Subject: "Equality Act"

Friends,

I am deeply troubled at the prospect of the so-called Equality Act" being passed, signed and mandated across the Country. I know that you all know about the bill.

I would like to ask you to champion a non-binding resolution from the Idaho House and Senate taking a stand against this legislation.

While I understand what "non-binding" means, I would like the Federal House and Senate and the POTUS to hear from "us" in one unified voice saying "NO!" to this unconstitutional, immoral and extremely divisive legislation.

This bill smacks of "1984" and "Brave New World" and I promise that I will never, ever, "love Big Brother." I will resist and fight this attempt at government over reach with everything I have.

Please add your collective voices to oppose this assault on our nations traditional values and constitution.

Thank you. <https://www.adflegal.org/blog/true-impact-equality-act#close>

ALERT: Heartbeat Bill Passes Senate Committee

Idaho Capitol

Friends,

Our new Heartbeat Bill (S1183) just passed the Senate Committee—and we need your help to get it through the Senate and the House! [Contact your state senator and representatives right now.](#)

Here are three things you can do to support the Heartbeat Bill:

1. Join us at the Heartbeat Bill Prayer Rally. We will sing praises to our Lord as we pray for greater protections for the preborn in our state. This event will take place on Monday, March 22nd at 5pm MT on the State Capitol steps. More details here: <https://fb.me/e/qlmnhDWu>.

2. Please contact your state legislators right now to voice your support for the Heartbeat Bill. [Click here](#) to use our [Action Center](#) to automatically send your message to your legislators. It only takes a minute and makes a big difference!

3. Please pray! *Heavenly Father, we ask that you will give our state lawmakers wisdom and help them to understand their responsibility to protect preborn human life. Give us the strength to keep laboring until abortion is abolished in Idaho and all babies receive the equal protection of the law. In the name of Jesus Christ, our Lord and Savior, we pray. Amen.*

P.S. Nearly seven out of ten Americans support Heartbeat Bills that protect preborn life after a heartbeat is detectable. This includes a majority of the members of both political parties (86% of Republicans, 61% of independents, and 55% of Democrats)—a pretty remarkable statistic considering that it's nothing short of a miracle to get both sides of the political aisle to agree on much of anything these days. Mom and baby smiling

Our Heartbeat Bill is on the way to the floor of the Idaho State Senate—but we need your help!

Will you contact your state senator right now and ask him or her to support this important bill to protect preborn babies with beating hearts?

Here are four reasons why your state senator should support the Heartbeat Bill (Senate Bill 1085), which bans abortions after a baby's heartbeat can be found:

1. Doctors can detect the heartbeat of a preborn child as early as six weeks of gestational age with commonly available and routinely used ultrasound technology.
2. Somewhere between 95 and 98 percent of preborn children with a heartbeat detected early in the pregnancy will survive to term.
3. This legislation affirms that "the life of each human being begins at fertilization, and preborn children have interests in life, health, and well-being that should be protected."
4. Medical and legal professionals alike acknowledge that a heartbeat is a universally accepted indicator that life exists and should be protected.

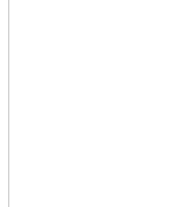

Please tell your state senator that you support the Idaho Heartbeat Bill. **It takes less than a minute if you use our Action Center to send your message now.** And don't forget to forward this email to your friends—we need Idahoans flooding their senators with messages supporting this pro-life legislation!

Idaho Legislature

baby sleeping

I have exciting news for you: **Senator Patti Anne Lodge (R-Caldwell) and Representative Steven Harris (R-Meridian) introduced a Heartbeat Bill that would protect preborn children with beating hearts from abortion.**

Every new parent knows the excitement and joy of first hearing their son or daughter's heartbeat during early prenatal care exams.

From the moment of conception, every preborn child is a precious person with a unique and distinct genetic identity. While a heartbeat is not the beginning of life, it is universally used by medical professionals and ethicists as a sign of life.

Modern ultrasound technology routinely detects the heartbeat of a preborn child as early as six weeks of gestational age—and 90 to 98 percent of preborn children with an observable fetal heartbeat early in the pregnancy will survive to term!

This Heartbeat Bill continues the longstanding work of the pro-life movement by incrementally bolstering protections for preborn babies all the while pushing back against the judicial activism of the Supreme Court.

This legislation has a long way to go before it is signed by Governor Little and becomes law. **Here's what you can do now to support the Heartbeat Bill:**

1. **PRAY. Please join us in prayer:**

Heavenly Father, we know that you care deeply for children in the womb who bear your image, and we repent that our government has allowed these innocent lives to be taken.

Please give wisdom and courage to state lawmakers as they consider pro-life bills that protect preborn human life. We know that your justice requires equal legal protections for all citizens, including those yet to be born.

May you change the hearts and minds of abortionists in our state and the mothers and the fathers who are considering abortion right now. In the precious name of Jesus, your Son, we pray. Amen.

2. **GIVE. Family Policy Alliance of Idaho has been working with the bill sponsors on this legislation, and we stand ready to champion it through the legislative process. Will you prayerfully consider a generous gift of \$35, \$75, or \$150 to enable us to keep standing for life at our State Capitol?**

Subject: Equality Act

Elected Officials and Friends,

Today I attended a webinar on the so-called "Equality Act" Federal legislation that is expected to be introduced in the House any day and that is endorsed whole heartedly by the Biden administration.

