vs

First-Degree Murder F.S.S. 782.04(1)(a)
(2 Counts)

Vickie Lynn Williams
DOB 11-27-1972

Mount Dora Police Department Case Number 22MD32373
Florida Department of Law Enforcement (FDLE) Case #OR-01-0099

AFFIDAVIT OF PROBABLE CAUSE

Comes now, the affiant, Detective Andrew Rice, a sworn law enforcement officer, who personally appeared before a notary public or certified officer, makes this affidavit, which has been electronically submitted to the Court. The affiant swears under oath that he has probable cause to believe that certain laws have been violated in Lake County, Florida and that on or about December 31, 2022, of Murder (Florida State Statute 782.04), Vickie Lynn Williams did commit two counts of First-Degree Murder, FSS 782.04(1)(a).

1. That the events hereinafter set forth occurred at [REDACTED] (Lakeside at Waterman Village Retirement Community), [REDACTED] in Lake County, Florida.
2. On December 31, 2022, at approximately 1603 hours, the Mount Dora Police Department (MDPD) received two 911 calls. The caller requested police and Emergency Medical Services (EMS) respond to [REDACTED] (Lakeside at Waterman Village Retirement Community). The caller stated two people had been killed.
3. MDPD Sergeant William Wade, Corporal James Hughes, and Officers Robert Vachon, Conley Hamm, and Jessica Reed-Herbert were dispatched and responded to [REDACTED]
4. Upon arrival the MDPD Officers observed the garage door open with no car in the garage. Waterman Village Security was on scene with the master keys to the residence. Sergeant Wade observed bloody shoe prints on the concrete garage floor. Sergeant Wade and Officer Reed-Herbert held the front entrance and Corporal

Hughes along with Officers Vachon and Hamm went to the back door. Both front and back doors were opened with the master keys.

5. Sergeant Wade observed two people who were later identified as the residents, [REDACTED] and [REDACTED] apparently deceased inside the home. Sergeant Wade allowed Lake County EMS Paramedic Steve Carrero into the residence to check the [REDACTED] for any signs of life. Paramedic Carrero confirmed the [REDACTED] were deceased and promptly exited the residence. Corporal Hughes and Officer Vachon entered the residence to conduct a quick protective sweep of the residence looking for any other people. Once it was determined there was no one else was in the residence, officers secured the residence with crime scene tape and called MDPD Criminal Investigations Unit and Lake County Sheriff's Office (LCSO) Crime Scene Investigations (CSI) to respond.
6. Sergeant Wade took five photos with his department-issued iPhone, to show responding detectives what he had observed. These were texted to MDPD Detective Hutcheson's department-issued phone while he was responding to the scene.
7. Sergeant Wade directed Officer Nate Warford to review security cameras with Waterman Village Security personnel. Sergeant Wade requested Lake County CSI.
8. Sergeant Wade determined the [REDACTED] vehicle, a green 2019 Kia Soul, bearing Florida Tag KQJ97 was missing from the garage. Mount Dora Police Officers were advised by Waterman Village Security that [REDACTED] were the only residents of the home.
9. Upon Detective Gary Hutcheson's arrival, he was briefed by Sergeant Wade and was shown the photos on his phone. Detective Hutcheson observed an elderly female believed to be [REDACTED] laying in the entry way with a large amount of blood surrounding her and white towels next to her as if someone attempted to render aid or clean up. The female was dressed in a light blue, short sleeve top and blue underwear. The female had head trauma and a large amount of blood from her abdomen which ran out and pooled behind her in the entry way (entryway). The male victim believed to be [REDACTED] had severe head and facial trauma as well as a large butcher-style knife with a yellow handle stuck up to the hilt in his abdomen.
10. A Be On the Look Out (BOLO) was put out for the victim's Kia Soul and Central Florida Intelligence Exchange (CFIX) was contacted to track the car. CFIX determined the vehicle passed by a plate reader at approximately 1630 hours in Greenville, South Carolina on Saturday December 31st, 2022.
11. While investigating the scene, Detective Sergeant Angela Smith determined there was a call to the complex for a suspicious black female on 12/30/22 at 2313 hours from [REDACTED]. This black female asked to use the resident's [REDACTED] shower, and charge her cell phone. The

female asked the resident multiple times about her husband, which alarmed the female, and she hit the panic button near the entryway. The female observed this and asked if they called 911. The resident stated she had called Waterman Village Security, and this caused the female to panic, and fled the apartment taking a set of keys that were located in the foyer of the residence and started out the door. The resident [REDACTED] attempted to block the door and take his keys back. The female wrenched the keys away from [REDACTED] and told him and his wife not to follow her down the hall. This resident contacted the Mount Dora Communications Unit to report the stolen keys. (MDPD Case # 22MD32331).

