RE: Addendum to FOIA Request Case Number: 21-00384-P

Dear Ms. Kent:

We write to provide some additional information that may assist in the search for records responsive to FOIA Request Case Number: 21-00384-P (attached hereto as Exhibit A, hereinafter, the “Request”). The Request, which remains pending, sought information relevant to a presently pending litigation—*Baraya v. Mazur, et al.*, Case No. 16-006002-CI (Fla. Cir. Ct. 2016, Pinellas Cnty.)—regarding the following individual (the plaintiff in the case):

- **Name:** Francisco Javier Ospina Baraya
- **Aliases:** Javier Ospina Baraya, Javier Ospina, Francisco Javier Ospina Gutierrez, Javier Ospina Gutierrez, and Pacho
- **Date of Birth:** December 4, 1956
- **Colombia Cedula Number:** 70.077.853
- **Citizenship:** Colombia and Spain
- **Current Address:** Bdul. Regina Elisabeta 28, Corp B, Etaj 1, Ap B12 – Sector 5 Bucharest, Romania
- **Recent Addresses:**
  - Calle del Camino de Hoyarrasa, 24, 28109 Alcobendas, Madrid, Spain
  - 24 Calle del Camino de Hoyarrasa, Acobendas, 26109, Madrid, Spain
- **Prior Addresses in Following Cities:**
  - Medellin, Colombia
  - Bogota, Colombia

The Request provided the following background information: During late 1989 or early 1990, DEA obtained various bank records from Panamanian officials concerning accounts maintained on behalf of members of the Medellin drug cartel at two financial institutions operated in Panama, Banco de Occidente (Panama) and Banco de Occidente International Limited. Although these records were provided to DEA pursuant to a written request initiated by DEA Special Agent David C. Panek to Miguel Antonio Corro Ponce, the Consulate of Panama in Washington DC, they were initially given by a Panamanian official to IRS Special Agent Jack

Fishman, an agent that worked on this joint DEA / IRS matter that targeted Pablo Emilio Escobar-Gaviria and others.

Agent Fishman and other agents received the bank records in question at a warehouse in Panama and transported them, via a U.S. Military plane, to a U.S. federal building in the United States where the records, which filled several large boxes, were copied. Copies of the records were taken to the IRS Cincinnati Service Center (actually located in Covington, Kentucky). At the ADP Service Center, IRS and DEA agents analyzed and prepared schedules detailing roughly 138,000 financial transactions documented within the Banco de Occidente records.

The bank records in question were confirmed to reflect the laundering of roughly \$1 billion in drug proceeds on behalf of Pablo Escobar, Gerardo Moncada, Fernando Galeano, and other high-ranking members of the Medellin Cartel. The accounts identified at Banco de Occidente known to contain significant amounts of drug proceeds included the following:

1. Campo Libre S.A. (account number: 0202249701)
2. Punto Clave – (account number: 0202250001)
3. Yewfield – (account number: 02027980201 or 0202792801)
4. Eduardo Martinez – (account number: 0200755201)

A partial analysis of records related to the four accounts noted above (items 1-4) resulted in the discovery of transfers of drug proceeds from those accounts to various bank accounts in Spain. As a result, DEA provided Spanish authorities with copies of bank records concerning fund transfers from the above-referenced accounts to bank accounts in Spain. Spanish authorities, including those assigned to Spain's Financial Intelligence Unit (FIU), determined and reported to DEA that some of the drug proceeds sent from the four accounts in question were transferred to account(s) in Spain maintained by or on behalf of Francisco Javier Ospina Baraya (a/k/a Javier Ospina).

The documentation confirming transfers of drug proceeds from the four accounts in question to accounts controlled by Francisco Javier Ospina Baraya resulted in an initial denial of his request for a Visa made during and before January of 1993. This initial Visa denial was issued after consultation between various U.S. Embassy personnel in Madrid, including DEA, and Spanish authorities.

Francisco Javier Ospina Baraya is the brother of Rodolfo Ospina Baraya. At the time of the above-referenced funds transfers, Rodolfo Ospina Baraya was a senior member of the Medellin Cartel. A former member of the cartel who worked directly with both Francisco Javier Ospina Baraya and Rodolfo Ospina Baraya has, in recorded interviews, recently identified Francisco Javier Ospina Baraya as the principle launderer of as much as \$300 million in drug proceeds earned by Rodolfo Ospina Baraya. It appears that none of the investments allegedly acquired with these drug proceeds have ever been seized.

