to relocate the machines, our staff and the public in an area that minimizes interaction with the seniors.

Hello department managers and associates,

Thank you for your participation in the Fulton County Customer Service Survey. We're excited to provide you with your fourth quarter results. Attached are your departmental outcomes that should be shared with your staff. Your overall satisfaction results consist of combined scores ranked as "strongly agree and somewhat agree" or "highly satisfied and somewhat satisfied." The Office of Strategy and Performance Management will enter your customer service satisfaction results into the performance reporting system. Please evaluate your department's results and use this report as a tool to continue to enhance customer service in Fulton County. If you have any questions, please contact Brigitte Bailey, Director, Customer Experience and Solutions at extension 27018. Thank you for your service to Fulton County citizens.

Certainly. I'll have him explain why they were rejected at the meeting. The following is his explanation:

A voter did a drive on one of the college campuses. She thought she could use our absentee form< Fulton County's, to obtain a ballot from another state. The students used as their home address their out of state address and wanted their ballot mailed to their college address. The voter has to be registered in Fulton before we can issue a ballot. We sent their rejection letters to their college address.

Is it ok for Ralph to bring the rejected Req for AB applications and/or rejected ABs to our September Bd meeting? Since Chairman Pitts started e-blasting the daily EV results to both Fulco listserv and his personal networks, I suspect its the reason for the call I just got regarding whether or not the board is "clueless" as to why nearly a 1/3 of the Req of AB applications received to date have been rejected. I read the reasons listed on the EV results sheet giving examples why an app would be rejected. My response wasn't received well. Is it possible to make it available for a quick review before the meeting starts?

This voter's attorney provided 3 years of rental agreements and Ms. Fssha's car registration to the Sandy Springs address listed in her rental agreement. Ms. Fssha is also employed here in Atlanta. I am unsure what other proof this young lady must provide to this board. Again, I maintain that Gabe's burden was to prove that this voter was not a resident of Fulton County and his change did not rise to meet that burden. Proving that she sold him a house and requested an AB by mail did not prove that she was not a Fulton County resident.

What's unfortunate is that Ms. Fssha is a woman of color and her change was signed out of 30K changed voters. This is ridiculous!

**Subject:** Re: Rejection of voter qualification changes

Mr. Wngate: I understand your point. However, I think what the law requires is that the elector should be given a chance to respond, to show to the Board evidence that she is, in fact, a resident. After all, this is the most fundamental tenet of due process that both sides are given a chance to present the rest of the story. We are trying to get her phone number and then will ask somebody from Rick Barron's office to call her and ask whether she considers herself a resident of Fulton County: Does she still live here? At what address? Is her driver's license here? Does she pay Georgia taxes? Does she pay Fulton County taxes for her license plate? Did she vote in another state? Pay taxes in another state? Is she employed here? All these are relevant questions in deciding whether she is, or is not, a resident. I don't think the law would allow you to disenfranchise her without letting her respond. This is what I was trying to explain yesterday. The change of address data does not answer any of those questions definitively. And to place all the 30,000+ possible voters on a list of people whose votes cannot be counted until they overcome the evidence of the change of address spreadsheet is not practical or, under federal law, legal.

I hope this clarifies, to some extent, what I was trying to explain to the Board yesterday. I apologize for any confusion I caused. I think that to find probable cause to disenfranchise 30,000 voters based on the NCOA data is inappropriate and that is what many other counties have already concluded. The data may or may not be accurate, some may or may not be outdated, many people are still residents even if they filed a change of address (military, students, caretakers, snowbirds (that's what we used to call New Yorkers who went south for the winter, but still voted back "home" in NY, workers who are transferred even for an extended period of time, but plan to continue to reside in Fulton). Disenfranchising everybody on that list based on that one fact – change of address form – is unfair to these electors. More needs to be shown to constitute probable cause. More was shown in Gabe Sterling's case (Ms. Fssha) and that is why we need to hear from her. She has a right to be heard.

You agreed to contact Sterling today. Does he have the evidence as presented by the voter's attorney. Point of order, the Board passed the resolution to accept the Sterling change so, no offense intended Vernetta, but her email does not change or alter anything. This is a sample call to Sterling, reveal the information we received, and I would think this matter is ended. Waiting until next week is not in the spirit or order of what the Board agreed on by vote.

Good Day Mary Carole:

First, I want you to know that I have a tremendous amount of respect for you personally and as a civic leader in our community. Having said that, I noticed that outside counsel didn't cc the FCBRE of the brief prepared and submitted to the SEB on the FCBRE's behalf yesterday. I respectfully ask that all legal documents and correspondence prepared on the FCBRE's behalf be sent to the entire board or at a minimum to FCBRE's Executive Assistant Mariska Bodison to be forwarded to the FCBRE. I think that the assumption by counsel is that the Charter will provide the FCBRE with whatever information that you receive. Unfortunately, that is not happening.

Please let this email serve as a good-faith attempt to be copied on all legal documents and correspondence involving the legal representation of the FCBRE with the SEB and the Attorney General outside counsel. I hope that you honor this request. Thank you for your time and all that you do for Fulton County voters.

Video was too large for her to text or email. I had no idea that you and your staff would be wasting precious voting time attempting to contradict me and numerous other leaders. Jesus Rock!!

Fulton County residents needed and still NEED the County Manager and Chairman Pitts to intervene in the Elections department as you and the Chair failed to act at all. Also, neither of you bothered to visit any polls yesterday despite the numerous reports of 3 hour delays that you received before noon. Plus, the news of the delays ran on two-cycles before 6 o'clock. OMG!! Are you still attempting to manage this problem by email.

Subject: Taken at 11am

Good Day:

See photos at South Fulton Annex this morning at 11am. I don't mind being contradicted by anyone as, I too, want the correct information to be presented to the board. I respectfully that any information conveyed to the board as the truth and that openly contradicts a board member's first verified.

Thanks for your hard work in resolving this.

We only extend hours for Election Day. The poll manager said only two voters came before they opened. One was going to go to the South Annex and the other was going to return. The site is open now. Since we have other locations open and we had staff directing voters to the other locations we will keep the same hours. When Buckhead closed for several days during two different elections we sent people elsewhere. We did the same for Adams Park Library when it closed one day, and then we opened a new location nearby the following day.

Good evening,

I have just been advised that we have a major sanitary line backup at the Fairburn Library. Additionally, the power to the facility is out due to storms that have just passed through the area. Because of the power outage, DREAM's plumbing contractor indicated that the only means to address the backup is jetting the line. However, jetting will most likely cause more facility issues due to the potential for flooding. Consequently, the contractor will be back on site at 9:30 in the morning with the necessary equipment. They anticipate a 2 hour timeframe to address the issue.

At this point, the library will have to remain closed until approximately noon. We will provide updates as more information becomes available.

Let me know if you have any questions or concerns.

Thanks.

There is a new OEB on absentee ballots that need arrived in the election office before the deadline, need signature cures, but were not processed immediately due to the heavy influx of absentee ballots.

I pasted the OEB below, but it is available on [Frequently Asked Questions > Official Election](#)

[Bulletins > 2020 OEBs](#)

OFFICIAL ELECTION BULLETIN  
June 12, 2020

---

**TO: County Election Officials and County Registrars**  
**FROM: Chris Harvey, State Elections Director**  
**RE: Cure Period for Late Mailed Absentee Ballots Cure Notices**

---

The State Election Board rules and Election Code provisions work together to establish a timetable for reviewing absentee ballots, providing notice to voters of absentee ballot issues, and allowing voters time to cure the problem with their absentee ballot. Once within the even days of Election Day, SEB Rule 183-1-14-.13 requires that notice be sent to voters of such absentee ballot rejection and opportunity to cure by close of business on the next day. O.C.G.A. § 21-2-386 further establishes that the deadline to cure absentee ballots is the close of the provisions period established by O.C.G.A. § 21-2-417 (Friday after Election Day).

However, given the compelling factors brought forth due to the COVID-19 pandemic and ongoing public health state of emergency, it appears some counties have not been able to process, review and provide notice of absentee ballot rejections to voters by the close of business after Election Day. **Any absentee ballots that have been rejected should have a cure notice mailed (and emailed, if applicable) to the voter as soon as possible.**

The code and election board regulations envision that voters have 3 days to cure absentee ballot rejected. Therefore, our guidance given the ongoing state of emergency is for a voter to be permitted 3 business days to cure his or her absentee ballot from the date notice of such rejection and opportunity to cure is actually mailed to that voter. So for example, if notice is not mailed until Friday June 12<sup>th</sup>, the voter should have until Wednesday June 17<sup>th</sup> to cure. This guidance should have no impact on the overall provisions period and is limited to voters who were not provided timely notice as required by law. Please remember that you are required to notify voters by telephone and email if a telephone number or email address is provided on the voter registration record or absentee ballot application per SEB Rule 183-1-14-.13.

The deadline for county election superintendents to certify the election results is 5:00 PM on Friday, June 19<sup>th</sup>, so all required notices should be sent as soon as possible to ensure the certification deadline is met.

Thanks, Rick, for addressing this matter. Many voters may not completely understand the difference between attaching and embedding a file to an email. Also, it's not unreasonable for a voter to believe that embedding a singular file is synonymous to attaching a file. I know the difference but I have a graduate degree in IT. I am sorry to hear that the SOS made processing the September AB requests more difficult.

Please consider adding language to the website that emailed Requests for AB must be attached to the email and not embedded into the body of the email as emails with requests embedded will be rejected. My only goal is to make the AB process easier for Fulton County voters. Thanks.

I told Caryn and Raph that it's unacceptable not to return phone calls, especially when I got Caryn a secretary to help handle her emails and phone.

Looking at the app cat on below it should have been rejected because it's an embedded app cat on and those won't print.

I will have Raph research whether a rejection letter was sent to her regarding her September app cat on.

Regarding, I instructed staff to process this and to send it for Saturday delivery. It's possible it was processed for November since the date she sent it by email fits the timeframe in which eNet was defaulting all users to either September or November depending if one user changed his or her election choice from the drop down menu. That's why the SOS ended up shutting down September app cat ons on eNet and forcing us to process them manually without updating eNet.

**Subject:** URGENT: 9/29/2020 special election Absentee Ballot Application

Hello,

I am following up again on my request for an absentee ballot for the September 29th special election. Given that the election is now only three business days from now, and my application still has not been processed by your office, it appears that Fulton County is denying me my legal right to the absentee ballot.

I emailed my application to you on September 2nd. I forward the request to Beverly and asked for her assistance on September 14th. I called your office and was transferred to Karen's line, where I left her a voicemail message on September 18th. Not once has your office ever responded to me about this application. My request is not showing up in MVP, nor has the ballot been delivered to me by US Mail. Is there any chance that I will receive my absentee ballot in time for me to return it by the September 29th election day?

I would note that I have properly requested absentee ballots for all three elections so far this year, and in every single instance, your office has lost the application and only processed it after I or the Democratic Party Voter Protection Hotline follow up with you multiple times. This is not consistent with the constitutional right to vote and Georgia law. When will your office ever go to resolve these problems with processing absentee ballot requests?

Sincerely,  
Sara

Vernetta, I'm sorry to do this, but I have to tell you emphatically that it's not good for our Board or for the County for you to make policy statements and personnel changes on your own behalf to only a hand-picked number of the Board of Commissioners. There's no way any that any of those Commissioners can interpret your selection except as something partisan and divisive. We cannot have that. There's also no way to interpret your email except as your personal attempt to use your very public message to bypass the management of the DRE and to bypass the rest of our Board to obtain the personnel decisions you want by asking individual County Commissioners and the County Manager for the right coverage. Although we work with the County Manager, we do not report to him, and your email so communicates that you think this Board has no independent authority with the County government. The Department of Registration and Elections has no operational integrity if decisions are made because of the personal preference of a single BRE member using the potential power of individual County Commissioners or the County Manager. Moreover, I don't think you understand the possibility that Mr. Gilstrap is carrying out an extremely important function here, and that if we comply with your preference, hesitates go unfilled during these crucial elections. Mr. Brower has been brought back as a temporary measure because he has occupied the position in question and knows how to do the job required of that position. If we need a legal brief regarding the responsibilities and authority of the BRE, I will be happy to ask for it. Mary Carole

Director Barron:

Please consider making Mr. Gilstrap as interim chief. Mr. Gilstrap is a career Fulton County employee and would be loyal to the department. He has already been trained and knows the new equipment. Dwight has not! How can Dwight train any replacement? Also, there have been new Elections laws, new SEB rules, Emergency SEB rules changes all of which Dwight has to get caught up on. You may attempt to convince others that is immaterial but it would not be true. Bringing Mr. Brower back who was very ill the last year of his employment at Fulco and is probably high risk for Covid doesn't seem well thought out. It may be an unnecessary risk.

Please seek advice from Mr. Anderson for your next hire. Lean on his expertise in management. He is a proven leader with keen management skills. Let him guide you with this hire. Also, Mr. Ralph Jones and Ms. McCloud both have a reputation of not recommending anyone from the department for promotion in the DRE over the entire time they have both been employed at Fulton County. To date, there are at least 2 people who

worked for years in the FCDRE neither of whom were considered for promotion. These individuals are now successful Elections Chiefs in other counties. That's talent that was in-house never considered for any promotion and both using their talents in the top seat in other counties. Use the talent you have on staff.

Thank you for your time.

**Subject:** Blake and Dwight

The SOS stole Blake from us. Dick Anderson sent Raffensperger a stern communication that organizations working toward the same goal do not steal staff from one another, especially considering how badly he has spoken about our department for weeks. Dick told him that in his 30 years working for AT&T, Bell South, the Federal Reserve and GRTA, stealing employees from a partner would have never crossed his mind because if he had done it the partnership would have been severed. Raffensperger never replied to Dick, but he said he didn't expect him to reply. Dick asked him if that was how we should expect him to operate going forward. I like the County Manager.

We are happy for Blake's opportunity, and I offered him something as a counter that was way beyond what the State could have given him, but he wants the 40 hour per week SOS schedule with no weekends and more vacation because he has a baby on the way and a 1 1/2 year old. I don't blame him.

I guess he needed the SOS to improve his department by hiring someone from Fulton, which seems to undercut his argument that we are the worst.

Dwight is going to come back to help us. He will train Blake's replacement. I got permission to hire Blake's replacement and let him or her shadow Dwight for the remainder of the year. Dwight will work through the end of the year. Blake leaves July 13th and will be on vacation next week, working some.

**Subject:** RE: Your email re Fulton County Elections Chief

Vernetta,

I wanted Derrick to get the job last time. He had two interviews, but his performance in the second one was especially poor. I gave him feedback on that back then. For the final three candidates, Brenda, Ralph and I conducted the interviews. Derrick finished third of three. Blake was head and shoulders above the two internal candidates and the two outside directors I interviewed during the eight or nine candidates commented that the internal candidates seemed to default rather than go for the position as hard as they expected.

Dwight knows how to do this job. He can step in until we get a replacement and then work with that person until the end of the year. It'll take him a day to understand the new equipment and another to get up to speed on the new laws. Personnel at other counties occasionally apply, but they have been less than stellar in interviews to advance forward. If I can look outside of elections for a good manager, and have that person trained by Dwight, or find someone on my staff that can do the job.

The directors at the other counties who left here, one was promoted internally here and then left for a director's position. The other person left for a management position and then moved on to be a director at a small county. He interviewed poorly for the Elections Chief position when he was one of the eight up for it.

I trust Dick, and if someone in the County can do the job I would consider on his recommendation, but he's careful about avoiding the appearance of stepping on toes. I respect him greatly and enjoy working with him.

I appreciate your email.

Thanks,  
Rick

Leaders:

Mary Caroline, thank you for supporting my request to review the documents listed below for upcoming elections for Early Vote and Election Day for the June 9th Elections. I maintain that the entire Fulton County Board of Registration and Elections should be aware or at a minimum have working knowledge of ALL the documents for which the Elections Superintendents and Board of Registrars are responsible. Director Barron, thank you for providing copies of the following on Friday at 9am in the Commons Chamber Conference Room. See below.

Along with the Rejected AB by Mail Applications, Rejected Absentee Ballots and Rejected Provisional Ballots, please provide for copies **per poll** for June 9th elections for the following:

- o Ballot Recap Sheet
- o Provisional Ballot Recap Sheet
- o Absentee Ballot Recap Sheet

Fellow Board Members, I have asked for these documents over the years as I have always believed that the FCBRE should not continue to certify election results seen for the first time on certification day. Thankfully, the county leaders are willing to help the DRE run more efficiently.

Is it ok for Ralph to bring the rejected Req for AB applications and/or rejected ABs to our September Bd meeting? Since Chairman Pitts started e-blasting the daily EV results to both Fulco's serv and his personal networks, I suspect this is the reason for the call I just got regarding whether or not the board is "cussing" as to why nearly a 1/3 of the Req of AB applications received to date have been rejected. I read the reasons listed on the EV results sheet giving examples why an app would be rejected. My response wasn't received yet. Is it possible to make it available for a quick review before the meeting starts?

Just FYI, Landen reached out to me regarding a possible lawsuit that may be brought against the SOS. He said that he has been reaching out to Democratic elections board members across the state.

He shared that the alleged lawsuit needs payments. I shared with the young man that in the absence of payments in any lawsuit, there is no actual lawsuit. Further, that finishing expeditions in elections is detrimental to the public trust and undermines the important work we do. Again, this is just FYI. See below.

**Subject:** Payment Help

We will be suing to protect voters in Georgia who vote by mail. Specifically, we will be challenging: (1) failure to provide prepaid postage for absentee ballots, (2) state laws that require election officials to reject absentee ballots received after the polls close on Election Day, and (3) restrictions on absentee ballot collection by community groups or other third-parties.

We would be interested in talking to individuals who are:

- Registered or otherwise eligible to register to vote in Georgia;
- Who plan to vote absentee in the November election; AND
- Meet one of the following criteria:
  - o has typically voted in person in prior elections but wants to vote absentee due to COVID-19;
  - o have voted absentee and have had their ballot rejected because it arrived after the Election Day deadline; OR
  - o will need assistance to mail or submit their absentee ballot. Voters who have had difficulties returning an absentee ballot in the past due either to a lack of postage or a need for assistance would also be helpful to connect with.

Looking Forward to talking. Thanks.

I hope that you all consider supporting me here. Rick knows that I am going to ask for the rejected ballot count. Most voters don't know that the rejected ballot was rejected if we report on those numbers maybe it will raise awareness about the rejected ballots and perhaps we can lower the number of rejected ballots.

Rick also knows that this board will certify pretty much anything put before you even with inaccurate results. Had I known that blindly signing my name to certify contracts and consent orders was the expectation probably would have opted out of serving on this board. I am mad at myself for going along with it as long as I did. The public should know exactly how many ballots are rejected every election. It shouldn't be numbers that Rick is pulling out of the air during the meeting.

It is also information that this board took an oath to oversee. As for as the board goes, you have to ask them what are they willing to accept as true and accurate elections results to certify.

The reason why I copy everyone on these emails is because no matter what you do or don't do, no one can say they didn't know.

Good Day Readers:

See attached pictures from Sandy Springs Po taken in this morning, early afternoon and around closing time. None a day. I am thrilled that voters had little to no trouble in 3 of the 5 Early Vote sites. I hate to say that it seems like more than a coincidence that the demographics of the voters in the Buckhead, Sandy Springs and Alpharetta Early Vote sites are so vastly different than the voters who regularly vote at CT Mart and South Fulton Annex. There seems to be little to no outrage for the poor black and elderly voters who were forced to wait 3 and 4 hours to vote today. We had this same problem during Early Vote at Adamsville in 2016. I accepted the meaty excuses proffered for the delays in 2016. Now, four years later nothing changed. A voter was right to blast me rather loudly today when he said that I knew what happened in 2016 and did nothing. He was right.

We can do this better. Instead, BRE members who remained silent about the problems on the South side today, took time to praise the fact that none of the majority white polls reported "complaints" nor delays. Whether intentional or not, I invite all the BRE members to praise the DRE when positive voting experiences are not tied to the location of the .

Doing nothing should not be an option.

p.s. I know there has been a bit of conversation about who I copy on emails regarding the FCDRE. I am copying Chairman Potts and County Manager Anderson as I saw both of them at Adamsville today speaking to voters. I appreciate that everyone decided to Fulton County residents no matter the area of town.

Ms. Fredman and Chef Jones:

I totally understand and am working to get this remedied today. I am looking in the Registration Chef Raphael Jones. His department processes the requests for absentee ballots.

Chef Jones, could you assist this young lady with getting her request processed. She doesn't have a fax machine and currently she is in a pace. When she mailed in her request for June, she never received her ballot and in MVP it said that her request was not received. She is shy about putting her request in the mail. Scroll down to her original email. Thanks Chef Jones for your leadership here! I appreciate it.

See applicable statute.

O.C.G.A. Section 21-2-381 (a)(1)(A) Except as otherwise provided in [Code Section 21-2-219](#), not more than 180 days prior to the date of the primary or election, or runoff of either, in which the elector desires to vote, any absentee elector may make, either by mail, by facsimile transmission, **by electronic transmission**, or in person in the registrar's or absentee ballot clerk's office, an application for an official ballot of the elector's precinct to be voted at such primary, election, or runoff.

Thanks, Vernetta. I don't have a fax machine so I'll have to look for a computer program to do so. I know other people in my community have reached out about how to ensure they get their ballot in and email is one of the only ways to confirm receipt of sending.

If there is any way we can re-open this channel for submitting an absentee ballot request that would be incredibly helpful, especially given where we are in spaces with COVID now.

I appreciate you following up so quickly.

Thank you!

Ah my apologies - let me know if this comes through.  
Thank you for the quick response!

We have received your email. If it is an absentee application, Fulton County no longer accepts absentee application via email unless you are a UOCAVA (military or overseas) voter.

You can mail the absentee application to:  
Fulton County Registration and Elections  
130 Peachtree St. SW Suite 2186  
Atlanta, GA 30303

You can track the progress of your ballot at the Secretary Of State's website (<https://www.mvp.sos.ga.gov>) which is an excellent source to check the status of your absentee application and much more.

Thank you for contacting us.

**Subject:** Concern regarding Fulton County Absentee ballot

Dear Vernetta,

My name is Sasha Fredman and I am a registered voter here in Fulton County (zip 30315). I recently went to submit my absentee ballot request since I have asthma and am concerned about being able to vote in person in August.

I received the below message though that I cannot submit my request via email, which is very concerning. Mostly because I submitted my request for an absentee ballot via mail for the June election and my request got lost in the mail. The only reason I was able to get a ballot in time was because I emailed my application.

image.png

Given how soon this election is coming up - I'm very concerned about myself and others in my community not having a ballot in time and having to once again stand in very long lines.

I know that there is another meeting of the Elections board upcoming on July 21st. If possible, I would love to know how to bring up this concern at that meeting. I'm happy to share any additional information that would help the office address this issue.

I appreciate your service and look forward to hearing back from you.

Thanks,

Good taking to you this morning. Since speaking with you, I have been contacted by Aileen Nakamura, a couple of North Fulton Dems and two campaigns (a separate conversations) regarding the December 1st elections. The sample ballots and information about the December 1st elections are not listed on website. I know that the SOS is confusing the issue more.

Please ask staff to send communications to all candidates in SD39 and CD5 specifying elections confirming that those elections will be held December 1st. Since the website is not updated, I think that a press release clarifying all of this may be helpful. Thank you. See you in the morning.

Good Morning Leaders:

I pray as we . Director Barron, after last night's unfortunate theft, are you re-considering the department's Pre-Election process as it relates specifically to the Express Posts? If so, please consider asking your post managers to maintain physical custody of the Express Posts when the posts are in non-county facilities.

Also, did the cyber-analysis of FCDRE earlier this year identify any possible threats that exist in the DRE's current Pre-Election, Election Day and Post-Election procedures? Were there suggestions made regarding securing and storing the voting equipment in the posts? I hope that you consider sharing that cyber-analysis report with the board. I believe together we can do better. Director, I look forward to hearing from you. Have a blessed day!

South Annex has a line but the process is much smoother after IT helped there yesterday. Busiest day so far today, but Sharon said everything is running smoother after IT and EasyVote have consulted on some issues. A was well with printing with EasyVote when test ng happened last week.

**All of the sites have chairs and water.**

Sandy Springs is busier today.

Sharon thanks that had we used Wolf Creek Library rather than South Annex we would be better off, but we have to use one of the buildings with one of our offices during EV. The Government Center would have been a poor choice this time and Sandy Springs Library is better than North Annex.

I was at C. T. Martin Natatorium at 11 – no line, very quiet. Mr. Francis, the pool manager, said that he thought the chief bottleneck yesterday was the non-functioning of the EZVote device which necessitated voters filling out the forms manually – took up time for the line. He liked the new configuration of the layout. Mary Caroline

Good Evening:

I received the attached from a concerned citizen this evening. The South Fulton resident snapped these pictures of his neighbors app catons who received the r App catons for Absentee Ballot returned to them Marked Undeliverable As Addressed. These apps were returned by the Fairburn Post Office located at 75 Washington Street, Fairburn Ga 30213. He says that there are many other voters whose app catons for AB were returned by this Post Office.

With the exception of the Cities of Hapeville and Chattahoochee Hills, every other city South of Atlanta is majority African-American and Democrat. I am hopeful that a resolution is forthcoming.

**Subject:** Special Election for State Senate District 39

Deputy Director Harvey and Deputy Director Evans:

I pray as we wish you both. Last night, I was told by Democratic party leaders that the General Election will also serve as a Primary Election for State Senate District 39. Further, that voters residing in SD39 will have to first decide that they are Democrats to receive a ballot containing the SD39 race. Moreover, that those voters will receive a different ballot that everyone else voting in SD39. Parenthetically, voters residing in SD39 have already begun receiving their AB by Mail which contains the SD39 race. Further, no party designation was required to receive the AB by Mail for the November 3rd elections. This same rule should apply on ED. Every eligible voter residing in SD39 should be allowed to vote in that race regardless of party affiliation.

As we all know, Georgia voters are not restricted by parties in any way during a General Election. Hopefully, the message was in error and no voter will have to decide a party to vote in the General Election, including voters residing in SD39. Please forgive me for speaking out of turn. I appreciate your time and hope that one of you will provide clarity here. Thank you.

Dear Mr. Phillips, Let me see if I or my colleague, Ms. Nurddin, can give you some assurance of not actual assistance. The stated date of 11/23 for mailing out your ballot is probably incorrect – a thought is key that your ballot was mailed out at a later date. The Secretary of State processed absentee ballots until the end of last month and entered that date, but we are told that most ballots processed by the office were sent, instead, probably on November 30. In addition, “sent” does not mean mailed directly to you but sent to the State’s ballot processor in Arizona and mailed from that location. My apologies for this, and a request that you wait until the end of this week when I would expect that you would receive your ballot. If you don’t get it by the weekend, please email me again at [mccooney@mndsprng.com](mailto:mccooney@mndsprng.com) and I will see if more drastic tactics work. Dear Ms. Cooney and Ms. Nurddin,

Would either of you be able to assist me with my below emails and in getting someone to please return my emails from 12/8, 12/10, and 12/14? I have been unable to reach anyone by email or through the office number. What steps do I need to take to receive my absentee ballot?

Thank you in advance for your assistance,

Hello again,

Can someone please reach out to me about my ballot? It still has not arrived in the mail to me although it says it was mailed out on 11/23/2020?  
How can I please receive my absentee ballot? What steps do I need to take since it has not arrived?

Thank you in advance for your assistance with this sensitive issue,

Hello,

I have still not received my absentee ballot for the January 5th runoff, although the myvoter Ga SOS page says my runoff ballot was issued on 11/18/2020.

It should have arrived by now. My daughter, Kendrick Heather Phelps, received hers already and it said hers was issued on 11/23/2020.

How can I get another ballot sent to my home since the first one has never arrived? What steps do I need to take? I am 80 and cannot vote in person due to Covid risk.

Further, to have the full support and expertise of the county leadership and government was incredible. It pushed the DRE through sickness, a casualty of this global pandemic and Tropical Storm Zeta. Proving once again, we are so much stronger together. Thank you a 😊

Gentle note that Fulton Elections apps doing something whacky. It should be advertising EV dates and EV sites for upcoming elections. EV for CD5 Special election starts on Monday. Fulton also has several elections on 12/01 plus federal runoff in January.

The apps should be preparing Fulton voters for these elections asap. Thank you a for your continued service to Fulton County!!

The media is awful no matter where you stand. It portrays elections off camera as backwoods and dumb and demonizes the SOS and Governor. We all lose. Pandemic or no, Fulton has on any given election a 6-figure voter turnout with the highest turnout always being Presidental elections. We weren't prepared. Invite Rick to share on why he will improve the Aug Runoffs and the General elections. Long-winded ratonales appear to purposefully distract, mislead and unbelieveable.

Invite you too to on your discuss HOW the Runoffs and the General will be handled (more polls for EV and ED (even if only a few), more BMDs, at least one extra scanners/printers per poll to prevent downtime due to equipment failure, Fulton Police escorts for all technicians and DRE Admins as needed throughout EV and a day and night on ED) with a projected cost for a . No finger-pointing! It is a fruitless endeavor. I will be watching on news. Good luck!!

Thanks Director! Thank Ralph or someone took upon themselves to simply not send out the AB for December 1st runoff. The request date for Dec 1st in MVP says July 30th. There was a bit of confusion about who would send out AB for Dec 1st and Jan 5th elections at our last BRE meeting. These voters are both over 75 and have not voted in person for quite some time.

Someone thought it was Ralph but it could have been Cheryl determined that since the state was not handling the rollovers AB for Dec 1st that the county didn't have to do it. Listen in on all the statewide conferences conducted by state elections office. Mr. Harvey never said that the counties didn't have to send out the rollovers. He said the counties MUST handle the rollovers for December 1st elections. Ralph just didn't do it.

took the BRE members off this strand. Please forgive any impost on this email may cause.

I found out from colleagues in other counties on Wednesday afternoon that the SOS isn't making any ballots for January until the 30th. They told no one and we all thought they were made no later than the 23rd, but possibly on the 21st. Two directors asked them to change the information on eNet to change MVP and they told them it wouldn't happen. The counties will get blamed for late January ballots.

I have Sante check on the ballots for December. Did they request for each election in December 1.

Remember that the rules around challenged voters are clear and concise. We only have one of two choices. We can follow procedure for challenged voters which is if a challenged voter attempts to vote, he/she may vote a provisional ballot and given the time allowed to cure that ballot and, in this case, that means provide proof of residency. If residency is verified, then ballot counts. If not, then it won't. OR, we can deny the challenges in the entirety.

Director Barron, I've been made aware that there may be a need for additional resources for the Elections Department to allow for more than one individual to manually verify signatures on the absentee ballots during the January 5th statewide runoff. If so, along with the Democrat Party, I will offer volunteers to work in a similar manner as the voter review panel to verify the signature of each absentee.

If there is not a need for additional resources in the department to do so or if volunteers are not allowed, please let me know when and where we can have observers for the manual signature verification process during the runoff?

Dear Fulton County Elections Board,

I'm sharing here a letter I wrote to Richard Barron and Bake Evans yesterday requesting a complete accounting for the absentee ballots in the Democratic for State House District 49. Although I campaigned and my opponent have declared him the winner with a margin of about 450 votes, there are over 1600 absentee ballots (out of 3947 that were mailed to district residents) for which we don't know the disposition. Thus, the race cannot be considered final until we do.

My request in the letter is simple: before this election is certified, I want a complete accounting of how each of the mailed absentee ballots was handled. The letter explains the requested accounting in detail.

I realize that Fulton County has been dealing with an unprecedented situation on this election and I appreciate everything that the team is doing. I'm asking for your help in securing a complete count of all the votes.

It seems like a dumb question but overseas voters alleging that their AB was mailed to their US address has happened nearly every federal election. This is mainly due to voter error in completing the request but we must be so cautious when handling overseas requests for AB. Thanks.

A [new discussion](#) has been posted in The Buzz by Harvey, Chris on 6/12/2020 5:05 PM

There is a new OEB on absentee ballots that need arrived in the elections office before the deadline, need signature cures, but were not processed immediately due to the heavy influx of absentee ballots. I pasted the OEB below, but it is available on Facebook under Official Communications>Official Election Bulletins>2020 OEBs Chris Harvey-SOS Office

**OFFICIAL ELECTION BULLETIN**  
June 12, 2020

---

**TO:** County Election Officials and County Registrars  
**FROM:** Chris Harvey, State Elections Director  
**RE:** Cure Period for Late Mailed Absentee Ballots Cure Notices

The State Election Board rules and Election Code provisions work together to establish a timetable for reviewing absentee ballots, providing notice to voters of absentee ballot issues, and allowing voters time to cure the problem with their absentee ballot. Once within the even days of Election Day, SEB Rule 183-1-14-.13 requires that notice be sent to voters of such absentee ballot rejection and opportunity to cure by close of business on the next day. O.C.G.A. § 21-2-386 further establishes that the deadline to cure absentee ballots is the close of the provisions period established by O.C.G.A. § 21-2-417 (Friday after Election Day).

However, given the compelling factors brought forth due to the COVID-19 pandemic and ongoing public health state of emergency, it appears some counties have not been able to process, review and provide notice of absentee ballot rejections to voters by the close of business after Election Day. **Any absentee ballots that have been rejected should have a cure notice mailed (and emailed, if applicable) to the voter as soon as possible.**

The code and election board regulations envision that voters have 3 days to cure absentee ballot rejected. Therefore, our guidance given the ongoing state of emergency is for a voter to be permitted 3 business days to cure his or her absentee ballot from the date notice of such rejection and opportunity to cure is actually mailed to that voter. So for example, if notice is not mailed until Friday June 12<sup>th</sup>, the voter should have until Wednesday June 17<sup>th</sup> to cure. This guidance should have no impact on the overall provisions period and is limited to voters who were not provided timely notice as required by law. Please remember that you are required to a notify voters by telephone and email if a telephone number or email address is provided on the voter registration record or absentee ballot application per SEB Rule 183-1-14-.13.

The deadline for county election superintendents to certify the election results is 5:00 PM on Friday, June 19<sup>th</sup>, so a required notices should be sent as soon as possible to ensure the certification deadline is met.

Voter Registrar has a pretty large staff and there's no reason why this office was closed on Friday and on tomorrow Monday the last day for Voter Registrar.

Closing a VR office days before the deadline during the PPP cannot have been the contingency plan. Right, your leaders dropped the ball here.

**Subject:** North Fulton Annex Voter Registrar Office Closed on Monday

Attached is a photo on the sign posted on the door of the Voter Registrar's office at the North Fulton Annex Office on Roswell Rd in Sandy Springs that I went to today approximately 3:45PM.

For those who don't know me, I'm Landen Watson, Georgia's Field Director for the Democratic Congressional Campaign Committee organizing in CD 6 and 7. Ben Myers and others on this thread are very familiar with me and my work with Lucy McBath and across the 7<sup>th</sup> District. Apart of my program involves voter registration and with the deadline for the Presidential Primary, this is a serious matter for multiple reasons:

1. It's a little convenient that the office is closed until the day after the VR deadline. I was told by the front office that this was due to a family emergency.
2. There were 2 paper forms left in the basket near the door. Maybe a bunch of folks came by and collected forms but I like to bet there wasn't a lot of forms left there to begin with. There are now zero forms available.
3. A sign on the door was posted on the door of the office. There wasn't a post made on the website or social media. For folks who don't notice, I'm afraid people will show up on Monday thinking they can turn in VR paper forms and come to find out that the nearest office to turn them in is downtown Atlanta or drive there by mail. That's a drive folks can't just take on a busy Monday especially with the deadline.
4. I suspect folks who wait until closer to the office closing/wait until the lunch break/go before work to turn in forms only to realize it's closed and don't have time to go to another location. They are leaving it open for folks who registered on the weekend not to participate in the Presidential Primary March 24.
5. This isn't the first time this sign has been posted up. Angie Jones, a certified registrar accounts this sign at least 3 other occasions since turning in forms at this office.

Why isn't there a replacement sent this location for Monday to collect forms?

Terr Crawford told me to send this information to you in hopes we can rectify this situation before Monday. Let me know if you have any questions.

**Subject:** Vote Review Panel--Absentee Ballot Process/Rejected Provisional and AB Ballots

**Attachment(s):** "Vote Review Panel .pdf"

Director Barron:

I just learned that yesterday Fulton County only had one Vote Review Panel (VRP) with only 2 people serving on it despite the statutory minimum of 3 members. I have attached the statute that governs the VRP as this is the responsibility of the Elections Superintendents (BRE). I am unsure if any of my colleagues are even aware of the role in the VRP process. Yesterday, Trey Key representing the Republican party and Terr Crawford, representing the Democratic party were the only two on the Vote Review Panel. No decisions could be made or should I say "should have" been made to reject ballots without a minimum of 3 VRP members present. This was reported to me by Ms. Crawford late last night.

Also, rejected provisional ballots and rejected AB have only been reported to the BRE on the day of certification when it's too late for a voter to seek a remedy. **Let this serve as another written request that all rejected provisional/rejected absentee ballots totals are included in all Early Vote and Election Day totals along with tangible proof (report, mail-merge spreadsheet, phonebank list etc) that the impacted voters were contacted and made aware that their provisional/absentee ballot by Mail votes didn't count.** I have also asked that final rejected absentee ballots be made available for review of BRE (or just me if my colleagues aren't interested) prior to certification of this election. Thanks.

# Appointment of Vote Review Panel

## O.C.G.A. § 21-2-483

(2)(A) In a partisan election, the vote review panel shall be composed of the election superintendent or designee thereof and one person appointed by the county executive committee of each political party and body having candidates whose names appear on the ballot for such election, provided that, if there is no organized county executive committee for a political party or body, the person shall be appointed by the state executive committee of the political party or body. In a nonpartisan election, the panel shall be composed of the election superintendent or designee thereof and two electors of the county, in the case of a county election, or the municipality, in the case of a municipal election, appointed by the chief judge of the superior court of the county in which the election is held or, in the case of a municipality which is located in more than one county, of the county in which the city hall of the municipality is located. The panel shall manually review all ballots rejected by the tabulator under paragraph (1) of this subsection and shall determine by majority vote whether the elector's intent can be determined as described in subsection (c) of Code Section 21-2-438 and, if so, said vote shall be counted as the elector intended. In the event of a tie vote by the vote review panel, the vote of the election superintendent or designee thereof shall control.

(B) The election superintendent may create multiple vote review panels in accordance with subparagraph (A) of this paragraph to handle the processing of such ballots more efficiently. Upon the creation of such panels, the election superintendent shall designate one of the panels as the chief vote review panel. In the event of a disagreement on such additional panels, the ballots in question shall be reviewed by the chief vote review panel and decided in accordance with the procedures contained in subparagraph (A) of this paragraph.

- Appointment Letters to Parties asking for Party Representatives sent approximately 2 weeks before the Primary or Election.
- Judicial Appointment for Non Partisan Representatives, if required, will begin approximately a week or so before the Election.
- Election Superintendent Designee is a staff member of the Board of Elections Office.
- If a ballot is rejected by the Optical Scanner due to an over vote, the ballot is reviewed by the Vote Review Panel.
- The Panel will determine the voter's intent by majority vote.
- The ballot will be duplicated, if necessary.
- In any event, the vote will be counted per the voter's intent as determined by the Vote Review Panel.

## Vote Review Panel and Duplication Team

# Who serves on the Vote Review Panel

## Partisan Election

- In a partisan election the vote review panel shall be composed of the election superintendent or designee thereof and one person appointed by the county executive committee of each political party and body having candidates whose names appear on the ballot for such election, provided that, if there is no organized county executive committee for a political party or body, the person shall be appointed by the state executive committee of the political party or body.

## Nonpartisan County Election

- In a nonpartisan election, the panel shall be composed of the election superintendent or designee thereof and two electors of the county appointed by the chief judge of the superior court of the county in which the election is held.

The requirement to be an elector of the County, Per O.C.G.A. \* 21-2-2, "elector" means any person who shall possess all of the qualifications for voting now or hereafter prescribed by the laws of this state, including applicable charter provisions, and shall have registered in accordance with this chapter.

## Nonpartisan Municipal Election

- In a nonpartisan election, the panel shall be composed of the election superintendent or designee thereof and two electors of the municipality appointed by the chief judge of the superior court of the county in which the election is held.

The requirement to be an elector of the Municipality, Per O.C.G.A. \* 21-2-2, "elector" means any person who shall possess all of the qualifications for voting now or hereafter prescribed by the laws of this state, including applicable charter provisions, and shall have registered in accordance with this chapter.

# Election Night Duplication Team

- Duplication Teams work in groups of 3.
- Duplication Teams are appointed by the Board of Elections.
- The number of teams used depends on the number of ballots being tabulated.
- The Duplication Teams duplicate ballots that come over from the Vote Review Panel, any mutilated or damaged ballots, Provisional out of precinct ballots, and military EBD ballots.
- When it is necessary to duplicate a ballot, the team works together to perform the duplication.
- One person will read the names of the candidate receiving the vote, a second person will mark the ballot as the name is read, and a third person will observe the process to ensure that the proper name is marked on the ballot.
- A log is kept of each duplicated ballot.
- The log lists the Precinct Number and the Serial Number for the duplicated ballot.
- The Serial Number is placed on both the over-voted ballot (Invalid ballot) and on duplicated ballot (Duplicate ballot).
- Each person on the three member Duplication Team initials both ballots and the log.
- The word "Duplicate" is written on the ballot that has been duplicated and the word "Invalid" is written on the over-voted ballot.

Vote Review Panel and Duplication Team

## Provisional Ballots O.C.G.A. § 21-2-491 ( c ) ( 1 )

- A Duplication Team and Vote Review Panel may be needed for Provisional Ballots.
- If a Provisional Ballot is rejected due to an over-vote, it must be reviewed by the Vote Review Panel and duplicated, if necessary.
- The Vote Review Panel can also serve as a Duplication Team.
- Provisional Ballots cast out of precinct will have to be duplicated onto a ballot from the voter's proper precinct.
- You can use office staff to duplicate Provisional Ballots cast out of precinct using the same three person protocol as used on Election Night. They are the Duplication Team.
- The Vote Review Panel is reconvened, if necessary.

## EBD Ballots

- EBD Ballots (military ballots issued via email) must be duplicated onto a countable ballot for the voters' proper precinct.
- If the votes on an EBD Ballot received by the office are not in question, office staff will duplicate the ballot using the same three person protocol as used on Election Night.
- If the voter's intent is in question, the EBD is sent to the Vote Review Panel prior to duplication.

## Write In Votes

- If a ballot is rejected because the voter has cast a vote for write-in and for a candidate, the election superintendent decides whether the ballot should be duplicated or tabulated in such a manner so that neither the write-in nor the candidate get a vote (Over-ride).
- The Duplication Team will perform the duplication, if necessary, using the three person Election Night protocol.

## Vote Review Panel and Duplication Team

# Vote Review Panel Duplication Team

## Write In Candidate Count Procedures

- A vote cast for a write-in candidate on an optical scan ballot shall be the choice made by the voter by filling in the oval or completing the arrow adjacent to the appropriate write-in space and writing the name of a qualified candidate in the appropriate space on the ballot.

### **SEB Rule 183-1-15.02 ( 3 ) ( a ) ( 2 )**

- Every county must report the total number of valid write-in votes cast for all qualified write-in candidates.
- GEMS does not add the total votes cast for write-in candidates from optical scan and touchscreen ballots together for you.
- The report that is generated from GEMS only provides the names of write-in votes cast on the touchscreen units.

DEAR VOTER:

**YOUR COUNTY BOARD OF REGISTRARS IS UPDATING ITS VOTER REGISTRATION LIST**

The attached confirmation notice has been sent in response to one of the following:

- 1) You have filed a change of address form with the U.S. Postal Service;
- 2) You have not voted or updated your voter registration in at least 3 years; or
- 3) Official election mail has been returned when sent to the address on your voter registration record.

**PLEASE NOTE:** This confirmation notice was sent to the current mailing address on your voter registration record. **The county you are currently registered in is shown in both the mailer portion of this notice and return portion of this notice.**

- (1) If you still live at the same address as shown on the current voter registration file, complete the attached card and return within 30 days.
- (2) If you have moved to an address within the county that is different from the address currently on file, complete the attached card and return within 30 days. A new precinct card will be mailed showing your new voting location.
- (3) If you have moved from the county in which you are currently registered to an address outside such county, please complete and return the form below within 30 days. If your new residence address is within Georgia but outside the county where you are currently registered, your voter registration file shall be transferred to the county of your new address. If your residence address is outside the State of Georgia, your name will be removed from the list of electors.

**(4) If you do not return the attached card within 30 days, you will be moved to an inactive status. Your voter registration will be canceled if you DO NOT update your voter registration or vote in an election up to and including the second November General Election held after you are placed on the inactive list.**

Thanks, Rick, for addressing this matter. Many voters may not completely understand the difference between attaching and embedding a file to an email. Also, it's not unreasonable for a voter to believe that embedding a signature is synonymous to attaching a file. I know the difference but I have a graduate degree in IT. I am sorry to hear that the SOS made processing the September AB requests more difficult.

Please consider adding language to the website that emailed Requests for AB must be attached to the email and not embedded into the body of the email as emails with requests embedded will be rejected. My **only** goal is to make the AB process easier for Fulton County voters. Thanks.

I told Caryn and Ralph that it's unacceptable not to return phone calls, especially when I got Caryn a secretary to help handle her emails and phone.

Looking at the application below it should have been rejected because it's an embedded application and those won't print.

I will have Ralph research whether a rejection letter was sent to her regarding her September application.

Regarding, I instructed staff to process this and to send it for Saturday delivery. It's possible it was processed for November since the date she sent it by email fits the timeframe in which eNet was defaulting all users to either September or November depending if one user changed his or her election choice from the drop down menu. That's why the SOS ended up shutting down September applications on eNet and forcing us to process them manually without updating eNet.

**Subject:** URGENT: 9/29/2020 special election Absentee Ballot Application

Hello,

I am following up again on my request for an absentee ballot for the September 29th special election. Given that the election is now only three business days from now, and my application still has not been processed by your office, it appears that Fulton County is denying me my legal right to the absentee ballot.

I emailed my application to you on September 2nd. I forward the request to Beverly and asked for her assistance on September 14th. I called your office and was transferred to Karen's line, where I left her a voicemail message on September 18th. Not once has your office ever responded to me about this application. My request is not showing up in MVP, nor has the ballot been delivered to me by US Mail. Is there any chance that I will receive my absentee ballot in time for me to return it by the September 29th election day?

I would note that I have properly requested absentee ballots for all three elections so far this year, and in every single instance, your office has lost the application and only processed it after I or the Democratic Party Voter Protection Hotline follow up with you multiple times. This is not consistent with the constitutional right to vote and Georgia law. When is your office ever going to resolve these problems with processing absentee ballot requests?

Sincerely,  
Sara

Yes. We did three years ago. As we had discussed in a text a couple of weeks ago we let her go for various things, including me taking an Express Post. Mark asked that we retain her. We did. We know that she handed at least one ballot to a monitor during the hand tally. It was reported several times that she was taking pictures at the hand tally, which she denied, but several people reported seeing her do it. She made false claims in her testimony. She is untrustworthy.

Not sure about Thorne's integrity. Though she didn't specifically identify the election, she called 400 emergency/provisional ballots were never received for JC13A. She obviously had them. See the attached PB Recap Sheet.

**Subject:** Last minute po ng pace change

Good afternoon,

I am the Executive Director of Cathedra Towers, home to more than 200 elderly Atlantans. I am writing to you today to inquire about the last minute po ng pace change for precinct 08G. Last night I was notified by a resident who was concerned and confused about the change. She notes that less than one week ago, she received her voting card, assigned her to the po ng location at the Cathedra of St. Philip. Then yesterday, she received a letter from Fulton County Department of Registration and Elections notifying her that the po ng pace moved to the Atlanta History Center. We went online to the SOS MVP and verified the change to the Atlanta History Center. This letter is dated Sunday, October 18th and was received Wednesday, October 21, just 13 calendar days before the election. Since her case, we have received calls from other residents with the same issue and concerns.

Residents are requesting a response to the following questions:

- Why was the po ng pace changed so close to the election?
- Why were they moved to a po ng pace more than 1 mile from their homes when the original po ng pace, the Cathedra of St. Philip is next door, and open as a po ng pace?

While we are an independent living community, many of our residents no longer drive. Most of our residents can walk to the church. The ones who cannot are provided with safe, socially distanced transportation on our main bus. We are deeply concerned that this change not only has created great confusion and mistrust among our elders, it has also created a challenge to provide adequate and safe transportation to some of the most vulnerable people in the community. I was unable to find any information about this precinct change on the Fulton County website.

Thank you,

IN THE UNITED STATES DISTRICT COURT  
FOR THE NORTHERN DISTRICT OF GEORGIA  
ATLANTA DIVISION

GEORGIA VOTER ALLIANCE and  
JOHN WOOD,

Plaintiffs,

v.

FULTON COUNTY,

Defendant.

CIVIL ACTION FILE  
NO. 1:20-CV-4198-LMM

**DEFENDANT’S BRIEF IN SUPPORT OF MOTION TO DISMISS**

**INTRODUCTION**

In this elections challenge, Plaintiffs seek a declaration that Defendant Fulton County (“Fulton” or the “County”) cannot accept a grant from a private entity to assist it with conducting elections during this pandemic and seek an injunction halting the County from accepting or using the private election grant money or items purchased with the private election grant money. Although Fulton County is the only Defendant, Plaintiffs also seek an identical injunction against all the remaining 158 Georgia Counties and against all Georgia cities. Plaintiffs contend that the grant or grants at issue violate the U.S. Constitution’s Supremacy and Elections Clauses, the National Voters Registration Act (NVRA) (52 U.S.C. §§ 20501 to 20511) and the Help America Vote Act (HAVA) (52 U.S.C. §§ 20901 to 21145).

This Court should dismiss all claims in Plaintiffs' Complaint because Plaintiffs have failed to meet their burden of alleging facts sufficient to grant them standing. Indeed, Plaintiffs' allegations satisfy none of the necessary elements under Article III for standing to sue. Moreover, Plaintiffs claims must be dismissed because Plaintiffs have no private right of action under the authorities cited. Plaintiffs' underlying claims also fail as demonstrated herein and in Defendants' Brief in Opposition to Plaintiffs' Motion for Temporary Restraining Order. Finally, as to the current election the relief requested by Plaintiffs is untimely because the election is currently ongoing and federal law uniformly commands that courts not tamper with elections procedures in midstream. Moreover, Plaintiffs cannot seek an injunction relating to future grants, because they do not allege any facts indicating that future election grants will be offered or that Fulton will apply for similar grants in the future, and this Court has no jurisdiction to issue an injunction against non-parties.

### **PROCEDURAL BACKGROUND**

Plaintiffs filed their Complaint for Declaratory and Injunctive Relief on October 9, 2020. Plaintiffs then filed a Motion for Temporary Restraining Order on October 13, 2020, together with numerous other documents including notices of hearing, two declarations by their counsel, and numerous exhibits. On October 13,

2020 the Court issued an Order directing the parties to appear for a hearing on the Motion for Temporary Restraining Order on October 27, 2020, directing Plaintiffs to serve Defendant with a copy of the Order, the Complaint, and the Motion for Temporary Restraining order by October 15, 2020, directing the Defendant to file a Response Brief by 9:00 on October 22, 2020, and directing Plaintiffs to file any reply brief by October 26, 2020. Contemporaneously herewith, Defendants plan to file their Response Brief in Opposition to Plaintiffs’ Motion for Temporary Restraining Order.

### **FACTS ALLEGED<sup>1</sup>**

Although Plaintiffs’ Complaint is extensive and difficult to decipher, the facts alleged by Plaintiffs are essentially quite simple. Plaintiffs allege that the Center for Tech and Civil Life (CTCL) awards private grants to local governments to help ensure they “have the staffing, training, and equipment necessary” to conduct the November 3, 2020 election so that “every eligible voter can participate in a safe and timely way and have their vote counted.” Complaint ¶¶ 39-54. Plaintiffs allege that

---

<sup>1</sup> Fulton acknowledges that when considering a motion to dismiss the Court must accept all Plaintiffs’ allegations as true, construing them in the light most favorable to Plaintiffs. Pielage v. McConnell, 516 F.3d 1282, 1284 (11th Cir. 2008). In addition to the Complaint, this Court may consider any matters appropriate for judicial notice. Tellabs, Inc. v. Makor Issues & Rights, Ltd., 551 U.S. 308, 322 (2007).

