Subject: RE: Lunch

These are my changes. You can take or leave them. I think the info you had was appropriate. I just refined it a bit.

As an update, the driver, [NAME], is an agent with the U.S. Drug Enforcement Administration (confirm "agent" is the correct job title/description) and was on duty at the time of the collision. No Salem police employees were present at the time of the crash however, our two agencies have a long-established partnership through a task force. Due to that, we have requested that the Keizer Police Department lead the investigation. As this is an on-going matter, no further details are being released at this time. Any further information will be released by the Keizer Police Department.

[REDACTED]

[REDACTED] I'm further going to get VAD involved as I don't want this getting too complicated for deceased's family. [REDACTED]

Call me with questions.

Thanks!

P.

Sorry I cannot make it to lunch!

Here is the proposed draft:

Update, 03/31/23

As an update, the driver, [NAME], is an agent with the U.S. Drug Enforcement Administration (confirm "agent" is the correct job title/description) and was on duty at the time of the collision. No Salem police employees were present at the time of the crash; however, our two agencies have an established partnership through a task force arrangement, so we have asked for assistance with the ongoing collision investigation from the Keizer Police Department. No further details are being released, as the investigation in the circumstances and cause of the crash remains active.
