To: [REDACTED] ; [REDACTED]@azag.gov [REDACTED]@azag.gov

Hi [REDACTED] and [REDACTED]

We received the attached report, and based on the allegations that suggest violations of A.R.S. 16-1013, are referring it to you for further investigation. We've also made the county aware of the situation. If I can provide additional information, please let me know.

Thank you,

Kori

What if you are surveilled and have your photo taken by these watcher groups on a public property (the Prescott Valley City Center) nowhere near the drop boxes? Last week (10/18), in Prescott Valley they were surveilling the entire city grounds where the Ballot Box is located, even though the police station is on the same grounds. I was not attempting to cast a ballot on the day I was surveilled and photographed with a long-range lense (it may have been video) while near the library (not the ballot box). In fact, I was very far away from the Ballot Box separated by two green fields and a stage. I even had a dog with me because I was walking my dog, as I do there several times per week. There is a ballot box on the grounds, far, far removed from where I was surveilled and photographed. Is this an event I should detail and report? Again , I was not voting that day and now absolutely refuse to use the ballot box at that location after that experience .

Incident detailed below if you are interested in further information. Again, since I was not attempting to vote that day I am not certain if I should make a formal report.

As a resident of Prescott Valley that has frequented the Prescott Valley City Center to walk my dog several times a week for the past year (where the mayor's office, city court, police station , etc) and one ballot box is located, I can tell you from my personal first-hand experience they were/(are?) surveilling and taking pictures of the entire civic center area and even have a crew with long range cameras taking pictures of people at a significant distance from the drop boxes. I have never once been close to the drop boxes , but I have been surveilled, recorded and have had my photo taken many times on 10/18 when I attempted to walk my dog on the grounds closest to the library. Again, I have been no where near the drop boxes on any occasion. The drop box is located in a drive up location in the parking lot in direct view of the Police Station.

There is no way the city is unaware of this, they are allowing them to park and hide on city property.

The picture below was taken at approx 8:10 A.M. on 10/18. The vehicle is parked in the area for the library drop box (very far removed from the ballot box). The two young male individuals that had their car parked in view of the city buildings (large buildings in the background), crouched next to the building, taking long-range photos and surveilling individuals from a vantage point (unable to be seen in the photo) that oversees the entire City Center green. Again, this area is nowhere close to a drop box. The ballot box is not even on the Civic Center Greens; it is removed and placed in a drive-up location in direct view of the police station.

Prior to the event on 10/18, I had seen ' patriots' several times before in addition to " teams' they have walking the civic center grounds recording and intimidating people (again NO where near the drop box). They are not wearing tactical gear .

After my photo was taken, I walked over and stood outside the police station (on the Civic Center grounds) and attempted to get an officer's attention to report it by waving in direct view of the doors and cameras. I could not enter the building with my dog. No officer came out and I was recorded, surveilled and followed while/ after doing this also (again no where near the ballot box) by an individual walking around with his dogs recording me on his cell phone. I did not follow up with a complaint with the prescott valley PD, there is no way they are unaware of what is happening.

These people were/(are?) surveilling, intimidating and taking photos of everyone at the civic center -- not just people visiting the drop box.

I have been back there once since the incident to walk my dog and they are not as obvious about it anymore; However when I have approached the large green lawn closest to the ballot box (a normal part on my walk), a city maintenance vehicle (a small golf cart) has rushed over to the area placing themselves between the green and the ballot box and just sat there. There was no maintenance happening, other than maintaining a view of my dog and I. They left when I left. Indeed it could be a coincidence, but it is worth noting.

Please advise me if this is an incident that should be formally reported, I'm uncertain due to the fact that I was not actually attempting to vote that day -- however, I will say that due to this incident I did have to make the decision to drive to the post office to drop off my ballot for safety's sake.

Thank you for your time and commitment to election integrity.

Regards,

[REDACTED]

Resident of Prescott Valley

Good morning Ms. [REDACTED]

Thank you for contacting our office.

Voter intimidation will not be tolerated in this or any election. If you witness voter intimidation or other unlawful conduct at the polls, we recommend the following steps:

First, inform a poll worker at the voting location, who will work to resolve any problems and call county elections officials and/or local law enforcement if needed. If this is at a drop box not in a voting location, please call the County Elections Department or there may be a number posted on the drop box that you should call.

However, if you or anyone else is in immediate danger, call 911 first and then inform a poll worker, if possible.

Document what you see as much as possible, including the who, what, when, and where of the incident. (But keep in mind that taking photos or video is prohibited inside the 75-foot limit of a voting location.)

To report an incident to our office, please visit: <https://azsos.gov/webform/voting-incident>. You can also call 1-877-THE-VOTE. Our office will follow up with county election officials and federal, state, or local law enforcement entities if needed.

