### Academic Integrity

Academic dishonesty is the intentional misrepresentation of all or part of one's work to deceive for personal gain, or assisting another to do the same. Academic dishonesty includes, but is not limited to, cheating, plagiarism, fabrication, and submission of work all or any part of which was developed in response to the assignment of another professor or was created by a person other than the student submitting the assignment. The University community views academic dishonesty as a serious academic offense and a failure of character and personal integrity. Due to the academic nature of the offense, Faculty, Academic Deans, and Provost are responsible for determining an appropriate response within the following guidelines:

1. The faculty member is responsible for determining that a student has committed academic dishonesty and for communicating in writing with supporting documentation any such incidents with the Dean of his or her school. The Dean will notify the Office of Student Accountability who will record the offense in the student's file. On first offense, the student **must** receive a zero grade for the assignment, and **may**, at the discretion of the faculty member or the policy of any of the Schools of the University, receive a failing grade for the particular course.
2. Upon any further offense during the student's academic career at Palm Beach Atlantic University, the student **will** be placed on Academic Suspension and **may** be expelled. Decisions on expulsions will be made in consultation with the Dean and Office of Student Accountability, in accordance with the particular school's policy.
3. Students who wish to may appeal the decision regarding Academic Dishonesty may file an academic complaint and the matter will be treated within the established Grievance Policy.

All essays must be original, specifically written for this class only. Students who turn in an essay that has been previously submitted for another class or that is a revised version of an essay previously submitted for another class will automatically fail the course.

A Note on Tardiness and Absences:

Students are expected to come to class on time. Tardiness is disruptive, distracting, even rude. Students who are consistently late will be asked to withdraw from the class.

### Americans with Disabilities Act

Palm Beach Atlantic University complies with the ADA as well as Section 504 of the Rehabilitation Act, by affording reasonable accommodations to qualified students with disabilities. Students requiring accommodations must first register with the Office for Disabilities Services, usually within the first two weeks of classes. Students with disabilities, who intend to use their approved accommodations, are responsible for immediately providing each of his or her class professors with a copy of the accommodation plan. Disability accommodations are not retroactive. Students who have questions about their entitlements to benefits or have grievances under these statutes should contact the Disabilities Services provider in the Student Success Center, 2<sup>nd</sup> floor of the Lassiter Student Center, either through [academic\\_support@pba.edu](mailto:academic_support@pba.edu) or 561-803-2063.

### Student E-Mail Policy Summary.

In order to keep the PBA community interconnected and improve the channels of communication between faculty, administrators and students, it has been determined that all University email communication be done via PBA issued email addresses. A PBA e-mail address is assigned to all faculty, staff and students. Accounts remain active while enrolled in the University and for Alumni as long as they are regularly utilized. Alumni accounts not utilized in 12 months (one year) will be purged.

E-mail is read from on campus computers using Microsoft Outlook. The account is accessed with the same credentials used for logging onto the network. Users may also access their e-mail via the Internet. This can be done by going to the myPBA homepage and clicking on the e-mail login link located on the left side under "Quick Links". Users will then be asked for their username and password.

All users are encouraged to regularly purge and/or archive their inbox as part of normal operating procedure. **Student email items that have not been accessed in over 1 year will be automatically purged.** Periodic purging and/or archiving will avoid triggering these actions. Users should adjust the frequency and structure of purging/archiving activities to ensure that size limits are not exceeded. The Help Desk can assist in development of a purge/archive timeline and process.

PBA E-mail should not be automatically forwarded to non-PBA E-mail destinations. PBA E-mail users who redirect large quantities of E-mails from their PBA E-mail address to another electronic address (i.e. via eCollege, AOL, Hotmail) expose themselves and the University to significant security and network traffic risks.

For more details concerning PBA computer usage and email policies visit:

#### COVID-19 Absences:

If a student tests positive for COVID-19, they need to submit a note from a healthcare provider to the Office for Academic and Accessibility Resources. The note should be on the letterhead of the primary healthcare provider or medical office and should include the COVID-19 positive diagnosis and the length of time the student cannot attend in-person instruction. A student must submit their paperwork via the "Absence Due to Illness Request" form. To access this form, go to [pba.pharos360.com](http://pba.pharos360.com). You will log in using your PBA single sign on credentials. Then, click the "Ask for Help" button, and choose the "Absence Due to Illness Request" form from the dropdown menu. Be sure to provide all the required information, including a copy of your doctor's note. Please note that submitting this form does not guarantee that your absences will be excused. All absence requests are pending the submission of all required information, including a primary care provider's note. OAAR will communicate the length of absence to professors. It is at the discretion of the professor how the student will make up the missed class content, whether through the use of a video platform (such as Zoom) or through additional assignments. The student should communicate with their professors directly about assignments and classroom content. Every student has access to [Sailfish Health](#) to receive telehealth care, free of charge.
