Re: Causa of Oregon  
Cases 19-CA-286137  
19-CA-286138

Dear Ms. Burke and Mr. Mendoza:

Enclosed is an informal settlement agreement in this matter that the Charged Party has signed. This settlement agreement appears to remedy the violations established by our investigation and to comport with the remedial provisions of Board orders in cases involving such violations.

If you wish to join in the settlement, please sign and return the settlement agreement to this office by close of business on June 16, 2022.

If you decide not to join in this settlement, your objections to the settlement agreement and any supporting arguments should be submitted in writing to me by June 16, 2022. Your objections and arguments will be carefully considered before a final determination is made whether to approve the settlement agreement. If you fail to enter the settlement agreement or to submit objections by June 16, 2022, I will approve the settlement agreement on June 17, 2022.

Very truly yours,

RONALD K. HOOKS  
Regional Director