12. A review of the security cameras at the front gate showed the [REDACTED] 2019 Kia, FL tag KQJJ97, exited the complex at 0203 hours on 12/31/22.
13. On 01/01/23 after receiving a signed search warrant Detective Hutcheson met with the LCSO CSI Gene Cushing and Marisa Ricknauth, Detective Sergeant Angela Smith, and your affiant. Detective Hutcheson read the search warrant which was recorded by affiant. After the reading of the warrant, CSI entered the residence by the back door to process the scene.
14. Mount Dora detectives entered the scene hours later after the initial processing was completed by CSI. CSI Gene Cushing walked detectives through the scene. Locating bodies of both [REDACTED] and [REDACTED]. The bodies were located in the front foyer, adjacent to the G(g)arage door, and continued into the dining room of the residence. There were multiple knives around the kitchen area, and one possibly missing from a butcher block located on the kitchen island. The knives were mismatched and inconsistent with any one set. There was one large butcher knife in view plunged into the stomach of [REDACTED] with only an inch or so of the blade exposed.
15. It was determined there was likely only one attacker in the home at the time of the murders. This was determined by the shoe prints, mixed with the bloody bare footprints. The suspect, at some point in the attack, apparently came out of the unknown style shoes and was barefooted. There were numerous bloody bare footprints visible on the floor. These had a very distinctive arch and CSI believed them to be made by a female based on the size and shape of the foot. The female victim did not have any blood on her bare feet and the male victim had been wearing gray slippers and socks. The body of [REDACTED] had one slipper still on his foot, the other one was off and that foot's sock was partially off.
16. There were several hand towels folded on the dining room table and several of these were on the floor near the head of [REDACTED].
17. There were bloody shoe prints in the garage in the area where the car was missing, consistent with the shoe prints that were inside the residence.

18. CSI observed a broken money clip on the center island of the kitchen. There were several bank cards near the clip but no cash. The cards were issued by CT Payer debit, USAA Visa debit, USAA Visa, and a Discover card to [REDACTED]
19. [REDACTED] wallet was present; however, [REDACTED] purse or phone was not located. Detective Sergeant Angela Smith was in phone contact with the victim's son, [REDACTED] advised that his mother kept her phone and her purse in their Kia Soul with the keys in the ignition.
20. It appears the suspect attempted to clean up in the guest bathroom because there was a wet white and green in color washcloth with blood stains and what appeared to be black, tight, curly hairs. The various hairs recovered in the sink were believed to have been left behind by the unknown suspect, due to the victims' hair color and type being identified as straight, grayish-colored hair.
21. On 01/01/23 at approximately 0200 hours Detective Hutcheson left the crime scene while Detective Sergeant Smith stayed behind with the CSI and Medical Examiner's Office Investigator Wendy Morales. Detective Sergeant Smith left the scene on 01/01/2023 at approximately 0500 hours, and the bodies were removed to the Medical Examiner's office in Leesburg, Lake County, Florida, and the house was secured. There was a continuous uniformed police presence at the residence controlling the scene and access.
22. On 01/01/23 Detective Hutcheson contacted Florida Department of Law Enforcement (FDLE) Special Agent (SA) Craig Beers and requested assistance in the investigation. FDLE agents arrived at Mount Dora Police Department late in the morning.
23. An affidavit was obtained from [REDACTED] (the victim's son) stating that no one had permission to be in possession of the victim's car. The car was entered as stolen in FCIC/NCIC and a BOLO was issued. Mount Dora Police Officer Robert Vachon having seen some of the security video and or stills from the video believed the suspect to be Monisha Neal, DOB 04/20/1990, a local transient from the Eustis area. A BOLO was submitted for her as well.
24. On 01/01/23 Detective Hutcheson arrived at the Medical Examiner Office in Leesburg for the autopsy. At approximately 1100 hours the autopsy by Dr. Norton began observed by Detective Hutcheson and ended at 1245 hours. Detective Hutcheon was informed by Dr. Norton about the victims' injuries sustained. The injuries were multiple and the male victim had defensive wounds. All wounds were caused by an edged weapon. The Medical Examiner's report will detail the injuries and cause of death.
25. At the conclusion of the autopsy Detective Hutcheson was provided with the large yellow-handled knife removed from [REDACTED] wrapped in blue butcher paper. The knife was secured in a box provided by Detective Hutcheson. Detective

Hutcheson also took possession of two body bag(s) seals and the blood-soaked sweatshirt worn by [REDACTED]. These were transported to Mount Dora CID and secured in the access-controlled CID office, inside the CID safe.