### New Information

In the course of discovery in this litigation, the defendants have learned some additional information that may assist with locating relevant information responsive to the Request. Namely, the defendants have ascertained that the umbrella company that was Rodolfo Ospina Baraya's front for drug-trafficking proceeds is called Agro Unidas—a farm and livestock company established and operating in Colombia. We have reason to believe Francisco Javier Ospina Baraya managed the office of Agro Unidas, and much of Rodolfo Ospina Baraya's wealth made its way into the company.

Accordingly, we seek to supplement the Request to include searches for the following company names that are also linked to Francisco Javier Ospina Baraya, and therefore may yield relevant search results. Francisco Javier Ospina Baraya is, in either his name or one of his aliases, an officer or director in each of the following companies:

- Agro Unidas
- Europea De Desarrollo Urbano E Inversiones S.I.
- Empresa Comercial Caribena, S.A.
- Corporacion Santa Helena, S.A.
- World Trade Investments Inc.
- Pachamama Unidos SAS

We also have reason to believe that Francisco Javier Ospina Baraya has at times used the name FRANCISCO JAVIER OSPINA GUTIERREZ. He is listed with this name on the Panama corporate registry for Pachamama Unidos SAS, and Gutierrez is his wife's maiden name. Accordingly, we would request that this iteration of his name be searched as well.

As stated in the Request, we agree to reimburse you for reasonable costs associated with producing the requested records. If that cost will exceed \$500, please let us know before you incur the costs. If you have any questions about handling this addendum to the Request, you may telephone me at 703-850-6317 or at my office phone, 202-973-4250. Thank you very much for your time.

Sincerely,

Ospina Baraya and Rodolfo Ospina Baraya has, in recorded interviews, recently identified Francisco Javier Ospina Baraya as the principle launderer of as much as \$300 million in drug proceeds earned by Rodolfo Ospina Baraya. It appears that none of the investments allegedly acquired with these drug proceeds have ever been seized.

**Documents Requested in this FOIA Application:**

1. Any and all forms DEA-6, reports, schedules, memoranda, cables, analysis, copies of bank records, or other records related to the transfer of funds from the above-referenced accounts, or any other accounts alleged to contain drug proceeds, to accounts maintained by or on behalf of Francisco Javier Ospina Baraya (or any of his aliases). These records should include, but not be limited to, transfers from the four above-referenced accounts maintained at Banco de Occidente during the period of January 1, 1987 through December 31, 1989.
  - a. Please note that the above-referenced bank records were acquired and associated with, among other cases, criminal indictment CR89-086A brought in U.S. District Court in Atlanta against Banco de Occidente (Panama) S.A. and others. It is believed that the bank records and related records concerning the four above-referenced bank accounts are most likely archived in the files of the DEA Atlanta Field Division and are related to the Atlanta Field Division's investigation(s) of Gerardo Moncada, Pablo Emilio Escobar-Gaviria, Eduardo Martinez, Gustavo De Jesus Gaviria-Rivero, Banco de Occidente, Carman Clara Garcia de Paredes, and others.
  - b. It is equally possible that the records may be part of the archived records of a parallel investigation concerning the same subjects that was conducted by the DEA Attaché's office in Panama City, Panama. The Panama City, Panama Attaché's office had joint involvement with the Atlanta DEA office in acquiring, analyzing and maintaining the records in question.
  - c. Locating these records will likely require minimal DEA resources and significantly reduce search costs if DEA contacts the FIU in Spain, whose files pinpoint the FIU's receipt of the relevant information from DEA and also pinpoints the details of the relevant information sent back to DEA by the FIU in Spain. Approaching the search for these records in this manner will enable DEA to precisely track the location of the relevant files within the massive number of DEA investigations related to the Medellin Cartel initiated by DEA that may otherwise have to be combed to locate the records in question.
2. Any forms DEA-6 related to the joint U.S. Customs / DEA investigation conducted by the DEA Tampa District Office that reference Francisco Javier Ospina Baraya (a/k/a Javier Ospina).
  - a. Please note that, in a related joint DEA / U.S. Customs investigation conducted in Tampa concerning the Medellin Cartel, the same bank account noted in item 1

above was referenced during a recorded undercover telephone call had by U.S. Customs undercover agent Robert Mazur on April 25, 1988, with Javier Ospina and an associate of Ospina. Please search both the subject's full name and his aliases, as we are aware that certain government documents only refer to him by his alias(es).

We respectfully request that you respond to this request within 20 business days, as required by 5 U.S.C. § 552(a)(6)(A)(i). If access to the requested records will take longer, please contact us with information about when we might expect copies or the ability to inspect the requested records.

If you deny all or any part of this request, please cite each specific exemption you think justifies your refusal to release the information and notify me of appeal procedures available under the law. We note that the release of the information sought is unlikely to result in any foreseeable harm because the relevant events occurred between 20-40 years ago.
