Office of the Governor

July 5, 2023

Mr. Katmis:

I am writing to inform you of my decision, on behalf of the State of Nevada, to exit the U.S. Climate Alliance.

Earlier this year, I signed Executive Order 2023-07, which established the State of Nevada's energy policy objectives. These objectives are focused on developing and maintaining a diverse energy supply portfolio and utilizing a balanced approach to electric and natural gas energy supply and transportation fuels that emphasizes affordability and reliability for consumers.

While the goals of the U.S. Climate Alliance are ambitious and well-intentioned, these goals conflict with Nevada's energy policy objectives. Therefore, I have decided to withdraw the State of Nevada's membership from the U.S. Climate Alliance.

Sincerely,

Joe Lombardo
Governor
