ACTIVITY REPORT: Scheduled Inspection

B626445082

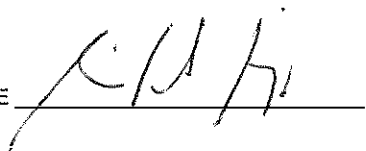

FACILITY: ACE CONCRETE PRODUCTS CO		SRN / ID: B6264
LOCATION: 25235 JOY RD, MOUNT CLEMENS		DISTRICT: Southeast Michigan
CITY: MOUNT CLEMENS		COUNTY: MACOMB
CONTACT:		ACTIVITY DATE: 07/06/2018
STAFF: Rem Pinga	COMPLIANCE STATUS: Unknown	SOURCE CLASS: MINOR
SUBJECT: Unannounced Target Inspection		
RESOLVED COMPLAINTS:		

On 07/06/2018, I conducted an unannounced target inspection at Ace Concrete Products located at 24235 Henry B. Joy Boulevard, Harrison Township (Mt. Clemens?), Michigan. During the pre-inspection office file review, I found out that this facility has an old but still existing permit to install (PTI), PTI No. 854-77, for a transit mix concrete plant. During site inspection, the address showed an empty lot adjacent to I-94 Freeway and Henry B. Joy Blvd. I drove within a quarter mile on both sides of Joy Blvd and did not observe and concrete batch plant.

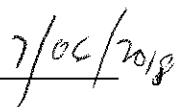

At the office, I conducted additional research and discovered that the "30012 Little Mack Road, Roseville, Michigan" facility corporate address in the folder for Ace Concrete Products no longer exist. This address now belongs to Clancy Excavating.

As a result of my inspection and investigation, I am going to recommend to AQD Permit Section to void PTI No. 854-77 and note that this facility is now shutdown.
