District 4 Map Modification 1 Analysis

Modification Summary – MOD ID: COD-CC-Dist4-Mod1 (Submitter: CM Carolyn King Arnold)

Date Submitted: - 6-2-2022

Current Status: Requested modification to the Plan submitted to the Mayor on May 16th 2022 by the Redistricting Commission

REVIEW CRITERIA FOR PLAN ACCEPTANCE

1. Maximum Deviation Less than 10%: Population Difference between most populated and least populated district divided by ideal population is less than 10%

Plan meets Criteria **Plan does not meet Criteria**
Plan Max Deviation – 9.07%

2. Contiguity: All districts should be geographically contiguous.

Plan meets Criteria **Plan does not meet Criteria**

3. Unassigned Census Blocks

Plan meets Criteria **Plan does not meet Criteria**

4. Change Description

This map moves the Kiest Park neighborhood into Council District 4 for the purposes of creating the center or core for the community (social, economic, etc.) reasons. The park helps to create and maintain community synergy!

This particular modification speaks to providing a community of interest & nexus which supports social, political access points whereby community can assemble to promote/voice their positions on all incidents/scenarios which affects their day-to-day life experiences. Keeping the community “glued” helps to create the village needed to make Dallas safe – definitely utilizing the Equity Lenses.

Date Submitted: - 6-2-2022

Current Status: Requested modification to the Plan submitted to the Mayor on May 16th 2022 by the Redistricting Commission

REVIEW CRITERIA FOR PLAN ACCEPTANCE

1. Maximum Deviation Less than 10%: Population Difference between most populated and least populated district divided by ideal population is less than 10%

Plan Max Deviation – 9.05%

2. Contiguity: All districts should be geographically contiguous.

Plan meets Criteria **Plan does not meet Criteria**

3. Unassigned Census Blocks

Plan meets Criteria **Plan does not meet Criteria**

4. Change Description

Extend the southwest boundary of District 5 to include River Ranch and the Texas Horse Park.

The Horse Park is an asset whose single entrance/exit faces District 5; there is no easy access to the Horse Park from any neighborhood in its current district. The Horse Park would be a significant asset around which future District 5 leadership and community members could rally to maximize the facility's potential and benefit to the community. Additionally, the Pemberton Hill Neighborhood Association was instrumental in supporting the development of the Horse Park and believe that it is an integral part of their neighborhood.

4. Change Description

This proposal puts the Lakewood Shopping Center into District 9 to make it consistent with the district that the surrounding neighborhood (Lakewood) sits in (District 9)

The Lakewood Shopping center is a community asset in East Dallas. This proposed change has a minimal population impact for District 9 (current map is 92,194 and this proposal increases the population to 92,258). However, it places the Lakewood Shopping Center in the same district as the Lakewood Neighborhood sits.

4. Change Description

As the map is currently proposed, the Lakewood Country Club is divided into two districts (9 and 14). This proposal consolidates the Lakewood Country Club into District 9.

The Lakewood Country Club is a community asset. It is currently divided into two districts. This proposed change creates cohesion in the neighborhoods and areas surrounding the Club and has easily identifiable boundaries. It changes the population from 92,194- 92,308 (a .12% change)

District 7 Map Modification 1 Analysis

Modification Summary – MOD ID: COD-CC-Dist7-Mod 1 (Submitter: CM Adam Bazaldua)

- Moving the Northern D7 border line to extend to Ferguson Rd, Ash Creek, and White Rock Creek.
- Extending the NE District 5 border line from Military Parkway to Forney Rd.
- Extending the D5 line from Pemberton Hill Rd to include a portion of the Great Trinity Forest.
- Moving the D5 line from Parkdale Lake to Elmira St, Lasca St., and Hilltop St.
- Extending the D5 line from Hunnicut Rd. to Forney Rd., along Military Pkwy.

