Good afternoon Mr. Ding,

Currently we are still tracking down which custodian has the record you seek. Because we are decentralized, we have to first determine who the proper custodian for the records is, then task out the request and retrieve the records from them. We just reached out to another potential custodian today in fact, and are hopeful we will have the records in hand soon.

Thank you for reaching out and I hope you have a wonderful weekend.

V/r,
Leah
