

CONFIDENTIAL

16 November 1971

MEMORANDUM FOR: Director of Personnel

SUBJECT : Projected Completion Date, Overview History

Harry:

1. In answer to your question on projected completion date for the Overview History, I have been shooting for a 1 January 1972 target date as discussed earlier and was determined to make it up until last week when [REDACTED] called to say that he was suggesting to [REDACTED] that I be extended to 1 April. Jack's reaction came after he had reviewed the four chapters and the source references. He was particularly intrigued by the latter, which drew heavily on the oral history, and wants me to make certain format changes which would permit publication of the source references as a separate volume. He also thinks I should be around for the final typing and cleaning up of loose ends although he says the manuscript is in good shape.

2. This is okay with me if it is okay with you. However, I understand the bind you are in and I can wrap up Chapter Five, retire the documents and terminate by 1 January if necessary.
