

My Dearest Richard

May 16, 2001

Hi honey how's life? I'd thought I would write to get some things off my chest. First, I love you and I miss you so much. I want you to know that I'll never forget you. I wish I could go back and change the events of "that" night. I should have gone to the "L" with you. Drew was so mean that night. I just snapped, I didn't mean to kill them, it must have been the acid. When you said that you would try and take the blame, I knew then that you loved me deeply. At first I thought you would tell but you stuck to your promise. As time goes on I hope and pray that you beat this. Is your lawyer working hard for you? Thank-you my sweet baby bear, you are truly a wonderful person. It's hard to believe that a person can endure so much like we have. Well my love, please keep me close to your heart. I'm going to lay down, my head is hurting. I hope you like the poem's I've written for you.

Love Always,
your Lady Bear

P.S. destroy this
