Laurie Leigh Shaver
W/F (10/30/1982)

Lake County Sheriff's Office: 180025431

AFFIDAVIT OF PROBABLE CAUSE

Comes now, the affiant, Sergeant Tamara Dale, a sworn law enforcement officer, who personally appeared before a notary public or certified officer, makes this affidavit, which has been electronically submitted to the Court. The affiant swears under oath that she has probable cause to believe that certain laws have been violated in Lake County, Florida and that on or about **November 7 – 10, 2015**, Laurie Leigh Shaver did commit **Homicide 2nd Degree (Domestic) FSS 782.04(2)** and **Accessory After the Fact to Homicide 2nd Degree FSS 777.03(1)c**

1. That the events hereinafter set forth occurred at 9850 Sandy Pines Road Clermont, Florida in Lake County. This property was owned exclusively by Victim Michael Douglas Shaver (1/14/82) and Defendant Laurie Leigh Shaver (10/30/82), husband and wife. The events occurred between November 7 – 10, 2015, during which time the only adults that lived in the home were Michael and Laurie Shaver and that during this time frame Laurie Shaver also worked from home.
2. Deputies responded to the Shaver home for a well-being check on Victim Michael Shaver on February 16, 2018 at the request of a friend, Scott Amatuccio, who reported no one had seen Michael Shaver since the end of 2015. Mr. Amatuccio felt the totality of the circumstances surrounding Michael Shaver's disappearance were suspicious and that his wife, Defendant Laurie Shaver wasn't being truthful about his whereabouts. Laurie vaguely claimed Michael left in a black SUV, yet Scott knew his possessions to still be at the home afterwards. Scott found the text messages to Michael's boss "quitting" his job and giving away his tools to be unlike him. Scott believed Laurie was pretending to be Michael on his Facebook. Scott also thought the concrete slab / fire pit that appeared on the property after Michael's disappearance along with Laurie quickly remarrying was suspicious. Scott consulted with Michael's family, who also agreed he would never leave his kids to start a new family (as

Laurie claimed he had), and the decision was made for Scott to contact authorities and report Michael missing. While investigating the well-being check, Defendant Laurie Shaver told Deputies Michael left the family and was in Georgia. She said the last time Michael was at their house was when he picked up his belongings after his arrest for domestic violence in September, 2014 and the last time she saw him was during a DCF custody trial in 2015. Laurie was cooperative and allowed Deputies to search the property until they asked about the concrete slab / fire pit and if they could have a cadaver dog conduct a sniff of the slab. Laurie then told Deputies to leave her property. Detectives subsequently learned Michael had no current cell phone and his Florida driver license, US Passport and FAA pilot's medical certificate had expired. He had no driver license in any other state, his vehicle had been repossessed in February 2016 and court paperwork for a civil lawsuit for nonpayment of a credit card had gone unserved on him because he was unable to be located. Every acquaintance of Michael who was contacted advised they hadn't seen him since the end of 2015. Michael Shaver was entered into NCIC as a missing person and the investigation into his disappearance began.

3. During the missing person investigation, Travis Filmer, Laurie Shaver's boyfriend who she began dating in approximately January – April, 2016, told Deputies Laurie made the statement about Michael Shaver that, "It's not that he's missing, he's no longer walking this Earth." Laurie also told him (regarding Michael) that something bad had happened and there was a body on the property.
4. On March 9, 2018 Deputies served a search warrant for cadaver dog and ground penetrating radar at 9850 Sandy Pines Road, Clermont (the Shaver property). During the search, the skeletal remains of Michael Shaver were unearthed from 3 feet beneath the concrete slab / fire pit. Michael Shaver was clothed in socks, shorts and underwear. Also removed from around his body was a tarp, a set of ratchet straps and the remains of a fitted sheet. The tags indicate the sheet was Queen size and purchased at Kohl's, a department store frequented by Laurie Shaver, as proven by her bank records. The remains were confirmed to be those of Michael Shaver by DNA. Michael Shaver's cause and manner of death is homicide by gunshot wound to the back of the head, with a posterior to anterior trajectory (back to front). A single .38 caliber class projectile was recovered from Mr. Shaver's skull. Time of death was determined to be several months to several years prior to discovery.
5. During a second search warrant served on the Shaver home, Bluestar, which yields a presumptive detection of bloodstains hidden from the naked eye, indicated a positive reaction in the track of the sliding glass door leading from the dining area to the porch. The substance ran in a drip like pattern down the outside of the trailer between the home and the porch. This substance along with apparent hairs found in the same area, failed to demonstrate a sufficient amount of DNA for STR DNA analysis. Swabs from the interior lower door track of the

sliding door demonstrated the presence of a mixture of DNA consistent with three donors including Laurie Shaver and two unrelated individuals, at least one of which is a male contributor. Michael Shaver could not be included or excluded as a contributor.