This legislation, to me, would be the most radical and life-changing law to ever come to fruition. The effect would impact every part of society and would destroy the separation of Church and State forever.

This article spells it out: <https://adflegal.org/blog/think-equality-act-will-spare-churches-and-religious-schools-think-again#close>

This radical legislation is likely to pass unless there is a huge ground swell of opposition from individuals, elected officials and State governments. And the outcry needs to happen right now.

Please stand with the religious organizations that hold our Republic together and oppose this terrible legislation. And, why not have a non-binding resolution from the Idaho House and Senate declaring opposition?

Many thanks for your time and consideration.

Idaho Capitol

Friends,

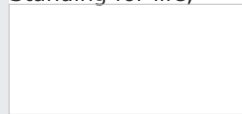

I'm excited to tell you that the Idaho State Legislature has passed the Heartbeat Bill (H366)!

I wanted to share with you the press release we just sent out. Now we will wait for Gov. Brad Little's signature in the coming days.

If the governor signs the Heartbeat Bill into law, Idaho will be the thirteenth state to protect human life from the time a preborn baby's heartbeat is detectable. This will be a huge step toward protecting all preborn life in our state!

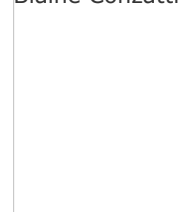

We will keep you updated. This couldn't have happened without your prayers, financial support, and the action you took to help build support for this bill!

Heartbeat Bill Passes Idaho State Legislature, Waits for Governor's Signature

Family Policy Alliance of Idaho Calls on Gov. Little to Sign H366

BOISE, Idaho – Family Policy Alliance of Idaho, a pro-family ministry, celebrates the passage of the Heartbeat Bill (H366) in the Idaho State Senate today. The bill passed the State House of Representatives last Friday and now awaits consideration by Gov. Brad Little.

The Fetal Heartbeat Preborn Child Protection Act, which is sponsored by Senator Patti Anne Lodge (R-Caldwell) and Representative Steven Harris (R-Meridian), would protect the right to life of preborn children with a detectable heartbeat. Doctors can easily find a fetal heartbeat as early as six weeks of gestational age through commonly available medical technologies like ultrasonography.

The medical community has found that 95 percent of preborn children with a fetal heartbeat detected early in the pregnancy will survive to term. Obstetricians consider fetal heart activity to be an important milestone in prenatal development and routinely run tests to determine heartrate as an important indicator of a preborn child's health.

A statement from Blaine Conzatti, Executive Director for Family Policy Alliance of Idaho:

"Thanks to modern medical technology, every new parent now knows the excitement of first hearing their son or daughter's heartbeat during early prenatal check-ups. This explains why a reputable national poll found that nearly 70 percent of Americans – including 55 percent of Democrats – support this life-affirming legislation.

"The Idaho Heartbeat Bill is constitutionally, scientifically, and morally sound. Governor Brad Little should sign this Heartbeat Bill and recommit Idaho as a pro-life state leading the charge in offering legal protection for its youngest and most defenseless residents. Preborn babies with beating hearts deserve the same constitutional right to life accorded to any other living person."

GOV. LITTLE SIGNS IDAHO HEARTBEAT BILL!

Idaho Heartbeat Bill Signed by Gov. Little

Friends,

Idaho is now the fourteenth state to have passed a law protecting preborn life from the time a fetal heartbeat can be detected!

Two years of hard work. Two years of lots of sweat and tears. Two years of false starts and setbacks. It was certainly a spiritual battle. But God has been good and faithful. It was all in his good timing.

I was privileged to be present at the bill signing ceremony yesterday (see our press release below this message) with the legislative sponsors, Sen. Patti Anne Lodge (R-Caldwell) and Rep. Steven Harris (R-Meridian), who worked hard to get this legislation across the finish line.

We were also joined by Christian Welp from the Roman Catholic Diocese of Boise, whose assistance with this legislation was indispensable, and Linda Thomas from Stanton Healthcare, an Idaho-based pro-life pregnancy resource center whose medical team helped provide our legislators with accurate medical information about developing babies.

We're thankful that Gov. Brad Little signed this law, which represents a huge step toward the ultimate goal of protecting all preborn life by ending abortion in our state.

You were an indispensable part of this huge victory for life. You prayed. You contacted your legislators. You joined us for the Heartbeat Bill Prayer Rally. You shared information about this legislation through email and on social media. You provided the [financial support](#) that made all of this possible.

Last night I thanked God for his good providence. And I did not forget to thank him for your partnership.

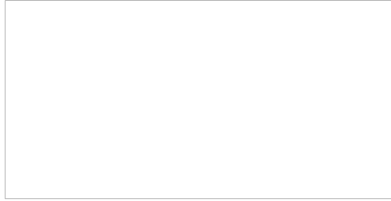

Let's keep fighting for life.

Soli Deo gloria,

Governor Brad Little Signs Idaho Heartbeat Bill

BOISE, Idaho – Family Policy Alliance of Idaho, a pro-family ministry, applauds Gov. Brad Little for signing the Heartbeat Bill (H366) just minutes ago. The bill passed both legislative chambers with veto-proof supermajorities earlier this month.

The Fetal Heartbeat Preborn Child Protection Act, which is sponsored by Senator Patti Anne Lodge (R-Caldwell) and Representative Steven Harris (R-Meridian), would protect the right to life of preborn children with a detectable heartbeat. Doctors can easily find a fetal heartbeat as early as six weeks of gestational age through commonly available medical technologies like ultrasonography.