26. Detective Hutcheson returned to the MDPD and briefed Mount Dora Command Staff, CID, and FDLE Agents. Investigative assignments were issued.
27. Video footage was obtained from security personnel at Waterman Village after officers from the Mount Dora Police Department responded to two 911 calls for [REDACTED] Florida. FDLE Special Agent (SA) Miguel Rivera, reviewed the surveillance video from 12/30/2022, at approximately 2240 hours, to 12/31/22, at approximately 0214 hours. SA Rivera viewed footage from several cameras throughout the Waterman Village apartment complex and observed the following:
 28. On 12/30/22, after approximately 2240 hours, a female with a dark complexion and short hair with twists throughout, wore a dark colored long-sleeved sweater or shirt with tight dark-colored leggings or pants, and light-colored sandals or slides, walked into [REDACTED] at Waterman Village. The female walked up to the reception desk, looked at a clipboard, picked up a pen on top of it, and held it with both hands. Then, she looked at the clipboard for several seconds, put the pen on top of the clipboard, and walked away. The female was observed on camera walking through a patio area and then into [REDACTED]
 29. On 12/31/22, at approximately 0202 hours, surveillance cameras on building #215 recorded a vehicle identified as a green Kia Soul, FL Tag # KQJJ97, traveling northbound on Lake Margaret Circle within the confines of Waterman Village. The vehicle appeared to have turned around at the dead end and again traveled past the same video cameras, now southbound, at approximately 0202 hours.
 30. On 12/31/22, at approximately 0203 hours, the vehicle, drove northbound on Lake Margaret Circle, approached a stop sign, turned left, and drove past a guardhouse at the front gate of Waterman Village. The vehicle drove west from Lake Margaret Circle and turned right on North Donnelly Street, toward Highway 441.
 31. On 12/31/22, between approximately 0210 hours and 0214 hours, the female described above was recorded on surveillance video walking southbound on N. Donnelly Street from the area of where the green Kia Soul had driven several minutes earlier. She turned east from N. Donnelly Street, past the guardhouse, and north on Lake Margaret Circle in Waterman Village. Two security officers intercepted her, a verbal exchange occurred, and the female turned and walked back past the guardhouse toward N. Donnelly Street and appeared to turn and walk north on N. Donnelly Street. One of the security officers that engaged the female was observed getting into a black car, turning right on N. Donnelly Street, and appearing to drive slowly in the direction of the female.

32. It should be noted that Detective Sergeant Smith remained in phone contact with [REDACTED] the victim's son.
33. Detective Hutcheson prepared photo lineups including the photo of Monisha Neal. These were shown by your affiant to the witness security guards and the residents of [REDACTED]. No one was able to pick out Monisha Neal from the lineups. Mount Dora Police Corporal James Hughes, who was with Officer Vachon on 12/27/22 when they had contact with Monisha Neal, stated Monisha Neal was not the subject in the video.
34. FDLE Agents and MDPD Detectives were receiving active License Plate Reader (LPR) hits through CFIX on the stolen KIA. The plate had recorded in Greenville, SC, and Hardeeville, SC starting at 1630 hours on 12/31/22.
35. Detective Sergeant Smith had put in place an Exigent Ping Order on the cell phone number belonging to Monisha Neal. The phone was pinging consistently in the Eustis, Lake County, Florida area.
36. On 01/01/23, CFIX revealed LPR hits on the KIA vehicle in the area of Savannah, GA, at approximately 1844 hours at #14 Waters Ave southbound/34th St and again at approximately 1936 hours at #07 Hamilton CT and Ott St Savannah, GA.
37. On 01/01/23 MDPD Detective Hutcheson, FDLE SA Beers, and SA William Christensen returned to [REDACTED] and requested LCSO CSI return to the scene. CSI Ricknauth and Jessica Holcomb responded and arrived on the scene.
38. Detective Hutcheson, having obtained the keys to the residence from Waterman Security, opened the door. Detective Hutcheson took photos of [REDACTED] bank cards for future investigative subpoenas. Also, while inside the residence law enforcement noticed in the area of the front foyer there was a glass display case that appeared out of place and appeared to have been knocked over at some point during the scuffle. Underneath the out-of-place glass display case, law enforcement observed bloody shoe impressions which appeared similar to the bloody shoe impressions previously observed and photographed throughout the front foyer and inside of the garage where the vehicle had been parked. LCSO CSI took additional photographs and lifted additional latent prints from the glass display case.
39. In addition, based on specific items being collected from the crime scene, located at [REDACTED] Florida, to include but not limited to unknown person's hair, unknown person's bloody footprints, various items with suspected blood evidence on it, various latent prints from the scene, etc.