6. It is believed Michael Shaver was killed between November 7, 2015 (the last day he was seen) and November 10, 2015 (the first day he did not show up to work). Investigation revealed Michael Shaver's cell phone was last used to make an outgoing call on November 7, 2015 at 5:48 PM. Michael was also last seen, in public, with Laurie Shaver and their two children on November 7, 2015 by co-worker Frank Merritt. Frank Merritt attended a tractor show with his wife and the Shaver's and stated Michael and Laurie did not appear to be getting along and left the event early to go home. Mr. Merritt texted Michael the next day (November 8) and got no response. Mr. Merritt texted Michael on November 9 and received a response that he was quitting work to save his marriage. Michael did not report to work or call in on his next scheduled work day; November 10, and was never seen again. Michael's boss, John Borglum advised Michael was a reliable employee, in line to become a foreman, and never missed work without calling in. On November 11 Laurie sent a private message via a work server to Alicia Ray (her sister) stating, "Mike left yesterday. Packed his stuff and went to the airport." On approximately November 12, John Borglum texted Michael and received the response, "I'm having issues at home, in GA right now. Just fire me or I'll quit. I will not be returning anytime soon." Frank Merritt went to the Shaver home on November 13 to check on him. Laurie told him Michael left and went to Georgia after they got into a fight about another woman's number being in his phone. Frank asked Laurie how Michael had gotten to Georgia since his vehicle was at the Shaver home. Laurie then claimed a friend, Robert Mercado had picked Michael up and driven him to Georgia. Robert Mercado, when interviewed, denied ever driving Michael to Georgia. On Monday, November 16 Laurie sent a private message via a work server to Alicia Ray talking about her weekend (which would have been November 14 – 15) and told Alicia that she did, "Tons of yard work." and "Cleaned up outside."
7. Beginning on November 9, 2015, friends and family of Michael Shaver, to include Robert Mercado, Frank Merritt and his boss John Borglum, received texts and Facebook messages from Michael. These texts and messages were "unlike" Michael in tone. For example, telling his boss to go ahead and fire him because he wouldn't be coming back to work. Telling his boss and Frank Merritt to keep his personal tools, he wouldn't be picking them up from work. Telling Robert Mercado to, "Leave me alone, don't bother me" when Robert was planning on spending Thanksgiving with the Shaver's. In January, 2016 Christine Quarte (Michael's sister) received a Facebook message reply after reaching out to Michael that read, in part, "Everyone just needs to leave me alone just like they did my entire life." In September, 2016 Desiree Snyder (Michael's niece) sent a Facebook message to Michael and received the reply,

“Who are you?” Then, “I don’t have a family anymore, I have no clue who you are now stop messaging me.” Michael’s family points out that Laurie would not have recognized Desiree’s maiden name, however Michael obviously would.