The medical community has found that 95 percent of preborn children with a fetal heartbeat detected early in the pregnancy will survive to term. Obstetricians consider fetal heart activity to be an important milestone in prenatal development and routinely run tests to determine heartrate as an important indicator of a preborn child's health.

A statement from Blaine Konzatti, Executive Director for Family Policy Alliance of Idaho:

"Gov. Brad Little showed that Idaho recognizes the value of every preborn life when he signed the Heartbeat Bill this morning. We are proud that Idaho can be added to the list of pro-life states leading the charge in offering legal protection for our youngest and most defenseless residents. The action taken today by Gov. Brad Little will ultimately save thousands of precious lives.

"This Heartbeat Bill is constitutionally, scientifically, and morally sound. And thanks to modern medical technology, every new parent now knows the excitement of first hearing their son or daughter's heartbeat during early prenatal check-ups. This explains why a reputable national poll found that nearly 70 percent of Americans – including 55 percent of Democrats – support this life-affirming legislation. Help us preserve the Spalding Presbyterian Church!

The Idaho Heritage Trust preserves Idaho's rich cultural history by providing grants and technical assistance to preservationists in every nook and cranny of the Gem State. Our grassroots efforts on behalf of all Idahoans honor the legacy of our ancestors, enrich our present lives, and ensure our collective heritage will be enjoyed for generations to come.

This year the Trust is raising funds to help preserve the **Spalding Presbyterian Church**. Henry Spalding brought the Presbyterian Church to Nez Perce country and built a devout congregation near Lapwai. The first services held in the Spalding Presbyterian Church building occurred in 1886, and the building is still used and maintained by a small but passionate congregation. It is also a component of the greater **Nez Perce National Historical Park**.

After years of sedimentary deposits in Lapwai Creek, the church now floods every spring, causing progressive water and structural damage to the building. In order to protect this important and beloved building, a berm must be built and a drainage system installed to divert the rising waters. The total cost of the project is estimated at \$35,000, and that is where your generosity comes in.

Please help us save this irreplaceable historic building!

*For more than 30 years, the Idaho Heritage Trust has supported over 550 preservation projects in every nook and cranny of the Gem State through brick-and-mortar grants and expert technical assistance. In some previous instances, the Trust has raised funds for a specific project. A few notable success stories in which we have played a major role include funding for the acquisition of the historic townsite of Chesterfield, the purchase and donation of Lewis & Clark's pristine campsite at Glade Creek to the State of Idaho, and the restoration of the Silver City Schoolhouse.

The goal is for elected officials to come together in support of clear Biblical principles and do our best to ensure that our nation lives up to our national motto "In God We Trust".

Former President Ronald Reagan once said,

"Without God there is no virtue because there is no prompting of the conscience...without God there is a coarsening of the society; without God democracy will not and cannot endure...if we ever forget that we are One Nation Under God, then we will be a nation gone under".

Blessed is the nation whose God is the Lord, Psalm 33:12.

Subject: It's time to stand up for America.

America First Policy Institute

Friends,

Since the first minute of our launch (and even before), we have been building out our policy centers with the greatest minds and most effective do-ers in America. This last week, we began to release content for four of those policy centers, linked below.

- [Center for Education Opportunity](#)
- [Center for American Freedom](#)
- [Center for Homeland Security and Immigration](#)
- [Center for American Security](#)

These Centers led by former NFL player and Texas legislator Scott Turner, former Interior Secretary David Bernhardt, former Acting DHS Secretary Chad Wolf, Lt. General Keith Kellogg (Ret.), former Director of National Intelligence John Ratcliffe, and our amazing policy team will work relentlessly to ensure that America will secure our border, ensure American security abroad as a prerequisite for peace at home, cut the red tape on government regulations, and increase educational and economic opportunities for all Americans!

This is not a small endeavor, and we need YOUR HELP to continue educating the American people on the policies that work best for our GREAT NATION!

It's time to stand up for **AMERICA** — and AFPI is doing exactly that! ☐☐

When we work for America, we're working for you — your hopes, your dreams, your aspirations, your family, your community — because we understand that our Nation is no abstraction. It is real lives and real people, with real challenges — and real achievements. The success of our work is in those lives: lives like yours.

It is a trust we keep.

Subject: Latest from Health Care News: Unvaccinated Patients Denied Care

Unvaccinated Patients Denied Care

Strict pandemic policies are putting health care providers in a position where they might be able to deny care for individuals who have chosen not to get one of the COVID-19 vaccines.

In October, the UHealth health care system in Colorado [denied](#) a kidney transplant to an unvaccinated woman. Leilani Lutali, 56, was undergoing stage 5 renal failure and was in line to receive the transplant from donor Jaimee Fougner within months. Neither Lutali nor Fougner had received shots. A transplant or dialysis is usually necessary for survival for a patient [with stage 5 renal failure](#).

UHealth sent Lutali a letter informing her she "will be inactivated on the list for non-compliance by not receiving the COVID vaccine." UHealth gave her 30 days to begin the vaccination series, telling her that if she refused, she would be removed from the kidney transplant waiting list.

Fougner told [CBS Denver](#) in October that Lutali's "choice has been taken from her" and that "her life has now been held hostage because of this mandate."

Fougner declined the vaccine for religious reasons, while Lutali chose not to take it for medical reasons. Lutali said she checked in August and confirmed there was no mandate in place. She said she was unaware until late September that donor and recipient were required to receive a vaccine to move forward with the operation.