For more information on polling place conduct and preventing voter intimidation, please visit: <https://azsos.gov/elections/guidance-voting-location-conduct>.

Thank you again for reaching out to our office.

Sincerely,

Elections Services Division
Arizona Secretary of State

Original Message:

Good day, could you please clarify what the laws are regarding voter intimidation/ harassment, specifically in regards to ballot drop boxes?

Additionally, if there is a hotline number to call if any such activities occur could you provide that as well? I live in Prescott Valley and I've reached out to local law enforcement, and not only is our sheriff on the website below (attempting to indicate he endorses this?). The Yavapai County Sheriff has not responded to any requests to provide a hotline number nor clarify what the laws are regarding ballot drop boxes. As I'm sure you know the group on the weblink below is a subgroup of the Domestic Terrorist Oathkeepers Group, so many of us up here do not feel comfortable dropping our ballot at the box knowing these people will be there. We have the right to vote and we want to vote free from intimidation, harassment and violations of our privacy. Thank you for your time.

Regards,
[REDACTED]

Christine,

I thought of something else that may help.

I've included a map of the facility to help explain. The vehicle was parked on the south side of the building in one of the spots circled in red. The drop box is on that south east corner of the building so the vehicle was parked close by, facing the drop box. I had parked on the east side of the building also facing north, which is why I thought it was strange the visor in the maroon vehicle was down... The sun was not bright or low on the horizon, and we were facing north. The visor, location of the vehicle, and the fact it was running is what called my attention to look closer.

The other thing is that there are two temporary solar powered sets of cameras installed for the drop box. One in front of the east side of the courthouse, and one close to the area that I circled in blue. I thought I'd mention this in case someone needed security footage to show how long the vehicle was there and that the person just sat there without business in the building.

Thank you,

[REDACTED]

==Incident==

Date of incident: Tue, 10/25/2022

Approximate time of the incident: 11:00 am

County where incident occurred: Maricopa

Polling location where incident occurred: Maricopa county
juvenile court, 1810 s. Lewis, Mesa AZ

Describe the incident: A man in a maroon SUV was parked less than 75 feet from the drop box, recording the drop box with his cell phone. His visor was down to block his face. He was only two car lanes away from the drop box. His license plate is [REDACTED], the SUV is a Dodge citadel with a "we the people" sticker on the back window. I reported it to the police and they said it was legal as long as he was in the car, but it was less than 75 feet and still

intimidating to have someone that close while dropping my ballot.
I thought they couldn't be within 75 feet regardless if they were
in their vehicle or not.

Were you able to report this incident to the poll workers or
county officials? No

Current status of the incident: Unknown

Files: No, I don't have any additional information.

Approximate time of the incident: 4:30 pm

County where incident occurred: Maricopa

Polling location where incident occurred: Maricopa County

Juvenile Court 1810 S LEWIS

Describe the incident:

Voter intimidation? At approx 4:30 this afternoon, I stopped by to drop off my ballot at "the Ballot Box" in Mesa off of Baseline & Mesa Drive, and encountered this person filming directly at the ballot box. When I asked him "Why are you filming?" He stated that he, "Was just getting some footage, then mumbled something else under his breath." Meanwhile there were no local affiliated TV channel vans no where nearby? So then my daughter and I began filming him, and taking pictures as well. Another couple walked up to drop off their ballots & I put my phone down so as not to catch them on video & the woman then took her phone out & began filming as well. These clowns are NOT going to stop us from exercising our rights, EVER....

Approximate time of the incident: 8:30 pm

County where incident occurred: Maricopa

Polling location where incident occurred: Mesa Drop Box at
Juvenile Court, 1810 S Lewis

Describe the incident: I drove up to the location and parked in the second parking space nearest the drop box in the east side of the parking lot. I didn't see any other cars in that part of the parking lot when I pulled up. As I exited my car, I heard a low voice talking about 30 feet away and noticed a large man standing next to a bush in the middle of the parking lot, at the end of the row of handicapped spaces. He was older, with a long white beard, baseball cap, red t-shirt and blue jeans. He was standing just where the light from the poles at the front of the building ended. I walked up to the ballot box and deposited my ballot. As I walked back to my car, he called "Thank you" and raised his hand. I did not acknowledge or interact with him. I got in my car, and pulled around the parking lot. He remained standing in that spot. Another car entered the parking lot as I drove away.

