Good Afternoon Mr. Turner,

This is in response to your inquiry regarding the status of your request.

Please note that your request was tasked to OSD components for search. Unfortunately, the search for the requested records has not been completed. As stated in our interim response, our administrative workload was 3,811 open requests at the time we received this request. Please understand our problem with the volume of requests. Once I have received responses from components, I will act on your request as soon as possible and respond directly to you. I have also requested an estimated completion date from the components and once I hear from them, I will update you with that date. I apologize for the anticipated delay in responding to your request.

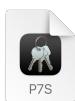

If you have any additional questions, please don't hesitate to contact me.

Very Respectfully,

Laura Pintar
Government Information Specialist
For Richard Strong, on behalf of
