MEMORANDUM FOR President, Department of the Army Suitability Evaluation Board,
Army Review Boards Agency, 251 18th Street South, Suite 385, Arlington, VA 22202-
3531

SUBJECT: Recommendation for Removal of General Officer Memorandum of
Reprimand (GOMOR) from Army Military Human Resource Record (AMHRR) – SSG
Ryan G. Neville

1. This memorandum is in support of SSG Neville's request to have his GOMOR removed from his AMHRR. SSG Neville's GOMOR filing determination was made on 28 September 2020. A much more thorough review of the circumstances surrounding the events outlined in SSG Neville's GOMOR occurred on 1-2 May 2021 during a formal investigation at SSG Neville's involuntary separation board. Over the course of two days, a board of officers unanimously determined that SSG Neville did not commit any of the offenses alleged in his GOMOR.
2. Based on the fact that a board of officers had an opportunity to perform a much more thorough review, to include additional evidence that was not considered and/or available at the time of the GOMOR filing determination, and determined SSG Neville was innocent of the alleged offenses, we feel it would be an injustice to allow the permanently filed GOMOR to permeate in SSG Neville's AMHRR and ultimately end his career. Therefore, we respectfully request and support the removal of SSG Neville's GOMOR from his AMHRR.