CTCL's grants are generally given to counties and cities with "demographics that show overwhelmingly progressive voters." Complaint ¶¶ 55-58. However, the facts pleaded by Plaintiffs, if true, do not demonstrate any demographic information. Instead, they demonstrate that most of CTCL's grants go to local governments that voted primarily for Hillary Clinton in the 2016 election, rather than to local governments that voted primarily for Donald Trump. *Id.* No *demographic* factual information is pleaded by Plaintiffs, nor demonstrated by the two declarations and numerous exhibits submitted by Plaintiffs. *Id.*

Plaintiffs allege that Fulton is a local government in Georgia, and that it is not considered a state under federal law. Complaint ¶¶ 6, 24-25. Plaintiffs contend that under Georgia law the Secretary of State apportions federal and state elections grants to the counties and cities. Complaint ¶ 65. Plaintiffs allege that Fulton County voters voted for Hillary Clinton in 2016 at a 68.89% rate over Donald Trump. Complaint ¶ 58. Plaintiffs allege that CTCL recently provided a \$6 million private federal election grant to Fulton County that was not approved by Congress or the Georgia legislature. Complaint ¶¶ 63-64. Plaintiffs also allege that CTCL's private federal elections grants are to increase voter participation of Georgia's progressive demographic groups. Complaint ¶ 75. However, Plaintiffs allege no facts showing that Fulton County's use of the funds benefits one demographic group over another,

nor have Plaintiffs alleged that Fulton County uses the funds to encourage only votes in favor of one party. Rather, it is the mere acceptance of funds from a private and, in their view, left-leaning organization that Plaintiffs contend is unlawful. Nor do Plaintiffs attempt to counter the logic that more densely populated areas face more difficult problems in conducting safe elections in the current pandemic environment.

As to standing, Plaintiffs allege that Plaintiff Georgia Voter Alliance is an unincorporated association with members who seek to ensure, as part of their association objective, public confidence in the integrity of Georgia elections, results, and election systems. Complaint ¶ 4. Plaintiffs allege that John Wood is an eligible Georgia voter who opposes the election of progressive candidates, but do not allege where Plaintiff Wood resides. Complaint ¶ 5. Although Plaintiffs allege that the laws under which their claims are brought confer standing upon them directly, none of their citations to those laws seem to do so. Complaint ¶¶ 7-23. Otherwise, Plaintiffs make the bald claim that they are injured by the grants to Fulton by CTCL but give no specifics. Complaint ¶¶ 16-17. Plaintiffs' only allegation of injury is that they do not want progressive candidates to win in the November 3, 2020 election, and that the grants at issue will result in more progressive votes and a greater chance that progressive candidates will win in the election. Complaint ¶ 20.

## **ARGUMENT AND CITATION OF AUTHORITY**

### **I. Standard of Review**

The standard of review applied on a motion to dismiss under Fed. R. Civ. P. 12 (b)(6) is that a complaint must “state a claim to relief that is plausible on its face,” Bell Atlantic Corporation v. Twombly, 550 U.S. 544, 570 (2007), and the complaint must demonstrate “more than a sheer possibility that a defendant has acted unlawfully.” Ashcroft v. Iqbal, 556 U.S. 662, 677 (2009). Well-pleaded factual allegations are presumed true, but not legal conclusions when they are “couched as [] factual allegation[s].” Iqbal, 556 U.S. at 678-79.

This Court must address threshold issues of jurisdiction and standing before considering dismissal on the merits or taking other action. Georgia Shift v. Gwinnett County, No. 1:19-cv-01135-AT, 2020 U.S. Dist LEXIS 31407, at \*7 (N.D. Ga. Feb. 12, 2020). “Standing ‘is the threshold question in every federal case, determining the power of the court to entertain suit.’” CAMP Legal Def. Fund, Inc. v. City of Atlanta, 451 F.3d 1257, 1269 (11th Cir. 2006) (quoting Warth v. Seldin, 422 U.S. 490, 499 (1975)).

### **II. Plaintiffs Lack Standing to Bring Suit**

The threshold lack of Article III standing warrants immediate dismissal of this action. Article III of the U.S. Constitution permits federal courts to adjudicate only

“actual cases and controversies.” U.S. Const. Art. III, § 2. “One element of the case-or-controversy requirement is that plaintiffs must establish they have standing to sue.” Clapper v. Amnesty Int’l USA, 568 U.S. 398, 408 (2013) (citing Raines v. Byrd, 521 U.S. 811, 818 (1997) (internal quotations omitted)). Importantly, for our purposes, “[t]he law of Article III standing, which is built on separation-of-powers principles, serves to prevent the judicial process from being used to usurp the powers of the political branches. Clapper, 568 U.S. at 408. “In essence the question of standing is whether the litigant is entitled to have the court decide the merits of the dispute or of particular issues.” Warth v. Seldin, 422 U.S. 490, 498 (1975). To establish Article III standing:

The party invoking the power of the court must show (1) injury in fact, which is an invasion of a legally protected interest which is (a) concrete and particularized, and (b) actual or imminent, not conjectural or hypothetical; (2) a causal connection between the injury and the conduct complained of; and (3) that the injury is likely to be redressed by a favorable decision.

Cochran v. City of Atlanta, 150 F.Supp.3d 1305, 1315 (N.D. Ga. 2015) (citing Lujan v. Defenders of Wildlife, 504 U.S. 555, 560-61 (1992)) (internal marks omitted).

As the parties attempting to invoke federal jurisdiction, Plaintiffs bear the burden of establishing standing at the start of the lawsuit. Lujan, 504 U.S. at 561, 570 n. 5; Johnson v. Bd. of Regents, 263 F.3d 1234, 1267-68 (11th Cir. 2001). And

“when plaintiffs seek prospective relief to prevent future injuries, they must prove that their threatened injuries are ‘certainly impending.’” Id., citing Clapper, 568 U.S. at 401. Plaintiffs “must support each of the standing requirements with the same kind and degree of evidence at the successive stages of litigation as any other matter on which a plaintiff bears the burden of proof.” Constitution Party of S.D. v. Nelson, 639 F.3d 417, 420 (8th Cir. 2011).

**A. Neither Plaintiff Has Alleged an Injury in Fact**

Here, neither Plaintiff has alleged an injury in fact. There is no allegation that either the Georgia Voter Alliance or John Wood has a concrete and particularized legally protected interest, and neither has alleged any facts showing that the injury is actual or imminent, rather than conjectural and hypothetical. Instead, Plaintiffs baldly allege that they have suffered an injury in fact and their only specific allegation of injury is that they do not want progressive candidates to win the November 3, 2020 election.

The mere allegation that Plaintiffs have been injured does not satisfy the standard set for pleadings in Iqbal and Twombly, *supra*. Moreover, the allegation that Plaintiffs do not want progressive candidates to win the election is also insufficient. As the Eleventh Circuit recently held, a candidate’s electoral loss does not, by itself, injure those who voted for the candidate. Voters have no judicially

enforceable interest in the outcome of an election. Jacobson v. Florida Secretary of State, 2020 U.S. App. LEXIS 28078 at \*17 (11th Cir. 2020) (citing Raines v. Byrd, 521 U.S. 811, 819, 824, 830 (1997)). Instead, Plaintiffs’ alleged injury is nothing more than hypothetical and conjectural, and it is not actual or imminent. Nor is it concrete or particularized. As the Supreme Court has stated, “[w]e have consistently stressed that a plaintiff’s complaint must establish that he has a ‘personal stake’ in the alleged dispute, and that the alleged injury suffered is particularized as to him. Raines, 521 U.S. at 819 (citing Lujan, 504 U.S. at 560-61). Here, Plaintiffs have no personal stake that every other voter does not have. A citizen is not injured for standing purposes by the simple fact that a candidate for whom he or she votes loses or stands to lose an election. Jacobson, 2020 U.S. App. LEXIS 28078 at \*18 (noting that the First and Third Circuits agree with this reasoning and citing Beckler v. Fed. Election Comm’n, 230 F.3d 381, 390 (1st Cir. 2000) and Berg v. Obama, 586 F.3d 234, 240 (3rd Cir. 2009)). See also Nat’l Treasury Employees Union v. U.S., 101 F.3d 1423, 1430 (D.C. Cir. 1996) (injuries shared by a large class of citizens are insufficient).

Nor does Plaintiff Georgia Voter Alliance (GVA) meet the test for associational standing. Associational standing requires “specific allegations establishing that at least one identified member ha[s] suffered or [will] suffer harm.”

Ga. Republican Party v. SEC, 888 F.3d 1198, 1203 (11th Cir. 2018) (citation omitted). GVA has neither identified a single member nor alleged any specific harm. Moreover, GVA has also failed to establish an injury for the same reasons that Wood has so failed. As the Eleventh Circuit stated in Jacobson:

An organization’s general interest in its preferred candidates winning as many elections as possible is still a “generalized partisan preference[.]” that federal courts are “not responsible for vindicating,” no less than when individual voters assert an interest in their preferred candidates winning elections. Harm to an organization’s generalized partisan preferences describes only “a setback to [its] abstract social interests,” which is insufficient to establish a concrete injury in fact.

Jacobson, 2020 U.S. App. LEXIS 28078 at \*28-29 (citations and quotations omitted) (citing Gill v. Whitford, 138 S.Ct. 1916, 1933 (2018); Havens Realty Corp. v. Coleman, 455 U.S. 363, 379 (1981); and Arcia v. Florida Secretary of State, 772 F.3d 1335, 1342 (11th Cir. 2014)).

Here, Plaintiffs have established no injury in fact. The Supreme Court has

consistently held that a plaintiff raising only a generally available grievance about government – claiming only harm to his and every citizen’s interest in proper application of the Constitution and laws, and seeking relief that no more directly and tangibly benefits him than it does the public at large – does not state an Article III case or controversy.

Lance v. Coffman, 549 U.S. 437, 439 (2007) (citation omitted). When “[t]he only injury plaintiffs allege is that the law ... has not been followed,” that “is precisely the kind of undifferentiated, generalized grievance about the conduct of government that [federal courts] have refused to countenance.” Lance, 549 U.S. at 442.

**B. Plaintiffs Have Not Alleged the Requisite Causal Connection or Redressability to Demonstrate Standing**

As the Eleventh Circuit recently explained, “[t]o satisfy the causation requirement of standing, a plaintiff’s injury must be ‘fairly traceable to the challenged action of the defendant, and not the result of the independent action of some third party not before the court.’” Jacobson, 2020 U.S. App. LEXIS 28078 at \*35 (quoting Lujan, 504 U.S. at 560). Furthermore, “it must be the effect of the court’s judgment on the defendant – not an absent third party – that redresses the plaintiff’s injury, whether directly or indirectly.” Lewis v. Governor of Ala., 944 F.3d 1287, 1301 (11th Cir. 2019) (internal quotations omitted). Redressability requires that the court be able to afford relief through the exercise of its power, not through the persuasive or even awe-inspiring effect of the opinion explaining the exercise of its power. Jacobson, 2020 U.S. App. 28078 at \*40 (quoting Franklin v. Mass., 505 U.S. 788, 825 (1992) (Scalia, J. concurring in part and concurring in the judgment)).

Winpisinger v. Watson, 628 F.2d 133 (D.C. Cir. 1980) (per curiam) is on point. In Watson, the plaintiffs alleged that actions taken by the defendant officials would distort the election process to the benefit of an opposing candidate. The D.C. Circuit held that they lacked Article III standing, recognizing that “[t]he endless number of diverse factors potentially contributing to the outcome of state presidential primary elections, caucuses and conventions forecloses any reliable conclusion that voter support of a candidate is ‘fairly traceable’ to any particular event. Watson, 628 F.2d at 139.

Here, Plaintiffs cannot show causal connection or redressability for the following reasons: (1) as demonstrated above, Plaintiffs have not alleged an injury sufficient to confer standing and thus cannot show a causal connection to or redressability of any such injury, (2) the real injury Plaintiffs have alleged is the loss of an election which is caused by voting, not by acceptance of grants, and which cannot be redressed by the Court, and (3) Plaintiffs have alleged insufficient facts to show that the acceptance of a grant by Fulton County sways the election towards or away from Plaintiffs’ preferred candidates, nor have they alleged facts showing that enjoining the grant would make any tangible difference in the election. The independent actions of the voters are the cause of Plaintiffs’ injury, **not** the

acceptance of grant by Fulton, and Plaintiffs have alleged insufficient facts to argue otherwise.

**C. Plaintiffs Cannot Demonstrate Standing By Showing a Right of Action**

The fact that a statute provides a private right of action is insufficient to demonstrate standing. Spokeo, Inc. v. Robins, 136 S.Ct. 1540, 1547-48 (2016). In paragraphs 1 through 21 of their Complaint, Plaintiffs appear to argue that if they can show a cause or right of action, they can establish standing. Even if Plaintiffs could show a right of action under the authorities listed, which they cannot, a right of action does not demonstrate standing. Plaintiffs must demonstrate Article III standing under the tests espoused above, and they cannot do so.

**III. Plaintiffs Have No Private Right of Action Under the Authorities Cited**

But if a plaintiff has no express or implied right of action, then that plaintiff also lacks standing. See e.g. Howe v. Ellenbecker, 8 F.3d 1258, 1261 (8th Cir. 1993). Here, Plaintiffs have no private right of action under the authorities that they cite, therefore not only do they lack standing, but their underlying claims fail too.

**A. Supremacy Clause**

The Supremacy Clause to the U.S. Constitution provides:

This Constitution, and the Laws of the United States which shall be made in Pursuance thereof; and all Treaties made, or which shall be made, under the Authority of the United

States, shall be the supreme Law of the Land; and the Judges in every State shall be bound thereby, any Thing in the Constitution or Laws of any State to the Contrary notwithstanding.

U.S. Const. Art. VI, § 2. The Supremacy Clause is the source of federal preemption doctrine. See e.g. Del. & Hudson Ry. Co., Inc. v. Knedler Mfrs., Inc., 781 F.3d 656, 660-61 (3rd Cir. 2015). Plaintiffs herein cannot make out a claim based on the Supremacy Clause alone because it “certainly does not create a cause of action.” Armstrong v. Exceptional Child Ctr., Inc., 575 U.S. 320, 325 (2015). The Supremacy Clause “is not the source of any federal rights” and “is silent regarding who may enforce federal laws in court, and in what circumstances they may do so.” Armstrong, 575 U.S. at 324-25. To the extent that Plaintiffs rely on League of Women Voters v. Blackwell, 340 F. Supp. 2d 823 (N.D. Ohio 2004) to show an implied private right of action, that decision was overruled by Armstrong and has no precedential value in the Eleventh Circuit. Therefore, Plaintiffs have no standing to bring a Supremacy Clause claim, and any such claim fails of its own right.

**B. HAVA**

Plaintiffs also have no private right of action under HAVA (52 U.S.C. §§ 20501-20511). Brunner v. Ohio Republican Party, 555 U.S. 5 (2008) is directly on point. There, the Supreme Court vacated a TRO under HAVA because it determined that the respondents therein were not sufficiently likely to prevail on the question of

whether Congress has authorized the federal courts to enforce the relevant HAVA provision in an action brought by a private litigant. Brunner, 555 U.S. at 6.

The decision in Brunner follows from the well-established principle that federal courts generally do not imply private causes of action, particularly when the statute at issue contains an “express provision [for] one method of enforcing a substantive rule,” which “suggests that Congress intended to preclude others,” including private rights of action. Alexander v. Sandoval, 532 U.S. 276, 290 (2001). HAVA provides two such express remedial schemes; first, it authorizes the Attorney General to bring suits to enforce the statute pursuant to 52 U.S.C. § 21111; and second, it requires states that receive funds to establish administrative complaint procedures pursuant to 52 U.S.C. § 21112. HAVA provides for no express private right of action, and the two remedial schemes that it does provide for suggest that Congress intended to preclude such private rights of action. Id.

The Eleventh Circuit does not allow private rights of action under HAVA. In Bellitio v. Snipes, 935 F.3d 1192, 1202 (11th Cir. 2019) the Eleventh Circuit stated outright that “HAVA creates no private cause of action.” Noting that Congress established only two enforcement mechanisms in HAVA, a civil action by the Attorney General and a state-based administrative complaint procedure, the Bellitio Court quoted and cited Sandoval for the proposition that

Like substantive federal law itself, private rights of action to enforce federal law must be created by Congress. Where Congress has not created a private right of action, courts may not do so, no matter how desirable that might be as a policy matter, or how compatible with the statute. The judicial task is to interpret the statute Congress has passed to determine whether it displays an intent to create not just a private right but also a private remedy. [Plaintiff herein] does not – and indeed could not reasonably – argue that Congress intended to create a private right of action in HAVA.

Bellitio, 935 F.3d at 1202-03 (internal quotations and citations omitted).

Moreover, at least two other circuits have held that HAVA does not include a private right of action that allows aggrieved parties to sue nonconforming states. See Am. Civil Rights Union v. Philadelphia City Comm’rs, 872 F.3d 175, 181 (3rd Cir. 2017) and Sandusky City Democratic Party v. Blackwell, 387 F.3d 565, 572 (6th Cir. 2004) (“HAVA does not itself create a private right of action.”).

Plaintiffs seek to avoid the preclusive effect of these precedents by citing HAVA’s administrative remedy provision, which requires states to provide an “appropriate remedy” to “any person who believes that there is a violation of any provision of subchapter III.” Without citing any authority, Plaintiffs then claim that Georgia’s procedure does not allow for declaratory or injunctive relief, and is thus inadequate, thus allowing them to step in and file suit. Even if Georgia’s procedure was inadequate, no right to sue is automatically created. Instead, the administrative

complaint procedure may be audited, and if a lack of compliance is found then the state must repay the affected portion of the funds to the federal government. See 52 U.S.C. § 21142 (b)(1), (c). Moreover, when a statute links funding to substantial compliance with its conditions, this counsels against the creation of individually enforceable rights. Does v. Gillespie, 867 F.3d 1034, 1042 (8th Cir. 2016).

**C. National Voters Registration Act (“NVRA”)**

Although the NVRA permits a private right of action, it does so only for individuals who are “aggrieved by a violation” of the statute. 52 U.S.C. § 20510 (b)(1). “Persons aggrieved by a violation of the NVRA are persons who allege that their rights to vote in an election for federal office have been impaired by a violation of the NVRA.” Dobrovolny v. Nebraska, 100 F.Supp.2d 1012, 1031 (D. Neb. 2000). See also Krislov v. Rednour, 946 F.Supp. 563, 566 (N.D. Ill. 1996) (“Standing under the NVRA is limited to the United States Attorney General and the ‘aggrieved persons’ whose voting rights have been denied or impaired.”) and Broyles v. Texas, 618 F.Supp.2d 661 (S.D. Tex. 2009) (citing Dobrovolny for the proposition that Congress intended to create a private right of action under the NVRA only in the context of a denial of access to voting for federal elective office). Here, Plaintiffs do not allege that their ability to vote in the 2020 elections is in any way impaired by the actions of Fulton County. Plaintiff Georgia Voter Alliance is ineligible to

vote. If Plaintiff John Wood resides in Fulton County, which is not alleged by Plaintiffs in their Complaint, his ability to vote has only been enhanced by the acceptance of the grants in question because the grant money has made voting safer and more efficient in Fulton County. Because Plaintiffs do not allege any facts showing that their right to vote in a federal election has been impaired by Fulton's acceptance of the grant in question, they cannot bring a private right of action under the NVRA.

But there is a second reason why Plaintiffs have no private right of action under the NVRA and thus no standing to bring their suit. Pursuant to 52 U.S.C. § 20510, only two enforcement methods are permissible. The first, found in 52 U.S.C. § 20510 (a) is enforcement by the United States Attorney General. The second, found in 52 U.S.C. § 20510 (b) is a private right of action by a person aggrieved by a violation of the NVRA. However, the NVRA first requires written notice of the violation to the chief election official of the state involved, and then a civil action only if the violation is not corrected within 90 days of receipt of the written notice. 52 U.S.C. § 20510 (b)(1) and (2). Plaintiffs do not allege that they have provided the required written notice to Georgia's chief election official, nor do they allege facts that would bring this case within the exception found in subsection (3). As one District Court Judge in this district found:

The plain language of Section 11 of the NVRA makes clear that pre-litigation notice is required. It confers standing on an [sic] party aggrieved only if the violation is not corrected within 90 days after receipt of a notice under paragraph (1). No standing is therefore conferred if no proper notice is given, since the 90-day period never runs.

Ga. State Conf. of the NAACP v. Kemp, 841 F.Supp.2d 1320, 1335 (N.D. Ga. 2012) (internal citations and quotations omitted) (citing predecessor statute to 52 U.S.C. § 20510 and Broyles, supra).

In short, Plaintiffs are barred from bringing a private right of action under the NVRA because they do not allege a claim based upon the denial or impairment of their rights to vote in a federal election and because they do not allege facts showing that they have followed the required administrative procedure prior to filing suit.

**D. Elections Clause**

The Elections Clause empowers states to prescribe the “Times, Places, and Manner of holding Elections for Senators and Representatives” and allows Congress “at any time by law [to] make or alter such regulations.” U.S. Const. Art. I, § 4, cl. 1. As the plain text shows, the Elections Clause describes the balance of authority between states and Congress when regulating federal elections. See Arizona v. Inter Tribal Council of Ariz., Inc., 570 U.S. 1, 8 (2013). The power the Elections Clause confers is none other than the power to preempt. The Clause is a default provision; it invests the States with responsibility for the mechanics of congressional elections,

but only so far as Congress declines to preempt state legislative choices. Fish v. Kobach, 840 F.3d 710, 725 (10<sup>th</sup> Cir. 2016). The dominant purpose of the Elections Clause, the historical record bears out, was to empower Congress to override state elections rules. Arizona State Legislature v. Arizona Indep. Redistricting Comm’n, 576 U.S. 787, 814-15 (2015).

Here, there is no indication that the Elections Clause provides a private right of action, and Plaintiffs have cited to no authority which would give them a private right of action under the Elections Clause. Moreover, Plaintiffs’ allegations do not even trigger the Elections Clause’s preemptive provisions. Plaintiffs here complain of a private grant to a local government. The text of the Elections Clause says nothing about local government and nothing about how political subdivisions within states may fund federal elections. If Plaintiffs are suggesting that local governments cannot participate in conducting federal elections, they are obviously wrong – many states (including Georgia) have long enlisted county governments in election administration. See O.C.G.A. Title 21 (Elections).

Indeed, to the extent that Plaintiffs seek to rely on the Election Clause’s delegation to the States of power to prescribe the “Times, Places, and Manner” of federal elections, they misread the Constitution. The phrase “Times, Places, and Manner” has nothing to do with how counties pay their bills. See Cook v. Gralike,

531 U.S. 510, 523-24 (2001) (observing that regulation of the “Manner” of federal elections encompasses matters like notices, registration, supervision of voting, protection of voters, prevention of fraud and corrupt practices, counting of votes, duties of inspectors and canvassers, and making and publication of election returns.) Plaintiffs are not challenging any discrete decision Fulton County has made about *how* to administer the election, only their decisions about how to pay for Fulton County’s participation in the federal election. There is no precedent at all for making a local government budgeting decision into a matter of federal constitutional concern. This is particularly true when the *manner* of implementing federal elections is controlled by state law found in Title 21 of the Georgia Code and interpreting state regulations, rather than by Fulton County, which must comply with all such state codes and regulations.

Plaintiffs have failed to make any allegation or cite any authority showing that they have a private right of action to enforce the Elections Clause. But even if they had done so, they have no private right of action because the allegations they have made do not trigger any provision of the Elections Clause.

#### **IV. Plaintiffs Have Not Stated a Cause of Action**

Fulton County incorporates herein its discussion of Plaintiffs’ causes of action contained in its response in opposition to Plaintiffs’ Motion for Temporary

Restraining Order as if specifically stated herein. For all of the same reasons, Plaintiffs have failed to state any legitimate cause of action against Fulton County, and their entire lawsuit should be dismissed as a result.

**V. Plaintiffs' Claims Are Barred Because the Election is Ongoing**

Even if Plaintiffs' claims did not suffer from so many fatal defects from the outset, Plaintiffs' claims would still be barred because they amount to an attempt to defund a local government's administration of an election, via declaratory judgment and injunction, while the election is ongoing. The federal courts have been loath to allow such claims to proceed.

In Purcell v. Gonzalez, 549 U.S. 1, 4-5 (2006) the U.S. Supreme Court cautioned against federal courts mandating new election rules, particularly at the last minute. The Purcell Court noted that court orders affecting elections, especially conflicting orders, can themselves result in voter confusion, and consequent incentive to remain away from the polls, and noted that as an election draws closer that risk will increase. Purcell, 549 U.S. at 4-5. Particularly important here is the U.S. Supreme Court's recognition that when "an impending election is imminent and a State's election machinery is already in progress," equitable considerations justify a court denying an attempt to gain immediate relief – even after an elections practice was found unconstitutional. Reynolds v. Sims, 377 U.S. 533, 585 (1964).

See also Republican Nat'l Comm. v. Democratic Nat'l Comm'n, 140 S. Ct. 1205, 1207 (2020) (“This Court has repeatedly emphasized that lower federal courts should ordinarily not alter the election rules on the eve of an election.”) This is because parties must show that they exercised reasonable diligence, especially in the context of elections. Benisek v. Lamone, 138 S. Ct. 1942, 1943-44 (2018). Of course, there is a general reluctance on the part of federal courts to hold elections practices unconstitutional, which compounds the timing problems here. Roe v. State of Ala. By & Through Evans, 43 F.3d 574, 582 (11th Cir. 1995) (“federal courts should refrain from holding a state election law unconstitutional when a reasonable alternative course of action exists”).

Also, the U.S. Supreme Court has stayed lower court decisions that are disruptive to elections in nearly all the election cases recently decided, with the Chief Justice noting the need for “clear and administrable guidelines from the courts.” Little v. Reclaim Idaho, 2020 U.S. LEXIS 3585 at \*2 (U.S., July 30, 2020). Accord Clarno v. People Not Policians, 2020 U.S. LEXIS 3631, 207 L. Ed. 2d 1154 (August 11, 2020); Republican Nat'l Comm'n, 140 S. Ct. at 1207; Frank v. Walker, 574 U.S. 929 (2014); Veasey v. Perry, 574 U.S. 951 (2014); Tex. Democratic Party v. Abbott, 140 S. Ct. 2015 (2020); Thompson v. DeWine, 2020 U.S. LEXIS 3376 at \*1, 207 L. Ed. 2d 1094 (U.S., June 25, 2020).

Here, the facts are especially egregious. The County applied for the grant from CTCL at issue in June of 2020. The County accepted the money via an affirmative vote of the County's Board of Commissioners on September 2, 2020. Plaintiffs herein waited over a month before filing this case on October 9, 2020, even though they have been filing similar litigation throughout the United States. Even worse, the election is already under way. According to the Fulton County Board of Elections and Registration website, the Georgia Secretary of State began issuing absentee ballots on September 18, 2020 and they can be returned until the date of the November 3, 2020 election. Early voting began on October 12, 2020 and will be ongoing at 30 different locations within Fulton County until October 30, 2020. See [www.fultoncountyga.gov/services/voting-and-elections](http://www.fultoncountyga.gov/services/voting-and-elections).

Plaintiffs seek to remove valid funding from Fulton County to conduct and administer a federal presidential election while the election is ongoing. The obvious result would be to withdraw funding from Fulton's election efforts which could force the closure of early voting or polling locations, remove funding for poll workers, remove the funding needed for training of poll workers, do away with COVID safety precautions, or cause other budget cuts. These problems would clearly confuse voters, discourage voter turnout, and make in-person voting less safe. None of these goals are worthy ones at this late stage in the process, particularly when Plaintiffs

have stated amorphous claims and shown no clear violations of any laws. Instead, the Court should avoid these election disruptions due to the equitable considerations inherent in Plaintiffs' claims alone.

Moreover, Plaintiffs cannot avoid the adverse repercussions of disrupting this election in mid-stream by arguing that they are also seeking similar relief as to future CTCL grants to Fulton County and/or grants to other local governments in Georgia. Any claims against Fulton County relating to future grants are not ripe because Plaintiffs have alleged no facts suggesting that CTCL will offer any similar grants for future elections and have also alleged no facts showing that Fulton may apply for and/or receive such grants in the future. See Tex. v. United States, 523 U.S. 296, 300 (1998) (holding that a claim is not ripe for adjudication if it rests upon contingent future events that may not occur as anticipated, or indeed may not occur at all, and citing Thomas v. Union Carbide Agricultural Products Co., 473 U.S. 568, 581 (1985)). Moreover, the Court lacks subject matter jurisdiction to issue an injunction against non-parties as Plaintiffs seek herein. Fleming Cos. v. Abbott Lab, 72 F.3d 842, 842-43 (11th Cir. 1995).

### **CONCLUSION**

Plaintiffs herein simply cannot show any of the three elements necessary to satisfy their burden of showing standing. They have no private right of action under

the authorities that they cite and have no right to relief under the same authorities as demonstrated by the County's Response in Opposition to Plaintiffs' Motion for TRO. Finally, equitable principles including laches prevent Plaintiffs from disturbing a federal election by de-funding it while the election is ongoing, and none of Plaintiffs' claims can be applied to non-parties or to future grants to Fulton County. The Court should dismiss Plaintiffs' claims at this early stage to avoid the Court and the parties expending unnecessary time and resources in discovery.

Respectfully submitted, this 21st day of October 2020.

IN THE UNITED STATES DISTRICT COURT  
FOR THE NORTHERN DISTRICT OF GEORGIA  
ATLANTA DIVISION

GEORGIA VOTER ALLIANCE and  
JOHN WOOD,

Plaintiff,

v.

FULTON COUNTY, GEORGIA,

Defendant.

CIVIL ACTION FILE  
NO. 1:20-CV-04198

**DEFENDANT’S RESPONSE IN OPPOSITION TO PLAINTIFFS’  
MOTION FOR TEMPORARY RESTRAINING ORDER**

COMES NOW Defendant Fulton County, by and through undersigned counsel, and hereby moves this Court to deny Plaintiffs’ Motion for Temporary Restraining Order (“TRO”), and submits this response showing the Court as follows:

**I. INTRODUCTION**

The Plaintiffs inexplicably filed their original lawsuit on October 9, 2020 and their TRO against Fulton County, Georgia on October 13, 2020 when the November 3, 2020 election is already underway. Early voting within Fulton County and throughout the state has begun and absentee ballots have not only been mailed, but some ballots have been received. It is unclear why Plaintiffs decided

to file their motion less than 30 days before the November 3, 2020 general Election Day. The relief they propose would place incredible burdens on County officials already working to operate elections in exceptionally challenging circumstances.

As clearly stated in their motion, the Plaintiffs' sole purpose for filing the motion for injunctive relief is to serve their own interests. They use misapplied federal law to ask this Court to intervene and usurp Fulton County's right to receive and use grant funds focused on ensuring a smooth election process. The Plaintiffs allege that federal law preempts private federal election grants to counties and cities. They claim that The Center for Tech and Civic Life ("CTCL") has essentially created a constitutionally impermissible public-private partnership with Fulton County to run its federal elections on November 3, 2020. In total, CTCL has awarded \$6.3 million in private federal election grants to Fulton County. Plaintiffs allege that they are injured by CTCL's private federal election grants because they are targeted to counties and cities with progressive voter patterns. [Compl.at 1].

Plaintiffs filed this motion for a TRO alleging that they are injured by CTCL's private federal election grants because the grant funds are targeted to counties and cities with progressive voter patterns. According to Plaintiffs, they do not want progressive candidates to win in the November 3<sup>rd</sup> elections. *Id.*

Additionally, Plaintiffs allege that Defendant Fulton County favoring a demographic group in elections is just as injurious to voters as a local government disfavoring a demographic group.

These arguments are meritless. Five federal judges have already denied emergency relief in near-identical lawsuits because there is no basis in statutory text or constitutional precedent for Plaintiffs' legal theories. [*See* Exhibits A, B, C, D, and E]. In addition, the main factual premise underlying Plaintiffs' claims is also false. CTCL has provided grants to hundreds of jurisdictions contradicting Plaintiffs' theory of progressive partisan targeting and instead provides those grants on a nonpartisan basis. As discussed herein, Plaintiffs' Motion for Temporary Restraining Order should be denied because: (1) Plaintiffs lack Article III standing; (2) Plaintiffs are not likely to succeed on the merits because their claims have no support in law or in fact; (3) Plaintiffs will sustain no irreparable injury if their request for a TRO is denied; and (4) the remaining equitable factors weigh decisively against a TRO.

## **II. FACTS AND PROCEDURAL HISTORY**

The COVID-19 pandemic has made the challenge of holding elections even more problematic. Since traditional polling locations, such as schools or long-term care facilities, could no longer be used, new locations, which allow social

distancing, had to be identified then adequately staffed for the general election. [Exhibit F, Aff. Barron ¶ 5]. Even absent a global pandemic, elections are still very complex by nature. During each election, every effort is made to ensure that *all* eligible voters have reasonable access to a ballot and the opportunity to cast their vote in a safe environment. Not only has the pandemic made this goal more difficult, but the anticipation of a higher than normal voter turnout during this Presidential year has also created a logistics concern. In order to accommodate all voters, multiple mechanisms of voting are being used, such as voting by mail, voting in-person during the Early Voting period, and voting in-person on Election Day. *Id.* ¶ 7.

Due to issues raised by the pandemic, combined with an unusually high voter turnout, election services in Fulton County will be underfunded, especially with the necessity of increasing staff, changing locations, and providing protection and space for voters to vote safely. *Id.* ¶ 9. The Fulton County Board of Registrations and Elections began with an \$84,832.00-dollar appropriation for the election. Due to anticipation of high voter turnout, the need for more funding to accommodate the volume of voters, and the added need to purchase protective products to keep election workers and voters protected, there were serious concerns that the normal election budget would fall short. *Id.* ¶ ¶10, 11.

In August, the County applied for and received a grant of Six Million, Three Hundred Nine Thousand, Four Hundred Thirty-Six Dollars (\$6,309,436.00) from CTCL. These monies were accepted and approved at the September 2, 2020 meeting of the Fulton County Board of Commissioners (“BOC”). [See Exhibit G]. CTCL is a non-profit, non-partisan organization whose mission is to ensure that elections are professional, inclusive, and secure. [Compl. Exhibits A1-A-8]. In 2020, CTCL recognized that election administrators all over the country faced unprecedented challenges in adapting to the COVID-19 pandemic. To fill that need, CTCL created a COVID-19 Response Grant Program for election administrators across the country for a range of nonpartisan purposes. These include funding associated with: (1) ensuring safe and efficient administration on Election Day (e.g. additional staffing, sourcing protective personal equipment (“PPE”), and obtaining supplies to expand drive-through voting); (2) expanding voter education and outreach efforts, such as publishing reminders for voters to verify and update their voter registration information prior to the election and educating voters on safe voting policies and procedures; (3) launching poll worker recruitment, training, and safety requirements; and (4) supporting early in-person and mail-in voting efforts. *Id.* Localities decide how the funds are to be spent

within those broad parameters. The grants are available on a nondiscriminatory basis to any local election office that chooses to apply.

All funding from the receipt of the CTCL grant has been earmarked to cover necessary voting expenses. The election has already started, and the funds needed for conducting the election were built around the receipt of the CTCL grant. The grant has been used for new voting signage, which has already been ordered, and for PPE supplies, which are needed to ensure the safety of the polling places, and to offset increased staff expense. [Aff. Barron ¶¶ 17, 18, and 19].

Plaintiffs filed their Complaint for Declaratory and Injunctive Relief on October 9, 2020. On October 13, 2020, Plaintiffs filed their Motion for Temporary Restraining Order. For the reasons set forth herein, Plaintiffs' Motion for Temporary Restraining Order must be denied.

### **III. ARGUMENT AND CITATIONS OF AUTHORITY**

#### **A. Plaintiffs lack Article III standing.**

To seek emergency injunctive relief, Plaintiffs bear the burden of establishing that they have Article III standing to maintain their claims in federal court. *Summers v. Earth Island Inst.*, 555 U.S. 488, 493 (2009). Contemporaneously herewith, Defendant Fulton County has filed a Motion to Dismiss and Brief in Support thereof, in which it argues that Plaintiffs have not

met their burden of demonstrating that they have Article III standing to bring their claims. Defendants incorporate and reference all said arguments as if fully stated herein because if Plaintiffs do not have Article III standing, they cannot obtain a Temporary Restraining Order. Not only does a lack of Article III standing bar their claims outright, but a lack of standing shows that Plaintiffs are not likely to prevail on the merits of any of their claims, which is alone sufficient reason to deny them their requested TRO under the factors used by federal courts to determine whether to grant a TRO.

**B. Plaintiffs are unable to establish that they are entitled to a temporary restraining order or preliminary injunction.**

Because temporary restraining orders and preliminary injunctions are such extraordinary and drastic remedies, courts may not grant this type of relief “unless the movant clearly established the ‘burden of persuasion’ as to the four requisites.” *McDonald’s Corp. v. Robertson*, 147 F.3d 1301, 1306 (11th Cir. 1998) quoting *All Care Nursing Serv., Inc. v. Bethesda Mem’l Hosp., Inc.*, 887 F.2d 1535, 1537 (11th Cir. 1989). Plaintiffs must show that: (1) they have a substantial likelihood of success on the merits of their claims; (2) they will likely suffer irreparable harm in the absence of an injunction; (3) the balance of equities tips in Plaintiffs’ favor; and (4) an injunction is in the public interest. *Winter v. Nat. Res. Def. Council, Inc.*, 555 U.S. 7, 20, 129 S. Ct. 365, 374 (2008).

Preliminary injunctions are never granted as of right, even if a plaintiff can show a likelihood of success on the merits. *Benisek v. Lamone*, 138 S. Ct. 1942, 1943–44 (2018). Although a preliminary injunction is already a form of extraordinary relief, that relief is even more drastic in the context of elections, because of the public interest in orderly elections and the integrity of the election process. *Purcell v. Gonzalez*, 549 U.S. 1, 4–5, 127 S. Ct. 5 (2006). And heeding the ever-changing circumstances that accompany the COVID-19 health pandemic, “[i]t is especially important . . . that the Court hew closely to the Constitution’s original imperatives. This starts with the Elections Clause, which commits the administration of elections to Congress and state legislatures – not Courts.” *Coalition For Good Governance v. Raffensperger*, No. 1:20-cv-1677-TCB, 2020 U.S. Dist. LEXIS 86996, \*7–8 (N.D. Ga. May 14, 2020).

Also noteworthy here is the U.S. Supreme Court’s recognition that when “an impending election is imminent and a State’s election machinery is already in progress,” equitable considerations justify a court denying an attempt to gain immediate relief. *Reynolds v. Sims*, 377 U.S. 533, 585 (1964); *see also Republican Nat’l Comm. v. Democratic Nat’l Comm.*, 140 S. Ct. 1205, 1207 (2020) (“This Court has repeatedly emphasized that lower federal courts should ordinarily not alter the election rules on the eve of an election.”). This is because parties must

show they exercised reasonable diligence, especially in the context of elections. *Benisek*, 138 S. Ct. at 1944.

Injunctive relief is not in the interest of the public at this stage of the election process and the burden on Fulton County from Plaintiffs' requested relief is significant. To be sure, this unnecessary burden does not just fall on the County, but the Fulton County voters as well. Forcing Fulton County to not use grant funds awarded to it for the purposes of providing a smooth and safe election process on the eve of a presidential general election at the behest of Plaintiffs is courting disaster and will do more harm than good.

**1. Plaintiffs are not likely to succeed on the merits.**

Plaintiffs are not likely to succeed on the merits of their claims for two reasons. *First*, the constitutional and statutory provisions under which Plaintiffs sue do not confer a private right of action.<sup>1</sup> *Second*, Plaintiffs have not identified any language that prohibits acceptance of private grants for local election administration in response to the global pandemic. Indeed, in assessing virtually identical claims, five federal courts in Michigan, Wisconsin, Minnesota, Texas, and Iowa recently denied TROs against localities' acceptance of CTCL grants in

---

<sup>1</sup> Defendants also make this same argument in their Motion to Dismiss because, like Article III standing, if Plaintiffs cannot demonstrate a private right of action, their underlying claims fail and they cannot demonstrate a likelihood of success on the merits which is an important factor in obtaining a TRO.

those states. *See* Exhibit A, *Election Integrity Fund, et al. v. City of Lansing and City of Flint*, No. 1:20-cv-950 (W.D. Mich. Oct. 2, 2020); Exhibit B, *Wisconsin Voters Alliance, et al. v. City of Racine, et al.*, 1:20-cv-01487 (E.D. Wis. Oct. 14, 2020); Exhibit C, *Minnesota Voters Alliance, et al. v. City of Minneapolis*, 20-2049 (D.C MN Oct. 16, 2020); Exhibit D, *Texas Voters Alliance, et al. v. Dallas County et al.*, 4:20-CV-00775 (E.D. Tx. October 20, 2020); and Exhibit E, *Iowa Voter Alliance, et al. v. Black Hawk County, et al.*, C20-2078-LTS (N.D. IOWA October 20, 2020). As Judge Maloney of the Western District of Michigan reasoned:

Plaintiffs have not demonstrated a strong likelihood of success on the merits of their claim. Plaintiffs’ complaint and motion allege that the Cities’ receipt of grants from CTCL violates the Constitution, [HAVA], and the National Voters Registration Act, 52 U.S.C. § 20501, *et seq.* But Plaintiffs never identify language in any of those laws that explicitly prohibits cities from accepting private grants to administer elections. On the Court’s review, no such explicit prohibition exists.

*Exhibit A.*

Likewise, Judge Griesbach of the Eastern District of Wisconsin held that “whether or not Plaintiffs have standing, their Motion for [TRO] should be denied because Plaintiffs have failed to show a reasonable likelihood of success on the merits. . . . the Court finds nothing in the statutes Plaintiffs cite, either directly or indirectly, that can be fairly construed as prohibiting the defendant Cities from

accepting funds from CTCL.” *Exhibit B*. Because the County’s actions are not prohibited by law, Plaintiffs cannot establish a likelihood of success on the merits.

**a. Plaintiffs’ claims do not confer a private right of action.**

*i. The Supremacy Clause does not provide a private cause of action.*

The Supreme Court has unanimously held that the Supremacy Clause is “not the source of any federal rights, and certainly does not create a cause of action.” *Armstrong v. Exceptional Child Ctr., Inc.*, 575 U.S. 320, 324-25 (2015). Plaintiffs rely on *League of Women Voters v. Blackwell*, 340 F. Supp. 2d 823, 827-28 (N.D. Ohio 2004) to argue the contrary position. [See TRO at 9]. But the Supremacy Clause holding in that case has not been good law since the Supreme Court’s clear holding to the contrary in 2015 in *Armstrong*. Consequently, Plaintiffs cannot bootstrap their imagined conflict between federal and state law into a freestanding cause of action under the Supremacy Clause.

*ii. HAVA does not provide a private cause of action.*

Nor can Plaintiffs find a private cause of action in HAVA. In *Brunner v. Ohio Republican Party*, 555 U.S. 5, 6 (2008) (per curiam) the Supreme Court reversed a TRO granted to a private plaintiff alleging a HAVA violation by a governmental defendant. In so doing, the Court explained that regardless of “whether HAVA [was] being properly implemented,” the private plaintiffs were

“not sufficiently likely to prevail on the question whether Congress has authorized [a federal court] to enforce [the relevant substantive HAVA provision] in an action brought by a private litigant . . . .” *Id.* at 6. The same reasoning bars a private cause of action under HAVA here.

*Brunner* follows the well-established principle that federal courts hesitate to imply private causes of action, particularly when the statute at issue contains an “express provision of one method of enforcing a substantive rule,” which “suggests that Congress intended to preclude others.” *See Alexander v. Sandoval*, 532 U.S. 275, 290 (2001). Here, “Congress established only two HAVA enforcement mechanisms: (1) a civil action brought by the Attorney General, and (2) a state-based administrative complaint procedure.” *Bellitto v. Snipes*, 935 F.3d 1192, 1202 (11th Cir. 2019) (citing 52 U.S.C. §§ 21111, 21112). Conspicuously absent among HAVA’s potential remedies is any express right of action for private plaintiffs to seek relief in federal court; therefore, such a private cause of action cannot be inferred from the statutory text. *Id.* at 1202-03; *Sandusky Cnty. Democratic Party v. Blackwell*, 387 F.3d 565, 572 (6th Cir. 2004) (“HAVA does not itself create a private right of action.”); *accord Am. Civil Rights Union v. Philadelphia City Comm’rs*, 872 F.3d 175, 184-85 (3d Cir. 2007); 52 U.S.C. §§ 21111, 21112.

Plaintiffs cite a provision of HAVA requiring states to establish administrative-complaint procedures and to “provide [an] appropriate remedy” for violations of HAVA’s subchapter III, and then argue that the Georgia Code and Administrative Code at O.C.G.A. § 21-2-50.2 and Ga. Comp. R. & Regs. R 590-8-2.01 fail to satisfy this requirement because they lack a mechanism for injunctive relief. [TRO at 10]. But their attempt to derive a private right of action from HAVA’s remedy provision is illogical. Congress never intended the state-based administrative-complaint process to create a private right of action; to the contrary, HAVA’s remedy provisions—which include not only a state administrative remedy, but also authorize civil enforcement by the Attorney General—indicate congressional intent to *preclude* a private cause of action. *See Alexander*, 532 U.S. at 290; *Bellitto*, 935 F.3d at 1202. Plaintiffs have no private cause of action under HAVA.

**b. Plaintiffs’ preemption arguments are without merit.**

Even if Plaintiffs had a private cause of action under the Supremacy Clause or HAVA, their claims nevertheless fail on their merits. Plaintiffs make the unsupported legal argument that the County cannot lawfully accept election-administration grant funds from a private grant-making organization because such grants are “preempted” under various federal laws. Their argument rests on a

theory of conflict preemption, but conflict preemption exists only “when it is impossible for a private party to comply with both state and federal law, and when state law ‘stands as an obstacle to the accomplishment and execution of the full purposes and objectives of the relevant agency.’” *Wuebker v. Wilbur-Ellis Co.*, 418 F.3d 883, 887 (8th Cir. 2005) (alteration omitted) (quoting *Geier v. Am. Honda Motor Co., Inc.*, 529 U.S. 861, 873 (2000)). Neither condition exists here.

The Supremacy Clause provides simply that the U.S. Constitution and federal law are the “supreme Law of the Land.” U.S. CONST., art. VI, cl. 2. It is the source of preemption doctrine. *Wuebker*, 418 F.3d at 886. But the Supremacy Clause itself imposes no prohibition on county receipt of private funding for federal elections, and Plaintiffs do not attempt to explain how it does.

Likewise, the Elections Clause does not conflict with the County’s acceptance of private grant funds. The Elections Clause empowers states to prescribe the “Times, Places and Manner of holding Elections for Senators and Representatives,” and allows Congress “at any time by Law [to] make or alter such Regulations.” U.S. CONST., art. I, § 4, cl.1. The “Elections Clause has two functions. Upon the States it imposes the duty (*shall* be prescribed’) to prescribe the time, place, and manner of electing Representatives and Senators; upon Congress it confers the power to alter those regulations or supplant them

altogether.” *Arizona v. Inter Tribal Council of Ariz., Inc.*, 570 U.S. 1, 8 (2013). The County’s acceptance of the grant does not affect the time, place, or manner of holding elections. *See Cook v. Gralike*, 531 U.S. 510, 523-24 (2001) (taking the “commonsense view” that “manner” of holding elections “encompasses matters like notices, registration, supervision of voting, protection of voters, prevention of fraud and corrupt practices, counting of votes, duties of inspectors and canvassers, and making and publication of election returns”). Instead, the time, place, and manner of holding elections in Georgia is prescribed by State law, and there is no allegation that Fulton has not acted in conformity with State law in conducting federal elections.

Notably, Plaintiffs do not challenge any particular decision any county has made about *how* to administer the election, only their decisions about how to pay for it. And Plaintiffs cite no case holding that the Elections Clause preempts an election administrator’s source of funding. With conflict preemption, the question is not whether federal or state law affirmatively authorizes CTCL’s grants, but rather whether federal law expressly prohibits those grants (*e.g.*, by creating conflict preemption). As explained above, they do not.

And contrary to Plaintiffs’ assertions, Georgia law grants an election superintendent the power to conduct elections. O.C.G.A. § 21-2-40. The power

conferred includes the costs associated with conducting the primary and general election. In other words, counties are expected to pay for the activities and resources required to conduct elections beyond whatever federal or state funding they may receive. Plaintiffs have not shown that by obtaining funding partly through nonpartisan private grants that Fulton County has “favor[ed] a demographic group,” [TRO at 1 and 8], or violated the Constitution.

Nothing in HAVA, including 52 U.S.C. § 20901, prohibits local jurisdictions (or states) from receiving private grants for election expenses. And Plaintiffs cannot create a prohibition by asserting that HAVA’s funding mechanisms are exclusive without identifying any supporting language in the statute. *See Fla. State Conf. of the NAACP v. Browning*, 522 F.3d 1153, 1168 (11th Cir. 2008) (rejecting “negative implication” of prohibition from statutory silence in HAVA). In fact, HAVA expressly contemplates that elections will be administered using funds “supplied by other sources” than HAVA. 52 U.S.C. § 21142(a). Use of private grant funds therefore does not make it “impossible” for local election offices to comply with HAVA, nor would doing so “stand as an obstacle” to accomplishing the statute’s purposes. *Wuebker*, 418 F.3d at 887-88. HAVA is principally “concerned with updating election technologies and other election-day issues at polling places.” *Democratic Nat’l Committee v. Republic*

*Nat'l Committee*, 673 F.3d 192, 211 (3rd Cir. 2012). Private funding directed at improving those efforts (as CTCL funds are) does not impede HAVA's goals; it furthers them.

c. **There is no general constitutional prohibition on public-private partnerships in local election funding.**

As a fallback, Plaintiffs create a novel theory of constitutional law, asserting (without reference to any specific constitutional text) that public-private partnerships in local election administration are constitutionally impermissible. [TRO at 13-16]. This theory is baseless, and the cases Plaintiffs cite have nothing to do with local election funding.

*Young v. Red Clay Consolidated School District*, 122 A.3d 784 (Del. Ch. 2015) for example, does not support the idea that Fulton's receipt of private funds violates the Constitution; indeed, that case involves neither a public-private funding agreement nor a federal election. Instead, *Young* addressed a school district's "selective get-out-the-vote efforts," which "diminished the voting rights of one portion of the electorate and enhanced the voting rights of another portion of the electorate" by encouraging voting by residents likely to favor the district's voting preferences (parents with children) while simultaneously discouraging voting by those considered likely to oppose the district's preferences (elderly and disabled residents). *See id.* at 837, 859. But Plaintiffs allege nothing of the sort

here, nor do they provide any evidence of selective get-out-the-vote efforts. Fulton County is just one of many counties and municipalities that have received funding from CTCL at this point, and the record contains nothing but conjecture and supposition as to which counties lean “progressive” and which do not. There is simply no evidence whatsoever that the grants offered by CTCL have been provided, accepted, used, or otherwise implemented in any partisan manner. The remaining cases that Plaintiffs cite in support of their public private partnership theory are even further offbase—and like *Young*, none addresses either a public-private partnership or election funding.

In sum, even if Plaintiffs had both Article III standing and cognizable causes of action (which they do not), no precedent or constitutional provision supports Plaintiffs’ theory that private grants are statutorily or constitutionally impermissible.

**2. Plaintiffs will not suffer irreparable injury if the requested TRO is not issued.**

Plaintiffs are not entitled to a preliminary injunction based on unsupported facts and speculation. Plaintiffs allege they will suffer irreparable harm and allege that Fulton County’s acceptance of CTCL’s grant reveals a public-private relationship that privatizes federal elections to skew the outcome of an election in an urban city of a favored demographic group. [Compl. at 1]. Plaintiffs have not

provided any supporting documents that corroborate their belief that the grant received by CTCL violates federal law or that the funds will be used to favor a particular demographic group. Indeed, the evidence as contained in the Complaint is that all U.S. election offices responsible for administering election activities covered by the grant were eligible to apply for a grant from CTCL. *Id* at 12.

Plaintiffs' claims are unfounded and speculative. In the context of a preliminary injunction, "the asserted irreparable injury 'must be neither remote nor speculative, but actual and imminent.'" *Siegel v. LePore*, 234 F.3d 1163, 1176 (11th Cir. 2000) (quoting *NE Fla. Chapter of Ass'n of Gen. Contractors v. Jacksonville*, 896 F.2d 1283, 1285 (11th Cir. 1990)). Here, Plaintiffs' purported injuries are entirely speculative and remote as there is no evidence that the grant funds have been used to target any particular voters and there is no evidence that Fulton County has a policy of favoring a particular subset or demographic of its voters. Accordingly, Plaintiffs cannot show any irreparable harm and the Court should decline to enter injunctive relief at this stage.

