Hello Sandra,

I'm checking in on the request of FOIA Control number 2021-8591. While we have received 8 documents on March 25, our last communication on April 18 indicated that further inquiry was happening at the FDA's Center for Devices and Radiological Health (CDRH). You also directed me Stacy Taylor, Supervisory Government Information Specialist, CDRH at anastazia.taylor@fda.hhs.gov, for a response, but I have not heard back from her.

Additionally, please provide an update on FOIA Control #2022-3192, acknowledged on May 3, which regards the exhibits that were referenced in the documents you sent over on March 25.

Please an estimated time of arrival for when the balance of that request will be fulfilled, and if I need to reach out to anybody else for an update.

Thank you, and I look forward to hearing from you.

Good Morning

I just received your email correspondence. I will revisit your request and get back to you this week regarding how much longer it will take to process. Sometime requests for exhibits can take longer to process.
