When one considers a society that distinguishes itself upon the standards of a "First World Country" allocation among the other numerous Nations around the globe, while informing its citizens that they belong to a country that ensures Liberty and Justice for all, it's difficult to imagine then that in The United States of America, supposedly the wealthiest Nation on the planet, would subjugate its own citizens to that of incarceration and injustice instead, all while administering Mutual standards of living to the agonizing occupants of its "Correctional Facilities".

A more accurate terminology to describe the facility and the staff that this letter has "escaped" the clutches of that you now read, would be to call this location an "evisceration facility," of the body, mind and soul, operating as an abomination to The Law and to its Nations Government, which ironically lies only a handful of blocks away.

For Nothing is being corrected within the forsaken concrete walls of The District of Columbia Jail. Its woful captives are all but slowly murdered in every way except for their very soul being ripped from their tarnished chests on behalf of this mercilessly sinister institution.

(2)

As prisoners of this Jail, we have witnessed the horrendous treatment and have been personally afflicted by the hellacious conditions this Jail inflicts on tormenting its traumatized guests with.

Though words will always fall short of an accurate depiction of the magnitude of perdition that every prisoner within these walls has had no choice but to endure, what follows is a collection of repeated offenses this Correctional facility habitually submits upon its captives. For if, this pale Dungeon of Human Right Violations dared to summon any honesty of word choice pertaining to the abhorrent atrocities that take place behind these unforgiving doors, they shall erect a sign above the front gate that says, "Abandon All hope, You who enter here."

The destitute and desperate prisoners of 1401 Dist. SE Washington D.C. 20003 have and will continue to endure a combination of any and all of the following:

It is because of this extensive Report of Complaints and Allegations upon those held prisoner here in The District of Columbia Jail that not only compell us to alert the world of the diabolical conditions this "Correctional Facility" continues to crush all of its detainees with, but also as Political Prisoners on American Soil, who have been unjustly and unfairly incarcerated, ruthlessly Burdened by Selective Prosecution, Slandered and vilified by Mainstream and Social Media, deliberately accosted with death threats from within the Jail and received threats upon our homes and families through the mail, ALL extending from a political Nature or affiliation, We hereby Request to spend our precious and limited days,

(6)

Should the government continue to insist on holding us captive unconstitutionally as pre-trial detainees, to be transferred and Preside at Guantanamo Bay, A Detention facility that actually provides nutritional meals, positive sunlight exposure, top notch medical care, is respectful of Religious Requirements, has Centers for exercise/entertainment for its detainees despite the fact that those Presidents are ~~not~~ ^{high} members of Taliban, and few are actual United States Citizens, Instead of Remaining trapped within the wretched confines of cruel and unusual punishment of The U.C. Jail.