UHealth released the following statement about the case: "For transplant patients who contract COVID-19, the mortality rate ranges from about 20% to more than 30%. This shows the extreme risk that COVID-19 poses to transplant recipients after their surgeries."

Lutali and Fougner were unable to locate a Colorado hospital willing to perform their transplant, so the women sought hospitals out of state.

Doctors Saying No to Care

Other hospitals around the U.S. have considered barring or triaging unvaccinated patients. University of Washington Medicine [requires](#) all solid organ transplant candidates to have been fully vaccinated against "current on all critical vaccinations," including Covid-19, saying that a recipient's immune system is more likely to respond well before the procedure. Please provide all responsive records from January 11, 2021, through the date the request is received.

Please notify American Oversight of any anticipated fees or costs in excess of \$100 prior to incurring such costs or fee.

Guidance Regarding the Search & Processing of Requested Records

In connection with its request for records, American Oversight provides the following guidance regarding the scope of the records sought and the search and processing of records:

- Please search all locations and systems likely to have responsive records, regardless of format, medium, or physical characteristics. For instance, if the request seeks “communications,” please search all locations likely to contain communications, including relevant hard-copy files, correspondence files, appropriate locations on hard drives and shared drives, emails, text messages or other direct messaging systems (such as iMessage, WhatsApp, Signal, or Twitter direct messages), voicemail messages, instant messaging systems such as Lync or ICQ, and shared messages systems such as Slack.
- In conducting your search, please understand the terms “record,” “document,” and “information” in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs, as well as letters, emails, facsimiles, telephone messages, voice mail messages and transcripts, notes, or minutes of any meetings, telephone conversations or discussions.
- Our request for records includes any attachments to those records or other materials enclosed with those records when they were previously transmitted. To the extent that an email is responsive to our request, our request includes all prior messages sent or received in that email chain, as well as any attachments to the email.
- Please search all relevant records or systems containing records regarding agency business. Do not exclude records regarding agency business contained in files, email accounts, or devices in the personal custody of your officials, such as personal email accounts or text messages. Records of official business conducted using unofficial systems or stored outside of official files are subject to Idaho’s Public Records Act if they were “prepared” by your agency, including by an employee of your agency.¹
- In the event some portions of the requested records are properly exempt from disclosure, please disclose any reasonably segregable non-exempt portions of

¹ See I.C. § 74-101(13); cf. *Cowles Pub. Co. v. Kootenai Cty. Bd. of Cty. Comm’rs*, 144 Idaho 259, 263 (2007).

the requested records.² If a request is denied in whole, please state specifically why it is not reasonable to segregate portions of the record for release.

- Please take appropriate steps to ensure that records responsive to this request are not deleted by the agency before the completion of processing for this request. If records potentially responsive to this request are likely to be located on systems where they are subject to potential deletion, including on a scheduled basis, please take steps to prevent that deletion, including, as appropriate, by instituting a litigation hold on those records.

If you have any questions regarding how to construe this request for records or believe that further discussions regarding search and processing would facilitate a more efficient production of records of interest to American Oversight, please do not hesitate to contact American Oversight to discuss this request. American Oversight welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, American Oversight and your agency can decrease the likelihood of costly and time-consuming litigation in the future.

Where possible, please provide responsive material in an electronic format by email. Alternatively, please provide responsive material in native format or in PDF format on a USB drive. Please send any responsive material being sent by mail to American Oversight, 1030 15th Street NW, Suite B255, Washington, DC 20005. If it will accelerate release of responsive records to American Oversight, please also provide responsive material on a rolling basis.

Conclusion

American Oversight is a 501(c)(3) nonprofit with the mission to promote transparency in government, to educate the public about government activities, and to ensure the accountability of government officials. American Oversight uses the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. American Oversight also makes materials it gathers available on its public website and promotes their availability on social media platforms, such as Facebook and Twitter.³

We share a common mission to promote transparency in government. American Oversight looks forward to working with your agency on this request. If you do not

Help us preserve the Spalding Presbyterian Church!

The Idaho Heritage Trust preserves Idaho's rich cultural history by providing grants and technical assistance to preservationists in every nook and cranny of the Gem State. Our grassroots efforts on behalf of all Idahoans honor the legacy of our ancestors, enrich our present lives, and ensure our collective heritage will be enjoyed for generations to come.

This year the Trust is raising funds to help preserve the **Spalding Presbyterian Church**. Henry Spalding brought the Presbyterian Church to Nez Perce country and built a devout congregation near Lapwai. The first services held in the Spalding Presbyterian Church building occurred in 1886, and the building is still used and maintained by a small but passionate congregation. It is also a component of the greater **Nez Perce National Historical Park**.

After years of sedimentary deposits in Lapwai Creek, the church now floods every spring, causing progressive water and structural damage to the building. In order to protect this important and beloved building, a berm must be built and a drainage system installed to divert the rising waters. The total cost of the project is estimated at \$35,000, and that is where your generosity comes in.

Please help us save this irreplaceable historic building!

*For more than 30 years, the Idaho Heritage Trust has supported over 550 preservation projects in every nook and cranny of the Gem State through brick-and-mortar grants and expert technical assistance. In some previous instances, the Trust has raised funds for a specific project. A few notable success stories in which we have played a major role include funding for the acquisition of the historic townsite of Chesterfield, the purchase and donation of Lewis & Clark's pristine campsite at Glade Creek to the State of Idaho, and the restoration of the Silver City Schoolhouse.

