RE: Response to March 4, 2022 Letter

Dear Secretary LaRose:

In response to your letter dated March 4, 2022 (“Letter”) please find our Report below. This Report details our response to each of the issues discussed in your letter.

The Blystone campaign for Governor of Ohio comes off the heels of a dark period in Ohio history. Supposedly “Republican” Governor Mike DeWine has sold-out to special interests, imposed draconian restrictions, and put our people through unnecessary misery typically only seen in Democrat-led states. As a local farmer and family-man, I saw the problems first-hand.

I felt compelled to offer Ohioans a new vision. Thousands of Ohioans rallied behind me. The Blystone campaign is, undeniably, a true grassroots campaign and is entirely led and organized by non-professional volunteers. We were amazed by the extreme and overwhelming outpouring of thousands of Ohioans, who gave in small amounts, often in cash (as permitted by Ohio law). Even our opponents acknowledge—this grassroots support is unprecedented. Given these unique challenges, we appreciate the clarity provided in your letter about certain matters. The attached report addresses each issue you discussed. We feel confident that this Report will give Ohioans confidence in our reporting.

We look forward to working with you to answer any further questions.

Sincerely,

Joseph K. Blystone, Candidate

**Secretary’s Letter is attached as exhibit A.**

**Response to “Future Guidance, No Action Required”**

There were several points in the Letter issuing guidance for future reporting. Specifically items numbered 5, 9 – 11, 17, and 25. This guidance is noted and will be implemented in future reports.

**Responses to each item issued in the Letter**

15. The contributions below have been placed into the following groups: Cash, Check, Duplicate Entries, Events, and In Kind. Any entries from businesses have been checked against the Secretary of State database to verify type of business entity. One cash contribution of \$100 has been identified as needing returned. A copy of any refund checks will be made available to the Secretary's office as requested. In Kind donations will be updated to reflect an accurate description of the donation, value, and date.

In summary, there were one hundred and three Events, twenty-six In Kind contributions, seventeen cash donations, fourteen duplicates and twelve checks.

21. The expenditure listed #Name? was a result of a spreadsheet error. The correct full name of the expenditure is Red Barn Silk Screen & Emb, invoice #70452 dated 10/28/21 for “Embroidered Campaign vests, 1xL, 1xXL”.

22. One hundred twenty-seven entries requiring additional information. All but two entries have had the purpose updated as requested. One entry appears to be fraudulent and will be addressed with the credit card company. One other entry was a personal purchase in the amount of \$15.46 made by a campaign representative by mistake using the wrong saved credit card number. A confidential or redacted copy of the refund check will be made available to the Secretary’s office.

# Exhibit A

March 4, 2022

**2021 Semiannual  
2021 Annual**

Friends of Joe Blystone  
Jane Blystone, Treasurer  
8677 Oregon Road  
Canal Winchester, OH 43110

Dear Ms. Blystone:

As mandated by statute, the Secretary of State's office has examined, for compliance with Ohio's campaign finance laws and regulations, your committee's above-mentioned finance reports. Our examination, conducted under Ohio Revised Code section 3517.11(B), indicates that additional information is needed as follows to complete or clarify the reports.

**2021 Semiannual Report**

**\*\*Will need to file electronically and/or provide correspondence as necessary\*\***

On the Statement of Contributions:

1. The committee has reported receiving "contributions received 25 or less," in an uncharacteristic frequency and amount. R.C. 3517.10(B)(4)(c), in relevant part, requires a separately itemized account of all contributions, except contributions from a person totaling \$25 or less at one social or fund-raising activity.

The campaign's treasurer is required to keep itemized records of all contributions received, no matter the amount, as the committee was advised on phone calls with the committee's examiner. Please review the committee's records and confirm via writing that all contributions reported as being received as \$25 or less at a social or fundraising event were properly reported.