40. Detective Sergeant Smith called Detective Hutcheson and stated [REDACTED] confirmed his mother, [REDACTED] kept her purse, cell phone, and vehicle keys in the KIA. Detective Sergeant Smith was provided with the phone number of [REDACTED] (cell phone# [REDACTED] and put in place an Exigent Ping Order on her cell phone. The phone revealed ping locations in the area of Savannah, GA.
41. FDLE Special Agent (SA) Jen Spears contacted multiple police agencies in the Savannah, GA area to actively look for the stolen KIA. It was determined the City of Savannah had their own department for LPRs. On 01/02/2023 at approximately 1040 hours, SA Spears reached out to Savannah Police Officer Kevin Jarriel, and shared the updated cell phone location information with him. At approximately 1133 hours, Officer Jarriel contacted SA Spears and advised that his unit had been able to locate the KIA Soul and arrest the sole occupant of the vehicle, later identified as Vickie Williams, DOB 11/27/1972. The KIA Soul was parked in an Amtrak parking lot in Savannah, Georgia. Vickie Williams was taken into custody without incident for having possession of the stolen Kia. Officer Jarriel advised they would transport Vickie Williams to their office until FDLE Agents and Mount Dora Detectives could arrive and attempt to interview Vickie Williams. It should be noted that law enforcement located the Kia vehicle by using cell phone data/pings from the victim's cell phone [REDACTED] and data from license plate readers to locate the Kia vehicle.
42. Due to this information, law enforcement collected samples of hair, major case prints of hands, inked prints of the soles of Williams' feet, foot impressions to include dental casts of the feet, buccal swabs, swabs of hands, swabs of nails, swabs of feet, swabs of toenails, photographs of Vickie Lynn Williams person to include underneath clothing, and measurements of Vickie Lynn Williams' feet for future comparison and lab comparisons.
43. FDLE SA Spears contacted Savannah Police Department (SPD) Crime Scene Investigator (CSI) Kelly Peak, who was on the scene where Vickie Williams was arrested. CSI Peak agreed to seal the vehicle, process the outside of the vehicle, and have it towed to their garage at the Savannah Police Department until FDLE Agents could have it towed back to Florida for interior processing, subsequent to a search warrant. While speaking with CSI Peak, she advised SA Spears that she saw, in plain view, what appeared to be a Georgia Tech ladies' purse in the vehicle and a coffee-type cup that appeared to have some type of reddish-brown stain on it, possibly blood. CSI Peak also saw a similar color stain on the outside of the vehicle as a single strand of suspected hair stuck to the vehicle. CSI Peak was going to collect the suspected hair and swab the stain as well as process the outside of the vehicle. CSI Peak stated that she would also collect the front bumper of the vehicle which was located nearby and search the surrounding areas for any discarded items that could be potential evidence. Inside the KIA, CSI Peak also observed, in plain view, a pair of white Puma slides similar to those observed on the unknown black female walking around the complex security videos from Waterman Village, during the time of the homicide.

