Re: Travel and Meetings Records for Secretary Mayorkas

Dear FOIA Officer,

This is a request under the Freedom of Information Act, 5 U.S.C. § 552, *as amended* (FOIA), from the Protect the Public's Trust (PPT), which operates as a non-profit organization dedicated to promoting ethics in government and restoring the public's trust in government officials.

Records Requested

PPT requests the following records relating to Secretary of Homeland Security Alejandro Mayorkas:

1. Meeting Requests: All records for meeting requests, meeting memos, briefing documents schedules, communications, and any other records related to the submission, consideration, approval, and scheduling of meeting requests for meetings with Secretary Mayorkas. This should include but not be limited to records and communications relating to meeting approvals from the Department Ethics Office/Office of the General Counsel.
2. External Communications: Any and all communications, documents, and other records to, from, or between a party outside the federal government and any employee of the Office of the Secretary relating to secretarial meeting requests. This includes those communications where such an employee is copied on an email with an outside entity or sends or receives an email where an outside (non-governmental) party is corresponding with an official at the Department of Homeland Security ("DHS").
3. Travel Records: All records relating to all official travel undertaken by Secretary Mayorkas and Immediate Office of the Secretary political appointees accompanying his on official travel. These records should include, but not be limited to, travel requests or invitations, travel

briefings or memos, meetings, calendars, or schedules relating to such travel; travel authorizations; itineraries; vouchers; Department Ethics Office/Office of the General Counsel approval; and disposition of any gifts received or purchases made while on official travel.

4. Building visitor logs for any and all visitors since 12:00pm on January 20, 2021 to the DHS headquarters building for meetings with Secretary Mayorkas or any officials in the Office of the Secretary.

For this request, the term “all records” refers to, but is not limited to, any and all documents, correspondence, emails, text messages, letters, notes, telephone records, telephone notes, minutes, memoranda, comments, files, presentations, consultations, biological opinions, assessments, evaluations, schedules, telephone logs, digital logs such as those produced by Microsoft Teams, papers published, and/or unpublished, reports, studies, photographs and other images, data (including raw data, GPS or GIS data, UTM, LiDAR, etc.), maps, and/or all other responsive records, in draft or final form.

This request is not meant to exclude any other request that, although not specifically requested, are reasonably related to the subject matter of this request. If you or your office have destroyed or determine to withhold any records that could be reasonably construed to be responsive to this request, I ask that you indicate this fact and the reasons therefore in your response.

Under the FOIA Improvement Act of 2016, agencies are prohibited from denying requests for information under the FOIA unless the agency reasonably believes release of the information will harm an interest that is protected by the exemption. FOIA Improvement Act of 2016 (Public Law No. 114-185), codified at 5 U.S.C. § 552(a)(8)(A).

Should you decide to invoke a FOIA exemption, please include sufficient information for us to assess the basis for the exemption, including any interest(s) that would be harmed by release. Please include a detailed ledger which includes:

1. Basic factual material about each withheld record, including the originator, date, length, general subject matter, and location of each item; and
2. Complete explanations and justifications for the withholding, including the specific exemption(s) under which the record (or portion thereof) was withheld and a full explanation of how each exemption applies to the withheld material. Such statements will be helpful in deciding whether to appeal an adverse determination. Your written justification may help to avoid litigation.

If you determine that portions of the records requested are exempt from disclosure, we request that you segregate the exempt portions and mail the non-exempt portions of such

PROTECT the PUBLIC'S TRUST

records to my attention at the address below within the statutory time limit. 5 U.S.C. § 552(b).

PPT is willing to receive records on a rolling basis.

These communications could be very relevant to ensuring that Secretary Mayorkas is acting consistent with his ethics and other legal obligations. In order to most efficiently facilitate our request, we request that the FOIA office use the Agency's enterprise records management system to search and process this request.