**3. The harm to County voters and poll workers far outweighs any alleged harm to Plaintiffs, and the public interest does not benefit from an order restraining funds for election administration on the eve of an election.**

In contrast to the speculative and generalized harm the Plaintiffs assert, enjoining use of the granted funds would cause considerable actual harm to the

County's voters and poll workers. The County has already incurred unexpected costs relating to the pandemic that put it over budget. [Aff. Barron ¶¶ 10 and 11]. The CTCL grant funds are currently being used and will continue to be used for a variety of election purposes, including vote-by-mail/absentee voting equipment and supplies, PPE for staff, poll workers and voters, poll worker recruitment, hazard pay and training expenses, temporary staffing, election administration equipment, and for polling place rental and cleaning expenses for early voting and Election Day. *Id.* ¶12.

Absent the use of the CTCL grant for CDC-recommended COVID-19 preventative measures, there are legitimate, serious health risks that will face poll workers and numerous members of the voting public who will be in close proximity to one another on Election Day. Further, the inability to provide a safe means to vote during a global pandemic harms every citizen in the County as it unnecessarily discourages and suppresses voter turnout.

The public interest is not furthered by Plaintiffs' request for injunctive relief. The fundamental right to vote is at stake. It is in the public interest for all voters to have an opportunity to vote in a safe environment. As this Court stated in Martin v. Kemp, 341 F. Supp. 3d 1326, 1340 (N.D. Ga. 2018):

Preliminarily, the Court does not understand how assuring that all eligible voters are permitted to vote undermines the integrity of the election process. To the contrary, it strengthens it.

Martin, 341 F. Supp. 3d at 1340. Here, all efforts should be made to ensure that all citizens can exercise this right in a safe and secure manner. Issuing injunctive relief less than two weeks before the election can result in harm to the public interest in and of itself. As the Supreme Court recently emphasized in *Republican National Committee v. Democratic National Committee*, 140 S. Ct. 1205, 1207 (2020) (per curiam) “lower federal courts should ordinarily not alter the election rules on the eve of an election.” To do so risks “voter confusion and consequent incentive to remain away from the polls. As an election draws closer, that risk will increase.” *Purcell v. Gonzalez*, 549 U.S. 1, 4-5 (2006) (per curiam). The public interest weighs against an injunction because Fulton County is using the grants they have received to facilitate safe, secure, and efficient voting for *all* residents during the COVID-19 pandemic.

As this Court is aware, and as Plaintiffs should be aware, Fulton County encountered many challenges in conducting the June 2020 election in the midst of the COVID-19 health pandemic. As a result, Fulton County has changed processes, enacted several initiatives and applied for grants from non-profit organizations to assist in improving voter day experience and to avoid the

challenges from the June 2020 elections. As stated above, any impediment to Fulton County using grant funds that have already been allocated for additional voting machines and poll workers, and PPE and sanitation would seriously jeopardize the ability to conduct a smooth and safe election. Plaintiffs' own statements in their Complaint make it clear that this lawsuit and TRO are being used for Plaintiffs' own self-interest of not wanting progressive candidates to win in the November 3, 2020 elections. The Court should take notice of the timing of the filing of this lawsuit and the motion for TRO as they relate to an election that is currently underway.

#### **IV. CONCLUSION**

For all the above reasons, Fulton County respectfully requests that this Court maintain the status quo and deny Plaintiffs' motion for a temporary restraining order.

Respectfully submitted this 21st day of October, 2020.

**ORDER DENYING MOTION FOR TEMPORARY RESTRAINING ORDER AND  
ESTABLISHING BRIEFING SCHEDULE**

This matter is before the Court on Plaintiffs’ motion for a temporary restraining order (ECF No. 5). Plaintiffs’ lawsuit alleges that Defendants City of Lansing and City of Flint have received election grants from the Center for Tech and Civil Life (“CTCL”) in violation of federal law.

The decision to grant or deny a temporary restraining order falls within the discretion of a district court. *See Ohio Republican Party v. Brunner*, 543 F.3d 357, 361 (6th Cir. 2008) (“The district court’s decision to grant a temporary restraining order, when appealable, is reviewed by this court for abuse of discretion.”). The court must consider each of four factors: (1) whether the moving party demonstrates a strong likelihood of success on the merits; (2) whether the moving party would suffer irreparable injury without the order; (3) whether the order would cause substantial harm to others; and (4) whether the public interest would be served by the order. *Ohio Republican Party*, 543 F.3d at 361 (quoting *Northeast Ohio Coalition for Homeless and Service Employees Int’l Union v. Blackwell*, 467 F.3d 999, 1009 (6th Cir. 2006)). The four factors are not prerequisites that must be met, but are

interrelated concerns that must be balanced together. *See Northeast Ohio Coalition*, 467 F.3d at 1009. For the first two factors, the probability of success on the merits that a plaintiff must show is inversely proportional to the degree of irreparable harm that the plaintiff would suffer if a temporary restraining order is not issued. *Id.*

The Court finds that Plaintiffs have not met their burden.

First, Plaintiffs have not demonstrated a strong likelihood of success on the merits of their claim. Plaintiffs' complaint and motion allege that the Cities' receipt of grants from CTCL violates the Constitution, the Help America Vote Act, 52 U.S.C. § 20901, *et seq.*, and the National Voters Registration Act, 52 U.S.C. § 20501, *et seq.* But Plaintiffs never identify language in any of those laws that explicitly prohibits cities from accepting private grants to administer elections. On the Court's review, no such explicit prohibition exists. Therefore, at this stage, Plaintiffs have not shown a substantial likelihood of success on the merits.

Moreover, Plaintiffs have failed to show irreparable harm that will befall them before Defendants have an opportunity to respond. *See Fed. R. Civ. P. 65(b)(1)(A)*. In their motion, Plaintiffs allege that they will be harmed on November 3, 2020 if their chosen candidates do not prevail, but they do not allege that there is any ongoing use of the grants that causes them immediate, irreparable harm.

Accordingly, Plaintiffs' motion for a temporary restraining order must be denied. While Plaintiffs requested only a temporary restraining order and not a preliminary injunction, the Court recognizes the denial of a preliminary injunction on this technical ground would likely result in Plaintiffs simply recaptioning and refileing their motion.

Therefore, the Court will construe Plaintiffs' motion as one for a preliminary injunction. Because the normal briefing schedule would not permit the Court to resolve the matter before the relief requested becomes moot, the Court will expedite the motion for injunctive relief. *See* W.D. Mich. LCivR 7.1(e) and 7.2(c). Therefore,

**IT IS HEREBY ORDERED** that Plaintiffs must serve a copy of their complaint (ECF No. 1), a copy of their motion for a temporary restraining order (ECF No. 5), and a copy of this Order on Defendants. A proof of service must be filed with this Court no later than Monday, October 5, 2020 at 5:00 p.m.

**IT IS FURTHER ORDERED** that Defendants must file a response to the motion for a preliminary injunction no later than Tuesday, October 13, 2020, by 5:00 p.m.

**IT IS SO ORDERED.**

Plaintiffs,

v.

Case No. 20-C-1487

CITY OF RACINE, et al.,

Defendants.

**ORDER DENYING MOTION FOR PRELIMINARY RELIEF**

---

Plaintiffs Wisconsin Voters Alliance and six of its members filed this action against the Cities of Green Bay, Kenosha, Madison, Milwaukee, and Racine seeking to enjoin the defendant Cities from accepting grants totaling \$6,324,527 from The Center for Tech and Civic Life (CTCL), a private non-profit organization, to help pay for the upcoming November 3, 2020 election. Plaintiffs allege that the defendant Cities are prohibited from accepting and using “private federal election grants” by the Elections and Supremacy Clauses of the United States Constitutions, the National Voters Registration Act (NVRA), 52 U.S.C. §§ 20501–20511, the Help America Vote Act (HAVA), 52 U.S.C. §§ 20901–21145, and Section 12.11 of the Wisconsin Statutes, which prohibits election bribery. The case is before the Court on Plaintiffs’ Motion for a Temporary Restraining Order. The defendant Cities oppose Plaintiffs’ motion and have filed a motion to dismiss for lack of standing. Having reviewed the affidavits and exhibits submitted by the parties and considered the briefs and arguments of counsel, the Court concludes, whether or not Plaintiffs have standing, their Motion for a Temporary Restraining Order should be denied because Plaintiffs have failed to show a reasonable likelihood of success on the merits.

It is important to note that Plaintiffs do not challenge any of the specific expenditures the defendant Cities have made in an effort to ensure safe and efficient elections can take place in the midst of the pandemic that has struck the nation over the last eight months. In other words, Plaintiffs do not claim that the defendant Cities are using funds to encourage only votes in favor of one party. It is the mere acceptance of funds from a private and, in their view, left-leaning organization that Plaintiffs contend is unlawful. Plaintiffs contend that CTCL's grants have been primarily directed to cities and counties in so-called "swing states" with demographics that have progressive voting patterns and are clearly intended to "skew" the outcome of statewide elections by encouraging and facilitating voting by favored demographic groups.

The defendant Cities, on the other hand, note that none of the federal laws Plaintiffs cite prohibit municipalities from accepting funds from private sources to assist them in safely conducting a national election in the midst of the public health emergency created by the COVID-19 pandemic. The defendant Cities also dispute Plaintiffs' allegations concerning their demographic make-up and the predictability of their voting patterns. The defendant Cities note that municipal governments in Wisconsin are nonpartisan and that, in addition to the five cities that are named as defendants, more than 100 other Wisconsin municipalities have been awarded grants from CTCL. The more densely populated areas face more difficult problems in conducting safe elections in the current environment, the defendant Cities contend, and this fact best explains their need for the CTCL grants.

Plaintiffs have presented at most a policy argument for prohibiting municipalities from accepting funds from private parties to help pay the increased costs of conducting safe and efficient elections. The risk of skewing an election by providing additional private funding for conducting the election in certain areas of the State may be real. The record before the Court, however, does

not provide the support needed for the Court to make such a determination, especially in light of the fact that over 100 additional Wisconsin municipalities received grants as well. Decl. of Lindsay J. Mather, Ex. D. Plaintiffs argue that the receipt of private funds for public elections also gives an appearance of impropriety. This may be true, as well. These are all matters that may merit a legislative response but the Court finds nothing in the statutes Plaintiffs cite, either directly or indirectly, that can be fairly construed as prohibiting the defendant Cities from accepting funds from CTCL. Absent such a prohibition, the Court lacks the authority to enjoin them from accepting such assistance. To do so would also run afoul of the Supreme Court's admonition that courts should not change electoral rules close to an election date. *Republican Nat'l Comm. v. Democratic Nat'l Comm.*, 140 S. Ct. 1205, 1207 (2020).

The Court therefore concludes that Plaintiffs have failed to show a reasonable likelihood of success on the merits. Plaintiffs' Motion for a Temporary Restraining Order and other preliminary relief is therefore **DENIED**. A decision on the defendant Cities' motion to dismiss for lack of standing will await full briefing.

**SO ORDERED** at Green Bay, Wisconsin this 14th day of October, 2020.

**I. INTRODUCTION**

This matter is before the Court on Plaintiffs' Motion for Temporary Restraining Order. [Docket No. 7]

**II. SUMMARY**

Because Plaintiffs cannot show standing, the Court denies Plaintiffs' motion. The City of Minneapolis is one of 22 Minnesota municipalities<sup>1</sup> that

---

<sup>1</sup> (Marttila Decl., Ex. C. at 17, <https://www.techandcivicliflife.org/amistad-statement/>.)

applied for and was awarded a COVID-19 Response Grant from the Center for Tech and Civic Life to assist with the substantial costs entailed with administering an election during a global pandemic. Plaintiffs allege no injury to their right to vote caused by the City's actions. For example, nowhere do they allege that they will be unable to cast a ballot, or that they will be forced to choose between voting under unsafe pandemic conditions and not voting at all. The City's actions in applying for and accepting the grant and using the grant money to improve all manners of voting in Minneapolis in the 2020 election affect all Minneapolis voters equally. All individual Plaintiffs are Minneapolis voters. Plaintiffs fail to explain how they will be uniquely affected by Minneapolis's actions.

### **III. BACKGROUND**

#### **A. Factual Background**

##### **1. The Parties**

Plaintiff Minnesota Voters Alliance is a non-profit Minnesota corporation with the stated purpose of seeking public confidence in the integrity of Minnesota's elections and protecting the constitutional rights of its members. (Compl. ¶ 4.) Plaintiffs Ronald Moey, Marissa Skaja, Charles Halverson, and

Blair Johnson are all members of the Minnesota Voters Alliance, residents of Minneapolis, and eligible Minnesota voters. (*Id.* ¶¶ 4-8.)

Defendant City of Minneapolis (the “City”) is a Minnesota municipality. (Compl. ¶ 9.) The City administers elections and, typically, funds the entire cost of administering elections within the City. (Wachlarowicz Decl. ¶ 5.) For example, the City spent \$2.3 million to administer the 2016 general election and received no funding from the state or federal government to cover the City’s costs of administering that election. (*Id.*) The City’s responsibility to self-fund federal elections within its boundaries is typical. As a recent Congressional Research Service report noted:

States typically have primary responsibility for making decisions about the rules of elections (policymaking). Localities typically have primary responsibility for conducting elections in accordance with those rules (implementation). Localities, with varying contributions from states, typically also have primary responsibility for paying for the activities and resources required to conduct elections (funding).

See Congressional Research Service, *The State and Local Role in Election Administration: Duties and Structures*, at Summary (Mar. 4, 2019), available at <https://fas.org/sgp/crs/misc/R45549.pdf> (last visited Oct. 13, 2020).

## 2. Center for Tech and Civic Life COVID-19 Response Grants

The Center for Tech and Civic Life (“CTCL”) is a nonprofit organization founded in 2012, with a goal of “working to foster a more informed and engaged democracy, and helping to modernize elections.” (Compl. ¶¶ 26-27, 29.) In June 2020, CTCL partnered with the U.S. Election Assistance Commission (“EAC”), a bipartisan commission established by the Help America Vote Act of 2002 (“HAVA”), Pub. L. No. 107–252, 116 Stat. 1666 (2002) (codified at 52 U.S.C. §§ 20901-21145), to offer a free, three-part course on election cybersecurity to local election offices across the country, particularly aimed at those with limited technology resources. (Marttila Decl., Ex. B.) Plaintiffs assert that CTCL is a progressive organization and points to the fact that its three founders previously worked for the New Organizing Institute, which trained progressive groups and Democratic campaigns in digital campaign strategies. (Compl. ¶¶ 31, 38.) Plaintiffs further claim that CTCL “targets urban cities for its private federal election grants to turn out the progressive vote in the urban cities.” (*Id.* ¶ 38.)

This year, CTCL is providing COVID-19 Response Grants to local election offices to help ensure they have the “staffing, training and equipment necessary so this November every eligible voter can participate in a safe and timely way and have their vote counted.” (Kaardal Decl., Ex. A at 1-3.) CTCL awarded

COVID-19 Response Grants to various local election offices throughout the summer of 2020 to assist with the substantial costs entailed with administering an election during a global pandemic. (Marttila Decl., Exs. D-E.) On September 1, 2020, it was publicly announced that Mark Zuckerberg and Priscilla Chan would donate \$250 million to CTCL to provide funding for additional COVID-19 Response Grants to local election offices. (Compl. ¶¶ 36-37; Kaardal Decl., Ex. B at 2; Wachlarowicz Decl. ¶ 9.)

CTCL's grant program provides funding in four areas: ensuring safe and efficient administration on Election Day; expanding voter education and outreach efforts; launching poll worker recruitment, training, and safety efforts; and supporting early in-person and mail-in voting efforts. (Marttila Decl., Ex. H at 4-5.) Any local election office responsible for those types of election activities is eligible to apply to CTCL's COVID-19 Response Grant program; CTCL approves every eligible election department for a grant; and, unless the applicant specifically requests a lesser amount, each election department will receive a minimum award of \$5,000. (*Id.* at 2; Marttila Decl., Ex. G at 4.) More than 1,100 jurisdictions have applied so far, in almost every state, with most applicants serving jurisdictions with fewer than 25,000 registered voters. (Marttila Decl., Ex.

H at 1-3.) In Minnesota, CTCL has awarded grants to a variety of local election offices, including Albertville, Becker, Watertown, and 19 other jurisdictions.

(Marttila Decl., Ex. C. at 17.)

### 3. The City's COVID-19 Response Grant

The City first became aware of its eligibility to apply for a CTCL grant on August 20, 2020. (Wachlarowicz Decl. ¶ 2.) City staff concluded that the grant could help alleviate the budget challenges facing the City as it prepared to administer the 2020 general election. (Id. ¶ 3.) During the week of August 24, the City began working to prepare a grant application. (Id. ¶ 4.)

In 2020, the City will receive \$284,229 from Hennepin County's distribution of federal CARES Act funding for election work specific to COVID-19. (Wachlarowicz Decl. ¶ 6; Wachlarowicz Decl., Ex. 2.) However, the City has not received and does not expect to receive any other state or federal funds, including HAVA funds, to defray the costs of administering the 2020 general election. (Wachlarowicz Decl. ¶ 6.) The City claims that the CARES Act funds do not cover the cost of administering a general election in a way that comports with the governor's state of emergency and public-health guidance during this global pandemic, particularly given the high voter turnout that the City

anticipates. (Id. ¶ 7.) The City asserts that, given the economic fallout from the pandemic and the City's needs following the civil unrest this summer, it would be extremely difficult to secure additional money from the City's general fund to adapt the City's election administration to provide a safe, secure, and efficient voting experience for City voters during this election. (Id. ¶ 8.)

The City applied for \$2,297,342 in grant funds from CTCL and was awarded the full amount requested. (Wachlarowicz Decl. ¶¶ 13-14; Wachlarowicz Decl., Exs. 1, 4, 5.) The City Council voted, and the Mayor agreed, to apply for and accept the grant funds, and the acceptance will occur on or after October 10, 2020, after publication requirements are satisfied. (Wachlarowicz Decl. ¶¶ 13, 15; Wachlarowicz Decl., Exs. 4, 6.)

The City will allocate the grant money as follows:

Use	Amount
<b>Absentee Ballot Assembly and Processing Equipment:</b> Additional staff and overtime Letter openers Facility expansion Vehicle rental Mailing and printing supplies	\$2,082,312 (\$1,816,203 of which is for expenses related to the general election, and \$266,109 of which reimburses expenses from the August primary)
<b>Early Voting Sites and Ballot Drop-off Options:</b> Additional staff for primary Signage	\$48,900 (\$17,500 of which is for expenses relating to the general election, and \$31,400 of which reimburses

Plexiglass barriers Printing Outdoor supplies	expenses from the August primary)
<b>In-person Voting at Polling Places on Election Day:</b> Materials like tape to mark social distancing, electrical cords, and door stops Printing for COVID-specific signage	\$3,295
<b>Secure Drop Boxes:</b> Ballot boxes Transfer containers Outdoor supplies Signage Printing Staff Vehicle Pallet jack	\$82,525
<b>Voter Outreach and Education</b>	\$50,000
<b>Personal Protective Equipment ("PPE"):</b> Masks and face shields for staff and voters Sanitizer Disposable gloves	\$30,310
<b>TOTAL</b>	<b>\$2,297,342</b>

(Wachlarowicz, Ex.1 at 4-9.)

## B. Procedural History

On September 24, 2020, Plaintiffs filed a Complaint against the City in this Court, which asserts Count One: "The City of Minneapolis acts ultra vires, without legal authority, to form a public-private partnership for federal election administration with CTCL by accepting and using CTCL's private federal

election grant, because preemption applies under the Elections Clause, Supremacy Clause, HAVA, and NVRA.”

Plaintiffs now seek a temporary restraining order enjoining the City from accepting or using CTCL’s private federal election grant and any other private federal election grant.

#### IV. DISCUSSION

##### A. Standing Standard

Before the Court can address the merits of Plaintiffs’ motion, it must first address the question of standing.

To seek injunctive relief, a plaintiff must show that he is under threat of suffering “injury in fact” that is concrete and particularized; the threat must be actual and imminent, not conjectural or hypothetical; it must be fairly traceable to the challenged action of the defendant; and it must be likely that a favorable judicial decision will prevent or redress the injury.

Summers v. Earth Island Inst., 555 U.S. 488, 493 (2009) (citation omitted). See also

Susan B. Anthony List v. Driehaus, 573 U.S. 149, 157-58 (2014) (“To establish

Article III standing, a plaintiff must show (1) an ‘injury in fact,’ (2) a sufficient

‘causal connection between the injury and the conduct complained of,’ and (3) a

‘likelihood’ that the injury ‘will be redressed by a favorable decision.’”) (citation

omitted).

This requirement assures that there is a real need to exercise the power of judicial review in order to protect the interests of the complaining party. Where that need does not exist, allowing courts to oversee legislative or executive action would significantly alter the allocation of power . . . away from a democratic form of government.

Summers, 555 U.S. at 493 (citations omitted).

A party invoking federal jurisdiction must support each of the standing requirements with the same kind and degree of evidence at the successive stages of litigation as any other matter on which a plaintiff bears the burden of proof.

Constitution Party of S.D. v. Nelson, 639 F.3d 417, 420 (8th Cir. 2011) (citing Lujan v. Defs. of Wildlife, 504 U.S. 555, 561 (1992)). “At this stage, [the Court] assume[s] that the allegations in the complaint are true and view them in the light most favorable to [Plaintiffs].” Jones v. Jegley, 947 F.3d 1100, 1103 (8th Cir. 2020). Trial courts have “wide discretion” “to consider affidavits and other evidence of ‘disputed jurisdictional facts’ at the pleading stage.” Id. at 1104 (8th Cir. 2020) (citing Davis v. Anthony, Inc., 886 F.3d 674, 677 (8th Cir. 2018)).

#### **B. Plaintiffs’ Failure to Establish Standing**

1. **Alleged Statutory and Constitutional Violations and the Existence of a Private Right of Action**

Plaintiffs assert that the City's act of applying for and accepting the CTCL grant is preempted by various statutes and constitutional provisions. They base their claim on conflict preemption.

"The general law of preemption is grounded in the Constitution's command that federal law 'shall be the supreme Law of the Land.' U.S. Const. art. VI, cl. 2." In re Aurora Dairy Corp. Organic Milk Mktg. & Sales Practices Litig., 621 F.3d 781, 791 (8th Cir. 2010). "Thus state law that conflicts with federal law has no effect." Id. (citation omitted). "Conflict preemption exists where a party's compliance with both federal and state law would be impossible or where state law would pose an obstacle to the accomplishment of congressional objectives." Id. at 794 (citation omitted).

Plaintiffs' bare claims that the City has violated various laws are insufficient to satisfy the injury-in-fact requirement. The Supreme Court has

consistently held that a plaintiff raising only a generally available grievance about government—claiming only harm to his and every citizen's interest in proper application of the Constitution and laws, and seeking relief that no more directly and tangibly benefits him than it does the public at large—does not state an Article III case or controversy.

Lance v. Coffman, 549 U.S. 437, 439 (2007) (citation omitted). Federal courts “refus[e] to serve as a forum for generalized grievances” that do not reflect a personal stake in the resolution of the issues sought to be adjudicated. Id. When “[t]he only injury plaintiffs allege is that the law . . . has not been followed,” that “is precisely the kind of undifferentiated, generalized grievance about the conduct of government that [federal courts] have refused to countenance.” Id. at 442; see also id. at 439-42 (collecting and examining cases).

## 2. Existence of a Private Right of Action

Plaintiffs’ arguments that the statutes or constitutional provisions under which they sue provide them private rights of action cannot establish standing. The fact that a statute provides a private right of action is insufficient to provide standing. See, e.g., Spokeo, Inc. v. Robins, 136 S. Ct. 1540, 1547-48, (2016).

Conversely, when it is clear that Plaintiffs do not have a private right of action, Plaintiffs do lack standing to assert that claim. “Because standing is determined by the specific claims presented, whether [the plaintiffs] have standing depends on whether the statute at issue[] creates an express or implied private right of action.” Howe v. Ellenbecker, 8 F.3d 1258, 1261 (8th Cir. 1993) (citations omitted), abrogated by Blessing v. Freestone, 520 U.S. 329 (1997).

When analyzing standing, “[a] federal court must ask ‘whether the constitutional or statutory provision on which the claim rests properly can be understood as granting persons in the plaintiff’s position a right to judicial relief.’” Roberts v. Wamser, 883 F.2d 617, 620 (8th Cir. 1989) (quoting Warth v. Seldin, 422 U.S. 490, 500 (1975)). “Without a private right of action to enforce [the statute under which he or she sues], [the plaintiff] lacks standing to bring suit in federal district court.” Leach v. Mediacom, 240 F. Supp. 2d 994, 996 (S.D. Iowa 2003), aff’d, 373 F.3d 895 (8th Cir. 2004) (citing Warth, 422 U.S. at 500–01; Howe, 8 F.3d at 1261).

Here, Plaintiffs clearly lack a private right of action under four of the five statutes and constitutional provisions upon which they rely.

a) **Supremacy Clause**

The Supremacy Clause provides:

This Constitution, and the Laws of the United States which shall be made in Pursuance thereof; and all Treaties made, or which shall be made, under the Authority of the United States, shall be the supreme Law of the Land; and the Judges in every State shall be bound thereby, any Thing in the Constitution or Laws of any State to the Contrary notwithstanding.

U.S. Const., art. VI, § 2. The Supremacy Clause is the source of federal preemption doctrine. See, e.g., Del. & Hudson Ry. Co., Inc. v. Knedler Mfrs.,

Inc., 781 F.3d 656, 660-61 (3d Cir. 2015) (“Congressional power to preempt state law derives from the Supremacy Clause of the Constitution . . .”).

The Supreme Court has explicitly held that the Supremacy Clause “certainly” does not create a private right of action. Armstrong v. Exceptional Child Ctr., Inc., 135 S. Ct. 1378, 1383 (2015). Therefore, to the extent Plaintiffs assert a claim based solely on the assertion that the City’s action is barred or preempted by the Supremacy Clause, they lack standing.

**b) HAVA**

In the wake of the 2000 presidential election, Congress enacted HAVA. HAVA’s purpose as set forth in the preface is:

To establish a program to provide funds to States to replace punch card voting systems, to establish the Election Assistance Commission to assist in the administration of Federal elections and to otherwise provide assistance with the administration of certain Federal election laws and programs, to establish minimum election administration standards for States and units of local government with responsibility for the administration of Federal elections, and for other purposes.

Crowley v. Nev. ex rel. Nev. Sec’y of State, 678 F.3d 730, 734 (9th Cir. 2012).

HAVA does not create a private right of action. See, e.g., Am. Civil Rights Union v. Philadelphia City Comm’rs, 872 F.3d 175, 184-85 (3d Cir. 2007).

“Congress established only two HAVA enforcement mechanisms: (1) a civil

action brought by the Attorney General, and (2) a state-based administrative complaint procedure.” Bellitto v. Snipes, 935 F.3d 1192, 1202 (11th Cir. 2019) (citing 52 U.S.C. §§ 21111, 21112). See also Brunner v. Ohio Republican Party, 555 U.S. 5, 6 (2008) (vacating temporary restraining order because there is likely no private right of action under HAVA based on a private litigant’s claim of vote dilution).

The fact that HAVA requires states to create an administrative procedure to allow filing of HAVA complaints that provides the “appropriate remedy” if the state determines that there was a violation, 52 U.S.C. § 21112(a), and that Plaintiffs consider Minnesota’s procedure to be inadequate because it does not allow for temporary restraining orders does not provide a basis for creation of a private right of action. First, there is no indication that Minnesota’s HAVA complaint procedure is inadequate: HAVA lists the requirements for a state administrative procedure, and Plaintiffs fail to cite to any of these listed requirements that are not fulfilled by Minnesota’s complaint procedure. See 52 U.S.C. § 21112(a)(2); Minn. Stat. § 200.04. (See also Marttila Decl., Ex. J, Minn. HAVA Elections Complaint Form.) HAVA requires a state to make a determination within 90 days of the filing of the complaint, not any lesser period

of time, and it does not require expedited equitable relief. 52 U.S.C. § 21112(a)(2)(H). Minnesota's procedure requires a final determination, including if necessary, a remedial plan, "no later than 90 days after the filing of the complaint." Minn. Stat. § 200.04, subds. 2(f), 3(f). Second, regardless of the structure of Minnesota complaint system, the Attorney General has the ability to "bring a civil action against any State or jurisdiction . . . for such declaratory and injunctive relief (including a temporary restraining order, a permanent or temporary injunction, or other order) as may be necessary." 52 U.S.C. § 21111. Third, even if Minnesota's administrative procedure were inadequate, HAVA provides the remedy for inadequate procedures – if inadequate procedures are found during a federal audit, the state is to return that portion of the HAVA funds that were affected. See 52 U.S.C. §§ 21142(b)(1), (c).

Because HAVA does not provide Plaintiffs a private right of action, they lack standing to assert a claim under HAVA.

**c) National Voters Registration Act**

Plaintiffs also claim that the National Voter Registration Act, 52 U.S.C. §§ 20501-20511 ("NVRA") preempts the City's acceptance and use of the CTCL grant. The purposes of the NVRA are

(1) to establish procedures that will increase the number of eligible citizens who register to vote in elections for Federal office;

(2) to make it possible for Federal, State, and local governments to implement this chapter in a manner that enhances the participation of eligible citizens as voters in elections for Federal office;

(3) to protect the integrity of the electoral process; and

(4) to ensure that accurate and current voter registration rolls are maintained.

52 U.S.C. § 20501(b). Through the NVRA, Congress enacted national requirements for voter registration for federal elections. See 52 U.S.C. § 20503, 20504. Minnesota is exempt from the NVRA. See 52 U.S.C. § 20503(b)(2); see also Department of Justice, NVRA Overview at <https://www.justice.gov/crt/national-voter-registration-act-1993-nvra> (last visited Oct. 15, 2020).

Plaintiffs have no standing to bring a claim under the NVRA. First, the NVRA only permits a private right of action for individuals who are “aggrieved by a violation” of the statute, 52 U.S.C. § 20510(b)(1), that is “persons who allege that their rights to vote in an election for federal office have been impaired by a violation of the NVRA.” Dobrovolny v. Neb., 100 F. Supp. 2d 1012, 1031 (D. Neb. 2000). see also Krislov v. Rednour, 946 F. Supp. 563, 566 (N.D. Ill. 1996) (“Standing under the NVRA is limited to the United States Attorney General and

the 'aggrieved persons' whose voting rights have been denied or impaired.").

Plaintiffs do not allege that their ability to vote in the 2020 election is in any way impaired by the City's actions. Minnesota Voters Alliance does not have the ability to vote. Individual Plaintiffs are all Minnesota voters who reside in Minneapolis. As Minneapolis voters, they are beneficiaries of the City's use of the grant money to make voting safer and more efficient. An attenuated argument that Plaintiffs will be unhappy with the election results if their fellow Minneapolis residents can also safely vote during a pandemic does not show that Plaintiffs' own voting rights have been impaired or denied. Second, Minnesota is exempt from the NVRA. There is no basis to conclude that a statute, from which Minnesota is exempt, grants a private right of action for Plaintiffs to sue claiming that the statute preempts a Minnesota city from acting to enhance Plaintiffs' ability to vote.

**d) Minnesota Criminal Bribery Statute**

Plaintiffs also base their claim on Minnesota Statute § 609.42, subdivision

1(2). The statute provides:

Whoever does any of the following is guilty of bribery and may be sentenced to imprisonment for not more than ten years or to payment of a fine of not more than \$20,000, or both:

(1) offers, gives, or promises to give, directly or indirectly, to any person who is a public officer or employee any benefit, reward or consideration to which the person is not legally entitled with intent thereby to influence the person's performance of the powers or duties as such officer or employee; or

(2) being a public officer or employee, requests, receives or agrees to receive, directly or indirectly, any such benefit, reward or consideration upon the understanding that it will have such an influence; . . .

Minn. Stat. § 609.42, subd. 1.

Plaintiffs asserts that the City's acceptance and use of CTCL's grant without a state legislative enactment approving the grant constitutes bribery under subdivision 1(2), because the City allegedly accepted the grant money in order to induce progressive voters to vote in an election.

Under Minnesota law, "a criminal statute does not automatically give rise to a civil cause of action unless the statute expressly or by clear implication so provides." Larson v. Dunn, 460 N.W.2d 39, 47 n.4 (Minn. 1990). The criminal bribery statute Plaintiffs cite contains no language providing a civil cause of action and provides no private right of action "by clear implication." The Court concludes that there is no private right of action under § 609.42. Therefore, Plaintiffs lack standing to assert such a claim.

### 3. Injury Based on the Allegation that the City Is Favoring a Particular Demographic Group

Overall, Plaintiffs assert that they have standing because the City is favoring a particular demographic group – urban progressives – and thereby, suppressing individual Plaintiffs’ vote. (Minnesota Voters Alliance does not have the right to vote.) Plaintiffs do not allege that the City is taking any action that is aimed at progressive voters in particular. Rather, Plaintiffs theorize that, by virtue of the fact that the majority of the City’s voters are progressive, any action that the City takes to encourage or facilitate voting in general necessarily favors the demographic group that makes up the majority of the City’s voters. Plaintiffs rely on Young v. Red Clay Consolidated School District, in which the Delaware Chancery Court held that “a government can violate the Elections Clause if it skews the outcome of an election by encouraging and facilitating voting by favored demographic groups.” 122 A.3d 784, 858 (Del. Ch. 2015).

To the extent that Plaintiffs prefer a particular outcome in the 2020 federal election, that preference is an interest “in their collective representation in [government],’ and in influencing the [government’s] overall ‘composition and policymaking.” Gill v. Whitford, 138 S. Ct. 1916, 1931 (2018) (citation omitted). Such an interest is an “undifferentiated, generalized grievance about the

conduct of government” that generally does not present “an individual and personal injury of the kind required for Article III standing.” *Id.* (citation omitted). “A citizen’s interest in the overall composition of the legislature is embodied in his right to vote for his representative. And the citizen’s abstract interest in policies adopted by the legislature on the facts here is a nonjusticiable ‘general interest common to all members of the public.’” *Id.* (citation omitted).

Plaintiffs allege no injury to their right to vote. For example, nowhere do they allege that they will be unable to cast a ballot, or that they will be forced to choose between voting under unsafe pandemic conditions and not voting at all. The City’s actions in applying for and accepting the CTCL grant and using the grant money to improve all manners of voting in Minneapolis in the 2020 election affect all Minneapolis voters equally. All individual Plaintiffs are Minneapolis voters. Plaintiffs fail to explain how they will be uniquely affected by Minneapolis’s actions. They assert that, because Minneapolis voters are statistically more likely to be progressive, Minneapolis’s actions enhancing voting in general favor progressive voters and thereby suppress Plaintiffs’ votes. However, as Minneapolis residents, Plaintiffs, themselves, are equal recipients of Minneapolis’s actions to make voting safer during the pandemic. The City’s

grant-funded expenditures will make it easier for the individual Plaintiffs to vote safely for the candidates of their choosing and to have those ballots processed promptly, no matter which method of casting a ballot they choose. Grant money will be used to assist with mail-in voting; voting by absentee ballots via a secure drop box; voting in person at early-voting sites; voting in-person on Election Day; and voter education to assist voters in choosing how to vote.

(Wachlarowicz Decl., Ex.1 at 6-9.)

This is not a case like Young v. Red Clay Consolidated School District, in which the plaintiffs claimed that their votes were suppressed to the extent that they were unable to vote due to the school district's selective actions encouraging and assisting voting by students and families to the detriment of elderly voters and voters with disabilities. 122 A.3d at 858. Here, Plaintiffs make no allegation that they are unable to access the polls as a result of the City's expenditures funded by the grant. Additionally, the school district in Young made a strategic decision to use demographic targeting expressly intended to "diminish[] the voting rights of one portion of the electorate and enhance[] the voting rights of another portion of the electorate." Id. Plaintiffs make no allegation that the City will spend grant funds to encourage only one portion of the City's electorate to

vote and to discourage another portion of the City's electorate. Here, the City has sought grant funds to facilitate safe voting by all eligible voters within its boundaries, which includes Plaintiffs.

In sum,

[t]he only injury plaintiffs allege is that the law—specifically the Elections Clause—has not been followed. This injury is precisely the kind of undifferentiated, generalized grievance about the conduct of government that we have refused to countenance in the past. It is quite different from the sorts of injuries alleged by plaintiffs in voting rights cases where we have found standing.

Lance, 549 U.S. at 442. Plaintiffs' is the type of generalized and speculative grievance that is insufficient to confer standing. See, e.g., Carson v. Simon, Civil File No. 20-2030 (NEB/TNL), 2020 WL 6018957, at \*7 (D. Minn. Oct. 12, 2020) (gathering cases).

#### 4. Redressability

The Court further notes that the defendant in this matter is the City of Minneapolis, and the City alone. CTCL is not a named defendant. Plaintiffs do not seek – and the Court does not have the power to grant – any injunctive relief against CTCL. Plaintiffs' accusations that CTCL is targeting grants to other jurisdictions based on their political leanings in an attempt to influence the result of the presidential election is irrelevant to the claims in this case, which are

brought only by Minneapolis voters and the organization to which they belong against the City of Minneapolis. The only pertinent questions are whether the City has caused or will cause injury to Plaintiffs and whether Plaintiffs' grievances can be redressed by this Court's injunction against the City. The answer to those questions is a clear "no."

#### 5. Minnesota Voters Alliance's Standing

An organizational plaintiff, such as Minnesota Voters Alliance, must demonstrate either that it has standing "in its own right" because the organization itself has suffered a legally sufficient harm, or "as the representative of its members." Warth v. Seldin, 422 U.S. 490, 511, 515 (1975). To have standing in its own right, an organization must have suffered its own injury-in-fact that gives it "a personal stake in the outcome of the controversy," which is caused by the City's conduct and is redressable by a favorable litigation outcome. Havens Realty Corp. v. Coleman, 455 U.S. 363, 378-79 (1982). The organization's claimed injury must be "more than simply a setback to the organization's abstract societal interests." Id. at 379. In order to show that it has standing to sue on behalf of its members, an organization's members must otherwise have standing to sue in

their own right. Hunt v. Wash. State Apple Advertising Comm'n, 432 U.S. 333, 343 (1977).

Minnesota Voters Alliance identifies no concrete injury that is distinct from the injury it ascribes to its membership. “[G]eneral complaints about electoral outcomes are nonjusticiable.” Pavek v. Donald J. Trump for President, Inc., 967 F.3d 905, 907 n.2 (8th Cir. 2020) (citing Gill v. Whitford, 138 S. Ct. 1916, 1931 (2018)). Minnesota Voters Alliance fails to establish standing in its own right. It cannot establish representational standing because its members, individual Plaintiffs, cannot establish standing. Thus, Minnesota Voters Alliance lacks standing.

Because no Plaintiff can show standing, Plaintiffs’ motion is denied, and the Court does not reach the merits, or lack thereof, of Plaintiffs’ claims.

Accordingly, based upon the files, records, and proceedings herein, **IT IS**

Plaintiffs’ Motion for Temporary Restraining Order [Docket No. 7] is **DENIED**.

bedrock of our political system.” *Reynolds v. Sims*, 377 U.S. 533, 562 (1964). For the reasons stated herein, Plaintiffs’ Motion for Temporary Restraining Order (Dkt. #2) is **DENIED**.

### **BACKGROUND**

This case arises from the Center for Tech and Civic Life (“CTCL”)—through \$300 million in funding provided by Mark Zuckerberg and Priscilla Chan—awarding and distributing federal election grants to Texas counties. CTCL—a nonpartisan, nonprofit organization—offers COVID-19 relief election administration grants to counties and cities as supplemental funding to ensure the safety of voters. All counties and cities in the United States are eligible to apply for funds under the grants, regardless of the political affiliation of their officials or the voting tendencies of their electorates. The funding from these grants is intended to ensure that voting is a safe, secure, and effective exercise. Specifically, these grants cover expenses associated with: (1) ensuring safe and efficient election day administration; (2) expanding voter education and outreach efforts; (3) launching poll worker recruitment, training, and safety efforts; and (4) supporting early in-person voting and voting by mail. To be considered for a grant, applicants need only submit basic information—such as the number of active registered voters in the jurisdiction, the number of full-time staff on the election team, the election office’s budget, and a W-9. CTCL approves the application of every eligible election department and subsequently awards these departments a minimum of \$5,000. CTCL does not request or consider any partisan criteria.

Almost half of the 254 counties in Texas applied for CTCL grants. The overwhelming majority of those counties voted for the Republican presidential candidate in 2016. CTCL subsequently awarded funding to each county. Four of the counties that applied and received grants were Dallas County, Harris County, Hays County, and Hopkins County (collectively, the “Counties”). Dallas County received approximately \$15.1 million from CTCL, Harris County

received \$9.6 million, Hays County received \$289,075, and Hopkins County received \$19,952. The Counties have since either spent or irrevocably committed a large fraction of the funds they received from the grants.

Plaintiffs Texas Voters Alliance, Donnie Wisenbaker, Alan Vera, Russell Hayter, and Warren Johnson (collectively, the “Plaintiffs”) do not want progressive candidates to “win” the November 3rd election (Dkt. #1 at p. 7). Plaintiffs allege that CTCL’s grants “are targeted to counties and cities with progressive voter patterns—resulting in more progressive votes and a greater chance that progressive candidates will win” (Dkt. #1 at p. 7). Plaintiffs sue to challenge CTCL’s award to the four abovementioned counties.

On October 9, 2020, Plaintiffs filed their Complaint (Dkt. #1). Contained within Plaintiffs’ Complaint was their request for both declaratory and injunctive relief. That same day, Plaintiffs filed the present Motion for Temporary Restraining Order (Dkt. #2). On October 15, 2020, Counties filed their Response (Dkt. #19). On October 16, 2020, the Court held a hearing on the Motion (Dkt. #22). Shortly after the hearing, Counties submitted Defendants’ Notice of Supplemental Authority (Dkt. #23).

“A preliminary injunction is an ‘extraordinary remedy.’” *Texans for Free Enter. v. Tex. Ethics Comm’n*, 732 F.3d 535, 536 (5th Cir. 2013) (quoting *Byrum v. Landreth*, 566 F.3d 442, 445 (5th Cir. 2009)). “To be entitled to a preliminary injunction, the applicants must show (1) a substantial likelihood that they will prevail on the merits, (2) a substantial threat that they will suffer irreparable injury if the injunction is not granted, (3) their substantial injury outweighs the

threatened harm to the party whom they seek to enjoin, and (4) granting the preliminary injunction will not disserve the public interest.” *Tex. Med. Providers Performing Abortion Servs. v. Lakey*, 667 F.3d 570, 574 (5th Cir. 2012) (brackets and citations omitted). The party seeking preliminary injunctive relief must clearly carry the burden of persuasion on all four elements. *Id.* The decision whether to grant a preliminary injunction lies within the sound discretion of the trial court.

## ANALYSIS<sup>2</sup>

Plaintiffs first ask this Court to enter declaratory relief against the Counties. More specifically, Plaintiffs seek a declaration that the Counties acted ultra vires in accepting CTCL’s private federal election grants. Plaintiffs also request this Court enjoin the Counties from both (1) accepting or using CTCL’s private federal election grant, or items purchased with CTCL’s private federal election grant, and similar private federal election grants and (2) soliciting or participating in public-private partnerships with CTCL unless the same are first approved by the State of Texas.

In support of their requests, Plaintiffs advance the argument that the Counties acted ultra vires in forming public-private partnerships for federal election administration with CTCL by accepting and using CTCL’s private federal election grant because preemption applies under the

<sup>2</sup> While neither party raised the issue in their pleadings, the Court is not assured it has subject matter jurisdiction to decide this case due to sovereign immunity’s jurisdictional bar. *Bryant v. Tex. Dep’t of Aging & Disability Servs.*, 781 F.3d 764, 769 (5th Cir. 2015) (“When the Eleventh Amendment applies, courts lack subject-matter jurisdiction over the claim.”); *see generally*, e.g., Bradford R. Clark, *The Eleventh Amendment and the Nature of the Union*, 123 HARV. L. REV. 1817 (2010). “Federal courts must address jurisdictional questions whenever they are raised and must consider jurisdiction *sua sponte* if not raised by the parties.” *SJ Associated Pathologists, P.L.L.C. v. Cigna Healthcare of Tex., Inc.*, 964 F.3d 369, 373 n.3 (5th Cir. 2020) (brackets and internal quotation marks omitted) (quoting *Howery v. Allstate Ins. Co.*, 243 F.3d 912, 919 (5th Cir. 2001)); *see* FED. R. CIV. P. 12(h)(3). While aware that sovereign immunity normally does not “afford protection to political subdivisions such as counties and municipalities,” *Lake Country Ests., Inc. v. Tahoe Reg’l Plan. Agency*, 440 U.S. 391, 401 (1979), the Court remains uncertain if sovereign-immunity protections extend to the Counties as “arms of the State” in the context of election administration. *See N. Ins. Co. of N.Y. v. Chatham Cnty., Ga.*, 547 U.S. 189, 193 (2006). Because of the time-sensitive nature of this litigation, the Court assumes without deciding that the Counties are not protected by sovereign immunity. *See also McDonald v. Bd. of Miss. Levee Comm’rs*, 832 F.2d 901, 906 (5th Cir. 1987) (explaining that the issue of sovereign immunity can be addressed and resolved on appeal even if not previously raised by the parties or addressed by the district court below).

Elections Clause, Supremacy Clause, the Help Americans Vote Act (“HAVA”), and the National Voter Registration Act (“NVRA”).<sup>3</sup>

Defendants respond by presenting arguments couched within the factors that the Court considers when determining whether to issue a preliminary injunction. The Counties make three arguments as to why Plaintiffs cannot establish a likelihood of success on the merits: (1) Plaintiffs lack standing; (2) Plaintiffs lack a cause of action for their claims under the Supremacy Clause and HAVA; and (3) Plaintiffs are unlikely to succeed on the merits of their preemption arguments under the Elections Clause, HAVA, and public-private partnerships. Defendants further argue that Plaintiffs cannot show a likelihood of irreparable harm and that the remaining equitable factors weigh heavily against granting a preliminary injunction.

The Court will first address the standing arguments and then proceed to consider the four preliminary injunction factors.

### I. Standing

“[S]tanding is not, and must not be, a guessing game.” *Kumar v. Frisco Indep. Sch. Dist.*, 443 F. Supp. 3d 771, 788 (E.D. Tex. 2020). Thus, the Court must first determine whether Plaintiffs have standing to bring the present suit. Article III standing requires that a plaintiff show an injury-in-fact that is fairly traceable to the challenged action of the defendant and is likely to be redressed by the plaintiff’s requested relief. *Stringer v. Whitley*, 942 F.3d 715, 720 (5th Cir. 2019) (citing *Lujan v. Defs. of Wildlife*, 504 U.S. 555, 560–61 (1992)). Standing requirements are divided into

---

<sup>3</sup> Plaintiffs initially appeared to plead that a cause of action also existed under the NVRA. At the October 16th hearing, Plaintiffs stated that they do not believe such private cause of action was available to them (Dkt. #26 at p. 59:1–3). Therefore, the Court does not address this argument. Further, in their pleadings, Plaintiffs asserted a NVRA preemption claim. However, at the October 16th hearing, Plaintiffs appeared to denounce the assertion when questioned further upon it (Dkt. #26 at p. 59:1–3). Thus, the Court does not address this argument. Even if the Court did address the NVRA claim, it would not change the Court’s decision. The NVRA does not address funding, thus making it inapposite to the present arguments. See National Voting Rights Act of 1993, Pub. L. No. 103–31, 107 Stat. 77.

three components: (1) injury-in-fact; (2) causation; and (3) redressability. *Id.* at 720. Plaintiffs bear the burden of establishing all three elements. *Id.*

“Requests for injunctive and declaratory relief implicate the intersection of redressability and injury-in-fact requirements.” *Id.* Relief is limited by the redressability requirement to “that which is likely to remedy the plaintiff’s alleged injuries.” *Id.* “Because injunctive and declaratory relief ‘cannot conceivably remedy any past wrong,’” plaintiffs seeking these types of relief “can satisfy the redressability requirement only by demonstrating a continuing injury or threatened future injury.” *Id.* (citing *City of Los Angeles v. Lyons*, 461 U.S. 95, 105 (1983)): “That continuing or threatened future injury. . . must be an injury in fact.” *Id.* (citing *Susan B. Anthony List v. Driehaus*, 573 U.S. 149, 158 (2014)).

A threatened injury qualifies as an injury-in-fact if three requirements are met: (1) the injury is “potentially suffered by plaintiff, not someone else”; (2) it is “concrete and particularized, not abstract”; and (3) the injury is “actual or imminent, not conjectural or hypothetical.” *Id.* at 720–21. A threatened injury must be imminent “to ensure that the alleged injury is not too speculative for Article III purposes.” *Clapper v. Amnesty Int’l USA*, 568 U.S. 398, 409 (2013). The imminence requirement for a threatened injury is satisfied only if there is “at least a ‘substantial risk’ that injury will occur.” *Id.* (quoting *Susan B. Anthony List*, 573 U.S. at 158).

#### A. Injury-in-Fact

Plaintiffs have failed to allege an injury sufficient to establish an injury-in-fact. An injury-in-fact requires Plaintiffs’ pleadings and proof to show that they have suffered “‘the invasion of a legally protected interest’ that is ‘concrete and particularized,’ *i.e.*, which ‘affects . . . [P]laintiff[s] in a personal and individual way.” *Gill v. Whitford*, 138 S. Ct. 1916, 1929 (2018) (citing *Lujan*, 504 U.S. at 560 & n.1).

Plaintiffs make blanket assertions to establish an injury-in-fact. Plaintiffs state that they were injured by the grants from CTCL, contending that the grants target counties and cities with progressive voting patterns, thus resulting in more progressive votes. The alleged influx of progressive votes allegedly harms Plaintiffs because, as blatantly stated in Plaintiffs' Complaint, they do not want a progressive candidate to win the November 3rd election (Dkt. #1 at p. 7). Further, Plaintiffs believe that the grants impermissibly influence the election and could *potentially* lead to disenfranchisement of voters. Making these naked assertions without further evidence, however, does not make them true.

The Supreme Court has held that an interest "in influencing the legislature's overall composition and policymaking" is not the "individual and personal injury of the kind required for Article III standing." *Gill*, 138 S. Ct. at 1931. Here, Plaintiffs allege an injury that is "the kind of undifferentiated, generalized grievance about the conduct of government that [the Supreme Court] has refused to countenance in the past." *Lance v. Coffman*, 549 U.S. 437, 442 (2007) (per curiam). The Supreme Court goes on to state "[a] citizen's interest in the overall composition of the legislature is embodied in his right to vote for his representative. And the citizen's abstract interest in policies adopted by the legislature on the facts here is a nonjusticiable 'general interest common to all members of the public.'" *Id.* (citing *Ex parte Levitt*, 302 U.S. 633, 634 (1937) (per curiam)). Merely alleging that the grants may influence the election result and lead to possible disenfranchisement is not an injury-in-fact.

Plaintiffs cite to a Delaware state court case to support a finding Article III standing. In *Young v. Red Clay Consolidated School District*, the defendant sought voters' approval of a tax increase. 122 A.3d 784; 790 (Del. Ch. 2015). In finding voter approval, Red Clay "encouraged and facilitated voting by families with children, who Red Clay believed would support the tax

increase because of their desire to fund the schools that their children attended.” *Id.* “At the same time, Red Clay discouraged and raised impediments to voting by elderly and disabled residents, who Red Clay believed would oppose the tax increase because many of them lived on fixed incomes.” *Id.* Here, Plaintiffs fail in their attempt to couch their argument in *Red Clay*. The facts before the Court do not reflect government action favoring a demographic group as Plaintiffs allege. Rather, the grants appear to make it *easier* for *more* residents to vote. As the Fifth Circuit recently noted, it is a “mystery” how the “expansion of voting opportunities burdens anyone’s right to vote.” *Tex. League of United Latin Am. Citizens v. Hughs*, No. 20-50867, 2020 WL 6023310, at \*5 (5th Cir. Oct. 12, 2020):

A person’s right to vote, however, is an interest that is personal and of the kind required for Article III standing. *Gill*, 138 S. Ct. at 1929 (“We have long recognized that a person’s right to vote is ‘individualized and personal in nature.’” (quoting *Reynolds*, 377 U.S. at 561)). “Thus, voters who allege facts showing disadvantage to themselves as individuals have standing to sue to remedy that disadvantage.” *Id.* (internal quotation marks omitted) (quoting *Baker v. Carr*, 369 U.S. 186, 201 (1962)). Here, Plaintiffs are not claiming *their* right to vote is being disadvantaged. Rather, the grants allow easier voting for all. Plaintiffs are merely alleging that this wider access *may* lead to a result with which they disagree.

