 ATN:

CRIMINAL COMPLAINT

For Official Use

Complainant, an Deputy District Attorney, being first duly sworn on oath, deposes and says that:

Count 1: FIRST DEGREE INTENTIONAL HOMICIDE

The above-named defendant on or between August 1, 2022, and August 2, 2022, in the City of Green Bay, Brown County, Wisconsin, did cause the death of PLE, with intent to kill that person, contrary to sec. 940.01(1)(a) Wis. Stats., a Class A Felony, and upon conviction shall be sentenced to imprisonment for life.

Complainant is an Deputy District Attorney with the Brown County District Attorney's Office and knows of the above offense(s) on information and belief based upon:

PROBABLE CAUSE:

The complainant, being duly sworn on oath, swears that she has had the opportunity to review the police reports of the Green Bay Police Department and other documents supporting this complaint, which are the types of reports and documents kept in the ordinary course of business, which complainant believes to be truthful and reliable because they have proven to be truthful and reliable on numerous occasions in the past.

The complaint further asserts that based upon her review of the reports and/or supporting documents, the incidents alleged in Brown County, Wisconsin.

1. Your complainant's review of the reports of Officer Eric Elbe of the Green Bay Police Department, who indicates: On August 2, 2022 I, Officer Elbe, was working uniform patrol for the city of Green bay. I was dispatched to 1320 Packerland Dr #G9 in Green Bay, Brown County, Wisconsin reference a welfare check. Call notes indicated that the P.L.E. DOB: 11/21/56 lives alone, had a blue/grey ford fusion, and did not show up for work today at Sofidel. Notes state he has been an employee there for 20 years. Notes indicate he last spoke with a family member Sunday night. No history of mental illness and it was unknown about his

STATE OF WISCONSIN - VS - Caleb Scott Anderson

health issues. Call notes said the employer is outside of the apartment and buzzed but nobody is answering. Upon arrival, I met with employees from Sofidel identified as A.P.L. DOB (8/11/1971) and J.C.R. DOB (4/25/1969). P.L.E. did not show up for work today. They had attempted contact with P.L.E. but had no success at the residence. They had tried to call his phone but received no answer. They said P.L.E. had sent emails to his coworkers stating he would see them on Tuesday, so they were expecting him at work today. A.P.L. said she had called P.L.E.'s emergency contact C.K. who is an aunt. C.K. told her she had last talked to P.L.E. on Sunday July 31, 2022, at 10:30p.m. P.L.E. called when he returned safely home after leaving a family function in Shawano over the weekend. P.L.E. had used a vacation day on Monday August 1, 2022, and was to return to work August 2, 2022. A.P.L. said they had information P.L.E. does not park in his garage because he has a lot of stuff in there, but his vehicle did not appear to be outside the apartment complex. J.C.R. said she had known P.L.E. for over 30 years, and this was unlike him.

I attempted to get into the apartment complex, but it was security locked and after trying buzzers was unsuccessful. I could see that Apartment 9 where P.L.E. resided was the first-floor apartment to the left of the main door on the eastern side of the complex. I tried the patio screen door, but it was locked. I knocked on the glass with no answer. I requested the management number of the complex from A.P.L. While attempting to call management, I observed a male on a golf cart near the complex and appeared to be an employee of the complexes. He unlocked the security locked door, and I was able to get into the complex. I attempted to call P.L.E.'s phone but could not hear it ringing inside. The neighbor across the hall in #10 came out but said he had not seen P.L.E. today or yesterday when asked. The neighbor said he is not usually home during the day.

Dan unlocked the door to P.L.E.'s apartment to do a welfare check. Dan said he did not have a key to the garage. I made announcements with no answer. There were no lights on in apartment #9 upon entry with Officer Skenandore. We started to clear the apartment to check on P.L.E. if he was inside. I observed a green utility knife on the floor in the living room near the kitchen. The kitchen cabinets appeared to have been ransacked/ gone through. The cupboards were left open as were some drawers. I continued down the hallway to check the bathroom. Prior to making entry I observed what appeared to be blood on the floor in droplets. There were additional blood droplets by the toilet bowl. The bathtub still had water held in it without draining. The water did not appear used as it was still clean/ did not consist of bubbles or soapy film. I checked in the bathroom closet and opened the door to ensure no one was inside. I did not locate anyone in said closet.

I continued to the bedroom and looked in that closet for signs of life but again had negative results. The bedroom had what appeared to be blood splatter the walls near the bed. There was a pile of clothing still on the hangers located on the bed. Officer Skenandore had moved a shirt and upon doing so located P.L.E. who appeared deceased and lifeless. I located a note on the chair in the room written in blue pen. The note stated "I am so sorry he didn't deserve this" in poor penmanship. I called for a supervisor and an additional unit as well as rescue. I started to take photographs of the scene which are attached. Officer Skenandore was requested to check for signs of life. I took photos while Officer Skenandore removed the piles of clothing from on top of P.L.E. and P.L.E. had his legs hanging off the bed and was completely naked under the clothing. I observed slash style marks as well as stab marks covering P.L.E.'s upper body to include the stomach, arms, face, and neck. There was a pool of blood like substance behind P.L.E.'s head. P.L.E.'s neck from my viewpoint appeared to

STATE OF WISCONSIN - VS - Caleb Scott Anderson

have been cut from mid left neck to the back. An additional writing was located on the south wall above where P.L.E. was deceased and stated "Psalm 23:4 Yea, though I walk through the valley of the shadow of death, I will fear no evil: for thou art with me; thy rod and thy staff they comfort me". Under this passage was a scribble mark with an x through it. I could make out the crossed-out object as being a number 7. Next to this scribble was the date "8-1-22" as if the suspect had started to write the wrong date. Next to the passage to the right was the letters RIP which stand for Rest in Peace. I observed on the table in the bedroom a package of permanent markers that had been opened and were possibly used in the commission of writing the passage on the wall.