2. Contributions from partnerships or unincorporated businesses are listed in the report. Pursuant to R.C. 3517.10(I), committees receiving contributions from a partnership or unincorporated business shall report the contribution by listing both the partnership or unincorporated business **and** the names of the partners, owners, or members contributing. If the contribution is from multiple partners, please list them as separate, individual contributions, attributing a particular amount to each partner. The name of the business should be reflected under the occupation/employer field. **Please correct the report by**

providing the names of the partners, owners, or members making the following contributions:

<i>Name</i>	<i>Date</i>	<i>Amount</i>
Blystone Farm	(multiple)	(multiple)
A and J Towing	03/18/2021	\$1,000.00
Lake Varsity Dine	06/14/2021	\$500.00
Hocking River Motor Co	04/23/2021	\$100.00

3. A contribution is listed without a name, dated 06/12/2021, and in the amount of \$105.00. Please provide the name of the contributor as required by R.C. 3517.10(B)(4)(b)(i), or if unknown, please provide more detail to describe the circumstances under which the money was received, and the efforts made by the committee to identify the contributor, pursuant to R.C. 3517.10(C)(2).

4. Contributions in excess of \$100 in cash per election are prohibited pursuant to R.C. 3517.13 (F). Several cash contributions are listed within the report that exceed \$100.00. **Therefore, it is necessary to refund the amounts in excess of \$100 to the following contributors:**

<i>Name</i>	<i>Date</i>	<i>Amount</i>
Ken Carter	06/19/2021	\$1,000.00
Herb Fabe	06/19/2021	\$305.00
Drane Dietz	06/19/2021	\$225.00
Herb Faber	06/19/2021	\$200.00
Brien Burk	06/12/2021	\$200.00
Yvette King	06/19/2021	\$175.00

5. There are contributions listed in the report with employer or occupation information that is too vague. The contributors' employers are listed as "self." Pursuant to R.C. 3517.10(B)(4)(b)(ii), for any contribution received from an individual that exceeds \$100, the report must include the name of the individual's current employer, if any, **or, if self-employed, the name of the individual's business. Therefore, in future reports please provide more specific employer information for contributors.**

On the Statement of Expenditures:

6. Pursuant to R.C. 3517.10(D)(4), each expenditure in excess of \$25 must be vouched for by a copy of a canceled check or paid receipt. Copies of uncashed internal check copies and unpaid invoices do not satisfy the requirement of R.C. 3517.10(D)(4). **Therefore, please submit a copy of the canceled check image or paid receipt for the following expenditure entries within this report:**

7. Provided in the report were bank statements or other expenditure verifications containing the following transactions which appeared to have no corresponding entries listed in the report on the Statement of Expenditures, or it was otherwise unclear regarding the grouping of transactions of the same date and payee into one expenditure entry in the report, which expenditure entry the transactions pertained to. Please clarify and correct the report as necessary. *Note: This correction will affect lines 5 and 6 of the cover page and cover page figures on subsequently filed reports.*

8. Listed within the report is an expenditure to Gotprint.com, dated 05/17/2021, and in the amount of \$319.17. However, the bank statement expenditure verification provided to validate this expenditure appeared to be in the amount of \$319.71. **Please clarify the proper amount of this expenditure and correct the report as needed. Note: This correction will affect lines 5 and 6 of the cover page of this report and the cover page figures on subsequently filed reports.**
  
9. Expenditures are listed in the report with a purpose that is unclear or vague, primarily related to travel. These vague purposes include descriptions such as "gas," "food," and "sleep." Pursuant to R.C. 3517.01(C)(6) expenditures may be made in a manner intended to influence the results of an election, to make a charitable contribution, or necessary in the performance of the duties of public office. When a campaign committee purchases items or services, the item or service belongs *exclusively* to the campaign committee and may only be used for permitted purposes that are legitimate, necessary, ordinary, and verifiable (OEC Adv. 87ELC-4). **Therefore, in future reports, please provide a more specific purpose as to the election-related or duties of public office-related nature of the expenditure.** As an example, a more specific purpose for expenditure purposes such as gas, food, and sleep might be "Circleville pumpkin show campaign travel gas," "June 15<sup>th</sup> campaign fundraiser food," or "Hamilton county campaign event overnight lodging," as applicable.
  