At the October 16th hearing before the Court, Plaintiffs alleged that a possible violation of the law might exist and because of that violation, the plaintiffs—as private citizens—have standing to bring suit and stop any unlawful action. This is not the case. Federal courts are not “forum[s] for generalized grievances.” *Lance*, 549 U.S. at 440. “To have standing, . . . a plaintiff must have more than a ‘general interest common to all members of the public.’” *Id.* (quoting *Ex parte Levitt*, 302 U.S. at 634). When the only injury Plaintiffs allege is that “the law . . . has not been followed,”

that is “precisely the undifferentiated, generalized grievance about the conduct of government that [the Supreme Court] ha[s] refused to countenance in the past.” *Id.* at 442.

Plaintiffs further claimed at the October 16th hearing that if the Court were to agree with them on the merits, the Court must then necessarily find standing. This is also not an accurate statement. Injury-in-fact is a constitutional requirement, and “[i]t is settled that Congress cannot erase Article III’s standing requirements by statutorily granting the right to sue to a plaintiff who would not otherwise have standing.” *Raines v. Byrd*, 521 U.S. 811, 820 n.3 (1997) (citing *Gladstone Realtors v. Vill. Of Bellwood*, 441 U.S. 91, 100 (1979)). And as Justice Thomas noted in his concurrence in *Spokeo*, “Congress cannot authorize private plaintiffs to enforce *public* rights in their own names, absent some showing that the plaintiff has suffered a concrete harm particular to him.” *Spokeo, Inc. v. Robins*, 136 S. Ct. 1540, 1553 (2016) (Thomas, J., concurring). Thus, assuming the Court would agree that there has been a statutory violation, Plaintiffs are still required to show an injury is both particularized and affects Plaintiffs in a personal and individual way—which they have failed to do.

Plaintiffs also argued that the grants create a public-private partnership between the Counties and the CTCL that is constitutionally impermissible. In support of their argument, Plaintiffs referred the Court to *Caperton v. A.T. Massey Coal Co., Inc.* In *Caperton*, the Supreme Court found that a corporation’s three-million-dollar campaign donation to the state supreme court judge—after the trial court entered a fifty-million-dollar judgment against the corporation—was impermissible. *Caperton v. A.T. Massey Coal Co., Inc.*, 556 U.S. 868, 889–90 (2009). *Caperton* is easily distinguishable from the facts of this case. To begin, as the Supreme Court noted, “[n]ot every campaign contribution by a litigant or attorney creates a probability of bias that requires a judge’s recusal, but this is an *exceptional* case.” *Id.* at 884 (emphasis added). The Court finds it

important to note that *Caperton* was an exceptional case. The facts here are not as exceptional as a corporation choosing to contribute a substantial amount of money to a judge that will subsequently hear their appeal. Further, election judges in Texas are appointed, not elected. State judges run in partisan elections and must listen to their constituents in hopes to be reelected. The risks of bias and influence for state judges comes from the partisan elections, but such concerns are not present for appointed positions.<sup>4</sup>

Plaintiffs' next argument is that the congressional representative for their district might not be seated because these grants would influence the election.<sup>5</sup> If the grants did in fact influence the election and a citizen challenged the results on that basis, Plaintiffs claim that the House may decide that the chosen representatives are not qualified—thus depriving Plaintiffs of their representative. Plaintiffs direct the Court to Article I, § 5 of the Constitution in support of this argument. This section states that “[e]ach House shall be the Judge of the Elections, Returns and Qualifications of its own Members.” U.S. CONST. art. I, § 5, cl. 1. Reading the Constitution’s plain language, this section does not state that an *Article III* court will be the Judge of the Elections, Returns and Qualifications of the Members. Thus, the Court declines to meddle in Congress’s internal governance or provide an advisory opinion on the potential issue.

Plaintiffs also ask the Court to find new possible theories of harm under *Gill v. Whitford*. Plaintiffs point to where the Supreme Court stated “[w]e leave for another day consideration of other possible theories of harm not presented here and whether those theories might present justiciable claims giving rise to statewide remedies.” *Gill*, 138 S. Ct. at 1931. Setting aside the

---

<sup>4</sup> Plaintiffs also cite to *Board of Education of Kiryas Joel Village School District v. Grumet*, 512 U.S. 687 (1994), and *Ferguson v. City of Charleston*, 532 U.S. 67 (2001), in support of their public-private partnership argument. The Court finds these cases inapposite here.

<sup>5</sup> At the October 16th hearing, Plaintiffs asserted each individual plaintiff was from one of the counties which they sued, but Plaintiffs did not plead where any of the individual plaintiffs resided.

fact that the Supreme Court in *Gill* found the issues presented were nonjusticiable, the Court declines to tread into uncharted waters searching for new possible theories of harm given the time-sensitive nature of this case with the fast approaching November 3rd election.

### **B. Causal Connection**

Even assuming that a statutory violation existed or that potentially influencing an election constituted an injury, it is difficult to trace the complained injury to the challenged action. The Supreme Court has noted that a plaintiff need not “demonstrate that it is literally certain that the harms they identify will come about.” *Clapper*, 568 U.S. at 414 n.5. “In some instances, [the Supreme Court has] found standing based on a ‘substantial risk’ that the harm will occur, which may prompt plaintiffs to reasonably incur costs to mitigate or avoid the harm.” *Id.* (citing *Monsanto Co. v. Geertson Seed Farms*, 561 U.S. 139, 153–54 (2010)). Even with the “substantial risk” standard, Plaintiffs still fall short in light of the attenuated claim of inferences necessary to find harm here. *See id.*

To trace the complained-of action to the alleged harm, the Court must assume the grants targeted specific counties. Further, the Court must assume the grants will drive out more voters of a specific political leaning and that the grants will influence the election, and, as a result, Plaintiffs will be dissatisfied with the outcome of the election. Plaintiffs’ assertions are like throwing a breadcrumb trail on a windy, north Texas afternoon. The Court cannot find a causal connection “in light of the attenuated claim of inferences necessary to find harm here.” *Id.*

### **C. Redressability**

“To obtain equitable relief for past wrongs, a plaintiff must demonstrate either continuing harm or a real and immediate threat of repeated injury in the same future. Similar reasoning has been applied to suits for declaratory judgments.” *Bauer v. Texas*, 341 F.3d 352, 358 (5th Cir.

2003). Here, Plaintiffs state “[t]his Court’s favorable decision will redress the plaintiffs’ injuries and allow them to enjoy their rights to legally-authorized, uniform and fair federal elections guaranteed under federal law” (Dkt. #1 at p. 8). Plaintiffs further request that this Court:

Grant declaratory relief that the Counties have acted ultra vires, acted without legal authority, in accepting CTCL’s private federal election grants. Issue an injunction enjoining Dallas, Harris, Hayes and Hopkins County from accepting or using CTCL’s private federal election grant, or items purchased with CTCL’s private federal election grant, and similar private federal election grants. Issue an injunction enjoining Texas counties and cities from soliciting or participating in public private partnerships with CTCL unless the same are first approved by the State of Texas.

(Dkt. #1 at p. 32). The Court will address each request in turn.

First, Plaintiffs ask this Court to grant declaratory relief determining that the Counties have acted ultra vires. The alleged ultra vires act Plaintiffs allege is the Counties’ past actions in accepting the grants. Due to the past nature of the wrong, Plaintiffs must demonstrate either continuing harm or a real and immediate threat of repeated injury in the future. *Bauer*, 341 F.3d at 358. As discussed above, it is unclear that Plaintiffs have suffered an injury, let alone a continuing injury that may be repeated in the future. Further, even assuming that the requirements of Article III standing in this respect are minimally met, the Court can consider prudential standing considerations in reaching its decision that declaratory relief is not warranted in this case. *See id.* at 358–59.

Plaintiffs argue the grants injure them because the grants “are targeted to counties and cities with progressive voter patterns” (Dkt. #1 at p. 1). The first issue arises when noting that the Counties themselves did not “target” anyone. Rather, CTCL—an organization not presently before the Court—would presumably be the bad actor “targeting” the Counties. Plaintiffs’ argument also fails because (1) not all of the four counties in this suit are historically progressive and (2) the Counties themselves requested the funds. Additionally, Plaintiffs’ own arguments do not align.

On one hand, Plaintiffs' claim the Counties' actions unconstitutionally influence electoral outcomes causing the ultra vires issue. On the other hand, Plaintiffs argue that simply accepting the grants constitute an ultra vires act. Plaintiffs' claimed harm—that the elections will be unconstitutionally influenced—are essentially independent from any potential ultra vires act, namely: accepting the grants. Therefore, declaratory relief is not appropriate in this case.

Second, Plaintiffs ask this Court to enjoin the Counties from accepting the funds from CTCL or using either CTCL's grants or items purchased with the grants. Enjoining the Counties from accepting future grants would be a simple task. However, preventing the Counties from using money already received and the items already purchased is an impossible task. To begin, the elections in November are not solely federal elections. They are also state elections. Polling locations are used for both state and federal elections. With early voting already underway, the Court is hesitant to interfere with the election process, especially noting the entanglement with state elections. Further, the funds the Counties received have likely been commingled with other funds, and items purchased with the commingled funds will be impossible to trace back to the grants.

Finally, Plaintiffs ask this Court to enjoin the Counties from soliciting or participating in public-private partnerships with CTCL unless the same are first approved by the State of Texas. Again, Plaintiffs have failed to demonstrate either a continuing harm or a real and immediate threat of repeated injury in the future. Even assuming the Counties did act improperly, enjoining their future actions will not undo the grants already received or "un-influence" the ongoing election.

For redressability to exist, there must be a likelihood that the requested relief will fix the alleged injury. The Court sees no way to differentiate the supposedly partisan hand sanitizer from

the impartial. The Court cannot undo the early votes already cast. And the Court is unable to grant relief that would effectively redress the alleged injury Plaintiffs claim to suffer.

#### **D. Organizational Standing**

The analysis for the individual plaintiffs and the Texas Voters Alliance is the same. “An organization has standing to sue on its own behalf if it meets the same standing test that applies to individuals.” *Ass’n of Cmty. Orgs. for Reform Now v. Fowler*, 178 F.3d 350, 356 (5th Cir. 1999) (citing *Havens Realty Corp. v. Coleman*, 455 U.S. 363, 378–79 (1992)). “That standard, at its ‘irreducible constitutional minimum,’ requires that the plaintiff demonstrate that he or she has suffered injury in fact, that the injury is fairly traceable to the actions of the defendant, and that the injury will likely be redressed by a favorable decision.” *Id.* (citing *Bennett v. Spear*, 520 U.S. 154, 162 (1997)). The organization’s claimed injury must be “more than simply a setback to the organization’s abstract societal interests.” *Havens Realty Corp.*, 455 U.S. at 379 (citing *Sierra Club v. Morton*, 405 U.S. 727, 739 (1972)).

For a party claiming organizational standing, the organization must “identify members who have suffered the requisite harm.” *Summers v. Earth Island Inst.*, 555 U.S. 488, 499 (2009). In 2020, the Fifth Circuit followed *Summers* in finding an organization had an injury-in-fact for purposes of standing when “at least one of [the organization’s] members regularly saw flares, smoke, and haze coming from the complex; smelled chemical odors; suffered from allergy-like or respiratory problems; feared for their health; refrained from outdoor activities; or moved away. Each of those experiences was an Article III injury.” *Env’t Tex. Citizen Lobby v. Exxonmobile Corp.*, 968 F.3d 357, 368 (5th Cir. 2020).

Texas Voters Alliance has not identified any members of the organization, nor has it alleged the individual plaintiffs to this suit are members. Even assuming they are, Texas Voters

Alliance has not identified a concrete injury that is distinct from the injury claimed by the individual plaintiffs. Plaintiffs state that “[t]he injury to the plaintiffs is real and concrete” to bolster their assertion that there is an injury-in-fact (Dkt. #1 at p. 8). As discussed above, Texas Voters Alliance’s does not have standing to bring their grievance about the electoral outcome. See *Gill*, 138 S. Ct. at 1931. Texas Voters Alliance has failed to establish standing in its own right, and it cannot establish representational standing because its members cannot establish standing either.

### E. Dillon Rule

At the October 16th hearing, Plaintiffs raised an argument couched within the Dillon Rule.<sup>6</sup> Plaintiffs cite to a 1907 Supreme Court case to support their assertion that local subdivisions of state governments have no inherent powers. In *Hunter v. City of Pittsburgh*, the Supreme Court states, “[m]unicipal corporations are political subdivisions of the state, created as convenient agencies for exercising such of the governmental powers of the state as may be intrusted [sic] to them.” 207 U.S. 161, 178 (1907). Though the local subdivisions may not have inherent authority, the State has “absolute discretion” when conferring the “number, nature, and duration” of power to the local subdivisions. *Id.*

Examples exist where the State has authorized local subdivisions to exert certain powers. In § 81.032 of the Local Government Code, the Texas legislature has decided that “[t]he commissioners court may accept a donation of labor or services, gift, grant, . . . or other property

---

<sup>6</sup> As stated by John F. Dillon, the rule’s namesake:

It is a general and undisputed proposition of law that a municipal corporation possesses and can exercise the following powers, and no others: First, those granted in express words; second, those necessarily or fairly implied in or incident to the powers expressly granted; third, those essential to the declared objects and purposes of the corporation,—not simply convenient, but indispensable.

1 JOHN F. DILLON, COMMENTARIES ON THE OF MUNICIPAL CORPORATIONS § 89, at 145 (4th ed. 1890).

on behalf of the county . . . for the purpose of performing a function conferred by law on the county or county officer.” TEX. LOC. GOV’T CODE ANN. § 81.032. Though not binding authority, there are election law opinions from the Texas Secretary of State debunking Plaintiffs’ assertion that accepting funds is in and of itself an ultra vires act. Former Secretary of State Gwyn Shea notes the Secretary of State’s office “could not find an outright statutory prohibition” for counties accepting donations, but that counties should be cautious when—in situations not applicable here—there are conditions placed on the grants. Tex. Sec’y State Op. No. GS-1 (2002) (discussing § 81.032 of the Local Government Code and whether it permitted counties to accept donations to pay for temporary branch early voting polling places). Ultimately, the Court determines that Plaintiffs’ arguments fail because the Dillon Rule is inapposite in this case

## II. Preliminary Injunction

Even if the Court found standing, Plaintiffs would still need to satisfy the elements of a preliminary injunction to be granted the relief they seek. Plaintiffs fail to do so here.

As previously stated, a preliminary injunction is an extraordinary remedy and may be awarded only after a clear showing by Plaintiffs that (1) there is a substantial likelihood that they will prevail on the merits; (2) they will suffer an irreparable injury absent the preliminary injunction; (3) their substantial injury outweighs the harm to the Counties; and (4) granting the preliminary injunction will not disserve the public interest. *See Google, Inc. v. Hood*, 822 F.3d 212, 220 (5th Cir. 2016). Bearing in mind at all times that granting a preliminary injunction is appropriate only when “the policy of preserving the court’s power to decide the case effectively outweighs the risk of imposing an interim restraint before it has done so,” 11A CHARLES ALAN WRIGHT ET AL., FEDERAL PRACTICE AND PROCEDURE § 2947 (3d ed. 2007), the Court will address each element in turn.

### A. Likelihood of Success on Merits

The Court first looks to Plaintiffs' substantial likelihood of success on the merits of their claims. To satisfy this element, Plaintiffs are "not required to prove [their] entitlement to summary judgment." *Byrum*, 566 F.3d at 446. Certainty of success is not the standard—substantial likelihood is, which means that success on the merits must be "considerably more likely" than not. *United States v. Thorn*, 317 F.3d 107, 117 (2d Cir. 2003). To make this determination, the Court looks to the standards for the causes of action pleaded as provided by substantive law. *Sepulvado v. Jindal*, 729 F.3d 413, 418 (5th Cir. 2013).

The analysis that follows is broken down into three parts. First, the Court examines the availability of the causes of actions pleaded by Plaintiffs. Next, the Court looks to the issue of preemption. Finally, various remaining arguments Plaintiffs offer are addressed.

#### a. Availability of Causes of Action

Neither the pleadings nor arguments of counsel at the October 16th hearing are entirely clear concerning Plaintiffs' alleged causes of action. Plaintiffs appear to argue that they have pleaded causes of action based on three discrete theories: (1) HAVA, (2) the Supremacy Clause, and (3) the Elections Clause. The Court analyzes HAVA first and then turns to the constitutional claims.<sup>7</sup>

##### i. HAVA

Congress enacted the Help America Votes Act (HAVA) following the 2000 presidential election. Pub. L. No. 107–252, 116 Stat. 1666 (2002) (codified in scattered sections of 2, 5, 10, 36, and 52 U.S.C.). HAVA's preamble announces its purpose:

---

<sup>7</sup> Because Plaintiffs lack standing, the Court is not required to analyze the availability of the causes of action Plaintiffs pleaded. See *Shrimpers & Fishermen of RGV v. Tex. Comm'n on Env't Quality*, 968 F.3d 419, 423 (5th Cir. 2020) ("We need not decide whether Petitioners have a cause of action because they do not have standing."). But the Court does so to ensure an expedient and steadfast resolution of the suit.

To establish a program to provide funds to States to replace punch card voting systems, to establish the Election Assistance Commission to assist in the administration of Federal elections and to otherwise provide assistance with the administration of certain Federal election laws and programs, to establish minimum election administration standards for States and units of local government with responsibility for the administration of Federal elections, and for other purposes.

*Id.* In short, HAVA serves to improve access to and the administration of federal elections.

Plaintiffs argue that HAVA “confers a private cause of action” to them (Dkt. #1 at p. 5).<sup>8</sup>

At the October 16th hearing, Plaintiffs further clarified their position by stating that the private right of action under HAVA comes from 52 U.S.C. §§ 21111–12. Plaintiffs urged that if the Court did not agree with this argument, then the HAVA statutory scheme implies a private cause of action for Plaintiffs (Dkt. #26 at p. 8:14–17). Each argument is addressed in turn.

HAVA does not expressly create a private right of action. The starting point for statutory analysis is the text itself. *Desert Palace, Inc. v. Costa*, 539 U.S. 90, 98 (2003). When examining the law’s language, the Court “must presume that Congress ‘says in a statute what it means and means in a statute what it says there.’” *Rotkiske v. Klemm*, 140 S. Ct. 355, 360 (2019) (quoting *Conn. Nat. Bank v. Germain*, 503 U.S. 249, 254 (1992)). And in most situations, “judicial inquiry is complete” when the “terms of a statute [are] unambiguous.” *Rubin v. United States*, 449 U.S. 424, 430 (1981); see *Tex. Educ. Agency v. United States Dep’t of Educ.*, 908 F.3d 127, 132 (5th Cir. 2018) (“The judicial inquiry thus ‘begins with the statutory text, and ends there as well if the text is unambiguous.’” (quoting *BedRoc Ltd., LLC v. United States*, 541 U.S. 176, 183 (2004) (plurality opinion))).

---

<sup>8</sup> Plaintiffs also claim that HAVA confers standing as well (Dkt. #1 at p. 5). The problem with this argument is that statutes cannot alone confer legal standing—a plaintiff must also have constitutional standing under Article III. *Hodgson v. Bowerbank*, 9 U.S. (5 Cranch) 303, 304 (1809) (“Turn to the article of the constitution of the United States, for the statute cannot extend the jurisdiction beyond the limits of the constitution.”). For the purposes of analyzing substantial likelihood of success on the merits, though, the Court momentarily sets this consideration aside.

Such is the case here. By its terms, HAVA provides two enforcement mechanisms. First, the Attorney General may bring actions for injunctive and declaratory relief “as may be necessary to carry out the uniform and nondiscriminatory election technology and administration requirements” under various HAVA provisions. 52 U.S.C. § 21111. Second, “any person who believes that there is a violation of any provision of subchapter III (including a violation which has occurred, is occurring, or is about to occur) may file a complaint” under the “State-based administrative complaint procedures.”<sup>9</sup> *Id.* § 21112(a)(1), (a)(2)(B). Texas has established its HAVA administrative-complaint structure in accordance with § 21112(a)(2). *See* 1 TEX. ADMIN. CODE § 81.171. Nowhere else in HAVA’s language is there an express indication of alternative enforcement mechanisms, let alone a private right of action. Plaintiffs have not offered any evidence to the contrary. And when an “express provision of one method of enforcing a substantive rule suggests that Congress intended to preclude others.” *Alexander v. Sandoval*, 532 U.S. 275, 290 (2001). Simply by its terms, HAVA does not create a private right of action.

The Court is not the first to arrive at this conclusion. Several courts of appeals have also held that HAVA does not create a private cause of action. *See Bellitto v. Snipes*, 935 F.3d 1192, 1202 (11th Cir. 2019) (“Congress established only two HAVA enforcement mechanisms . . .”); *Am. Civ. Rts. Union v. Phila. City Comm’rs*, 872 F.3d 175, 184–85 (3d Cir. 2017) (“[T]he HAVA does not include a private right of enforcement. By its text, . . . HAVA only allows enforcement via attorney general suits or administrative complaint.”); *Sandusky Cnty. Democratic Party v. Blackwell*, 387 F.3d 565, 572 (6th Cir. 2004) (“HAVA does not itself create a private right of

---

<sup>9</sup> Worth noting, this enforcement power is inapplicable to remedy the HAVA violations alleged here. Under the state-based administrative complaint procedures, the only requirement as to which private complaints of alleged HAVA violations these state systems must entertain are those regarding provisions of subchapter III, which relate to “Uniform and Nondiscriminatory Election Technology and Administration Requirements.” *See* 52 U.S.C. §§ 21081–21102. These statutory provisions do not directly involve funding concerns under HAVA’s scheme.

action.”). The Fifth Circuit found the same in an unpublished opinion. *See Morales-Garza v. Lorenzo-Giguere*, 277 F. App’x 444, 446 (5th Cir. 2008). Moreover, the Supreme Court has even held that private litigants are “not sufficiently likely to prevail on the question [as to] whether Congress has authorized” district courts to enforce HAVA when the plaintiffs are private litigants. *Brunner v. Ohio Republican Party*, 555 U.S. 5, 6 (2008) (per curiam). Taking these authorities together, it is clear that HAVA does not expressly confer a private cause of action for enforcement purposes.

Plaintiffs argue, alternatively, that even if HAVA does not explicitly afford them a private right of action, HAVA’s scheme itself implies the availability of such private enforcement mechanism. Plaintiffs contend that Texas’s administrative-complaint system under HAVA is “legally insufficient” and therefore gives rise to a private cause of action (Dkt. #1 at p. 6).

This argument fails for two reasons. First, nowhere in their pleadings—and at no time in the October 16th hearing—did Plaintiffs offer anything more than bare conclusory statements that Texas’s procedures are out of compliance with HAVA’s statutory requirements. Plaintiffs correctly read § 21112 to condition Texas’s receipt of HAVA funds on the establishment and maintenance of § 21112(a)(2)-compliant “State-based administrative complaint procedures.” 52 U.S.C. § 21112(a)(1). But Plaintiffs provide no evidence to support their argument that 1 TEX. ADMIN. CODE § 81.171 strays from § 21112(a)(2)’s requirements. In fact, they “offer no reason to think so” (Dkt. #19 at p. 19). Without more, Plaintiffs’ assertion lacks persuasive force.

Second, Plaintiffs do not satisfy the test articulated in *Alexander v. Sandoval* to prove the existence of an implied cause of action under HAVA. *See* 532 U.S. at 275. In *Sandoval*, the Supreme Court reiterated that “[I]ike substantive federal law itself, private rights of action to enforce federal law must be created by Congress.” *Id.* at 286 (citing *Touche Ross & Co. v.*

*Redington*, 442 U.S. 560, 578 (1979)). When evaluating laws in an effort to locate implied causes of action, federal courts are tasked with “interpret[ing] the statute Congress has passed to determine whether it displays an intent to create not just a private right but also a private remedy.” *Id.* (citing *Transamerica Mortg. Advisors, Inc. v. Lewis*, 444 U.S. 11, 15 (1979)). Statutory intent is “determinative” as to the creation of a private remedy by Congress. *Id.* Implied private rights of action exist only when a private right *and* private remedy are ascertainable from the statutory text and intent—the Supreme Court has accordingly “admonished that ‘raising up causes of action where a statute has not created them may be a proper function for common-law courts, but not for federal tribunals.’” *Salazar v. S. San Antonio Indep. Sch. Dist.*, 953 F.3d 273, 279–80 (5th Cir. 2017) (brackets omitted) (quoting *Sandoval*, 532 U.S. at 287).

Applying these principles to the present case, the Court cannot discern the implied cause of action Plaintiffs allege exists. The Counties offer the argument that proves fatal to Plaintiffs’ assertion here—that “Plaintiffs’ approach inverts *Sandoval*’s instructions” (Dkt. #19 at p. 20). As previously recounted, HAVA creates two explicit methods of enforcement. Neither enforcement method affords statutory standing to a private litigant in federal court. Plaintiffs conclude, therefore, that HAVA must confer a private right of action in the absence of further statutory instruction. But the reality is quite the opposite. It is canonical that “Congress’s creation of specific means of enforcing [a] statute indicates that it did *not* intend to allow an additional remedy—a private right of action—that it did not expressly mention at all.” *Stokes v. Sw. Airlines*, 887 F.3d 199, 203 (5th Cir. 2018) (internal quotation marks omitted) (quoting *Boswell v. Skywest Airlines, Inc.*, 361 F.3d 1263, 1270 (10th Cir. 2004)). Considering the specificity with which Congress detailed HAVA’s enforcement subchapter, it is difficult to see how any evidence Plaintiffs have offered serves to counteract *Sandoval*’s principle that “express provision of one

method of enforcing a substantive rule suggests that Congress intended to preclude others.” *Sandoval*, 532 U.S. at 290; see ANTONIN SCALIA & BRYAN A. GARNER, *READING LAW: THE INTERPRETATION OF LEGAL TEXTS* 108 (2012) (explaining that the “more specific the enumeration, the greater” the likelihood that anything excluded was not intended to be included).

Even if the Court entertained the notion of crafting policy and believed that a private cause of action under HAVA should exist, the Court could not create one, “no matter how desirable that might be as a policy matter, or how compatible with the statute.” *Sandoval*, 532 U.S. at 287. To do so would risk “arrogating legislative power” and would cast aside the structural integrity of the federal government’s separation of powers. *Hernandez v. Mesa*, 140 S. Ct. 735, 741 (2020). It is within Congress’s purview to say what the law should be. As written and duly enacted, HAVA does not explicitly or implicitly create a private cause of action.

## ii. Constitutional Claims

Plaintiffs also allege separate causes of action originating in the Supremacy Clause and the Elections Clause. The Supremacy Clause provides that:

This Constitution, and the Laws of the United States which shall be made in Pursuance thereof; and all Treaties made, or which shall be made, under the Authority of the United States, shall be the supreme Law of the Land; and the Judges in every State shall be bound thereby, any Thing in the Constitution or Laws of any State to the Contrary notwithstanding.

U.S. CONST. art. VI, cl. 2. And the Elections Clause reads:

The Times, Places and Manner of holding Elections for Senators and Representatives, shall be prescribed in each State by the Legislature thereof; but the Congress may at any time by Law make or alter such Regulations, except as to the Places of chusing Senators.

U.S. CONST. art. I, § 4, cl. 1. Since neither constitutional provision explicitly provides a cause of action for private litigants, Plaintiffs are necessarily referencing the potential existence of implied causes of action under these clauses.

Even though courts have previously followed the Supreme Court in providing the necessary remedies to effectuate the purposes of various constitutional provisions, *see Hernandez*, 140 S. Ct. at 741, this “‘*ancien regime*’ that freely implied rights of action . . . ended long ago.” *Oliva v. Nivar*, 973 F.3d 438, 442 (5th Cir. 2020); *see Canada v. United States*, 950 F.3d 299, 306 (5th Cir. 2020) (noting that the Supreme Court has not found any other constitutionally implied remedy in four decades). This pronounced shift occurred over time as further considerations of federalism and the dual-sovereignty structure demonstrated that “Congress is ‘better positioned’ than the judiciary ‘to consider if the public interest would be served by imposing a new substantive legal liability.’” *Serrano v. Customs & Border Patrol*, No. 18-50977, 2020 WL 5539130, at \*10 (5th Cir. Sept. 16, 2020) (per curiam) (brackets omitted) (quoting *Ziglar*, 137 S. Ct. at 1857). So “[w]hen a party seeks to assert an implied cause of action under the Constitution itself, just as when a party seeks to assert an implied cause of action under a federal statute, separation-of-powers principles are or should be central to the analysis.” *Ziglar*, 137 S. Ct. at 1857.

Supreme Court precedent directly precludes Plaintiffs’ Election Clause claim. As discussed briefly above, *see supra* Section I.A, the plaintiffs alleging an Elections Clause violation in *Lance v. Coffman* were unable to bring suit in their capacity as private citizens. *See* 549 U.S. at 442. Even though standing and subject matter jurisdiction are related (but distinct) concepts, the holding in *Coffman* signifies that private litigants cannot derive a cause of action directly from the constitutional text of the Elections Clause. This makes logical sense. The Elections Clause outlines a structural principle of the American system of federalism, dividing power concurrently between the states and Congress. U.S. CONST. art. I, § 4, cl. 1. The Clause does not speak to individual rights. Any rights and corresponding remedies for Elections Clause violations must therefore arise from laws enacted by Congress pursuant to its authority under the Elections Clause.

Simply put, no cause of action based solely on the text of the Elections Clause exists for Plaintiffs to plead.

The Court next turns to Plaintiffs' Supremacy Clause argument. In *Armstrong v. Exceptional Child Center, Inc.*, the Supreme Court wholly rejected the theory that a private cause of action arises out of the Supremacy Clause. See 575 U.S. 320, 324–27 (2015). Writing for the Court, Justice Scalia explained that “the Supremacy Clause is not the ‘source of any federal rights,’ and certainly does not create a cause of action.” *Id.* at 324–25 (citation omitted). The Clause is “a rule of decision: ‘It instructs courts what to do when state and federal law clash, but is silent regarding who may enforce federal laws in court, and in what circumstances they may do so.’” *Green Valley Special Util. Dist. v. City of Schertz, Tex.*, 969 F.3d 460, 498 (5th Cir. 2020) (en banc) (Oldham, J., concurring) (quoting *Armstrong*, 575 U.S. at 325). With such emphatic and sweeping language, *Armstrong*'s “reasoning that a private actor cannot sue in court to enforce federal law pursuant to the Supremacy Clause” appears broadly applicable. See *Jefferson Cmty. Health Care Ctrs, Inc. v. Jefferson Par. Gov't*, No. CV 16-12910, 2016 WL 3997025, at \*13 (E.D. La. July 26, 2016), *rev'd in part on other grounds*, 849 F.3d 615 (5th Cir. 2017).

Plaintiffs maintain the validity of their Supremacy Clause claim by citing to *League of Women Voters v. Blackwell*, a case out of the U.S. District Court for the Northern District of Ohio, in both their pleadings and at the October 16th hearing. In *Blackwell*, the district court held that “[i]t is clearly established that the Supremacy Clause grants the federal courts jurisdiction over such claims; conflict with a federal law raises a federal question pursuant to 28 U.S.C. § 1331.” *League of Women Voters v. Blackwell*, 340 F. Supp. 2d 823, 827 (N.D. Ohio 2004).

Although their argument is far from clear, Plaintiffs appear to invoke the strand of caselaw that “permits private parties to sue without express statutory authorization to prevent state officials

from enforcing state laws on the ground that they are preempted by a federal statute.” RICHARD H. FALLON, JR. ET AL., HART AND WECHSLER’S THE FEDERAL COURTS AND THE FEDERAL SYSTEM 745 (7th ed. 2015). This underlying principle traditionally applies when a plaintiff seeks injunctive or declaratory relief from state regulation “on the ground that such regulation is pre-empted by a federal statute which, by virtue of the Supremacy Clause of the Constitution, must prevail.” *Shaw v. Delta Air Lines, Inc.*, 463 U.S. 85, 96 n.14 (1983); see *Lawrence Cnty. v. Lead-Deadwood Sch. Dist. No. 40-1*, 469 U.S. 256, 259–60, 259 n.6 (1985) (extending *Shaw*’s reasoning to cases involving broader subject matter). Nevertheless, this argument is strained and ultimately unpersuasive in two ways.

First, Plaintiffs support their case with a single decision from a district court outside of the Fifth Circuit. This district court case has also all but assuredly been overruled in relevant part. *Armstrong* was decided by the Supreme Court eleven years after the U.S. District Court for the Northern District of Ohio decided *Blackwell*. *Armstrong* clarified that “[t]he ability to sue to enjoin unconstitutional actions by state and federal officers” does not “rest[] upon an implied right of action contained in the Supremacy Clause.” 575 U.S. at 327. The clear applicability of *Armstrong* to refute Plaintiffs’ position is obvious.<sup>10</sup>

Second, the cause of action Plaintiffs bring under the Supremacy Clause is misapplied to the instant suit in several ways. For one thing, these suits are brought against federal and state *officers*, not federal or state governments.<sup>11</sup> The Counties are not state officers. Additionally, this

<sup>10</sup> The Court is bound by Supreme Court precedent as an inferior federal court, and *Blackwell* does not bind the Court because it was decided by a coordinate Article III court outside of the Court’s jurisdictional hierarchy. See TRACEY E. GEORGE & SUZANNA SHERRY, WHAT EVERY LAW STUDENT REALLY NEEDS TO KNOW: AN INTRODUCTION TO THE STUDY OF LAW 94 fig. (2d ed. 2016).

<sup>11</sup> Even though “*Armstrong* [did] not modify *Shaw*’s clear language,” *Air Evac EMS, Inc. v. Tex., Dep’t of Ins.*, 851 F.3d 507, 515 (5th Cir. 2017), 28 U.S.C. § 1331 provides federal courts with jurisdiction over preemption claims “so long as the [plaintiff] can satisfy *Ex parte Young*’s equitable exception.” *City of Austin v. Abbott*, 385 F. Supp. 3d 537, 543 (W.D. Tex. 2019). This exception allows plaintiffs to bring suits for injunctive or declaratory relief “against

type of lawsuit seeks to prevent state officials from enforcing state laws on preemption grounds. Plaintiffs request relief from the Court based on a theory that does not clearly identify any state official, let alone a specific state law that this unidentified state official might enforce that would be preempted by federal law. Furthermore, even if Plaintiffs had offered this same claim but under the theory that this “ability to sue to enjoin unconstitutional actions by state and federal officers is the creation of courts of equity” rather than the Supremacy Clause, *Armstrong*, 575 U.S. at 327, Plaintiffs’ argument would still be misplaced. The problem detailed above in applying the principle from *Shaw* to the present suit would also plague this theory—the defendants are *not* state officials. See *Carroll v. Safford*, 44 U.S. (3 How.) 441, 463 (1845) (“[R]elief may be given in a court of equity . . . to prevent an injurious act by a *public officer*.” (emphasis added)).<sup>12</sup> In sum, Plaintiffs’ arguments do not pass muster.

The Court concludes that separate causes of action are unavailable to Plaintiffs under HAVA, the Elections Clause, and the Supremacy Clause. Thus, the likelihood of their claims succeeding on the merits is remote. But even if Plaintiffs had standing in this case and had pleaded viable claims, the only cause of action that would remain falls under HAVA preemption. The Court turns now to the merits of this claim.

### **b. Preemption**

Almost every page of Plaintiffs’ Complaint argues that federal law preempts state law and therefore the Counties’ actions are illegal. While the preemption doctrine is far from straightforward and remains the subject of significant debate, the theory Plaintiffs proffer

---

a state official acting in violation of federal law if there is a ‘sufficient connection to enforcing an allegedly unconstitutional law.’” *Tex. Democratic Party v. Abbott*, No. 20-50407, 2020 WL 5422917, at \*5 (5th Cir. Sept. 10, 2020) (quoting *In re Abbott*, 956 F.3d 696, 708 (5th Cir. 2020)). No state officials are defendants in this action.

<sup>12</sup> And even if this theory of recovery was not dead on arrival, the Court would only have subject matter jurisdiction over the equitable claims and not those for declaratory relief because “the Declaratory Judgment Act is insufficient to confer federal question jurisdiction under 28 U.S.C. § 1331.” *Frye v. Anadarko Petroleum Corp.*, 953 F.3d 285, 293 (5th Cir. 2019) (citing *Skelly Oil Co. v. Phillips Petroleum Co.*, 339 U.S. 667, 671 (1950)).

misconstrues how the preemption doctrine functions. To give proper context to the analysis of Plaintiffs' preemption claims, the Court first attempts to partially untangle the doctrinal web of preemption.

The Court initially seeks to address a critical misconception regarding preemption. Many understand preemption as derivative of the Supremacy Clause. *See, e.g., Preemption*, BLACK'S LAW DICTIONARY (11th ed. 2019) (defining preemption as “[t]he principle (*derived from the Supremacy Clause*) that a federal law can supersede or supplant any inconsistent state law or regulation” (emphasis added)). The conceptual overlap between preemption and the Supremacy Clause is evident considering that “[s]tatements of preemption law almost routinely ‘start from the top’ with a reference to the Supremacy Clause.” Stephen A. Gardbaum, *The Nature of Preemption*, 79 CORNELL L. REV. 767, 769 (1994). But upon closer examination, it becomes clear that constitutional provisions other than the Supremacy Clause may control preemption analysis in specific, limited situations.

It is first worth noting that the Supremacy Clause does not directly confer rights to individuals or powers to Congress—it is simply “a rule of priority.” *Va. Uranium, Inc. v. Warren*, 139 S. Ct. 1894, 1901 (2019) (plurality opinion). This does not, however, “diminish the significant role that courts play in assuring the supremacy of federal law.” *Armstrong*, 575 U.S. at 326. The Supremacy Clause is the structural fulcrum upon which the American system of federalism balances—the Clause “protects structural rights . . . by ‘establish[ing] a structure of government which defines the relative powers of states and the federal government.’” *City of Alpine v. Abbot*, 730 F. Supp. 2d 630, 633 (W.D. Tex. 2010) (quoting *San Diego Unified Port Dist. v. Gianturco*, 457 F. Supp. 283, 290 (S.D. Cal. 1978), *aff'd*, 651 F.2d 1306 (9th Cir. 1981)). It is the duty of federal courts to preserve this fundamental balance of powers. *See Texas v. White*, 74 U.S. (7

Wall.) 700, 725 (1868) (“The Constitution, in all its provisions, looks to an indestructible Union, composed of indestructible States.”), *overruled in part by Morgan v. United States*, 113 U.S. 476 (1885).

But federal courts cannot fulfill this role in sustaining the “delicate balance” of federalism absent valid congressional action, for “Congress may impose its will on the States” so “long as it is acting within the powers granted it under the Constitution.” *Gregory v. Ashcroft*, 501 U.S. 452, 460 (1991) (emphasis added); see *Murphy v. NCAA*, 138 S. Ct. 1461, 1476 (2018) (“The legislative powers granted to Congress are sizable, but they are not unlimited.”). “Every law enacted by Congress must be based on one or more of its powers enumerated in the Constitution,” *United States v. Morrison*, 529 U.S. 598, 607 (2000), and the Constitution exists in crucial part so this principle “may not be mistaken[] or forgotten,” *Marbury v. Madison*, 5 U.S. (1 Cranch) 137, 176 (1803). Taken together, these legal principles stand for the proposition that federal courts may decide a case or controversy regarding the supremacy of conflicting federal and state law only if Congress enacted the federal law under an enumerated constitutional provision.

The first step in determining whether Congress lawfully preempted state law is identifying the enumerated power under which Congress claims to have acted, then followed by locating the relevant constitutional authority that delineates the proper roles within the federalist structure that the states and Congress are to play. See, e.g., *McCulloch v. Maryland*, 17 U.S. (4 Wheat.) 316, 343–52 (1819). The first aspect is almost always self-evident from the statutory text itself. It is the second element that more directly involves preemption. Once the enumerated power under which Congress acted is ascertained and found to be within the parameters of the Constitution,

federal courts may be called upon to determine whether the federal law conflicts with state law.<sup>13</sup> In most situations, this is where the Supremacy Clause plays its part. At this juncture, federal courts are obligated to the Clause's command—determine what “the supreme law of the land” is and bind the separate sovereigns accordingly. *Cooper v. Aaron*, 358 U.S. 1, 18 (1958). This is the default process federal courts follow in deciding cases involving preemption issues, and a complex body of law has developed over time governing these situations that affect all walks of American life.<sup>14</sup>

The Supremacy Clause is called upon so frequently when federal and state laws conflict because it is the default provision that controls in these situations. If no other constitutional provision addresses the interplay between federal and state power in respect to a specific area of regulatory authority, the Supremacy Clause fills the gap. This explains why recitations of law generally characterize the Supremacy Clause and preemption as one and the same. *E.g.*, *Simmons v. Sabine River Auth. La.*, 732 F.3d 469, 473 (5th Cir. 2013) (“As is well known, federal preemption is based on the Supremacy Clause, which provides that federal law ‘shall be the supreme Law of the Land.’” (quoting U.S. CONST. art. VI, cl. 2)).

But this broad rule is not always applicable. For instance, the Framers of the Constitution addressed certain distributions of power in the constitutional text more than once to affirm the allocation of authority within the federalist structure with precision. *See, e.g.*, *Gibbons v. Ogden*, 22 U.S. (9 Wheat.) 1, 235–37 (1824) (explaining that the Framers were “[n]ot satisfied with the

---

<sup>13</sup> “The basic question involved in Supremacy Clause cases is never one of interpretation of the Federal Constitution but inevitably one of comparing two statutes’ to see if they can be read harmoniously.” *United States v. Zadeh*, 820 F.3d 746, 754 (5th Cir. 2016) (cleaned up) (quoting *Swift & Co. v. Wickham*, 382 U.S. 111, 120 (1965)); *see* Caleb Nelson, *Preemption*, 86 VA. L. REV. 225, 303 (2000) (“The Supremacy Clause requires preemption only when the rules provided by state and federal law contradict each other, so that a court cannot simultaneously follow both.”).

<sup>14</sup> For instance, a core principle of federal preemption law is that federal law can preempt state law “in three different ways: when Congress does so expressly; when federal law occupies the entire field of regulation; and when state law conflicts with federal law.” *Butler v. Coast Elec. Power Ass’n*, 926 F.3d 190, 195 (5th Cir. 2019). *See generally* NOAH R. FELDMAN & KATHLEEN M. SULLIVAN, *CONSTITUTIONAL LAW* 283–86 (20th ed. 2019).

express grant to the United States of the power over commerce” in Article I, Section 8, Clause 3 and accordingly added Article I, Section 10, Clauses 2 and 3 to “negative[] the exercise of [certain commerce] power[s] to the States”). Although few and far between, this type of exception affects preemption inquiries under the Supremacy Clause by adding specific, necessary considerations to the analysis. *Cf. Coastal Conservation Ass’n v. United States Dep’t of Commerce*, 846 F.3d 99, 107 (5th Cir. 2017) (invoking the “general/specific canon” of construction). This makes sense because the specific “comes closer to addressing the very problem posed by the case at hand and is thus more deserving of credence.” SCALIA & GARNER, *supra*, at 183.

This brings the Court to the Elections Clause. This constitutional provision is *sui generis* as a structural component in the American federalist system. Its doctrinal roots stem from the foundational idea that legitimate governments “deriv[e] their just powers from the consent of the governed.” THE DECLARATION OF INDEPENDENCE para. 2 (U.S. 1776). Determining exactly who the governed consent to be governed by takes place in elections through the individual right to vote. *See Burdick v. Takushi*, 504 U.S. 428, 433 (1992) (“It is beyond cavil that ‘voting is of the most fundamental significance under our constitutional structure.’” (quoting *Ill. Bd. of Elections v. Socialist Workers Party*, 440 U.S. 173, 184 (1979))).

Recognizing how imperative an operable election system is in a free society, the Framers included a provision in the Constitution specifically addressing the division of regulatory authority over federal elections—the Elections Clause.<sup>15</sup> *See* THE FEDERALIST NO. 57, at 348 (James Madison) (Clinton Rossiter ed., 1961) (“The elective mode of obtaining rulers is the characteristic policy of republican government.”). The Clause has two functions: it first imposes a duty on the

---

<sup>15</sup> *See Rucho v. Common Cause*, 139 S. Ct. 2484, 2495–96 (2019) (detailing relevant history of the debate and passage of the Elections Clause); *Arizona v. Inter Tribal Council of Ariz., Inc.*, 570 U.S. 1, 7–9 (2013) (same).

states “to prescribe the time, place, and manner of electing Representatives and Senators,” and then confers upon Congress “the power to alter those regulations or supplant them altogether.” *Inter Tribal Council*, 570 U.S. at 8. Phrased differently, the Elections Clause “gives states the responsibility for establishing the time, place, and manner of holding congressional elections, unless Congress acts to preempt state choices.” *Voting Integrity Project, Inc. v. Bomer*, 199 F.3d 773, 775 (5th Cir. 2000) (emphasis added).

The plain language of the Elections Clause leaves no doubt as to the Framers’ desired mechanism for resolving conflicts of federal and state law regarding the “time, place, and manner” of federal elections. States are initially entrusted—and duty-bound—to promulgate laws and regulations governing these considerations of federal elections. And only when “the state system . . . directly conflict[s] with federal election laws on the subject” will state law regulating the “time, place, and manner” of federal elections be uprooted. *Bomer*, 199 F.3d at 775; see *Ex parte Siebold*, 100 U.S. (10 Otto) 371, 384 (1879) (“When exercised, the action of Congress, so far as it extends and conflicts with the regulations of the State, necessarily supersedes them.”). As such, it is indisputable that the power the Framers imbued Congress with pursuant to the Elections Clause was “none other than the power to pre-empt.” *Inter Tribal Council*, 570 U.S. at 14; see *id.* (“When Congress legislates with respect to the ‘Times, Places and Manner’ of holding congressional elections, it necessarily displaces some element of a pre-existing legal regime erected by the States.”).

“As should be clear . . . , the Elections Clause operates quite differently from the Supremacy Clause.” *Gonzalez v. Arizona*, 677 F.3d 383, 391 (9th Cir. 2012) (en banc), *aff’d sub nom. Arizona v. Inter Tribal Council of Arizona, Inc.*, 570 U.S. 1 (2013). While the Supremacy Clause “addresses preemption in areas within the states’ historic police powers, the Elections Clause

affects only an area in which the states have no inherent or reserved power: the regulation of federal elections.” *Id.* at 392 (citing *U.S. Term Limits, Inc. v. Thornton*, 514 U.S. 779, 804–05 (1995)); see *Fish v. Kobach*, 840 F.3d 710, 727 (10th Cir. 2016) (“[T]he regulation of congressional elections is not a subject of state police power nor one that is traditionally the province of the states. Nor could it be, because the states’ power over congressional elections—or rather the duty to provide for elections—derives from an express grant in the Constitution.”). In fact, the Supreme Court has never “relied on or even discussed Supremacy Clause principles” in its Elections Clause jurisprudence.<sup>16</sup> *Id.*

What all this means for the instant case is that the preemption analysis of Plaintiffs’ claims must place particular importance on the first step in the determination as to whether Congress lawfully preempted state law: identifying the enumerated power under which Congress claims to have acted. If Congress passes legislation under the authority granted by the Elections Clause, then the default preemption analysis under the Supremacy Clause becomes immaterial and the Elections Clause preemption methodology applies. If Congress enacts law under a different enumerated power, then the traditional Supremacy Clause-based preemption analysis applies.

Plaintiffs bring their preemption claim under HAVA. Congress explicitly enacted HAVA under its Elections Clause authority. H.R. Rep. 107–329, pt. 1, at 57, 2001 WL 1579545, at \*57. Therefore, the more specific preemption analysis under Elections Clause jurisprudence applies. The general preemption framework traditionally associated with the Supremacy Clause is thus irrelevant to the Court’s analysis.

---

<sup>16</sup> Plaintiffs support their preemption argument by stating that the plain statement rule and the presumption against preemption are inapplicable in the Elections Clause context (Dkt. #26 at p. 9:7-19). While this is an accurate statement of law, see, e.g., *Fish*, 840 F.3d at 726–32, the Court cannot make out how it strengthens Plaintiffs’ argument.

### i. Elections Clause

Having determined that the preemption analysis under the Elections Clause is appropriate here, the Court briefly restates the applicable framework. *See, e.g., True the Vote v. Hosemann*, 43 F. Supp. 3d 693, 729–31 (S.D. Miss. 2014). The Elections Clause itself is a “default provision; it invests the States with responsibility for the mechanics of congressional elections, but only so far as Congress declines to preempt state legislative choices.” *Foster v. Love*, 522 U.S. 67, 69 (1997) (citation omitted). The substantive scope of the Elections Clause is vast—the Supreme Court has found the “time, place, and manner” of federal elections to be “comprehensive words” that “provide a complete code for congressional elections” in order “to enact the numerous requirements as to procedure and safeguards which experience shows are necessary in order to enforce the fundamental right involved.” *Smiley v. Holm*, 285 U.S. 355, 366 (1932). When there is no federal law that directly conflicts with state law regulating the time, place, and manner of federal elections, then state law controls by default. *Voting for Am., Inc. v. Steen*, 732 F.3d 382, 399 (5th Cir. 2013). If a federal law enacted under Congress’s Elections Clause power directly conflicts with state law regulating the same, then the federal law controls and the analysis concludes. *Id.*; *see Inter Tribal Council*, 570 U.S. at 15 (“[T]here is no compelling reason not to read Elections Clause legislation simply to mean what it says.”).

Plaintiffs’ preemption argument does not comport with the applicable analytical framework for the Elections Clause preemption. The Court asked Plaintiffs’ counsel at the October 16th hearing to identify the specific provisions of HAVA that preempted the alleged ultra vires actions of the Counties. Counsel, in effect, replied that the entirety of HAVA’s statutory scheme preempted the Counties’ actions (Dkt. #26 at p. 16:7–13). Plaintiffs appear to argue that because Congress decided to exercise its regulatory authority in a specific area pursuant to an

enumerated constitutional provision, any laws or *even actions* not expressly provided for by HAVA are unconstitutional. This rationale is misguided.

To begin, Plaintiffs' theory of preemption is misconceived under *any* variation of federal preemption doctrine. Even if the broader analysis under the Supremacy Clause was applicable, this principle of preemption would be foreign. The rationale Plaintiffs articulate here is likely an attempt to invoke the concept of field preemption—an arm of general preemption analysis under the Supremacy Clause. “Field preemption occurs when ‘States are precluded from regulating conduct in a field that Congress, acting within its proper authority, has determined must be regulated by its exclusive governance.’” *City of El Cenizo v. Texas*, 890 F.3d 164, 176 (5th Cir. 2018) (quoting *Arizona v. United States*, 567 U.S. 387, 399 (2012)); see *Va. Uranium, Inc.*, 139 S. Ct. at 1905–06. The way field preemption actually works is not only inapposite to Elections Clause preemption, but it almost entirely upends the Election Clause's meaning as handed down by the Framers. If anything, the concept from general preemption analysis that most aptly translates to the Elections Clause context is conflict preemption, which “exists where ‘compliance with both state and federal law is impossible,’ or where ‘the state law stands as an obstacle to the accomplishment and execution of the full purposes and objectives of Congress.’” *Oneok, Inc. v. Learjet, Inc.*, 575 U.S. 373, 377 (2015) (quoting *California v. ARC America Corp.*, 490 U.S. 93, 100, 101 (1989)). Conflict preemption, however, does not capture the nature of the Elections Clause preemption analysis. Factors irrelevant to Elections Clause legislation must be accounted for where the possibility of conflict preemption persists. See, e.g., *Elam v. Kansas City S. Ry. Co.*, 635 F.3d 796, 803–04 (5th Cir. 2011); see also *Inter Tribal Council*, 570 U.S. at 13–14 (explaining why conventional considerations of Supremacy Clause-based preemption are inapplicable in the

Elections Clause context). In short, Plaintiffs' conception of preemption is found nowhere in federal law and is certainly not applicable to the case currently before the Court.