Rescue had arrived on scene and one rescue personnel was allowed to check for signs of life but I believe two had initially entered the apartment. Green Bay rescue verified P.L.E. as being deceased. A.P.L. and J.C.R. said P.L.E. had no spouse, no kids, and A.P.L. said absolutely not when asked if he had issues with anyone at work. J.C.R. said P.L.E. would give the shirt off his back. I re confirmed that P.L.E. last spoke with a family member at 10:30p.m Sunday night. A.P.L. provided me with C.K., P.L.E.'s aunt, phone number. A neighbor was outside and said he knew P.L.E. very little and thought the silver car parked outside was his. The silver car was a Toyota Camry bearing MI plates DRZ8148. The vehicle did not come back to P.L.E.

Detectives had started to arrive on scene and informed of the findings thus far. Detective Jena Luberdia requested that I assist on the warrant she was applying for in case any questions about the scene arose. I traveled back to the police department where Det. Luberdia applied for the warrant. While Det. Luberdia applied for the warrant I had an officer check the FLOCK camera system for the victims vehicle which had been identified as a 2013 Ford Fiesta, blue in color, with WI plate 207HUH.

New information was coming in from Detectives on scene that the Toyota Camry in front of P.L.E.'s apartment belonged to the suspect in this case. I was informed that the subject who owned the Toyota was wanted by Michigan State Police after attempting to abduct a female in the early hours of 8/1/2022. The suspect was identified as Caleb Scott Anderson DOB 7/23/1999. Det. Cassie Pakkala located the Toyota on Flock first at 9:41a.m. on 8/1/2022. The vehicle was captured last by FLOCK at 11:17a.m. on 8/1/2022 at Mason Street and Taylor Street. P.L.E.'s vehicle was first picked up on Flock at 4:29p.m on 8/1/2022 at Mason and Taylor Street. P.L.E.'s vehicle was last seen on Flock at 5:08p.m on 8/1/2022 in the city of Green Bay.

Det. Luberdia completed the search warrant. We traveled to the Brown County Circuit Court house. Once the warrant was signed, I traveled back to the scene with Det. Luberdia. I assisted in a search of P.L.E.'s garage locating nothing of evidentiary value at this time. I was requested to assist the medical examiners with lifting P.L.E. onto the floor. Once that was completed, I cleared from the apartment. At this time I have no further information. See body camera for additional information and exact verbiage.

2. Your complainant's review of the reports of Det. Phil Scanlan of the Green Bay Police Department, who indicates: On Tuesday, 08-02-22, while on-duty I was notified of a possible homicide that had occurred at 1320 Packerland Drive, Apartment 9, located in the city of Green Bay, Brown County, WI. I was briefed that a welfare check was conducted at this address when the resident didn't show up for work. Police responded and found the resident deceased, reporting that he appeared to have been violently stabbed.

STATE OF WISCONSIN - VS - Caleb Scott Anderson

A review of the cad notes showed that on same date at 08:29 am, a coworker of P.L.E. called the Brown County Communication Center reporting that P.L.E., "did not show up for work today" and that he reportedly last spoke to family members Sunday night. The complainant reported the employer is at P.L.E.'s apartment, who reportedly lived alone and there was no answer at the buzzer. The complainant reported P.L.E. to have a cellular number of 920-265-****. Further review of cad notes showed that at 08:54 am, responding officers located P.L.E. deceased, requested supervisor.

Initial Investigation:

At about 09:32 am, I arrived at the scene with Det. Craig Pakkala, Det. Biller and Det. Lubarda. By the time we arrived, the apartment was taped off and the scene was being held by Officer E. Elbe and Officer Skenandore, along with Sgt Behn. Officer Elbe updated us that he was a first responding Officer with Officer Skenandore. Elbe was met at the residence by the property manager, D.C. who used a key to open the apartment door in the common hallway. Officers entered the apartment and found the tenant, P.L.E., M/W, DOB: 11-21-1956 on his bed, deceased. P.L.E.'s body was reported to be underneath piles of clothing and his face was covered with a gray shirt. A cross was reported to be on top of the pile of clothing above him. The clothes had been moved off of him to check him out for signs of life. Officer Elbe was moved out of the apartment and scene security was maintained for the apartment in the hallway.

Once at the scene, walk-throughs were conducted with Detectives and IFSU Czarneski, McMullen and C. Allen, to obtain a general overview of the scene to plan for processing. Video's, photographs and 360 imagery was captured to memorialize the scene. Upon completion of the search warrant, a thorough search and process of the scene was conducted. A summary is below.

Living room/kitchen:

I entered the apartment, along with Det. Pakkala, Det. Biller and Det. Lubarda. The apartment door opened up into the living room and attached kitchen. The home was found to be well kept and relatively clean. During my initial walk through I didn't observe any signs of forced entry to the entry door, or locked patio door. I viewed several items that appeared out of place which included; a green box cutter with an exposed blade, next to an empty plastic bottle case wrapper on the carpet next to the kitchen linoleum floor. No blood was readably visible on the blade; The attached kitchen was at first glance unremarkable, other than the raised kitchen cabinet doors were open. All of the raised cabinet doors were opened, but no observations were made to show someone ransacked or shuffled through items, as the contents appeared appropriately placed. I also observed a few of the lower cabinets and kitchen drawers were opened with no observation of ransacking. I requested IFSU collect evidence and/or swabs of the aforementioned items, cabinet doors and entry door along with examine items for potential trace evidence.

Bathroom:

I observed the bathroom off of the hallway. In general, the condition it was left in was consistent with someone using the bathroom to treat an actively bleeding wound and leaving it without cleaning. I observed on the floor, near the doorway to the hall, a piece of a blue plastic container/tote cover (broken) that had what appeared to be dried blood drops around it on the linoleum. The blood drops were in various sizes and mostly round, consistent with being

STATE OF WISCONSIN - VS - Caleb Scott Anderson

dripped down while standing at or near that location. There was loose paper towel on the floor in front of the sink and additional blood drops in front of the toilet. The toilet lid and seat were fixed up and the bowl appeared soiled with urine. Additional paper towel was on the rim of toilet and appeared soiled with urine. I observed what appeared to be more blood on the rim of the toilet and a blood smear on the top of the tank above the handle. The bathtub was drawn with water, however it didn't appear used. Additional blood smearing was observed on the shower curtain. On the sink counter, I observed a roll of toilet paper, that appeared to have blood staining on both the loose tissue end and the role. I also observed balled up tissue taped in a ball, along with wet wipes. Later, in a secondary check of the bathroom, I observed inside the attached laundry machine closet three stacked laundry baskets. Inside the top laundry basket was a black and gray UFC hat. The UFC hat didn't appear consistent with other clothing kept in the house by P.L.E..I requested IFCU collect evidence and/or swabs of the aforementioned items and examine the bathroom for additional trace evidence.

Bedroom:

The room in general appeared well kept. I observed a man reported to be P.L.E. laying on the bed, completely naked, on his back, angled more to his right side, with both his legs partially off of the bed closest to the center of the room. His head was turned toward his right shoulder exposing numerous sharp edge wounds to the left side of his neck, left cheek, left shoulder and left arm. These wounds appeared to be severe, deep, and violent in nature, consistent with causing severe injury, massive blood loss and possibly death. P.L.E.'s belly appeared extended, and had wounds on his stomach near his navel which caused what appeared to be parts of his intestine to protrude out of his abdomen. His face, and upper body appeared to be the primary locations of his injuries and were the most blood stained. He had what appeared to be residual blood staining and spotting on torso and his legs as well. Both of P.L.E.'s hands were closed in a loose fist position. P.L.E. legs were partially covered with a Milwaukee Brewer's jacket. He was surrounded by clothing, some of which appeared clean and on hangers. To his right, I observed a saturated gray sweatshirt, what was reported to have been covering his face, when Officers first arrived, along with other clothing that appeared to have been recently worn. Piles of additional clothing were on his left, towards the wall, this clothing was reportedly covering and concealing his body when officers arrived. P.L.E. was cold to the touch and lividity was observable on his lower right leg.

I observed appeared to be visible blood casting stained the wall at the head of P.L.E.'s bed and to the right of his bed, which was about 6 inches from the south wall. The blood casting on the walls adjacent to the bed appeared consistent with P.L.E.'s position on the bed being a primary location of his violent assault with a sharp edged weapon. The ceiling appeared absent of blood staining and the bedroom carpet appeared relatively clean. Hand written on the wall to the right of the bed, above most of the blood staining was "Psalm 23:4" and below, "Yea, though I walk through the valley of the Shadow of Death, I will fear No Evil: for thou art with me ; thy rod and thy staff they comfort me,". To the right "RIP" was written on the wall. Below the Psalm was "8/1-22" to the right of something crossed out.

On the red recliner in the bedroom, I observed a hand written note in blue pen, " I Am so Sorry.. he didn't deserve this" The writing was much sloppier than the writing on the wall, consistent with being written off handed. On the carpet next to the same chair were several cards commonly found in the wallet, including a Bank of America VISA card (victim), a North Star Casino Card, US Bank card, Visa, Fresh Perks. The cards appeared to have been dropped there and P.L.E.'s wallet wasn't located.

STATE OF WISCONSIN - VS - Caleb Scott Anderson

Next to the closet, there was an end table that contained Packer memorabilia. On that table there were what appeared to be large blood drops consistent with someone dripping blood onto the top of the end table.

Body Examination;

While at the scene, Dr. Elizabeth Douglas Forensic Pathologist, and Medicolegal Examiner Jennifer Doxtator, both from the Brown County Medical Examiner's Office arrived. I walked them through the scene. Dr. Douglas briefly examined P.L.E.'s body visually while on the bed. Following the completion of the warrant and processing for digital evidence, we then moved clothing items on and around him out of the way so we could move him off of the bed, onto a body bag covered with a medical sheet for further visual and physical examination. During that time, we found the large cross, reported to have been found on top of the cloths concealing his person. It was large decorative wood imaged cross, that had Styrofoam affixed to the back so it could be propped up on a table. That item was removed and collected. After moving P.L.E. off of the bed, the pillow and bed sheet underneath P.L.E.'s neck and upper body were heavily saturated with blood indicating massive blood loss while he laid in that position.

Dr. Douglas pointed out the following things during her examination at the scene; Rigor was present but breakable. P.L.E. had focus stab wounds and sharp edge cuts to the left side of his neck. She described focus wounds referring to a cluster of wounds in one particular location. She noted no observation of blunt force trauma to the face or head at the time, identifying the injuries as stabs and slashing with a sharp object. His left cheek had a deep stab wound. Dr. Douglas took an approximate count of at least 38 stab wounds to the head, neck, chest and abdomen but expected that number to be higher during autopsy. Dr. Douglas noted at last 12 stab or laceration wounds to the left hand and arm and noted wounds to the left hand exhibited defensive wounds.

Dr. Douglas noted no wounds to the right arm, nor the back or below the waist. Dr. Douglas noted three stab wounds to the stomach causing intestines to push out, noting that probably occurred as a result of the stab, and not likely an intentional action to disembowel.

