RE: Freedom of Information Act Request: Records Related to Portions of Executive Orders 13990 and 14008

Dear Ms. Smith:

Under the Freedom of Information Act, 5 U.S.C. § 552 (“FOIA”), as amended, the Southern Environmental Law Center (“SELC”) requests the following documents from the Tennessee Valley Authority (“TVA”), in electronic format where possible:¹

1. All records related to TVA’s understanding of, and actions in response to, Section 205(b)(i) of Executive Order 14008.² Such records include, but are not limited to, records addressing the applicability of Executive Order 14008 Section 205(b)(i) to TVA activities.
2. All records related to TVA’s understanding of, and actions in response to, Section 5 of Executive Order 13990.³ Such records include, but are not limited to, records addressing the applicability of the Section to TVA’s activities.
3. All records related to TVA’s May 21, 2021, notification to Vojin Janjić at the Tennessee Department of Environment and Conservation that Executive Order 14008 “raises significant new questions for TVA about the availability of natural gas as a potential replacement for coal power generation at CUF.”⁴

For the purposes of this request, the term “records” includes all written, printed, recorded or electronic: documents, materials, communications, correspondence, memoranda, notations,

¹ Upon request, SELC will provide a file-sharing link for easy transfer of the requested documents.

² <https://www.federalregister.gov/documents/2021/02/01/2021-02177/tackling-the-climate-crisis-at-home-and-abroad>.

³ <https://www.federalregister.gov/documents/2021/01/25/2021-01765/protecting-public-health-and-the-environment-and-restoring-science-to-tackle-the-climate-crisis>.

⁴ Letter from Paul Pearman, TVA, to Vojin Janjić, TDEC, May 21, 2021, available at https://dataviewers.tdec.tn.gov/pls/enf_reports/f?p=9034:34051:::34051:P34051_PERMIT_NU_MBER:TN0005789.

copies, diagrams, charts, maps, photographs, tables, spreadsheets, formulas, directives, observations, impressions, contracts, letters, messages, and mail in TVA's possession or control.

FOIA requires a responding agency to make a "determination" on any request within twenty (20) working days of receipt. *See* 5 U.S.C. § 552(a)(6)(A)(i). FOIA also requires the release of all reasonably segregable portions of a document that are themselves not exempt. 5 U.S.C. § 552(b). TVA "shall withhold information under this section only if the agency reasonably foresees that disclosure would harm an interest protected by" a statutory exemption. 5 U.S.C. § 552(a)(8)(A)(i). Should TVA deny this request, TVA must inform SELC of the grounds for denial and the specific administrative appeal rights which are available. *See* 5 U.S.C. § 552(a)(6)(A)(i).

To the extent any responsive materials are not already in electronic format, SELC is requesting photocopies without charge, or at a reduced charge, because reduction or waiver of fees would be in the public interest. A disclosure is in the public interest if: (1) it is likely to contribute significantly to public understanding of the operations or activities of the government, and (2) it is not primarily in the commercial interest of the requester. The public interest standard of the fee waiver provision of the FOIA should be "liberally construed" in favor of waivers. *McClellan Ecological Seepage Situation v. Carlucci*, 835 F.2d 1282, 1284 (9th Cir. 1987); *Pederson v. Resolution Trust Corp.*, 847 F. Supp. 851, 855 (D. Colo. 1994); *Etlinger v. FBI*, 596 F. Supp. 867, 872 (D. Mass. 1984). The goal of the statute is to avoid the "roadblocks and technicalities which have been used by various Federal agencies to deny waivers . . ." *Pederson*, 847 F. Supp. at 855.

SELC is a 501(c)(3) non-profit organization with over 30 years of experience disseminating public information about regulated industries' activities, such as TVA's regulatory issues and operations.⁵ *See* 5 U.S.C. § 552 (a)(4)(A)(iii). SELC maintains a website that includes both general and topic-specific information regarding the matters with which SELC is involved, including information on climate change and federal energy policy.⁶ Lawyers at SELC are interviewed by the media to explain their work and its significance.⁷ SELC's website contains documents generated by SELC for the specific purpose of educating the public on particular issues. SELC staff members speak at conferences on particular topics, and SELC assists the public in locating information relating to a particular topic by collecting and posting relevant information, documents, and links to other websites.

⁶ *See, e.g.*, <https://www.southernenvironment.org/our-focus/climate-change/>; <https://www.southernenvironment.org/news/biden-admin-takes-bold-action-on-climate-change-and-environmental-justice/>, <https://www.southernenvironment.org/news/epa-should-adopt-strongest-possible-clean-cars-standards/>.

⁷ *See, e.g.*, <https://thecurrentga.org/2021/09/16/now-on-hold-georgias-progressive-program-for-rooftop-solar-comes-with-a-catch/>.

A fee waiver will clearly benefit the general public through increased notice and understanding of the operations of TVA and of potential or proposed major investments in new generation facilities. SELC further certifies that disclosure of the information sought is not in our commercial interest. Should SELC's request for reduced or waived fees be denied, SELC is prepared to bear the reasonable duplication and search costs necessary to fulfill this request. However, I request you contact me before processing this request if the fee is expected to be in excess of \$100.00. SELC reserves its right to appeal a fee waiver or reduction denial.

If you have any questions regarding this request, please feel free to contact me at (615) 921-9470 or dmetzger@selctn.org. I appreciate your prompt attention to this matter and look forward to receiving the public records requested.

Sincerely,

Daniel J. Metzger
Associate Attorney
Southern Environmental Law Center