44. On 01/02/22 additional FDLE Agents arrived to obtain all the relevant video footage from Waterman Village Security.
45. MDPD Detective Sergeant Smith, Detective Hutcheson, and Special Agents Beers, and Rivera traveled to Savannah to interview Vickie Williams and bring the victim's vehicle back to Florida.
46. On 01/03/2023, MDPD Detectives and FDLE Agents arrived at the Savannah Police Department located at 78 Ross Road, in Savannah, GA. Between 2400 hours and 0001 hours, detectives met with Sergeant Kevin Jarriel with Savannah Police Department.
47. Sergeant Kevin Jarriel advised that Vickie Williams was in custody and inside the interview room at the facility. She was under constant video surveillance during her time at the Police Department. Upon entering the interview room, FDLE Agent Craig Beers and Sergeant Angela Smith of the Mount Dora Police Department asked Vickie Williams for her full name.
48. Vickie Williams told FDLE SA Beers that her name was "Victoreyah Coffee," with the DOB 11/27/1972. Prior to the interview, Detective Hutcheson reviewed a biographical on Vickie Williams provided by FDLE. In her biographical information, she has several aliases including Victoria Lynn Williams, Vickie Lynn Williams. She has relatives including an uncle and the father of her children with the sir name (surname) of Coffee.
49. Detective Sergeant Smith and SA Beers sat down with Vickie Lynn Williams and began asking for her biographical information in reference to her current residence, where she replied that she was currently homeless and living out of a car. She was very curious as to why Florida Law Enforcement officers were in Georgia. SA Beers stated Florida Law Enforcement was following up on the stolen vehicle that she was located in.
50. At this point of the interview, Detective Sergeant Smith read Vickie Lynn Williams her Statement of Constitutional Rights from a preprinted MDPD form. After each right was read, she was asked if she understood her rights, and acknowledged she did. Vickie Lynn Williams stopped Sergeant Angela Smith and wanted to further understand whether she could stop at any point, or be required to answer any questions. Detective Sergeant Smith explained that she was able to stop the interview at any point. After which, she was provided an ink pen and checked the box willingly waving her rights, signing her name as "Victoreyah Coffee" and dated the form which was witnessed by Detective Sergeant Smith.
51. Vickie Lynn Williams demanded that a local "Georgia" detective be a part of the interview stating she wanted everything straight between Georgia and Florida.

Detectives. SA Beers attempted to question her and she again demanded a Georgia Detective be in the room. SA Beers left the room and was replaced by Sergeant Kevin Jarriel of the Savannah Police Department.

52. Vickie Lynn Williams was asked about the car she was found in by Savannah Police at the Amtrak Station. She stated she was given the car by a friend "Fuller Blue." She stated she was currently homeless.
53. Vickie Lynn Williams explained that on 12/29/2022 and 12/30/2022, she was wandering around (on foot) in Savannah, GA. Her details for those two days were a little hazy but she continued with more details on the following two days. Vickie Lynn Williams said on 12/31/2022, she was also in Savannah, GA all day. She provided law enforcement with locations she went to in the Savannah area on 12/31/2022. Vickie Lynn Williams said on 1/1/2023 she was walking in the area of the intersection of Skidaway Rd and Victory Dr in Savannah. While in that area, she was approached by a black male whom she identified as Fuller Blue as he drove by her. She told Fuller Blue she was currently homeless and he offered to give her a car to sleep in for a few days. He later provided her with the 2019 Kia Soul (the vehicle Savannah Police located her inside of). Vickie Lynn Williams stated she drove around in the Kia for a bit and then parked the Kia at the train station, where she remained for several days.
54. When asked if she had taken care of her bodily functions outside the car based on the fecal material toilet paper and urine outside the car. She stated that she had been relieving herself outside the car.
55. Vickie Lynn Williams later said the two purses inside the car belonged to her. She also stated she had a phone in the car then changed her story to say her phone was stolen on either 12/29/2022 or 12/30/2022, in Savannah, GA.
56. Vickie Lynn Williams stated it has been approximately two years since she had been to Florida. She also said she has not been in South Carolina recently.
57. Investigators began showing Vickie Lynn Williams photos including her image and the DAVID (driver's license) photos of [REDACTED] and [REDACTED].
58. Vickie Lynn Williams stated she did not recognize the photos of the victims she would later say the male looked familiar but she did not know him.
59. Vickie Lynn Williams was shown images taken from the security cameras at Waterman Village, which revealed a black female wearing dark colored clothing and white in color slides. She stated the shoes/slides looked like hers but lots of people have those shoes. Vickie Lynn Williams repeatedly stated the photos from Waterman Village were not of her.

60. Vickie Lynn Williams was arrested for an active Florida warrant with the charges of grand theft auto, which had no bond. She was later transported to Chatham County Jail in Savannah, GA.