8. After November 9, 2015, Michael Shaver’s debit card is never used again for any in person / in store purchases. On November 19 and again on November 23, 2015, two separate online purchases are made at wish.com using his debit card. It is confirmed through wish.com receipts that these purchases consisted of female lingerie and clothing items and were both shipped to “Laurie Shaver” at the Shaver residence: “9850 Sandy Pines Rd. Clermont, Florida 34711 United States” with a confirmation email address of [REDACTED]. On November 30, 2015 a check for \$2,539.00 was mailed from Mariner Finance in Leesburg, Florida to Michael Shaver at his home address. On December 11, 2015 the back of the check was endorsed with an unreadable signature, Michael Shaver’s social security number and cell phone number, accepting the terms of the loan. On December 14, 2015 the check was deposited into Michael Shaver’s Chase checking account via an ATM in Clermont. Between December 14 and December 30, 2015, multiple ATM cash withdrawals were made from the account, along with online purchases and one payment to Sumter Electric Power Company (the power company used at the Shaver home). On December 15, 2015 an online purchase was made at walmart.com from this account for \$424.54. The receipt for this order shows it was for children’s items and was shipped to “Laurie Shaver” at “9850 Sandy Pines Rd. Clermont, FL 34711”. The withdrawals and purchases totaled over \$2,000 and caused Michael Shaver’s checking account to be overdrawn by December 30, 2015. After a few more purchases and fees, the checking account remained overdrawn and was never used again. Prior to November 9, Michael Shaver used his checking account almost exclusively by making debit purchases in person at stores. Afterwards, the purchases were online and ATM. All in Clermont or shipped to the Shaver residence – not Georgia where Laurie said Michael was located. According to Mariner Finance, no payments were ever made on the loan and they never spoke to or saw Michael Shaver. All attempts by Mariner Finance to contact Michael Shaver to collect on the loan for the next three years met with negative results. Investigation has revealed no indication that any adult other than Laurie Shaver lived at the Shaver home, where the Mariner Finance check and (3) internet orders were mailed to her name, during the November – December 2015 time frame. The person who made the deposit and withdrawals would need to have the ability to intercept Michael Shaver’s mail from his secure community mailbox, have access to his social security number, his ATM card for two weeks, his PIN number, and have the knowledge that Michael Shaver would not be around to notice the fraudulent deposit, multiple withdrawals or packages being shipped to his residence.
9. By the beginning of December, 2015 Laurie Shaver was selling and attempting to sell Michael Shaver’s firearms, tools with which he made his living, vehicle,

home and property and other possessions. Joseph Bray, owner of JB Guns in Bushnell, Florida, overheard her attempting to sell multiple guns and selling one gun to the owner of Outrageous Audio in Minneola Florida on approximately 12/5/15. Mr. Bray offered to purchase the remaining firearms and responded to Laurie Shaver's home on approximately December 6 or 7, 2015 to meet with her and make the purchase. There, he purchased (9) firearms (including (2) .38 caliber revolvers), reload equipment, and firearm cleaning supplies for \$1,000 from Laurie Shaver. Laurie was alone at her home and told Mr. Bray the firearms had belonged to her husband but that he had left and she hadn't seen or heard from him and didn't know where he was. So, she considered the items hers now and was going to sell them. Mr. Bray thinks she said her husband had been gone a couple months. Laurie told Mr. Bray her husband was an aircraft mechanic and she had sold his aircraft mechanic tools the previous day for \$1,000. Laurie offered to sell Mr. Bray her husband's Ford vehicle which was in the yard without the title and offered to sell his tractor. She also said the house and property were for sale for \$150,000. Mr. Bray thought it was unusual that a man would leave all his possessions behind including several firearms and expensive work tools. In March, 2018 when Mr. Bray saw Laurie Shaver and the Shaver property on the news, he recognized Laurie as the woman he purchased the firearms from and recognized the property and trailer as the location he had met Laurie Shaver at to purchase firearms from her.

10. From November 7, 2015 until Michael's body was discovered, Laurie Shaver continued to tell friends and family that she saw and spoke to Michael Shaver and that he was stalking her. On December 3, 2015, she sent a private message to a supervisor (Ramine Poureshmenantalemy) through a work server claiming she had been getting child support but now Michael was in jail for nonpayment after losing his job. Laurie, at different times, claimed Michael was in Georgia, New York and California. She said Michael left her and their kids to start a new life. Laurie told her boyfriend, Travis Filmer, that she was divorced and "married" him even though her marriage to Michael was still valid. When questioned by her sister-in-law, Rebekah Urbanowski, about her divorce, she stated it was final and that Michael was at the courthouse with her for the hearing, in a separate room. She told Travis' mother, Kendall Windsor, that Michael was a pilot which is why he was never around. Laurie told her best friend, Katina Vasquez, in 2017, about an incident where Michael had followed her and she had to pull over and allow law enforcement to search her truck and cell phone for two weeks looking for trackers installed by Michael. Laurie told Katina it was the Lake County Sheriff's Office in Clermont that had her truck and cell phone for two weeks. Though Laurie told friends she was being stalked by Michael, no record has been found of her ever reporting any of these incidents to law enforcement. Laurie never attempted to file for child support from Michael for their two children. Laurie never reported Michael missing. There is a \$208.90 charge on Michael's Capital One credit card a few weeks after his

disappearance (11/30/15) at mydivorcepapers.com, however there is no record that either Michael nor Laurie ever filed for a divorce.