Following removal of the body, we further sorted through the clothes on the bed. Further examination of the gray sweatshirt reportedly found over P.L.E.'s face showed it was a gray "Were Code" sweatshirt with a green Seattle logo. The sweatshirt appeared blood soaked and had visible stab like slits in the sweatshirt in the area that was blood soaked. Numerous other items of clothing were examined after being removed from the bed, some of which had additional blood staining. Items were photographed and swabbed. Also on the bed, we removed numerous shirts, still on hangers, that appeared to have been retrieved from the closet to cover up P.L.E.'s body.

Outdoor scene:

While at the scene it was brought to police attention that P.L.E.'s vehicle a 2013 Ford Fiesta SE, 207HUH, was not parked where it is normally parked in the lot nor in the garage. Parked in P.L.E.'s normal stall, to the left of a handicap stall, out front of P.L.E.'s apartment was a silver 2004 Toyota Camry four door, bearing MI plate DRZ 8148. A registration check showed this vehicle is registered to Caleb Scott Anderson at 54 Bengal St Caspian, MI. It was learned shortly after, that Michigan State Police were working with local Michigan authorities on an assault and attempted abduction in Michigan that occurred the day prior, during which Caleb

STATE OF WISCONSIN - VS - Caleb Scott Anderson

Anderson was the primary suspect. For that matter, based on the circumstances brought to light with the homicide in the apartment, and with the information about the allegation against Caleb Anderson, we secured this Toyota in its place, it was photographed, and transported by tow truck to our secure evidence garage pending a search warrant.

At 6:35 pm, we concluded our search for the day and left the apartment. The apartment was secured and maintained by a uniformed Officer pending additional search the following day. Items searched for but not found during our search of P.L.E.'s apartment on August 2;
The sharp edged weapon used during the homicide;
P.L.E.'s wallet;
P.L.E.'s house/car keys;
P.L.E.'s cell phone (pinged in area of apartment) and iPad;
P.L.E.'s vehicle.

3. Your complainant's review of the reports of Det. Phil Scanlan of the Green Bay Police Department, who indicates he reviewed the Interview Caleb Scott Anderson DOB: 07-23-1999 from August 3, 2022 with the Alabama Bureau of Investigations Special Agent Wilson and Special Agent Taylor who conducted a custodial interview of Caleb Scott Anderson, DOB: 07-23-1999, following his arrest in Alabama. Anderson was a suspect in a 08-01-22 assault and attempted abduction of a female in upper Michigan; a suspect in the subsequent homicide and auto theft of P.L.E. in Green Bay; and a suspect in a subsequent homicide of a man in Alabama. Anderson was presented with his Miranda Rights and waived them agreeing to answer questions. Anderson confessed to all three incidents and provided details of each respective incident. In regard to the August 1, 2022 homicide of P.L.E. in Green Bay, Anderson's account of the incident was consistent with what investigators observed and learned at the scene. During the interview, Anderson never referred to any of the three victims by their names. The interview was audio recorded.

I reviewed the audio filed, a summary of the interview is as follows:

(00m:04 sec) Miranda waiver read by S/A Jack Wilson

(00:30) Waiver of rights

Caleb Anderson spelled and said his name on the recording.

(01:24) Anderson signed his waiver rights. SA Wilson named present parties including Anderson, himself and S/A Taylor with the State Bureau of investigation. S/A Wilson and Anderson spoke about where Anderson was from including Anderson living in Alabama and Florida for a short time as a child.

(03:21) Anderson admitted to burning a church down in Alabama. He said he went there to pray and wasn't getting a response back, explaining why. Anderson broke down and was crying and started crying about his first attack. While discussing god, Anderson said he never felt anything while explaining his family was religious. The conversation turned to Anderson talking about using legal marijuana and talking about being really high when he left Michigan. Anderson said he lived in Caspian Michigan since 2010 or 2011, staying with his dad's little brother.

(06:33) S/A Wilson asked when Anderson left Michigan. Anderson answered, August 1st and that he remembered because "I wrote it down on the wall." (Known by writer to be referring to P.L.E.'s bedroom wall) S/W Wilson followed up by asking what took place. Anderson said

STATE OF WISCONSIN - VS - Caleb Scott Anderson

about "5ish in the morning" he left. Anderson said he was up by 5am when his dad left for work. He said he thought about going down to Lake Shore (later explained to be Trident a military and mining equipment warehouse he used to work), where there was few people he couldn't stand, saying he was thinking about going there to "take care of them."

(08:26) Anderson explained he was driving down Caspian Gastro Road and seen a lady jogging. He explained for some reason he wanted to kill her. He said he just gets those thoughts with people, explaining usually it's with guys, indicating why the two homicide victims were guys (referring to the P.L.E. and the man he killed in Alabama). He said he's not the type of person who would bully someone who can't defend themselves, referring to why he killed the two men.

S/A Wilson asked what he did to the female. (09:07) Anderson said he jumped out of the car and had a can of cologne and a roll of tape. He said he was going to take her down and tie her hands behind her back. He said he didn't know exactly what he was going to do after that. He said half way through it he started thinking of his mom so he hit her a couple times and "went away". Anderson added that he had the girl in a choke hold at one point but let her out of it because he was thinking of his mom. He said this occurred before 6am on August 1st.

(11:10) Following the attack of the female, Anderson said he drove to his moms home but she wasn't there. He said he went in and took her pepper spray. He was going to take her car but her keys weren't there. Anderson explained he knew he had to get out of town. When asked he said he was using his 2004 Toyota Camry.

(12:08) Anderson said he drove to Green Bay. Anderson explained he installed an app called Grindr where guys hook up with other guys. He said he knew he needed another car. He said he downloaded some pictures off of google images (to use in the app). He said this one guy "replied back". Anderson said he messaged this guy specifically asking him what his car looked like, so he could find the place where he was at. He added that he wanted to make sure that he had a vehicle without directly asking him. Anderson said this was hard to talk about.

