This Mississippi Today/Siena College Poll was conducted March 6 - 8, 2023, among 764 Mississippi registered voters with 490 voters contacted through a dual frame (landline and cell phone) mode and 274 responses drawn from a proprietary online panel (Lucid) of Mississippians. Telephone calls were conducted in English and respondent sampling was initiated by asking for the youngest person in the household. Telephone sampling was conducted via a stratified dual frame sample of landline and cell phone drawn from the L-2 database of registered voters within Mississipp weighted to reflect known population patterns. Data from collection modes (phone and web) was statistically adjusted by age, region, race/ethnicity, education, and gender to ensure representativeness. It has an overall margin of error of +/- 4.6 percentage points including the design effects resulting from weighting.

The Siena College Research Institute, directed by Donald Levy, Ph.D., conducts political, economic, social, and cultural research primarily in NYS. SCRI, an independent, non-partisan research institute, subscribes to the American Association of Public Opinion Research Code of Professional Ethics and Practices.

For more information, call Don Levy at (518) 783-2901. For survey crosstabs: www.Siena.edu/SCRI/.
