EXTERNAL SENDER: Use caution with links and attachments.

Hello Rebekah

Thank you for the discussion this morning.

Typically any charter-flight is priced on two factors; how many people and how far are they going.

Here are several examples:

4 to 8 x people going from Crestview to Boston area is approx \$35,000.00

4 to 8 x people going from Crestview to Los Angeles area is approx \$60,000.00

This is based on using a 8 x seat KingAir 350 Turbo Prop.

If you need to move more than 8 x people I would recommend using a mid-sized biz jet that can accommodate up-to 12 people.

8 to 12 x people going from Crestview to Boston area is approx \$55,000.00

8 to 12 x people going from Crestview to Los Angles area is approx \$90,000.00

We are certainly willing to provide you with pricing information on specific ad-hoc requirements on a case by case basis.

I do hope this information is useful, and I am available to answer any questions, or provide further information as required.

Sincerely

v/r

**No matter which type of aircraft
you're flying on, Wheels Up leads
with a **safety-first** mentality.**

World-Class Safety Standards

An unrivaled commitment to safety with standards that far exceed FAA minimum requirements.

Aircraft

The Wheels Up fleet includes owned, managed, and partner aircraft, all of which are operated under stringent Wheels Up standards for safety and maintenance. Every aircraft that a Wheels Up customer flies on undergoes a rigorous assessment and approval process performed by our dedicated in-house safety team and vetted partners, who specialize in aircraft maintenance, safety systems and technology, and FAA regulations.

Maintenance

Our team conducts audits to check aircraft age and ensure that planes pass all condition requirements.

Systems & Technology

The aircraft feature sophisticated safety systems and technology for communications, navigation, evaluation of weather conditions, route-planning, collision avoidance, ground proximity warnings, and other functions. Our team inspects the equipment on aircraft to confirm that they meet our strict requirements.

Pilots

Every Wheels Up flight is conducted by 2 pilots who are among the best in the industry, ensuring that you can travel with the utmost peace of mind.

Experience & Qualifications

Captains average 7,000+ flight hours, while First Officers average 4,000+ hours. Each pilot is required to hold an FAA Airline Transport Pilot (Highest level of aircraft Pilot certificate) and First-Class Medical Certificates as well as an FAA Pilot-in-Command Type-Rating in the aircraft they fly.

Training

Pilots complete mandatory advanced ground and flight training in a full-motion simulator, plus recurrent training. They are given comprehensive instruction in first aid, emergency drills, and survival techniques by highly qualified industry leading instructors. Each fly with an experienced Standards Captain post-training; Pilots-in-Command receive an extra FAA check ride.

Safe Passage™ Protocols

Safe Passage is a comprehensive health and safety program for Wheels Up Employees, Pilots, Members, and Customers, with expanded guidelines in response to COVID-19 and today’s ongoing public health concerns.

Developed by the Wheels Up Safety and Operations leadership teams, the program will continue to evolve as new technology and innovations develop and in accordance with new medical and governmental guidelines.

Our Aircraft

Air Flow

The pressurization system on Wheels Up aircraft fully replenishes the cabin air with fresh outside air approximately every three minutes during flight so a HEPA filter is not needed since the air is not recycled or recirculated.

Anti-Microbial Shield

All Wheels Up aircraft are treated every 90 days at minimum with ClearCabin, an odorless and colorless solution that is professionally applied throughout the interior of the aircraft. ClearCabin works across a broad spectrum of bacteria and viruses like COVID-19.

Immediate Response

If anyone on board shows signs of illness, the aircraft will immediately undergo a deep cleaning and disinfecting procedure.

Additional Sanitizers

Between flights, all seats and interior surfaces of the aircraft are treated with a disinfectant-grade product that is EPA-approved for use against COVID-19 to sanitize and clean all touchpoint areas in the plane.

With Hot Flights, you can receive alerts about or search from a vast number of one-way, empty-leg flights on jets, turboprops, and helicopters that are posted daily to the Wheels Up App for as little as \$320 for the entire aircraft.

Shuttle Flights

I am concerned this Del Rio hotel may have improperly charged your organization for my hotel room.

Your organization reserved both Perla's and my hotel rooms on your credit card, but upon arrival I had the front desk switch the charge for my room from your to my credit card.

Please confirm with your staff that you were not charged for my room. Thanks.

I think a VS person other than Perla handled the hotel booking and room charges for VS.

Yep, Im tracking it now

We were billed for both rooms Del Rio

How do we fix that?

No problem if you wanna stay at the Marriott, but maybe easier if we are all in the same hotel

Need-to-Know Information

Explanation of Surcharges

Surcharges include (i) a Regulatory Charge (which helps defray various government charges we pay including government number administration and license fees); (ii) a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover charges imposed on us by the government to support universal service; and (iii) an Administrative Charge, which helps defray certain expenses we incur, including: charges we, or our agents, pay local telephone companies for delivering calls from our customers to their customers; fees and assessments on our network facilities and services; property taxes; and the costs we incur responding to regulatory obligations. **Please note that these are Verizon Wireless charges, not taxes. These charges, and what's included, are subject to change from time to time.**

More On Wireless Taxes And Surcharges

Your total charges for this month's bill cycle are \$36.33.

This includes charges for one or more bundled Verizon service plans that include voice, messaging, data, or other services for which you pay a monthly plan charge.

This bill cycle, your fixed monthly plan charges were \$35.99 (before applying any discounts or credits, and excluding other charges such as coverage, late payment, taxes, Verizon surcharges, and equipment).

To accurately bill taxes and Verizon surcharges, we regularly look at past network usage by you and other customers with similar plans to allocate this fixed monthly plan charge among the services included in the bundle.

In this bill cycle, we have allocated this amount as follows: \$2.31 for voice, \$0.47 for messaging, \$33.21 for data, and \$0.00 for other services.

For more information, please go to vzw.com/taxesandsurcharges.

Bankruptcy Information

If you are or were in bankruptcy, this bill may include amounts for pre-bankruptcy charges. You should not pay pre-bankruptcy amounts; they are for your information only. In the event Verizon receives notice of a bankruptcy filing, pre-bankruptcy charges will be adjusted in future invoices. Mail bankruptcy-related correspondence to 500 Technology Drive, Suite 550, Weldon Spring, MO 63304.