10. All expenditures are listed within the report without a complete street address. Sections 3517.10(B)(5)(b) and (F)(1) of the Revised Code require a complete street address, including zip code, for every expenditure made. Exceptions are allowed for banks, post offices, gasoline companies, and utilities. **Therefore, in future reports, please provide a complete street address for all applicable expenditure entries.**

## 2021 Annual Report

**\*\*Will need to file electronically and/or provide correspondence as necessary\*\***

### On the Statement of Contributions:

11. Various contributions are listed within the report as received from two people. Pursuant to O.A.C. 111:2-4-14 and absent evidence to the contrary, any contribution received from a joint checking account shall be considered a contribution from the person signing the check. If the contribution is to be apportioned in some fashion to each individual listed, please list them separately as two contribution entries. **Therefore, in future reports, please discontinue reporting contributions as from two people.**
  
12. Approximately 52 contributions are listed within the report without a date. Each contribution must include the month, day, and year as required by R.C. 3517.10(B)(4)(a). **Therefore, please provide the date as necessary for all contributions missing a date.**

13. No contributor has been identified, or the entry has been marked 'Anonymous' for approximately 14 entries in this report. Pursuant to R.C. 3517.10(C)(2), it is necessary to describe the circumstances under which the money was received and the reason it cannot be attributed to a specific donor. **Therefore, please correct the report by providing this information.**

14. There appear to be multiple contributions, or in-kind contributions, from entities that appear to be corporations. Pursuant to R.C. 3599.03 corporations may not contribute to non-ballot issue committees. **Therefore, it is necessary to refund the following contributions.** Although these refunds will not be reported until the next filing, please provide copies of the refund checks as they are issued at this time.

<i>Name</i>	<i>Date</i>	<i>Amount</i>
Brabham Family Ent. Inc	11/03/2021	\$400.00
Custom Foam Products, Inc.	09/18/2021	\$300.00
Heffelfinger's Meats Inc.	11/05/2021	\$250.00
North Central Ohio Conservatives, Inc.	11/18/2021	\$150.00

15. The report lists several non-individual contributions or in-kind contributions, from businesses, or, in many instances, from what appear to be locations or event descriptions rather than an individual or entity contributing. In some instances, based on the chosen wording used in the entry, it is difficult to discern between the two.

Therefore, with regard to the entries that are indeed locations or event descriptions, all contributions reported on the Statement of Contributions Received (Form 31-A) must be itemized regardless of the amount. Pursuant to 3517.10(B)(4)(e), exemptions to itemizing contributions **only** applies to contributions received \$25 or less at a social or fundraising event and reported on **Form 31-E** as "**Contributions Received \$25.00 or Less.**" **Therefore, please clarify and itemize the contributions where necessary, or correct the reporting accordingly consistent with the itemization exemption parameters identified above for the following applicable entries.**

With regard to the entries that are indeed from business entities, pursuant to R.C. 3517.10(I) committees receiving contributions from a partnership or unincorporated business shall report the contribution by listing both the partnership or unincorporated business and **the name of the partners, owners, or members making the contribution.** **If any entity is found to be unincorporated, it will be necessary to correct the report accordingly.** Pursuant to R.C. 3599.03 a corporation may not make a contribution to a non-ballot issue committee. **If any entity is found to be incorporated, it will be necessary to refund the contribution.** Although any refund would not be reported until the next filing, please provide a copy of the refund check if it is issued at this time. **Therefore, please correct the report as necessary for any unincorporated business contributions and make any refunds necessary for any incorporated business contributions for the following applicable entries:**

17. There are some contributions listed in the report with employer or occupation information that is too vague. The contributors' employer information is listed as "self," "owner," or some similar variation. Pursuant to R.C. 3517.10(B)(4)(b)(ii), for any contribution received from an individual that exceeds \$100, the report must include the name of the individual's current employer, if any, or, **if self-employed, the name of the individual's business. Therefore, in future reports please provide more specific employer information for contributors.**

18. There are several contributions or in-kind contribution entries listed within the report without an amount or value. R.C. 3517.10(B)(4)(d) requires a value for each contribution received. Please provide the amount or fair market value for the following contributors:

On the Statement of In-Kind Contributions Received:

20. In-kind contributions received are listed in the report without a description of the item or service provided. R.C. 3517.10(B)(4)(c) requires a description of all non-monetary contributions. **Therefore, please provide a description for the following in-kind contributions received:**

<i>Name</i>	<i>Date</i>	<i>Amount</i>
Tiffin Pedal Company	07/09/2021	\$300.00

Rowdy Wasney	11/05/2021	not provided
Jennifer Gleub	11/05/2021	not provided
Karen Dodson	11/05/2021	not provided

On the Statement of Expenditures:

