Ms. Stevenson –

Presidential candidate Larry Elder (P40012593) is requesting two extensions of 45 days each to file his OGE Form 278e – personal financial disclosure report.

Mr. Elder was not fully aware of this additional requirement beyond the initial FEC Forms 1 and 2 and the campaign's ongoing quarterly FEC reports of financial activity.

Mr. Elder's principal campaign committee, Elder of President 24, raised over \$5,000 on April 20, 2023. The initial due date for the 278e would have been May 20, 2023. The first 45 day extension would have made the due date July 4, 2023. A second extension would have made the due date August 18, 2023.

Had Mr. Elder been aware of this obligation and the ability to request extensions, the extensions would have been filed timely and the end result would be a due of August 18, 2023.

Mr. Elder is actively working to compile the necessary information to prepare the 278e, and will submit it as soon as its complete.

We appreciate your consideration of the circumstances and respectfully ask for a revised due date of August 18, 2023.

Sincerely,  
David Satterfield  
Treasurer  
Elder for President 24