61. It should be noted that prior to Vickie Lynn Williams being transported to jail, Savannah Police CSI photographed and collected clothing, jewelry, and swabs from her due to the exigence of losing crucial evidence. Florida law enforcement collected the suspected items of evidence for future analysis by Florida crime labs. The items collected from Savannah PD CSI were:

- Two (2) cotton swabs of potential DNA from right hand index finger rings
- Four (4) gold in color rings
- Two (2) gold in color earrings
- Two (2) gold in color necklaces
- One (1) pair red Revlon brand tweezers
- Two (2) \$1 coins removed from right side of bra
- Two (2) nail scrapings from under the right and left hands nails
- Four (4) swabs from under the right and left hands nails
- Twelve (12) swabs of potential DNA from hands and left of Vickie Williams
- One (1) orange banded watch
- One (1) pink wig
- One (1) hair tie
- One (1) pair pink "Puma" brand slides
- One (1) pair black "Spanx" brand leggings
- One (1) pair black mesh underwear with unknown pink fibers
- One (1) teal crop top
- One (1) black bra, size 34B
- One (1) teal in color cardigan
- One (1) large brown piece of butcher paper utilized during suspect documentation

62. On 01/03/2023, at approximately 1038 hours, FDLE SA Spears contacted the Canton Police Department in Canton, Ohio in an attempt to positively identify Vickie Lynn Williams. SA Spears spoke with Sergeant Bryan McWilliams in the Detective Bureau. SA Spears updated Sergeant McWilliams on the current investigation and then requested assistance from Sergeant McWilliams. SA Spears requested for Sergeant McWilliams to contact Favor Williams at her listed address of 1722 Regent Avenue Northeast, Apartment A, Canton, Ohio, and to conduct an interview and attempt to verify the identify the individual in custody as Vickie Lynn Williams. Favor Williams was previously identified as possibly being Vickie Lynn Williams' mother.

63. Sergeant McWilliams contacted Favor Williams and Frederick White at the above-listed address and conducted a sworn, recorded statement. Sergeant McWilliams showed two photographs to Favor Williams and Frederick White. One photograph

depicted the unknown black female in the lobby of the Lakeside at Waterman Village and the second photograph depicted the same unknown black female walking through the parking lot of the Lakeside at Waterman Village. Sergeant McWilliams advised SA Spears that both Favor Williams and Frederick White immediately advised Sergeant McWilliams that the unknown black female in the photographs was Vickie Lynn Williams. Favor Williams advised that Vicki Lynn Williams was her daughter, and her given name at birth was Vickie Lynn Williams, with DOB 11/27/1972. Frederick White advised that Vickie Lynn Williams is his mother.

64. Sergeant McWilliams showed two photographs to Favor Williams and Frederick White. Both photographs depicted an unknown black female in the backseat of a Savannah Police Department marked patrol vehicle. These photographs were taken on 01/02/2023 and sent to SA Spears after an arrest. The female in the marked patrol vehicle's backseat was arrested for possessing the stolen Kia Soul that belonged to [REDACTED] and [REDACTED]. Sergeant McWilliams advised SA Spears that Favor Williams and Frederick White immediately advised Sergeant McWilliams that the unknown black female in the photographs was Vickie Lynn Williams.
65. Sergeant McWilliams showed three photographs to Favor Williams and Frederick White. All three photographs depicted the same unknown black female from the above arrest once she was transported back to the Savannah Police Department and her wig was removed. Sergeant McWilliams advised SA Spears that Frederick White immediately advised Sergeant McWilliams that the unknown black female in the photographs was Vickie Lynn Williams.
66. Sergeant McWilliams sent SA Spears the booking photograph from their booking system from the arrest in their jurisdiction on 02/18/2022. Sergeant McWilliams pointed out that the same moles on the left side of Vickie Lynn Williams's face and neck areas that were visible in their booking photograph were also visible in the photographs from when Vickie Lynn Williams was arrested in Savannah, Georgia on 01/02/2023.
67. It should be noted that the green Kia vehicle, bearing Florida license plate number KQJJ97, is currently being held and secured at the Savannah Police Department. Florida law enforcement would like to seize and transport the vehicle to the Florida Department of Law Enforcement office, located at 921 N. Davis St E, Jacksonville, FL to later obtain a Florida search warrant and execute said warrant on the vehicle. (The green Kia vehicle, bearing Florida license plate number KQJJ97, was held and secured at the Savannah Police Department pending transport to Florida.)
68. On 01/06/2023, at approximately 0937, SA Hess received a preliminary latent fringer print report from the LCSO. The report identified latent palm impression recovered from the dryer located within the [REDACTED] home was compared to Vickie Lynn Williams most recent arrest finger impressions. The comparison (positively) identified Vickie Lynn Williams as being inside the [REDACTED] home.

Your Affiant believes that probable cause exists for the arrest of Vickie Lynn Williams for two counts of First-Degree Murder pursuant to Florida State Statute 782.04(1)(a).
