

On August 17, she wrote this email to appeal:

Hi my name is Rebekah Brown I am writing this letter for the regards of my visiting privileges being suspended for 90 days. They were suspended for 90 days because myself & anthony clemons doc number 755828 kissed without our marks on. We have witnessed other visitors & inmates doing the same thing & assumed it was okay. We have never been given a warning. If either of us knew that our visiting rights would be suspended we would never have done it. I am new to the whole visiting a loved one in prison & I'm begging you to please suspended the 90 days but leave it over our heads or to reduce the days of suspension please. Clemons has done 23 years with doc through his life & has never had any issues with visiting before this. We're asking for another chance he is already following the protocols of 10 day quarantine & still is negative. Thank you for your time & reading this email.

Sincerely

Rebekah brown
