**Re: Appeal of Constructive Denial for FOIA Request No.
2022-ICFO-02964**

Dear Sir or Madam:

This is an appeal for the failure to respond to and constructive denial of Freedom of Information Act (“FOIA”) Request No. 2022-ICFO-02964 submitted by the Brennan Center for Justice at New York University School of Law (“Brennan Center”) to U.S. Immigration and Customs Enforcement (“ICE”).

On December 7, 2021, the Brennan Center submitted a FOIA request to ICE and other components of the Department of Homeland Security (“DHS”) seeking information on ICE’s use of social media monitoring products and services. (*See* Exhibit A.) In its Request, the Brennan Center sought expedited processing, explaining why these requests should be granted under applicable authorities. (*Id.* at 5-6.)

On December 7, 2021, ICE acknowledged it had received the Brennan Center’s FOIA Request. (*See* Exhibit B.) In its notice, ICE also provided an estimated delivery date of January 11, 2022. On January 12, 2022, the Brennan Center sent an email to ICE’s FOIA Office because it had not received any documents or a notice from ICE extending its estimated delivery date. (*See* Exhibit C.) On January 13, 2022, ICE sent the Brennan Center a letter acknowledging its receipt of the FOIA Request. (*See* Exhibit D.) In the same letter, ICE invoked a ten-day extension to respond to the Request, stating that it encompassed “numerous documents that will necessitate a thorough and wide-ranging search....” (*Id.* at 1.)

On January 13, 2022, ICE issued a notice to the Brennan Center that the status of the FOIA Request was updated to “processing.” (*See* Exhibit E.) On March 14, 2022, the Brennan Center followed up with ICE through the DHS Public Access Link (“PAL”) portal, asking for a status update on the FOIA Request after not receiving any updates for two months.

(See Exhibit F.) The Brennan Center also asked for an updated estimated delivery date, as the DHS PAL portal still reflected a date of January 11, 2022. (*Id.*) The Brennan Center has not received any further response from ICE.

The Brennan Center hereby appeals (1) ICE’s failure to make a final determination or provide responsive documents within the statutory deadline mandated by FOIA; (2) ICE’s failure to meet FOIA’s expedited determination timeframe; and (3) ICE’s constructive denial of the Brennan Center’s Request.

Violation of FOIA by Failing to Respond to the Request within the Statutory Timeframes

Upon receipt of a FOIA request, an agency must determine within 20 business days—or, in “unusual circumstances,” within 30 business days—whether it will comply with a request and notify the requestor of its determination and reasoning in writing. 5 U.S.C. § 552(a)(6)(A)(i)-(B)(i). ICE claimed a ten-day extension to respond to the Request, (*see* Ex. D at 1), but as of the date of this appeal—over three months after the Brennan Center submitted its FOIA Request—ICE has not issued a final determination or produced a single document in response to the Brennan Center’s FOIA Request.

ICE has failed to respond to the Brennan Center’s FOIA Request within the timeframe mandated by FOIA. ICE’s initial responses merely acknowledged its receipt of the FOIA Request. These communications did not explain “the scope of the documents [that ICE] will produce and the exemptions it will claim.” *Jud. Watch, Inc. v. United States Dep’t of Homeland Sec.*, 895 F.3d 770, 782 (D.C. Cir. 2018) (citation omitted).

Failure to meet FOIA’s Expedited Determination Timeframe

FOIA requires expedited processing when “a request [is] made by a person primarily engaged in disseminating information” that has an “urgency to inform the public concerning actual or alleged Federal Government activity.” *Ctr. for Pub. Integrity v. U.S. Dep’t of Def.*, 411 F. Supp. 3d 5, 11 (D.D.C. 2019) (quoting 5 U.S.C. § 552(a)(6)(E)(v)(II)). Where a Request is appropriate for expedition, the agency must process the request “as soon as practicable.” *See* 5 U.S.C. § 552(a)(6)(E)(iii); *Brennan Ctr. for Just. at NYU Sch. of L. v. U.S. Dep’t of Com.*, 498 F. Supp. 3d 87, 97 (D.D.C. 2020). The Brennan Center’s Request meets both criteria, as discussed below, and ICE was therefore obligated to respond to the Request promptly.

As a section 501(c)(3) non-profit organization with a mission to analyze and share information with the public, the Brennan Center is an organization that is “primarily engaged in disseminating information.” 5 U.S.C. § 552(a)(6)(E)(v)(II). The Brennan Center meets the statutory definition because it “gathers information of potential interest to a segment of the public, uses its editorial skills to turn the raw materials into a distinct work, and distributes that work to an audience.” *Long v. Dep’t of Homeland Sec.*, 113 F. Supp. 3d 100, 106 (D.D.C. 2015) (quoting 5 U.S.C. § 552(a)(4)(A)(ii)(II)). The Brennan

Center regularly writes and publishes reports and articles and makes appearances on various media outlets, addressing U.S. policy issues ranging from counterterrorism efforts to voting rights to campaign finance laws, and it will continue to do so for the foreseeable future.¹ Accordingly, courts regularly find that the Brennan Center and similar organizations are “primarily engaged in disseminating information” within the meaning of FOIA. *Brennan Ctr. for Just. at NYU Sch. of L.*, 498 F. Supp. 3d at 98 (“Defendants do not dispute the Brennan Center’s status as an organization ‘primarily engaged in disseminating information,’ and other courts have found that similar organizations meet this standard.”).²

Furthermore, the Brennan Center urgently requires the information sought by its Request to inform the public of federal government activity: DHS’s purchase and use of social media monitoring products or services. *See* 5 U.S.C. § 552(a)(6)(E)(v)(II). This information is of interest to the many members of the public concerned about agencies like DHS monitoring and recording their social media activity,³ and civil society organizations and policymakers are also seeking greater clarity about the collection of social media data by federal agencies.⁴ The Brennan Center intends to share any information about ICE’s social media surveillance that it obtains through the Request with the public in order to increase public awareness and contribute to timely debate on this issue.

Constructive Denial of the Request Due to ICE’s Delayed Response

Not only does ICE’s failure to meet statutory deadlines violate FOIA, it also constitutes a constructive denial of the Brennan Center’s Request. “Congress evinced an increasing concern over the timeliness of disclosure, recognizing that delay in complying with FOIA requests may be ‘tantamount to denial.’” *Brennan Ctr. for Just. at N.Y.U. Sch. of L. v. U.S. Dep’t of State*, 300 F. Supp. 3d 540, 546 (S.D.N.Y. 2018) (citation omitted); *accord Int’l Refugee Assistance Project, Inc. v. United States Citizenship & Immigr. Servs.*, 551 F. Supp. 3d 136, 164 (S.D.N.Y. 2021). Further, ICE has also failed to respond to multiple follow-up messages from the Brennan Center, which were sent after ICE had failed to issue a determination or produce documents by the statutory deadlines. (*See* Ex. E and F.)

For the foregoing reasons, we appeal the denial of expedited processing and constructive denial of our Request. We appreciate your attention to this appeal and expect to receive your response within 20 business days, as required by 5 U.S.C. § 552(a)(6)(A)(ii). Should you have any questions concerning this appeal, please contact the Brennan Center via e-mail at levinsonr@brennan.law.nyu.edu and gutierrezj@brennan.law.nyu.edu.

Re: Freedom of Information Act Request

Dear Sir or Madam:

This is a request to the Department of Homeland Security (DHS), the Office of Intelligence and Analysis (I&A), U.S. Immigration and Customs Enforcement (ICE), and U.S. Customs and Border Protection (CBP) (collectively referred to below as “DHS” or “the Department”), under the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and DHS implementing regulations, 6 C.F.R. §§ 5.1 through 5.36. It is also a request for expedited processing under 5 U.S.C. § 552(a)(6)(E) and 6 C.F.R. § 5.5(6), and for a fee waiver under 5 U.S.C. §§ 552(a)(4)(A)(ii) and (iii) and 6 C.F.R. §§ 5.11(d) and (k).

Background

In general, “social media monitoring” is a term describing the use of social media platforms like Facebook, Twitter, Snapchat, and Instagram to gather information for purposes including, but not limited to, identifying potential threats, reviewing breaking news,

collecting individuals' information, conducting criminal investigations and intelligence, and gauging public sentiment.

Social media monitoring includes four types of activities: (1) monitoring or tracking an individual, a group, or an affiliation (*e.g.*, an online hashtag) via publicly available information; (2) using an informant, a friend of the target, or an undercover account to obtain information from a protected, private, or otherwise unavailable account or page; (3) using software like Voyager Labs' VoyagerAnalytics, Logically, Inc. products like Logically Intelligence, or ShadowDragon products such as SocialNet or OI Monitor to monitor individuals, groups, associations, or locations; or (4) issuing a subpoena, warrant, or other form of legal process to a social media platform for data held by that platform.