Approximate time of the incident: 5:30 pm

County where incident occurred: Maricopa

Polling location where incident occurred: 510 south 3rd ave

Phoenix Az 85003

Describe the incident: There were 2 men on the sidewalk with a very big camera recording. They were only 2-3 feet away from the drop box on the outside of the fence. Their camera was pointed downwards so they now could rewind and see my full name on this ballot. I was also dropping off my mom's and son's ballots. They were talking and pointing to me. They also were pointing at my car as I was leaving. I assume getting my license plate. I have never been more intimidated in my life trying to vote and standing only 3 feet from the box. How is this legal. Can we not have a cop or security stationed to stop these crazy people. I have pictures of how close they were. I'm very worried now for my safety. Now that my information recorded will they show up at my house and threaten me saying I was stuffing the ballot box. They've done it to so many others. Do I need worry about my family being killed now if the results are not what they wanted.

Hello Mr. [REDACTED],

Thank you for speaking with me a short while ago. Here are the additional details we discussed:

- There were approximately 8-10 people total gathered

- They were in camp chairs and clearly waiting for people to pull up to the drop box
- As you exited the vehicle, they stood up and began filming/photographing you on their phones
- You intentionally backed out of the parking lot to obscure your license plate and a White SUV Pathfinder followed you with the clear intention to photograph your license plate
- The groups clear intention was to intimidate you and your wife as voters
- The group clearly did photograph you and your wife's car for an unknown purpose

If you think of any additional details, please let me know. I am sorry this was your voting experience, thank you for sharing this with our office.

Sincerely,

Christine Dyster

Date of incident: Mon, 10/17/2022

Approximate time of the incident: 6:40 pm

County where incident occurred: Maricopa

Polling location where incident occurred: Mesa juvenile court drop box

Describe the incident: There's a group of people hanging out near the ballot dropbox filming and photographing my wife and I as we approached the dropbox and accusing us of being a mule. They took a photographs of our license plate and of us and then followed us out the parking lot in one of their cars continuing to film.

Were you able to report this incident to the poll workers or county officials?

Current status of the incident: Ongoing

Files: No, I don't have any additional information.

Date of incident: Fri, 10/21/2022

Approximate time of the incident: 12:10 pm

County where incident occurred: Maricopa

Polling location where incident occurred: Maricopa Elections 501 S 3rd Ave. Phoenix, AZ

Describe the incident: Drove into the fenced area to drop off my ballot and there was an older grey hair bearded man with a large camera on a tripod that turned the camera toward me as I drove to the drop off box, and his lens moved as he focused his camera on my face, as I turned the corner inside the fenced area toward the drop box, his camera followed me and he dropped it down to my license plate. As I got to the box, he raised the camera again and filmed me dropping off my ballot in the box. I'm a senior and was very intimidated by his actions.

Date of incident: Sat, 10/22/2022

Approximate time of the incident: 1:30 pm

County where incident occurred: Maricopa

Polling location where incident occurred: Mesa Juvenile Court
1810 S Lewis Mesa, AZ

Describe the incident:

There was a Range Rover parked near the ballot drop box. No one approached anyone, but they were within 75 feet of the drop box.

License plate Arizona [REDACTED]

I took a picture of his vehicle. Other people felt nervous about this person and one person held up their sign for his cameras that's said "I invoke my right to vote."

Police should be there driving these people off!

Subject: Referral- early voting incident

Hi [REDACTED] and [REDACTED],

We received the attached report, and based on the allegations that suggest violations of A.R.S. 16-1013, are referring it to you for further investigation. We've also made the county aware of the situation. If I can provide additional information, please let me know.

Thank you,

Kori

==Incident==

Date of incident: Thu, 10/20/2022
Approximate time of the incident: 12:30 pm
County where incident occurred: Maricopa
Polling location where incident occurred: Mesa Juvenile Court
Describe the incident:
My wife and I (70 yrs old) parked our car to each individually drop our ballots in the drop boxes located outside the Juvenile Court, there was a group of 5 or 6 20-30 yr old men standing in the parking lot. We put our ballots in the drop box and walked back to our car. As we were getting up to our car, two individuals took pictures of our license plate and our car. I got out and asked what they were doing. They claimed they were taking pictures for "election security" and I took pictures of them to report them to the DOJ for voter intimidation and harassments. As we were pulling out, they continued to film my wife, myself and our car.

Were you able to report this incident to the poll workers or county officials? No

Current status of the incident: Resolved

Date of incident: Wed, 10/19/2022

Approximate time of the incident: 2:30 pm

County where incident occurred: Maricopa

Polling location where incident occurred: 501 S 3rd Ave, Phoenix
AZ

Describe the incident: Camo clad people taking pictures of me, my license plate as I dropped our mail in ballots in the box. When I approached them asking names, group they're with, they wouldn't give anything. They asked why I wanted to know, well it's because it's a personal attack. They basically said they're taking pictures looking for some fantasy BS on the voting citizenry. Inside record office the ladies said it was worse last year when they all had guns!! Some workers had quit due these conspiracy idiots. I don't appreciate the harassment. I'm curious if they're staying 75 ft away too

Were you able to report this incident to the poll workers or county officials? Yes