(13:40) Anderson continued to explain and said he bought a burner phone from Walmart. He said he got into Green Bay, bought the new phone, and then down loaded the Grindr app. He provided the phone number. He said the pin was 2719. (Writer was aware that evidence recovered from Anderson's Toyota Camry abandoned at the scene is consistent with this information, specifically being that Anderson wrote down P.L.E.'s address and vehicle description on his Straight Talk wireless package reportedly purchased at Walmart).

(14:50) S/A Wilson asked what "pretense" Anderson went to the house. Anderson said he was aware that Grindr is where guys go to hook up with other guys. He said that's why Anderson thought it would work. Anderson mentioned it would be easy but then rolled that back saying it was messed up. (Referring to P.L.E.) Anderson realized he had money but the guy struck him as off. Anderson said he started to get disgusted thinking about everything but he knew he wouldn't have a better opportunity than that, adding that he knew the police were already looking for his car. Anderson said he followed him (P.L.E.) to his bedroom and he started taking his clothes off. Anderson said, "I didn't really want to, but I took mine off too." Anderson said he had P.L.E. lay down on his bed. Anderson said he had the knife wrapped up in the hoody that he had been wearing. He explained when he went there, he asked to use the bathroom and added that he put the knife in the hoody and wrapped it up.

STATE OF WISCONSIN - VS - Caleb Scott Anderson

Anderson added, "I thought about killing him just with my bare hands..." Adding that he knows jujitsu and wrestling. He said he decided to use a knife and talked about an open world video game that came out in 2010 that you could do whatever you wanted to do. Anderson added that was always one of those things, he wanted to see what it was like. He added ever since he was fourteen or fifteen, " ...I always just wanted to kill somebody."

(18:18) Anderson said he got the knife from Walmart in Iron Mountain, on the way to Green Bay. He said the knife was his. When asked, Anderson described (P.L.E.'s) place as an apartment, not a house. Anderson volunteered that he thought about going door to door after, (presumably talking about killing anyone who would open a door) but snapped out of it.

(19:14) Anderson while crying (hard to understand) described putting it (his sweatshirt) over P.L.E.'s mouth so his neighbors wouldn't hear him screaming. Anderson said P.L.E. kept saying, "Why are you doing this to me?" Anderson said after it happened, he noticed his own hand was bleeding all over the place. Anderson said he didn't know blood was streaming out of his hand while he was stabbing him. (Writer knows the information regarding Anderson's sweatshirt and wound to be consistent with investigators observations at the scene.)

(20:15) S/A Wilson asked how many times (stabs). Anderson answered that he had no idea. Anderson added it was a lot, saying it felt like (a lot). Anderson said he was just doing it and that he never had that kind of feeling before, he added, " I was unstoppable" saying he was "amplified" if that made sense. Anderson said it would sound fucked up, but after that, he watched him (P.L.E.) laying in that room ... adding "he was dead"

(21:14) Anderson said he covered the body up, saying he took P.L.E.'s blanket and almost his entire wardrobe and threw it over him. Anderson said he thought he was starting to smell dry rice so he went to Walmart with P.L.E.'s vehicle and bought a candle to put in his room to cover up the smell. He said he also used a can of Fabreeze that was in P.L.E.'s home. He said he also bought gorilla glue to glue his wound up but it didn't work, so he used a bunch of toweling to wrap it up. S/A Wilson asked if he knew where the Walmart was. Anderson said Green Bay by Packerland Drive, adding Packerland Drive was where this happened. (Writer knows this information to be consistent with the scene along with the review of Walmart West security video showing Anderson going to Walmart before the homicide in his Toyota Camry, and returning to Walmart following the homicide in P.L.E.'s Ford).

(22:40) Anderson asked how the cops weren't able to catch him implying he could still be out there if he wanted to be. He said he knew the cameras would catch him if he stayed on the interstate. He described himself as a survivalist type guy that could go out in the woods. He said he was switching (mindsets) and wanted to do it again, but was trying not to. He said he wrote, don't hurt momma so he wouldn't, apparently indicating he was trying to not do it.

(23:45) Anderson said he paid his own cash at Walmart and had taken \$400 dollars out of his account. Anderson added P.L.E. had a few hundred dollar bills in his wallet which he took adding that he took P.L.E.'s wallet and either dumped it somewhere or it's in his car. Anderson described dumping a bunch of garbage including his own identification near some junk yard.

(25:20) S/A Wilson asked about the Grindr account and why it was used. Anderson answered, " ...Just to get somebody alone to kill them." He added it wasn't anything sexual. S/A Wilson

STATE OF WISCONSIN - VS - Caleb Scott Anderson

brought his attention to going back to the apartment after going to Walmart. Anderson said he tried to fix his hand up. He said he wrapped it up. He explained It was fucked up because he (P.L.E.) was in his room dead, and he sat in his living room watching wrestling on his television. Anderson added that he was going to sleep there but he decided not to. He said that was good, since he was keeping up with it on the internet and seen how quickly they found him, referring to discovering P.L.E.'s body. Anderson added that he wished he would have just stayed there, slept and got caught right away.

(27:30) Anderson thought he left P.L.E.'s apartment at about 10:30 or 11:30 that night. He said he googled directions to Lucedale in Alabama on P.L.E.'s computer and admitted to taking P.L.E.'s car. Anderson said when he left Green Bay heading to Lucedale, he didn't kill anyone. He said he didn't stop on the way at all. He added that he kept checking the radio to see if there was any "be on the look outs" for him.