Moreover, when prompted by the Court at the October 16th hearing to single out which HAVA provision preempted the Counties from accepting the CTCL funds, Plaintiffs identified a specific provision in the statutory scheme—52 U.S.C. § 20901 (Dkt. #26 at p. 16:10–11). The statutory text of § 20901 does not state that it serves as the exclusive source of funding for federal election administration, and Plaintiffs do not carry their burden in demonstrating the validity of their interpretation. Further, Plaintiffs fail to identify the Texas law that directly conflicts with § 20901.<sup>17</sup> Because the Court's role is to adjudicate the case on its merits and not to present the merits themselves, the Court is unable to conduct a proper preemption analysis.

#### **B. Likelihood of Irreparable Harm**

The Court next considers whether Plaintiffs can demonstrate a likelihood of irreparable harm. Plaintiffs allege that irreparable harm will consequently result because CTCL grants will lead to more progressive votes cast and more progressive candidates elected. The Court concludes, however, that Plaintiffs cannot show irreparable harm for the same reasons they do not have standing.

For a preliminary injunction, Plaintiffs must demonstrate that they are “likely to suffer irreparable harm in the absence of preliminary relief.” *Winter v. Nat. Res. Def. Council*, 555 U.S. 7, 20 (2008). An injunction is only appropriate if the anticipated injury is imminent and not speculative. *Id.* at 22.

---

<sup>17</sup> In fact, at least one Texas law explicitly *allows* counties to receive money or other assets “for the purpose of performing a function conferred by law on the county or a county officer.” TEX. LOC. GOV'T CODE ANN. § 81.032.

Plaintiffs' "harm" relies on a speculative chain of inferences contradicted by the facts presented before the Court. CTCL grants are nonpartisan and guaranteed to any municipality that meets minimum criteria. In practice, 88% of Texas counties that received grants voted for the Republican presidential candidate in 2016. Despite these uncontroverted facts, Plaintiffs argue bias because large metropolitan areas received proportionally larger grants. CTCL grants are, however, based on nonpartisan criteria—like population—and are used for nonpartisan administrative purposes—like PPE for poll workers. More populous counties necessarily require more funds for administrative purposes because they have more registered voters. The applicants, not the CTCL, identify their financial needs. Any correlation between grant size and vote outcome is therefore coincidental, not causal.

Even if CTCL grants were partisan, Plaintiffs' theory assumes the grants will change the electoral outcome. Given the near-infinite variables affecting a federal election, that is "wholly speculative." *See Siegel v. LePore*, 234 F.3d 1163, 1177 (11th Cir. 2000) (refusing to grant a preliminary injunction where plaintiff's alleged harm was too speculative because it hinged on an electoral outcome); *SAM Party v. Kosinski*, 2020 WL 5359640, at \*13 (S.D.N.Y. Sept. 1, 2020) (calling such harm "far from certain"). Ultimately, Plaintiffs' complain that people with different political views will lawfully exercise their fundamental right to vote. That is not a harm. That is democracy.

Second, Plaintiffs allege harm because only some Texas counties received grants and not all. They rely on *Red Clay*, in which the Delaware Chancery Court held that a government can violate the Delaware Election Clause if "it skews the outcome of an election by encouraging or facilitating voting by favored demographic groups." *Red Clay*, 122 A.3d at 858. However, *Red Clay* is distinguishable because it interprets the Delaware Constitution, not federal. *See id.*

Additionally, in *Red Clay*, the issue was a school district strategically encouraging parents to vote and discouraging elderly voters from participation in a school board election. *See id.* Here, the CTCL grants encourage every voter to participate, not solely the ones with which Plaintiffs agree. This widespread encouragement furthers CTCL's intended purpose to facilitate a safe and efficient voting experience in a pandemic. CTCL does not favor or disfavor any demographic group of voters; every single county in Texas could have applied and received a minimum of \$5,000. Indeed, 117 counties did just that. As such, Plaintiffs do not claim any irreparable harm.

Third, Plaintiffs allege harm because the counties are acting illegally. As discussed with reference to success on the merits, the Counties' actions are legal. Even assuming the Counties acted illegally, generalized grievances are insufficient to establish irreparable harm. *Lance*, 549 U.S. at 439. When “[t]he only injury plaintiffs allege is that the law . . . has not been followed,” that “is precisely the kind of undifferentiated grievance about the conduct of government that [federal courts] have refused to countenance.” *Id.* at 442.

Fourth, Plaintiffs allege harm because if the grants are illegal, and if there is a close election, then the losing candidate could potentially contest the result of the election. That assertion includes many “what ifs.” It is so speculative that Plaintiffs could only characterize this series of unfortunate events as “possible” (Dkt. #26 at p. 17:6). “Possible” is not a “substantial threat of irreparable harm. *See Lakey*, 667 F.3d at 574.

Other Courts reach the same conclusion that this Court does today. Plaintiffs have filed nearly identical lawsuits in at least six other jurisdictions. *Minn. Voters All. v. City of Minneapolis*, No. 20-cv-2049 (D. Minn. Sept 24, 2020); *Wis. Voters All. v. City of Racine*, No. 20-cv-1487 (E.D. Wis. Sept. 24, 2020); *Pa. Voters All. v. Centre Cnty.*, No. 4:20-cv-1761 (M.D. Pa. Sept. 25, 2020); *Election Integrity Fund v. City of Lansing*, No. 20-cv-950 (W.D. Mich. Sept. 29, 2020); *Iowa Voter*

*All. v. Black Hawk Cnty.*, No. 6:20-cv-2078 (N.D. Iowa Oct. 1, 2020); *Ga. Voter All. v. Fulton Cnty.*, No. 1:20-cv-4198 (N.D. Ga. Oct. 9, 2020). Of those six, three issued orders denying Plaintiffs' requested relief. See Order Den. Mot. for Prelim. Relief, *Wis. Voters All.*, (E.D. Wis. Oct. 14, 2020), ECF No. 27; Order Den. Mot. for TRO and Establishing Br. Schedule, *Election Integrity Fund* (W.D. Mich. Oct. 2, 2020), ECF No. 19; Mem. of Law & Order, *Minnesota Voters Alliance*, (D. Minn. Oct. 16, 2020), ECF No. 25. The U.S. District Court for the Western District of Michigan held that "Plaintiffs have failed to show irreparable harm" because they "allege that they will be harmed on November 3, 2020 if their chosen candidates do not prevail, but they do not allege that there is any ongoing use of the grants that causes them immediate, irreparable harm. Order Den. Mot. for TRO and Establishing Br. Schedule, *Election Integrity Fund* (W.D. Mich. Oct. 2, 2020), ECF No. 19, at \*2. The U.S. District Court for the District of Minnesota found plaintiffs lacked standing because "bare claims that the City has violated various laws are insufficient" to establish injury. Mem. of Law & Order, *Minn. Voters All.*, (D. Minn. Oct. 16, 2020), ECF No. 25, at \*11.

Notably, one harm is *not* alleged. At no point do Plaintiffs allege that the Counties' actions have made it harder for them to exercise their right to vote. The truth is that Plaintiffs—like all residents of the Counties—stand to benefit from the additional resources for safe and efficient voting provided by CTCL grants. A "law that makes it easier for others to vote does not abridge any person's right to vote." *Texas Democratic Party*, 2020 WL 5422917, at \*15. The CTCL grants provide funds for PPE; recruiting, training, and retaining poll workers; and socially distant voting alternatives. These measures make it easier for Texans to lawfully vote. As noted above, "[h]ow this expansion of voting opportunities burdens anyone's right to vote is a mystery." *Hughs*, 2020 WL 6023310, at \*5.

### C. Substantial Injury Outweighs Harm

When determining whether to grant a preliminary injunction, the Court must determine whether Plaintiffs' threatened injuries outweigh any damage the injunction may cause the Counties. *See Winter*, 555 U.S. at 20. Within that consideration is the notion that plaintiffs "who unreasonably delay" their suit may be denied equitable relief. *Parker v. Dacres*, 130 U.S. 43, 50 (1889).

Plaintiffs filed at least six near-identical lawsuits around the country challenging CTCL grants. *See supra* Section II.B. Plaintiffs did not sue the Counties at the same time, however. Despite the Counties publicly accepting the grants in September, Plaintiffs did not sue until Friday, October 9th—the last business day before early voting began in Texas. This delay was unreasonable. It was foreseeable that Counties would immediately spend these funds in early voting efforts. By the time Plaintiffs sued, Counties already spent or irrevocably committed most of the grant funds. Although Plaintiffs' delay was objectively brief, it potentially had a prejudicial effect on the Counties given the urgency of the ongoing election.

Plaintiffs argue that an injunction would preserve the "status quo" by merely preventing Counties from spending remaining funds. The status quo, however, includes the Counties providing residents with public health protections to ensure safe voting. An injunction at this late stage, when millions of votes have already been cast, would send the Counties scrambling to adjust while voting occurs. *See Oden v. Brittain*, 396 U.S. 1210, 1211 (1969) (Black, J., opinion in chambers); *see also Veasey v. Perry*, 769 F.3d 890, 895 (5th Cir. 2014).

Finally, Plaintiffs assert a novel argument that if the Court finds a likelihood of success on the merits, then the Court must necessarily find that the balance of equities weighs in Plaintiffs' favor. Of course, if this were true, then there would be no need for the remaining preliminary

injunction criteria. Courts would reflexively issue preliminary injunctions after determining a likelihood of success and, necessarily, would never weigh the equities. But that is not the law; Plaintiffs must meet each criteria of a preliminary injunction—including irreparable harm, balance of hardships, and the public’s interest. *See Lakey*, 667 F.3d at 574. They do not.

#### **D. Potential Disservice of the Public Interest**

The Court has determined that Plaintiffs’ harm is speculative and generalized. On the other hand, the public faces a real danger of unsafe and inefficient elections. The grants facilitate safe, secure, and efficient voting for all residents during the pandemic. Irrespective of political affiliation, every single voter will benefit by having appropriate precautions to ensure safe voting.

Texas has an “important regulatory interest” in administering its elections. *Hughs*, 2020 WL 6023310, at \*7. “When a district court’s injunction prevents a State from effectuating its own election procedures, put in place by elected officials, it suffers irreparable harm.” *Id.* at \*9. The Counties have already spent or pledged most of the funds for nonpartisan administrative expenses. Enjoining the Counties would disrupt these ongoing, pressing efforts to ensure each voter has the right to safely and effectively exercise their right to vote.

Perhaps most importantly, the sanctity of elections must be protected. The Supreme Court “has repeatedly emphasized that lower federal courts should ordinarily not alter the election rules on the eve of an election.” *Republican Nat’l Comm. v. Democratic Nat’l Comm.*, 140 S. Ct. 1205, 1207 (2020). To do so risks “voter confusion and consequent incentive to remain away from the polls.” *Purcell v. Gonzalez*, 549 U.S. 1, 127 (2006) (per curiam).

We are not on the eve of the election—voting is underway. *See Mi Familia Vota v. Abbott*, No. 20-50793, 2020 WL 6058290, at \*7 (5th Cir. Oct. 14, 2020) (refusing election-related injunctive relief because “it would be inappropriate for the district court to grant much of the

requested relief with the election ongoing.”). Millions of early votes have been cast. Millions more face disruption if the Court issues the requested injunction. Plaintiffs’ counsel argues that “federal courts have a role in protecting the integrity of federal elections” (Dkt. #26 at p. 41:8-10). The Court agrees. And for that exact reason, the Court will not legislate on Plaintiffs’ behalf. Texans deserve confidence in their electoral process. See *First Nat. Bank of Boston v. Bellotti*, 435 U.S. 765, 788–89 (1978); see also *Tex. Democratic Party v. Abbott*, 961 F.3d 389, 413 n.1 (5th Cir. 2020). That confidence comes from their elected officials making policy decisions, not from courts creating policy. The Counties have made the policy decision to use nonpartisan funds to protect residents during an unprecedented public health crisis. The Court will not interrupt the Counties’ decision-making process to wade into legislative waters it should undeniably avoid.

#### CONCLUSION

Plaintiffs miss the mark on all three elements of standing. Plaintiffs likewise cannot meet any of the elements required to grant a preliminary injunction. No private cause of action exists under HAVA or the relevant sections of the United States Constitution. HAVA does not preempt the Counties from accepting and using the CTCL grant under the Elections Clause. Plaintiffs have failed to meet the harm standard for standing, and the Court concludes that for the same reasons, the irreparable harm standard is not met under the preliminary injunction analysis. The substantial injury to Plaintiffs, which the Court notes does not exist, does not outweigh the harm to the Counties that would result from issuing an injunction. Finally, issuing an injunction in this case would disserve the public interest.

It is therefore **ORDERED** that Plaintiffs’ Motion for Temporary Restraining Order (Dkt. #2) is hereby **DENIED**.

No. C20-2078-LTS

MEMORANDUM OPINION AND  
ORDER ON PLAINTIFFS' MOTION  
FOR A TEMPORARY  
RESTRAINING ORDER

*I. INTRODUCTION*

This case is before me on a motion (Doc. 6) for a temporary restraining order (TRO) filed by plaintiffs Iowa Voter Alliance, Todd Obadal, Michael Angelos and Diane Holst. Plaintiffs seek to prevent defendants Black Hawk County, Iowa, and Scott County, Iowa, from using private grants they obtained from the Center for Tech and Civil Life (CTCL) to help cover additional costs arising from conducting an election during the coronavirus pandemic. Plaintiffs argue that the counties' receipt of private grants violates federal law and that allowing the counties to use the funds for the upcoming federal election on November 3, 2020, will result in further violations of federal law and their rights as voters.

The motion was filed October 6, 2020. Defendants filed their resistance materials (Doc. 16, 17) on October 15, 2020. I conducted a telephonic hearing on October 20, 2020. Attorneys Vincent J. Fahnlander and Erick G. Kaardal appeared for plaintiffs, attorneys Katie L. Graham and Randall D. Armentrout appeared for Black Hawk County

and attorney Robert L. Cusack appeared for Scott County. After hearing the arguments of counsel, I took the matter under advisement.<sup>1</sup>

## *II. DISCUSSION*

A TRO is considered “an extraordinary and drastic remedy, one that should not be granted unless the movant, *by a clear showing*, carries the burden of persuasion.” *Mazurek v. Armstrong*, 520 U.S. 968, 972 (1997) (per curiam) (quoting 11A C. Wright, A. Miller, & M. Kane, *Federal Practice and Procedure* § 2948, pp. 129–30 (2d ed. 1995)). In determining whether to grant a TRO, the court must consider “(1) the threat of irreparable harm to the movant; (2) the state of balance between this harm and the injury that granting the injunction will inflict on other parties litigant; (3) the probability that movant will succeed on the merits; and (4) the public interest.” *Dataphase Sys., Inc. v. C L Sys., Inc.*, 640 F.2d 109, 114 (8th Cir. 1981) (en banc). Because success on the merits is regarded as the most important factor, I will begin there. *See Roudachevski v. All-Am. Care Centers, Inc.*, 648 F.3d 701, 706 (8th Cir. 2011) (“Success on the merits has been referred to as the most important of the four [*Dataphase*] factors.”).

### *A. Plaintiffs’ Likelihood of Success on the Merits*

To show a sufficient likelihood of success on the merits to justify a TRO, plaintiffs need not prove that they will ultimately win the case. *PCTV Gold, Inc. v. SpeedNet, LLC.*, 508 F.3d 1137, 1143 (8th Cir. 2007). Nor must they prove that they are more likely than not to prevail. *Id.* Plaintiffs need only show that they have a “fair chance of prevailing.” *Planned Parenthood Minn., N.D., S.D. v. Rounds*, 530 F.3d 724, 732 (8th Cir. 2008) (en banc).

---

<sup>1</sup> Due to the expedited circumstances, with the 2020 election just two weeks away, I will dispense with a detailed recitation of the facts.

*1. Do Plaintiffs Have a Private Right of Action?*

The first dispute regarding the merits of this case is whether plaintiffs have a private right of action.<sup>2</sup> Plaintiffs argue that they have both standing<sup>3</sup> and a private right of action under the Supremacy Clause of the United States Constitution and the Help America Vote Act (HAVA), 52 U.S.C. § 21112.<sup>4</sup> However, in *Armstrong v. Exceptional Child Center, Inc.*, 575 U.S. 320 (2015), the Supreme Court held the Supremacy Clause does not itself create a private right of action. *Id.* at 325–26. Instead, when a private party seeks to prevent a state officer or entity from violating federal law on the basis of the Supremacy Clause, relief is available only in a court of equity and only if a private right of action is permitted by federal law. *Id.* at 326–28. Thus, for plaintiffs to have a private right of action, they must show that it exists under HAVA. They have failed to do so.

In *Brunner v. Ohio Republican Party*, 555 U.S. 5 (2008) (per curiam), the Supreme Court summarily vacated a TRO because the parties who obtained it were “not sufficiently likely to prevail on the question whether Congress has authorized the District

---

<sup>2</sup> To establish a private right of action, plaintiffs must show that they are “member[s] of the class of litigants that may, as a matter of law, appropriately invoke the power of the court” to enforce a law. *Davis v. Passman*, 442 U.S. 228, 239 & n.18 (1979) (“[A] cause of action is a necessary element of [a plaintiff’s] ‘claim.’”).

<sup>3</sup> In addition to challenging the merits of plaintiffs’ claims, defendants have challenged the plaintiffs’ standing. Doc. 16-1 at 3; Doc. 17 at 5–9. I will not address standing at this time but, instead, will leave the issue open for later argument.

<sup>4</sup> At the hearing, plaintiffs raised a new argument that they also have standing and/or a private right of action under the All Writs Act, 28 U.S.C. § 1651. However, the All Writs Act is a statute that authorizes courts to grant remedies “in aid of their respective jurisdictions and agreeable to the usages and principles of law” and does not, on its own, provide any ground for jurisdiction or a private right of action. See *Edelson PC v. Bandas Law Firm PC*, No. 16 C 11057, 2018 WL 723287, at \*13 (N.D. Ill. Feb. 6, 2018); *West v. Spellings*, 480 F. Supp. 2d 213, 218 (D.D.C. 2007).

Court to enforce § 303<sup>5</sup> [of HAVA] in an action brought by a private litigant.” *Id.* at 5. In support of this conclusion, the Court cited two cases – *Gonzaga Univ. v. Doe*, 536 U.S. 273, 283 (2002), and *Alexander v. Sandoval*, 532 U.S. 275, 286 (2001) – in which it had emphasized that private rights of action must be created by Congress. In HAVA, Congress explicitly granted enforcement powers to the Attorney General and the states. 52 U.S.C. §§ 21111–21112. Congress did not state that a private party has the right to enforce HAVA’s provisions.

Plaintiffs argue that they have an implicit right of action because (1) 52 U.S.C. § 21112 requires states receiving HAVA funds to establish administrative complaint procedures and (2) Iowa has violated § 21112 by failing to provide an adequate administrative remedy, immediate injunctive relief before an upcoming election, in Iowa Administrative Code § 721.25. However, the fact that Congress explicitly granted enforcement powers to the Attorney General and the states weighs strongly against finding an implicit right of action for private parties. *See Ziglar v. Abbasi*, 137 S. Ct. 1843, 1855 (2017) (“[W]here Congress ‘intends private litigants to have a cause of action,’ the ‘far better course’ is for Congress to confer that remedy in explicit terms.” (quoting *Cannon v. Univ. of Chicago*, 441 U.S. 677, 717 (1979))); *see also Touche Ross & Co. v. Redington*, 442 U.S. 560, 574 (1979) (“[The Supreme Court is] extremely reluctant to imply a cause of action . . . that is significantly broader than the remedy that Congress chose to provide.”). For an implied private right of action to exist, a statute must “‘displa[y] an intent’ to create ‘a private remedy,’” and plaintiffs have not shown, nor have I found, such statutory intent here. *Ziglar*, 137 S. Ct. at 1855 (quoting *Sandoval*, 532 U.S. at 286–87. If Iowa failed to provide a complaint procedure that complied with § 21112, the Attorney General would be the proper party to seek relief under HAVA.

---

<sup>5</sup> Section 303 of HAVA is codified at 52 U.S.C. § 21083. This is a different provision from the one at issue here but nothing in 52 U.S.C. § 21112 suggests a different conclusion.

Even if a private right of action could arise in the manner plaintiffs argue, it would not exist here because the state's administrative procedure does not violate HAVA or prevent plaintiffs from obtaining adequate relief. Although there is no procedural mechanism in the state's administrative complaint procedure analogous to a TRO, the state's administrative procedure is capable of providing injunctive relief before an election occurs. *See* Iowa Admin. Code § 721.25.9 (if a violation of HAVA is found, the violator may be prohibited "from taking [a] specified action with respect to a past, *immediately pending*, or *future* election."); § 721.25.11 ("For good cause, the presiding officer may extend or shorten the time to take any action, except as precluded by statute."). Plaintiffs have provided no evidence that the state administrative procedure could not conclude in time to provide the relief they seek before the upcoming election.

In short, plaintiffs have not demonstrated that a private right of action exists and, as a result, have not shown a chance of success on the merits.

## **2. *Are Plaintiffs Otherwise Likely to Succeed on the Merits?***

Even if a private right of action exists, plaintiffs have not demonstrated a chance of success on the merits. They argue that defendants' acceptance of the CTCL grants violates the Elections Clause and HAVA and creates an unconstitutional public-private partnership. They also argue private grants are unconstitutional because only public funds can be used for elections and using the accepted grant money would improperly dictate federal election outcomes, disadvantage certain demographic groups and candidates, and perhaps even result in disenfranchisement through election contests.

The Elections Clause of the United States Constitution, which is the origin of a state's authority with respect to federal elections, provides:

The Times, Places and Manner of holding Elections for Senators and Representatives, shall be prescribed in each State by the Legislature thereof; but Congress may at any time make or alter such Regulations, except as to the Place of chusing Senators.

U.S. Const. Art. I, § 4, cl. 1. Plaintiffs have not provided any authority, nor have I found any, suggesting that the Elections Clause imposes specific limits or restrictions as to how a federal election must be funded. Instead, funding an election presumably falls into, or is an implicit power of, the state's authority over the "Manner of holding Elections" and is subject only to restrictions imposed by Congress. *See Cook v. Gralike*, 531 U.S. 510, 523–24 (2001).

In Iowa, the duty to fund elections is delegated to the counties. Iowa Code § 47.3; *id.* § 331.383 ("The [county] board shall . . . pay election costs as provided in section 47.3 . . ."). Accepting the grants to help fund an election appears consistent with a county's powers under Iowa's home rule doctrine:

A county may, except as expressly limited by the Constitution of the State of Iowa, and if not inconsistent with the laws of the general assembly, exercise any power and perform any function it deems appropriate to protect and preserve the rights, privileges, and property of the county or of its residents, and to preserve and improve the peace, safety, health, welfare, comfort, and convenience of its residents.

Iowa Code § 331.301. Facially, obtaining the grants was a "function . . . to protect and preserve the rights [and] privileges" of the counties' residents to vote and to "preserve and improve the peace, safety, health, welfare, comfort, and convenience of [those] residents" while they do so. Plaintiffs have not cited, nor have I found, any Iowa law that forbids counties from accepting private grants to fund an election.

Plaintiffs further argue that accepting private grants to help fund an election violates HAVA. However, nothing in HAVA, or its implementing laws at the state level, appears to forbid a county from accepting private grants to help fund an election. Indeed, HAVA is merely one source of funding to improve and modernize elections, not a statutory scheme governing how they are funded. *See Crowley v. Nevada ex rel. Nevada Sec'y of State*, 678 F.3d 730, 734 (9th Cir. 2012) (HAVA was enacted "to provide funds to States to replace punch card voting systems . . . and to otherwise provide assistance with the administration of certain Federal election laws and programs, to establish

minimum election administration standards for States and units of local government with responsibility for the administration of Federal elections.” (citation omitted)); *see also* Iowa Admin. Code § 721.27.1.

While HAVA required states to make certain updates to their voting systems, it did not require states to obtain HAVA funds to do so. 52 U.S.C. § 20901 (providing for payment to states if “the chief executive officer of the State, or designee, in consultation and coordination with the chief State election official, notifies the Administrator not later than 6 months after October 29, 2002, that the State intends to use the payment in accordance with this section”). The same is true for counties obtaining HAVA funds from the state. Iowa Admin. Code § 721.27 (“Any Iowa county is *eligible* to receive [HAVA] funds [from the state].” (emphasis added)). Nothing in HAVA mandates that HAVA funds, or public funds in general, be the exclusive sources of election funding. Accepting grants from private entities does not, on its own, prevent compliance with HAVA or other state laws.

Plaintiffs also raise policy-based objections against permitting a county to receive private grants to fund an election. There may be valid policy reasons to restrict or regulate the use of private grants to fund elections. However, it is for Congress and/or the Iowa Legislature, not the judicial branch, to make those policy judgments. Moreover, the record contains no evidence supporting plaintiffs’ accusations that CTCL’s grants pose an actual risk of shaping the outcome of any election or of favoring any particular party or candidate. There is no evidence that CTCL has attempted to require counties to spend the funds in such a manner, nor that either defendant has done so.

For all these reasons, based on the record before me, plaintiffs have not demonstrated any chance of prevailing on the merits. For this reason, alone, the TRO must be denied. *See Mid-Am. Real Estate Co. v. Iowa Realty Co.*, 406 F.3d 969, 972 (8th Cir. 2005). Nonetheless, I will briefly address the other TRO factors.

**B. Threat of Irreparable Harm to the Movant**

Plaintiffs argue that the counties' use of the CTCL grants will cause harm because it will disadvantage certain groups and candidates and improperly influence the outcomes of the upcoming election. The TRO is needed, they argue, because no remedy will suffice after the election is over if the grant funds are used. However, as discussed above, plaintiffs have failed to show that the grants will cause the harm they allege. They point to no specific use of the funds that hinders their rights or that could influence the outcomes of the election. Because harm does not seem likely, let alone irreparable, there is little reason to try to prevent it.

**C. Balance of Harms**

In contrast, the harm that would be inflicted on defendants if they are prohibited from using the election grants appears to be large. For example, in its application for a CTCL grant, Black Hawk County noted that it needed additional help funding the upcoming election because its budget for 2020 did not envision changes to voting patterns caused by the coronavirus:

[T]he biggest challenge Black Hawk County faces is planning and executing an election that was not properly budgeted for, meaning Black Hawk County budgeted for a general election with a predicted 25,000 absentee ballots to process, stuff, and mail in the six weeks leading up to the election. Due to the coronavirus our office decided to do a countywide absentee ballot request mailer urging voters to vote by mail for this election; not something we have done in the past nor something we budgeted for. As stated, we anticipated 25,000 absentee ballots in total, we have already processed as much to date with another seven weeks to go. In addition, we had to hire an additional six full time election clerks to start a month earlier than expected, again something that we did not budget for.

Doc. 17-1 at 7. Black Hawk County also noted the need to provide the community with additional information regarding where to vote, due to a reduced number of polling sites, and for more personal protective equipment for poll workers. *Id.*

Enjoining defendants from using the CTCL grant funds would hinder their ability to meet their election needs and, thus, harm their residents who seek to exercise their right to vote. This is especially true given that the prohibition would issue so soon before the upcoming election, effectively changing the rules at the last minute. *See, e.g., Republican Nat'l Comm. v. Democratic Nat'l Comm.*, 140 S. Ct. 1205, 1207 (2020) (emphasizing that “lower federal courts should ordinarily not alter the election rules on the eve of an election”). The balance of harms weighs against the TRO, especially considering plaintiffs’ failure to show a chance of success on the ultimate merits.

***D. Public Interest***

The public interest also weighs against the TRO. As balancing the harms shows, the public stands to be harmed significantly more by prohibiting defendants from using the CTCL grants than by allowing their use. Additionally, as defendants have pointed out, they are only two of 64 counties in Iowa that have received CTCL grants. Prohibiting only these two counties from using the grants would put their residents at a disadvantage as compared to the residents of those counties that are not judicially restrained from utilizing CTCL grant money.

***III. CONCLUSION***

For the foregoing reasons, plaintiffs’ motion (Doc. 6) for a temporary restraining order is **denied**.

**DECLARATION OF RICHARD BARRON**

Pursuant to 28 U.S.C. 1746, Richard Barron declares as follows:

1.

I make this Declaration in support of a response by Fulton County to certain motions filed in the above-styled matter of Georgia Voter Alliance, et al., v. Fulton County, (Civil Action No. 1:20-CV-4198). Specifically, this Declaration is made in opposition to Plaintiffs' Motion for Temporary Restraining Order [Doc. 3-3].

2.

I am the Director of the Fulton County Department of Registration and Elections and have been employed in that role since June 19, 2013.

3.

The COVID-19 pandemic has increased the burden on election officials. However, the Fulton County Defendants are working to meet the upcoming challenge. A number of longstanding polling locations have ceased serving in that capacity, requiring officials to locate new facilities.

4.

The Fulton County Board of Registration and Elections is the elections superintendent of Fulton County. As such, it has the duty to administer all county elections. O.C.G.A. § 21-2-40.

5.

The COVID-19 pandemic has made the challenge of holding elections even more problematic. Since traditional polling locations, such as churches or long-term care facilities, could no longer be used, new locations, which would allow social distancing, had to be identified then adequately staffed for both the primary and general elections.

6.

The Center for Tech and Civic Life ("CTCL") grant serves as a needed resource that is enabling Fulton County to help pay for various expenses such as the employment of an increased staff, increased voting equipment, and personal protective equipment ("PPE") now deemed necessary to conduct an election safely.

-2-

## Logistics of Election Planning During the Pandemic

7.

Even absent a global pandemic, elections are still very complex by nature. During each election, every effort is made to ensure that *all* eligible voters have reasonable access to a ballot and the opportunity to cast their vote in a safe environment. Not only has the pandemic made this goal more difficult, but the anticipation of a higher than normal voter turnout during this presidential election has also created a logistics concern. In order to accommodate all voters, multiple mechanisms of voting must be used, such as voting by mail, use of absentee ballot drop boxes, voting in-person during the Early Voting period, and voting in-person on Election Day.

8.

In an effort to offset the challenges of conducting an election during a pandemic and to avoid the polling location problems associated with the June 2020 election, we re-solidified our relationship with the school systems and utilized a commercial real estate consultant to establish additional polling sites. Fulton County has established 255 polling sites for the November 3, 2020 elections.

9.

Due to the anticipation of a high voter turnout, the Georgia Secretary of State's office and Fulton County have encouraged voters to vote by absentee ballot, if eligible, or to vote during the early voting period. The goal has been to frontload as much voting as possible so that on Election Day lines will be minimized and social distancing better accomplished.

10.

So far our efforts to encourage early voting in new, safer locations have been highly successful. On October 12th, the first day of early voting, the turnout was extremely heavy compared to the first day of early voting in previous years. We have also had an overwhelming increase of mail-in ballots returned as compared to previous elections.

11.

Fulton County has approximately 800,000 registered voters. Thus far, 30% of the electorate has voted. Because the election is currently underway, the number of votes that have been cast so far, via early and absentee voting, is as follows:

a. Early voting and mobile units	161,593
b. Early voting outreach <sup>1</sup>	2,168
c. Absentee ballot/vote by mail	<u>88,734</u>
Total	252,495

<sup>1</sup> Early voting outreach is a site that is not open the same hours as the early voting sites, but it still provides an opportunity to educate the voters and an additional place to vote.

## **Funding the Election**

12.

Due to issues raised by the pandemic, combined with an unusually high voter turnout, if Fulton County is denied the ability to use the CTCL grant funds, election services in Fulton County will be underfunded, especially with the necessity of increasing staff, changing locations and providing protection and space for voters to vote safely.

13.

Due to anticipation of high voter turnout during the current health pandemic, the need for additional voting equipment, more poll workers, and personal protective equipment to keep election workers and voters protected, I was concerned the current election budget would fall short. CTCL grant provides the County with additional funding needed to provide a safe election.

14.

The CTCL grant application process was simple and available to every jurisdiction that conducts elections. I made an initial application through CTCL's online portal then received a request for a more detailed application which I later submitted. *See* Exhibit "A". To date, grant funds have been used for the following:

- a. \$359,000 for professional services, which include pay for poll workers, call center personnel and technical personnel to be stationed at each poll location, and we have 3,100 poll workers that have to be paid;
- b. \$27,000 for cleaning of polling locations; and
- c. \$3,000,000 encumbered pending the delivery of supplies and equipment.

15.

The Fulton County Board of Commissioners authorized accepting the CTCL grant at its September 2, 2020 meeting. *See* Exhibit "B". Funding from the grant increased our election budget by Six Million, Three Hundred Nine Thousand, Four Hundred Thirty Six Dollars \$6,309,436.00.

16.

At no time during the process of applying for or receiving the funding were we asked about any partisan or political goals or was any such agenda mentioned. Our CTCL grant application, instead, served as a measure to make election services *more* readily available for all voters in a safer environment.

**The Effect if Plaintiffs are Granted Relief**

17.

The election for November 3, 2020 is underway. The funds needed for conducting the election were built around the current budget and receipt of the CTCL grant. Should the plaintiffs be granted relief, Fulton County would likely have to reduce polling locations that have been consistently full since voting began on Monday, October 12, 2020:

18.

Furthermore, all of the funding received through the CTCL grant has been earmarked to cover necessary voting expenses.

19.

Requiring that the CTCL funds be frozen or returned will harm all eligible Fulton County voters regardless of their partisan preferences. The risk to the health and safety of voters would increase if we were to lose access to adequate amounts of PPE at the polling places. Furthermore, the increased funds needed to employ required poll workers and equipment will ultimately fall on all taxpayers within the County who will absorb the cost.

I declare under penalty of perjury that the foregoing is true and correct to the best of my ability.

This 21 day of October, 2020.

Re: Funding Request for Election Systems for November General Election

---

## Overview

Fulton County faces significant challenges in executing the November 3, 2020 general election. As the June 9 primary revealed, in November, the county will essentially have to run two elections, at the same time, on an unprecedented scale: one via absentee ballots; and a second at in-person polling places. In addition to the general election, we held a runoff election on August 11, and are holding a special election in parts of the county on September 29, which will undoubtedly put additional pressure on our office. For the general election, the number of total registered voters is expected to be between 823,000 and 850,000, potentially casting ballots split between the two modes of voting, which will each entail special challenges. This document offers an assessment of resources needed for Fulton Co. to safely and thoroughly prepare for the general election.

In these extraordinary circumstances, to deliver a smooth voting process and a satisfactory voting experience for Fulton County's approximately 900,000 eligible voters will require a concerted and collaborative effort. Meeting this challenge will also require additional resources to Fulton County for election implementation.

A preliminary budget overview estimate on top of what is already available to the County is as follows:

Absentee Ballot Assembly and Processing Equipment	\$1,448,026
Early Voting Sites and Ballot Drop-off Options	\$937,710
In-person Voting at Polling Places on Election Day	\$3,923,700
	\$6,309,436

**Total**

## Needs Assessment & Costs

The following sections outline initial details of the mail house-type processing operation, installation of drop boxes, personnel needs, and the costs associated with each:

---

### **Absentee Ballot Processing and Equipment Necessary for Operations**

For the November elections, we anticipate absentee-by-mail turnout to be somewhere around 40%, which would lead to more than 300,000 ballots cast through that mode of voting.

Automation will be critical to efficiently and accurately manage hundreds of thousands of ballot envelopes and ballots in weeks leading up to Election Day and in the canvassing process afterwards and help report results faster. To that end, the following equipment and personnel are needed:

- **High-speed industrial Printer:** Printers will be used to print absentee ballots. During the primary, Fulton Co. struggled to keep up with demand. High-speed Oki-900 series industrial printers capable would greatly reduce the time between application approval and a voter's ballot entering the mail stream. This is particularly important around the application deadline. **Cost: \$37,000 for 3 Oki 900 printers.**
- **Absentee Ballot Application Equipment and Personnel for Processing:** We are going to receive an unprecedented number of absentee-by-mail applications for the November election. We need to staff a second call center/processing center. Additionally, we will need an additional 60 laptops for data entry purposes. **Estimated Cost: laptop purchases, \$59,400; and labor \$307,200. Total Cost: \$192,000, plus \$115,200 for overtime for a total cost of \$307,200.**
- **Extractors:** The process of physically removing ballots from envelopes is time consuming and diverts staff away from other activities that cannot be automated. Seven extractors will eliminate the need for any envelope opening by hand and open all anticipated ballots in a timely manner. **Estimated cost = \$175,000**
- **Personnel for absentee ballot tabulation:** We currently have an additional 32 full-time employees hired to process voter registration applications, absentee-by-mail ballot applications, separate from the call center described above, and to staff our early voting call center. For September, November, December and January we will need an additional number of staff for each election to process received ballots and to scan them. **Estimated cost = \$420,000**
- **Absentee Ballot Outreach Materials:** To promote absentee by mail and early voting ahead of the November election by sending a flyer to every household. The mailer will also include information on early voting opportunities. To promote the absentee by mail portal ahead of the November election in a second mailer to every household. **Cost: \$419,426**
- **Signature Verification Software:** Required to add to our Bluecrest mailing equipment. **Cost: \$30,000.**

	<u>Total cost</u>	<u>Units</u>	<u>Unit costs</u>
Oki 900 Printers	\$37,000	3	\$12,333
Laptops	\$59,400	60	\$990
Extractors	\$175,000	7	\$25,000

<b>Absentee by Mail</b>			
Processing Call Center	\$307,200		
Absentee by Mail	\$420,000		
Tabulation Personnel			
Signature Verification			
Software	\$30,000	1	\$30,000
Outreach materials	\$419,426	2	\$209,713
<b>TOTAL</b>	<b>\$1,448,026</b>		

**Early Voting Sites and Ballot Drop-off Options**

Fulton County plans to have 30 full-time early voting locations, 13 outreach locations, and two mobile voting precincts (buses) for November. Early voting is historically popular in the county, with 59 percent early voting turnout in 2016.

Early voting offices will be open and fully staffed until the deadline to apply for an absentee ballot, thereafter through Election Day they will remain open as ballot drop-off locations. They must also be sufficiently staffed with permanent staff with \$100 hazard pay to limit worker turnover, handle a surge in voters before polls open, and manage sites in a pandemic environment.

It will cost \$901,710 to cover the Covid-19 hazard pay, which will be paid to staffers at all early voting locations.

We want to offer a second mega site for early voting at the Georgia International Conference Center in College Park to reduce lines in southern Fulton County. Rental fees for GICC are going to cost \$36,000 for 23 days of rental.

**Polling Place COVID Decontamination Post Election**

In June we lost 45 polling locations because of the COVID pandemic. We were down to 164 polling locations. In order to retain and attract new polling locations for the September through January election cycle we have had to offer COVID decontamination to polling locations to increase our number of polling places to at least 210 locations. **Total Cost \$610,000**

### In-person Voting at Polling Places on Election Day

The Fulton County Board of Elections is committed to working to secure many fully-staffed polling places on election day. In the June primary, we lost 45 Election Day polling locations of 198 planned locations, which led to decreased turnout on election day. In the General, we are committed to securing between **210 – 240 in person polling locations on Election Day.**

In order to staff these locations with people committed to working in a pandemic and to avoid a repeat of June we want to pay a \$150 stipend on election day, or **\$1,402,800 for all election workers during the September, November, December and January elections.**

Additionally, the county will buy 1,000 sneeze guards for polling locations at a **total cost of \$157,490.** The county will also purchase 300 more Knowlnk Poll Pads, plus a CacheBox to aid with transferring the Bulk File, which are used for voter check in at polling places. **These items are \$233,000 in total.**

Technical personnel are needed at early voting locations to ensure smooth operations with this new voting system. We had to hire technical personnel to staff polling locations in August. We learned much about how to make September through January successful in that election. We will have at least one trained technician in each polling place on Election Day and throughout early voting. **Total cost is \$1,520,000.**

**Total staffing costs for the November election will cost \$3,824,510.**

	<u>Total cost</u>	<u>Units</u>	<u>Unit costs</u>
Poll Worker Hazard Pay	\$1,402,800	2,100	\$150 per poll worker
Poll Worker PPE	\$157,490	1,000	\$157.49
Early Voting Personnel Costs	\$901,710	N/A	\$100 per poll worker
Knowlnk PollPads	\$233,000	300	\$700
COVID Polling Place Decontamination	\$610,000		
Early voting mega site in south Fulton	\$36,000	1	\$36,000
Technical personnel For EV and EDay	\$1,520,00		
<b>TOTAL</b>	<b>\$4,861,410</b>		

### **Conclusion**

The investments outlined above will allow Fulton County to reduce the risk of exposure to coronavirus for voters, election staff and poll workers; identify best practices; innovate to efficiently and effectively educate our residents about how to exercise their right to vote; be intentional and strategic in reaching our historically disenfranchised residents and communities; and, above all, ensure the right to vote in a diversity of communities throughout the county. Thank you for the opportunity to submit this request.

Fulton County  
Board of Commissioners  
141 Pryor St SW #10  
Atlanta, GA 30303

Dear Chair Pitts,

I am pleased to inform you that the Center for Tech and Civic Life ("CTCL") has awarded Fulton County a grant to support its work in connection with the safe administration of elections in 2020.

The following is a description of the grant:

**AMOUNT OF GRANT:** Six million, four hundred and sixty thousand, three hundred eighty US dollars (USD \$6,309,436)

**PURPOSE:** The grant funds must be used exclusively for the public purpose of planning and operationalizing safe and secure election administration in Fulton County in accordance with the attached Fulton County Safe Voting Plan 2020

Before we transmit these funds, we ask that you sign this agreement promising to use the grant funds in compliance with United States tax laws. Specifically, by signing this letter on behalf of Fulton County you confirm and agree to the following:

1. Fulton County is a local government unit or political subdivision in the meaning of 26 USC 170(c)(1).
2. This grant shall be used *only* for the public purpose described above, and for no other purposes.
3. Fulton County shall not use any part of this grant to give a grant to another organization unless CTCL agrees to the specific sub-recipient in advance, in writing.

4. Fulton County has produced a plan for safe and secure election administration in 2020, including an assessment of election administration needs, budget estimates for such assessment, and an assessment of the impact of the plan on voters ("the Plan"). The Plan is attached to this agreement. The County shall expend the amount of this grant for purposes contained in the Plan by December 31, 2020
5. Fulton County shall produce a report documenting how this grant has been expended in support of the activities described in paragraph 4. This report shall be provided to CTCL by January 31, 2021.
6. Fulton County shall not reduce or otherwise modify planned spending on election administration, including the budget of the Fulton County Board of Elections and Registration ("the Board"), or fail to appropriate or provide previously budgeted funds to the Board for the term of this grant. Any amount reduced or not provided in contravention of this paragraph shall be repaid to CTCL up to the total amount of this grant.
7. CTCL may discontinue, modify, withhold part of, or ask for the return of all or part of the grant funds if it determines, in its sole judgment, that (a) any of the above conditions have not been met or (b) it must do so to comply with applicable laws or regulations.
8. The grant project period of June 15, 2020 through December 31, 2020 represents the dates between which covered costs may be applied to the grant.

Your acceptance of these agreements should be indicated below. Please have an authorized representative of Fulton County sign below, and return a scanned copy of this letter to us by email at [grants@techandcivicliflife.org](mailto:grants@techandcivicliflife.org).

On behalf of CTCL, I extend my best wishes in your work.

Sincerely,

Tiana Epps Johnson

We have been looking for her ballot. I am going to reach out to her. It's not at State Farm and Ros and usually receive the spoiled ballot. She does not have it. I will reach out to the voter for verification. We have given every verifier her name and will post her name on the waiver when the sorter are counting the ballots in batches of 100.

Hi Vernetta,

I spoke to a very nice pollworker today, who said they would try to find my spoiled ballot so I can vote. BUT, if they can't find it, then I lose my vote. (Online says my vote has been "counted" but how can that be if the ballot was marked spoiled?)

Please please please help me resolve this. The 2020 vote has never been more important. Thank you!

If the poll pads didn't save on those days then what can your staff audit? The voting certificates are stored in the poll pads. There's no identifying information on the actual ballot so what's your staff reconciling?

I don't want to unintentionally mislead voters by convincing them their vote counted even if MVP doesn't reflect that their AB was never received and accepted. I won't perpetuate anything untruthful.

Your ballot was counted if it was scanned. The scanner has no tie to the My Voter Page. Monday through Wednesday of the first week of EV last week saw eNet, the State voter registration system, have difficulties saving check-in information. We are auditing the applications for those days in order to make sure everyone gets credit for checking in to vote. Sharon Benjamin's cc'd here and will check for your application.

Good Afternoon,

My friend Terr Crawford suggested that I contact you regarding my ballot not registering on the My Voter Page website.

I took my absentee ballot with me when I voted in person on Monday, October 12 at the Roswell Library. My absentee was spoiled. The poll manager verified my spoiled ballot allowing me to vote on the Ballot Marking Device which I did and then scanned my paper ballot. The problem is my vote is not showing up as being counted when I log into My Voter Page at [mvp.sos.ga.gov](http://mvp.sos.ga.gov). I'm hoping you might assist me in finding out why. Most importantly, I want to assure that my vote is counted.

- 2) "For the most part, we really don't deal with Election Day. We deal more with preparation of elections. This is kind of the only product that we have, and WE ONLY SELL IT IN GEORGIA, where voters interface with it at a ... the CheckIn."

Two obvious questions come to mind:

Why is Fulton County the ONLY MAJOR METRO ATLANTA COUNTY UTILIZING EasyVote CheckIn?

And why is EasyVote CheckIn ONLY SOLD IN GEORGIA and not the other 16 states that EasyVote has access to?!

My next question was not immediately apparent to me at the time of my interview with Ron Davs, but I will ask it now: Why is Ron Davs LYING TO ME?!

I submitted a few Open Records Requests regarding EasyVote in various GA Counties. Attached you will find the Responsive Documents I received, which are this year's 2020 EasyVote Invoice for both Fulton and Paulding County.

[Please see attachments.]

Paulding County's Invoice is for the EasyVote Election Management Suite which includes:

EasyCheckIn/Absentee -- Early, Absentee and Election Day voter processing.

EasyInventory

EasyPo Worker

EasyFocus

EasyCampaign Finance

Fulton County's Invoice is also for the EasyVote Election Management Suite; however, the respective includes:

EasyPo Book (Electronic Po Book for Early/Election Day Voter Processing)

EasyCampaign Finance

EasyInventory

EasyPo Worker

EasyFocus

So in truth NONE OF THE BIG FOUR COUNTIES USE Easy CheckIn, because Fulton ACTUALLY USES EasyPo Book. What the hell is EasyPo Book?!?! It has NEVER BEEN MENTIONED TO GEORGIA VOTERS OR THE GENERAL PUBLIC!!!

It goes without saying that it has NEVER BEEN CERTIFIED!!! Yet Fulton County, the most populous county in the state, is utilizing this utterly unknown software module to process votes!!!

Rock, you have A LOT OF EXPLAINING TO DO!!!

Ron also lied about EasyVote not being used on Election Day. It CLEARLY STATES on both Invoices that Easy CheckIn and EasyPo Book are both used for Early, Absentee and Election Day voter processing.

And lastly, why is EasyVote trying to hide EasyVote Invoices by having invoices paid to SIVAD Business Solutions? Yes, SIVAD is a son of a Ron Davis company. In fact, it's name is "Davis" spelled backwards.

There are a lot of backward things going on in the state of Georgia when it comes to VOTING. I want someone to straighten these issues out and put the truth forward and center.

Rick,

Which EasyVote software module does Fulton County use to process voters? Recently, the AJC wrote about how Easy CheckIn was utilized to alleviate the extreme voter wait times caused by ElectionNet's lackluster performance; however, Fulton County's 2020 invoice from EasyVote states that Fulton uses EasyPo Book. Why?

Given the fact that the software is called EasyPo Book and that the invoice states it is used for early/absentee AND Election Day VOTER PROCESSING, I'm going to go out on a limb and assume that it is going to be used with our current Po Pads. Therefore, EasyPo Book is being used as a surrogate for KnowInk software. And as the link below shows, KnowInk software required certification on:

[https://sos.ga.gov/adm/n/upoads/KnowInk\\_Electronc\\_Po\\_Book\\_Certification.pdf](https://sos.ga.gov/adm/n/upoads/KnowInk_Electronc_Po_Book_Certification.pdf)

It's a bogus/ rubber stamp SOS certification, but it's a certification nonetheless. Clearly, EasyPo Book should also require certification. Why is EasyVote software receiving special treatment? My guess is that Ron and Rick want to keep up the false narrative that EasyPo Book and EasyCheckIn are merely tools designed to assist with the elections yet somehow not involved with them. An elector cannot vote without checking in. Obviously, this first step of Early and Election Day Voting is an integral part of the VOTING PROCESS and must therefore meet applicable requirements of OCGA.

EasyPo Book and EasyCheckIn clearly violate "OCGA 21-2-300 (a)(1) The equipment used for casting and counting votes in county, state, and federal elections SHALL BE THE SAME IN EACH COUNTY IN THIS STATE AND SHALL BE PROVIDED TO EACH COUNTY BY THE STATE, as determined by the Secretary of State." Not a 159 Counties in Georgia utilize EasyVote software for Voter Processing and furthermore the SOS Office is NOT providing it to GA counties. I'm certain State Attorneys would argue that software is not part of the equipment used for casting votes. I've heard them argue many ridiculous and untenable notions over the years; nevertheless, without software Po Pads are just overpriced paper weights. Software IS a vital part of the equipment used for casting votes in county, state and federal elections and MUST MEET OCGA 21-2-300.

Rick, please explain the difference in functionality between EasyVote's EasyPo Book and EasyCheckIn modules. You stated in your response email: We used EasyPo Book and EasyCheckIn is the only OTHER module we use. This statement affirms that Fulton County is using BOTH EasyPo Book and EasyCheckIn!!! How many software products does Fulton County require to Check In its voters?! By my count, Fulton is using FOUR: EasyPo Book, EasyCheckIn, ElectionNet and KnowInk. Did I miss any? Lastly, according to Fulton County's current EasyVote Invoice the county is NOT authorized to use EasyCheckIn.

I look forward to having these issues clarified.

Sincerely,  
George Bona

Mark,

I'm going to summarize what starts you want below.

1. You want the active/nactive voter counts precinct by precinct. This is an easy get. You mentioned discrepancies in those numbers? To what are you referring?
2. You want the absentee applications received and processed.
3. You want EV provisional ballots cast.
4. You want absentee applications canceled.
5. Dr Ruth wants to know the process of processing early voting applications, which is off a category of absentee applications.

I will get staff to get these numbers and respond later this morning with an accurate summary.

Rock, I do understand and empathize with the strains to deal with a transition process you and your staff are enduring.

Does anyone have up to date numbers on the provisional ballots voters have completed, the number of EV voters who we have surrendered the absentee ballots?

I have asked you about the numbers regarding the discrepancies on the precinct lists with the active/nactive voter counts and the daily update report on EV & absentee applications stats.

It is critical to have accuracy on these numbers before we get to Election Day.

Can we obtain an "official" report on precinct counts so that the Board is evaluating the same numbers. This will pay a critical role in the post election audit.

BTW, I would support the department hiring a full-time controller to be the go-to person for a department numbers and statistics.

Your ballot was counted if it was scanned. The scanner has no tie to the My Voter Page. Monday through Wednesday of the first week of EV last week saw eNet, the State voter registration system, have difficulties saving check-in information. We are auditing the app categories for those days in order to make sure everyone gets credit for checking in to vote. Sharon Benjamin's cc'd here and will check for your application.

Good Afternoon,

My friend Terr Crawford suggested that I contact you regarding my ballot not registering on the My Voter Page website.

I took my absentee ballot with me when I voted in person on Monday, October 12 at the Roswell Library. My absentee was ballot spoiled. The poll manager verified my spoiled ballot allowed me to vote on the Ballot Marking Device which I did and then scanned my paper ballot. The problem is my vote is not showing up as being counted when I log into My Voter Page at [mvp.sos.ga.gov](http://mvp.sos.ga.gov). I'm hoping you might assist me in finding out why. Most importantly, I want to assure that my vote is counted.

These records are being updated from the original applications. We have a team going through all of the states' applications in order to make sure all that may have been missed are saved to give credit for voting.

As long as a ballot is scanned by the voter the vote has counted. When you voted on 10/11 many records were not saving in eNet because of many issues with the VR system. Easy Vote prints the applications that each voter enters and signs. A record is saved in Easy Vote and we have the original record. From there we can audit each precinct to enter the records in which eNet was unable to save. The scanned ballot of a voter and the check-in credit are wholly separate systems that have no connection to one another. If a voter's ballot went through the scanner it was counted and we have the paper or digital of the ballot.

