Ms. Chisholm,
There are approximately 20 request ahead of 2020-04836. Again, requests are processed in the order they were received in relation to other requests in the same track. Accordingly, we are unable to give an estimate of completion. I hope this information is helpful to you.

Thank you for the update.

Since our requests are urgent for current litigation, and I did receive a response for 2020-04836 that our request was granted to be expedited, is there a time frame for responses to expedited request?

Ms. Chisholm,

Regarding the status of both 2020-05531 and 2020-04836, it appears that some documents have been loaded for review. Generally, once records have been located, they need to be processed. Additionally, requests are processed in the order they were received in relation to other requests in the same track. While it is difficult to provide an estimated time the processing of the records will be complete, we continue to work diligently on providing you a response as soon as practicable.

Please feel free to monitor the status of your requests at <https://www.bop.gov/foia/index.jsp#tabs-6> by entering the number of your request and clicking the "search button".