(32:00) SA Wilson spoke to Anderson about what he did in Lucedale Alabama. During this time, Anderson talked about meeting a man, and thinking about killing him, but deciding not to.

(35:30) Anderson reflected and said the killing in Green Bay was "pre-meditated".

(39:00) Anderson talked about re-downloading Grindr and creating a new Gmail while in Alabama, figuring if he used the same one he would be found. He said he had the same google images as before (for his new Grindr account). He described his first gmail account used in Grindr to be Tysonstich5(something)@gmail.com. He said he didn't remember the second one. Anderson added it should be on his phone.

Anderson said he always thought about using Grindr to kill people, he thought it would be the smartest way if you didn't know someone.

(40:44) Anderson began starting to explain another homicide that he committed in Alabama. Anderson connected with him on Grindr and met the second victim at the victim's house. He said he still had the murder weapon with him (same as P.L.E.). He described the knife with the para cord handle. He stabbed the second victim as well. He didn't know his name, but knew he was big. He said he looked at that as a challenge and said he was a giant slayer. He added his wrestling name was "Jack Rader" named after a serial killer (Dennis Rader).

(55:00) Anderson talked about burning (or attempting to burn) down a church. He said he wanted a movie moment, like the movie "Punisher." During this time, Anderson said he took P.L.E.'s work employee lanyard and tossed it in the grass, like a "clue" that he purposely left at the scene.

(58:25) During the discussion on burning the church, Anderson recalled what he described as being fucked up. He described that in Green Bay, at the scene, P.L.E. had a bible in his closet and some sort of confessional thing that came in the mail. He said he felt like he had to do something for P.L.E.. He said he wrote his name on it, wrote a bible verse on the wall, and put a cross on P.L.E.. Anderson also described a Milwaukee Brewers stuffed animal, and said he put that on the blanket so P.L.E. would have it. S/A Wilson asked if he left a note. Anderson said he did but didn't recall what he wrote, something like "he didn't deserve this". (Writer knows these things to be consistent with the homicide scene at P.L.E.'s residence).

(1h:03:40) S/A Wilson asked if there was a particular reason that Anderson picked the two individuals to kill, specifically asking if issues had with them being homosexual. Anderson replied simply that it was the convenience of the App (Grindr). He added that if he went on Tinder it would have took too long. He said he thought of his mom and decided he didn't want to kill women.

(1:06:45) Anderson said during the homicides he was acting alone, saying it was all him. He denied attacking anyone other than the female in Michigan, P.L.E. in Green Bay, and the man in Alabama.

(1:13:00) S/A Wilson asked Anderson where the knife (used in the homicides) was at. Anderson said the sheath was in the car but the knife fell out. He wasn't sure where the knife was. Anderson said he was wearing the same pants and shoes that he had on during the homicide in Wisconsin, but said he took a couple of large shirts from P.L.E.. He also said he left his sweatshirt that he was originally wearing (and used to cover P.L.E.'s face) at the scene, leaving it over the body.

(1:17:21) Interview concluded with a plan to speak again the following day.

All times are approximate. I attached the audio recording to the case file.

4. Your complainant's review of the reports of Det. Phil Scanlan of the Green Bay Police Department, who indicates: Interview #2 of 2: 1. Caleb Scott Anderson, M/W, DOB: 07-23-1999. On 08-04-22, Alabama Bureau of Investigations S/A Wilson and S/A Talbott conducted a second custodial interview of Caleb Scott Anderson, M/W, DOB: 07-23-1999, while he remained in custody. Anderson was presented with his Miranda Rights and waived them, agreeing to answer questions. Anderson answered specific questions about the respective incidents and provided a voluntary buccal swab of his DNA. During the interview, Anderson never referred to any of the three victims by their names. The interview was audio recorded. I reviewed the audio file, a summary of the interview is as follows:

(00m:13 sec) S/A Jack Wilson began audio recorder, gave date/time (Aug 4th 12:54) and introductions, including himself, S/A Tim Talbott in the Shelby County Jail speaking with Caleb Anderson.

(00:35) Miranda Waiver read by S/A Jack Wilson

(01:03) Waiver of rights

(01:40) S/A Wilson asked Anderson since he had some rest last night did he think of anything else. Anderson said he wanted to give them the best motive but was at a loss for words and said he just snapped. S/A Wilson asked if he ever planned on doing something. Anderson said he had thought about doing this for such a long time. Anderson continued that he was raised perfectly and had everything he wanted. He said he had a job since 15 and never had to worry about money. He added that he didn't feel like he was living any more. Anderson sounded emotional when talking about his past.

(03:50) S/A Wilson told Anderson that there was some details that he wanted to talk about and asked to start with the first incident. They first spoke about the female jogging in Michigan. Anderson set the same venue with the female running as described in the first interview.

STATE OF WISCONSIN - VS - Caleb Scott Anderson

Anderson said he never seen her before. Anderson said he knew the area and has driven down that road many times in the past. Anderson said he always thought that would be the perfect spot to do something like that because there was no cameras around. Anderson admitted that his initial thought was to "beat the shit out of her and kill her." S/A Wilson asked if had a weapon or if was he going to beat her to death with his hands. Anderson said he was going to use his hands. Anderson said he was high on weed at the time. Anderson specifically added that the weed helped him stay calm, and he wasn't blaming the weed for making him do things.

(07:23) S/A Wilson asked what he was going to do with the tape he had said he had when he attacked her. Anderson said he was going to tie her up and (put it) around her mouth so no one could hear her scream. S/A Wilson asked if was going to sexually assault her. Anderson said he was thinking about sexually assaulting her at the time, but clarified no, explaining that once he started thinking about his mom, he just let her go. Anderson added specifically that it wasn't a sexual thing, explaining that he has been with women before and it wasn't hard for him to do, implying find women to have sex with.