11. No person other than Laurie Shaver ever saw or verbally spoke to Michael Shaver at any point from November 7, 2015 onward, to include his parents, siblings, friends, neighbors and coworkers. Investigation revealed no indication that Michael existed anywhere after November 7, 2015.
12. Laurie Shaver informed Michael's boss to dispose of his tools at work. She also sold some of Michael's possessions in the months after his disappearance. Laurie allowed Michael's car to be repossessed from their property by February, 2016 after her attempts to sell it with no title failed. Laurie never called Michael's cell phone after November 3, 2015. Prior to that she called him multiple times per week.
13. It is believed the fire pit was constructed in March, 2016 and the concrete slab was poured in September, 2016, at a location on the 5-acre property chosen by Laurie, with her and Travis' initials over the area of Michael's body. Two photos and a post to Laurie Shaver's Facebook page dated 3/24/16 show the fire pit being built along with the statement, (in part), "Newest project. Built this fire pit today...and now just need to pour in concrete...." A photo and post to Laurie Shaver's Facebook page dated 4/28/16 shows bags of concrete mix (at least 14 visible in the photograph) stacked in the back of a pickup truck. A comment by "Laurie Leigh Filmer" states, "Cement. It's going in the area around the fire pit I built." The concrete slab which was poured over Michael's grave is known through a witness statement (Rebekah Urbanowski, Laurie's sister-in-law) to have been poured by Laurie and her boyfriend Travis Filmer in the "summer of 2016". Travis Filmer told detectives he and Laurie rented a cement mixer from Home Depot for the project. Laurie Shaver and Travis Filmer's joint bank records (SunTrust checking) show a \$290.05 purchase at Lowes that posted on 9/13/16 which was confirmed through receipts to include 42 bags of concrete mix. The same bank account shows a charge of \$75 at Home Depot which was confirmed through receipts to be for the rental of a large electric cement mixer on 9/12/16. The cement mixer was rented by Travis Filmer. Travis' name, address and the last 4 numbers of his Florida driver's license are recorded on the rental receipt. Travis Filmer told detectives the hole when he saw it in 2016 was only 3" - 4" deep when they filled it with concrete. He thought it was odd that the dirt pile on the edge of the property Laurie said came from the hole was much too large to have come from a hole only 3" - 4" deep. A photograph on Laurie Shaver's Facebook page dated 2/27/17 shows the concrete slab in place. The presence of the concrete slab is confirmed by Google Earth satellite imagery by March, 2017, though Laurie continued to report seeing and speaking with Michael after this date.

14. For several months after Michael's disappearance, friends and family received text messages from his cell phone and private messages from his Facebook account. A friend, Katina Vasquez told Detectives she saw what she believed to be Michael's cell phone (along with his clothing and other personal belongings) inside the Shaver home not long after his disappearance in November, 2015. Three days after Michael's body was discovered, but prior to being positively identified by DNA, a post card with his photograph was mailed from Orlando to Laurie with a handwritten message, "Tell the kids I love them see you soon. Mike". Michael's Facebook page was updated more than once and as late as January 2, 2018, often utilizing the same IP address as Laurie Shaver's Facebook page updates.
15. Jereme Townsend was interviewed and stated he began dating Laurie Shaver in approximately September, 2015 after she told him she had left her husband. The first time Jereme came to Laurie's home, in approximately December, he noticed what he thought was blood stains on the thigh of her jeans. He asked her if that was blood on her jeans. Laurie changed the jeans and never wore them again. Jereme remarked that prior to that, Laurie wore those jeans 3 times per week but he never saw them again.
16. Beginning in February, 2016 and for several months, Jereme Townsend's wife, Vanessa, received Facebook messages from Michael Shaver's account and then text messages from someone claiming to be Michael. The Facebook messages went unread until April when she received a flower delivery at work with the message, "Roses are red violets are blue my wife is a whore your husband is to. (sorry about this) Check your facebook message, we need to talk Mike!" "Mike Shaver" told Vanessa Townsend (via Facebook messenger and cell phone texts) he had installed a spy app on Laurie's cell phone and captured text messages and explicit photographs sent between their spouses, which "he" shared with Vanessa. These messages and photographs were solely intended to notify Vanessa of the affair between Jereme and Laurie to encourage Vanessa to leave Jereme. At one point, when Vanessa spoke about staying with Jereme, "Mike" insinuated "he" thought Laurie might have been pregnant by Jereme. "Mike" also gave Vanessa the name of a good divorce attorney. Vanessa confronted Jereme with the evidence of the affair which he admitted. In April, 2016, Jereme broke off the affair with Laurie and repaired his relationship with his wife. Jereme also described a tattoo Laurie got of his nickname, "Jay" in a heart over her vagina which caused him to think Laurie felt more serious about their relationship than he did, which he always considered purely sexual. Mr. and Mrs. Townsend are cooperative with the investigation and have provided the card and envelope from the flower delivery along with over 600 pages of text messages, Facebook messages and photographs between "Mike Shaver" and Vanessa Townsend, all which began 3 months after Michael's disappearance. The messages show that, between 2/23/16 and 2/26/16, Laurie confronted Jereme via text asking why is he wearing his wedding ring again, accusing him