If you have names of individuals that have seen no credit for voting please contact Sharon Benjamin cc'd in order for her to have her team research it.

Good morning,

There continues to be a lot of chatter over this issue that is leading back to The New Beginnings.

As mentioned below, the MVP should be updated within 3 days, but for some who voted at New Beginnings, my entire family included, we are into our 3rd WEEK now without information being updated.

Unfortunately, whether we like it or not, even if it's a SOS issue, Fulton County is taking a beating and bearing the blame from citizens.

Thanks Richard personally have no doubt whether our votes are/were I am most concerned about the community not getting or understanding the process it's hard enough for some to wrap their head around Early Voting as a form of Absentee Voting. Because of this you and the BRE and FC elections are taking the blame and are under suspicion of nothing's communicated to the general public it will continue to cause confusion and suspicion. We need to find a way to let the public know being behind on administration strategic updating the info is not the same as votes not being accepted or counted.

I am aware that at the end of this the vote from FC will match those for FC that the SOS has on record. But the general public doesn't have that confidence and we need to give it to them.

We will send the names to Sharon of constituents who contact us with this concern.

Last year, the SOS has wastefully thrown mountains of GA Taxpayer money at a vast array of questionable technology. What technology "wasted" since 2006" is required to make countywide polling locations available on Election Day? (I'm certain pen, paper and printing presses have been around before 2006.) What was the cost of the required technology the SOS would not invest in? It seems to me that if you can conduct Early Voting for weeks, the state has all the technology it requires to hold a one-day Election. Hi Vernetta,

I spoke to a very nice poll worker today, who said they would try to find my spoiled ballot so I can vote. BUT, if they can't find it, then I lose my vote. (Online says my vote has been "counted" but how can that be if the ballot was marked spoiled?)

Please please please help me resolve this. The 2020 vote has never been more important. Thank you!

Correct. I spoiled the ballot itself and placed in the secrecy envelope and signed. And I was instructed by one of your colleagues to create a provisional ballot via early voting. I really appreciate your help in this matter!

**Subject:** need help to correct spoiled absentee ballot in Fulton County

**Attachment(s):** "Affidavit\_Reissue AB by Mads signed w/ am dan e son.pdf"

I need help to revoke the spoiled ballot that I sent to Fulton County, but they never sent me a replacement ballot. I called Marquita Brown in the Fulton County Registrar & Elections Department on 10/26/20 and she has been responsive, but not able to get me a replacement ballot or cancel my absentee ballot and allow me to vote in person. I attached the signed affidavit that Ms. Brown sent me to state that my absentee ballot that I returned and was received by Fulton County on 10/08/20 was spoiled and should be canceled.

I made a mistake competing the absentee ballot and accidentally marked it for Donald Trump when I meant to vote for Joe Biden. I followed the instructions that said I could not correct the error and should mark the ballot and the outer envelope spoiled and mail it to Fulton County, who received ballot on 10/08/20 and gave it a status of accepted. According to Ms. Brown, Fulton County did not detect the spoiled mark on the envelope and plans to process it like a normal ballot. Ms. Brown said they will open the envelope for processing on Nov. 3 and should not see the spoiled mark on the ballot and then contact me with a letter in the mail, but that seems like any time I take too long for me to correct the ballot and get it counted in this election.

Can you do anything to help me make sure I can correct my spoiled ballot and have my vote count in this election? I can get off work Monday to help correct the error or vote in person on Tuesday.

Thank you for helping me correct my absentee ballot voting error,

Ms. Brown and Fckn,

What do I need to do to make sure I get to correct the spoiled absentee ballot that Fulton County accepted on 10/08/20, but that I never received a replacement ballot for? I did mark the ballot and the outer envelope spoiled, but it apparently was not detected.

Will I be notified in time to cure the ballot so that it will count in the Nov. 3 election?

Thanks for your help,

Ms. Brown and Fckn,

I thought I should mention the error I made was accidentally voting for Trump when I intended to vote for Biden when voting for President. The rest of my choices were correct and I discovered my error when checking the ballot, so I marked it and the outer envelope spoiled before mailing it.

GA-FULTON-21-0888-A-002102

I can drive to any Fulton County location to pick up a replacement ballot if there is not enough time to mail and complete the mailed ballot and turn it in or I can vote in person if that is a better solution.

Thanks again for your help in correcting my absentee voting error.

Sincerely,

**Subject:** FW: was William Danielson's detection of spoiled ballots?

Ms. Brown,

Have you checked the list of spoiled absentee ballots to see if my spoiled ballot was detected but a replacement absentee ballot has not been mailed?

I looked at the instructions on a sample Fulton County Nov. 3 ballot and reread the instructions and believe I followed them and wrote spoiled across the ballot and the outer envelope and put it in the mailbox. I checked online and see it was accepted by Fulton County on 10/08/20, but apparently the spoiled mark was not noticed and it is awaiting processing like a normal absentee ballot.

My research shows that the Georgia Code 183-1-14-.06 Spoiled Absentee Ballots says this spoiled ballot should have been recognized by the clerk receiving it on 10/08/20 and the day and hour of receipt recorded and a replacement absentee ballot sent within two days.

**183-1-14-.06 Spoiled Absentee Ballots.**

**(2) Upon receipt of an absentee ballot upon which the word "Spoiled" has been written across the face of the envelope, a registrar or absentee ballot clerk shall write the day and hour of the receipt of the ballot on its envelope. The registrar or absentee ballot clerk shall, within two days after the receipt of such ballot, mail or issue another official absentee ballot to the elector.**

I am concerned that my spoiled ballot was missed and was not be detected until it is opened and the spoiled ballot written on the ballot is viewed, but this could be on Nov. 3 and you told me on the phone today a notice would be mailed to me that a problem was detected, but I would not get that letter for a few days after Nov 3, so it appears that I would not have time to correct my voting error.

I do appreciate your assistance in correcting the voting error I made.

Thanks,

I would be happy to vote in person or get another absentee ballot and take it to the drop box at the Sandy Springs library, whichever is the easiest option for your team to implement.

The SOS gave many counties names of poll workers from the ACLU and it has been public knowledge since August. Even Gabe Sterling from the SOS said this on a panel on which he and I appeared for WABE radio two weeks ago. The SOS never should have permitted the ACLU names onto the list of poll workers if he is going to backtrack on support for them, which is what I am hearing is happening.

> The deputy registrar volunteers managing the canceled ballot stations, required by the SEB Consent Order, were not in our budget. They are unpaid and have been trained as deputy registrars. The duties are limited. The administrative privileges in eNet submitted to that duty. With the SOS sending lists of poll workers, including the ACLU, I thought that would be no issue having them manage these stations since we have ACLU volunteers stationed at every precinct in the county as poll managers, assistant managers, monitors and clerks, as well as the deputy registrars. They have taken an oath and have been trained to report to the poll manager and to work for the poll manager as part of the entire team.

> I need your backing on this. We have used them as early voting workers and training class assistants, too. Johnny said they are the best class assistants he's ever had help him. He said they were professional, competent and dependable.

> The deputy registrars working this election on voluntary cancellation applications. If a voter checks in and has an application outstanding that person will be given an affidavit and sent to the canceled ballot station, unless the monitor catches the individual and sends them directly to the canceled ballot station. The deputy registrars will cancel the application and then the poll clerk will issue them an activation card to vote. All duties are under the poll managers. The deputy registrars are trained to know the poll managers run the show. Even if they have to take a break, they have been trained to ask permission from the poll manager. No question has been left as to who is in charge in the polling location.

> We need competent individuals to operate a laptop in eNet. This is a duty we entrust to only select experienced early voting staff. I have had lawsuit issues with the ACLU during my tenure here, but that isn't preventing me from trusting them with this duty. The remark, from my contact with them, seems to address having a good election. Ralph has said these are the most professional group of poll workers he has ever trained.

> If the BRE wants me to remove ACLU affiliated workers, we can. That will take more than 600 workers two days before an election. If poll tabulation is the new measure for working at the polls, then a people associated with a political biased organization also should be removed. We have never had a ballot test for poll worker recruitment before. We have recruited those going to work.

> One poll worker position is no different than the other in terms of who reports to the poll manager. I reiterate that we will lose approximately 1/6 of all poll workers two days before an election if the BRE directs me to remove them. Upon a BRE meeting to vote on this, I will remove anyone affiliated with the ACLU as directed by the BRE spanning all positions in all precincts.

> We cannot train anyone new for this canceled ballot station duty and assign them laptops at this point. We have a ready assigned laptops and put all of them through deputy registrar training as well as training in eNet. Johnny told me that if I fire ACLU affiliated individuals, the impact will be felt across every precinct.

This is about Karen Hande and John Abers raising a stnk.

The ACLU has been nothing but professional and helpful. Some just signed up through the reports and are not members.

I'm a most positive I mentioned the ACLU on the Fulton Delegate on call two weeks ago, too. I ask someone. I have mentioned the ACLU being a part of this election as poll workers for weeks if not since August.

seems we simply do not have the time to impose significant changes into the election. While I wouldn't support bringing this to a vote at this point, I do believe it would be helpful and incumbent upon us to communicate this information to the elected officials and candidates who are on the ballot.

The SOS gave many counties names of po workers from the ACLU and it has been public knowledge since August. Even Gabe Sterling from the SOS said this on a panel on which he and I appeared for WABE radio two weeks ago. The SOS never should have permitted the ACLU names onto the list of po workers if he is going to backtrack on support for them, which is what I am hearing is happening.

>

> The deputy registrars volunteered manning the canceled ballot stations, required by the SEB Consent Order, were not in our budget. They are unpaid and have been trained as deputy registrars. The duties are limited. The administration privileges in eNet is limited to that duty. With the SOS sending lists of po workers, including the ACLU, I thought it would be no issue having them man these stations since we have ACLU volunteers stationed at every precinct in the county as po managers, assistant managers, monitors and clerks, as well as the deputy registrars. They have taken an oath and have been trained to report to the po manager and to work for the po manager as part of the entire team.

> The deputy registrars working this election will only cancel applications. If a voter checks in and has an application outstanding that person will be given an affidavit and sent to the canceled ballot station, unless the monitor catches the individual and sends them directly to the canceled ballot station. The deputy registrars will cancel the applications and then the po clerk will issue them an actuator card to vote. All duties are under the po managers. The deputy registrars are trained to know the po managers run the show. Even if they have to take a break, they have been trained to ask permission from the po manager. No question has been left as to who is in charge in the polling location.

>

> We need competent individuals to operate a laptop in ElectionNet. This is a duty we entrust to only select experienced early voting staff. I have had various issues with the ACLU during my tenure here, but that isn't preventing me from trusting them with this duty. The remark, from my contact with them, seems to address having a good election. Ralph has said these are the most professional group of po workers he has ever trained.

>

> If the BRE wants me to remove all ACLU affiliated workers, we can. That will total more than 600 workers two days before an election. If po tabass is the new measure for working at the polls, then all people associated with a political party based organization should be removed. We have never had a basic trust test for po worker recruitment before. We have recruited those willing to work.

>

> One po worker position is no different than the other in terms of who reports to the po manager. I reiterate that we will lose approximately 1/6 of all po workers two days before an election if the BRE directs me to remove them. Upon a BRE meeting to vote on this, I will remove anyone affiliated with the ACLU as directed by the BRE spanning all positions in all precincts.

>

> We can't train anyone new for this canceled ballot station duty and assign them laptops at this point. We have a ready assigned laptops and put all of them through deputy registrar training as well as training in eNet. Johnny told me that if I fire all ACLU affiliated individuals, the impact will be felt across every precinct.

Hi Commissioner Arrington,

I'm a reporter with The Associated Press in Atlanta. I'm working on a profile of District Attorney Willis in light of today's announcement that her office will be investigating the call between President Donald Trump and Georgia elections officials. Would have time for an interview today or tomorrow to share your thoughts about her for the story? I'm interested in how you know her, any stories or experiences that particularly impressed you and what you think of her decision to look into that call.

My deadline on this story is tomorrow at 4 p m. I'm happy to call you. My number is 415-271-9690.

Thanks.

Sudhin

January 29, 2021, marks the 15th anniversary of [Earned Income Tax Credit \(EITC\) Awareness Day](#), a nationwide effort to increase awareness about the EITC and other refundable credits. This year, IRS is promoting EITC and providing information on other refundable tax credits that you may be eligible for. In 2020, 22 million workers received about \$57 billion in EITC refunds.

**Why is it important to have an EITC Awareness Day each year?**

One-third of the EITC population changes each year. The IRS estimates only four out of five workers claim the EITC they earned. This leaves billions of dollars on the table each year.

Hear from local officials and learn about EITC. Let's get the word out to those who are eligible to file a tax return even if they don't owe any tax to claim the EITC. It's money workers can use for groceries, rent, utilities and other bills.

## **Weekly Legislative Report #2**

**Week Ending January 22, 2021**

### **The Economy is Better Than You Thought**

The good news, according to Georgia's official State Fiscal Economist, is that incomes are up in the U.S. since the pandemic began. The dollars kicked in by the federal government have turned a technical recession (based on gross national product) into an exceptional recession where many people are slightly better off financially than they had been before. Enough income tax withholding has been levied on unemployment payments that the state's coffers remain in relatively good shape. Professor Jeffrey Dorfman (UGA) made these pronouncements Tuesday as the Joint House and Senate Appropriations Committees ruled the week with a series of hearings on the [FYA21 and FY22 budgets](#). He also said the one downward blip may come as the state pays out more tax refunds than usual in the coming months.

### **Unemployment Payments Are Problematic**

Kelly Farr, the Director of the Governor's Office of Planning and Budget, told legislators that the state should continue to use Coronavirus Relief Funds to stabilize its unemployment trust fund. Georgia ran through its \$2.5 billion trust fund by last August and has since borrowed \$1.1 billion from the U.S. Dept. of Labor to continue making payments to Georgians who filed unemployment claims. Georgia Labor Commissioner Mark Butler said last week that some Georgia employers are having a hard time filling job openings because generous unemployment benefits are encouraging workers to stay home. Meanwhile, six unemployed Georgians are suing the Georgia Department of Labor for its failure to fully process their unemployment claims.

### **Budget Requests**

During three days of hearings, state agency heads told legislators about their respective departments' good works and their budgetary priorities.

Georgia's Department of Transportation Commissioner explained that revenues from motor fuel taxes were down \$24 million from a year ago, reflecting less driving during stay-at-home orders, but have been up since October. A year-over-year increase in total revenues amounts to 0.1%. GDoT will also receive \$320 million in federal COVID relief funding. The Department's budget request includes \$100 million in General Obligation (GO) bond requests for four capital expansion projects and the repair of 12 bridges. Another \$10 million in GO Bonds is being sought to repair/enhance short line railways, improving rail freight corridors in an effort to reduce truck traffic.

In a somewhat rare occurrence, the federal government was frequently spoken of almost fondly as agencies cited various stimulus funds, grants and allowances that poured dollars into their programs and provided some regulatory relief. The Feds increased their share of Medicaid payments, allowing Georgia to cover the 150,000 Georgians made newly eligible through the loss of jobs due to the pandemic.

Larger federal spending on Medicaid also saved about \$32 million at the Department of Behavioral Health and Developmental Disabilities, which treats more than 200,000 Georgians with mental health and substance abuse issues.

Home-delivered meals and caregiver support for elderly Georgians got a \$30 million federal boost according to Department of Human Services (DHS) Commissioner Robyn Crittenden. She is seeking an extra \$1 million for additional elder-abuse caseworkers. Federal funds also propped up DHS with \$30 million for home-delivered meals and caregiver support for the thousands of elderly Georgians the agency serves.

### **A Closer Look at Taxes and Tax Credits**

Of course, bringing in additional revenue is another approach to balancing the budget in a growing state. Sen. Chuck Hufstetler (R-Rome) told a conference sponsored by the Georgia Budget and Policy Institute that he still favors raising Georgia's extremely low excise tax of 37 cents per pack of cigarettes. The national average is \$1.88 per pack. Raising the tax to \$2.00 per pack would bring in an estimated \$700 million to Georgia coffers. If all that money were spent on Medicaid, the federal government would match it on a roughly two dollars-to-one basis.

Additionally, Hufstetler says he intends to propose a two-year study of the state's overall tax structure that would include currently untaxed items such as digital downloads. Sen. John Albers (R-Roswell) has introduced a bill, [SB 6](#), that would allow the House Ways & Means and the Senate Finance Committee chairs to each request an economic review of selected tax credits each year.

### **A Nod to Bipartisanship**

Politics is part and parcel to governing, but Speaker David Ralston made what must be considered at least a nod towards a hint of bipartisanship last week when he named Democrat Mary Margaret Oliver to Chair the MARTOC Committee (MARTA Oversight). Tradition has it that the chair of that committee alternates between a Fulton County representative and DeKalb County representative. It was DeKalb's turn this term, but its House delegation is entirely composed of Democrats. Ralston could have named a Republican from Fulton, but chose to name a Democrat. The committee does not handle legislation, but does provide oversight of MARTA's budget. It may not be huge shift in Gold Dome relationships, but following a very contentious election, even a small step turns heads.

## **U. S. Secretary of Defense from Georgia**

Retired four-star General Lloyd Austin, III, was sworn in last week as America's first black Secretary of Defense. Austin grew up in Thomasville, GA. He's a graduate of the U.S. Army Military Academy and a former Commander of the U.S. Central Command and previously served as Vice Chief of Staff of the Army. Congress passed an special exemption, allowing Austin to serve in the post without being retired for at least seven years. James Mattis received the same exemption during former President Donald Trump's administration.

Georgia Republican Congressman Austin Scott of Tifton recounts that he first met Austin several years ago in Iraq while visiting troops. "I believe he would lead the Department of Defense and all our warfighters with the same poise and dedication he exercised in his four decades in the U.S. Army," Scott said. "He's a son of Thomasville, and we should all be extremely proud to see him assume the critically important role of Secretary of Defense."

### **Next Week**

The legislature convenes on Tuesday for regular session. The House Appropriations Subcommittees will present their FYA21 budgets on Tuesday and the full committee may pass out their combined recommendations by the end of the day. A new adjournment resolution setting the schedule for a yet unknown length of time will also be passed on Tuesday. Leadership is still taking a day-to-day approach to gauge the impact of the pandemic.

## SAVE THE DATE FOR THE 2021 NACo VIRTUAL LEGISLATIVE CONFERENCE

The National Association of Counties (NACo) Legislative Conference brings together elected and appointed county officials to focus on federal policy issues that impact counties and our residents.

Though we are not able to gather in person just yet, our voice in Washington is more important than ever. We are planning virtual advocacy with congressional leaders and committees, and senior White House and federal agency officials.

### REGISTRATION OPENS NEXT WEEK

Let the your peers know you will attend. **Click here** to tweet using #NACoLeg.

Join us virtually for opportunities to engage in second-to-none policy sessions, interact with high-level federal officials and participate in invaluable networking and knowledge-sharing.

You won't want to miss this one-of-a-kind advocacy opportunity.  
**Registration will open the week of January 18.**

## SCHEDULE AT A GLANCE

MARCH 8-12	<b>Policy Steering Committee Meetings</b> <hr/> <b>Caucus, Advisory Committee and Standing Committee Meetings</b>
MARCH 17-19	<b>Board of Directors and other NACo Governance Meetings</b>
MARCH 24-26	<b>Workshops and Plenary Sessions</b> <hr/> <b>Virtual Hill Days</b>

*+ BONUS CONTENT THROUGHOUT APRIL*

## NACo NOW ACCEPTING INTERIM POLICY RESOLUTIONS

*SUBMISSION DEADLINE: MONDAY, FEBRUARY 8*

In preparation for the Legislative Conference, we encourage members to use this opportunity to get involved and have your voice heard in Washington by [submitting a policy resolution](#).

The NACo resolutions process provides members with the ability to participate in national policy decisions affecting county governments. During the Virtual Legislative Conference, NACo's [ten policy steering committees](#) and Board of Directors will convene virtually and consider interim policy resolutions. The adopted interim resolutions will guide NACo advocacy until the NACo Annual Conference in July 2021.

**All resolutions must be submitted electronically (preferably as a Word document) via email to [resolutions@naco.org](mailto:resolutions@naco.org) by Monday, February 8, 2021. For complete details on NACo's policy process, [click here](#).**

[PILT-Toolkit\\_icon\\_302\\_932842.jpg](#)

[PILT-Toolkit\\_icon\\_302\\_932842.jpg](#)

Through NACo, county leaders engaged with federal officials across the political spectrum: President Donald Trump [spoke during NACo's Legislative Conference](#) in March; and President-

elect Joe Biden and Vice President-elect Kamala Harris addressed the NACo Board of Directors in December.

[PILT-Toolkit\\_icon\\_302\\_932842.jpg](#)

[PILT-Toolkit\\_icon\\_302\\_932842.jpg](#)

The county voice in Washington was more important than ever. NACo convened county leaders virtually to tell the county story, including during NACo's [Federal Policy Summit](#), [PILT "fly-in," joint Large Urban County Caucus/Rural Action Caucus Symposium](#) and [more](#).

[PILT-Toolkit\\_icon\\_302\\_932842.jpg](#)

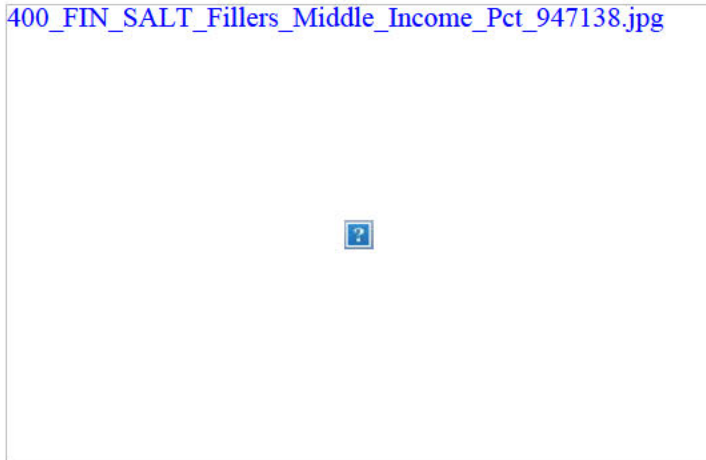

[PILT-Toolkit\\_icon\\_302\\_932842.jpg](#)

NACo focused on bridging the digital divide, releasing a [new report](#) on the state of connectivity across the country using data from [NACo's TestIT app](#), and launching a [Broadband Task Force](#).

With the National Sheriffs' Association, NACo worked to secure changes to the Medicaid Inmate Exclusion Policy, culminating with a [joint report and federal policy recommendations](#).

I want to thank you very much for your commitment to serving the country by fostering strong relationships with local government officials. The robust communications and relationships developed have been meaningful and impactful to us at the local level, especially during this last year as we all were coping with the COVID19 pandemic.

As a long time local elected official having served over the last 20 years on the Fulton Board of Education, the Johns Creek City Council and now as a Fulton Commissioner, your efforts to assist local governments was unprecedented. You should all be very proud of your work. I am very sad to see you go.

## **Farewell and Thank You!**

*The White House Office of Intergovernmental Affairs | January 14, 2020*

On behalf of the White House Office of Intergovernmental Affairs (IGA), we want to thank you - the more than 500,000 State, Local, Territorial, and Tribal leaders across the country - for your service in your States and communities and partnership over the past four years. It has been the honor of a lifetime for us to serve as your liaison in the White House and to work together to better address shared challenges and advance shared opportunities.

Since the beginning of this Administration, our mission has always been to build a bridge of communication, coordination, and engagement with *all* levels of government. Opening up the Administration to unprecedented, bipartisan outreach and access promoted federalism and pushed decision-making back towards you - the officials closest to the people. We are proud that our office helped President Trump keep his inaugural promise of "transferring power from Washington, D.C. and giving it back to you, the American People."

Through the White House *State Leadership Days Initiative*, we welcomed more than 5,000 local officials - including over 3,000 county officials- to the White House across [45 events](#) for briefings and discussions with Senior Administration Officials. The State Leadership Days established the foundation for unprecedented collaboration with local officials and culminated with President Trump [delivering remarks](#) to the National Association of Counties (NACo) 2020 Legislative Conference - the first President to address NACo since 1996. Find feedback from State Leadership Day attendees [here](#) (2017-18) and [here](#) (2019).

Through conferences, summits, roundtables and other targeted engagements, we drove collaboration with our stakeholders on shared, bipartisan policies and priorities. Engagements included, but are not limited to:

- White House Business Session with our Nation's Governors ([2017](#), [2018](#), [2019](#), [2020](#))
- Tribal, State & Energy Roundtable ([2017](#))
- White House Infrastructure Summit with State & Local Officials ([2017](#))
- Meeting with Local and State Officials on School Safety ([2018](#))
- White House Women Municipal Leaders Conference ([2018](#), 2019)
- Affordable Housing Roundtable ([2018](#) & 2019)
- White House Opportunity Zone Conference ([2019](#))
- Meeting with State Attorneys General ([2019](#))
- Meeting with Our Nation's Sheriffs ([2019](#))
- White House Mental Health Summit ([2019](#))
- White House Summit on Supporting Contemporary Native American Veterans ([2019](#))
- White House Summit on Human Trafficking ([2020](#))
- White House Summit on Transforming America's Communities with our Nation's Mayors ([2020](#))
- White House Opportunity Now Summit ([2020](#))
- National Dialogue on Safely Reopening America's Schools ([2020](#))
- White House Operation Warp Speed Vaccine Summit ([2020](#))

These engagements do not capture the thousands of direct interactions with State, Local, Territorial, and Tribal officials over four years of service.

Through the *Governor's Initiative on Regulatory Innovation*, we extended the Administration's deregulatory accomplishments to the State, Local, and Tribal levels and worked alongside our stakeholders to cut red tape, create jobs, and grow economies across the country. Over 700 of you joined us as *champions* of this [Initiative](#) and worked to advance common sense solutions to occupational licensing and other regulatory barriers impacting the lives of your constituents.

We also worked collaboratively with stakeholders to advance a wide variety of shared priorities. They included the Tax Cuts and Jobs Act, the United States-Mexico-Canada Agreement (USMCA), three United States Supreme Court Justice Confirmations, urban revitalization and rural prosperity through (e.g. opportunity zones and broadband), disaster recovery and resilience, border security, criminal justice reform, education empowerment and school choice, workforce and economic development, combating the opioid epidemic, supporting our Nation's veterans, and countless other issues to uplift the lives of your fellow citizens. To support these priorities and help stakeholders navigate

Federal resources and programs, we developed comprehensive intergovernmental guidance, like the [Disaster Recovery & Resilience Guide](#) and the [Guide to Promoting Rural Prosperity in America](#).

With our Nation's federally recognized Tribal governments, we prioritized engagement around shared policies and priorities. Significant engagement areas included missing and murdered indigenous persons through [Operation Lady Justice](#), [addressing abuses](#) in the Indian Health Service (IHS), and [repatriating](#) culturally important remains and artifacts. IGA also supported the [re-establishment](#) of the White House Council on Native American Affairs to improve interagency coordination on policies and priorities important to our Tribal partners. Engagement culminated with release of President Trump's policy vision for Indian Country – [Putting America's First Peoples First: Forgotten No More](#) - highlighted through a White House delegation [visit](#) to Arizona in October 2020.

In response to natural disasters and other emergencies, IGA supported the Federal government's preparedness, response, and recovery efforts in coordination with stakeholders in impacted States and communities. We worked diligently to ensure open lines of communication at all levels of government, provide pertinent guidance, and help deliver unprecedented financial resources and other support. Our team also supported the President and Senior Administration Officials' travel to impacted communities, such as Lynn Haven, FL, following Hurricane Michael, New Bern, NC following Hurricane Florence, and Paradise, CA following the Camp Fire, to meet directly with you and your constituents.

In response to the COVID-19 pandemic, we organized 49 Governors-only briefing calls, 33 National Briefing calls with State, Local & Tribal leaders, dozens of Tribal-specific calls, and numerous State/Local/Tribal Association briefings. This led the Administration's overarching COVID-19 engagement that totaled more than 1,000 briefings touching over 250,000 contacts with State, Local, and Tribal officials in the most robust Federal-State collaboration in modern American history. We also supported countless White House Coronavirus Task Force and Administration direct interactions with State, Local, and Tribal leaders to assist in their response and recovery efforts. While challenges remain, we hope that our efforts empowered you to better keep your constituents safe, healthy, and informed.

In closing, we thank you - statewide officials, mayors and city council members, county commissioners, state legislators, sheriffs and law enforcement/first responders, Tribal leaders, and countless other stakeholders - for your support, partnership, and most importantly, service in your States and communities. We also want to recognize our past and present colleagues in the White House Office of Intergovernmental Affairs and those across the entire Federal family for their hard work and dedication to you. Our efforts would not have been possible without their support.

With the transition to the next Administration and a new IGA team, we trust that the Office of Intergovernmental Affairs will remain committed to fostering and building the intergovernmental partnership with you, America's State, Local, and Tribal officials. Please note that our team will begin departing on Thursday, January 14. The office will fully transition to the next Administration on Wednesday, January 20. To ensure continuity in COVID-19 coordination, we will share contact information with the incoming IGA team for those stakeholders who previously registered for IGA COVID-19 engagements. We also plan to transition over the [IGA.State@who.eop.gov](mailto:IGA.State@who.eop.gov) email address.

I want to thank you very much for your commitment to serving the country by fostering strong relationships with local government officials. The robust communications and relationships developed have been meaningful and impactful to us at the local level, especially during this last year as we all were coping with the COVID19 pandemic.

As a long time local elected official having served over the last 20 years on the Fulton Board of Education, the Johns Creek City Council and now as a Fulton Commissioner, your efforts to assist local governments was unprecedented. You should all be very proud of your work. I am very sad to see you go.

If I can ever be of assistance to you in the future, please do not hesitate to contact me. My cell number is [REDACTED]

## **Farewell and Thank You!**

*The White House Office of Intergovernmental Affairs | January 14, 2020*

On behalf of the White House Office of Intergovernmental Affairs (IGA), we want to thank you - the more than 500,000 State, Local, Territorial, and Tribal leaders across the country - for your service in your States and communities and partnership over the past four years. It has been the honor of a lifetime for us to serve as your liaison in the White House and to work together to better address shared challenges and advance shared

opportunities.

Since the beginning of this Administration, our mission has always been to build a bridge of communication, coordination, and engagement with *all* levels of government. Opening up the Administration to unprecedented, bipartisan outreach and access promoted federalism and pushed decision-making back towards you - the officials closest to the people. We are proud that our office helped President Trump keep his inaugural promise of "transferring power from Washington, D.C. and giving it back to you, the American People."

Through the White House *State Leadership Days Initiative*, we welcomed more than 5,000 local officials - including over 3,000 county officials- to the White House across [45 events](#) for briefings and discussions with Senior Administration Officials. The State Leadership Days established the foundation for unprecedented collaboration with local officials and culminated with President Trump [delivering remarks](#) to the National Association of Counties (NACo) 2020 Legislative Conference - the first President to address NACo since 1996. Find feedback from State Leadership Day attendees [here](#) (2017-18) and [here](#) (2019).

Through conferences, summits, roundtables and other targeted engagements, we drove collaboration with our stakeholders on shared, bipartisan policies and priorities. Engagements included, but are not limited to:

- White House Business Session with our Nation's Governors ([2017](#), [2018](#), [2019](#), [2020](#))
- Tribal, State & Energy Roundtable ([2017](#))
- White House Infrastructure Summit with State & Local Officials ([2017](#))
- Meeting with Local and State Officials on School Safety ([2018](#))
- White House Women Municipal Leaders Conference ([2018](#), 2019)
- Affordable Housing Roundtable ([2018](#) & 2019)
- White House Opportunity Zone Conference ([2019](#))
- Meeting with State Attorneys General ([2019](#))
- Meeting with Our Nation's Sheriffs ([2019](#))
- White House Mental Health Summit ([2019](#))
- White House Summit on Supporting Contemporary Native American Veterans ([2019](#))
- White House Summit on Human Trafficking ([2020](#))
- White House Summit on Transforming America's Communities with our Nation's Mayors ([2020](#))
- White House Opportunity Now Summit ([2020](#))

- National Dialogue on Safely Reopening America's Schools ([2020](#))
- White House Operation Warp Speed Vaccine Summit ([2020](#))

These engagements do not capture the thousands of direct interactions with State, Local, Territorial, and Tribal officials over four years of service.

Through the *Governor's Initiative on Regulatory Innovation*, we extended the Administration's deregulatory accomplishments to the State, Local, and Tribal levels and worked alongside our stakeholders to cut red tape, create jobs, and grow economies across the country. Over 700 of you joined us as *champions* of this [Initiative](#) and worked to advance common sense solutions to occupational licensing and other regulatory barriers impacting the lives of your constituents.

We also worked collaboratively with stakeholders to advance a wide variety of shared priorities. They included the Tax Cuts and Jobs Act, the United States-Mexico-Canada Agreement (USMCA), three United States Supreme Court Justice Confirmations, urban revitalization and rural prosperity through (e.g. opportunity zones and broadband), disaster recovery and resilience, border security, criminal justice reform, education empowerment and school choice, workforce and economic development, combating the opioid epidemic, supporting our Nation's veterans, and countless other issues to uplift the lives of your fellow citizens. To support these priorities and help stakeholders navigate Federal resources and programs, we developed comprehensive intergovernmental guidance, like the [Disaster Recovery & Resilience Guide](#) and the [Guide to Promoting Rural Prosperity in America](#).

With our Nation's federally recognized Tribal governments, we prioritized engagement around shared policies and priorities. Significant engagement areas included missing and murdered indigenous persons through [Operation Lady Justice](#), [addressing abuses](#) in the Indian Health Service (IHS), and [repatriating](#) culturally important remains and artifacts. IGA also supported the [re-establishment](#) of the White House Council on Native American Affairs to improve interagency coordination on policies and priorities important to our Tribal partners. Engagement culminated with release of President Trump's policy vision for Indian Country – [Putting America's First Peoples First: Forgotten No More](#) - highlighted through a White House delegation [visit](#) to Arizona in October 2020.

In response to natural disasters and other emergencies, IGA supported the Federal government's preparedness, response, and recovery efforts in coordination with stakeholders in impacted States and communities. We worked diligently to ensure open lines of communication at all levels of government, provide pertinent guidance, and help deliver unprecedented financial resources and other support. Our team also supported the President and Senior Administration Officials' travel to impacted communities, such as

Lynn Haven, FL, following Hurricane Michael, New Bern, NC following Hurricane Florence, and Paradise, CA following the Camp Fire, to meet directly with you and your constituents.

In response to the COVID-19 pandemic, we organized 49 Governors-only briefing calls, 33 National Briefing calls with State, Local & Tribal leaders, dozens of Tribal-specific calls, and numerous State/Local/Tribal Association briefings. This led the Administration's overarching COVID-19 engagement that totaled more than 1,000 briefings touching over 250,000 contacts with State, Local, and Tribal officials in the most robust Federal-State collaboration in modern American history. We also supported countless White House Coronavirus Task Force and Administration direct interactions with State, Local, and Tribal leaders to assist in their response and recovery efforts. While challenges remain, we hope that our efforts empowered you to better keep your constituents safe, healthy, and informed.

In closing, we thank you - statewide officials, mayors and city council members, county commissioners, state legislators, sheriffs and law enforcement/first responders, Tribal leaders, and countless other stakeholders - for your support, partnership, and most importantly, service in your States and communities. We also want to recognize our past and present colleagues in the White House Office of Intergovernmental Affairs and those across the entire Federal family for their hard work and dedication to you. No problem.

When ballots are delivered electronically, the voter must print it and mail it back. We are unable to scan the ballots that are returned. We have to duplicate the ballot in order for it to be scanned. Other ballots we receive by email are able to be scanned as is, even folded.

Thank you, I appreciate the quick response, I'm sure answering questions like this is not the highlight of your day after the past couple months. Can you clarify one fine point of the process? I tried to figure this out myself by looking up the documentation on-line but am still not clear.

This is the part that's throwing me:

"... when they are returned they are duplicated and verified by a team of three that remakes the ballot to match the original."

The on-line documentation doesn't mention duplicating/remaking, as best I can tell. Are the actual mailed in ballots not physically scanned, but rather each one is manually

remade on a flat suitable-for-scanning ballot that can be fed into the scanner? Just guessing that the mailed ones are folded and may not feed into the scanner well, and thus need to be remade for scanning? Can you clarify?

Thanks again, sorry to trouble you.

The military ballots are combined with all ballots from overseas. Those ballots are almost 100% sent electronically and when they are returned they are duplicated and verified by a team of three that remakes the ballot to match the original. They are scanned in batches that may include domestic absentee ballots, as well. We have no way to tabulate the results of those ballots separately as they are all fed into the absentee by mail bucket. We had far more than 900 UOCAVA ballots. Sidney Powell has been discredited widely.

Dear Mr. Barron,

Thank you for your good work with the recent elections. I'm sure you and everyone associated with GA elections are looking forward to going back to your peaceful obscurity!

Like many Americans, I have been disturbed by the many spurious, unsubstantiated allegations of election "fraud" from the president and others who represented him in challenging states' results. I believe that the root of our current national conflict is the widespread belief by many Republicans that the election was not legitimate, and that it was somehow stolen from Trump.

I have had discussions with friends who hold this belief, and they cite a litany of assertions to defend their belief, with various origins, all of which do not seem to hold water. One that caught my eye is an assertion in a Sidney Powell lawsuit that reads "all 900 military ballots in Fulton county that supposedly were 100% for Joe Biden". My friend had shared some unattributed reference to this allegation on social media where it was presented as fact, and had subsequently been mentioned in multiple places. It took some digging around to find out that it originated in this lawsuit (snip below, after my signature). Note that it is qualified with "supposedly" (good grief), and I could find no other reference to it's origin in the lawsuit (i.e. in a footnote or affidavit) or anywhere else. I challenged my friend to research it as well and he also came up dry.

I was wondering if you have info that could address this allegation? For instance, is there a public record of the result that breaks down the results at this level of detail? I could not find it on-line.

Sorry to trouble you. I would appreciate a response if possible; if you are not in a position to address it perhaps you could point me in the right direction.

Thank you and best regards,  
Mike Senuta

AJC's guide to what's really going on from Atlanta to Washington.

## Election deniers in state Senate stripped of chairmanships

**It's payback time.** The Republican rift in the state Senate came to a head Tuesday when Lt. Gov. Geoff Duncan demoted three Republican senators who have backed attempts to overturn the presidential vote in Georgia over baseless allegations of irregularities.

When the bloodletting was over, state Sens. Brandon Beach of Alpharetta, Matt Brass of Newnan and Burt Jones of Jackson were sapped of their political influence on the second day of the winter session.

As our AJC colleague Maya T. Prabhu reports, Duncan stripped Beach of his chairmanship of the Transportation Committee, while Jones will no longer lead the Insurance and Labor Committee. Neither will serve as even a rank-and-file member on the two panels they once led.

And though state Sen. Matt Brass of Newnan will still be a committee chairman this term, he was shelved to a lesser posting. Instead of serving as chairman of the committee that is set to redraw the political map later this year, he'll oversee a banking committee.

None of this was much of a surprise. The three aggressively promoted President Donald Trump's false claims of widespread election fraud, and pushed efforts to overturn the outcome that ran afoul of Duncan, who has called out the phony narrative.

Beach in particular had signed onto a vast federal lawsuit alleging election misdoings in Georgia and several other states. Gov. Brian Kemp, House Speaker David Ralston, and Senate President pro tem Butch Miller were among the many named defendants.

Not all of the members of the pro-Trump Senate caucus were punished. Several others who signed a letter urging Vice President Mike Pence to illegally block Joe Biden's win were awarded coveted committee chairmanships.

And state Sen. Greg Dolezal of Cumming [will oversee](#) the Science and Technology Committee -- the same lower-profile panel that Renee Unterman was shunted to in 2019.

Some insiders call it a "smack down," others say they got the "[McKoon treatment](#)" in

honor of former state Sen. Josh McKoon, who lost his Judiciary Committee post after peeving the powers-that-be.

But there's also a benefit for the outcasts. They are no longer tethered to party leadership and are freer to buck Duncan and other top GOP figures.

Some point to Tom Graves, who became a hero to some conservatives after he was sacked in the state Legislature -- and later parlayed his popularity to a seat in the U.S. House.

We mentioned that letter from pro-Trump senators to Vice President Mike Pence. [Read more about it in today's print column.](#) There, we spill some ink on state Sen. Jen Jordan, D-Atlanta, who on Tuesday drew a straight line between two Senate subcommittees held in December, which became national platforms for election deniers, and last week's mob attack on the U.S. Capitol. [Watch the video here.](#) [From the column:](#)

*"Members of this body aided and abetted the spread of information. They gave oxygen to a lie. Livestreaming on OAN and Newsmax — livestreaming from the fourth floor of this building," Jordan said.*

*"Words are powerful, especially when they come from those elected to represent the people. Those with official titles, those with power — and lies have consequences," she said. "It was done in service to a man — a man, flesh and blood. Just like any of us. Who has somehow made grown men — good men, smart men — turn their backs on their obligations and their country and their state."*

The U.S. House will vote today, not entirely along party lines, to impeach President Donald Trump for a second time. The charge against him: "incitement of an insurrection" after he encouraged supporters to protest at the U.S. Capitol.

A handful of Republicans have they will vote in favor of impeachment, [although none from Georgia.](#) Meanwhile, national outlets are reporting that Senate Leader Mitch McConnell is inclined to convict once the charges land in the Senate chamber.

Late Tuesday, the House voted 223-205 on a resolution asking Vice President Mike Pence and the Cabinet to invoke the 25th Amendment and remove Trump from office. Only one Republican, Rep. Adam Kinzinger of Illinois, was in favor of that measure. Pence himself said Tuesday he will not take this step, making that proposal moot.

Your Washington Insider will have updates on the impeachment vote later today.

John McCormack of the National Review reports that on a Tuesday conference call, U.S. House Minority Leader Kevin McCarthy [warned Republican members](#) "not to verbally attack colleagues who vote for impeachment because it could endanger their lives."

Members of the Congress arriving for today's vote will be required to pass through metal detectors before being allowed on the House floor. Also a new rule passed late Tuesday will impose fines upon members who refuse to wear masks.

Their [salaries](#) will be docked \$500 for the first offense and \$2,500 for the second. Hard-line conservatives including U.S. Rep. Marjorie Taylor Greene, R-Rome, have resisted mask requirements.

Axios reports that infighting has already broken out [among U.S. House freshmen](#) since last Wednesday's assault on the U.S. Capitol:

*On Tuesday, Reps. Nancy Mace (R-S.C.) and Marjorie Taylor Greene (R-Ga.) got in a turt back and forth on a text chain with all freshmen GOP members, according to sources who've read the text messages.*

Gov. Brian Kemp said the state is "fully prepared" for any protests at the state Capitol ahead of next week's inauguration of Joe Biden as president. Some lawmakers are already facing threats at home.

[Over at Decaturish,](#) Patrick Saunders reports that state Rep. Bee Nguyen's address was doxxed and that she's received other threats after thoroughly debunking false claims of voter fraud at a state House hearing last month. [From Saunders:](#)

*The threats have led the Atlanta Police Department and the DeKalb County Sheriff's Office to conduct drive-bys on her street, Nguyen revealed during a Kirkwood Neighbors Organization meeting on Sunday. Nguyen also found a Georgia Capitol Police officer stationed outside her home recently.*

*"He said they made a decision that they would keep me as a person that they would continue to track," she said. "It made me a little uneasy. It was a little discomfoting."*

The Atlanta Democrat, who represents Stacey Abrams' former House district, is considered a top potential contender to challenge Republican Secretary of State Brad Raffensperger next year.

COVID at the state Capitol: The session opened Monday. On Tuesday, Senate Republican Leader Mike Dugan said he tested positive for COVID-19 and was isolating at home. [our AIC colleague Maya T. Prabhu reports.](#) Meanwhile, House Speaker David Ralston said nearly half of his chamber did not take the coronavirus test as required on Monday.

Already posted: The state legislative effort to remove the figure of Alexander Stephens from the National Statuary Hall in the U.S. Capitol and replace it with a likeness of the late U.S. Rep. John Lewis will begin in earnest on Wednesday with a bipartisan resolution promoting the change.

The measure is to be sponsored by state Rep. Al Williams, D-Madison, and House Speaker David Ralston, R-Blue Ridge, a coalition that symbolizes the consensus behind the push to put a statue of the civil rights hero in place of Stephens, a white supremacist who was the vice president of the Confederacy.

The annual Eggs and Issues event this morning was drier than ever. And not just because it was held virtually, without the heaving platters of chicken biscuits and ice-cold orange juice.

The event, put on by the Georgia Chamber this year, illustrates the dangers of a pro-business outside group taking sides in political races.

Gov. Brian Kemp has studiously avoided making news at the event since he took office, with his allies upset at the way he was treated by the group during the 2018 race. Since then, the Chamber has taken a more conservative approach, with leaders railing against creeping "socialism." The group endorsed U.S. Sens. Kelly Loeffler and David Perdue ahead of their paired runoff this month — alienating Democrats, many of whom simply ignored this year's event.

The idea appears to be contagious: On Tuesday, University System of Georgia Chancellor Steve Wrigley announced plans today to retire on July 1. Wrigley has served as the 13th chancellor of the university system since 2017. [From the press release.](#)

Wrigley formerly served in leadership roles at the University of Georgia as senior vice president for external affairs, vice president for government relations and director of the Carl Vinson Institute of Government. Prior to his service in the University System, he served as chief of staff to former Georgia Governor Zell Miller.

Former presidential candidate Mike Huckabee will headline the annual Georgia Baptist Pastors Day event at the state Capitol on Feb. 18.

The Republican has been one of President Donald Trump's most outspoken supporters even after he leveled false claims of widespread voter fraud and refused to condemn the violent mob that invaded the U.S. Capitol.

## White House IGA Weekly Recap

*for State, Local, and Tribal officials | January 8, 2021*

On behalf of the White House Office of Intergovernmental Affairs (IGA), we are pleased to provide you with a readout of this week's 33rd COVID-19 National Briefing Call with Senior Administration Officials.

We appreciate your partnership and will continue to share pertinent updates as they become available. As a reminder, IGA is the primary liaison between the White House and America's State and Local elected officials and Tribal governments. Please do not hesitate to reach out if we can ever be of assistance.

Sincerely,

### The White House Office of Intergovernmental Affairs

## Readout from the 33rd National COVID-19 Briefing Call

Thank you for your efforts in the whole-of-America approach to responding to COVID-19. In addition to this week's recap, we would like to highlight several additional items and announcements.

- On January 5th, Vice President Mike Pence led a White House Coronavirus Task Force Meeting. The Task Force meeting focused primarily on vaccine distribution and implementation.
- HHS Secretary Alex Azar **renewed** the COVID-19 national public health emergency declaration, effective January 21, 2021. Read more about the declaration [here](#).
- FEMA's Public Assistance program is supporting vaccine distribution and administration. Learn more [here](#).
- SBA, in consultation with Treasury, announced that the Paycheck Protection Program (PPP) will reopen the week of January 11 for new borrowers and certain existing PPP borrowers. Read more [here](#).
- The Centers for Disease Control and Prevention launched a vaccination data page with jurisdiction-level data. The page tracks the total number of COVID-19 vaccines administered in the United States. You can find the tracker [here](#).
- The U.S. Small Business Administration **announced** that the deadline to apply for the Economic Injury Disaster Loan (EIDL) program for the COVID-19 pandemic disaster declaration is extended through December 31, 2021.
- The U.S. Department of Education **announced** more than \$4 Billion in emergency education grants for Governors to help students continue learning.
- HHS **finalizes** unprecedented regulatory reform through retrospective review - new rule requires Department to assess its regulations every 10 years

*Vice President Mike Pence hosts Coronavirus Task Force Meeting on January 5th.*

Participants on the January 6th National COVID-19 Briefing Call included:

- Dan Kowalski, *Counselor to the Secretary of the Treasury*
- Ambassador Deborah Birx, *M.D., White House Coronavirus Task Force Coordinator*
- ADM Brett Giroir, *Assistant Secretary of Health, HHS*
- Paul Mango, *Deputy Chief of Staff for Policy, HHS*
- Lt. General Paul Ostrowski, *Principal Military Deputy to the Assistant Secretary of the Army & Director of the Army Acquisition Corps*
- Governor Jim Justice, *State of West Virginia*

**HHS Secretary Alex Azar: [It's important to continue taking steps to protect ourselves & loved ones:](#)**

- ✓Wash your hands
- ✓Watch your distance
- ✓Wear a mask
- ✓Ask your doctor about antibody therapies if you test positive & are 65+or at risk for severe disease
- ✓Get vaccinated when you can

**Dan Kowalski, Counselor to the Secretary of the Treasury:** Dan reported that on December 27, 2020, President Trump signed into law H.R. 133, an Act making consolidated appropriations for the fiscal year ending September 30, 2021, providing coronavirus emergency response and relief. Among other provisions, **the legislation extends the deadline for the expenditure of CARES Act [Coronavirus Relief Fund](#) monies from December 30, 2020 to December 31, 2021.**

On December 29, 2020, the Treasury Department and the Internal Revenue Service announced that it began delivering a second round of **Economic Impact Payments** to

millions of Americans as part of the implementation of the Coronavirus Response and Relief Supplemental Appropriations Act of 2021. The initial direct deposit payments began that night with paper checks to follow in the weeks ahead. This second round of payments will provide critical economic support to those who, through no fault of their own, have been adversely impacted by the COVID-19 pandemic. Read more: [Treasury Is Delivering Millions of Economic Impact Payments by Prepaid Debit Card](#). You and your constituents may check the status of payments at [IRS.gov/GetMyPayment](https://www.irs.gov/GetMyPayment). For more information about Economic Impact Payments, please visit [IRS.gov/EIP](https://www.irs.gov/EIP).

Dan noted that Treasury launched a \$25 billion **emergency rental assistance program** established by the Consolidated Appropriations Act, 2021. The ERAP assists households that are unable to pay rent and utilities due to the COVID-19 pandemic. The funds are provided directly to States (including the District of Columbia), U.S. Territories, local governments with more than 200,000 residents, the Department of Hawaiian Home Lands, and Indian tribes (defined to include certain Alaska native corporations) or the tribally designated housing entity of an Indian tribe (collectively, “eligible grantees”). Eligible grantees must use the funds to provide assistance to eligible households through existing or newly created rental assistance programs. Read more [here](#).

**Ambassador Deborah Birx, White House Coronavirus Task Force**

**Coordinator:** Dr. Birx provided a brief recap on her travel over the past year. She travelled the country consulting with medical professionals in every corner of States from coast to coast to help them with their pandemic response.

Dr. Birx also provided an update on trends we are currently seeing across the nation. She noted that more testing is being conducted, which is driving the high test positivity. The rate of rise in COVID-19 cases is about 2 times more than this past spring and summer. We are also possibly seeing the United Kingdom’s variant that could have a higher rate of transmission. Overall, much more aggressive actions need to take place as 30 states are now seeing high rates of hospitalizations, particularly in AZ, CA, OK, SC, and NV to name a few. Dr. Birx’s final thought on the call was that it is important for states to have proactive vaccination plans in place for young individuals because they are often spreading the virus even unknowingly.

**ADM Brett Giroir, Assistant Secretary of Health, HHS:** ADM Giroir provided an update on testing and protecting our most vulnerable citizens. Approximately 251 million tests have been completed nationally with likely another 70-80% of the tests not yet reported to the CDC. The Federal Government has the capacity to provide 170 million tests during the month of January alone and a significant amount of more tests will need to be used by the end of the month.

Additionally, as of January 5, 2021, 310 tests and sample collection devices have been authorized by the FDA under emergency use authorizations (EUAs). These include 235 molecular tests and sample collection devices, 64 antibody tests, and 11 antigen tests.

There are 32 molecular authorizations that can be used with home-collected samples. There is one molecular prescription at-home test, one antigen prescription at-home test, and one over-the-counter (OTC) at-home antigen test.