S/A Wilson brought Anderson's attention to going to Green Bay. Anderson reiterated what he said during the previous interview about stopping at his moms to get her car, and then heading towards Rhinelander. He added that at that point he didn't even know he was going to Green Bay. He decided to turn towards Florence and go towards Green Bay. He again said he stopped at the Walmart in Iron Mountain and bought a bunch of things, including the knife, which he described as the weapon (used in both homicides). He again said he purchased the phone and card in Green Bay at the Walmart.

(09:25) S/A Wilson asked Anderson to tell them about the guy in Green Bay. Anderson said he didn't know his name and never met him before. Anderson added that he had no previous knowledge of any of the people he attacked. S/A Wilson asked Anderson to describe what the man he attacked in Green Bay looked like. Anderson said all he remembered about him was "his guts were like sticking out when I covered him up." S/A Wilson followed up about what happened before he assaulted P.L.E. trying to get a description from Anderson. Anderson answered his questions describing P.L.E. as older, in his 40s, saying he was a heavy set, bigger guy. Anderson said P.L.E. didn't send him any pictures of himself on Grindr so he didn't know what he looked like until he got there. He added that he wasn't picking on him because of his size.

(11:11) S/A Wilson told Anderson police in Green Bay were curious about a couple things and first asked about all the cabinets in the kitchen being open. Anderson said he was going through them looking for food to take. Anderson added that P.L.E. had alcohol and that he drank of lot it. Anderson said he drank a lot of the whisky that S/A Wilson specified was on the floor. He clarified that he drank it after the homicide.

S/A Wilson asked about P.L.E.'s cellphone being found by some DVDs. Anderson said he was going to take it, but figured we would track it, so he left it there. Anderson said he tucked it on a DVD shelf saying he didn't know why. Anderson added that he took of few of the DVDs, naming wrestling and Rocky DVDs. Anderson added that he hid the phone behind the DVD cases. (Consistent with where P.L.E.'s cell phone was located.)

STATE OF WISCONSIN - VS - Caleb Scott Anderson

(12:18) S/A Wilson said he wanted to cover sexual contact with the Green Bay victim and asked if they had sexual contact. Anderson started answering by saying he was fucked up before he killed P.L.E. then added that he remembered he (Anderson) started "jerking him off" before he died. Anderson said that act was consensual when asked and added P.L.E. wanted that, saying he could see that through the messages. Anderson added, "I don't know why, I just wanted to just kill him you know."

S/A Wilson asked if there was any other sexual contact. Anderson denied having intercourse or anything like that with P.L.E.. S/A Wilson asked if P.L.E. ejaculated. Anderson said he didn't think so, but said he had no idea.

(13:18) S/A Wilson brought up lotion and tissue in the living room. Anderson admitted that was from him. He explained that after he got really fucked up, he looked up some porn on P.L.E.'s tablet and was trying to clear his mind. He said, "that was all for me" implying he masturbated. Anderson admitted to taking P.L.E.'s tablet with him and dumping it at a gas station because he thought the police would track it. (Writer was aware during the search of P.L.E.'s apartment that an iPad box was located, along with an iPhone/pad charger, but the iPad was not located).

(14:50) S/A Wilson asked Anderson about what time he used P.L.E.'s car to go to the Walmart following the homicide. Anderson said it was before 7p saying he knew that because it was before wrestling came on television. Anderson added that there was a cop in the parking lot at Walmart. Anderson explained the cop was driving around and he was concerned that the cop might have been looking for him so he was trying to hide behind vehicles. He said he snuck back to P.L.E.'s car and drove back to his place. He added that he didn't know if the cop was looking for him from the Michigan incident or just happened to be there. Anderson said he assumed the worst. In regard to a timeline, Anderson said he drove from Walmart and turned at the stop light (to go back to the apartment) implying he went directly back, saying they could pull the cameras and look that up. I am aware that Walmart video captured Anderson walking past a marked GBPD squad car as he left Walmart on August 1, 2022 at 3:51 pm.

(16:21) S/A Wilson began to discuss the victim in Alabama with Anderson.

(19:40) S/A Wilson brought Anderson's attention back to the incident in Green Bay and asked Anderson if he washed or cleaned himself up in the sink after the incident. Anderson said he did. He explained he went to Walmart and got a roll of medical gauze, Gorilla glue and liquid wash for the wound because P.L.E.'s blood got in his wound during the incident.

Anderson said he used P.L.E.'s sink to wash that up. Anderson said he didn't try to clean anything up, or stage anything to throw police off, adding that he took full responsibility for it, saying it was all him. He said the only reason he covered the body up was to mask the smell. S/A Wilson asked Anderson where he got the cross that he put on the body. Anderson described that P.L.E. had a "little set up" like a "coffin looking thing" that he got the cross from. This description was consistent with set up d that P.L.E. had in his living room.

(21:25) S/A Wilson brought Anderson's attention to the church (that Anderson said he burned). Anderson explained he couldn't tell him where it was but reiterated what he said about the church during the first interview, again saying he threw P.L.E.'s lanyard on the ground there.

STATE OF WISCONSIN - VS - Caleb Scott Anderson

(25:55) Anderson volunteered that the police didn't handcuff him tight enough adding that he could have slipped out of them if he wanted to. He said he told the police to tighten them up. He said no one has been really doing their job and he assumed he would have been caught a lot quicker. Anderson added that the knife (used in the homicides) should be in the car (P.L.E.'s Ford), saying he was sure the sheath was in there, but couldn't find the knife, assuming it's still in the car somewhere.