of lying to her about his whereabouts, not moving forward with his divorce and asking if he was, "In love with her" (presumably referring to his wife). The first time "Mike Shaver" contacted Vanessa Townsend to speak to her about their spouses' affair was on 2/25/16, during the time frame of this argument between Laurie and Jereme. The same Facebook messages have also been recovered from Facebook, Inc. pursuant to a Search Warrant. The cell phone number used by "Mike Shaver" to text Vanessa Townsend from 4/11/16 until 4/21/16 is not Michael's known cell phone number, but rather a number that was only active from 4/6/16 until 4/16/16 of which the sole subscriber was Laurie Shaver. The flower arrangement sent to Vanessa Townsend from "Mike" in April, 2016 was purchased on Laurie Shaver's BB&T checking account from FromYouFlowers, posted on 4/7/16 for \$42.98. The invoice for the flowers shows Mike Shaver's name along with the exact message and purchase amount of \$42.98. Order confirmation shows the order was delivered to Vanessa Townsend at her work address on 4/11/16 and signed for by "Mrs. Townsend." A confirmation email would have been sent to the email address provided, [REDACTED] right after the order was placed (4/5/16 at 0353 hours) and right after the order was delivered (4/11/16 at 1439 hours). One of the early Facebook messages from "Mike Shaver" to Vanessa Townsend was sent on 4/11/16 at 0318 (the day the flowers would be delivered at 1100) and states, "Your special delivery is to arrive today. Hope to finally hear back from you. (flower arrangement emoji)". Indicating the person who was sending messages to Vanessa Townsend on the "Mike Shaver" Facebook page is the same person who used Laurie Shaver's bank account to purchase and send flowers to Vanessa Townsend.

17. Review and comparison of the internet protocol (IP) addresses listed in Facebook activity logs for the Facebook accounts associated with Michael Shaver and Laurie Shaver show 13 IP addresses that are identical on both accounts indicating the devices used for Facebook activity on both accounts were on the same network.
18. A friend of the Shaver's, Mary Leueneburg showed Detectives a text message between herself and Michael that read; Michael: "She wants my life insurance" (referring to Laurie Shaver). Mary: "She's gotta kill ya first." Michael: "She tried to yesterday I'm sure." Mary was unable to remember the exact date of the text, due to it being saved on an old phone, but stated it was 2014 or 2015. She further advised Michael told her Laurie would take over his means of communication, for example pretend to be him on his Facebook and text messages.
19. Cory Lutzow, a coworker of Michael's, reported that Michael came to work approximately 3 – 4 months prior to his disappearance with several bruises (face, chest, arms). Michael stated Laurie had gotten irate and blew up about something (Michael didn't say what) and began punching him with her closed fists. When asked why he didn't at least fight back to defend himself, Michael

said he didn't because, "It wasn't worth it." Cory worked with Michael for approximately one year and recalls one other story Michael told in which he said Laurie got mad and threw something at him, missed, and the item went through the kitchen window.