Social media is a crucial forum for the exchange of ideas, particularly in this time of unprecedented public activism and political engagement. Social media platforms like Facebook, Twitter, and Instagram have proven to be an invaluable tool for connecting and organizing around a variety of issues and across diverse movements. In a time when social media is recognized as akin to the "modern public square,"¹ social media monitoring has significant civil rights implications. Like other forms of surveillance, social media monitoring impacts what people say and with whom they interact online. The deleterious effects of surveillance on free speech have been well documented in empirical research.² The use of third-party vendors to facilitate social media monitoring raises additional concerns, including reduced transparency regarding the scope and capabilities of these services.

Publicly available records indicate DHS engages vendors to support its social media monitoring efforts. For example, an article in the *Intercept* revealed that ICE had two

contracts for ShadowDragon products.³ On the federal procurement website [usaspending.gov](https://www.usaspending.gov), the Brennan Center located three ICE contracts to purchase ShadowDragon products, specifically OI Monitor and SocialNet.⁴ Another company, Voyager Labs, markets its materials as useful for issue areas in which DHS operates – including matters in its exclusive authority, like border security.⁵ In addition, DHS officials have stated publicly that the Department is seeking third-party vendors to enhance its social media monitoring efforts in the wake of the January 6, 2021 insurrection.⁶ While those vendors have not been definitively identified, DHS has had at least preliminary conversations with Logically, Inc.⁷

whom the Department has contracted or may be contracting, the public lacks sufficient insight into the current capabilities and limitations of DHS's social media monitoring operations, including its use of third-party providers. Accordingly, we seek information and documents about the nature of social media monitoring services provided or marketed by Voyager Analytics, Logically, Inc., or ShadowDragon, or any of their affiliates or subsidiaries (collectively referred to below as "Voyager Analytics, Logically, Inc., or ShadowDragon"), to DHS.

Request

The Brennan Center specifically requests records under FOIA that were in DHS's possession or control from January 1, 2016, through the date of the production of records, in the following categories:

1. **Recordkeeping:** All recordkeeping, logs, or digests reflecting the use of Voyager Labs, Logically, Inc., or ShadowDragon products or services for social media monitoring, or searches of social media for purposes including criminal investigations, situational awareness, preparation for events, monitoring of protests or other gatherings, or public safety.
2. **Purchase Agreements and Orders:** All records reflecting a contract or agreement to purchase, acquire, use, test, license, or evaluate any product or service developed by Voyager Labs, Logically, Inc., or ShadowDragon.
3. **Use for Purposes Other Than Background Checks:** All records reflecting the number of circumstances in which Voyager Labs, Logically, Inc., or ShadowDragon products or services were used to collect information about individuals from social media for purposes other than background checks for DHS employment, including regarding protest activity, as well as the number of such matters in which an individual or group was referred to prosecutors.
4. **Audits:** All records of, or communications regarding, audits or internal reviews of the Department's use of Voyager Labs, Logically, Inc., or ShadowDragon products or services.
5. **Training Materials:** All training documents pertaining to the use of Voyager Labs, Logically, Inc., or ShadowDragon products or services, including drafts, and including but not limited to PowerPoint presentations, handouts, manuals, or lectures.

6. **Legal Justifications:** All records reflecting final agency memoranda articulating the legal justification(s) for the use of Voyager Labs, Logically, Inc., or ShadowDragon products or services, or other social media monitoring services.
7. **Information Sharing Communications:** All communications with the Federal Bureau of Investigation, state or local law enforcement agencies, or fusion centers, regarding use of Voyager Labs, Logically, Inc., or ShadowDragon products or services or information obtained from those products or services. This includes, but is not limited to, communications regarding information sharing in response to protests from May 2020 through August 2020.⁹
8. **Nondisclosure Agreements:** All records regarding DHS's nondisclosure or confidentiality obligations in relation to contracts or use agreements with Voyager Labs, Logically, Inc., or ShadowDragon.
9. **Vendor Communications:** All email communications with representatives of Voyager Labs, Logically, Inc., or ShadowDragon concerning their social media monitoring products or services, including the attachments to those emails.
10. **Internal Communications:** All email communications among DHS employees, officials, or contractors regarding social media monitoring products or services offered by Voyager Labs, Logically, Inc., or ShadowDragon, including the attachments to those emails.

