Dear Andrew,

There is no question about it.

Joe Biden is guilty of committing high crimes and misdemeanors.

And it's time for Congress to IMPEACH, CONVICT, and REMOVE Biden from office.

It's all right there on Hunter Biden's laptop.

The Biden crime family sold out America to Joe and Hunter's paymasters in Communist China.

While Joe Biden drove up the price of gas by imposing the Marxist Green New Deal, Biden emptied our national reserves in a fire sale where

America's enemies like the Chinese Communist Party bought our oil.

I appeared on Tucker Carlson to announce I'm introducing articles of impeachment against Joe Biden for this betrayal.

[I hope you will take a few moments to watch it.](#)

SIGN YOUR IMPEACH JOE BIDEN

PETITION RIGHT AWAY

Your support will help me elect an America First majority that will join me in holding Beijing Biden accountable for selling America out to Communist China.

But Joe Biden sending our oil to the Chinese Communist Party is just the tip of the iceberg.

From day one, Joe Biden waged war on anyone who opposed him.

Joe Biden's crimes against the Constitution include:

- Failing to uphold his oath of office and allowing over 4,000,000 illegal aliens to violate our border and invade the United States.
- Declaring 74,000,000 Trump voters enemies of

the state and throwing nonviolent protestors in the federal gulag for questioning the results of the 2020 election.

- Colluding with Facebook to censor conservatives for pointing out the dangers of the COVID vaccine.
- Weaponizing the FBI to target parents protesting mask mandates and critical race theory in their children's schools as domestic terrorists.

That's real fascism.

And Congress must hold Joe Biden accountable through impeachment.

That's why I just introduced articles of impeachment against Joe Biden.

But I can't do this on my own.

I need to know if you are with me.

[That's why I'm asking you to sign on as a citizen co-sponsor of my articles of impeachment right away.](#)

And after you become a citizen co-sponsor, [I hope you will chip in a contribution](#) so I can lead the fight

to elect pro-Trump, America First conservatives that will form a new majority that will impeach Joe Biden for his high crimes and misdemeanors.
