Greetings,

Please be advised that this office has no records, it only serves as the referral point and policy office for the Department of the Army Freedom of Information Act (FOIA). Requests for information and documents under the purview of the Army are referred to the proponent agency for appropriate handling in accordance with Army Regulation 25-55, The Army Freedom of Information Act program.

The FOIA does not require Federal agencies to respond to questions, render opinions, do legal research, compile or analyze data, or conduct surveys for members of the public.

Your request is currently too broad as written and we ask that you provide some additional information to help narrow the scope. Please advise what specific Army documents you are seeking. Additionally, please specify the Army Activity or Army Command in which you are seeking this information. Please keep in mind that the Department of the Army is decentralized so this additional information is needed to assist us in determining the appropriate Army Activity to refer your request to for processing.

We ask that you respond back to this e-mail within the next 7 calendar days with the requested clarification. If we do not hear back from you we will assume you are no longer interested in your FOIA request and your request will be administratively closed.