(29:00) S/A Wilson questioned Anderson about him only using the Grindr App and his comment that he wasn't targeting homosexuals. Anderson again said he used Grindr but not to specially target homosexuals, adding that he could have used Tinder but that had a lot of women on it, and it would have taken a lot longer. Anderson also said that by that point he didn't want to kill women (like he previously thought about). S/A Wilson asked Anderson if he was homosexual. Anderson said no. S/A Wilson again asked if there was targeting of homosexual men other than the convenience of the Grindr app. Anderson indicated it was only the convenience of the app and added the Grindr app helped him by providing the men's locations. He explained that by using Grindr he knew they would be by themselves as opposed to pulling up to someone's house and "taking a chance." Anderson added simply that he knew Grindr would work.

(30:00) S/A Wilson asked Anderson about saying in the previous interview that he wanted to go to his job site. Anderson said he wouldn't use a gun because guns are for "pussies." Anderson said he would have hid with a knife and just fucked everyone up that he wanted to. He said that was just a thought.

(32:00) S/A Wilson asked if Anderson would provide a DNA sample with a buccal swab. Anderson told him to go ahead, take whatever he needed. Anderson was provided with a pen and made some notes, talking about his background.

(43:50) S/A Wilson provided Anderson with a consent to search form to obtain a buccal swab. Shortly thereafter, Anderson voluntarily provided a buccal swab.

5. Your complainant's review of the reports of Det. Phil Scanlan of the Green Bay Police Department, who indicates: I reviewed the digital evidence S/A Wilson sent me from the Bureau of Investigations in Alabama which included a Cellebrite Reader data extraction from what was described as a Nokia Smartphone. I am aware that as part of our investigation into the homicide of P.L.E, that the retail cellphone box for this device, along with the Straight Talk wireless minutes package and receipt for their respective purchase was recovered in Caleb Anderson's vehicle that was abandoned outside of P.L.E.'s residence. I am also aware that during Anderson's subsequent confession he admitted to purchasing said phone and minutes at Walmart West in Green Bay, consistent with the aforementioned items being found in his vehicle. This was additionally supported by Walmart West security video capturing Anderson leaving Walmart at the time.

S/A Wilson informed me that during their subsequent homicide investigation that had occurred in Alabama following the homicide of P.L.E., Alabama case, this Nokia cellphone was located and seized at the scene of their murder. As part of their investigation, a search warrant was obtained and the Nokia C100 was examined by their agency's cellphone examiner who prepared the Cellebrite Reader for review of the data contained on the device. Using the Cellebrite Reader to examine the contents of the device I observed the following;

STATE OF WISCONSIN - VS - Caleb Scott Anderson

Three videos described as the following:

- A disturbing five second video capturing Caleb Anderson shirtless, recording a selfie style video of himself standing in P.L.E.'s bedroom. He recorded himself smiling as he made the statement, "I'm ok.." then spanned the video camera to the bed where P.L.E.'s bloody, lifeless body lied with his face covered, and made the statement, "He's not." Anderson had what appeared to be blood on his face and neck when he made the video. The data captured from this video showed it was last modified on 08-01-22 at 7:59 PM (UTC) consistent with this video being saved on this device on 08-01-22 at 2:59 pm (UTC-5).
- A sixteen second video driving what appeared to be P.L.E.'s Ford, traveling on a highway. The data captured from this video showed it was last modified on 08-02-22 at 10:38 am (UCT) consistent with this video being saved to this device on 08-02-22 at 5:38 am (UTC-5).
- A twenty five second video capturing a Ford steering wheel and jeans as Anderson was seated in the a driver's seat having a conversation, presumably on the phone. The data captured from this video showed it was last modified on 08-02-22 at 12:51 pm (UCT) consistent with this video being saved to this device on 08-02-22 at 7:51 am (UTC-5).

The following pertinent images:

- Image of Caleb Anderson taking a selfie in what appeared to be P.L.E.'s bathroom. Anderson is posing shirtless, sticking his tongue out. His face, head and upper body appeared blood stained. Metadata attached to image showed it was taken with this device on 08-01-22 at 2:58 pm (local time).
- Image of Caleb Anderson taking a photograph of himself in P.L.E.'s bathroom mirror. Anderson is naked and holding his hand over his genitalia. Anderson is posing with his mouth open and has what appeared to be blood smeared over his face, chest, arms and upper legs. Metadata attached to image showed it was taken with this device on 08-01-22 at 2:58 pm (local time). Anderson took a second photo with a similar pose, which is more blurred following the first one.
- Image of cleaned and closed cut on right hand, consistent with report that Anderson cut himself during the stabbing homicide of P.L.E.. Metadata attached to image showed it was taken with this device on 08-02-22 at 5:58 am (local time).
- Image of P.L.E.'s bloody body on his bed. Metadata attached to image showed it was taken with this device on 08-01-22 at 3:04 pm (local time).
- Image of a Welcome to Mississippi highway sign. Metadata attached to image showed it was taken with this device on 08-02-22 at 12:23 pm (local time).

A review of this device's time line showed the device was activated shortly after 08-01-22 at 5:54 pm (UTC), 12:54 pm local time. This information is consistent with Anderson activating this device shortly after purchasing it at Walmart West on 08-01-22 at 11:27 am.

6. Her review of the autopsy report of P.L.E. (d.o.b. 11-21-56), performed on August 3rd, 2022, by Brown County Forensic Pathologist Dr. Elizabeth Douglas. Said report indicates that P.L.E. was pronounced deceased on August 2, 2022. Dr. Douglas opined that the cause of

STATE OF WISCONSIN - VS - Caleb Scott Anderson

death was multiple sharp force injuries with approximately 51 stab wounds of his face, neck, chest, abdomen and upper extremities. The manner of death was ruled a homicide.

Based on the foregoing, the complainant believes this complaint to be true and correct.