Finally, FOIA's "frequently requested record" provision was enacted as part of the 1996 Electronic Freedom of Information Act Amendments, and requires all federal agencies to give "reading room" treatment to any FOIA-processed records that, "because of the nature of their subject matter, the agency determines have become the subject of subsequent requests for substantially the same records." 5 U.S.C. § 552(a)(2)(D)(ii)(I). Also, enacted as part of the 2016 FOIA Improvement Act, FOIA's Rule of 3 requires all federal agencies to proactively "make available for public inspection in an electronic format" "copies of records, regardless of form or format ... that have been released to any person ... and ... that have been requested 3 or more times." 5 U.S.C. § 552(a)(2)(D)(ii)(I). Therefore, we respectfully request that you make available online any records that the agency determines will become the subject of subsequent requests for substantially the same records, and records that have been requested three or more times.

Format of Requested Records

Under FOIA, you are obligated to provide records in a readily accessible electronic format and in the format requested. See, e.g., 5 U.S.C. § 552(a)(3)(B) ("In making any record available to a person under this paragraph, an agency shall provide the record in any form or format requested by the person if the record is readily reproducible by the agency in that form or format."). "Readily accessible" means text-searchable and OCR-formatted. See 5 U.S.C. § 552(a)(3)(B). We ask that you please provide all records in an electronic format. Additionally, please provide the records either in (1) load-ready format with a CSV file index or Excel spreadsheet, or; (2) for files that are in .PDF format, without any "portfolios" or "embedded files." Portfolios and embedded files within files are not readily accessible. Please do not provide the records in a single, or "batched," .PDF file. We appreciate the inclusion of an index.

If you should seek to withhold or redact any responsive records, we request that you: (1) identify each such record with specificity (including date, author, recipient, and parties copied); (2) explain in full the basis for withholding responsive material; and (3) provide all segregable portions of the records for which you claim a specific exemption. 5 U.S.C. § 552(b). Please correlate any redactions with specific exemptions under FOIA.

PROTECT the PUBLIC'S TRUST

Fee Waiver Request

FOIA was designed to provide citizens a broad right to access government records. FOIA's basic purpose is to "open agency action to the light of public scrutiny," with a focus on the public's "right to be informed about what their government is up to." *U.S. Dep't of Justice v. Reporters Comm. for Freedom of Press*, 489 U.S. 749, 773-74 (1989) (internal quotation and citations omitted). In order to provide public access to this information, FOIA's fee waiver provision requires that "[d]ocuments shall be furnished without any charge or at a [reduced] charge," if the request satisfies the standard. 5 U.S.C. § 552(a)(4)(A)(iii). FOIA's fee waiver requirement is "liberally construed." *Judicial Watch, Inc. v. Rossotti*, 326 F.3d 1309, 1310 (D.C. Cir. 2003); *Forest Guardians v. U.S. Dept. of Interior*, 416 F.3d 1173, 1178 (10th Cir. 2005).

The 1986 fee waiver amendments were designed specifically to provide organizations with non-profit purposes such as PPT access to government records without the payment of fees. Indeed, FOIA's fee waiver provision was intended "to prevent government agencies from using high fees to discourage certain types of requesters and requests," which are "consistently associated with requests from journalists, scholars, and non-profit public interest groups." *Ettlinger v. FBI*, 596 F.Supp. 867, 872 (D. Mass. 1984) (emphasis added). As one Senator stated, "[a]gencies should not be allowed to use fees as an offensive weapon against requesters seeking access to Government information" 132 Cong. Rec. S. 14298 (statement of Senator Leahy).

I. PPT Qualifies for a Fee Waiver.

Under FOIA, a party is entitled to a fee waiver when "disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the [Federal] government and is not primarily in the commercial interest of the requester." 5 U.S.C. § 552(a)(4)(A)(iii). DHS FOIA regulations at 6 CFR § 5.11(k) establish a substantially similar standard.