CITIZENS FOR
RESPONSIBILITY &
ETHICS IN WASHINGTON

July 16, 2021

Representative Heather Scott
PO Box 134
Blanchard, ID, 83804
HScott@house.idaho.gov

Dear Public Records Custodian:

Under the Idaho Public Records Act § 74-101 et seq., Citizens for Responsibility and Ethics in Washington (“CREW”) is requesting an opportunity to inspect or obtain copies of public records of the Idaho House.

Specifically, CREW requests the following records relating to House Bill 290 (“HB 290”) created between November 3, 2020 through April 19, 2021:

1. All records discussing the potential effect of any provision of HB 290 on Black voters, Latino voters, other racial or ethnic minority voters, elderly voters, or voters with disabilities, including without limitation the following provisions of HB 290:
 - i. Signature Verification Standards (HB 290 Section 34-202)
 - ii. Retention of absentee ballot affidavit envelopes (HB 290 Section 34-217)
 - iii. Signature Verification Requirements for Absentee Ballots (HB 290 Section 34-1005)
 - iv. Signature Verification for Referendum Petitions (HB 290 Section 34-1803)
 - v. Signature Certification for Referendum Petitions, including void on electronic signatures (HB 290 Section 34-1807)
2. All records reflecting any analysis, consideration, or determination regarding how HB 290 would serve to prevent purported voter fraud or irregularities, including any evidence or data supporting such analyses.
3. All records relating to the legislative procedures by which HB 290 was passed, including without limitation records relating to:
 - i. Requirements or limitations regarding testimony from members of the public on the bill
 - ii. Requirements or limitations regarding legislative debate on the bill
 - iii. Efforts to expedite the legislative process for the bill

4. All records relating to the decision to make the bill effective “on and after its passage and approval” (HB 290 Section 6).

5. All records reflecting any communications, meetings, phone calls, or conversations regarding SB 90 or any predecessor version of that bill with representatives of any non-governmental or private organization, including without limitation the following organizations and individuals:
 - i. Heritage Action for America
 - ii. Heritage Foundation
 - iii. Susan B. Anthony List
 - iv. American Principles Project
 - v. Tea Party Patriots
 - vi. FreedomWorks
 - vii. American Legislative Exchange Council (ALEC)
 - viii. Family Research Council
 - ix. Honest Elections Project
 - x. State Policy Network
 - xi. Alliance Defending Freedom
 - xii. Federalist Society
 - xiii. Cleta Mitchell
 - xiv. Ken Cuccinelli
 - xv. Conservative Partnership Institute (CPI)
 - xvi. Opportunity Solutions Project
 - xvii. True the Vote or TTV
 - xviii. Public Interest Legal Foundation (PILF)
 - xix. FreedomWorks

Please search for responsive records regardless of format, medium, or physical characteristics. We seek records of any kind, including paper records, electronic records, audiotapes, videotapes, photographs, data, and graphical material. Our request includes without limitation all correspondence, letters, emails, text messages, facsimiles, telephone messages, voice mail messages, and transcripts, notes, or minutes of any meetings, telephone conversations, or discussions. Our request also includes any attachments to emails and other records, as well as emails to which the subjects of this request were cc’ed or bcc’ed. Where possible, please produce records in electronic format. Please send the requested records to me at either nsus@citizensforethics.org or Nikhel Sus, Citizens for Responsibility and Ethics in Washington, 1331 F St. NW, Suite 900, Washington, D.C. 20004.

If fees for searching or copying these records exceed \$100, please inform me first at (202) 408-5565 or nsus@citizensforethics.org. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public’s understanding of the decision-making processes of the Idaho House that factored into the passage of HB 290, which will likely affect a significant portion of the state’s voting populace. Further, this information is not being sought for commercial purposes. CREW is a representative of the news media and our request is related to news gathering purposes.

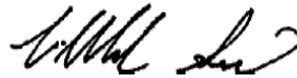

The Idaho Public Records Act requires a response time within three business days. Idaho Code Section 74-103. If access to the records I am requesting will take longer than three days, please contact me with information about when I might expect copies or the ability to inspect the requested records.

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

Please contact me if you have any questions about this request or foresee any problems in fully releasing the requested records.

Thank you for your assistance.

Sincerely,

Nikhel Sus

Special Policy Hour: Israel and the US

Join us next **Thursday, September 30 at 2:00 PM EDT** for a special ALEC Policy Hour on to discuss the strategic partnership between Israel and the U.S. with **Aryeh Lightstone, Chief of Staff to U.S. Ambassador to Israel David Friedman (2017-2021) and 2015 ALEC National Chair State Representative Phil King (TX).**

Aryeh Lightstone was chief negotiator and the Special Envoy for Economic Normalization for the Abraham Accords, a truly historic Middle East Peace initiative between Israel and several Arab neighbors during a presidential administration that presided over the opening of the US Embassy in Jerusalem. Lightstone played a critical role in advancing bilateral economic relations between the two democracies with a focus on 5G implementation and infrastructure expansion. In addition to strategic cooperation, the US and Israel have a strong economic partnership – the US-Israel Free Trade Agreement entered into force in 1985 was America's first bilateral FTA.