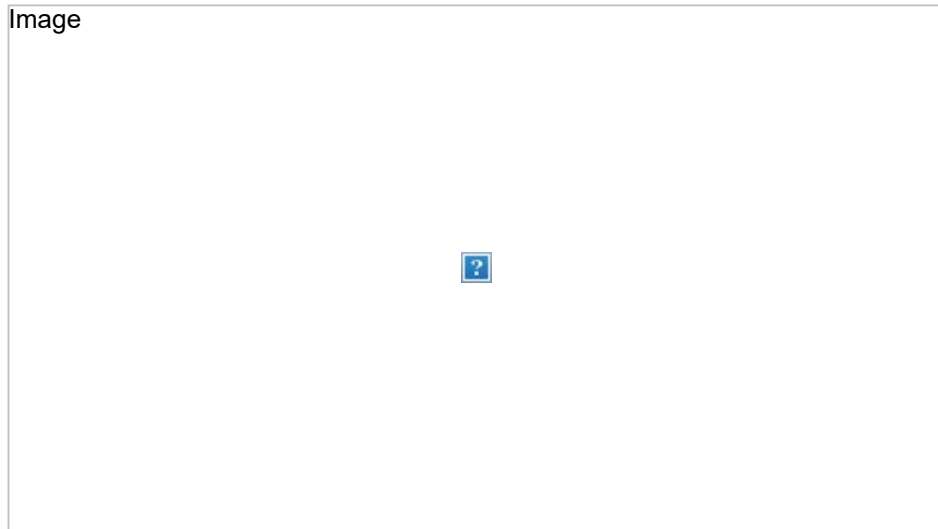

**Paul Mango, Deputy Chief of Staff for Policy, HHS & Lt. General Paul Ostrowski, Principal Military Deputy to the Assistant Secretary of the Army & Director of the Army Acquisition Corps**

As key leaders in the operations and logistics of Operation Warp Speed, Lt. General Ostrowski and Paul Mango discussed the whole-of-America response to the COVID-19 pandemic which requires coordinated reporting to track and analyze data. This data is reported to state and jurisdictional health departments in accordance with applicable state or local law and in accordance with the Coronavirus Aid, Relief, and Economic Security (CARES) Act.

**Watch:** [January 6 update from General Gustave Perna and HHS Secretary Alex Azar on Operation Warp Speed.](#)

On Thursday, January 7, 2021, the Department of Health and Human Services (HHS) announced two upcoming actions by the Centers for Disease Control and Prevention (CDC) to provide [more than \\$22 billion in funding to states, localities, and territories in support of the nation's response to the COVID-19 pandemic](#), as directed by the Coronavirus Response and Relief Supplemental Appropriations Act.

Funding will provide critical support for testing and vaccination-related activities to jurisdictions before January 19, 2021:

- More than \$19 billion will be allocated to jurisdictions through the existing CDC Epidemiology and Laboratory Capacity (ELC) cooperative agreement. These awards will support testing, contract tracing, surveillance, containment, and mitigation to monitor and suppress the spread of COVID-19. Award recipients will include 64 jurisdictions including all 50 states, the District of Columbia, five major cities, and U.S. territories/islands. Consistent with Congressional direction, funds will be allocated by a population-based formula.
- Over \$3 billion will be made available in an initial award to jurisdictions through the existing CDC Immunization and Vaccines for Children cooperative agreement. These awards will support a range of COVID-19 vaccination activities across jurisdictions. Award recipients will include 64 jurisdictions including all 50 states, the District of Columbia, five major cities, and U.S. territories/islands. Consistent with Congressional direction, funds will be allocated by a population-based formula.

**Surgeon General Jerome Adams: [OWS will send vaccinations to where States want to and tell us. Many have not only expanded to phases beyond 1A but are using pharmacy chains and other sites to expand vaccination locations. We will continue to work with States to expand and accelerate vaccinations!](#)**

**Governor Jim Justice, West Virginia:** The Governor discussed practices implemented in West Virginia that other State and local leaders may want to consider for vaccine distribution rates. Governor Justice noted that he immediately directed first responders administering COVID-19 tests to utilize local pharmacies. He also ensured the state established schools in vaccinating teachers and school personnel in order to allow kids to return to school sooner. The Governor said the key is to keep the vaccine distribution messaging and coordination simple and focus on getting vaccines actually administered to senior communities.

I want to ask for your assistance on Statewide Poll Watchers not being listed as official Poll Watchers. I ran into this in the General and running into this again during early voting in the Run Off.

The Poll Mngrs are referencing a list from Fulton Co stating who is an authorized Poll Watcher – which appears by precinct –

though none will let me see the list directly. I have had to use my professionalism and charm (and of course my letter from the SOS) to reassure a number of Poll Mngrs that I am legitimate. Thus far, I have not been turned away, but it does make it difficult and starts off the relationship on a little bit of uneasiness.

I highly encourage Fulton Co to add the Statewide Poll Watchers to its lists to avoid being denied access to polls on Election Day or ensuing activities such as Absentee/Military/Provisional/etc.

As a side note to all –

After having floated in locations in Fulton and Dekalb during early voting, I am planning to be in Dekalb on Election Day as they are significantly understaffed. However, I am committing to and planning to attend the day on which Fulton Co processes Provisional/Military/UOCAVA since I witnessed that process in the general election from 830am to about 1015pm that night. I will be in a good first hand position to compare/contrast those activities for the Run Off.

Can someone please confirm that date, location and time for me? I believe that it will be somewhere at GWC on Friday Jan 8.

Thank you –

Hello All,

We give poll managers a list of **all** poll watchers assigned that we receive, to

include poll watchers who are credentialed by the State. Additionally, the poll managers are instructed to grant **credentialed** poll watchers access. Not sure about the miscommunication that Ms. Kramer has experienced as a poll manager. If poll watchers experience issues at the polls, they should let us know, or the poll managers can give us a call with questions.

When we receive the list, poll watchers will be added to the full spreadsheet that will be disseminated to poll managers.

Hello All,

We give poll managers a list of **all** poll watchers assigned that we receive, to include poll watchers who are credentialed by the State. Additionally, the poll managers are instructed to grant **credentialed** poll watchers access. Not sure about the miscommunication that Ms. Kramer has experienced as a poll manager. If poll watchers experience issues at the polls, they should let us know, or the poll managers can give us a call with questions.

When we receive the list, poll watchers will be added to the full spreadsheet that will be disseminated to poll managers.

Mark –

I want to ask for your assistance on Statewide Poll Watchers not being listed as official Poll Watchers. I ran into this in the General and running into this again during early voting in the Run Off.

The Poll Mngrs are referencing a list from Fulton Co stating who is an authorized Poll Watcher – which appears by precinct – though none will let me see the list directly. I have had to use my professionalism and charm (and of course my letter from the SOS) to reassure a number of Poll Mngrs that I am legitimate. Thus far, I

have not been turned away, but it does make it difficult and starts off the relationship on a little bit of uneasiness.

I highly encourage Fulton Co to add the Statewide Poll Watchers to its lists to avoid being denied access to polls on Election Day or ensuing activities such as Absentee/Military/Provisional/etc.

As a side note to all –

After having floated in locations in Fulton and Dekalb during early voting, I am planning to be in Dekalb on Election Day as they are significantly understaffed. However, I am committing to and planning to attend the day on which Fulton Co processes Provisional/Military/UOCAVA since I witnessed that process in the general election from 830am to about 1015pm that night. I will be in a good first hand position to compare/contrast those activities for the Run Off.

Can someone please confirm that date, location and time for me? I believe that it will be somewhere at GWC on Friday Jan 8.

Hello All,

We give poll managers a list of **all** poll watchers assigned that we receive, to include poll watchers who are credentialed by the State. Additionally, the poll managers are instructed to grant **credentialed** poll watchers access. Not sure about the miscommunication that Ms. Kramer has experienced as a poll manager. If poll watchers experience issues at the polls, they should let us know, or the poll managers can give us a call with questions.

When we receive the list, poll watchers will be added to the full spreadsheet that will be disseminated to poll managers.

I want to ask for your assistance on Statewide Poll Watchers not being listed as official Poll Watchers. I ran into this in the General and running into this again during early voting in the Run Off.

The Poll Mngrs are referencing a list from Fulton Co stating who is an authorized Poll Watcher – which appears by precinct – though none will let me see the list directly. I have had to use my professionalism and charm (and of course my letter from the SOS) to reassure a number of Poll

Mngrs that I am legitimate. Thus far, I have not been turned away, but it does make it difficult and starts off the relationship on a little bit of uneasiness.

I highly encourage Fulton Co to add the Statewide Poll Watchers to its lists to avoid being denied access to polls on Election Day or ensuing activities such as Absentee/Military/Provisional/etc.

As a side note to all –

After having floated in locations in Fulton and Dekalb during early voting, I am planning to be in Dekalb on Election Day as they are significantly understaffed. However, I am committing to and planning to attend the day on which Fulton Co processes Provisional/Military/UOCAVA since I witnessed that process in the general election from 830am to about 1015pm that night. I will be in a good first hand position to compare/contrast those activities for the Run Off.

Can someone please confirm that date, location and time for me? I believe that it will be somewhere at GWC on Friday Jan 8.

Our team is getting reports of Poll Watchers being denied access throughout the county, with managers saying they don't have Republican lists. Can we ensure this is resolved? Thanks for all of your help.

Hello All,

We give poll managers a list of **all** poll watchers assigned that we receive, to include poll watchers who are credentialed by the State. Additionally, the poll managers are instructed to grant **credentialed** poll watchers access. Not sure about the miscommunication that Ms. Kramer has experienced as a poll manager. If poll watchers experience issues at the polls, they should let us know, or the poll managers can give us a call with questions.

When we receive the list, poll watchers will be added to the full spreadsheet that will be disseminated to poll managers.

Mark –

I want to ask for your assistance on Statewide Poll Watchers not being listed as official Poll Watchers. I ran into this in the General and running into this again during early voting in the Run Off.

The Poll Mngrs are referencing a list from Fulton Co stating who is an authorized Poll Watcher – which appears by precinct – though none will let me see the list directly. I have had to use my professionalism and charm (and of course my letter from the SOS) to reassure a number of Poll Mngrs that I am legitimate. Thus far, I have not been

turned away, but it does make it difficult and starts off the relationship on a little bit of uneasiness.

I highly encourage Fulton Co to add the Statewide Poll Watchers to its lists to avoid being denied access to polls on Election Day or ensuing activities such as Absentee/Military/Provisional/etc.

As a side note to all –

After having floated in locations in Fulton and Dekalb during early voting, I am planning to be in Dekalb on Election Day as they are significantly understaffed. However, I am committing to and planning to attend the day on which Fulton Co processes Provisional/Military/UOCAVA since I witnessed that process in the general election from 830am to about 1015pm that night. I will be in a good first hand position to compare/contrast those activities for the Run Off.

Can someone please confirm that date, location and time for me? I believe that it will be somewhere at GWC on Friday Jan 8.

Thank you –

## **Hearing set Monday to Compel Fulton Ballot Inspection**

### **Senate Sub-Committee Backs Ballot Examination**

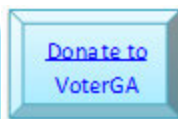

ATLANTA GA –A Fulton County Superior Court has set a **remote hearing for Monday, January 4<sup>th</sup>, at 11:00am** to determine if county mail-in ballots from the November 3<sup>rd</sup> election should be visually and forensically inspected. Fulton county Defendants in the *Favorito et al. v. Cooney et al.* [legal petition](#) objected to the Plaintiffs' [Notice to Inspect](#) and the Plaintiffs, organized by VoterGA, immediately filed a [Motion to Compel](#) public inspection of the mail-in ballots.

The need for an inspection got an unexpected boost when a Georgia Senate Judiciary Sub-Committee [passed a unanimous motion](#) Wednesday to issue a letter to Fulton County Chairman Robb Pitts and Fulton County Election Board Chairwoman Mary Carole Cooney requesting they immediately allow a forensic inspection of the mail-in ballots. The [letter](#) was hand delivered to the County Attorney Wednesday afternoon. Plaintiffs' attorney Todd Harding then filed an [emergency supplemental motion](#) citing the sub-committee letter as additional reason to immediately order compliance with the Notice to Inspect.

The sub-committee is seeking an inspection nearly identical to the relief sought in the [emergency legal petition](#) filed last week. The relief requested in the petition by Plaintiffs seeks **to visually inspect all mail-in ballots, rescan them for a forensic exam and to obtain electronic copies of the Dominion ballot images and standard election reports.** The petition was filed after Chairman Pitts told critics in a December 1<sup>st</sup> World Congress Center (WCC) [Press Conference](#) to “*put up or shut up*” about assertions of election fraud in Fulton.

The integrity of Fulton's mail in ballots were called into question nationally after the same Senate sub-committee saw a video of workers processing ballots in the State Farm Arena. The video showed a small group of workers pulling out thousands of hidden mail-in ballots from a skirted table and then scanning and rescanning them after Fulton Election Officials announced scanning would stop for the evening. When a full hand count audit was conducted on November 14<sup>th</sup> and 15<sup>th</sup>, four auditors detected potentially fraudulent mail-in ballots. They produced [sworn affidavits](#) explaining the ballots were not creased from mailing, not marked by a writing instrument and not printed on normal ballot stock.

Good Afternoon Patrise,

I hope this email finds you well and I hope you had a wonderful holiday! Vince Russo informed me that you are looking for Deputy Registrars for the Jan 5th Runoff Election. Please find attached a list of attorneys and their assigned precinct locations, who are able to assist with this task on Election Day. Also, when do you expect to have the training for the Deputy Registrars? We would like to inform the volunteers. If you are in need of more volunteers, please let us know.

If you have any questions, please do not hesitate to contact me or Vince.

Thank you, have a wonderful day!

**SENT VIA EMAIL**

Dear Superintendent:

I am writing on behalf of the Donald J. Trump for President, Inc. Campaign.

Pursuant to the Georgia Open Records Act (O.C.G.A. § 50-18-70 et seq.), I am requesting the following records and/or information:

1. Total number of ballots cast in the County.
2. Number of ballots referred for adjudication to Vote Review Panels in the County.
3. Serial Numbers for ballots referred for adjudication to the Vote Review Panels in the County.
4. Number of ballots adjudicated by the Vote Review Panels in the County.
5. Final disposition in the Presidential race for ballots adjudicated by the Vote Review Panels (i.e., distribution of votes in the Presidential race where voter intent could be determined by the Vote Review Panel - only among ballots reviewed).
6. Number of ballots determined to be overvotes in the Presidential race following review by Vote Review Panels (i.e., number of ballots where voter intent could not be determined).
7. Names of Members of Vote Review Panels in your County.
8. All Public Notices for every Vote Review Panel Meetings.

The above requests are for information available as of the date of this correspondence or, if possible, the preparation of the response. We understand that counting may be ongoing in several counties, and as a result final counts may not be available at this time. Since time is of the essence, we emphasize that it is essential to receive your response within the three-day time period required in the statute. O.C.G.A. § 50-18-71.

Please do not hesitate to contact me in case of any questions or concerns. I may be reached at the contact information in the letterhead above.

Thank you for your prompt attention to this matter.

Best,

A handwritten signature in black ink that reads "Alyssa Gonzales Specht".

Hi Johnny,

I hope all is well. I understand that you are leading the Deputy Registrar program for Fulton County.

Please see attached for the list we previously submitted of lawyers who have been recruited to serve as Deputies on Election Day.

Can you please share when the next online training will be provided?

The lawyers have not heard anything from the county. Can they please be provided the training and the location address of where they will be on Jan 5?

I hope this is helpful. Thank you!

This is being investigated by Mr. Parrish at the SOS, he was there yesterday in reference to the poll watchers disruption at East Point Library. He took a statement from Malva and her team. Those same poll watcher also claim that Ocee Library has been shredding ballot with their shredder. Which is a untruth... in so much words...

Senator Albers sent us this complaint that was sent to Suzi voyles and David shafer that a poll worker at the **east point precinct in Fulton allegedly stated they would shred the voided ballots.** She also mentions concerns about the voiding process and concerns about the quantity of party appointed poll watchers allowed. Can you please ask someone to look into this and keep us posted? I also ccd Leigh as Fultons liaison.

Barbara, thank you for your response to this letter and I would like to add that I am very disappointed at the poll manager at the East Point library early voting precinct, because she did not tell the truth! The only time that three Republicans were in the polling area is when we first walked in and we met Kevin, which we had never met before and we immediately left the polling area and afterwards there were never three of us in the polling area at one time! Trey, as a reminder, I spoke with you in Milton at the Ivanka/Loeffler Rally and told you I was at the FC breakfast.

I sent David a letter earlier also regarding my concerns as Barbara has outlined below about the red ink pens and ballots thrown in the box which were never voided or canceled as I did in Forsyth county when I early voted a week ago! In my presence, and with my consent the poll worker opened my sealed absentee ballot envelope and marked void/canceled on the envelope and on the bottom left of my ballot and she initialed and I did as well! The manager told us at East point that they were instructed that all of their AB ballots would be shredded once they left there and I think she said at the warehouse? Obviously Fulton County elections leadership officials as well as all counties need to be running their precincts in accordance with state wide rules and not separately, county by county

as we were told! This is a United States senatorial runoff race and there should be state wide rules superseding any county rules! If in fact red pens are being used by poll workers because of leaders instructing them to use them when instructed in writing to only use black and blue pens on the ballots, etc., not red, throws up flags as to why they are being instructed that way!

Senator John Albers and other elected officials need to get to the bottom of what is going on at polling places in Fulton County! All senators and representatives across our state need to be at the front of the line investigating the fraudulent actions that is taking place in Fulton County and other counties across our state during the November general election and make sure that the same actions are not occurring now in this critical run off senatorial election! Senator Ligon and other members of the Senate sacrificially gave of their time and has given their recommendation and the entire legislature if has not read the testimony under oath sworn to God, then shame on them if they have not done it! It's not just our state in jeopardy but our entire country and the way of life that we have cherished since it's founding!

Sincerely,  
Gayle Troyer

There were only two of us Republicans in the enclosed space at one time. The other stayed out of the enclosed area in either an area with the vending machine or the hall way. Gayle spent most of her time sitting in the vending area. The rule is I was told, two poll watchers at a time from each party are allowed. Betsy can attest that we had 2 Democrats and one Republican and one from SOS at our poll RW17. Also at Ocee there were two of us Republicans and one Democrat and no one complained. There were two Republicans me and Betty Price in Mobile unit 1. The gentleman poll worker at East Point and I don't know his name, had no idea what to look for. Therefore Trey, you should have some in person training classes for poll watchers who do not work in the polls and have no idea what the procedures should be. The gentleman poll watcher took a Dem sign stuck in the ground in front of the entrance down and the Dem poll workers had a fit. The sign with the message said something to the effect be woke...was placed by a very left leaning group and that should be addressed. Also AB ballots were not having cancelled written across the ballot only spoiled on the envelope and the Happy Faces workers were told to use a red pen which I was told by a Fulton warehouse worker cannot be read by a scanner.

Fulton County as well as the state GOP should be strongly speaking out to the media about the whistle blowing firing of Suzie and Bridgett. I haven't heard a word from either you or David. The termination letter was written and the signature was by Dwight Brower who retired a year ago and only came back because Ralph Jones begged him to come as a consultant for the Nov. 3 election. Cowardly and under the nose of

Rob Pitts, Richard Barron, should have written that letter but the letter should not have been written to begin with. How are you and David sticking up for Suzi who was slandered unfavorably and publicly on WSB TV by incompetent Richard Barron? The GOP should have a lawyer coming to bat for these two ladies who are brave enough to report the fraudulent behavior they saw. I for one am fed up with the Democrats not being challenged and being allowed to continue their failure to follow the law. The GOP leadership in Ga starting with Brian Kemp, Brad Raffensperger and Gabe Sterling have let us all down and most of us are fed up. Fulton has never been able to run the elections smoothly. They are always late, can't seem to use common sense, always have missing seals, paperwork, etc for the polls on Election Day. Have pool pads that are not programmed for the right poll. In June the expensive carriers containing equipment were not secured in the trucks and slammed into each other and one carrier holding BMDS and printers and maybe a scanner fell completely on its side. The truck driver shared that information when we were having trouble with a BMD. Who was minding the store that time?

By the way, I also signed an affidavit just inclined to not speak publicly, and I will also say Sharon had no answer to my questions. She just said procedural questions should go to Rick. She is in charge of early voting and should know the procedures. However, temp agency Happy Faces seems to have their own procedures and they now seem to control most of the votes in Fulton County with very little oversight from the county. They also do things differently from the way we are trained and yes, there is plenty of room for fraud. Happy Faces should not control Fulton polls. TIME TO CLEAN HOUSE IN FULTON COUNTY and time for our leadership to speak out. There was fraud committed in this election and Biden did not win. I witnessed the fraud and anyone who says no fraud occurred is a blind fool or a corrupt politician or a spineless leader.

Frances,

Senator Albers sent us this complaint that was sent to Suzi voyles and David shafer that a poll worker at the **east point precinct in Fulton allegedly stated they would shred the voided ballots**. She also mentions concerns about the voiding process and concerns about the quantity of party appointed poll watchers allowed. Can you please ask someone to look into this and keep us posted? I also ccd Leigh as Fultons liaison.

Thanks!

Barbara, thank you for your response to this letter and I would like to add that I am very disappointed at the poll manager at the East Point library early voting precinct, because she did not tell the truth! The only time that three Republicans were in the polling area is when we first walked in and we met Kevin, which we had never met before and we immediately left the polling area and afterwards there were never three of us in the polling area at one time! Trey, as a reminder, I spoke with you in Milton at the Ivanka/Loeffler Rally and told you I was at the FC breakfast.

I sent David a letter earlier also regarding my concerns as Barbara has outlined below about the red ink pens and ballots thrown in the box which were never voided or canceled as I did in Forsyth county when I early voted a week ago! In my presence, and with my consent the poll worker opened my sealed absentee ballot envelope and marked void/canceled on the envelope and on the bottom left of my ballot and she initialed and I did as well! The manager told us at East point that they were instructed that all of their AB ballots would be shredded once they left there and I think she said at the warehouse? Obviously Fulton County elections leadership officials as well as all counties need to be running their precincts in accordance with state wide rules and not separately, county by county as we were told! This is a United States senatorial runoff race and there should be state wide rules superseding any county rules! If in fact red pens are being used by poll workers because of leaders instructing them to use them when instructed in writing to only use black and blue pens on the ballots, etc., not red, throws up flags as to why they are being instructed that way!

Senator John Albers and other elected officials need to get to the bottom of what is going on at polling places in Fulton County! All senators and representatives across our state need to be at the front of the line investigating the fraudulent actions that is taking place in Fulton County and other counties across our state during the November general election and make sure that the same actions are not occurring now in this critical run off senatorial election! Senator Ligon and other members of the Senate sacrificially gave of their time and has given their recommendation and the entire legislature if has not read the testimony under oath sworn to God, then shame on them if they have not done it! It's not just our state in jeopardy but our entire country and the way of life that we have cherished since it's founding!

Sincerely,  
Gayle Troyer

There were only two of us Republicans in the enclosed space at one time. The other stayed out of the enclosed area in either an area with the vending machine or the hall way. Gayle spent most of her time sitting in the vending area. The rule is I was told, two poll watchers at a time from each party are allowed. Betsy can attest that we had 2 Democrats and one Republican and one from SOS at our poll RW17. Also at Ocee there were two of us Republicans and one Democrat and no one complained. There were two Republicans me and Betty Price in Mobile unit 1. The gentleman poll worker at East Point and I don't know his name, had no idea what to look for. Therefore Trey, you should have some in person training classes for poll watchers who do not work in the polls and have no idea what the procedures should be. The gentleman poll watcher took a Dem sign stuck in the ground in front of the entrance down and the Dem poll workers had a fit. The sign with the message said something to the effect be woke...was placed by a very left leaning group and that should be addressed. Also AB ballots were not having cancelled written across the ballot only spoiled on the envelope and the Happy Faces workers were told to use a red pen which I was told by a Fulton warehouse worker cannot be read by a scanner.

Fulton County as well as the state GOP should be strongly speaking out to the media about the whistle blowing firing of Suzie and Bridgett. I haven't heard a word from either you or David. The termination letter was written and the signature was by Dwight Brower who retired a year ago and only came back because Ralph Jones begged him to come as a consultant for the Nov. 3 election. Cowardly and under the nose of Rob Pitts, Richard Barron, should have written that letter but the letter should not have been written to begin with. How are you and David sticking up for Suzi who was slandered unfavorably and publicly on WSB TV by incompetent Richard Barron? The GOP should have a lawyer coming to bat for these two ladies who are brave enough to report the fraudulent behavior they saw. I for one am fed up with the Democrats not being challenged and being allowed to continue their failure to follow the law. The GOP leadership in Ga starting with Brian Kemp, Brad Raffensperger and Gabe Sterling have let us all down and most of us are fed up. Fulton has never been able to run the elections smoothly. They are always late, can't seem to use common sense, always have missing seals, paperwork, etc for the polls on Election Day. Have pool pads that are not programmed for the right poll. In June the expensive carriers containing equipment were not secured in the trucks and slammed into each other and one carrier holding BMDS and printers and maybe a scanner fell completely on its side. The truck driver shared that information when we were having trouble with a BMD. Who was minding the store that time?

By the way, I also signed an affidavit just inclined to not speak publicly, and I will also say Sharon had no answer to my questions. She just said procedural questions should go to Rick. She is in charge of early voting and should know the procedures. However,

temp agency Happy Faces seems to have their own procedures and they now seem to control most of the votes in Fulton County with very little oversight from the county. They also do things differently from the way we are trained and yes, there is plenty of room for fraud. Happy Faces should not control Fulton polls. TIME TO CLEAN HOUSE IN FULTON COUNTY and time for our leadership to speak out. There was fraud committed in this election and Biden did not win. I witnessed the fraud and anyone who says no fraud occurred is a blind fool or a corrupt politician or a spineless leader.

I hate to bother you with this matter. Please see the email chain below. There can be no more than two (2) per poll selected and assigned by each political body or party. Neither one of the three (3) would leave. I respectfully ask that you address this as more than two (2) poll watchers will not be permitted to be in this (East Point Library) early voting poll on tomorrow.

Can you please look into this situation? This poll watcher is concerned that the assistant manager at the mobile bus no 1, [REDACTED] was exhibiting signs of illness. Unfortunately we live in a time where any signs of illness is being attributed to COVID-19. But, I think we want to handle this as appropriately as we can.

Kathy has notified the Georgia Dept of Health and CDC of the assistant poll manager exhibiting possible COVID symptoms and pulling down her mask to speak.

I think it's important to reiterate to poll workers the following:

1. Wear masks at all times
2. If feeling sick do not report to work or if starting to feel ill while working to notify a supervisor and leave immediately.

Has the aforementioned assistant poll manager been tested for COVID? Do we have protocols to respond to this situation.

Thanks,

Kathleen

Betsy,  
This will confirm our telephone  
conversation of yesterday  
12/20/20.

I was assigned to poll watch  
Mobil unit #1 which was  
located Sunday 12/20 @  
Fowling Warehouse, 1356  
English Street, Atlanta, GA

I arrive approximately 3:05p. I  
asked to see the manager to  
present my credentials. I was  
directed to the back of the  
Mobil unit. I met a woman  
named [REDACTED] who told me she  
was the manager. I told her that  
her badge said Assistsnt  
manager. She then said the  
manager was not there today.

Inventory showed:  
8 BMD's  
1 scanner  
3 clerks  
No Manager  
No Tech  
No Security  
1239 voters were reported to me  
upon arrival  
2251 voters were reported to me  
upon leaving.

Shortly after i took my position  
inside the mobile unit, one tech,  
badge ID showed U Hall picked  
up get keys and left the Mobil

unit. She did not return until approximately 48 minutes later. When she walked back in she laid her keys down on her desk.

The Assistsnt manager remained in the back of the Mobil unit next to the scanner. She had a persistent cough, sweaty and complained of being hot.

She came to the front of the bus, removed her mask and said something to the clerks. She coughed with her mask off in front of all of us. She replaced her mask and returned to the back of the bus.

At this point I no longer felt safe in an inclosed Mobil unit with a woman that was displaying signs of Covid 19 infection. I exited the bus and called you directly. I parked down the street and watched the Mobil unit for approximately 20 minutes. I saw one potential voter enter and exit the Mobil unit. I saw no one else enter or leave. I left the site @ 5:45p.

I was told you reported this incident for me. I also called the Voter Incident Hotline @ 10:40a this morning 470 410 8793 and gave a verbal description of this report to "Shawn".

I have self quarantined myself today and have requested the Assistant Manager be Covid tested. I am requesting a copy of her report to confirm negative or positive. Her constant cough, being very sweaty and stating she was

“hot” is alarming and she should not have been allowed to work that day. She was clearly ill.

I would hope the Mobil unit was thoroughly cleaned before it was allowed to be presented to the public today and the 3 clerks notified.

Please provide me with a copy of a Covid test. I do not wish this lady any harm and I pray she is not positive, however, she was displaying know signs of Covid 19 infection.

Thank you for your time in this matter.

Good Afternoon Trey,

Apparently this was the Betsy that the poll watchers at the Adams Park Library (involved in the verbal altercation with the driver) who were taking photos of license tags was referring that directed this action.

Good afternoon!

Sorry to bother you. Yesterday someone sent me a couple of photos of out of state tags on cars parked in the parking lot of the early voting location. I immediately thought if there are out state cars there, there are many others especially when it comes to early voting.

Here is what I need you to do.

- While you are poll watching, go outside a few times during your assignment and look around the parking lot. If someone asks what you are doing, say you are stretching your legs.
- Take a clear photo and make of the car.
- Note the location, date and time you took the picture(s).
- Email your photo(s) with you contact information to the following email address: [voterfraud@gagop.org](mailto:voterfraud@gagop.org)

\*\*\*\*\*  
\*\*\*\*\*

Here is something else you can do or have friends who are not signed up to EV poll watching. They need to stake out the absentee ballot voter drop off boxes.

- They can video tape the person/people dropping of ballots. Be especially aware of anyone dropping off more than one ballot.
- Note the location, date and time you took the video.
- Have them email their videos with their contact information to the following email address: [voterfraud@gagop.org](mailto:voterfraud@gagop.org)

\*\*\*\*\*  
\*\*\*\*\*

Lastly, if you can help us with volunteering for more early voting poll watching that would be awesome! You see, you all are very special because you have credentials that allow you to poll watch. I am unable to add any other people and we have holes in our coverage. Thank you in advance.

If you have a questions, please do not hesitate to call me.

Merry Christmas, Happy Holidays and I know I am late, Happy Hanukkah (my holiday)!!

My understanding is that the poll watchers have been asked to rotate because it concerns over social distancing in the room and one poll watcher is refusing to rotate.

Ryan,

Would like to also flag for you an issue at the Buckhead library where we have had issues with the poll manager before. They are denying our poll watcher access to the voting area while allowing the democrat poll watcher access as well. This is the same issue we had on the first day of early voting for the general election.

Thank you for your attention to this matter.

The Republican Party is still experiencing various issues with the counties in early voting, similar to what we discussed on Friday. Below is a list of counties and issues based on information provided by Joe Proenza, who works for the state party. I have copied Joe and Alyssa Specht who are handling early voting EDO for the party. They can provide additional information if necessary. Also, if there is someone in your office they should contact directly about these issues, please let me know.

- Hart: county claims that poll watcher letters are invalid unless they include permanent residential addresses
- Bibb: poll watchers are being placed in an observational area (chair off to the side)
- Muscogee: same restricted access issue as Bibb
- Cobb: county claims that poll watcher letters are invalid unless they include permanent residential addresses

Mark,

Thanks for sending. Struggling to understand what this actually means. Especially the term “electronically by human sight”, and how is it even possible to actually “verify the signatures without having to handle the ballots”?

Observation is allowed by Ga law for every step of processing the Absentee Ballots. Has notification been given to the political parties that processing is underway? This certainly does not appear that the processing will all occur in the same location for transparency purposes as requested multiple times. All of this tells me the impact of this is less transparency than in November. Unacceptable.

WHOA!!!! If what I am reading here is correct, you are doing ABM signature verification without "public observation"? This reads as if your new plan is to keep the actual ABM outer envelope away from all observer view so what can the observers view tomorrow morning when this process is to commence which is only signature verification? Explain what you mean that " everything is completed electronically by human sight"? Under the circumstances, this will not work keeping any of the signature verification processes away from the public observation.

We are using Bluecrest right now to take snapshots of the outer envelopes in order to do all signature verification without the need to move the ballots. The Bluecrest unit takes a snapshot of the outer envelope in order for us to have a snippet of the signature and the PII for the voter including the VR number. We can then verify the signatures without having to handle the ballots. Everything is completed electronically by human sight. They are stored in one place that way. It is a new procedure we've developed over the last three weeks. The ballots don't have to go to GWCC until we scan them this way. They stay in our possession at the Government Center. If I stated anything incorrectly, Ralph can correct me.

Can you provide me with a document that outlines the steps to handling the absentee ballots, from the moment an ABM ball is received to the steps of signature verification and adjudication?

This would be extremely helpful if this document exists.

- From the outset of the pandemic, President Trump and his Administration have worked tirelessly to combat COVID-19 and protect Americans.
- President Trump took early and aggressive action to prevent spread of the virus in America and reacted quickly to completely revolutionize America's testing system for COVID-19.
- The President has leveraged the Defense Production Act to expedite production and delivery of critically-needed medical equipment such as ventilators and personal protective equipment.
- The President and his Administration have always followed a strategy rooted in the bedrock objective of saving lives and helping our country safely reopen, and stay open.
- President Trump has rejected pursuing across-the-board shutdowns, mandates, and restrictions, which inflict more harm on the American people and United States economy than they would prevent.

## **Good Day Everyone and Happy Thursday!**

**Chris, I am in total agreement with Janine on this matter. In addition, the Rockdale Board of Elections is concerned about maintaining the confidentiality of voters protected confidential information (PII) as required under O.C.G.A. §21-2-225. Also, O.C.G.A. §21-2-406 further includes an Opinion of the Attorney General which states “Inspection of returned absentee ballots prior to poll closing not require – Board of Registrars are no required to make returned absentee ballots subject to inspection prior to the closing of polls. 1990 Op. Att’y Gen.” Does this opinion still not stand?**

**Keep in mind, many of the Absentee Requests are received online, which has not signature and when the ballot is returned the Ballot Signature must be compared to the Voter Registration Application rather than the Absentee Application. How can we do this with monitors observing the process and not expose PII? In my 31 years in elections, we have never opened the process of signature verification to the public, why now?**

**According to the attached letter received for the State GOP, Secretary Raffensperger made the following statement which the Rockdale Board of Elections is in disagreement. The process of verifying signatures has never been open to the public partly due to O.C.G.A. §21-2-225. We must keep in mind that we owe it to the voter to be responsible for the confidentiality of their PII.**

On November 24, 2020, Georgia Secretary of State Brad Raffensperger spoke to the Georgia State Republican Executive Committee, on the Zoom video conference call. Secretary of State Brad

Raffensperger stated that we<sup>1</sup> would have access to observe the absentee ballot signature matching process for the January 5, 2021 Senate Runoff Election,<sup>2</sup> which would be included in the Official Election Bulletin for the January Senate Runoff.

**It is the Board of Elections' responsibility to protect the confidential information of its voters. There are no processes in place to allow public access. If we are mandated to follow this OEB, the Rockdale Board of Elections is prepared to seek legal advice on the matter.**

**I am asking Chris, is this a mandate?**

Chris,

I do not understand how the early processing protocols will, in any way, protect the voter's PII if a similar process were in place for signature matching. During early processing, no PII is present, unlike the signature process. Any “meaningful access” will display the voter's full date of birth, prior to displaying the signature. To protect that information we will have to place observers at a distance that will make it impossible for them to see if the signature does match. They don't just want to verify that matching is taking place, they want to validate the match themselves.

*“The elections superintendent must ensure that any public viewing area or video feed offers **meaningful access** to view the process, but the superintendent should also put in place reasonable regulations to protect the voter's/applicant's personal identification information (PII) and/or non-public data from public view and to ensure that no observer interferes with the*

verification process. A good template may be the **processes you have put in place for the early processing of absentee ballots, which is also publicly viewable but has protections in place to protect confidential information and prevent interference with official duties.**”

**SENT VIA EMAIL**

Dear Supervisor:

We respectfully request to monitor absentee ballot signature matching for the January 5, 2021 Runoff Election.

On November 24, 2020, Georgia Secretary of State Brad Raffensperger spoke to the Georgia State Republican Executive Committee, on the Zoom video conference call. Secretary of State Brad Raffensperger stated that we<sup>1</sup> would have access to observe the absentee ballot signature matching process for the January 5, 2021 Senate Runoff Election,<sup>2</sup> which would be included in the Official Election Bulletin for the January Senate Runoff.

In addition to the comments made on November 24, 2020, we have received notification from the Secretary of State's office that members of the public, specifically a Republican and Democrat Party will be allowed to observe the process.

Georgia has a strong public policy in favor of open government, which is essential to a free, open, and democratic society, which should foster confidence in government, and ensure proper function of government institutions. O.C.G.A § 50-18-70(a).

For the reasons stated above, and to restore trust and integrity in the administration of the election process, we kindly ask to observe the absentee ballot signature matching process for the January 5, 2021 Senate Runoff Election. At your earliest convenience, please let Alyssa Gonzales Specht ([aspecth@gagop.org](mailto:aspecth@gagop.org)) know when and where your office performs the signature matching process and how you would like us to coordinate who will be the Republican representatives observing the absentee ballot signature matching process.

Hi Veronica,

We opened ours 10/30 After the forum yesterday, there was a brief time when they were closed, but all are now back open I hear that we should expect an OEB today about this

I am certain that this is coming our way from Atl soon Be thinking about how you can accommodate this or some version of this

This is how I responded to Ms Specht on Friday:

Ms Specht,

Thank you for your email dated December 4, 2020 in which you requested to have a Republic Party monitor present during the signature verification process leading up to the January 5, 2020 General and Special Election Runoff We appreciate your interest

For now, there are no provisions that would permit observers to the absentee ballot signature process Both the balloting document and the document to which we compare the balloting document contain voter's personal information, so permitting observers would compromise our voter's personal identifying information What is public information now and will continue to be is the communication between our office and the voter who may have a questionable or missing signature on their ballot

Should you have any questions or need additional information, I hope you will feel free to contact our office

This is how I responded:

Ms Specht,

We have not yet received an OEB on this subject. At this time we cannot grant your request, as there would be no way to protect the voter's PII. If the SOS develops procedures to assure protection of voter data, then it may be possible at that time.

Subject: Monitors to Observe Signature Verification

Good Day Everyone,

DID ANY OF YOU RECEIVE A LETTER FROM STATE GOP REGARDING OBSERVING SIGNATURE VERIFICATION FOR THE JANUARY 5TH ELECTION?

Just a heads up in case you have not heard the SOS's response

MY EMAIL TO AXIVER: Good Day Axiver and Happy Monday! Can you find out if this is something the SOS is going to approve for the Parties and if so, what are the procedures and when?  
Thanks hope you're having a great day!

This is Axiver's Response to the request below

Cynthia,

I have been told that you can prepare for this one. I don't know if there will be anything going out but you should prepare a place where they can view the process. If anything comes out I will send it right over to you but I did ask about this last Friday for another county. Thanks

HERE'S THE REQUEST FROM THE STATE GOP:

**Subject:** Invitation to the White House - COVID-19 Vaccine Summit 12/8

Good Afternoon,

You are cordially invited to a **COVID-19 Vaccine Summit at the White House on Tuesday, December 8<sup>th</sup> at 2:00 PM ET** for remarks and discussion about President Trump's historic, whole-of-America effort to deliver a COVID-19 vaccine with unprecedented speed for the health of the American people. **Please note that this invitation is non-transferable.**

The Summit will feature remarks from The President and The Vice President as well as panel discussions with members of the Operation Warp Speed team, our Nation's Governors, and an array of Private Sector CEOs who have partnered with the federal government to ensure that a safe and viable Vaccine is promptly distributed nationwide.

Below, please find all pertinent information to confirm your attendance. Additional information will be shared with confirmed attendees prior to the event.

- **Registration:** [Please submit your security information here to RSVP for this event ASAP](#). The information you submit must exactly match your current, government-issued identification.
- **Arrival Date/Time:** Tuesday, December 8, 12:30 PM ET
- **Arrival Location:** 17<sup>th</sup> Street NW and State Place NW – Map attached
- **Event Location:** South Court Auditorium in the Eisenhower Executive Office Building
- **Security/Check-In:** Upon your arrival, Secret Service will check your driver's license, passport, or other government issued photo ID (such as a CAC Card). This must be a current, valid form of identification. Paper copies and expired IDs will not be accepted. **Keep in mind**

that if there are any discrepancies (including minor "typos") between the personal information that you submit and what is listed on your identification, this will delay your entrance into the EEOB. After passing through the security entrance at 17<sup>th</sup> and State Place, you will proceed into the Eisenhower Executive Office Building. Please proceed to the South Court Auditorium.

- **COVID-19 Protocols:** If you are experiencing symptoms or have been exposed to COVID-19, we ask that you please decline attendance. Per CDC guidance, we ask that you please wear a mask while on the White House complex.
- **Point of Contact:** Nick Barbknecht (202.881.9124); Gabby Uli (202-881-8552) [no texting on WH phones]

### **Operation Warp Speed - Delivering a Safe Vaccine and Therapeutics**

Operation Warp Speed is focused on the development of treatments for COVID-19 along with a safe and effective vaccine. Operation Warp Speed's goal has always been to produce and deliver 300 million doses of safe and effective vaccines with the initial doses available by January 2021, as part of a broader strategy to accelerate the development, manufacturing, and distribution of COVID-19 vaccines, therapeutics, and diagnostics and recent updates show the Administration is on track.

President Trump is committed to providing free or low-cost COVID-19 countermeasures to the American people as fast as possible. Any vaccine or therapeutic doses purchased with U.S. taxpayer dollars will be given to the American people at no cost. Congress has directed almost \$10 billion to this effort through supplemental funding, including the CARES Act.

-  
All 64 public health jurisdictions– including the 50 states, 8 territories and 6 major metropolitan areas – submitted their vaccine distribution microplans to the CDC in October, and the CDC reviewed and provided feedback on these iterative documents. Now as the Administration moves toward distribution these 64 jurisdictions will help communicate guidance and distribute instructions to the American people. All 64 jurisdictions' plan draft executive summaries are available for review [here](#).

-  
On Friday, November 13, President Trump delivered an update from the Rose Garden announcing that the United States will be able to **provide vaccines to 20 million Americans in December** as a result of the unprecedented public-private partnership under Operation Warp Speed and military support for deploying logistics.

-  
**On Monday, November 16, Moderna announced that its COVID-19 vaccine candidate is**

**94.5 percent effective** in Phase 3 trials making it the second such vaccine announcement in a week following Pfizer's success. Moderna partnered with the National Institutes for Health and the Trump Administration on January 13, 2020 to deliver a safe vaccine and Moderna was **supported in research and development** through Operation Warp Speed. Pfizer and BioNTech **submitted their Emergency Use Authorization Request** to the FDA for their COVID-19 vaccine on November 20, 2020.

**Operation Warp Speed will deploy a safe, effective vaccine first to frontline workers and the most vulnerable. The Trump Administration initiated the single greatest mobilization in U.S. history—pioneering, developing, and manufacturing COVID-19 therapies and vaccines in record time.**

**The White House: The average development timeline for a vaccine can take 8-12 years. Through Operation Warp Speed, we're doing it in less than one year—5X faster than the fastest vaccine development in history.**

**HHS Secretary Azar: #VaccinesSaveLives. #Vaccines are safe, effective, and vital to public health. There is an unprecedented effort underway to develop safe and effective COVID-19 vaccines. Talk to your doctor about which #vaccines are recommended for you and your loved ones.**

**Vice President Pence: We are proud to report, pending FDA approval, the @pfizer vaccine will be available before the year is out. It is an unprecedented medical mobilization and we commend the Operation Warp Speed team for developing a safe and effective vaccine for the American people.**

## COVID-19 Update

This week, Vice President Mike Pence traveled to Memphis, Tennessee and Atlanta, Georgia to highlight the work of [Operation Warp Speed](#) and ensuring vaccines are distributed quickly to the American people. On Friday, November 13, President Trump [delivered an update](#) from the Rose Garden announcing that the United States will be able to provide vaccines to 20 million Americans in December as a result of the unprecedented public-private partnership under Operation Warp Speed and military support for deploying logistics.

Operation Warp Speed is focused on the development of treatments for COVID-19 along with a safe and effective vaccine. All 64 public health jurisdictions– including the 50 states, 8 territories and 6 major metropolitan areas – submitted their vaccine distribution microplans to the CDC in October, and the CDC reviewed and provided feedback on these iterative documents. Now as the Administration moves toward distribution these 64 jurisdictions will help communicate guidance and distribute instructions to the American people. All 64 jurisdictions' plan draft executive summaries are available for review [here](#).

*On Thursday, December 3, Vice President Pence and HHS Secretary Azar traveled to Memphis, Tennessee to meet with Governor Bill Lee and participate in a roundtable highlighting Operation Warp Speed and the Centers for Disease Control and Prevention's vaccine distribution program, and Tennessee's plan to operationalize vaccinations once approved.*

 **Vice President Pence: Pleased to be joined by @SecAzar, @CDCDirector, @GovBillLee & @FedEx in Memphis. Early on, @FedEx helped meet the need of the American people by delivering PPE to healthcare workers, & we look forward to continuing that seamless partnership to deliver millions of vaccine doses!**

 **HHS Secretary Azar: Thanks to @POTUS's #OperationWarpSpeed, we are incredibly close to delivering safe and effective COVID-19 vaccines. Joining @VP, @CDCDirector, @GovBillLee, FedEx leadership, and state and local leaders in Memphis to discuss the upcoming distribution efforts.**

On Friday, December 4, 2020, Vice President Pence also traveled to Georgia where he participated in another roundtable discussing the unprecedented progress toward a COVID-19 vaccine. Watch the Vice President deliver remarks [here](#).

 **Vice President Pence: We would not be here but for the tireless efforts of everyone involved in our national response.**

## **Readout from the 31st National COVID-19 Briefing Call**

Thank you for your efforts in the whole-of-America approach to responding to COVID-19. Below you will find a readout from the White House COVID-19 National Briefing Call with State, local, and Tribal officials.

In addition to the readout, we would like to highlight that on Thursday, December 3, President Trump [approved](#) a federal funding extension for the National Guard's COVID-19 relief work through the end of March 2021. The extension reflects President Trump's consistent recognition of the important role the men and women of the National Guard play in the response to and economic recovery from COVID-19. President Trump's extension of federal funding for the National Guard is yet another unprecedented, proactive step in providing State's with the resources they need in their response to COVID-19.

Participants on the December 2nd call included:

- Ambassador Deborah Birx, *White House Coronavirus Task Force Coordinator*
- Dr. Anthony Fauci, Director, *National Institute of Allergy and Infectious Diseases, NIH*
- Dr. Robert Redfield, *Director, Centers for Disease Control and Prevention*
- RADM Michael Iademarco, *Director, Center for Surveillance, Epidemiology, and Laboratory Services, CDC*

### **Ambassador Deborah Birx, White House Coronavirus Task Force**

**Coordinator:** Ambassador Birx provided an update on trends observed from her travel across the country meeting with State, local, and Tribal leaders. Dr. Birx noted the rise in cases and hospitalizations across the country. Where cases had risen in the Rocky Mountains, Northern plains, and in the heartland states - which recently received cold temperatures - these regions have shown COVID-19 cases stabilizing prior to the Thanksgiving holiday. These states will be a helpful indicator as data reporting becomes available in the coming weeks to determine any potential surge from Thanksgiving gatherings.

Following the Thanksgiving holiday, Dr. Birx encouraged individuals who may not have closely followed mitigation measures to get tested. Dr. Birx noted the importance of testing in identifying asymptomatic cases.

**Dr. Anthony Fauci, Director, National Institute of Allergy and Infectious Diseases, NIH:** Dr. Fauci provided an update on the Government's Federal efforts on vaccine planning and distribution. The Federal Government has been working in coordination with State and local governments to distribute a safe and effective vaccine to

the American people in record time. Dr. Fauci indicated that the speed of which a vaccine has become available is a reflection of the extraordinary technological advances that started nearly a decade ago, which has led to the utilization of the scientific data today. This speed is a result of the investment of billions of dollars from Operation Warp Speed that provided funding at once, rather than over time.

The process of determining a safe and effective vaccine has been a sound process free from outside influence. Career scientists who analyze the data are an independent body and work hand-in-hand with the FDA allowing for full transparency.

**Dr. Robert Redfield, Director, Centers for Disease Control and Prevention:** Dr. Redfield provided an update on the distribution plan for the 64 jurisdictions. Within the jurisdictions, there is a micro-jurisdiction plan, which emphasizes the importance of supporting each community through the Coronavirus pandemic. This week, the CDC completed exercises with all jurisdictions that simulated the distribution plan and addressed any potential glitches. On this micro-level, Governors and their states will help determine and facilitate how to best distribute and apply the vaccines.

Along with Dr. Redfield, Dr. Birx is asking all States and local communities to begin using their [BinaxNow COVID-19 tests](#) that have already been sent to States. Dr. Birx emphasized that if communities can get 20-25 county workers to get tested, it will make a significant impact.

Additionally, Dr. Redfield [announced](#) that HHS is laying the necessary groundwork for the distribution of a safe and effective COVID-19 vaccine by ensuring that all tribal health programs and urban Indian organizations have the choice on how they receive the COVID-19 vaccine. On December 1, 2020, HHS [announced](#) that all tribal health programs and UIOs (Urban Indian Organizations) have chosen their preferred method for receiving the vaccine. Tribal health programs and UIOs had the option of receiving the vaccine either through the Indian Health Service or their respective state. Once available, COVID-19 vaccines will be allocated to jurisdictions, including the IHS, who will then distribute to tribal health programs and UIOs.

**Finally, the CDC announced on December 2, 2020 options to reduce quarantine for people who may have been exposed to COVID-19.** Quarantine is intended to reduce the risk that infected persons might unknowingly transmit infection to others. It also ensures that persons who become symptomatic or are otherwise diagnosed during quarantine can be rapidly brought to care and evaluated. However, a 14-day quarantine can impose personal burdens that may affect physical and mental health as well as cause economic hardship that may reduce compliance. Based on local circumstances and resources, CDC finds the following options to shorten quarantine are acceptable to the recommended 14 days.

Quarantine can end after Day 10 without testing and if no symptoms have been reported during daily monitoring.

- With this strategy, residual post-quarantine transmission risk is estimated to be about 1% with an upper limit of about 10%.
- *When diagnostic testing resources are sufficient and available*, then quarantine can end after Day 7 if a diagnostic specimen tests negative and if no symptoms were reported during daily monitoring. The specimen may be collected and tested within 48 hours before the time of planned quarantine discontinuation (e.g., in anticipation of testing delays), but quarantine cannot be discontinued earlier than after Day 7.
  - With this strategy, the residual post-quarantine transmission risk is estimated to be about 5% with an upper limit of about 12%.

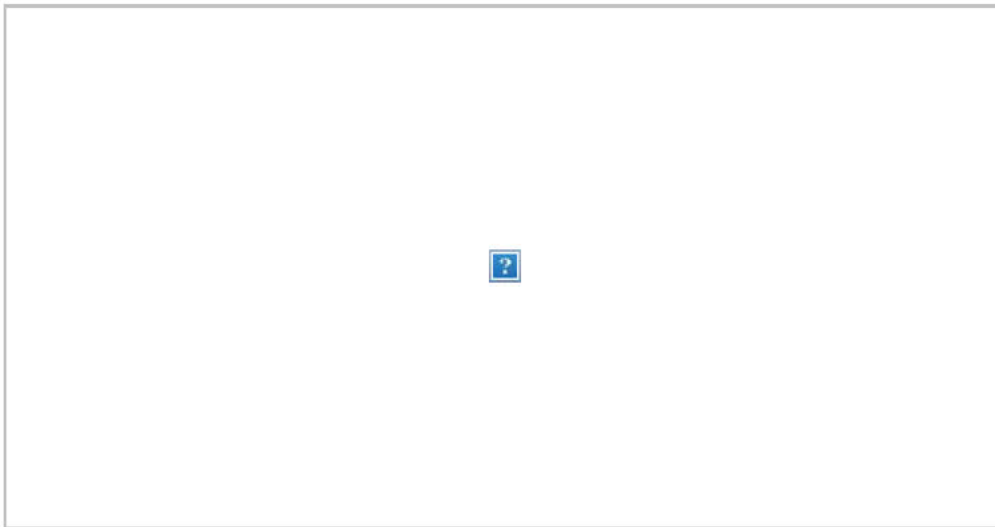

**Read More: [Options to Reduce Quarantine for Contacts of Persons with SARS-CoV-2 Infection Using Symptom Monitoring and Diagnostic Testing](#)**

**RADM Michael Iademarco, Director, Center for Surveillance, Epidemiology, and Laboratory Services, CDC:** RADM Michael F. Iademarco, MD, MPH is Director of the Center for Surveillance, Epidemiology, and Laboratory Services (CSELS) at the U.S. Centers for Disease Control and Prevention (CDC) who discussed the importance of the successful [Lucira COVID-19 All-In-One Test Kit](#) that has been authorized by the FDA for home use provides the ability to efficiently track and monitor results.

