Hi Erin,

Please see the below comment on this matter. You can attribute to me, Corinne Day—Spokesperson for Senator Johnson.

"Like millions of other small businesses that were shut down due to the pandemic, Maxair applied for and obtained a PPP loan in April 2020. An investment company controlled by Senator Johnson's children obtained a non-controlling interest in Maxair in September 2020 after the PPP loan was obtained. Senator Johnson had no knowledge of the PPP loan and has no financial interest in either Maxair or his children's investment company."

Best,
Corinne Day
Deputy Communications Director and Spokesperson
