RE: Freedom of Information Act Request

Dear Defense Threat Reduction Agency OGC,

This is a request under the Freedom of Information Act (5 U.S.C. § 552).

My firm, along with Willkie Farr & Gallagher LLP, represents over 700 American veterans, civilians, and their families in connection with deaths and injuries caused by terrorists in Iraq. On behalf of our clients, we filed a lawsuit against the Islamic Republic of Iran, alleging that Iran and its agents provided material support and resources to terrorists who killed or wounded our clients (the "attack victims") in Iraq. See Martino et al. v. Islamic Republic of Iran, Docket No. 1:21-cv-01808 (D.D.C. Jul. 07, 2021) ("Martino"). As part of our investigation of these allegations, and on behalf of our clients who have made great sacrifices in connection with America's involvement in Iraq, we submit this request ("Martino Request").

For each Attack listed in the attached chart ("Attachment A: Attack Victim List"), we request any and all related formal or informal reports, records, files, products, investigations, memoranda, summaries, related correspondence, or other documents, including but not limited to:

- a. JIEDDO/JIDA/JIDO products or data entries pertaining to the Attack from CATAPULT, GLIDER, the RFS repository, other data repositories, or archives maintained by JIDO on their unclassified, classified, or coalition networks;
- b. Signature characterization of the IED used in the Attack;
- c. Tactical characterization (Tactical Design and Purpose of Device) of the IED used in the Attack;
- d. Technical characterization (with emphasis on the main charge configuration) of the IED used in the Attack;
- e. SIGACT Reports pertaining to the Attack generated at the Battalion, Brigade, Division, or Multi-National Force-Iraq (MNF-I) level;
- f. Explosive Ordinance Disposal (EOD) Reports or Storyboards pertaining to the Attack;

Defense Threat Reduction Agency ATTN: OGC (FOIA/Privacy Office) January 13, 2022 Page 2

- g. Weapons Intelligence Team (WIT) Reports generated by the WIT who investigated the Attack;
- h. TEDAC Forensic Reports pertaining to the Attack;
- i. Task Force Troy reporting and/or analytic products pertaining to the Attack;
- j. Combined Information Data Network Exchange (CIDNE) entries pertaining to the Attack:
- k. Request for Support (RFS) products generated as a result of the Attack;
- 1. IED or other explosives/weapons Reports;
- m. IED-Event or other explosives/weapons Storyboards.

For each Attack victim in the attached chart, we include one blank cell for the Agency to assign a FOIA number for the request, and we request that each FOIA number be included in the Agency's reply. The attached charts include the following information regarding each Attack victim and pertinent Attack:

Last Name
First Name
Rank
Branch or Employer
Company and Unit
Date of Incident
Location of Incident

In order to help you determine our status for the purpose of assessing fees, please take notice that we are counsel for the attack victims and/or their families in federal litigation currently pending before the U.S. District Court for the District of Columbia in *Martino et al. v. Islamic Republic of Iran*, Docket No. 1:21-cv-01808 (D.D.C. Jul. 07, 2021). Your expedited treatment of this FOIA request is appreciated, as these materials are relevant to pending claims in this litigation.

I am willing to pay fees for this request up to a maximum of \$250. If you estimate that fees will exceed this limit, please inform my office prior to incurring additional costs. If it expedites the agency's release of the requested documents, I am willing to accept disclosure on an interim, rolling basis as they become available. Please do not wait for all of the agency's relevant systems of record to be searched, or all of its relevant records to be processed.

Please search for responsive records regardless of format, medium, or physical characteristics. We seek records of any kind, including electronic records, audiotapes, videotapes, and photographs. Our request includes any letters, emails, facsimiles, telephone messages, voice mail messages, and transcripts, notes, or minutes of any meetings, telephone conversations, discussions, and any attachments to such records. Pursuant to 32 eCFR §286.5(c) my preference is to receive these records in their original native electronic format, and if that is not available, in PDF image format (one image per record, in color as applicable) through my email address. If the records prove too large to attach via email, my colleagues or I can provide a secure FTP link in which to upload the records. If any of this information is currently classified or restricted distribution, we ask that you submit the records for declassification in accordance with Executive Order 13526, and all other relevant regulations, policies and orders governing declassification of documents.

For any responsive records, or portions of records, you deem covered by any applicable FOIA exemption, 5 U.S.C. § 552(b) prescribes the appropriate process: "[a]ny reasonably segregable portion of a record shall be provided...after deletion of the portions which are exempt under this subsection. The amount of information deleted, and the exemption under which the deletion is made, shall be indicated on the released portion of the record, unless including that indication would harm an interest protected by the exemption in this subsection under which the deletion is made. If technically feasible, the amount of the information deleted, and the exemption under which the deletion is made, shall be indicated at the place in the record where such deletion is made."

To discuss any aspect of this request, please contact both of my co-counsels from Willkie Farr & Gallagher LLP, Nick Reddick ((415) 858-7595, or via email at NReddick@willkie.com)) and Timothy Ryan ((202) 303-1183, or via email at TRyan@willkie.com)).

Best Regards,
