

This is Stewart Rhodes, founder of Oath Keepers. Army airborne veteran and Yale Law graduate. President Trump, you can save the Republic by doing your duty as Commander in Chief.

Biden is an illegitimate Chicom puppet. He is about to get his hands on the nuclear codes and command of all our armed forces.

You must use the insurrection act and use the power of the Presidency to stop him. And all us veterans will support you and so will the vast majority of military.

If you don't then Biden/Kamala will turn all that power on you, your family, and all of us

You and your family will be imprisoned and killed. Just like the Romanovs in Russia. The czar and his family were promised safety, if he stepped down. He did, and they were all murdered.

You and your children will die in prison.

And us veterans will die in combat on US soil, fighting against traitors who YOU turned over all the powers of the Presidency to.

You must do as Lincoln did. He arrested congressmen, state legislators, and issued an arrest warrant for SCOTUS Chief Justice Taney.

Take command like Washington would.

Be a Churchill, not a Chamberlain (the British Prime Minister who wanted to appease Hitler)

Go down in history as the savior of the Republic, not a man who surrendered it to deadly traitors and enemies, who then enslaved and murdered millions of Americans.

We wrote you two long open letters on the Oath Keepers site. Please read them fkr a solid game plan to save our Republic.