Universal Pre-K and Tuition-Free College Risk Student Outcomes

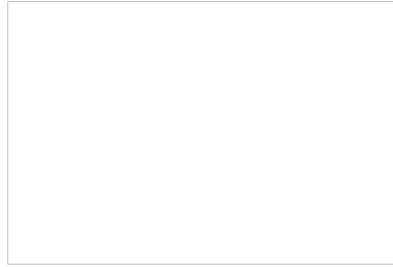

President Biden made tuition-free community college and universal pre-k the cornerstone issues of his 2020 campaign. And now, these programs are part of budget reconciliation discussions happening in Washington. These proposals tend to focus on universality and maximum enrollment instead of prioritizing student performance and outcomes (especially among minority and low-income students).

This 2021 legislative session Right to Life of Idaho has been working hard to support pro-life legislation and to defeat pro-abortion legislation.

Tammy Payne is the RTLI lobbyist at the Idaho State House this year, and is doing an excellent job defending Life. Thank you, Tammy!

We have also been blessed to work with lobbyists, Christian Welp. Idaho Catholic Diocese, and Blaine Conzatti, Family Policy Alliance of Idaho.

Please read the following update on legislation below and act immediately.

HB 220 No Public Funds For Abortion

This legislation passed the Idaho House Tuesday (3-2-21) and is now on its way to be voted on by the Idaho Senate.

It will prevent abortion providers from receiving any state or local funding. It will also guarantee that abortion is not promoted in our Idaho public schools.

The bill is sponsored by Rep. Bruce Skaug (R-Nampa), Rep. Brent Crane (R-Nampa), and Sen. Christy Zito (R-Hammett).

Please use the link below to call or email your Idaho Senator immediately to ask him/her to vote to help defund organizations that provide or promote abortion. And please thank your two House Representatives if they voted to pass HB 220.

<https://legislature.idaho.gov/legislators/contactlegislators/>

SB 1098 The “Abortifacient and Contraceptive Mandate”

This legislation supported by Planned Parenthood failed on the Idaho Senate floor this week.

It would have required that insurance companies cover twelve-months of prescriptions for contraception. An earlier version of the bill would have also mandated coverage of abortifacients or abortion-causing drugs such as Ella or Plan B, but was stopped after hundreds contacted their senators to oppose it.

Please thank your state Senator if he was against the coverage of abortifacients/ abortion-causing drugs in this legislation.

Please stay tuned for further prolife updates!

Becerra: The Canary in the Coal Mine

Becerra and Clinton

*Xavier Becerra, pictured with Hillary Clinton, is President Biden's pick to head HHS. Known for his vendetta against pro-lifers, he's been nominated to lead the agency that most deals with the issue of abortion. **Ask your senators to oppose his nomination.***

As the Biden era began yesterday, I was reminded of an old football maxim: "The quarterback gets too much credit and too much blame." He's the focal point, yes, but the outcome is determined by the whole team.

There's a related maxim in politics – one that was drilled into my head as a 20-something working in D.C.: "Personnel is policy." Who we elect is critical, but who that leader puts in positions of power makes an enormous difference in the outcome.

So as we heard President Biden give a speech that focused on unity – a welcome theme after all the anger and turmoil – the natural reaction was to wonder how long that refrain will last. A big hint came in the afternoon with his one-sided executive orders.

But the best clues as to how this new administration will play out are his picks for the Cabinet. And when it comes to the issues of life and religious freedom, all eyes first go to Health and Human Services (HHS).

HHS is a sprawling bureaucracy that now has the largest budget of any federal agency, and its jurisdiction covers many of the issues that Family Policy Alliance is most engaged in. During the Trump Administration, it was led by an extraordinary number of outstanding leaders who were committed to life, religious liberty and the centrality of the family.

But it appears that Joe Biden intends for HHS to do an abrupt U-turn, based on his choice of California Attorney General Xavier Becerra to lead it.

Before he was AG of California, Becerra served in the U.S. House for 24 years. His record was staunchly pro-abortion, earning him a 100 percent rating from Planned Parenthood. He opposed all protections for the preborn, even up to the moment of birth. **Even the liberal *Vanity Fair* magazine described him as a "strident supporter" of abortion rights.**

Likewise, in his more than two decades in Congress, he got 100 percent marks from the leading LGBT lobbying group and from the anti-religious freedom ACLU.

Four years ago, he was chosen by Gov. Jerry Brown to succeed Kamala Harris as California Attorney General. In that powerful post, his extreme

ideology ran rampant.

Becerra is the one responsible for rabidly prosecuting David Daleiden, whose undercover videos exposed Planned Parenthood's alleged profiteering from harvesting and trafficking the organs of preborn children.

And he sued the Little Sisters of the Poor to force them to pay for services that directly violate their religious convictions. Now, he is litigating to remove their religious exemption in the state of California.

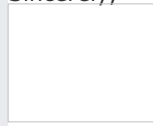

This nominee has no medical background. His passion and his experience are in the area of imposing his progressive social agenda, and he has been handpicked for the very agency that touches these issues the most.

We need more unity in America, to be sure. But nominations like this will not, and must not, bring unity.

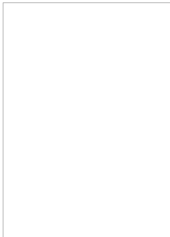

If you agree that Xavier Becerra is the wrong choice to lead HHS, **please make your voice heard to your two U.S. senators**, who will soon consider his confirmation. It only takes a minute on our **Action Center**.

Then please do one more thing: spread the word. Every American who cares about protecting life and religious freedom needs to know and needs to speak up.