Thus, the Department must consider four factors to determine whether a request is in the public interest: (1) whether the subject of the requested records concerns "the operations or activities of the Federal government," (2) whether the disclosure is "likely to contribute" to an understanding of government operations or activities, (3) whether the disclosure "will contribute to public understanding" of a reasonably broad audience of persons interested in the subject, and (4) whether the disclosure is likely to contribute "significantly" to public understanding of government operations or activities. *See* 6 CFR § 5.11(k). As shown below, PPT meets each of these factors.

PROTECT the PUBLIC'S TRUST

A. The Subject of This Request Concerns “The Operations and Activities of the Government.”

The subject matter of this request concerns the operations and activities of the Department. This request asks for: Information pertaining to the Secretary’s travel, meetings, calendar, and communications in order to understand what processes are in place to ensure compliance with the law and inform the public on potential conflicts of interest or misconduct that may exist at the Department.

B. Disclosure is “Likely to Contribute” to an Understanding of Government Operations or Activities.

The requested records are meaningfully informative about government operations or activities and will contribute to an increased understanding of those operations and activities by the public.

Disclosure of the requested records will allow PPT to convey to the public information about whether the highest-ranking official at the Department is acting consistently with all of the applicable laws, rules, and regulations. After disclosing the requesting records, PPT will inform the public about their findings in order to ensure decisions are being made consistent with the law. Once the information is made available, PPT will analyze it and present it to its followers and the general public in a manner that will meaningfully enhance the public’s understanding of this topic.

Thus, the requested records are likely to contribute to an understanding of the Department’s operations and activities.

C. Disclosure of the Requested Records Will Contribute to a Reasonably Broad Audience of Interested Persons’ Understanding of the Secretary’s Conduct and Compliance with All Legal Obligations.

The requested records will contribute to public understanding of the official charged with managing America’s public lands and natural resources. As explained above, the records will contribute to public understanding of this topic.

Ethics obligations exist to reduce the likelihood that senior government officials are making decisions in a biased or arbitrary manner or to benefit the interests of former employers, clients, or related parties. Ensuring the avoidance of conflicts of interest or the appearance of bias is of interest to a reasonably broad segment of the public. PPT will use the information it obtains from the disclosed records to educate the public at large about whether the Secretary is adhering to all of his obligations, has established procedures to ensure compliance, and is committed to the ideals of transparency and public service that he has espoused. *See W. Watersheds Proj. v. Brown*, 318 F.Supp.2d 1036, 1040 (D. Idaho 2004) (“... find[ing] that WWP adequately specified the public interest to be served, that

PROTECT the PUBLIC'S TRUST

is, educating the public about the ecological conditions of the land managed by the BLM and also how ... management strategies employed by the BLM may adversely affect the environment.”).

Through PPT’s synthesis and dissemination (by means discussed in Section II, below), disclosure of information contained and gleaned from the requested records will contribute to a broad audience of persons who are interested in the subject matter. *Ettlinger v. FBI*, 596 F.Supp. at 876 (benefit to a population group of some size distinct from the requester alone is sufficient); *Carney v. Dep’t of Justice*, 19 F.3d 807, 815 (2d Cir. 1994), cert. denied, 513 U.S. 823 (1994) (applying “public” to require a sufficient “breadth of benefit” beyond the requester’s own interests); *Cnty. Legal Servs. v. Dep’t of Hous. & Urban Dev.*, 405 F.Supp.2d 553, 557 (E.D. Pa. 2005) (in granting fee waiver to community legal group, court noted that while the requester’s “work by its nature is unlikely to reach a very general audience,” “there is a segment of the public that is interested in its work”).