Expedited Processing

The Brennan Center requests expedited processing pursuant to 5 U.S.C. § 552(a)(6)(E) and 6 C.F.R. § 5.5(e). There is a “compelling need” for these records because the information

Fee Waiver

The Brennan Center also requests a waiver of all search, review, and duplication fees associated with this request. The requester is eligible for a waiver of search and review fees pursuant to 5 U.S.C. § 552(a)(4)(A)(ii)(II) and 6 C.F.R. §§ 5.11(d) and (k), and for a waiver of all fees, including duplication fees, pursuant to 5 U.S.C. § 552(a)(4)(A)(iii) and 6 C.F.R. § 5.11(k)(1).

Archive*, 880 F.2d at 1386 (deeming the National Security Archive a representative of the news media after it published one book and indicated its intention to publish a set of documents on national and international politics and nuclear policy). The Brennan Center is therefore entitled to a waiver of search and review fees pursuant to 5 U.S.C. § 552(a)(4)(A)(ii)(II) and 6 C.F.R. §§ 5.11(e).

The Brennan Center also is also entitled to a waiver because it is an “educational institution.” 6 C.F.R. §§ 5.11(d). The Brennan Center qualifies as an educational institution because it is affiliated with New York University School of Law, which is plainly an educational institution under the definition provided in 6 C.F.R. § 5.11(d)(1).

The Brennan Center is also entitled to a waiver of all fees, including duplication fees. First, the subject of the requested records clearly concerns “the operations or activities of the federal government,” namely DHS’s social media monitoring. 5 U.S.C. § 552(a)(4)(A)(iii); 6 C.F.R. § 5.11(k)(1). This connection to the federal government is “direct and clear, not remote or attenuated.” *See* 6 C.F.R. § 5.11(k)(2)(i). Disclosure of the requested records is also in the public interest, because it is “likely to contribute to an increased public understanding” of how and to what extent the agency is engaging in social media monitoring. *See* 6 C.F.R. §§ 5.11(k)(2)(ii). Given the dearth of public information on DHS’s involvement with and expenditures on social media monitoring activity, disclosure will significantly enhance the public’s understanding of this subject. *See* 6 C.F.R. § 5.11(k)(2)(iv).

Finally, disclosure is not primarily in the Brennan Center’s commercial interests. *See* 6 C.F.R. § 5.11(k)(3). As stated above, the Brennan Center plans to make any information disclosed as a result of this request available to the public at no cost. A fee waiver would therefore fulfill Congress’s legislative intent that FOIA be “liberally construed in favor of waivers for noncommercial requesters.” *McClellan Ecological Seepage Situation v. Carlucci*, 835 F.2d 1282, 1284 (9th Cir. 1987) (quoting 132 CONG. REC. 27, 190 (1986) (Statement of Sen. Leahy)).

Should DHS choose to charge a fee, please inform me via email of the total charges in advance of fulfilling this request at dwyerm@brennan.law.nyu.edu.

Response Required

The Brennan Center appreciates DHS’s attention to this request and expects to receive a response on its request for expedited processing within ten (10) business days. *See* 5 U.S.C.

§ 552(a)(6)(E)(ii)(I); 6 C.F.R. § 5.5(e)(4). I affirm that the information provided supporting the request for expedited processing is true and correct to the best of my knowledge and belief. *See* 5 U.S.C. § 552(a)(6)(E)(vi); 6 C.F.R. § 5.5(e)(3).

We also request that you provide us with an estimated completion date, as required by 5 U.S.C. § 552(a)(7)(B)(ii). If the Request is denied in whole or in part, we ask that you justify all withholdings by reference to specific exemptions to FOIA. 5 U.S.C. § 552(a)(2). We expect the release of all segregable portions of otherwise exempt material. 5 U.S.C. § 552(a)(8)(ii)(II).

We reserve the right to appeal a decision to withhold any information or to deny a waiver of fees. We also request that you provide us with the documents in electronic format where possible.

Should you have any questions concerning this request, please contact me via e-mail at dwyer@brennan.law.nyu.edu.