Sincerely,

John Paulton
Mobilization Manager

Subject: Do ALL Black Lives Matter?

Share Forward

Yesterday our nation observed Martin Luther King Jr. Day—a day of service and kindness to others. It is good that we remember the legacy of Rev. Martin Luther King—not only in a few pithy quotes on social media, but in his actions and his sermons. Last year I read Stephen B. Oates biography on Dr. King, *Let the Trumpet Sound*. I also read *Where Do We Go From Here*, MLK's last published book which is profoundly prophetic and visionary. In the book he echoes the words of Christ in Matthew's Gospel: "Ultimately a great nation is a compassionate nation. No individual or nation can be great if it does not have a concern for the 'least of these'."

Who are the least of these in our society if not the unborn, the disabled, and the elderly?

King continued: "From time immemorial men have lived by the principle that 'self-preservation is the first law of life'. But this is a false assumption. I would say that other-preservation is the first law of life. It is the first law of life precisely because we cannot preserve self without being concerned about preserving other selves."

What would Martin Luther King feel about abortion if he were alive today? His principles are crystal clear in his statements, and he had a deep conviction in *Imago Dei*—that man was created in the image of God. He would be heartbroken to witness the devastation caused by abortion on the African-American community.

Do you realize that 2 out of 5 African-American pregnancies end in abortion? Abortion impacts the African-American community more than any other race or ethnicity. And statistically it is the most serious threat facing black Americans in the United States. More than drugs, more than crime, more than heart disease, etc. etc. African-Americans have been disproportionately impacted by abortion.

That's why our response to "Black Lives Matter" is not "All Lives Matter" but rather "All Black Lives Matter". Of course, both statements are true. In fact, all three statements are true. It is true that black lives matter. It is also true that all lives matter. And those statements are not mutually exclusive. But I show you a better way... We have an opportunity to lean into the cultural crisis and talk about abortion and the impact on black America! Yes, black lives matter! Yes, all lives matter! But more importantly, ALL black lives matter! The born and the unborn.

This is a statement on a statement, not an endorsement of an organization. The BLM organization is pro-abortion, and this is all the more reason why we need to counter their message with "All Black Lives Matter". We'll be hashtagging this at the [Boise March for Life](#), and we invite you to spread the word! Stand with us for the "least of these" and for the 40% of unborn black babies who are sacrificed in abortion mills across America.

"The ultimate measure of a man is not where he stands in moments of convenience and comfort, but where he stands at times of challenge and controversy." ~Martin Luther King, *Strength to Love*

"A civilization is not destroyed by wicked people; it is not necessary that people be wicked but only that they be spineless." ~James Baldwin, *The Fire Next Time*

HB 366 Fetal Heartbeat Preborn Child Protection Act

Fantastic News! The Heartbeat Bill which protects an unborn child from abortion if his/her heartbeat is detected--was signed by Governor Little!

It was sponsored by Sen. Patti Anne Lodge (R-Huston) and Rep. Steven Harris (R-Meridian) and was initiated by our friends at Idaho Family Policy Alliance. Many kudos to all of them and the Idaho Catholic Diocese for getting this bill through the legislative process.

HB 220 aa No Public Funds for Abortion

Other excellent news! HB 220 aa passed the House and the Senate and is now on its way to the Governor's desk for his signature.

This bill will prevent abortion providers, such as Planned Parenthood, from receiving any state or local funding. It will also guarantee that abortion is not promoted in our Idaho public schools.

It was sponsored by Sen. Christy Zito (R-Hammett) and Reps. Bruce Skaug (R-Nampa) and Brent Crane (R-Nampa). Many thanks and much gratitude for their hard work getting this vital bill through the Idaho legislature.

Finally, a huge thank you to all of YOU who have contacted your Idaho legislators this session to support these two life-saving bills.

A very special thank you to our lobbyist Tammy Payne who did an excellent job representing RTLI at the Capitol this legislative session. We so appreciate your work for the unborn on behalf of all of us, Tammy.

Thank You!

The Boise March for Life is tomorrow!!! At 1PM we will leave Julia Davis Park and march up Capitol Boulevard to the steps of the Idaho Statehouse. There will be music and a message of hope. During these times of pandemic and the turmoil that has surrounded our election process, it is easy to feel discouraged. It's easy to feel like things are out of your control and that you're not really making a difference. After all, we've been fighting for the sanctity of human life for over half a century even before Roe v Wade. (Right to Life of Idaho was chartered in 1969).

Before you decide to throw in the towel or call a timeout, let me remind you that the struggle for civil rights took much longer to achieve. Let me remind you that the fight for women's suffrage did not meet success until after the founders of the movement were in their graves.

Read carefully what Dr. Martin Luther King wrote in *Where Do We Go From Here?*

"In any social revolution there are times when the tail winds of triumph and fulfillment favor us, and other times when the strong head winds of disappointment and setbacks beat against us relentlessly. We must not permit adverse winds to overwhelm us as we journey across life's mighty Atlantic; we must be sustained by our engines of courage in spite of the winds. This refusal to be stopped, this 'courage to be', this determination to go on 'in spite of' is the hallmark of any great movement."

Does our movement have this hallmark? Do we have the courage and determination to go on in spite of setbacks? Yes, we do! I know this because it has been my privilege to be involved with so many of you in this great cause over the past 15 years.

King continues:

"The line of progress is never straight. For a period a movement may follow a straight line and then it encounters obstacles and the path bends. It is like curving around a mountain when you are approaching a city. Often it feels as though you were moving backward, and you lose sight of your goal; but in fact you are moving ahead, and soon you will see the city again, closer by."

