Mayor Carter:

I am writing in reference to my letter to you of January 3, 2018. Since my writing of that letter, I was advised that the negative comments included in my correspondence to you, regarding St. Paul City Attorney Lyndsey Olson, referenced complaints that were investigated and not sustained. Had I known that at the time, I would not have made the negative comments that I made in the letter. Moreover, none of the investigated issues involved complaints of prosecutorial misconduct or using her position in an unjust or unethical manner.

I am sorry for any embarrassment or discomfort that my comments in the letter may have caused Ms. Olson.

Sincerely,

John Lesch