20. Kendall Davidowski dated Michael Shaver from approximately November, 2014 until May, 2015. Kendall and Michael met at Disney where they both worked. During this time frame, Michael lived at an airplane hangar and was separated from Laurie, who was also dating someone. Kendall stated Laurie told Michael he was not allowed to date anyone, although Laurie was. Kendall witnessed Laurie on the phone telling Michael he would never see his kids again and would seem to use the children as a "pawn" to get what she wanted. During Kendall and Michael's brief relationship, Laurie Shaver constantly sent Facebook messages to Kendall harassing her to leave Michael, threatening to expose Kendall to her family as a "homewrecker", and personally insulting her. Laurie specifically mentioned the name of Kendall's grandmother. Laurie called Kendall's mother in another state at 3AM asking for Kendall. In April, 2015 Laurie called Disney HR and filed a complaint on Kendall using photographs from Kendall's Facebook page. Laurie created two fake Facebook pages and sent friend requests to Kendall. Kendall recalled that whenever Michael would stay at her (Kendall's) home after work, he would go to the hangar first, to make sure Laurie wasn't following him. One time, in approximately February or March, 2015, Michael called and told Kendall to park in a different lot than usual for work, because Laurie was on her way (to Disney) with a gun. Michael did not explain further and they never spoke of the incident again. Kendall broke off her relationship with Michael in May, 2015 because of all the harassment from Laurie and the fear of losing her job if she complained again. Kendall advised their break up was amicable and she had no relationship problems with Michael, only issues caused by Laurie. After hearing in November, 2015 from Cory Lutzow that no one could find Michael, Kendall sent him a Facebook message and noticed his Facebook said he was living in Afghanistan. "Michael" responded back, "I left". Kendall asked what about his kids and "Michael" never responded to her again.
21. Laurie Shaver was known to keep a pink .38 caliber handgun on her nightstand. On September 4, 2014 she retrieved this revolver from her nightstand and used it during the domestic violence incident (LCSO 140129705) in which she hit Michael in the head with the gun, causing a laceration. Michael was arrested for Simple Battery Domestic. Laurie's handgun was taken into evidence and released to her on June 1, 2015. Michael's handgun was taken and released to him on the same day. On New Year's Eve 2016 / 2017, Rebekah Urbanowski stated Laurie became upset (on her "wedding night" with Travis Filmer) locked herself in her bedroom, then pulled a gun and had to be talked down by a family member. In approximately October 2017, Laurie sold a pink .38 caliber handgun to a neighbor, Robert Ceja, who later turned it over to the LCSO. This handgun

has been forensically compared to the .38 caliber class projectile recovered from Michael Shaver's skull and was unable to be included or excluded as being the weapon that killed Mr. Shaver. Robert Mercado reported that in September, 2014 when he drove Michael home to gather his belongings after his arrest, Laurie became angry at Michael and threw a handgun at him (Michael). Frank Merritt advised LCSO his .38 caliber revolver was in the possession of Michael Shaver during the November, 2015 time frame as Michael was supposed to be rebluing the gun for Mr. Merritt. After Michael's disappearance, Laurie Shaver returned the handgun to Mr. Merritt. Along with the (2) .38 caliber handguns Mrs. Shaver sold to Joseph Bray in December, 2015, she had access to (4) .38 caliber handguns during the time frame of Michael Shaver's homicide.

22. Laurie Shaver was the last person to be seen with Michael Shaver and the only other adult occupant of the property where his body was buried. Days after he was last seen, Laurie lied about Michael going to Georgia with a friend. Laurie Shaver constructed the fire pit and poured the concrete on her (5) acre property exactly over Michael's grave. Laurie lied to family and law enforcement about Michael's whereabouts and claimed to have seen and communicated with him well after his disappearance and after the concrete slab was poured over his body. Laurie gave away, sold or attempted to sell many of Michael's belongings within a month of his disappearance. Laurie drained Michael's bank account within the month after his disappearance after making a fraudulent loan deposit in his name. Laurie had access to (4) .38 caliber handguns at the time of Michael's homicide. Laurie told her boyfriend Michael wasn't missing, he was no longer walking this earth and that there was a body on the property. Laurie claimed to have seen and talked to Michael and assumed his identity on Facebook, Facebook Messenger and text in order to convince family and friends he was still alive, a ruse which did not benefit her in any way other than prolonging the discovery of his homicide.

Your Affiant believes that probable cause exists for the arrest of Laurie Leigh Shaver for Homicide 2nd Degree (Domestic) FSS 782.04(2) and Accessory After the Fact to Homicide 2nd Degree FSS 777.03(1)c.