21. An expenditure is listed within the report from “#Name?,” dated 10/28/2021, in the amount of \$141.57. Please provide the *full name* to whom the expenditure was made as required by R.C. 3517.10(B)(5)(b).
22. Approximately 126 expenditures are listed within the report without a purpose. R.C. 3517.10(B)(5)(c) requires that the purpose for which the expenditure was made be listed on the report. **Please provide the purpose for the expenditure entries in the report without a purpose.**
23. Expenditures are listed within the report with a purpose that is unclear or vague, primarily related to fuel. Expenditures totaling over \$10,000.00 are listed with a purpose of “fuel,” while several more are without a purpose but appear to be fuel related. Pursuant to R.C. 3517.01(c)(6) expenditures may be made in a manner intended to influence the results of an election, to make a charitable contribution, or necessary in the performance of the duties of public office. When a campaign committee purchases items or services, the item or service belongs exclusively to the campaign committee and may only be used for permitted purposes that are legitimate, necessary, ordinary, and verifiable (OEC Adv. 87ELC-4). **Therefore, please confirm that all of the expenditures labeled with a purpose of “fuel,” or that are without a purpose statement but indeed are for fuel, were used exclusively for the committee permitted purposes described above, and are properly reported.**
24. Expenditures are listed within the report with a purpose that is unclear or vague. Pursuant to R.C. 3517.01(C)(6) expenditures may be made in a manner intended to influence the results of an election, to make a charitable contribution, or necessary in the performance of the duties of public office. When a campaign committee purchases items or services, the item or service belongs *exclusively* to the campaign committee and may only be used for permitted purposes that are legitimate, necessary, ordinary, and verifiable (OEC Adv. 87ELC-4). **Therefore, please clarify the election-related or duties of public office-related nature of the following expenditure:**

<i>Name</i>	<i>Date</i>	<i>Amount</i>	<i>Purpose reported</i>
Rachel Collins	09/05/2021	\$190.00	campaign finance
Armed & Ready	07/03/2021	\$1,018.88	Glock 19 Gen 5/ Radical arms NK I
Rachael Collins	09/28/2021	\$620.00	campaign finance
Brenda Moody	11/15/2021	\$560.00	campaign finance
Brenda Moody	12/27/2021	\$460.00	Ck1048

25. Expenditures are listed in the report with a purpose of “refund” or contribution refund. It appears the expenditures are a refund of an individual’s contribution. The Ohio Elections Commission opined in OEC Adv. 99ELC-03 that it is not permissible for the campaign

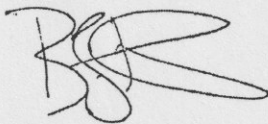

committee to return to individual contributors their identifiable campaign contributions from the remaining balance of campaign funds, except as specifically allowable pursuant R.C. 3517.102, R.C. 3517.109, and R.C. 3517.992, for the purposes of refunding contributions in excess of the applicable contribution limit or to refund a contribution that has been determined to be illegal. **Therefore, please be advised of the Commission's opinion regarding the refunding of contributions to contributors and discontinue contributor refunds.**

26. Pursuant to R.C. 3517.10(D)(4), each expenditure in excess of **\$25** must be vouched for by a copy of a canceled check or paid receipt. There are approximately **230** expenditure entries in excess of \$25 listed within this report. **Therefore, please submit a copy of the canceled check or paid receipt for all of the applicable expenditure entries within this report.**
27. Due to the number of entries missing partial or complete information, it is necessary for the committee to provide complete copies of all applicable bank statements for the annual reporting period for verification and clarification of all reported activity.

Section 3517.106(E)(1) of the Ohio Revised Code requires that the addendum to an electronically filed report be filed by electronic means of transmission. Reports originally filed by paper will need to be amended by paper. This applies only to the addition, deletion, or modification of previously filed records. All documentation verifying expenditures, including copies of checks used to refund illegal contributions, should be filed in paper form or may now be uploaded electronically to the corresponding report to which it applies.

**It is necessary to respond to this examination within twenty-one days of receipt of this letter.** Please be advised that if all requested information is not received within that time period a referral may be made to the Ohio Elections Commission. If you have any questions, please **contact Jason Long** at (614) 728-0956 or [jlong@ohiosos.gov](mailto:jlong@ohiosos.gov).