Sincerely,

/s/ Mary Pat Dwyer

RE: ICE FOIA Case Number 2022-ICFO-02964

Dear Ms. Dwyer:

This acknowledges receipt of your December 07, 2021, Freedom of Information Act (FOIA) request to U.S. Immigration and Customs Enforcement (ICE), for In general, "social media monitoring" is a term describing the use of social media platforms like Facebook, Twitter, Snapchat, and Instagram to gather information for purposes including, but not limited to, identifying potential threats, reviewing breaking news, collecting individuals' information, conducting criminal investigations and intelligence, and gauging public sentiment. Publicly available records indicate DHS engages vendors to support its social media monitoring efforts. For example, an article in the Intercept revealed that ICE had two contracts for ShadowDragon products. On the federal procurement website usaspending.gov, the Brennan Center located three ICE contracts to purchase ShadowDragon products, specifically OI Monitor and SocialNet. Another company, Voyager Labs, markets its materials as useful for issue areas in which DHS operates – including matters in its exclusive authority, like border security. In addition, DHS officials have stated publicly that the Department is seeking third-party vendors to enhance its social media monitoring efforts in the wake of the January 6, 2021 insurrection. While those vendors have not been definitively identified, DHS has had at least preliminary conversations with Logically, Inc. Thus, despite widespread public interest in social media monitoring by law enforcement and security officers, and some sparse publicly available information about vendors with whom the Department has contracted or may be contracting, the public lacks sufficient insight into the current capabilities and limitations of DHS's social media monitoring operations, including its use of third-party providers. Accordingly, we seek information and documents about the nature of social media monitoring services provided or marketed by Voyager Analytics, Logically, Inc., or ShadowDragon, or any of their affiliates or subsidiaries (collectively referred to below as "Voyager Analytics, Logically, Inc., or ShadowDragon"), to DHS. (Date Range for Record Search: From 01/01/2016 To 12/07/2021). Your request was received in this office on December 07, 2021.

PLEASE NOTE: Requesters seeking responsive records from the U.S. Immigration and Customs Enforcement (ICE) are encouraged to create a DHS FOIA Public Access Link (PAL) account at: <https://foiarequest.dhs.gov>. Creating a PAL account will allow you to directly submit your FOIA request to ICE and track the status of your request. In PAL, you can view your prior PAL submissions, sent correspondences, and responsive records. Although PAL is preferred, ICE FOIA will continue to accept FOIA requests via email at ICE-FOIA@ice.dhs.gov or via regular mail at U.S. Immigration and Customs Enforcement, Freedom of Information Act Office, 500 12th St. SW, STOP 5009, Washington, DC 20536-5009.

Due to the increasing number of FOIA requests received by this office, we may encounter some delay in processing your request. Per Section 5.5(a) of the DHS FOIA regulations, 6 C.F.R. Part 5, ICE processes FOIA requests according to their order of receipt. Although ICE's goal is to respond within 20 business days of receipt of your request, the FOIA does permit a 10- day extension of this time period. As your request seeks numerous documents that will necessitate a thorough and wide-ranging search, ICE will invoke a 10-day extension for your request, as allowed by Title 5 U.S.C. § 552(a)(6)(B). If you care to narrow the scope of your request, please contact our office. We will make every effort to comply with your request in a timely manner.

Provisions of the FOIA allow us to recover part of the cost of complying with your request. We shall charge you for records in accordance with the DHS Interim FOIA regulations as they apply to educational requesters. As an educational requester, you will be charged 10 cents per page for

duplication; the first 100 pages are free. We will construe the submission of your request as an agreement to pay up to \$25.00. You will be contacted before any further fees are accrued.

We have queried the appropriate program offices within ICE for responsive records. If any responsive records are located, they will be reviewed for determination of releasability. Please be assured that one of the processors in our office will respond to your request as expeditiously as possible. We appreciate your patience as we proceed with your request.

Your request has been assigned reference number **2022-ICFO-02964**. Please refer to this identifier in any future correspondence. To check the status of an ICE FOIA/PA request, please visit <http://www.dhs.gov/foia-status>. Please note that to check the status of a request, you must enter the 2022-ICFO-02964 tracking number. If you need any further assistance or would like to discuss any aspect of your request, please contact the FOIA office. You may send an e-mail to ice-foia@ice.dhs.gov, call toll free (866) 633-1182, or you may contact our FOIA Public Liaison, Marcus Francis, in the same manner. Additionally, you have a right to seek dispute resolution services from the Office of Government Information Services (OGIS) which mediates disputes between FOIA requesters and Federal agencies as a non-exclusive alternative to litigation. If you are requesting access to your own records (which is considered a Privacy Act request), you should know that OGIS does not have the authority to handle requests made under the Privacy Act of 1974. You may contact OGIS as follows: Office of Government Information Services, National Archives and Records Administration, 8601 Adelphi Road-OGIS, College Park, Maryland 20740-6001, e-mail at ogis@nara.gov; telephone at 202-741-5770; toll free at 1-877-684-6448; or facsimile at 202-741-5769.
