RE: 2023-HQFO-01164

Dear FOIA Officer,

I write to supplement the record in support of my request for expedited processing for my FOIA Request 2023-HQFO-01164 (“Request”).

Appendix B contains a number of news reports and articles reporting on Department of Homeland Security (“DHS”) denials of entry to the United States based on admissions of drug use or other similar conduct. Many of these articles question whether DHS is consistently and fairly discharging the law in this area.¹

Appendix C contains a number of articles that specifically cover the issue of HRH the Duke of Sussex KCVO’s drug use and its interaction with HRH ability to lawfully enter and remain in the United States. Many of these articles question the role of the DHS in this process and thus raise “possible questions about the government’s integrity that affect public confidence” in that they suggest there was some impropriety in HRH’s admission to the United States. 28 C.F.R. § 16.5(e)(1)(4). Many of these articles specifically comment on the Request and the “possible questions about the government’s integrity that affect public confidence” it surfaces via asking questions about HRH’s long and admitted history of drug use and admission to the United States. They thus clearly demonstrate on-going and intense public interest in “possible questions about the government’s integrity that affect public confidence” surfaced by the Request.²

Appendix D is an Amazon Kindle redemption code to allow DHS to obtain a copy of HRH’s book *Spare* and formally enter that entire book into the record. Please accept your prepaid eBook using the link below:
