

Dear Smith, R. Lee

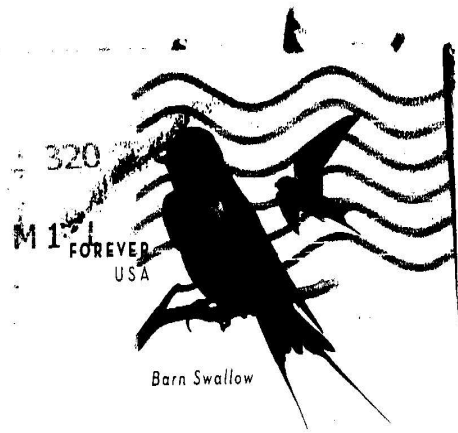

Hey Judge Lee I wanted to let you know this is Anfernee Wilson, and wanted to advise you that im asking to appeal my ~~sentencing~~ Sentencing. I didn't fully understand the numbers and situation of the plea, I feel like I was forced to take the plea my lawyer told me that if I don't take the the 45 that I can get life. Basically he said if I go to trial basically I will loose b/c the odds of the <sup>case</sup> are not on my side, so I signed the the plea because I felt like he wasn't going to fight for me if I did go to trial. I don't feel like its in my best interest to take 45 years. Im Asking can you please look into this. My lawyer have the worst communication.

Taking 45 basically giving my life away, I know I signed the plea and stuff. I talked to my mom and auntie they told me I have 30 days to appeal the sentencing. I don't feel comfortable taking 45 years. I didn't understand the numbers with what was going my mind was lost your honor. My lawyer didn't really break it done. I didn't feel comfortable with him fighting for me, I don't think he wanted to fight for me. Can you please appeal my case your honor, so I try to look into my case and talk to my family whats my best interest please?