Date Submitted: - 6-3-2022

Current Status: Requested modification to the Plan submitted to the Mayor on May 16th 2022 by the Redistricting Commission

REVIEW CRITERIA FOR PLAN ACCEPTANCE

1. Maximum Deviation Less than 10%: Population Difference between most populated and least populated district divided by ideal population is less than 10%

Plan meets Criteria **Plan does not meet Criteria**
Plan Max Deviation – 9.22%

2. Contiguity: All districts should be geographically contiguous.

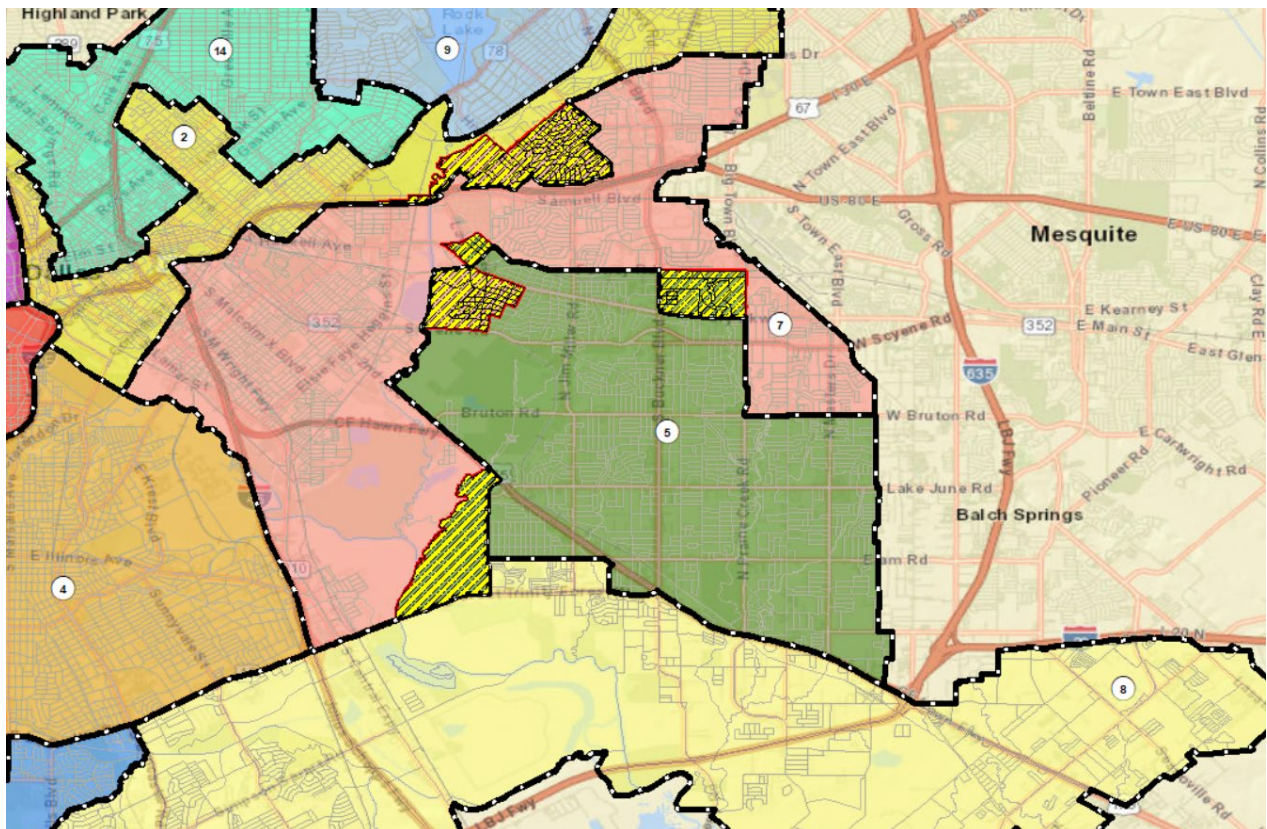

Plan meets Criteria **Plan does not meet Criteria**

3. Unassigned Census Blocks

Plan meets Criteria **Plan does not meet Criteria**

4. Change Description

The proposed map maintains communities who share similar interest such as Owenwood, Parkdale, Ash Creek Greenbelt, Claremont, Hillridge, Old Buckner Terrace and Lakeland Hills. The district border lines were adjusted to make major streets the new district border lines, rather than neighborhood streets. Collaboration and funding for capital improvement projects are in place for the Parkdale and Ferguson corridor study and Lawnview public improvements. Adjusting the lines to keep these places together will prevent disruption of the progress being done in these neighborhoods.

4. Change Description

In response to overwhelming neighborhood outcry, the proposed amendment returns most neighborhoods west of Webb Chapel Rd. and north of Walnut Hill to District 13. This amended map keeps Midway Hollow neighborhood to D13 but adds back in a small part of it that was drawn out—which would divide the neighborhood association’s boundaries. The Hispanic population in the northern triangle remains in District 6 (Marsh past Josey, north of Forest Lane).
