CONGRESSMAN RICE STATEMENT ON TRUMP VISIT

Myrtle Beach, S.C. – “Trump is here because, like no one else I’ve ever met, he is consumed by spite. I took one vote he didn’t like and now he’s chosen to support a yes man candidate who has and will bow to anything he says, no matter what.

“If you want a Congressman who supports political violence in Ukraine or in the United States Capitol, who supports party over country, who supports a would-be tyrant over the Constitution, and who makes decisions based solely on re-election, then Russell Fry is your candidate.

“If you want a Congressman who cowers to no man, who votes for what is right, even when it’s hard, and who has fought like hell for the Grand Strand and Pee Dee, then I hope to earn your vote.”