Also do not forget that if you have fully recovered from COVID-19, you may be able to help patients currently fighting the infection by donating your plasma. Because you fought the infection, your plasma now contains COVID-19 antibodies. These antibodies provided one way for your immune system to fight the virus when you were sick, so your plasma may be able to be used to help others fight off the disease. Learn more [here](#).

## **Readout from the 43st Governors Call on COVID-19**

Image

On Monday, November 30, Vice President Mike Pence led a discussion with the chief executives and senior leaders of approximately 50 states, territories, and the city of Washington, D.C., and the White House Coronavirus Task Force to discuss local, state, and federal COVID-19 response and recovery efforts including the continued collaboration on vaccine distribution and administration planning.

 **Vice President Pence: [In August, President @realDonaldTrump said we would have a coronavirus vaccine by the end of the year, and today, American](#)**

**companies have produced 2 Vaccines in RECORD TIME! Once approved, we will inoculate millions by years end! Help is on the Way America!**

### **Participants from the White House Coronavirus Task Force:**

- Vice President Mike Pence
- Secretary Alex Azar, U.S. Department of Health & Human Services (HHS)
- Ambassador Deborah Birx, M.D., White House Coronavirus Task Force Coordinator
- General Gustave F. Perna, Chief Operation Officer, Operation Warp Speed (OWS)
- Director Anthony Fauci, M.D., National Institute of Allergy & Infectious Diseases, HHS
- Director Robert Redfield, M.D., Centers for Disease Control and Prevention (CDC), HHS
- Commissioner Stephen Hahn, M.D., Food and Drug Administration (FDA), HHS
- Brigadier General David Sanford, Defense Supply Center & Defense Logistics Agency Aviation, U.S. Department of Defense (DOD)
- Assistant Administrator David Bibo, Federal Emergency Management Agency (FEMA)

The Vice President discussed with governors the ongoing whole-of-government effort to mitigate and respond to COVID-19, ongoing robust partnership to prepare in distributing and administering a safe and effective vaccine with our nation's governors and public health jurisdictions, and provided an update on key state and federal medical supply chain management efforts. Governors, including Texas Governor Greg Abbott and Louisiana Governor John Bel Edwards, highlighted their best practices on distributing and administering a safe and effective vaccine.

The Vice President also noted that the Federal government has worked towards 90-day Federal stockpile for PPE and supplies, and establishing ongoing mechanism to replenish the stockpile.

 **FEMA Administrator Pete Gaynor: [This morning I participated in an Agency Review Team briefing on current needs and status of PPE and #COVID19 supplies. Thank you to @DHSgov and @HHSgov for your ongoing partnership in the ongoing response efforts.](#)**

FDA Commissioner Dr. Hahn and Dr. Fauci provided an update on vaccine and therapeutic developments, and reminded governors about the multi-layered, transparent, and independent vaccine approval process. Specifically, Dr. Hahn reiterated that the rigorous standards of the approval process—even in the context of an expedited timeline created by Operation Warp Speed—leads to no cut corners.

General Perna provided an update on vaccine distribution and administration planning

efforts including reviewing outstanding State-Federal needs, ongoing table top exercises with public and private partners, and ongoing communication with state partners. Further, General Perna called on governors to ensure that healthcare providers are included in State distribution plans to increase States' operational effectiveness.

Secretary Azar provided an update on Moderna's vaccine trial and the impending submission of the company's EUA application. Additionally, Secretary Azar provided an update on an aspect of Operation Warp Speed that has resulted in 99% of nursing homes partnering with private pharmacies to ensure the safe and effective delivery of vaccines to nursing home residents.

Director Redfield provided an update on state vaccine planning and CDC planning activities. All 64 public health jurisdictions submitted their vaccine distribution interim plans to the CDC earlier in October, the CDC reviewed these iterative documents providing feedback to states recently, and states are working to finalize their plans in the coming days.

Ambassador Birx provided an update on data and trends from across the Nation and discussed engagement meeting with state, local, and community leaders.

*Since January 2020, the Trump Administration has organized and hosted 43 governors-only briefings to drive effective communication and collaboration at every level of government. Public health incidents, like natural disasters, are locally-executed, State-managed, and Federally-supported. This is likely the most robust Federal-State collaboration in our Nation's history.*

## **November Jobs Numbers - Economy Continues Rebound**

On Friday, December 4, the U.S. Department of Labor's Bureau of Labor Statistics [released](#) jobs numbers showing the U.S. economy added 245,000 jobs in November with the unemployment rate dropping by 0.2 percent to 6.7 percent. The net 245,000 jobs added in November included an increase of 344,000 jobs in the private sector.

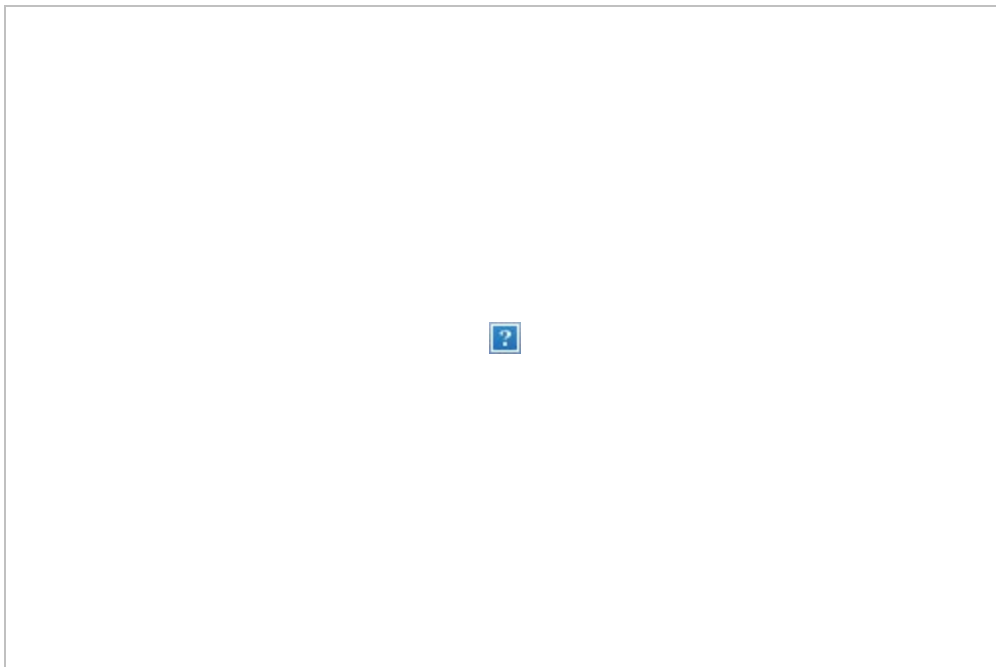

[November Jobs Report. +344,000 private sector jobs. dol.gov](#)

Per the Council of Economic Advisors, since the April pandemic-low, the economy has added back 12.3 million jobs. This is 4 million more jobs than predicted by the Congressional Budget Office in July. The economy has now recovered roughly 6 in 10 (56%) of pandemic job losses in just 7 months. Roughly two-thirds (66.8%) of jobs gains over the past 7 months occurred in the retail, leisure & hospitality, and education & health services sectors.

## **President Trump Awards the Medal of Freedom to Lou Holtz**

On Thursday, December 4, 2020, **[President Donald J. Trump awarded the Presidential Medal of Freedom to Louis Leo Holtz](#)**. This prestigious award is the

Nation's highest civilian honor, which may be awarded by the President to individuals who have made especially meritorious contributions to the security or national interests of the United States, to world peace, or to cultural or other significant public or private endeavors.

America recognizes Lou Holtz as one of the greatest football coaches of all time for his unmatched accomplishments on the gridiron, but he is also a philanthropist, author, and true American patriot. After growing up in a small town in West Virginia, Holtz attended Kent State University, becoming the first member of his family to enroll in college. At Kent State, Holtz played football, studied history, and joined the Army Reserve Officers' Training Corps. For the next 7 years, he honorably served as an Officer in the United States Army Reserves. When asked about his service during an interview with the American Legion, Holtz said, "I was taught at an early age that I had an obligation to serve my country."

◆◆ Watch: [Congratulations @CoachLouHoltz88!](#)

Upon graduating from Kent State, Holtz began his historic coaching career as a graduate assistant at the University of Iowa before landing his first head-coaching job at the College of William and Mary, leading the team to the Southern Conference Title and an appearance in the Tangerine Bowl. Over the next 35 years, Holtz led successful college and professional football teams, including North Carolina State, the University of Arkansas, the New York Jets, the University of Minnesota, and the University of South Carolina, compiling an impressive overall record of 249-132-7. Most notably, Holtz earned an outstanding 100-30-2 record in 11 seasons at the University of Notre Dame. His 1988 team earned a perfect 12-0 record and were crowned national champions. Most importantly, he inspired generations of young athletes along the way.

Since his retirement from coaching, Holtz has authored several books, contributed to ESPN and CBS as a sports analyst, and continues to give back to his community through two of his own charities, the Holtz Charitable Foundation and the Holtz's Heroes Foundation. In commemoration of his outstanding accomplishments both on and off the football field, Holtz was awarded honorary doctorates from the University of Notre Dame, the University of South Carolina, Trine University, and the Franciscan University of Steubenville. He was also elected to the College Football Hall of Fame, the Arkansas Sports Hall of Fame, and the Upper Ohio Valley Hall of Fame, among many other well-deserved accolades.

## 2020 White House Christmas Decorations ◆◆

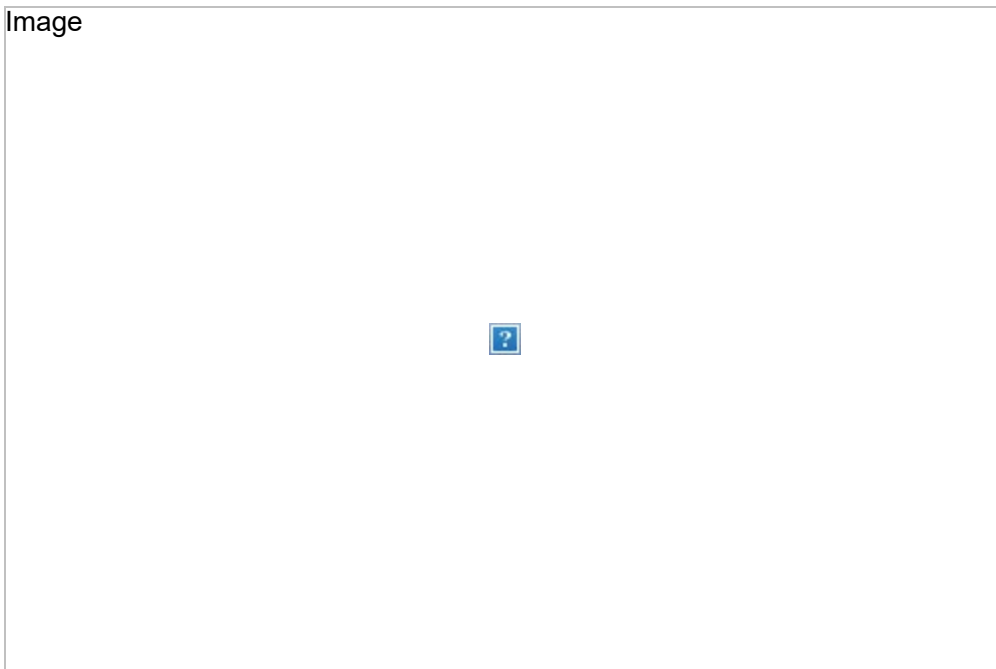

The First Family is celebrating Christmas at the White House. This year's theme, "America the Beautiful," is a tribute to the majesty of our great Nation. From coast to coast, our country is blessed with boundless natural wonders. The timeless treasures represented in this year's holiday showcase remind us of the true American spirit. Together, we celebrate this land we are all proud to call home.

**First Lady Melania Trump: During this special time of the year, I am delighted to share “America the Beautiful” and pay tribute to the majesty of our great Nation. Together, we celebrate this land we are all proud to call home. #WHChristmas**

Upon entering the East Wing, visitors are welcomed by The Gold Star Family Tree, an annual tradition among the holiday decorations. Draped in blue, the color of perseverance and justice, it pays tribute to our American heroes and their families who walk beside them in service. This year, families who decorated the tree placed the name of their fallen family member on ribbon that will adorn the tree.

First Lady Melania Trump tours young, talented children around the White House to unveil the art they depicted of what makes their state beautiful by highlighting the people, places, and things that capture the spirit of the state in which they call home. The First Lady's BE

Subject: TIME SENSITIVE SIGN ON: Support COVID Relief for Georgians - DEADLINE TODAY AT 5 PM ON BEHALF OF THE GA BUDGET & POLICY INSTITUTE

**Message from Member Georgia Budget & Policy Institute:**

Dear Black Leadership Coalition Members,

Due to COVID-19, too many Georgia families will go hungry this holiday season. Federal lawmakers must take action to provide comprehensive COVID relief that helps families put

food on the table.

GBPI is writing to ask if your organization would sign on in support of comprehensive federal relief that helps families afford necessities. We are hoping that if we show support from a variety of Georgia organizations, Senators Perdue and Loeffler will realize the need to support critical provisions like additional SNAP benefits, adequate unemployment insurance benefits, and more aid to state and local governments. You can read and sign the letter here: <https://covidreliefletter.paperform.co/>

Please sign by end of day **Wednesday, December 2 at 5 pm**. And please let me know if you have any questions.

Thank you,

Jim Galloway is a four-decade veteran of The Atlanta Journal-Constitution who writes the Political Insider blog and column.

## **COVID-19 threatens to close Manuel's Tavern**

**Yes, it's an institution with distinctly Democratic leanings.** An ancient portrait of John F. Kennedy, clouded by decades of cigarette smoke, hangs over the bar. But even most Republicans would agree that Manuel's Tavern, the most famous political bar in Atlanta, ought not fall victim to COVID-19.

**From Maria Saporta over at the Saporta Report:**

*Manuel's has been hit hard by the coronavirus pandemic with business down an average of 62 percent. It has had limited take-out service and space for outdoor seating, which is less and less available because of the wintery weather.*

*"The likelihood of closing Manuel's is significant at this point," said Brian Maloof, who owns the restaurant and is the youngest son of its namesake – the late Manuel Maloof. "I would imagine it would be permanent."*

The tavern opened in 1956 at the same location as Harry's Delicatessen, a longtime neighborhood deli that served beer following the end of Prohibition. It was owned by Manuel Maloof, the longtime DeKalb County CEO.

Manuel's Tavern was just coming out of a facelift when the pandemic took hold and was officially been listed on the National Register of Historic Places as of May 29. Manuel's is located only a short distance from the Carter Center, and back in the day, former President Jimmy Carter and Rosalynn Carter could often be found at one of the tavern's tables.

Innumerable political campaigns have debuted in the space.

Angelo Fuster, a veteran of the Maynard Jackson administration, **has started a GoFundMe page** to save the place.

**If the "Stop the Steal" rally** in a leafy Alpharetta park had attracted just a handful of gawkers, it would have been easy to dismiss its organizers as another fringe group with a sketchy following.

But the gathering headlined by disgraced former Trump attorney Sidney Powell drew hundreds of participants -- indeed, it was one of the biggest Georgia GOP rallies one of your Insiders has attended this year that didn't feature President Donald Trump.

Powell was greeted with ravenous applause by a crowd packed into an equestrian ring. But it was attorney Lin Wood who drew the attention -- shoveling false claims of voter fraud and baseless broadsides at top GOP officials.

Just after soon-to-be-ex (Democratic) state Rep. Vernon Jones urged the audience to vote for Sens. Kelly Loeffler and David Perdue, Wood swiped the mic back.

"They have not earned your vote. Don't you give it to them. Why would you go

back and vote in another rigged election for God's sake? Fix it .You gotta fix it," he said -- underlining GOP fears that claims of a rigged presidential contest fueled by Trump and echoed by the likes of Wood and Powell, could dampen Republican turnout in Georgia's crucial runoff contests for U.S. Senate.

From former House speaker Newt Gingrich this morning, [via Twitter](#):

*Lin Wood and Sidney Powell are totally destructive. Every Georgia conservative who cares about America MUST vote in the runoff. Their dont vote strategy will cripple America*

Not long after, the secretary of state's office confirmed a graphic floating around social media that showed Wood was a frequent Democratic primary voter, including in the 2018 primary. And conservative media outlets, [including Breitbart](#), quickly published stories detailing his past contributions to Democrats.

While state elections officials debunked Wood's claims, Gov. Brian Kemp took a different tack. Appearing on Erick Erickson's WSB Radio show, he said he had no apologies for ignoring Trump's demands that he somehow overturn the election.

"I know it's been frustrating for people but that's the way our system is set up," he said. "And I took that oath to follow the laws and the Constitution and that's what I'm going to continue to do."

And yet all were undercut by [a video issued by a defeated president](#). The lede paragraph from the Associated Press:

*Increasingly detached from reality, President Donald Trump stood before a White House lectern and delivered a 46-minute diatribe against the election results that produced a win for Democrat Joe Biden, unspooling one misstatement after another to back his baseless claim that he really won.*

---

**State senators will hold two hearings** at the Capitol today to examine the topic of absentee ballots and Georgia election law. Testimony is anticipated to be restricted – and based on notarized statements.

The Senate Committee on Government Oversight meets at 9:30 a.m. A Senate Judiciary subcommittee meets at 1 p.m. They are chaired by Bill Heath, R-Bremen, and William Ligon, R-Brunswick, respectively. Both declined to run for re-election last month. Their terms expire in January – which is significant. [Both hearings will be livestreamed.](#)

[Meanwhile, WSB-TV](#) has discovered something for state lawmakers to talk about beside [Andrew Yang](#), the former Democratic presidential candidate who sparked GOP fears of an influx of temporary Georgia residents – who move here solely to vote. [To wit](#):

*A Florida attorney is at the center of a new state investigation after*

*elections officials say he recently attempted to register to vote in Georgia and instructed other Florida Republicans on how to do it .*

---

**There are times when it salves** the ego to see one's name on the front page of the New York Times. For U.S. Sen. David Perdue, embroiled in a hot runoff with Democrat Jon Ossoff, **this isn't one of them:**

*An examination of Mr. Perdue's stock trading during his six years in office reveals that he has been the Senate's most prolific stock trader by far, sometimes reporting 20 or more transactions in a single day.*

*The Times analyzed data compiled by Senate Stock Watcher, a nonpartisan website that aggregates publicly available information on lawmakers' trading, and found that Mr. Perdue's transactions accounted for nearly a third of all senators' trades reported in the past six years. His 2,596 trades, mostly in stocks but also in bonds and funds, roughly equal the combined trading volume of the next five most active traders in the Senate.*

---

**Lindsey Graham, Tim Scott and Todd Young** are hosting a fundraiser tonight in Atlanta for their two Georgia colleagues locked in U.S. Senate runoffs, with a "special appearance" promised by Majority Leader Mitch McConnell. The tickets for the Georgia Battleground event start at \$2,800 a pop, while dinner will cost \$25,000 a couple. A spot as a co-host will run donors \$41,100. The exact site is being kept under wraps, disclosed only to those who write checks.

---

**Already posted:** Former President Barack Obama will headline **a virtual get-out-the-vote rally** on Friday with U.S. Senate candidates Jon Ossoff and Raphael Warnock to mobilize Democrats – and urge them to volunteer – ahead of the start of early voting on Dec. 14.

---

**Georgia's four newest U.S. House members** are participating this morning in the time-honored tradition of selecting their new Washington office space via lottery. The coronavirus pandemic led to changes in the normally spirited exercise: members participated via WebEx and watched House staffers dip their hands into the bowl to determine their fate.

Among U.S. Reps.-elect Carolyn Bourdeaux, Andrew Clyde, Marjorie Taylor Greene, and Nikema Williams, we believe that it was Williams who drew the highest number and therefore will have the best chances at securing office space in the most desirable location. She will select at No. 8 among more than 50 freshmen.

---

**Georgia's newest congressman, Kwanza Hall,** will be sworn in this afternoon after the state worked quickly to submit to Washington the **results of Tuesday's runoff.** He will be able to immediately participate in House votes, which are expected through the weekend and could continue into next week.

Hall will serve out the remainder of the late U.S. Rep. John Lewis' term, roughly a month, before passing the seat to Nikema Williams in January.

**FULTON COUNTY CHAIRMAN CALLS ON CRITICS OF FULTON ELECTIONS TO  
SHOW PROOF**

In response to ongoing assaults on the integrity of the recent election in Fulton County, Georgia, Fulton County Commission Chairman Robb Pitts has called on President Donald Trump and Georgia Secretary of State Brad Raffensperger to produce any concrete information they have that supports allegations of wrongdoing with the election process in Fulton County.

"To continue to malign and suggest that the election in Fulton County was rigged or mishandled is without any merit whatsoever. If solid evidence exists where is it? I

say as loudly and clearly as I can it is time to put up or shut up," said Chairman Pitts

"I cannot speak for the other 158 counties in Georgia, but I can say, beyond a shadow of a doubt, that there was no intentional funny business with elections in Fulton County," continued Pitts.

Representatives of both President Donald Trump and Secretary of State Brad Raffensperger have been critical of how elections have been handled in Fulton County.

All ballots cast in Fulton County have been counted twice, once by machine and another by hand. The difference between the two counts of the 528,777 ballots cast was only 752.

A third count, another manual one, is underway and is scheduled to be completed by midnight on December 2. "I am confident that the results of this third count will not differ substantially from the first two," said Pitts.

Hi Pamela and ALL,

I never heard back from you but wanted to let you know that my absentee ballot status finally showed up as ballot accepted on 11-23-20. What took so long is the question not just for me but for all voters?? See attached.

BUT, I AM WRITING ABOUT **ANOTHER ISSUE** WHICH I THINK IS VERY IMPORTANT RE THE JAN. 5, 2021 SENATE RUNOFF ELECTION. **I BELIEVE THERE IS AN ERROR IN THE BALLOT REQUEST FORM.**

The ballot request form has a line where one of three choices are to be checked under "TYPE OF BALLOT." These are:

Democratic Republican Non Partisan (will not have ANY party candidate listed)

See attached.

**This is NOT, as you know, a Primary or Primary Runoff election.** I have two law degrees and I sat here for about 15 minutes today trying to decide whether to check any box; if so, which one; or to leave blank. **THIS LINE SHOULD NOT BE ON THE BALLOT** because, as I said, **this is not a "primary" or "primary runoff" election!!**

If this confused me, it is going to confuse other voters. And may cause some not to vote. It is probably too late to amend the ballot but, at a minimum, there needs to be some clarification on the online ballot application page clarifying this. Unknown to me, my wife had received an absentee ballot application in the mail from Chatham County and she was puzzling over how to fill in the same line.

I don't need to say that Georgia has had enough problem without issuing a confusing absentee ballot request for the Jan. 5. 2021 election.

**I urge someone to bring this to the attention of the Secretary of State's office so that this can be handled immediately.** There should not be any line for type of ballot requested at all for this election!!

-  
Thank you.

John "Jack" C. Stout, Jr.

**Subject:** RE: The 2020 General Election in Fulton County: What Happened and What's Next?

Hi Commissioner Morris,

I am still trying to determine, after four tries, if my absentee ballot was received by Fulton County. I was working with Bob Ellis on this until I determined on the Saturday before Election Day that he was no longer my Commissioner.

This is a somewhat involved story and I have written it out in case you wish you to hear the long version. Bottom line is that checking both ballot tracker today and SOS website my ballot, after four tries, was never received. I just talked to friend in press this PM and he looked at entire SOS database. My name does not show up there as having voted as well.

Obviously, if we are going to have a recount, then we need to recount all sides! I am a lifelong Republican who voted straight Democratic this year because I want Donald Trump gone. But, how I voted is of course irrelevant with respect to having my ballot counted.

Any help you can provide would be most welcome. I have never had so much trouble voting in my life and now to see, at least online and according to the SOS database that my ballot was not received and, therefore, presumably not counted really ..... well, you get the point- not a happy camper. The outsourcing to AZ combined with DeJoy screwing up the post office combined I suspect to put a number of people-large(?) in the same proverbial boat as myself.

Thanks,

Jack Stout

Friends -

As a lifelong political junkie, I have been glued to the television when not in county-related zoom meetings, watching the unfolding of this year's vote counting.

I wish people on both sides could trust the processes and the vote counting, but know that wish can't be granted. As a backup wish, I will hope that when the counting is over, when the lawsuits are resolved, and when the presidential oath is taken and the legislators take their seats (nationally and locally), we can respect our political rivals even when we disagree with each other, and can treat each other with decency, courtesy, honesty, dignity and integrity.

As I usually do, I invite you to review the presentation of [the county's COVID-19 response](#) which we received at this week's Board of Commissioners meeting.

## Election Recap

<image004.jpg>

In preparation for the November 3 General Election, Fulton County embarked upon an unparalleled **Early Voting** operation. With 30+ Early Voting locations, 2 brand new Mobile Voting Units, voter outreach locations across the county, and expanded hours including Saturday and Sunday voting, the effort was a resounding success. 315,400 votes were cast at Early Voting locations, more than half of the total votes cast, with only minor hiccups needing to be addressed. Much of the success is due to the high capacity voting centers, in particular State Farm Arena. Fulton County and the Atlanta Hawks partnered to create a voting experience like no other, resulting in rave reviews from voters.

**Election Day** also went smoothly, with Fulton County's 255 precincts processing more than 58,000 voters with minimal to no wait times. There was some consternation leading up to the opening of the polls, as a moving company contracted to deliver elections equipment was unable to complete the services for which they were hired. However, county staff worked overnight to ensure delivery of all necessary equipment and all precincts opened on time. We are also aware of the early morning issue at Morris Brandon Primary Center, where a scanner was inaccessible due to a missing key. However, voters were able to cast provisional ballots until a technician arrived around 8:30 AM.

<image005.jpg>

If Early Voting and Election Day were so successful, then why is Fulton County once again a headline or lead story in the national media? In 2020, more voters cast **Absentee by Mail Ballots** than ever before. More than 150,000 absentee ballots were received by Fulton County for this election alone. To put this in perspective, Fulton County processed 86,000 absentee ballots for the June 2020 Primary Election, and only 947 total absentee ballots in the 2016 Presidential Election.

The volume of ballots, which require a multi-step process to open, flatten, scan, and tally presents one challenge. In addition, some ballots need to be **adjudicated** by a Ballot Review Panel of county Democratic and Republican leadership. What does this mean? When voters do not completely fill in the circle indicating their choice, the scanner rejects the ballot. The Ballot Review Panel looks over these rejected ballots to determine the voter's intent. For instance, a voter may have placed an X or a check mark over the circle instead

of filling in the circle. This demonstrates intent which the scanner may not recognize, but a human does.

Finally, State Farm Arena experienced a broken water pipe overnight Monday, resulting in a flooded room where absentee ballots were stored. **No ballots were damaged**, but there were delays in the ballot counting process while staff worked on remediation and clean up.

We completely understand the public's frustration around the delay in reporting results. However, given how close this election is, we support the elections staff's focus on counting all votes and doing so accurately.

## What's Next?

<image003.jpg>

- **What still needs to be counted?** Provisional ballots (projected to be less than 4,000) and any ballots received from members of the military serving overseas will be tallied on Friday, November 6.
- The Board of Registration and Elections will meet next Thursday, November 12 to certify the results of the election. This meeting will stream live on the [Fulton County YouTube channel](#).
- Given how close many of the high-profile races are, we anticipate likely legal challenges and recounts.
- As of right now, it appears that both U.S. Senate races are headed to a runoff in January. State and local runoffs will take place on Tuesday, December 1.
- **If you live in the 5th Congressional District, [early voting for the runoff to complete Congressman John Lewis's unexpired term](#) begins this Monday, November 9** at the following locations:

Mark,

I have no idea who Sidney Powell is. Nothing in that story is true. It is full of laughable claims. No responsible media outlet would report such garbage.

People such as Mr. Powell are contributing to the atmosphere that is causing us to get threats. A monitor at GWCC published the address of Mabel yesterday, who is Nadine's assistant. We are going to report him to the police when we confirm his identity. Another monitor reported the posting to us. If he shows up to be a monitor today, I told Nadine to have him escorted from the premises by a GBI officer. This is an example of inexcusable behavior by monitors.

Dear Fulton County,

You actively participated in the greatest election fraud in modern history, and everybody knows it. I believe that liberals regard the rules as old fashioned and silly, something only dullards concern themselves about. Maybe you're worried about the BLM riots sure to follow a Trump re-election. As a white male conservative, I wish to share some thoughts and concerns with you. First, as of this instant, the entire white conservative population is cleaning their firearms and stockpiling ammunition for the coming civil war. A usurper with a history of criminal behavior and who broke every election law ever written ain't gonna stop there, liberalism has big plans for America, laws be god damned if they interfere. Conservatives know full well the insanity driving the liberal agenda has no limits. No restraint. How many lives have been sacrificed on the altar of the US Constitution, for and against? The Bitch is drunk with the blood of the martyrs, banging her cup for MORE. Constitution loving conservatives aren't going to steal some electronics, smash and dash with the goodies behind the glass and call it a day. You do realize the Right enraged is a COMPLETELY different entity than the left? I'm NOT threatening you, I have no intention of visiting my wrath upon Georgia in any way, shape or form, nor am I recruiting or soliciting anyone, anywhere, to do so on my behalf, or for any reason. I'm worried about coming events. You do understand that Constitution defenders will stop at NOTHING to preserve that blood soaked document? They won't target merchants. They will target infrastructure. Electric power stations. Let's see Atlanta go without electricity for a week. Talk about riots! Talk about lawless anarchy! You won't need to de-fund the police, the survivors will quit. How about all those bridges? How about all those pipes, moving good things and bad hither and yon? You've never ever hemorrhaged money from leftie riots like you're about to lose from rightie riots. And all so you can help a criminal usurp the Constitution. You do realize that you've set your course for

suicide?

How many caravans will roll across that border from the south before the African Americans tell the Democrats "ENOUGH!" only to be told "It's NEVER enough!" A dozen caravans? Two dozen! A hundred? Two hundred! A THOUSAND? The man you helped to steal this election plans to open WIDE the southern border, and lure the immigrants here with resources formerly reserved for African American recipients. But the new Pope in Rome decided that abortion and homosexuality are suddenly alright with Lord Jesus, and now the Catholics of Central and South America can vote Democrat. If only they lived HERE instead of there! ALL those votes! Here they come, legions of them, and THEY HAVE A LONG HISTORY OF HATRED TOWARDS AFRICANS. And also towards whites. Still not too late to prevent. Tell the truth about the ballot dumps and the exclusions, the falsifications, the trickery employed to steal the election from the ones that won it. Donald Trump might be (he is) a rich playboy, but at least he wants to keep those LEGIONS of foreigners in their own countries, where they belong. Once they're here, here they are. Do you think they will ignore your county? Do you liberals ever pause to look before you leap?

Hard times coming to Fulton County, Georgia. YOU VOLUNTEERED. Remember this. "Master." "Betrayest thou the Son of Man with a kiss?"

Sitting here at my keyboard, I'm not even angry at you, I feel sorry for you. Judas Iscariot identifying Jesus to his killers with a kiss is not so wretched a betrayal as what the Democratic Party is about to inflict on African Americans. You wanna know what the Right says? At least African Americans were BORN here! Despite their many flaws, at least they ARE American! The Democrats WANT THOSE Spanish votes. Every single foreign one of them. Caravan after caravan. After caravan. Here they come. And you helped.

Remember this. The Right will.

Love and warm regards from Florida.

Sincerely,

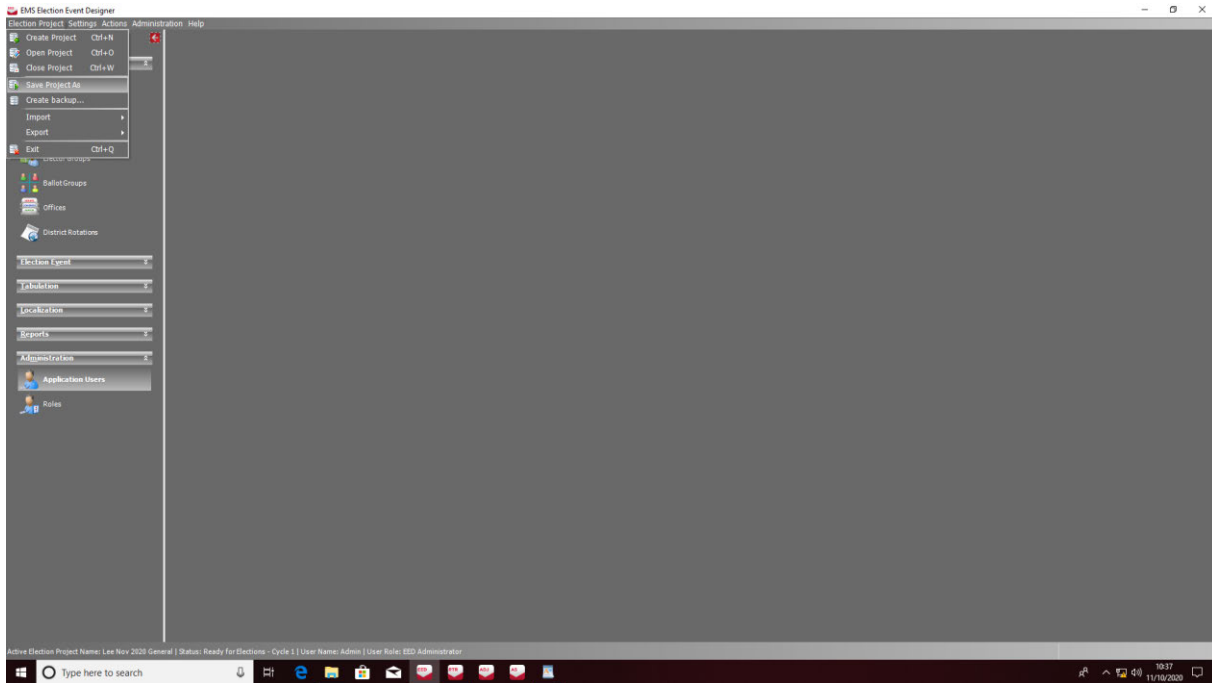

Brendon Walker

But the new Pope in Rome decided that abortion and homosexuality are suddenly alright with Lord Jesus, and now the Catholics of Central and South America can vote Democrat. If only they lived HERE instead of there! ALL those votes! Here they come, legions of them, and THEY HAVE A LONG HISTORY OF HATRED TOWARDS AFRICANS. And also towards whites. Still not too late to prevent. Tell the truth about the ballot dumps and the exclusions, the falsifications, the trickery employed to steal the election from the ones that won it. Donald Trump might be (he is) a rich playboy, but at least he wants to keep those LEGIONS of foreigners in their own countries, where they belong. Once they're here, here they are. Do you think they will ignore your county? Do you liberals ever pause to look before you leap?

Hard times coming to Fulton County, Georgia. YOU VOLUNTEERED. Remember this. "Master." "Betrayest thou the Son of Man with a kiss?"

Sitting here at my keyboard, I'm not even angry at you, I feel sorry for you. Judas Iscariot identifying Jesus to his killers with a kiss is not so wretched a betrayal as what the Democratic Party is about to inflict on African Americans. You wanna know what the Right says? At least African Americans were BORN here! Despite their many flaws, at least they ARE American! The Democrats WANT THOSE Spanish votes. Every single foreign one of them. Caravan after caravan. After caravan. Here they come. And you helped.

Remember this. The Right will.

Love and warm regards from Florida.

Sincerely,

Brendon Walker

I am going to talk about it with her this morning. It is more complicated than just stating that we are redoing everything. If the technician is able to retrieve the lost files, we will only have to redo Election Day. We had mail, provisional and early voting done. Those are the lost files. We are moving forward today under the assumption he won't be able to fix our issues, just in case. It will be hard to get through absentee by mail today once Election Day concludes this morning. We are hoping that we don't have to redo early voting. We'll work the crew tomorrow from 7 am to 11 pm, and we are getting some extra scanners sent as loaners tomorrow morning since many counties are finishing up today. That should enable us to finish tomorrow night or on Wednesday morning if he can't fix this tonight.

Yes, but it did not contain the information that you have decided to do a complete redo.

I found out from colleagues in other counties on Wednesday afternoon that the SOS isn't mailing any ballots for January until the 30th. They told no one and we all thought they were mailed no later than the 23rd, but possibly on the 21st. Two directors asked them to change the information in eNet to change MVP and they told them it wouldn't happen. The counties will get blamed for late January ballots.

I'll have Sante check on their ballots for December. Did they request for each election in December 1.

Did you clear this with the SOS? They did not allow Constitution Party as monitors for the hand tally. It could only be the three parties with candidates in the ballot, Republican, Democrat and Libertarian. Unless we get something from the SOS approving you, you'll have to go to the observation area.

Hello,  
One of our constituents has been trying to track down the status of her ballot as follows:

Dear Congressman Loudermilk,

I am your constituent in Fulton county and my absentee ballot remains missing since the November 3 election. I dropped my completed ballot in the Buckhead Library ballot box on October 29 at around 12:00pm. I have been in touch with the Fulton County Registrar's office several times. Initially on November 5, they said that "if it was important" to me, they could try to track it down. I assured them it was and asked them to do so but had no further progress. I followed up today with the response that they just haven't gotten to finding the reported missing ballots because there's been so much to do with recounting and auditing. They said they are assuming it was scanned but not entered. I was asked to leave another voicemail with assistant to the supervisor, which I did, but at this point have little confidence that my vote was counted, or that it will be. Is there anything further I can do? I'm disappointed in the registrar's process, but they don't seem interested in tracking down my ballot.

Here's the history on my vote - I requested an absentee ballot on 9/30. MVP site says it was issued 9/30. My husband requested his several days later and received his ballot in the mail. I hadn't received mine two weeks later and on 10/19 I requested a new ballot. Two days later, the original ballot arrived in my mailbox. I destroyed it. I received the new ballot several days after that. On 10/29 I completed the new ballot and my husband and I and my daughters drove to the Buckhead Library and I put it in the ballot box in front of the library. I checked status on November 5 on the MVP site and called the county registrar as it was not marked "accepted." The MVP status has not changed. I followed up with the registrar today.

It is always important to me that my vote is counted, but especially so this year. The fact that it was hand delivered and is missing is a concern. Thank you for your representation and any guidance you can provide here.

Best,  
Sarah Brady

Please let me know what next steps should be taken here.

Thank you!

With kind regards,  
Claire

President Donald Trump has fired Department of Homeland Security cybersecurity chief Chris Krebs, who led efforts to defend last week's election against foreign interference and rejected Trump's baseless claims of rampant voter fraud.

Trump announced the firing in a tweet late Tuesday, saying it was "effective immediately."

Krebs, the director of DHS' Cybersecurity and Infrastructure Security Agency, had been [expecting to be fired](#) since just after Election Day, people familiar with his thinking told POLITICO. His agency's [Rumor Control website](#) debunked several conspiracy theories being promoted by Trump and his supporters, including claims of mass voting by dead people, and Krebs himself has dismissed such right-wing theories as "nonsense."

## **Fulton GA to Certify 20,000 Vote Irregularity For Biden**

ATLANTA GA – On November 6<sup>th</sup> 2020, an interim election result upload from Fulton County to the office of the Secretary of State (SOS) showed former Vice President Joe Biden’s November 3<sup>rd</sup> General Election vote totals increasing by 20,000 while President Trump’s totals appeared to have decreased by 1,000 votes.

This revelation was formally released in an [affidavit](#) from long time election monitor and career Information Technology (IT) professional Garland Favorito, the co-founder of Voters Organized for Trusted Elections Results in Georgia (VoterGA). VoterGA is a non-partisan, non-profit, all volunteer, dues free organization that has led the election integrity movement in Georgia for 15 years.

On the evening of November 5<sup>th</sup>, Favorito [notified in writing](#) the county Elections Director, all members of the Election Board, and a county attorney about the irregularity. He also made an Open Records Request with them for spreadsheets of the interim elections results summary files that were transmitted to the Secretary of State. Such files would allow interim results to be reconstructed chronologically so an analysis could determine what occurred during the post-Election Day

mail-in ballot processing. **He received no written response from anyone in the county.**

Although it is possible for candidate vote totals to decrease if a batch of votes are pulled out of the results for adjudication, the huge disparity between the vote counts for the two candidates in a single batch of mail-in ballots indicate a **serious unexplained irregularity.**

Favorito stated in his affidavit that such an irregularity would likely result from:

- Malware in the tabulator,
- Improperly harvested ballots or,
- A ballot definition mismatch.

Georgia uses similar Dominion Democracy Suite 5.5 ICP/ICC software also used in Antrim County, Michigan where **6,000 votes were erroneously swapped from Trump to Biden.** Officials there ordered a **hand count** of all ballots to correct the error. Favorito was one of the first to recommend a full hand count in Georgia. On November 11<sup>th</sup>, Secretary Raffensperger ordered that hand count but Fulton **plans to certify the results** on Friday at 10am **prior to conducting the count.**

Hi Commissioner Morris,

I am still trying to determine, after four tries, if my absentee ballot was received by Fulton County. I was working with Bob Ellis on this until I determined on the Saturday before Election Day that he was no longer my Commissioner.

This is a somewhat involved story and I have written it out in case you wish you to hear the long version. Bottom line is that checking both ballot tracker today and SOS website my ballot, after four tries, was never received. I just talked to friend in press this PM and he looked at entire SOS database. My name does not show up there as having voted as well.

Obviously, if we are going to have a recount, then we need to recount all sides! I am a lifelong Republican who voted straight Democratic this year because I

want Donald Trump gone. But, how I voted is of course irrelevant with respect to having my ballot counted.

Any help you can provide would be most welcome. I have never had so much trouble voting in my life and now to see, at least online and according to the SOS database that my ballot was not received and, therefore, presumably not counted really ..... well, you get the point-not a happy camper. The outsourcing to AZ combined with DeJoy screwing up the post office combined I suspect to put a number of people-large(?) in the same proverbial boat as myself.

Thanks,

Jack Stout

PS: We have some things in common. UNC-CH for undergrad and law school, not too far from that other college in Durham where you matriculated! And Emory for LLM in taxation. First class. Long retired! js

Friends -

As a lifelong political junkie, I have been glued to the television when not in county-related zoom meetings, watching the unfolding of this year's vote counting.

I wish people on both sides could trust the processes and the vote counting, but know that wish can't be granted. As a backup wish, I will hope that when the counting is over, when the lawsuits are resolved, and when the presidential oath is taken and the legislators take their seats (nationally and locally), we can respect our political rivals even when we disagree with each other, and can treat each other with decency, courtesy, honesty, dignity and integrity.

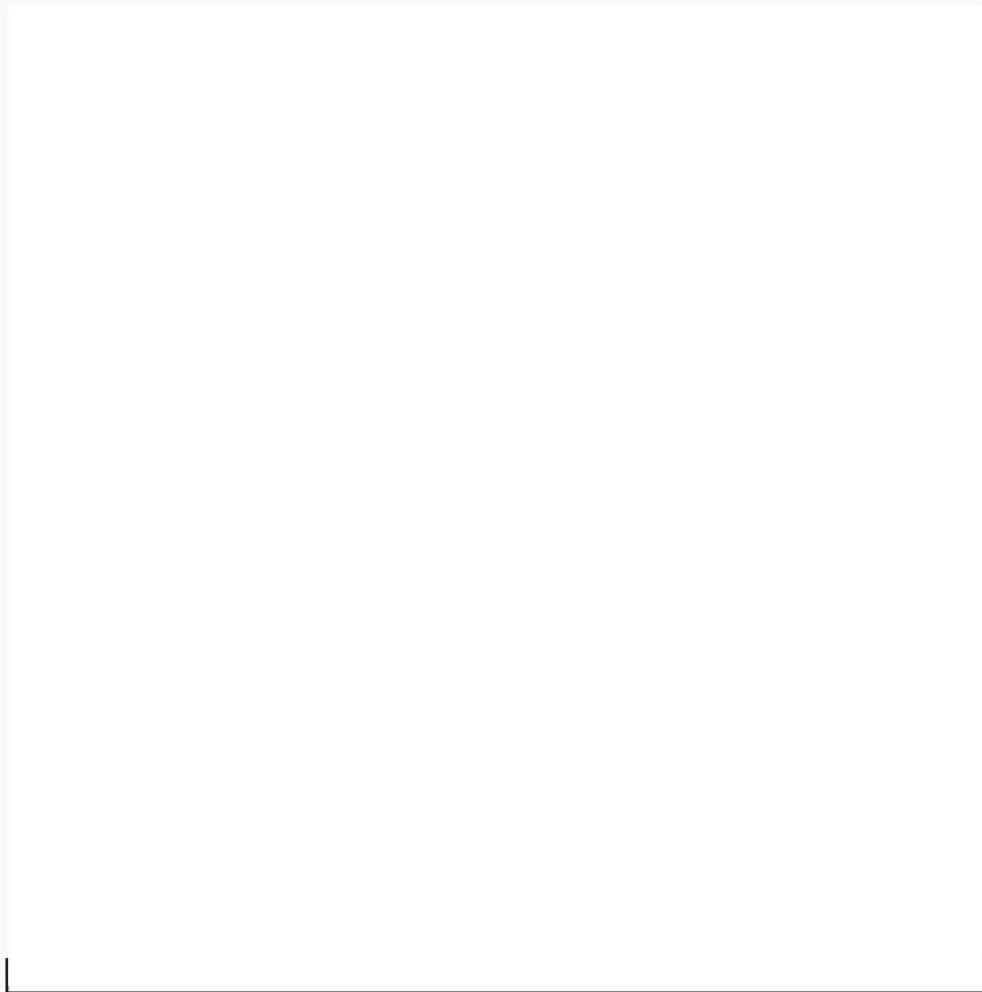

As I usually do, I invite you to review the presentation of [the county's](#)

[COVID-19 response](#) which we received at this week's Board of Commissioners meeting.

## Election Recap

In preparation for the November 3 General Election, Fulton County embarked upon an unparalleled **Early Voting** operation. With 30+ Early Voting locations, 2 brand new Mobile Voting Units, voter outreach locations across the county, and expanded hours including Saturday and Sunday voting, the effort was a

resounding success. 315,400 votes were cast at Early Voting locations, more than half of the total votes cast, with only minor hiccups needing to be addressed. Much of the success is due to the high capacity voting centers, in particular State Farm Arena. Fulton County and the Atlanta Hawks partnered to create a voting experience like no other, resulting in rave reviews from voters.

**Election Day** also went smoothly, with Fulton County's 255 precincts processing more than 58,000 voters with minimal to no wait times. There was some consternation leading up to the opening of the polls, as a moving company contracted to deliver elections equipment was unable to complete the services for which they were hired. However, county staff worked overnight to ensure delivery of all necessary equipment and all precincts opened on time. We are also aware of the early morning issue at Morris Brandon Primary Center, where a scanner was inaccessible due to a missing key. However, voters were able to cast provisional ballots until a technician arrived around 8:30 AM.

If Early Voting and Election Day were so successful, then why is Fulton County once again a headline or lead story in the national media? In 2020, more voters cast **Absentee by Mail Ballots** than ever before. More than 150,000 absentee ballots were received by Fulton County for this election alone. To put this in perspective, Fulton County processed 86,000 absentee ballots for the June 2020 Primary Election, and only 947 total absentee ballots in the 2016 Presidential Election.

The volume of ballots, which require a multi-step process to open, flatten, scan, and tally presents one challenge. In addition, some ballots need to be **adjudicated** by a Ballot Review Panel of county Democratic and Republican leadership. What does this mean? When voters do not completely fill in the circle indicating their choice, the scanner rejects the ballot. The Ballot Review Panel looks over these rejected ballots to determine the voter's intent. For instance, a voter may have placed an X or a check mark over the circle instead of filling in the circle. This demonstrates intent which the scanner may not recognize, but a human does.

Finally, State Farm Arena experienced a broken water pipe overnight Monday, resulting in a flooded room where absentee ballots were stored. **No ballots were damaged**, but there were delays in the ballot counting process while staff worked on remediation and clean up.

We completely understand the public's frustration around the delay in reporting results. However, given how close this election is, we support the elections staff's focus on counting all votes and doing so accurately.

---

## What's Next?

- **What still needs to be counted?** Provisional ballots (projected to be less than 4,000) and any ballots received from members of the military serving overseas will be tallied on Friday, November 6.
- The Board of Registration and Elections will meet next Thursday, November 12 to certify the results of the election. This meeting will stream live on the [Fulton County YouTube channel](#).
- Given how close many of the high-profile races are, we anticipate likely legal challenges and recounts.
- As of right now, it appears that both U.S. Senate races are headed to a runoff in January. State and local runoffs will take place on Tuesday, December 1.
- **If you live in the 5th Congressional District, [early voting for the](#)**

runoff to complete Congressman John Lewis's unexpired term **begins this Monday, November 9** at the following locations:

County Election Directors,

I am writing to determine the times you plan to conduct an audit this week, and next if applicable, so that we can supply poll watchers and observers for the process. We understand a race will be selected on Thursday afternoon but the schedule is unclear after that. We have many individuals who are interested in volunteering for these duties.

I asked Rick earlier today how many ABM ballots that were electronically signature verified vs. manual. He finally told me the new Bluecrest platform obtained could not be interfaced with the Runbeck platform so they gave up. The Rocket file platform contains scanned signatures from the ABM applications and is normally used when we do not get back a response from ElectionNet which contains the DDS signature. Since they had the Bluecrest problem, they made a decision to signature verify ALL ABM ballots manually with the assigned election staff personnel.

Wanted you to be aware. Vernetta and I spoke earlier this morning regarding this as neither one of us were aware of how this process was done. We both were under the impression this

was all done by the Bluecrest platform. I can only imagine this took much longer than if we would have had the automated processes.

**Subject:** Election Results: '14, '16, '18, '20 (lead race vs. down ballot race shares for republican candidates)

When measuring vote totals for republican candidates for the 1st and 2<sup>nd</sup> races listed on ballots for the past four years, the 2020 election (as currently reported) actually has the least amount of difference between the 2 candidates (Trump & Perdue).

The 2016 race is probably the best comparison as President Trump was a candidate. In that race, Johnny Isakson outperformed Trump by 46,702 votes. So in both of President Trump's elections, he received less overall votes than republican senators.

- **2020 (Presidential & Senate)**

- Donald Trump: 49.26 % (2,457,063)
- David Perdue: 49.73 % (2,457,847)
- **Difference:** Down ballot race candidate received 74 more votes, but 0.47% more of vote total for Senate race. (note – senate race had lower overall turnout than presidential)

- **2018 (Governor & Lt. Governor)**

- Brian Kemp: 50.22% (1,978,408)
- Geoff Duncan: 51.63% (1,951,738)
  - **Difference:** Lead race candidate received 26 670 votes, but 1.41% less of total vote share vs. Lt. governors race. (note – Lt. Governor race had lower overall turnout than governor’s race).

- **2016 (Presidential & Senate)**

- Donald Trump: 51.05% (2,089,104)
- Johnny Isakson: 54.80% (2,135,806)
  - **Difference:** Down ballot race received 46 702 more votes than lead race candidate, despite a lower overall election turnout for senate vs. presidential race. Also received 3.75% more of overall turnout in his respective race.

- **2014 (Governor & Senate)** \* note – US Senate was the lead race on 2014 ballots, Governor’s race was second\*

- David Perdue: 52.89% (1,358,088)
- Nathan Deal: 52.75% (1,345,237)
  - **Difference:** Lead race candidate received 12 851 more votes than down-ballot candidate and a higher percentage of turnout for respective race by 0.14%. (down ballot race had less overall turnout than lead race)

I am writing because I noticed during one of the interim result summaries where a candidate's vote totals **decreased** between transmissions while their opponent's totals increased by 20,000 votes. This would seem to be an **impossibility**. Given that this is an urgent matter that needs to be explained or resolved **prior** to election certification I am forwarding this request directly to you and bypassing Fulton's formal request process which has proven to be unhelpful in the past. Perhaps these interim results can be made available without such a request.
