Dear Applicant:

**Re: Your request for access to information under Part II of the Access to Information and Protection of Privacy Act, 2015 (Our File #: TI/027/2022)**

---

On February 21, 2022, the Department of Transportation and Infrastructure received your request for access to the following records:

*All records related to maintenance, repair and snow clearing on NL Route 60 (Conception Bay Highway) in 2021 and 2022 to present.*

Updated to:

*All records related to maintenance, repair and snow clearing on NL Route 60 (Conception Bay Highway) in 2021 only.*

I am pleased to inform you that a decision has been made by the Deputy Minister for Transportation and Infrastructure to provide access to the requested information. In accordance with your request, the appropriate information is attached.

Please be advised that you may ask the Information and Privacy Commissioner to review the processing of your access request, as set out in section 42 of the *Access to Information and Protection of Privacy Act, 2015* (the *Act*) (a copy of this section of the *Act* has been enclosed for your reference). A request to the Commissioner must be made in writing within 15 business days of the date of this letter or within a longer period that may be allowed by the Commissioner.

The address and contact information of the Information and Privacy Commissioner is as follows:

Office of the Information and Privacy Commissioner  
2 Canada Drive  
P. O. Box 13004, Stn. A  
St. John's, NL. A1B 3V8  
Telephone: (709) 729-6309  
Toll-Free: 1-877-729-6309  
Facsimile: (709) 729-6500

You may also appeal directly to the Supreme Court Trial Division within 15 business days after you receive the decision of the public body, pursuant to section 52 of the *Act* (a copy of this section of the *Act* has been enclosed for your reference).

Please be advised that this request will be published three business days after the response is sent electronically to you or five business days in the case where records are mailed to you. The goal is to have the responsive records posted to the Completed Access to Information Requests website within one business day following the applicable period of time. Please note that requests for personal information will not be posted online.

If you have any further questions, please contact me by telephone at 709-327-6577 or by email at [ATIPP-TI@gov.nl.ca](mailto:ATIPP-TI@gov.nl.ca).

Attention: Elvis Loveless, Minister, Department of Transportation and Infrastructure

Minister Loveless:

On behalf of Council, I would like to express our appreciation for the continuous work done by the Transportation and Infrastructure Department along Route 60. As a major thoroughfare through the Town, the condition of this infrastructure is crucial for the safety of residents and visitors to Conception Bay South.

In an effort to improve driving conditions, and enhance safety along Route 60, I would like to bring attention to the following areas for consideration for repair, during the upcoming construction season. The roadway along these locations are in a state of disrepair, and in need of urgent attention. These locations include:

- Rt 60 between Forest Road and Smith's Furniture in Upper Gullies
- Topsail Road from the Manuels River Bridge, to the municipal boundary with Paradise.

Route 60 is the fifth busiest highway in the Province and runs through the heart of Conception Bay South, the second largest municipality in Newfoundland and Labrador. We know budgets are always tight and the demands across the Province are many. However, as you move forward with your summer program, should you identify savings I would ask that you give favorable consideration to the above noted areas of concern, some of which represent serious safety issues.

Sincerely,

**TOWN OF CONCEPTION BAY SOUTH**

**Re: Request for Improvements to Two Areas of Route 60 in Conception Bay South**

Dear Mayor French:

Thank you for your correspondence regarding improvements to two areas of Route 60 in your town including: between Forest Road and Smith's Furniture in Upper Gullies, and from the Manuels River Bridge to the municipal boundary with Paradise.

The Department of Transportation and Infrastructure is responsible for the maintenance of almost 10,000 kilometres of highways and more than 1,300 bridges and large culverts. As such, there can be a considerable demand for infrastructure repair and improvements all across the province. When ranking roads infrastructure projects, routes are ranked according to a number of factors, including safety, speed, and traffic volume.

No funding for this additional work has been allocated for this construction season, however, it will be listed for consideration as we plan future capital work priorities in the area. Meanwhile, our Foxtrap Supervisor will review these sections of road for inclusion in our summer work plan.

Thank you for contacting me on this matter.

Sincerely,

Thanks Steve

I want to point out that Topsail Road is Route 60 and in order to get to any of these noted routes you have to travel route 60.

I also want to remind you and officials that this road is the 5th busiest in the Province, CBS has a population of over 27000 people, this alone should be enough reason to have this route included in the extended coverage area as you refer to.

I want to register my disagreement with this area not being included in this extended coverage list.

Thanks again

Barry

Good afternoon,

Snow and Ice control schedules and standards vary from jurisdiction to jurisdiction. As such it would not be uncommon to notice a different standard when driving from provincial roads to city or municipal streets. Even within a given depot, surface conditions can vary greatly depending on wind, topography, the class of the street and the timing of maintenance activities.

Over the last 36 hours we faced a significant snowfall event. We were still battling these conditions at the time referenced in this complaint. All routes in this area were cleared IAW policy and are still under active winter maintenance as I write this message. I would point out, however, that Topsail Road is not on our extended coverage list and, as such, is not subject to afterhours winter maintenance. Users would be advised to plan after hours travel so as to maximize time spend on extended hour routes (Hwys 1, 2 (to Legion Rd), and 3A).

I hope this helps  
Steve

Hey Steve

See below, this is an example of some of the concerns I'm hearing, I'm not sure if you followed the plow tracker this morning.

Barry

I am writing to you to express my concern about the unsafe road conditions of Topsail Road.

There are many 4 AM early commuters on the roads including myself and the state of the roads this morning was disgraceful. I understand the Department of Highways are taking care of the snow plowing on main roads in CBS but something better needs to be done. I left my house this morning at 4:30 to drive to St. John's. It amazed me how unfit and unsafe the road conditions actually were. I understand in a winter storm road conditions will become unsafe and to drive accordingly, however the roads this morning were clearly untouched for hours. I was driving through tire treks in the snow just to get to Paradise. And to my surprise the roads of the municipalities of Paradise, Mount Pearl, and St. John's had plows out on the road were plowed to be at least drivable. The roads in CBS were only fit for a snowmobile this morning, There comes a point when someone needs to be held accountable and have safe road conditions for residents of CBS.