How true! It might feel now like you're going backwards, but don't lose sight of the goal! We do the right thing because it is the right thing to do, not because of election results or how the courts might rule or how it is perceived in popular culture.

Look at the number of successes that we've experienced just in the past decade. Think of the number of children that have been saved as a result of our combined legislative efforts, the prayers of 40 Days and other groups, and the dedicated labor of love from our wonderful pregnancy care centers.

The truth will continue to set women free, and love will continue to change hearts and minds, and life will ultimately triumph over death.

We are neither helpless nor hopeless in this current political climate.

"To lightly diminish a success because it does not usher in a complete order of justice is to fail to comprehend the process of achieving full victory." ~Martin Luther King Jr. *Where Do We Go From Here?*

To Life!

Idaho Unborn Child Protection from Dismemberment Abortion Proposed Legislation

This legislative session **Right to Life of Idaho** has initiated drafting legislation to protect an unborn child from a particularly inhumane and brutal second trimester abortion--**the Dilation and Evacuation (D&E) Dismemberment Abortion**.

The proposed legislation is strongly endorsed by **National Right to Life** and is in effect in 3 other states.

This legislative session, we primarily worked on perfecting the language, had it reviewed by the Attorney General's Office who, in turn, has given it a green light.

The plan is to move forward to have a debate and vote on this vital proposed legislation during the next legislative session.

Here's why...

The Dilation and Evacuation (D&E) Dismemberment Abortion is a common second trimester abortion performed on a *living* unborn child in **Idaho and in each state in our nation**. And as you may be aware the unborn child after 20 weeks post fertilization age can feel the intense pain of this procedure.

The Idaho Vital Statistics annual data reflects that second trimester D&E dismemberment abortions have been increasing almost every year since 2014. **The latest 2019 Idaho statistics on abortion show that over 100 Idaho babies have suffered and died from this type of late term abortion in that year alone.**

Dismemberment abortions are as brutal as the partial-birth abortion method, which is now illegal in each of the 50 states.

The proposed **Idaho Protection from the D&E Dismemberment Abortion Act** upholds the humanity of the unborn child by not ignoring or being indifferent to a *living* unborn child's suffering during this type of abortion procedure.

We believe that our state has a compelling interest in fostering respect for life by protecting a *living* unborn child from the horrific death by Dismemberment Abortion and we believe that the majority of Idahoans believe as we do.

Please use the link below to let your Idaho Senator and 2 House Representatives know that you strongly support the Idaho Unborn Child Protection from Dismemberment Abortion Act and ask for their commitment to strongly support it next legislative session.

Voting Begins: Help Stop the Left from Taking the Senate!

Pelosi-Schumer

"Now we change Georgia, then we change America!" That's what Sen. Chuck Schumer (left), the Democrat leader of the Senate, said about two critical U.S. Senate races in Georgia.

Yesterday, early voting began in Georgia for two Senate races that will determine much of what happens in D.C. over the next two years.

These two razor-thin runoffs in Georgia will determine which party controls the U.S. Senate.

- Will it be the more conservative party that confirmed Amy Coney Barrett to the U.S. Supreme Court and gave us new hope in the fight for religious freedom and the right to life?
- Or will it be extremists on the Left that push an anti-life and socially destructive agenda?

The candidates in these races are polar opposites. Republican senators Kelly Loeffler and David Perdue have proven their commitment to life and family values by their votes on the floor of the Senate.

Their opponents? Jon Ossoff (running against Perdue) is a longtime darling of the progressive movement and a radical on social issues. Raphael Warnock (running against Loeffler) even uses the Bible to support his abortion-without-limits position. **Both Ossoff and Warnock are endorsed by Planned Parenthood and by the leading opponents of religious freedom.**

How can you make a difference? [Help us turn out pro-life voters!](#)

Because this is a special election that comes on the heels of the holidays, the biggest issue is turnout – reaching people who tend to think like you and me but who are less consistent about voting.

[Please help Family Policy Alliance reach voters who are pro-life but who are inconsistent at actually voting.](#)

Using the latest voter tools – and working with our on-the-ground allies at Family Policy Alliance of Georgia – we have identified hundreds of thousands of voters to reach with mobile ads, texting, and more.

There is no time to waste. Early voting is now underway, and Election Day is three weeks away (Jan. 5).

[Turning out these critical votes takes significant resources. Please give as generously as you can today!](#)

Sincerely,

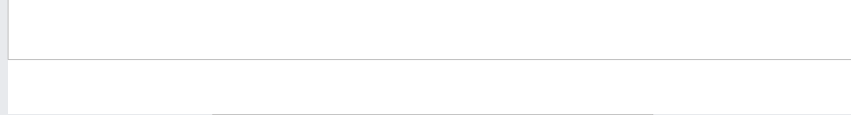

John Paulton

P.S. The progressive movement is raising millions of dollars to fund the two Democratic candidates. Help counter them and make the difference by turning out voters who think like you and me. Let's not let the Left have the Senate!

Praising and thanking God today for Texas Right to Life and the US Supreme Court!

Our country and the entire prolife movement have been enormously blessed by the Texas Heartbeat law protecting the unborn there from abortion after 6 weeks and the Supreme Court's 5-4 decision yesterday, 9-1-2021, not to block this prolife Texas law.

This will result in countless lives being saved.