Indeed, the public does not currently have an ability to easily evaluate the requested records, which concern the Secretary’s interactions with outside parties seeking to influence the Department’s actions, and the procedures and systems in place to prevent misconduct and misuse of taxpayer resources. We also are unaware of these records having been released to date. See *Cnty. Legal Servs. v. HUD*, 405 F.Supp.2d 553, 560 (D. Pa. 2005) (because requested records “clarify important facts” about agency policy, “the CLS request would likely shed light on information that is new to the interested public.”). As the Ninth Circuit observed in *McClellan Ecological Seepage Situation v. Carlucci*, 835 F.2d 1282, 1286 (9th Cir. 1987), “[FOIA] legislative history suggests that information [has more potential to contribute to public understanding] to the degree that the information is new and supports public oversight of agency operations....”

Disclosure of these records is not only “likely to contribute,” but is certain to contribute, to public understanding of how the Secretary is conducting himself while in charge of a federal agency. The public is always well served when it knows how the government conducts its activities, particularly matters touching on ethics and potential misconduct questions. Hence, there can be no dispute that disclosure of the requested records to the public will educate the public about whether Secretary Mayorkas is compliantly performing his Senate-confirmed duties.

D. Disclosure is Likely to Contribute Significantly to Public Understanding of Government Operations or Activities.

PPT is not requesting these records merely for their intrinsic informational value. Disclosure of the requested records will significantly enhance the public’s understanding of the potential conflicts of interest and likelihood of an appearance of bias in decision-making as compared to the level of public understanding that exists prior to the

PROTECT the PUBLIC'S TRUST

disclosure. Indeed, public understanding will be significantly increased as a result of disclosure.

The records are also certain to shed light on the Department's compliance with its own mission. Such public oversight of agency action is vital to our democratic system and clearly envisioned by the drafters of the FOIA. Thus, PPT meets this factor as well.

II. PPT has the Ability to Disseminate the Requested Information Broadly.

PPT is an organization that informs, educates, and counsels the public about the importance of government officials acting consistently with their ethics obligations. A key component of being able to fulfill this mission and educate the public about these duties is access to information that articulates what obligations exist for senior government officials. PPT intends to publish information from requested records on its website, distribute the records and expert analysis to its followers through social media channels including Twitter, Facebook, and other similar platforms. PPT also has a robust network of reporters, bloggers, and media publications interested in its content and that have durable relationships with the organization. PPT intends to use any or all of these far-reaching media outlets to share with the public information obtained as a result of this request.

Through these means, PPT will ensure: (1) that the information requested contributes significantly to the public's understanding of the government's operations or activities; (2) that the information enhances the public's understanding to a greater degree than currently exists; (3) that PPT possesses the expertise to explain the requested information to the public; (4) that PPT possesses the ability to disseminate the requested information to the general public; (5) and that the news media recognizes PPT as a reliable source in the field of government ethics and conduct.

Public oversight and enhanced understanding of the Department's duties is absolutely necessary. In determining whether disclosure of requested information will contribute significantly to public understanding, a guiding test is whether the requester will disseminate the information to a reasonably broad audience of persons interested in the subject. *Carney v U.S. Dept. of Justice*, 19 F.3d 807 (2nd Cir. 1994). PPT need not show how it intends to distribute the information, because "[n]othing in FOIA, the [agency] regulation, or our case law require[s] such pointless specificity." *Judicial Watch*, 326 F.3d at 1314. It is sufficient for PPT to show how it distributes information to the public generally. *Id.*

III. Obtaining the Requested Records is of No Commercial Interest to PPT.

Access to government records, disclosure forms, and similar materials through FOIA requests is essential to PPT's role of educating the general public. PPT operates as a non-profit organization with supporters who seek a transparent, ethical and impartial

PROTECT the PUBLIC'S TRUST

government that makes decisions in the best interests of all Americans, not former employers and special interests. PPT has no commercial interest and will realize no commercial benefit from the release of the requested records.

IV. Conclusion

For all of the foregoing reasons, PPT qualifies for a full fee waiver. We hope that the Department will immediately grant this fee waiver request and begin to search and disclose the requested records without any unnecessary delays.
